The proposals to be used can be obtained at the office of said Commissioners, Old Court House, Court square, Boston, Mass., and must be filled out and signed as directed therein, sealed in an envelope endorsed "Proposals for Building Election Houses," and with a certified check for \$500, payable to the City of Boston, left at said office before 12 o'clock M., on Monday, April 25, 1898. This check is to be the property of the city if the bidder fails to carry out his proposal.

Proposals filled out and left with a check as above directed, and no other, will, at the above-named hour and place, be publicly opened and read, and the Commissioners reserve the right to reject any and all proposals, and accept any proposal they deem best in the interest of the city.

LINUS E. PEARSON,

JAMES J. COSTELLO,

TIMOTHY F. McDONOUGH,

GEORGE P. SANGER,

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 4, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Francis street, at Roxbury, be relocated as a highway, from Huntington avenue to Brookline avenue, and constructed by grading and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-first day of April, 1898, and the office of this Board, as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, April 7, 1898.

The undersigned requests permission to project from building Nos. 71 and 73 North Margin street, Ward 6, one bay-window of the following description: To project from second, third and fourth stories over North Margin street. Dimensions: Thirty-two feet high, 20 feet wide and 3 feet over line of street.

MARY SLATTERY,

65 North Margin street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 11, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the twenty-fifth day of April, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estate adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy. J. T. PRIEST, Assistant City Clerk.

Attest: J. T. PRIEST, Assistant City Clerk.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, April 8, 1898.

Sealed proposals addressed to the Street Department, City Hall, Boston, and indorsed "Proposal for Sewerage Engine House Floor," will be received by the Superintendent of Streets, Boston, until 12 o'clock noon of Saturday, April 30, 1898, and at that time will be publicly opened and read. The price proposed is to cover all the expenses incidental to the making and installing of a cast-iron floor, with steel structural framing and supports, at the main drainage station, Dorchester, in full conformity with the plans and specifications, which may be seen at the office of E. D. Leavitt, consulting engineer, Cambridgeport, Mass. The party to whom the contract may be awarded will be required to furnish a bond of at least one-quarter of the contract price, with satisfactory sureties, for the faithful performance of the contract. Each bid must be signed by the bidder and accompanied by a properly certified check for \$500, payable to the city of Boston; said check to be returned to the bidder unless forfeited under the condition herein stipulated. No bid will be considered which is unaccompanied by a certified check as aforesaid. The party to whom the contract may be awarded will be required to appear at the office of the Superintendent of Streets, Boston, with sureties, and execute the contract upon notification of such award. In case of failure to do so, the party will be considered as having abandoned the contract, and the certified check shall be forfeited to the city of Boston. The Street Department reserves the right to reject any or all bids should it deem it for the best interests of the city to do so.

BENJAMIN W. WELLS, Superintendent of Streets.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, APRIL 21, 1898.

Number 16.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale at the Old Corner Book Store, 283 Washington street.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,

611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

REPORT OF SUPERINTENDENT OF SCHOOLS.

Superintendent Seaver submitted his Eighteenth Annual Report to the School Committee at its last meeting on April 12. It states that the whole number of pupils belonging to the day schools on January 31 was 75,561, there being in the Normal School 269; in the Latin and high schools 4,871; in the grammar schools 37,240; in the primary schools 29,256, and in the kindergartens 3,925. The average number of pupils belonging to all the day schools during the five months ending January 31 was 75,095.

The expenditure for land and school-houses has been, for seven years, 1890-97, \$267.09 for each additional pupil in the schools. For 3,445 additional pupils at this rate, the expenditure would reach \$920,125.05.

It would take to house the additional pupils this year one high school-house, two grammar school-houses and enough primary school-houses of various sizes to contain in all thirty-five rooms.

All these buildings cannot be built, and the land bought to put them on, for very much less than \$750,000. The rent paid

this year for hired rooms and buildings, not including Chauncy Hall, is \$25,815. Last year it was nearly as much. This annual rental would pay the interest on \$645,375. It seems quite within bounds to say that the arrearage in school accommodations by the end of the current financial year will be measured by no less than a million dollars.

"Each grammar school," says Mr. Seaver, "should have a room for wood working, a room for cookery and a room for sewing. There never was, I think, any good reason why sewing should not be taught by the regular teachers.

"The addition of manual training teachers, has one desirable effect, that of virtually reducing the average number of pupils to be taught by one teacher, and it may, indeed, be admitted that the present quota of fifty-six pupils to a regular teacher is too large. But the relief afforded by the manual training teachers comes to the grades quite irregularly, and does not reach the primary grades at all. If the quota is to be reduced, the reduction should affect all regular teachers alike; or, if there is to be a difference, that difference should favor the primary teachers. By the policy I am advocating, the quota might be reduced, but the additional teachers so gained would be the manual training teachers who are now employed without regard to the quota."

Regarding the teaching force, the Superintendent says:

"Last year in my annual report was given a careful analysis of the facts. It was there shown that three-quarters of the teachers were recognized by the most competent judges as rendering good or excellent service. But it was further pointed out that the service rendered by one-quarter of the teachers was inferior in various degrees from that described as 'not quite good' down to 'unsatisfactory.'

"Now, these inferior teachers are scattered all over the city in all the schools. They deal with the children of a large number of citizens. By their infirmities of temperament or their lack of skill in teaching they make unfavorable impressions on many minds. These unfavorable impressions find ready and frequent utterance; and public opinion, which does not mean to be unjust, but is apt to be hasty, accepts these unfavorable impressions as a picture of the whole teaching service. Thus a cloud of unfavorable criticism hangs over all the teachers merely because some inferior ones — too many, indeed — are kept in their places. This is a monstrous injustice to three-quarters of the teachers in Boston to-day. Such injustice might be ended, if all people could be persuaded to speak and write with just discrimination and to avoid the common

error of generalizing from few particulars. Therefore, in the first place, justice to the superior teachers — justice, indeed, to the teaching profession generally — requires that the inferior teachers be improved or removed. But there is a far stronger consideration to be urged in favor of the same conclusion, and that is justice to the children.

"Let us now analyze the group of teachers who have been characterized as inferior. Observe that the group includes all those teachers who have not been pronounced by at least two well-informed and competent judges to be either 'good' or 'excellent.' They fall easily into three classes.

"The first class is of those who are still young in years and in experience, and whose early efforts in teaching have not been very successful, but who, nevertheless, have shown an ability and a disposition that promise better results in a short time. These are the teachers who can be transferred from the inferior to the superior class by improving them. So long as there were good hopes of this result, it would seem both right and wise to retain such teachers in the service, provided always that no substantial injury to the children resulted therefrom.

"The second class of inferior teachers is of those who have formerly been superior. Long and faithful service has told upon their strength, and they no longer show that degree of efficiency which is necessary to entitle a person to be described as a good teacher. This class of teachers has the strongest claims to personal consideration. Pensions being out of the question, for the present, at least, may it not be worth while to try to hit upon a plan for retiring teachers of this class upon reduced pay for reduced work?

"The third class of inferior teachers is of those who have always been inferior, and show a lack of ability or of disposition to improve themselves. They have not the teaching gift by nature, nor has experience developed in them any power that can take the place of the natural gift. They ought to correct the mistake they have made in the choice of an occupation.

"This matter was presented with the details in my report last year, together with the suggestion of a regulation which should limit service on probation to two years. Such a regulation has since been made. If thoroughly executed, it will close the chief gate through which inferior teachers pass into the permanent service of the schools.

"But what shall be done with some of the scores of teachers who have been confirmed in past years, notwithstanding an unsatisfactory or doubtful probation, and who have never yet done satisfactory work? There is but one answer — they should be removed."

Superintendent Seaver then offers a plan for the retirement of teachers on reduced pay. This, he considers, is the best practicable substitute for a pension system, which is supposed, under existing law, to be impossible. In place of a pension, he suggests a moderate stipend for such service as a retired teacher may still be able to render, and in the second place to supply the schools with the much-needed help of supernumerary teachers; that is, teachers not attached to any particular class, but free to give assistance wherever needed in the school or in the district.

SCHOOL COMMITTEE.

A regular meeting of the School Committee of Boston was held in the School Committee Chamber, Mason-street Building, at 7.30, April 12, President Huggan in the chair, and all the members present except Mrs. Ames.

The following communications were read by the chair and placed on file:

OFFICE OF THE CITY CLERK,

City Hall, March 23, 1898.

THORNTON D. APOLLONIO, ESQ., Secretary
School Committee.

MY DEAR SIR: I would respectfully call your attention to Chapter 149 of the Acts of the Legislature of this year, entitled "An Act to Authorize the Treasurer of the City of Boston to Issue Bonds for School Purposes."

Respectfully,

J. M. GALVIN, City Clerk.

STREET COMMISSIONERS' OFFICE,

City Hall, April 5, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

In compliance with the request contained in your order of February 8, 1898, the Board of Street Commissioners, on April 4, 1898, took, for school purposes—for an addition to the site for a high school, at South Boston—about 26,720 square feet of land on Thomas park, and their decree of such taking has been this day recorded in the Registry of Deeds.

Respectfully,

J. H. JENKINS, Secretary.

STREET COMMISSIONERS' OFFICE,

City Hall, March 31, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

This opportunity is taken to inform you that the Board of Street Commissioners have this day authorized the City Solicitor to settle the case of Bartlett P. Luce for his estate, taken for a school-house site, on South and Hewlett streets, at West Roxbury, for the sum of \$3,101.35 and interest to March 25, 1898, amounting to \$273.95.

Respectfully,

J. H. JENKINS, Secretary.

STREET COMMISSIONERS' OFFICE,

City Hall, April 2, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

The Board of Street Commissioners have to inform you that they have settled the case of Andrew J. Vose, petitioner for damages occasioned by the taking of his estate on Athelwold street, at Dorchester, for an addition to the old Gibson-school estate, for the sum of \$5,500 net, and have authorized the City Solicitor to agree to judgment in said case for said sum.

Respectfully,

J. H. JENKINS, Secretary.

On the recommendation of the Committee on Nominations, the resignations of two teachers were accepted; two temporary teachers were nominated; five teachers on probation were nominated; the appointments of nine teachers were confirmed, and seven teachers were given leave of absence.

On the recommendation of the Committee on School-houses, it was

Ordered, That the Metropolitan Water Board be informed that the School Committee, so far as it has any power in the premises, has no objection to the proposed laying-out and maintenance of a thirty-six-inch water pipe across and under a portion of the Morton-street School-house lot, in the Dorchester District, in the manner indicated in the communication of said Board of April 5, 1898, provided that the work is promptly undertaken and completed; that sufficient measures are adopted by said Board for the protection of school children and others during the prosecution of the work, and that no expense or liability shall accrue to the School Committee in connection with the matter.

Mr. Strange, for the same committee, to whom was referred—March 8—a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to furnish an estimate for fire-proofing basement, equipping with fire-escapes and making necessary repairs on building known as Stoughton school, River street, Ward 24, and also to inquire into the sanitary condition of this building, reported that the expense of installing mechanical ventilation, i.e., a cone wheel and an electric motor in aspirating shaft; substituting modern appliances for the present sanitaries and urinals; providing new traps, properly vented for sinks and wash bowls, would be, approximately, \$2,500.

Accepted, and ordered to be sent to His Honor the Mayor.

On the recommendation of the Committee on School-houses, the following orders were passed:

Ordered, That the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriations be made:

Temporary wooden building in yard of Frothingham school-house . . .	\$2,700
Temporary wooden building in yard of Noble school-house, Emerson District	2,700

Ordered, That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made:

West End Primary School-house Building, additional, \$1,016.47.

Ordered, That the Superintendent of Streets be requested to at once take the necessary means to have School-house court, Ward 4, asphalted.

Ordered, That the Committee on School-houses be directed to advertise for proposals for selling to the city a lot of land in Charlestown, containing about twenty thousand (20,000) square feet, for a site for a new primary school-house, within the territory bounded by Bunker Hill, Trenton, Cross, High and Pearl streets, in accordance with the provisions of Chapter 202 of the Acts of 1897; and said committee are hereby authorized to give a hearing, as provided for by said act, and make a report thereon to this Board.

Ordered, That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriations be made:

New Grammar School-house, Harris District, additional	\$6,000 00
East Boston High School-house site, additional	5,180 27
New Primary School-house, Vernon street, Roxbury, additional	2,000 00

Ordered, That from the \$7,000 appropriated November 10, 1896, out of the amount granted the School Committee, under Chapter 408 of the Acts of 1895, for small wooden buildings, furnishing, the following transfer be made:

Longfellow School-house, furnishing, additional, \$645.62.

Ordered, That the plans and specifications prepared by the Superintendent of Public Buildings, for a two-room wooden building in the yard of the Frothingham District, Charlestown, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board; and the Committee on School-houses is hereby authorized to advertise for proposals to construct and erect same, in accordance with said plans and specifications; and to make, on behalf of this Board, the necessary contracts for such work, subject to the approval of the Mayor.

Ordered, That the Mary Hemenway School-house, at the corner of Adams and King streets, Dorchester, be accepted by this Board, subject to the terms and conditions of the contract.

Accepted, and the order passed.

On motion of Mr. Strange, for the same committee, it was

Ordered, That the plans and specifications prepared by the Superintendent of Public Buildings, for a two-room, wooden building, in the yard of the Noble School-house, Emerson District, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board; and the Committee on School-houses is hereby authorized to advertise for proposals to construct and erect same, in accordance with said plans and specifications; and to make, on behalf of this Board, the necessary contracts for such work, subject to the approval of the Mayor.

Ordered, That the Board of Street Commissioners be requested to take, by purchase or otherwise, for the enlargement of the primary school-house lot, on Munroe street, Roxbury, a parcel of land supposed to belong to Jonathan French et al., trustees, bounded

south-west by Munroe street, about fifty feet; south-east by other land of Jonathan French et al., trustees, about 120 feet; north-east by land supposed to belong to Dennis A. Reardon and Mary F. Wright, about fifty feet, and north-west by land of the City of Boston, about 120 feet; north-east by land supposed to belong to Dennis A. Reardon and Mary F. Wright, about fifty feet, and north-west by land of the City of Boston, about 120 feet, containing 6,000 square feet, more or less.

The Chair announced the appointment of the following Committee on Annual Festival: Mr. Hubbard, chairman; Messrs. McDonald, Aldrich, Bowdler and Burrill.

Mr. Courtney, for the Committee on the Normal School, submitted a report (signed by Messrs. Courtney, Huggan, Bowdler and Aldrich), requested January 25, to the effect that it is "inexpedient to request the Commonwealth to assume control of the Boston Normal School."

Adjourned to April 26, at 7.30 P.M.

REPORT ON BOSTON NORMAL SCHOOL.

The following is a summary of the findings of the Committee on the Normal School, to whom was referred by the School Committee on January 25, the question of the expediency of requesting the Commonwealth to assume control of the school:

With the sincere hope that this question of the control of the Boston Normal School, which has repeatedly arisen during the past twenty-five years to the injury of the school and the disturbance of its functions, may at this time be definitely settled, your committee submit the result of their investigation, and recommend that it is inexpedient to request the Commonwealth to assume control of the Boston Normal School.

1. Because Boston's share in the financial support of a State Normal School for the Metropolitan District would be as great as the whole expense of maintaining her own normal school.

2. Because Boston would lose the direct control she now exercises over the scholastic and the professional training of nearly one-half of her teachers.

3. Because there is no reason to believe that a State Normal School would insist on any higher qualifications in scholarship for admission or for graduation than are now insisted on by the City Normal School, so long as the State School kept itself to the business of preparing teachers for the grammar and primary schools of its district.

4. Because, on the other hand, if the State Normal School should assume the function of preparing teachers for high schools, throwing its chief energy into that work and becoming an institution of something like collegiate rank, as has been forcibly suggested by the advocates of a change, then it would become necessary for Boston to

maintain a city training school, as many cities and towns find it necessary now, and this city training school would be simply the City Normal School under a new name.

5. Because there is no reason to believe that by the establishment of a State Normal School, Boston could escape the necessity of employing in her own schools a large number of beginners, nor that these beginners, even if they came in large numbers from other cities and towns, would differ materially in character, culture and professional preparation from the beginners who now come from the City Normal School.

6. Because by keeping the training of teachers, largely in her own hands, the city can move easily and readily the demands for improvements and reforms in education. As drawing, music, kindergartening and physical culture have been greatly promoted in the schools through the direct agency of the City Normal School, so will nature-work, manual training and other improvements be promoted, and have already, so far as limited facilities permitted been promoted in the same way.

7. Because the Boston Normal School was established for the very purpose of "giving professional instruction to young women who intend to become teachers in the public schools of Boston," and it is a wise policy to encourage, to a reasonable extent, young women, born and educated in Boston, to enter the public school service, while it would be unwise to discourage them.

8. Because there is every reason to expect that, with a new building, adequate equipment and proper support, all provided by the city, the Boston Normal School can, and will be in the future, as it has been in the past, in advance of most other institutions of the kind in the country, both in respect to high scholarship demanded for admission, and in respect to thorough professional training given in the school.

WATER SUPPLY OF PHILADELPHIA.

The water supply of Philadelphia is discussed at length by Mayor Warwick in his annual message, which states very clearly the position of the executive branch of the City Government on this important question. The net profits of the Water Bureau for the past year were \$1,306,204; the sum which the people authorized, but Councils refused to grant, for the improvement of the water supply, as mentioned in the Engineering Record of February 19, was \$3,700,000. In the Mayor's opinion, the net profit should be used as far as it will go in the construction of sand filtration beds. "Wherever practicable," he states, "these natural sand filtration beds should be constructed in close proximity to the reservoirs, but in the case of those reservoirs where, by reason of the character of the locality or because of the expense incident to the purchase of land, this system is not feasible, then the best mechanical process known, to meet the immediate requirements, should be adopted."—[Engineering Record, April 16.

OVERSEEING OF THE POOR DEPARTMENT.

The Thirty-fourth Annual Report of the Board of Overseers of the Poor is summarized below. The report constitutes Document 23, and covers the operations of the Department for the fiscal year ending January 31, 1898.

EXPENSE OF THE DEPARTMENT.

Drafts upon the City Treasury	\$133,898 49
Sundry receipts paid to City Collector	17,176 30

Net charge to the city for the Department during the year	\$116,722 19
---	--------------

Amount collected for care in City Hospital of State paupers, and those belonging elsewhere than Boston, and paid over to City Hospital	\$43,428 46
--	-------------

The work of the Department is shown by the following table:

NUMBER OF FAMILIES AIDED IN EACH MONTH OF THE PAST TWO YEARS.

1896-97.	Families.	1897-98.	Families.
February	1,758	February	1,761
March	1,688	March	1,716
April	1,208	April	1,242
May	1,065	May	1,107
June	1,046	June	1,030
July	1,108	July	1,093
August	995	August	1,027
September	1,045	September	1,084
October	1,167	October	1,098
November	1,159	November	1,190
December	1,600	December	1,568
January	1,842	January	1,796

NOTE.—The above table for the year 1897-98 represents the number of families aided, many of which were the same during the entire year; while the following table shows the distinct number of families aided.

NUMBER OF FAMILIES AIDED DURING THE YEAR BY DISTRICTS.

	Number of families aided.	Amount of aid given.	Population by census of 1890.
East Boston.....	187	\$2,925 42	36,930
Charlestown.....	427	8,305 48	38,348
City proper.....	1,055	21,742 49	149,440
South Boston.....	461	10,617 63	66,791
Roxbury.....	698	19,736 67	90,292
Dorchester	82	2,570 87	29,638
West Roxbury.....	68	3,285 58	24,997
Brighton.....	70	1,672 11	12,032
Living out of city, but aided by Department.....	28	1,382 75	
Living out of city and aided through officers of other cities and towns.....	322	13,072 68	
Totals.....	3,398	\$85,311 68	448,477

To the above sum of \$85,311.68, given directly to the poor, should be added the sum of \$3,839.47, paid for burials; the sum of \$5,744.46, paid for the support of the

Temporary Home, and \$8,427.06, paid for support of the Lodge for Wayfarers; making a total of \$103,322.67 actually paid out by the Department from the tax levy for the direct relief of the poor. The further sum of \$31,084.66 has also been disbursed by the Board, as Trustees, to the various pensioners and beneficiaries falling within the provisions of the trusts.

In the number of families assisted, there is an increase of forty-five over the previous year. The number of new cases aided during the year was 832, an increase of sixty-seven over the year preceding. The total number of cases dealt with since the organization of the Department in 1864 is 33,864. The number of official visits made by the visitors was 18,599, besides 821 visits made by two physicians.

Work has been demanded of all able-bodied male applicants in return for groceries and coal furnished their families:

	1895.	1896.	1897.
Number of men who worked for aid given,	580	525	593
Number of days of work actually performed .	3,583	3,395	4,604
Number of men receiving work-cards who did not present them for work	107	108	102

The Board has been regularly represented at the quarterly Public Institutions Conferences. The co-operation between the various city institutions and the Department is very close, and both the Temporary Home and the Lodge for Wayfarers receive inmates at the request of the Trustees of Pauper Institutions, and keep them for a longer or shorter time, as thought wise by the Trustees.

The total amount of the trust funds in charge of the Department is now \$716,860.47, an increase during the last year of \$2,252.50.

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on May 7, 1898, an examination will be held by the Board of Civil Service Examiners, Boston, Mass., for the position of special mechanic under the United States Inspector of Machinery at the Newport News Ship Building and Dry Dock Company, at a salary of \$3.76 per diem.

The scholastic part of the examination will consist of second grade spelling, arithmetic, letter writing, penmanship, copying from plain copy, copying from rough draft. It will be necessary that competitors have a thorough knowledge of all parts of marine engines and boilers, and that they be able to read a drawing of machinery or boilers.

The United States Civil Service Commission announces that on May 6, 1898, an examination will be held at all places throughout the United States, where the Commission has competent Boards of Examiners, for the position of Chief of Division of Library and Archives, in the United States Coast and Geodetic Survey, Treasury Department, at a salary of \$1,800 per annum.

The Department requests that persons certified to this position be not over 45 years of age, and that they shall have had practical experience as librarians, shall be (preferably) members of the American

Library Association, and that they shall have a reading knowledge of French and German. As librarians they shall be familiar with the handling of charts and maps, and they shall also have some knowledge of field work in the directions of astronomy, geodesy and navigation.

Nine consecutive hours will be allowed for the examination.

The United States Civil Service Commission announces that from the register established as the result of the examination which is scheduled to be held on April 25, 1898, for the position of manual training teacher in the Indian service, a vacancy will be filled in that position at the Fort Sill School, Kiowa Agency, Oklahoma, at a salary of \$720 per annum.

Sample questions of this examination may be found in Section 127 of the Manual.

Applicants for this position must be at least 20 years of age.

The United States Civil Service Commission announces that from the register established as the result of the examination scheduled to be held on April 25, for the position of draftsman, two vacancies will be filled at Wilmington, Delaware; one in the position of ship draftsman, at a salary of \$5 per day, and one in the position of assistant ship draftsman, at a salary of \$4 per day.

Sample questions of these examinations may be found in Section 74 of the Manual.

Applicants for these examinations must be at least 20 years of age.

All persons who desire to compete for these positions should at once write to the Secretary of the Board of Examiners, at the Post-office Building, Boston, for the Manual and application blanks, Forms 304 and 375, which should be properly executed and promptly forwarded to the Commission at Washington, D. C.

MORTALITY STATISTICS FOR THE MONTH OF MARCH, 1898.

Statement by the Health Department of deaths for the month of March, 1898, with an enumeration of the principal causes:

Population estimated at	528,912
Death rate for the month per 1,000 inhabitants	20.71
Death rate for corresponding month, 1897	25.11

Number of deaths:

Males	463
Females	450
	913

Condition:

Married	271
Single	468
Widows	120
Widowers	45

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., on Monday, April 18, 1898, Alderman Dyar, senior member, presiding, in the absence of the Chairman, Alderman Conry.

The following messages were received:

Sewerage Works Loan.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter from the Superintendent of Streets, which explains itself, and I recommend the passage of the accompanying order authorizing the borrowing of \$1,000,000 under the Sewer Assessment Act. There is a large amount of work on hand which it is important to have prosecuted as rapidly as possible during the coming season, and, as the need of expending the whole amount can readily be shown, I trust that the full amount of the loan may be authorized at once.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT,

City Hall, April 12, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The "Sewerage Works Bill," No. 348, having become a law April 1, I would respectfully call your attention to the desirability of having the City Council authorize the loan of \$1,000,000; and also of having \$500,000 more of bonds issued, so that the amount of bonds issued previous to July 1, may be \$1,000,000, as at that time we assess interest and sinking-fund requirements to that amount under the new Assessment Act.

The authorization of \$1,000,000, as above suggested, will then make the total amount authorized for 1897 and 1898 \$2,000,000; and it will then be possible to start the year 1899, as contemplated, on an even basis, with \$1,000,000 to be borrowed for that year.

Yours very respectfully,

BENJ. W. WELLS,

Superintendent of Streets.

Ordered, That there be appropriated the sum of one million (1,000,000) dollars for the construction of sewerage works, under authority of Chapter 426 of the Acts of 1897, and acts in amendment or addition thereto.

Referred to the Committee on Public Improvements.

Engine House 22.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter addressed to me by the Fire Commissioner, again calling

attention to the urgent need of completing the purchase of a new location for Engine House 22, to take the place of the present engine house on Dartmouth street. The full responsibility for the delay in this matter rests with the City Council, and I think it proper to call this matter once more to your attention, as the temporary withdrawal of the engine company, which is likely to be necessary, will occasion just public complaint.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF FIRE COMMISSIONER,

Bristol Street, April 12, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Referring to the delay in acquiring possession, of the premises on Yarmouth street, for new engine house for Company 22, in duty to myself I beg leave to accentuate the importance of speedy action in order to avoid the probability of leaving for a time that part of the city without adequate fire protection, inasmuch as the railroad people will take possession of our old quarters before we are ready with the new, unless immediate action is taken.

Your obedient servant,

H. S. RUSSELL, Commissioner.

Referred to the Committee on Public Improvements.

Printing City Documents — Veto.

OFFICE OF THE MAYOR,

City Hall, April 12, 1898.

TO THE CITY COUNCIL:

I return herewith without my signature the accompanying order providing for the printing of an edition of 500 copies of the City Documents of 1834, for the reason that I am unable to learn any reason for taking this action.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

Firemen's Memorial — Veto.

OFFICE OF THE MAYOR,

City Hall, April 12, 1898.

TO THE CITY COUNCIL:

I return herewith without my signature the order passed by your body authorizing the Superintendent of Printing to prepare and have printed an edition of 2,500 copies of a volume containing an account of the services in memory of the members of the Fire Department who lost their lives at the late Merrimac-street fire, for the reason that there was no stenographic report of such exercises, and it is therefore impossible to obtain the addresses delivered.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The Board refused to pass the order over the Mayor's veto, the vote on its passage being—Yeas, 0; nays, 9.

Appointments.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, William P. Fowler, Thomas Sproules, Edith P. Wolcott, and Frederick W. Day, to be Overseers of the Poor in the City of Boston for the term of three years, beginning with the first day of May, 1898.

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, Louise S. O'Brien, to be an Overseer of the Poor in the City of Boston for the term ending April 30, 1899, in place of Henry V. Cunningham, resigned.

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, Michael Kerrigan, to be an Overseer of the Poor in the City of Boston for the term ending April 30, 1899, in place of Charles Logue, resigned.

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, Frank A. Drew and John M. Maguire to be members of the Board of Assessors for the term ending April 30, 1900.

JOSIAH QUINCY, Mayor.

Above appointments laid over under the rule.

East Boston Court Room.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the Superintendent of Public Buildings in reply to your order requesting a report "as to the advisability of changing the location of the court-room in East Boston to the Austin school-house on Paris street, and also to give an estimate of the expense of so doing."

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF PUBLIC BUILDINGS DEPARTMENT,

Boston, April 18, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Replying to the vote of the Honorable Board of Aldermen requesting the Superintendent of Public Buildings to report as to the advisability of changing the location of the court-room, East Boston, to the Austin school-house, Paris street, and also give an estimate of the cost of so doing, I will say that I have had the Austin school-house examined and find that it would require the expenditure of \$2,500 to put the building in condition for court-room purposes.

As to the advisability, would say that the new room when fitted up would be much smaller than the present quarters.

Respectfully yours,

FRED. B. BOGAN,

Superintendent of Public Buildings.

Department of Public Music.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE CITY COUNCIL:

In spite of the action of the Common Council at its last meeting upon the proposed ordinance, favorably reported by the Committee on Ordinances, providing for a Department of Public Music, I desire to renew my former recommendation for the passage of such an ordinance. I have not yet heard any objection to this action which seemed to have a sufficient basis, and from numerous expressions of opinion which have reached me I believe that the establishment of this Board would meet with popular approval. I therefore feel warranted in asking the City Council to give further consideration to this proposal, in the hope that it will conclude to pass the ordinance, as recommended by the committee.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

AN ORDINANCE TO AMEND THE REVISED ORDINANCES OF 1892 BY PROVIDING FOR A DEPARTMENT OF PUBLIC MUSIC.

Be it ordained by the City Council of Boston, as follows:

A Department of Public Music is hereby established, to be in charge of a board of five members, who shall be appointed by the Mayor, and shall serve without pay. The members of said board may be appointed by the Mayor at any time after the date of the passage of this ordinance, subject to confirmation by the Board of Aldermen, to serve until the first day of May next. On or before said first day of May, 1898, the Mayor shall appoint, subject to confirmation by the Board of Aldermen, one member to serve for the term of five years, one for the term of four years, one for the term of three years, one for the term of two years, and one for the term of one year, each term beginning with the first day of May; and annually after the current year one such member shall be appointed as aforesaid for the term of five years, beginning with the first day of May in the year of his appointment. Said board shall have the charge and control of the selection of public

music to be given either indoors or in the open air for parades, concerts, public celebrations and other purposes, under authority of the City Council, except entertainments for children on the Fourth of July; shall determine the parties to furnish the same, and shall make all contracts, and expend all moneys to be paid from the city treasury for such music.

The ordinance was passed under suspension of the rules, and the message and ordinance sent down.

Loan Estimates of Departments.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE CITY COUNCIL:

Following the practice inaugurated last year, I issued on April 1 to the heads of departments a circular of which a copy is enclosed herewith; and I now transmit to the City Council for consideration by it and by the Committee on Finance in the preparation of the usual general loan order, the accompanying requests for loan appropriations from the different departments asking for the same.

I desire to repeat, as I stated in sending in similar loan estimates last year, that in my opinion "every effort should be made to determine and provide for the most urgent necessities in connection with the work of the different departments before appropriations are made for local improvements."

Respectfully submitted,

JOSIAH QUINCY, Mayor.

SUMMARY OF LOAN ITEMS REQUESTED BY DEPARTMENTS.

Bath Department:	
East Boston Gymnasium	\$65,000
South Boston Gymnasium	10,000
Three Convenience Stations	30,000
Electric Work and Furnishing, Dover-street Bath-house	4,000

Wire Department:	
To meet expenses of carrying out the provisions of Chapter 454 of the Acts of 1894, and amendments thereto . . .	\$10,000
Referred to the Committee on Finance.	

Appropriation for Street Watering.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE CITY COUNCIL:

In view of the adoption of the order providing for the watering of the streets of a portion of the city by assessment under the provisions of Chapter 419 of the Acts of 1897, it becomes necessary to make an appropriation to meet the expenses of such watering pending the collection of the assessments to be laid. The total amount to be assessed cannot be determined until the

aggregate street frontage of all of the estates within the district to be watered by assessment has been figured up, and this will be done as soon as possible; but in the meantime it is necessary to have some amount falling well within the total assessment to be levied, appropriated for immediate use. I therefore recommend the passage of the accompanying order appropriating the sum of \$75,000 for street watering, in order that the work may begin at once upon a comprehensive scale.

I transmit herewith a communication from the City Auditor estimating that the income of the city available for appropriation will be increased to the amount of this sum by the adoption of the plan of street watering, and this makes it possible to make such appropriation.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

AUDITING DEPARTMENT,
April 18, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I hereby estimate that the receipts from street watering assessments, under the order recently passed by the City Council, will amount to at least \$75,000 during the current financial year.

This is only a preliminary estimate, pending the making up of figures as to street frontage, and the fixing of the rate of payment per front foot, but this sum is safely within the amount which will certainly be received.

Yours respectfully,
JAMES H. DODGE, City Auditor.
April 18, 1898.

Ordered, That the sum of seventy-five thousand (75,000) dollars be appropriated for watering the streets of the city designated to be watered at the expense of the abutters in the order of the City Council, approved by the Mayor, April 18, 1898, the same to be met with the assessments for watering the streets to be laid upon the several estates within the part of the city designated to be so watered as aforesaid.

Referred, after debate, to Committee on Public Improvements.

Street Watering Assessments.

OFFICE OF THE MAYOR,

City Hall, April 18, 1898.

TO THE BOARD OF ALDERMEN:

I hereby recommend the passage of the accompanying order giving authority, under the provisions of Section 3, of Chapter 419, of the Acts of 1897, to the Superintendent of Streets to determine the amount of the assessments for street watering to be laid upon the estates within the limits of that portion of the city which the City Council has already determined shall be watered upon the assessment plan.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of streets be authorized, under the provisions of Chapter 419 of the Acts of 1897, to determine the amount of the assessments for street watering to be laid upon the estates abutting upon the streets included within the part of the city designated to be watered as aforesaid by the order approved April 18, 1898.

Referred to Committee on Public Improvements.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, April 14, 1898, President Connolly in the chair.

The following messages were received:

Fence, Ward 3 Playground.

OFFICE OF THE MAYOR,

City Hall, April 13, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order requesting the erection of a fence around the Ward 3 playground.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS,

Jamaica Park, April 11, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: With regard to the order of the Common Council, requesting the erection of a fence on the Ward 3 playground, we beg to report that there is no money available for the improvement of any playground, and the Board cannot, therefore, comply with the Council's request. The Board would be very glad to do this, and to make other improvements in the playgrounds, if the City Council will furnish the means.

Yours respectfully,
CHARLES E. STRATTON, Chairman.

Referred to the Committee on Finance.

Various Street Constructions.

OFFICE OF THE MAYOR,

City Hall, April 13, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, giving estimates requested by your body of the cost of constructing Blue Hill and Harrison avenues, and Webber, Hunneman and Fellows streets.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

STREET DEPARTMENT,

City Hall, April 13, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I hereby respectfully submit the following estimates of cost of construction to be forwarded to the Common Council, as per requests contained in orders:

Blue Hill avenue, eighty feet north of Dalmatia street, to Warren street:

Paving with granite blocks and regulating \$50,900

Harrison avenue, Lenox street to Eustis street:

Paving with granite blocks and regulating 13,700

Not including space occupied by street railway tracks, which would be paid by the company:

Weber street, macadamizing and regulating 3,900

Hunneman street, macadamizing and regulating 10,700

Fellows street, macadamizing and regulating 9,800

Fellows street playground:

Granite edgestone and artificial stone sidewalks on Fellows and Hunneman streets in front of playground . . . 900

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Alterations in Stoughton School.

OFFICE OF THE MAYOR,

City Hall, April 13, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee, in reply to your order requesting an estimate of the cost of making certain alterations in the "Stoughton School," River street, Ward 24.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

April 12, 1898.

The Committee on School-houses, to whom was referred, March 8, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to furnish an estimate for fire-proofing basement, equipping with fire-escapes and making necessary repairs on building known as Stoughton School, River street, Ward 24, and also to inquire into the sanitary condition of this building, report that they have given the matter attention, and recommend that the Common Council be informed, through His Honor the Mayor, that to provide two sets of fire-escapes from the second floor to the ground, wire-lath and plaster the basement, build brick wall at foot of basement stairs, construct fire-proof basement doors, alter basement stairs, provide new window-frames and sash throughout, repair clapboarding and outside finish, paint outside of building, and do miscellaneous repairs, will cost approximately \$3,000.

The heating, ventilating and sanitary apparatus is what is known as the Fuller, Warren & Co.'s system. The heating is by four furnaces, the ventilation is by means of galvanized iron ducts from each room, through which the vitiated air is drawn to the basement to a central aspirating flue, and thence through the flue to the roof. The heating apparatus is in fair condition. The sanitarities are the dry-closet system, the

focal matter remaining in a brick trough under seats, where it is burnt out at certain intervals, the smoke and odors passing off through a chimney to the external air. The urinal is also known as the dry-closet system, no water being used in connection therewith.

The expense of installing mechanical ventilation, i. e., a cone wheel and an electric motor in aspirating shaft, substituting modern appliances for the present sanitarities and urinals, providing new traps, properly vented for sinks and wash-bowls, would be approximately \$2,500.

For the Committee.

THOMAS F. STRANGE, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy.

Attest: THORNTON S. APOLLONIO,
Secretary.

Referred to the Committee on Finance.

Condition of Dudley School.

OFFICE OF THE MAYOR,

City Hall, April 13, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Health, in reply to your order requesting a report as to the sanitary condition of the Dudley School-house.

Respectfully,

JOSIAH QUINCY, Mayor.

HEALTH DEPARTMENT,

Old Court House, April 13, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: In answer to the order of the Common Council bearing date of the 7th instant, concerning the sanitary condition of the Dudley School-house, the Board of Health begs to state that on examination of this school-house in December, and again on the 12th instant, we find no traps to sinks. The water-closets and urinals situated in the basement are inadequately flushed, and some of them are out of order. The basement is unventilated, and offensive odors from the closets and urinals reach the school-rooms. The ventilating apparatus for the school-rooms appears to be ineffective, and complaints are made of strong down drafts through the exhaust ducts, making the school-rooms at times very uncomfortable.

To remedy this faulty condition the Board would respectfully recommend that the ventilating shafts be extended through the roof and provided with sufficient power by fan or heat to secure an adequate and constant upward current of air; that the urinals and closets in the basement be repaired, provided with better means of flushing and ventilation.

Very respectfully,

The Board of Health,

SAMUEL H. DURGIN, Chairman.

In connection with the above. Mr. Newmarch of Ward 21, offered an order: That the report of the Board of Health in regard to the sanitary improvements needed in the Dudley School-house be referred to the School Committee, with a request that said

committee take immediate action towards providing said improvements.

Passed. Sent up.

SEALING OF WEIGHTS AND MEASURES DEPARTMENT.

The Annual Report of the Sealing of Weights and Measures Department, for the year 1897-98, constituting City Document 31, may be briefly summarized as follows:

The force of the department consists of one sealer, ten deputy-sealers and one messenger.

OPERATIONS OF THE DEPARTMENT FROM FEBRUARY 1, 1897, TO FEBRUARY 1, 1898.

Total number of scales tested . . .	15,162
Total number of weights tested . . .	47,763
Total number of dry measures tested . .	8,589
Total number of wet measures, including milk-cans, tested	121,132
Total number of yardsticks tested . .	2,048
Total number of charcoal baskets tested	27
Total number of coal baskets tested . .	515
Total number of steel tapes tested . .	13

Although included in the above operations of the Department, the following table will show the amount of work performed in the office during the fiscal year, for which no fees were charged:

Scales of all descriptions tested . . .	1,800
Weights tested	6,738
Dry measures tested	2,018
Wet measures, including milk-cans, tested	112,951
Yardsticks tested	851
Charcoal baskets tested	27
Coal baskets tested	471
Steel tapes tested	13

The earnings of the Department are given below:

Total amount of earnings, 1897-98 .	\$5,706 65
Amount due this Department	280 80

Amount collected, which has been paid to the City Collector, to be credited to the Department of Weights and Measures	\$5,425 85
---	------------

CHARLESTOWN FIRE.

The following letter from the Fire Commissioner to the Chief of Department was issued on April 18:

OFFICE OF THE FIRE COMMISSIONER,

Bristol street, April 18, 1898.

L. P. WEBBER, Chief of Department.

SIR: You will please accept for yourself and express to the District Chiefs and to the Department my full appreciation of the work done at the grain elevator fire in Charlestown yesterday morning, where there were many conditions favorable to a conflagration, prevented only by intelligent and zealous use of the available apparatus; and to those members who, on their "days off," reported for duty, the thanks of the Department are due for their help, as well as for their interest in preserving our good reputation. The result accomplished is a most gratifying proof that during the last three years the Department has lost none of its efficiency, and can with all confidence look to the future for just such proofs of its excellence whenever called to trying situations.

H. S. RUSSELL, Commissioner.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following were approved April 11, 1898:

Ordered, That the City Auditor be authorized to allow for payment, and the City Treasurer to pay the Advertiser Newspaper Company the sum of \$8,500 in full for publishing proceedings of the City Council from February 1, 1897, to February 1, 1898, the said amount to be charged to the appropriation for City Council Proceedings.

Ordered, That the Bath Department is authorized, with the consent of the Park Department, to take the care and control of such bath-houses and gymnasia as are placed by ordinance or statute under the control of the Park Department, or of any of them on such terms as may be agreed upon between said departments with the approval of the Mayor, and to pay the expense connected therewith out of the appropriation for the Bath Department.

The following was approved April 15, 1898:

Ordered, That the Superintendent of Public Grounds be authorized to hire, for playground purposes, the same as in former seasons, the lot of land known as "Nightingale Field," on Morton street, Dorchester, the expense of the same, not exceeding the sum of \$200 to be charged to the appropriation for Public Grounds Department.

By the Board of Aldermen.

The annual appropriations and tax orders (see CITY RECORD, page 213), except the items for Patriots' Day, \$1,400; June Seventeenth, \$5,500; Farragut Day, \$1,200; July Fourth, \$12,500; Labor's Holiday, \$2,000, which were vetoed by the Mayor and sustained by the Council (see CITY RECORD, page 238), were approved on April 11.

The following were approved April 13, 1898:

An order for the payment of allowances of aid to certain soldiers and sailors and their families in the City of Boston; said allowances being made under the provisions of Chapter 447 of the Acts of 1890, and amendments thereto, to be for the month of April, and to be charged to the appropriation for Soldiers' Relief.

Ordered, That there be allowed and paid to Alfred R. Peters the sum of \$2 in compensation for the loss of fowls killed by dogs January 7, 1898; said sum to be paid from the income from dog licenses.

Ordered, That there be allowed and paid to Thomas Hassett the sum of \$9 in compensation for the loss of fowls killed by dogs March 5, 1898; said sum to be paid from the income of dog licenses.

Ordered, That the Superintendent of Streets be authorized to remove by blasting the hills between Story and East Fifth and G and H streets, Ward 15, South Boston.

Ordered, That the Superintendent of Streets be authorized to issue a permit to

Daniel Noonan to erect, maintain and use one guy-post with the necessary ropes attached thereto, in and over the roadway on Sargent street, Ward 16, at or near No. 47, for use in building construction. The work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Orders directing the Superintendent of Streets to make sidewalks along the streets and in front of the estates hereinafter named; said sidewalks to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, to be built as specified, the owners to furnish the material, viz.:

James V. Devine, 274-282 Quincy street, Ward 16, brick.

Stoughton-street Baptist Church, on Pleasant street, at the corner of Stoughton street, Ward 16, brick.

M. J. Hall, 36 Edson street, Ward 24, brick.

Stephen L. Bartlett, 68 India street, Ward 7, artificial stone.

George O. Wood, 102-104 Centre street, Ward 20, gravel.

Permits to project bay windows as follows:

Johanna Dolan, one, at 154 Bennington street, Ward 1; Frank Finn, two, over London street, and one, over the corner of Porter and London streets, from building 33 Porter street, Ward 2; Charles E. Mark, one, over Columbus avenue, between Washington street and West Walnut park, Ward 22.

Permits to project signs, etc., as follows:

Daniel Fraser, four barber poles, at 152 Marion street, Ward 1.

Chang Sing, sign, at 256 Saratoga street, Ward 1.

Charles H. Munsey, shoemaker's sign, at 7 Austin street, Ward 5.

W. P. B. Brooks Co., brace on which to hang carpet as a sign, at 151 Hanover street, Ward 6.

T. B. Robinson, sign, 27 Devonshire street, Ward 6.

Saul Weiss, swinging sign, at 50 Howard street, Ward 6.

Simon Ciccolo, barber pole, at 27 La Grange street, Ward 7.

Wing Kee, sign, at 26 Minot street, Ward 8.

Jacob Rothstein, cloth sign, at 1442 Columbus avenue, Ward 22.

Timothy Karle, horse shoe sign, at 4 Hunneman street, Ward 17.

T. Walker, illuminated sign, at 32 Boylston street, Ward 7.

Charlie Sing, two signs, at 83 Highland street, Ward 21.

Herndon Bros., sign, at 25 Warrenton street, Ward 7.

John Gorman, V-shaped sign, at 51 Brookside avenue, Ward 22.

Michael W. Norris, illuminated sign, at 162 Broadway, Ward 13.

The following was approved April 14, 1898:

Ordered, That the Building Commissioner be authorized to grant a permit to the Seventeenth of June Carnival Association to erect a wooden building on Lexington street, near Bunker Hill street, Ward 3, without the construction of intercepting brick walls.

The following were approved April 15, 1898.

Ordered, That the Board establish the revised grade of West Walnut Park at Roxbury, as shown on a plan and profile signed by Thomas W. Davis, City Surveyor, dated July 26, 1877, and deposited in the office of the City Engineer.

Ordered, That the Board of Police be authorized to close to public travel Kemble street, Roxbury, between the hours of 10 A.M. and 12 M. on April 19, 1898, for the play-out of the Roxbury Veteran Firemen's Association.

Ordered, That permission be granted to the American Telephone & Telegraph Company of Massachusetts under the direction of the Superintendent of Public Grounds to trim trees on Adams street, Albany street, Dorchester avenue, Hyde Park avenue, Neponset avenue, Walk Hill street and Washington street, any expense attending the same to be borne by said company.

Ordered, That permission be granted to the New England Telephone & Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:

Gleason street, Ward 20. Five poles thirty-five feet by twelve inches, sidewalk seven feet wide, plan dated March 24, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within sixty days from the date of the passage of this order.

Ordered, That the time allowed to the New England Telephone & Telegraph Company of Massachusetts for the removal of poles on Exeter street, under the order passed by this Board, September 13, 1897, be and the same is hereby extended to June 1, 1898.

ORDERS PASSED AND PERMITS GRANTED—NOT REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

Ordered, That the Committee on Fire Department be directed to inquire into the reasons why Andrew C. Scott, a disabled fireman, who has been discharged from the Fire Department, has not been legally placed on the list of pensioned firemen, and that they be instructed to give said Scott a hearing on said matter.

By the Board of Aldermen.

Ordered, That the Joint Special Committee on Playgrounds, Ward 18 and 19, be increased by the addition of one more member of the Common Council.

Ordered, That the Board of Street Commissioners be requested to order the reconstruction of the sewer in Spring Garden street, Ward 20.

Permit to Philip McMorro, for dramatic, musical and dancing entertainments, at Draper Hall, 260 Adams street, for the season ending August 1, 1898.

ENACTED WITHOUT APPROVAL OF THE MAYOR.

By the City Council.

The following order was presented to the Mayor, April 2, 1898, and was not returned by him within ten days thereafter:

Ordered, That the City Messenger be authorized to provide a new lower mast for the Jamaica Plain flag-staff and to put the same in thorough order; the expense attending the same, not to exceed the sum of \$400, to be charged to the appropriation for City Council, Incidental Expenses.

By the Board of Aldermen.

The following were presented to the Mayor April 6, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be hereby authorized to pave with asphalt East Fifth street, between H and I streets; East Fourth street, between H and I streets; and I street between Broadway and East Fifth streets, the expense of the same to be charged to the appropriation for Street Improvements, Ward 14.

Ordered, That the Superintendent of Public Grounds be requested to trim two trees standing in front of 765 South street, Ward 23, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim the trees in front of the estate of John F. Newton, Nos. 1, 2, 3, 4 and 5 Kearsarge avenue, Ward 17. The expense attending same to be charged to the appropriation for Public Grounds Department.

Ordered, That permission be hereby granted to L. H. Daloz to trim trees, at his own expense and under the direction of the Superintendent of Public Grounds in front of premises 19 Mount Vernon street, Dorchester.

Ordered, That the Superintendent of Lamps be requested to locate and maintain an electric light in front of premises 567 East Second street, Ward 14; the expense of the same to be charged to the appropriation for Lamp Department.

Permit to Frederick G. Holbrook to sell temperance drinks from a vehicle in the streets in the vicinity of the Post Office.

CITY RECORD on which the bills were previously noted or printed; also such bills as have been approved by the Governor.

Approved.

**THE BOARD OF POLICE TO THE
CITY COUNCIL.**

The following communication from the Board of Police relating to salaries of the police force was received by the Common Council, at its meeting held on April 14:

OFFICE OF THE BOARD OF POLICE.

April 14, 1898.

TO THE HONORABLE CITY COUNCIL:

GENTLEMEN: We have the honor to reply to your communication dated April 7, and herewith submit to you our opinion and recommendations on the subject therein contained.

The pay of the Superintendent should be \$4,000 per year; Deputy Superintendents, \$3,000; Chief Inspector, \$2,800; Captains, \$2,500; Lieutenants, \$1,600; Sergeants, \$1,400; patrolmen, \$1,000 during the first year of route, crossing, wagon or detective service; \$1,100 during second year of service; \$1,200 thereafter during such service; and hereafter, when any patrolman doing active service is detailed for other service than route, crossing, wagon or detective service, he shall receive \$100 per year less than he was receiving at the time he was detailed for such latter service, and thereafter \$100 per year less each year during such latter service until his pay is at the rate of \$800 per year, and thereafter at such latter rate during such service.

If, however, a patrolman doing other service than route, crossing, wagon or detective service, is detailed for either route, crossing, wagon or detective service, he shall receive the pay that he was receiving at the time he was last doing such latter service. The pay of a reserve officer shall be \$2 per day during his first year of reserve service; \$2.25 per day during the second year of such service, and \$2.50 per day thereafter until he is made a patrolman.

The additional expense to the city from May 1 to December 1, 1898, for the increased pay of the Superintendent, five Deputy Superintendents, Chief Inspector and twenty-two Captains would be about \$7,500, and for the reserve officers \$4,000.

In our opinion, if these changes are made, while it may be possible to pay a portion of the increase in salaries from this year's appropriation, the Police Department cannot finish the year within its appropriation.

It is also considered advisable by the Board of Police that the present rules and regulations of this Board governing the pay of

police officers and providing for deductions from the pay of such officers in certain cases should be passed by the City Government concurrently with this Board. As it is considered that by such concurrent action troublesome legal questions which are likely to arise will be avoided. We, therefore, enclose a draft of an ordinance for your consideration covering the whole subject of police pay, and trust that if you pass the same you will send it to us for concurrence. Respectfully submitted,

A. P. MARTIN,
ROBT. F. CLARK,
C. P. CURTIS, JR.,
Board of Police.

An ordinance concerning pay of members of the Police Department:

The following-named officers of the Police Department of the City of Boston shall, while in the service of the city, receive salaries as follows, and at the same rate for any portion of the year, which shall, unless otherwise specially provided, be in full for all services which said officers are authorized or required by statute or ordinance to perform, and shall be subject to the deduction of any and all sums due to the city, from the officers entitled thereto:

The Superintendent of Police, \$4,000 per annum.

The Deputy Superintendents of Police, \$3,000 per annum.

The Chief Inspector, \$2,800 per annum.

The Captains, \$2,500 per annum.

The Inspectors, \$1,600 per annum.

The Lieutenants, \$1,600 per annum.

The Sergeants, \$1,400 per annum.

The patrolmen, if in the first year of their service, \$1,000 per annum; if in the second year of their service, \$1,100 per annum, and if they have served more than two years, \$1,200 per annum; provided, however, that when any patrolman doing route, crossing, wagon or detective service is hereafter detailed for any other service, he shall during such service receive pay at the rate of \$100 per annum less than he received at the time he was detailed for such latter service, and \$100 less each succeeding year during such latter service until his pay shall be at the rate of \$800 per annum, and thereafter he shall be paid at the rate of \$800 per annum during such service. Provided that, if a patrolman doing service other than route, crossing, wagon or detective service is detailed again for route, crossing, wagon or detective service, he shall be paid at the rate of \$1,000 per annum, if he be thus detailed

during the first year of his service; \$1,100 per annum, if he be thus detailed during the second year of his service; and \$1,200 per annum if he be thus detailed during any year thereafter.

The reserve officers, if in the first year of their service, \$2 per day; if in the second year of their service, \$2.25 per day, and if they have served more than two years, \$2.50 per day.

The salary and pay of the police shall be paid to each person entitled thereto, in accordance with prescribed rules and regulations, subject, however, to such deductions for lost or sick time, and as shall be made to satisfy fines imposed on any member by way of discipline or punishment.

Full pay will be allowed the police during the regular annual vacation, excepting so far as such pay or any part thereof may have been forfeited for any cause laid down in the rules established for the government of the force. In no other case when officers are absent on leave shall any pay be allowed them, except as provided in these rules.

When police officers are absent from duty on account of sickness or injury caused by unusual exposure or exertion while on duty, and such sickness or injury is certified to by the City Physician, or some other reputable physician approved by the Board of Police, full pay for lost time will be allowed.

When police officers are absent from duty on account of sickness or injury, and such sickness or injury is certified to by the City Physician, or some other reputable physician approved by the Board of Police, half pay for lost time will be allowed for not exceeding thirty days, except that when the sickness ends in death, full pay shall be allowed for not exceeding 100 days lost in the last 150 days immediately preceding the death of the officer; provided, however, that it is certified to by the City Physician, or some other reputable physician approved by the Board of Police, that such lost time was caused by the sickness which ultimately resulted in the officer's death.

Pay will not be allowed during suspension from duty or during absence from duty to attend funerals unless the relationship between the decedent and the applicant is that of father, mother, wife, wife's father or mother, child, brother, sister, or wife's brother or sister.

No pay for lost time will be allowed during absence from duty for any purpose whatever, except during the annual vacation, on account of sickness to attend

funerals, and to veteran soldiers to attend services on Memorial Day. No pay for lost time will be allowed for less than three days' sickness or disability, unless such sickness or disability is incurred by unusual exposure or exertion while on duty; or when the sickness or disability is feigned or simulated; or when it arises from carelessness, improper or vicious conduct, excessive indulgence of appetite, or other bad habits; or from improper, illegal or immoral practices; or from any cause occurring when not on duty, or if the sick person shall fraudulently, by concealment, false statement, or otherwise, seek to deceive or mislead the attending physician in relation to his case; or if the member shall not remain at his residence, so as to be visited at the option of the City Physician; or if he refuses or neglects to conform to the instructions of the attending physician.

IMMIGRATION DURING MARCH.

The report of George B. Billings, United States Immigration Commissioner, makes the following showing, in respect to alien immigrants arriving at the Port of Boston, from transatlantic ports, for the month ending March 31, 1898:

Board Meetings.

Cemetery Department.

City Hall, April 15, 1898.

A meeting of the Board of Trustees of the Cemetery Department of the City of Boston was held at the office of the Chairman, J. Albert Brackett, 92 State street, Boston, on April 13, 1898, at 3 o'clock.

There were present: Messrs. Brackett, Fallon, Hersey and Atteaux.

Bills to the amount of \$1,266.95 were approved.

NELLIE V. NORTON, Secretary.

Children's Institutions Department.

32 Tremont street, April 18, 1898.

Official action has been taken by the Trustees, as follows:

On February 21, Mr. O'Hare reported that Mr. Merry, baker, would supply bread for the House of Reformation at three cents a pound.

Voted, After February 28, to discontinue making bread at the House of Correction at Deer Island.

Voted, To take bread for the House of Reformation of Mr. Merry, if it is satisfactory, at the price quoted.

On March 21, the Trustees voted to authorize the Committee on the House of Reformation to engage Mr. Kelsey at \$600 a year, and Mrs. Kelsey at \$300 a year; also to re-arrange the duties of the officers at the House of Reformation.

On March 28, the Trustees voted to allow squads of boys to go from the Parental School to the Public Library with Miss Rich; also to allow the boys to go out with the teachers for nature studies from time to time.

Voted, That the Superintendent of the Parental School be directed to notify the Superintendent of Schools of the City of Boston whenever any boy leaves the Parental School, either on account of expiration of term or for any other reason.

Voted, That the Superintendent of Schools be requested to furnish this Board with copies of the report of the truant officers regarding each boy or girl committed to the Parental School.

Voted, That the Committee on the House of Reformation be empowered to act for the Board in case of danger on account of war.

Voted, That Mrs. Quinn and Mr. Dasey be delegates to the Conference of Institutions.

Voted, To ask the Registrar to send the Board any information he may have in his office with regard to other members of the family of any child reported to him as admitted or committed to any children's institution.

On April 4, the Trustees voted that the matter of Easter vacations at Rainsford's Island and the Parental School be left to the Committee on Schools.

Voted, That the Chairman be authorized to ask for an appropriation to cover the cost of a new location and new building for the Reform School, in addition to appropriations asked, to purchase new grounds and building for Marcella-street Home, and new grounds and buildings for the Parental School.

Voted, That Mrs. Quinn be appointed a committee of one with full powers to purchase Easter flowers for the Marcella-street Home.

Voted, That standing committees be appointed on nomination by the Chairman to consist of two members of the Board and the Chairman ex-officio.

On April 11, the Trustees having received a letter from the Dorothea Dix House offering an entertainment for the Marcella-street Home by the Merrymaker's Club.

Voted, To accept this offer.

Voted, to approve the appointment of Mr. Dasey and Mrs. Dewey as Committee on Finance; and Dr. Putnam, Mr. O'Hare, Committee on Supplies and Accounts; these appointments being for two weeks.

The census of inmates on April 16 was as follows:

	Boys.	Girls.	Total.
Marcella-street Home	83	43	126
House of Reformation	150	—	150
Parental School	180	2	182
Totals	413	45	458

CHARLES P. PUTNAM, Secretary.

Library Department.

Friday, April 8, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room, at 4.15 P.M.

Present: Messrs. Benton, DeNormandie, Prince and the Librarian.

Communications received: From C. F. Atkinson, dated April 5; Examining Committee's report; Librarian's report.

Resignation received and accepted of Hiller C. Wellman, as Supervisor of Branches, to take effect May 30, 1898.

Services dispensed with of Joseph Carroll, as janitor of the West Roxbury Branch, under date of March 13.

Employment of Eugene B. Woods as janitor of the West Roxbury Branch, at a salary of \$2.50 per week, beginning March 19.

Purchases authorized: Books, chargeable to city moneys to the amount of \$382.87; to trust funds, \$272.97; to Station "P.," 82 cents; to Fellowes Athenæum, \$4.19; miscellaneous articles, \$378.73.

The Librarian submitted a form of application and guaranty for special cards to be issued to publishers, etc. Such form was adopted.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, April 11, 1898.

The following is an abstract of the meeting of the Board of Park Commissioners of April 11, 1898:

The Superintendent submitted an estimate of the cost of erecting a fence along the sea wall at Ward 3 Playground, and a letter was sent to the Mayor stating that there was no money available for the erection of the fence as requested by the City Council.

A communication was sent to the Mayor requesting an appropriation by loan of \$33,687 for making existing playgrounds available.

A communication from the Trustees of the City Hospital concerning the taking of land from the Convalescent's Home for an addition to Dorchester Park, was received, and a communication was sent to the Mayor regarding the matter.

The revised grading plan for North End Beach was taken from the table and adopted.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court square, April 20, 1898.

A regular meeting of the Trustees was held on April 4.

A letter from the Visiting Staff of the Long Island Hospital was read, recommending the promotion of Dr. Taft, Second Medical Assistant at Long Island, to the position of First Assistant.

The nomination was confirmed and the appointment made.

It was voted to buy a pair of farm horses and a tip-cart for use at Long Island.

No milk is now being bought for use at Long Island; some condensed milk is used, but nearly two tons of milk were produced by the Long Island herd in the previous week, ending April 2.

The number of inmates at the Long Island Institution is diminishing.

Census at Long Island April 2, 1898:

	Males.	Females.	Total.
In Hospital:			
Adults	80	157	237
Children	4	6	10
In Women's Building:			
Adults	—	205	205
Children	3	2	5
In Men's Building	276	—	276
Totals	363	370	733

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

BOARD OF STREET COMMISSIONERS.

April 18, 1898.

On Monday, April 11, it was ordered, on the petition of Robert Swift and others, and Philip Chamberlain and others, that a sewer be built in Catherine street; and it was also ordered that a sewer be built in Florence street.

Remonstrance was received from John O. Shaw, Trustee, and others, against the extension of Lambert avenue to Highland street, at Roxbury.

Tuesday, April 12, an order of notice was issued of the Board's intention to locate anew Tenean Creek, between Centre and King streets, and to hold a hearing in relation thereto at 11 A. M., April 26.

Public hearings were given in the matter of laying out Spring lane, at West Roxbury, from Chestnut avenue to Lamartine street, as a highway, with the name of Hubbard street; and of laying out Hull street, at Charlestown, as a highway, with the name of Hunter street, from Bunker Hill street to Vine street.

An order was passed laying out Hull street, at Charlestown, with the name of Hunter street.

A petition was received from Francesco Farrara, that a sewer may be laid in North street, to drain the estate of the Hotel Italy.

A petition was received from the St. Luke's Home for Convalescents and others, that Shailer avenue, at Roxbury, may be discontinued.

It was voted to appoint, subject to the approval of the Mayor, to employment in the Street Laying-out Department, as Chief of Sewer and Assessment Division, with the pay of \$2,500 a year, Hugh E. Brady, of 106 Chelsea street, Ward 3.

Thursday, April 14, a public hearing was given in the matter of locating anew as a highway Forest Hills street, at West Roxbury, between Washington street and Glen road.

An order of notice was issued of the Board's intention to locate anew the Canterbury branch of Stony Brook, at Dorchester, between Morton street and Middleton avenue.

It was voted that a hearing be given, in room 25, of the Old Court House, at 3 P.M., Friday, April 22, as required by Chapter 210 of the Acts of the Legislature of 1898, upon that portion of the territory designated by the Board as Plat 13 and Plat 14 shown on plan T-95.

An order was received from the Common Council requesting an estimate of the cost of extending Lambert avenue, Ward 21, through to Highland street and Fort avenue.

On the advice of the Law Department it was voted to agree to judgment in the Harrison avenue betterment cases brought by Daniel L. Demmon for the sums of \$1,000, \$850, \$950, \$1,016.50, \$975 and \$825, as betterments upon said Demmon's estates, 5 and 7, 11, 27, 29 and 31, 33, 35 on Harrison avenue. Sent to the Mayor for his approval.

On the advice of the Law Department, it was voted to assess the damages occasioned the estate of Joseph H. Beale by the laying out of Tuttle avenue, at the sum of \$750, net. Sent to the Mayor for his approval.

Friday, April 15, 1898, public hearing was given in the matter of locating anew in a surface drain the water-course, at Dorchester, known as Tenean Creek, from Tremlett street to Stratford street.

It was ordered that the water-course at Dorchester, known as Tenean Creek, between Tremlett and Stratford streets, be located anew in a surface drain.

Orders of notice were issued of the Board's intention to relocate Washington street, at Dorchester; widen Ruth street, at East Boston; and extend Stanley street, at Dorchester; hearings on these orders to be held at 11 A.M., April 29.

A petition was received from William Jacobs, that catch basins may be built in Heath street, at Roxbury, and petitions for sewers from F. J. Horgan and others, to be laid in East Ninth and Dunham streets, at South Boston; from Annie S. Macdonald, to be laid in Lauriat street, at Dorchester, and from K. S. Adams, to be laid in Kilsyth road.

It was voted to award Edward F. O'Keefe and Alice J. Hennessy the sum of \$13,225 for damages occasioned their estate on Columbia street by the laying out of Columbia road; agreement to accept the same having been approved by the Mayor.

J. H. JENKINS, Secretary.

Amid the radical changes which have taken place in the government of the metropolis, the Corporation of the City of London has remained undisturbed.

The City Corporation has been the only unreformed municipal corporation in England. It may be noted that the city was not greatly affected by the above-mentioned measures which revolutionized government in the federation of towns which surround it. The Metropolis Management Act brought the city directly into touch with the rest of the metropolis, as it delegated representatives to the Metropolitan Board of Works. The Local Government Act of 1888, besides strengthening that connection, as under it the city elected its representatives to the central authority, also took away some powers from the City Corporation; but the essential features of city government were untouched. Its customs, its ceremonials and its institutions have maintained their continuity unbroken from the Middle Ages. The city was not merged in the new metropolitan county, and only included for certain purposes in the "administrative" county of London.

Department Communications.

Building Department.

Old Court House, April 4, 1898.

JOHN S. DAMRELL,

Building Commissioner.

City Clerk Department.

City Hall, April 11, 1898.

The following is a list of the principal matters recorded in the City Clerk's office for the week ending April 9, 1898:

Number of chattel mortgages	129
Number of discharges of mortgages	31
Number of notices of foreclosure of mortgages	3
Number of assignments of mortgages	10
Number of assignments for the benefit of creditors	4
Number of bills of sale	2
Number of assignments of wages	18
Number of married women's certificates	13

The following suits have been entered against the city, all being actions of tort:

April 4—By John D. Balkam and Charles E. Gibson, each placing the damages at \$3,000.

April 7—Mary McCool, damages \$2,000; John Curran, damages \$300; J. Manning & Sons, damages \$3,000.

April 8—Jeremiah Reardon, of Brockton, a British subject, entered suit in the United States Circuit Court against the city, with damages at \$20,000.

Petitions for assessment of damages for land taken by the Board of Street Commissioners have been filed by Arthur H. O'Neil, Jeremiah G. Spillane and Nathaniel Hathaway.

City Hall, April 18, 1898.

The following is a list of the principal matters recorded in the City Clerk's office for the week ending April 16, 1898:

Number of chattel mortgages	140
Number of discharges of mortgages	46
Number of bills of sale	4
Number of notices of foreclosure of mortgages	3
Number of assignments of mortgages	8
Number of assignments of wages	22
Number of married women's certificates	12
Number of assignments for the benefit of creditors	3

The following suits have been entered against the city during the week ending April 16: By John J. Curran, damages \$300; New York, New Haven & Hartford Railroad Company, damages \$2,000; John F. Manning, damages \$300; James Phelan, damages \$5,000. On April 15, Arioch Wentworth filed a petition for the assessment of damages for land taken by the Board of Street Commissioners on the corner of Purchase and Federal streets.

J. M. GALVIN, City Clerk.

Fire Department.

OFFICE OF THE FIRE COMMISSIONER,

Bristol Street, April 9, 1898.

The following official action has been taken by the Fire Commissioner during the week ending April 9:

Purchased of William F. Hedrington, three horses, \$140 each.

Purchased of Samuel Eastman & Co., three four-way deluge sets for \$390.

Order drawn on Manchester Locomotive Works for general repairs on Engine 18, price, \$1,175.

Condemned eight pieces of hose.

Special drafts have been drawn as follows:

L. K. Marston, in part payment for construction of new engine-house at Grove Hall, \$2,000.

L. K. Marston, in part payment for construction of engine-house on Centre street, West Roxbury, \$2,400.

Two old horses were sold to Welch & Hall for \$93.20, in part payment for new horses.

Charges having been preferred against J. T. Smith of Combination Company 4, and J. T. Creegan of Engine Company 11, for failure to respond to an alarm of fire while asleep in quarters, a hearing was held by the Commissioner, and they were excused.

Bristol Street, April 16, 1898.

The official action taken by the Fire Commissioner during the week ending April 16 was as follows:

One horse purchased of A. W. Davis, \$175.

One pool-table purchased for Engine House 2 for \$100.

There have been ordered for the underground system of the Fire Alarm, 2,244 feet of ten conductor cable.

One piece of hose has been condemned.

The appointments of J. J. Brady and M. J. Keating, to be auxiliary privates in the Boston Protective Department have been approved.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, April 2, 1898.

The following applications for stable permits have been filed at this office:

Charlotte Bradstreet, Charlotte avenue, Ward 24, one horse; hearing called for April 14, at 11 o'clock. Welch & Wilson, rear 312 Norfolk avenue, Ward 20, five additional horses; hearing April 7, at 11 o'clock. Richard C. Fallon, Franklin place, five horses; hearing called for April 14, at 11 o'clock. Emma S. Parker, Grampian way, second, Ward 24, three horses; hearing April 14, at 11 o'clock.

SUMMARY OF THE WORK OF THE BUREAU OF MILK INSPECTION DURING MARCH, 1898.

Number of samples of milk collected and examined:

Samples taken from wagons	787
From shops and restaurants	404
Samples brought by citizens	48

Total 1,239

Number of samples of vinegar collected and examined 91

Number of samples of butter and oleomargarine examined 66

Total samples 1,396

Number of complaints entered in the District Courts:

For possession of milk not of good standard quality with intent to sell	21
For selling milk not of good standard quality	2
For selling milk without being registered as a dealer	2
For serving oleomargarine in a restaurant without notifying the guest	3
For selling oleomargarine colored in imitation of butter	8
For selling adulterated cider-vinegar	7

Total complaints 43

DISPOSITION OF CASES.

Cases ended	18
Convictions	18
Amount paid in fines	\$475

Cases pending:

Awaiting hearing in lower court	22
On appeal in upper court	3

Total 25

In addition to the above work, considerable time has been spent in tracing several lots of colored oleomargarine, and in several other lines of investigation, the results of which are not complete.

On April 5 an order was passed by the Board of Health, requiring the pavement of the private passageway from 147 North street to 58 Fulton street.

Permits for the occupancy of stables were granted April 7, 1898 as follows:

Alice A. Bullock, 24 John A. Andrew street, Ward 22, for two horses; H. A. Cook, Gardner street, Ward 25, for two horses; Welch & Wilson, rear 312 Norfolk avenue, Ward 20, for ten additional horses, thirty-five in all.

The following shows the work done at the Abattoir during the week ending April 9:

EXAMINED.	
Steers	195
New England cows	33
New England bulls	2
Sheep	178
Calves	358
Hogs	1
Total	767

Two New England cows were condemned on account of tuberculosis.

The following articles of food were condemned by the Inspector of Provisions during the week ending April 9, 1898:

	Pounds.
Immature veal	269
Tainted hams	125
Tainted smoked shoulders	380
Tainted poultry	60
Tainted lamb	50

Old Court House, April 16, 1898.

The following applications have been filed at this office for the occupancy of stables:

Mrs. Jennie Gregory, Ditson street, Ward 24, two horses; hearing April 21, at 11 o'clock. William D. Hennessey, Baker place, Ward 23, ten horses; hearing April 21, at 11 o'clock. Hub Brewing Company, Norfolk avenue, Ward 17, thirty horses; hearing April 21, at 11 o'clock. Maurice Hart, 94 Homestead street, Ward 21, one additional horse; hearing April 28, at 11 o'clock. John J. Fitzpatrick, 361 Chelsea street, Ward 1, nine additional horses, (ten in all); hearing April 28, at 11 o'clock.

The following articles of food were condemned by the Inspector of Provisions during the week ending April 16:

Immature veal, 801 pounds; tainted beef, 210 pounds.

The following is a report of the work done at the Abattoir during the week ending April 16:

Steers	164
New England cows	17
Western cows	1
Sheep	346
Calves	213
Hogs	1
Total	742

The following stable permits were granted on April 14: Emma S. Parker, Grampian Way, 2d, Ward 24, three horses; Richard C. Fallon, Franklin place, Ward 23, five horses.

The following vote was taken by the Board on April 13:

Voted, That in the opinion of this Board, the building situated rear No. 3 Sun Court street, in this city, which has been ordered by this Board to be vacated is, because of age, defects in ventilation, plumbing and drainage, likely to cause sickness among its occupants, and is so unfit for habitation that the evils in, or caused by said building, can not be remedied by repairs or in any other way except by the destruction thereof, and this Board therefore orders said building to be removed.

C. E. DAVIS, JR., Secretary.

E. C. MARSHALL, Commissioner.

Wire Department.

Old Court House, March 21, 1898.

The following is a summary of the work performed by this Department for the week ending March 19, 1898:

INTERIOR DIVISION.

Inspections made	194
Notices of new work received	122
Inspections of temporary wiring at the various theatres have been made.	

OVERHEAD AND DEAD WIRE DIVISIONS.

Inspections made	296
Defects reported	84
Defects corrected	88
Notices of new work received	114
Dead wire removed (feet)	9,000
Dead wire retained (feet)	1,500

UNDERGROUND DIVISION.

Electrical approvals for street openings granted as follows:

Building connections	17
Repairs	2
Lamp connections	4
Inspections made:	
Conduit construction	15
Building connections	6
Repairs	7
Cable drawing	27
Installation of underground transformers,	7

Old Court House, March 28, 1898.

The following is a summary of the work performed by this Department for the week ending March 26, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	786
Defects reported	56
Defects found corrected	105
Notices of new work received	133
Dead wire removed (feet)	20,000
Dead wire retained (feet)	300

Inspections of temporary wiring at the various theatres have been made, and in several instances changes in the same were found necessary in the interest of safety.

Three reported electric fires have been investigated, but only one of the three was found to be due to electrical causes. This one was a burn-out of primary cables in a standpipe on outside of wall.

Several tests for insulation resistance have been made.

UNDERGROUND DIVISION.

Electric approvals of permits have been granted as follows:

Building connections	17
Pole connections	1
Conduit construction	2
Conduit repairs	1

Inspections have been made as follows:

Conduit construction	18
Building connections	7
Lamp connections	7
Repairs	4
Cable drawings	22
Installations of underground transformers	1

Plans have been filed as follows:

Finished plans, showing actual location of conduits laid during the past year, filed by the New England Telephone & Telegraph Company and the Boston Electric Light Company, thirty-five.

A plan has also been filed, showing new roadbed of the Boston & Providence Division, from Dartmouth street to Southern Union Station; this was received from the New York, New Haven & Hartford Railroad.

The following is a summary of the work performed by this Department for the week ending April 2, 1898:

INTERIOR, DEAD WIRE AND OVERHEAD DIVISIONS.

Inspections made	669
Defects reported	40
Defects found corrected	110
Notices of new work received	102
Dead wire removed (feet)	21,200

Inspections of temporary wiring at the various theatres have been made.

Two second alarms of fire have been responded to, viz.: Box 515, March 30, and Box 519, April 1.

UNDERGROUND DIVISION.

Electrical approvals of permits for street openings have been granted as follows:

Conduit construction	2
Building connections	11
Lamp connections	8
Pole connections	1
Repairs	4

Inspections by this Division were as follows:

Conduit construction	11
Building connections	7
Pole connections	1
Repairs	2
Cable drawings	12

Photographic work has been done as follows:

Photographs taken showing overhead wires and poles on Exeter street and Buckingham street, and underground conduit for feed and return wires of the Boston Elevated Railway Company in subway under Tremont street, three.

The resignation of Deputy-Inspector Foye was accepted, taking effect Monday, March 28, at 5 P.M.

His Honor Mayor Quincy has approved the following increases in salaries:

Inspector Cole, \$1,600 to \$1,800 per annum; Lineman Collins, \$2 to \$2.25 per day; Messenger Conley, \$900 to \$1,000 per annum; Lineman Cooper, \$2.25 to \$2.50 per day; Lineman Costello, \$2.50 to \$2.75 per day; Lineman Joyce, \$2.25 to \$2.50 per day; Deputy Inspector Lally, \$2.50 per day to \$1,000 per annum; Lineman Larkin, \$2.50 to \$2.75 per day.

THOMAS W. FLOOD,
Commissioner of Wires.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending April 16, 1898, are as follows:

Death rate for the week	22.5
Death rate for corresponding week, 1897	25.1
Number of deaths:	
Males	110
Females	119
Total	229
Total deaths in corresponding week, 1897	250
Decrease	21

Of the 229 decedents, 221 were white and 8 colored; 132 were born in the United States, 93 in foreign countries, and the birthplace of 4 unknown; 45 were of American parentage, 166 of foreign parentage, and 18 were of unknown parentage.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	37	4
Scarlatina	16	0
Typhoid fever	3	2
Measles	53	0
Totals	109	6

PRINCIPAL CAUSES OF DEATH.

Consumption	30
Pneumonia	36
Whooping cough	1
Heart disease	17
Bronchitis	10
Marasmus	10
Violent causes	16
Total from principal causes	120
Total from infectious diseases	6
Total from other causes	103
Total from all causes	229
Deaths of children under 1 year	35
Deaths of children under 5 years	57
Deaths of persons over 60 years	46
Deaths in public institutions	67

Advertisements.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 15, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Ruth street, at East Boston, be widened on the southeasterly side, northeastwardly from Marginal street, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-ninth day of April, 1898, and the office of this Board, as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 15, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Stanley street, at Dorchester, be laid out as a highway from Quincy street to Bellevue street, and constructed by grading and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-ninth day of April, 1898, and the office of this Board, as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 12, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the stream or water-course, at Dorchester, known as Tenean Creek, or Smelt Brook, be located anew from King street to Centre street, and that any parts of the original channel from which said water-course may be diverted between said points be filled up, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston,—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twenty-sixth day of April, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

ELECTION DEPARTMENT,

Old Court House, April 13, 1898.

The Board of Election Commissioners of the City of Boston invites proposals for building 100 steel buildings to be used for voting purposes. A bond will be required for the faithful performance of the contract in the sum of ten per cent of the amount of said contract, with sureties satisfactory to the Commissioners. Plans and specifications may be seen at this office.

The proposals to be used can be obtained at the office of said Commissioners, Old Court House, Court square, Boston, Mass., and must be filled out and signed as directed therein, sealed in an envelope endorsed "Proposals for Building Election Houses," and with a certified check for \$500, payable to the City of Boston, left at said office before 12 o'clock M., on Monday, April 25, 1898. This check is to be the property of the city if the bidder fails to carry out his proposal.

Proposals filled out and left with a check as above directed, and no other, will, at the above-named hour and place, be publicly opened and read, and the Commissioners reserve the right to reject any and all proposals, and accept any proposal they deem best in the interest of the city.

LINUS E. PEARSON,
JAMES J. COSTELLO,
TIMOTHY F. MCDOUGOUGH,
GEORGE P. SANGER,

Board of Election Commissioners.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 14, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a new channel for the Canterbury Branch of Stony Brook be located, at Dorchester, between Morton street and Middleton avenue, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twenty-ninth day of April 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 15, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Washington street, at Dorchester, be relocated as a highway, between Ashmont street and Fairmount street, and constructed by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-ninth day of April, 1898, and the office of this Board, as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS,

Boston, April 15, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 3 o'clock, P.M., on Friday, April 22, 1898, as to a change in the locations, directions, widths and grades for the highway in the territory shown on plan numbered T-95, made by them and filed August 25, 1896, in the office of the City Engineer in City Hall; said territory is in that part of Boston, formerly Dorchester, and is bounded, approximately, by Columbia road, Washington street and Blue Hill avenue.

JOHN F. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Board of Street Commissioners.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

April 6, 1898.

The undersigned requests permission to project from building No. 19 Pine street and 24 Broadway Extension, Ward 7, one bay-window of iron of the following description: To project from second, third and fourth stories over Broadway Extension. Dimensions: Thirty-six feet high, 20 feet wide, and 2 feet 6 inches over line of street.

JOSEPH F. WILSON,
30 Court street, Room 7.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 11, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the twenty-fifth day of April, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy. JOHN T. PRIEST, Assistant City Clerk.

Attest: JOHN T. PRIEST, Assistant City Clerk.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, APRIL 23, 1898.

Number 17.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale at the Old Corner Book Store, 283 Washington street.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

MAYOR'S CIRCULAR.

The following circular to heads of departments was issued by His Honor the Mayor, on April 22:

Circular No. 40.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: I am informed that many of the departments have not yet furnished to the Superintendent of Printing the copy for their annual reports for the last financial year. The value of the Annual Departmental Reports is much reduced if they are unduly delayed in their issue, and I desire to impress upon you the importance of furnishing the full copy for your report to the Superintendent of Printing at the earliest possible moment, if you have not yet done so.

I feel obliged also to call your attention to the unnecessary expense which is often incurred in making an excessive number of corrections after reports are in type. Such corrections have been growing in number and in cost, and it is necessary to remind the heads of departments that the aggregate expense of making such corrections is very considerable, and to ask them to furnish copy in as nearly final form as possible.

I desire also to impress upon you the desirability of keeping the length of department reports within reasonable limits, and including within them only matters of general interest and importance, for purposes of record and public information.

Yours respectfully,

JOSIAH QUINCY, Mayor.

APPOINTMENTS CONFIRMED.

The following appointments by His Honor the Mayor were confirmed by the Board of Aldermen on April 25, 1898:

Michael Kerrigan, to be an Overseer of the Poor for the term ending April 30, 1899, vice Charles Logue, resigned.

Louise S. O'Brien, to be an Overseer of the Poor for the term ending April 30, 1900, vice Henry V. Cunningham, resigned.

William P. Fowler, Edith P. Wolcott and Frederick W. Day, to be Overseers of the Poor for the term of three years, beginning with the first day of May, 1898.

George C. Davis, to be a constable.

CEMETERY DEPARTMENT.

The Annual Report of the Cemetery Department, constituting "Document 5," has recently been issued, and may be summarized as follows:

The present Board of Commissioners was appointed in May, 1897, previous to which the work of caring for the cemeteries was performed by the Mount Hope Cemetery Department and the Board of Health. By an Act of the Legislature, Chapter 375, of the year 1897, all burial-grounds owned by, and in charge of, the City of Boston passed into the control of a Cemetery Department.

Mount Hope Cemetery, covering an area of 106 acres, is the largest cemetery under the direction of the Department. Up to February 1, 1898, the total number of interments amounted to 53,770. During the past fiscal year there have been 1,746 interments, and one private tomb and 184 monuments and tablets have been erected.

The report, in a general way, states the condition of each one of the City of Boston cemeteries. It points out the historic facts in connection with the old burial-grounds and places particular emphasis upon the needs of the Department in order to put them in proper condition.

The matter of allowing general entrance to the old burial-grounds of the city is receiving attention. Hitherto, except on special occasions, admission has been restricted to special applicants on account of the dangers of breaking through unmarked tombs, the masonry of which has become insecure.

Criticism is made from time to time concerning the dilapidated condition of the tombs and headstones. While the city has the custody of the grounds in a general way, individuals own the lots and tombs. The Department, therefore, has no right to expend city money on the care of private property.

In a very short time the City Government will have to solve the problem of accommodation for the burial of the city poor, as the space set aside for that purpose is rapidly being filled. Either more land must be purchased or some other method employed for the care of human remains. It would seem to the Commission that the most satisfactory method for the city to adopt is the establishment of a crematory, not only for the purpose of incinerating the remains of the city poor, but also for the use of other citizens who desire to avail of such method.

The construction of a chapel at the Mount Hope Cemetery is urgently recommended by the Department, in order to accommodate in stormy weather persons who attend funeral services. The need of preparing more lots and single graves in both Mount Hope and Evergreen Cemeteries is also urged. Better facilities for transportation to the former cemetery are also needed, and it is recommended that the City Government take such action as will secure to thousands who visit the grounds the facilities, by transportation companies, that they are entitled to.

During the present year a special appropriation of \$2,500 was provided by the City Government to be used in preparing additional ground for the burial of soldiers who served in the civil war. No soldier's remains go to a pauper's grave.

The need of cemetery improvements is patent, but requires no extravagant outlay. Improvements once made will endure for many years. The Commission realizes the importance of its task, and asks that the City Government give such necessary financial support as to provide properly for the care and custody of all cemeteries and burial-grounds.

EMERGENCY WORK.

The following communication, relating to emergency work by the Street Department, was addressed to His Honor the Mayor on April 21 by the Superintendent of Streets:

STREET DEPARTMENT,

City Hall, April 21, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I respectfully ask your careful consideration of a plan which I have in mind for making available a portion of the Street Department force for emergency work. From the 3,000 employees of this Department, a regiment of 1,000 could be formed to act as wrecking crews, or for auxiliary work in case of call. This idea is, of course, more immediately suggested by the possibility, in the event of a war with Spain, of an attack on this port; but, aside from the present situation, I believe that such an emergency-call force would be a useful addition to the protective forces of the city. Twice during my term of office I have had occasion to make sudden call on the Street Department men to assist in emergencies: First, at the Tremont-street explosion, where, within a few minutes, I was able to bring men and carts to assist in the clearing away of the wreckage; and the second time, at the Merrimac-street fire, where, by direction over the telephone, a hundred men were summoned to the scene in less than fifteen minutes, to aid in the search for the buried firemen.

These two instances, where the services of but a few men were required, serve to show that, in the event of a wide-spreading disaster, a body of 1,000 strong, able-bodied men, accustomed to hard labor, ready and willing for the service, who could be called to any point at very short notice, might prove of immense value.

If this plan should meet with your approval, I will take advice as to the most useful equipment in the way of the tools and wrecking apparatus, and report further details to you.

Yours very respectfully,

BENJ. W. WELLS,
Superintendent of Streets.

HOME OWNERSHIP IN MASS.

In the January "Bulletin," recently published, the Bureau of Statistics of Labor presents an interesting summary of home ownership in Massachusetts.

The population of the State in 1890 was 2,238,943; the total number of families 479,790, and the average number of persons to a family, 4.67. Of the whole number of families, 34,576 lived on farms, and the remainder, 445,214, lived in homes distinct from farms. Of the families living in homes distinct from farms, 299,531 hired their homes, while the others, 145,683 in number, were home owners. Of those owning homes, 88,379 owned free of encumbrance, while 57,304 owned mortgaged homes. Of the families on farms, 5,206 hired the farms on which they lived; the others, 29,370, owned; and of the families owning farms, 20,425 owned free of encumbrance, while 8,945 owned mortgaged farms.

Of the entire number of heads of families in the State, of each nativity respectively

(whites only), 33.47 per cent. of those born in Ireland; 18.60 per cent. of those born in Canada or British Provinces, of English descent; 13.35 per cent. of those born in Canada or British Provinces, of French descent; 24.29 per cent. of those born in England or Wales; 30.09 per cent. of those born in Germany; 23.78 per cent. of those born in Scotland; 21.67 per cent. of those born in Norway, Sweden or Denmark; 26.74 per cent. of those born in France; 9.24 per cent. of those born in Russia or Poland; and 9.26 per cent. of those born in Italy, owned either a farm or a home; while of the number of each nativity who owned, the following percentage owned free: Ireland, 58.47 per cent.; Canada or British Provinces (English descent), 43.76 per cent.; Canada or British Provinces (French descent), 33.70 per cent.; England or Wales, 50.81 per cent.; Germany, 51.70 per cent.; Scotland, 54.49 per cent.; Norway, Sweden or Denmark, 30.31 per cent.; France, 56.52 per cent.; Russia or Poland, 32.63 per cent.; and Italy, 58.85 per cent.

Of the heads of families (whites only) born in the United States, 43.86 per cent. were either home or farm owners; and of these, 65.78 per cent. owned free of encumbrance.

PUBLIC PLAYGROUNDS.

The Advisory Committee on Small Parks, of which ex-Mayor Hewitt is chairman, appointed last June by Mayor Strong, makes an interesting report as to the necessity of additional small parks and playgrounds in the City of New York.

The report states that in the original plan of the city the children seem to have been forgotten. Within the last thirty years, all unoccupied space has been covered by improvements, leaving the children no other opportunity for play, but such as can be found in the streets. This being dangerous, as well as obstructive to traffic, incurs the interference of the police, which engenders a sense of hostility between the children and the guardians of public order, and leads to the growth of a criminal class of persons who become enemies of law and order. The report states that the committee, having especially noted the improvement in the neighborhood of the new small parks recently brought into use, has become convinced that the failure to provide for the reasonable recreation of the people, and especially for playgrounds for the children, has been the most efficient cause of the growth of crime and pauperism.

The committee specifically recommends the establishment of thirteen public playgrounds in various parts of the city, and that the playgrounds of new schools hereafter

built be thrown open to the public out of school hours and be made the general places of recreation for the neighborhood.

PUBLIC GOLF RULES.

The following rules governing the use of the golf links at Franklin Park have been formulated by the Board of Park Commissioners:

GENERAL RULES.

Persons using the links must have had experience as players and hold permits from the Park Commissioners, which may be obtained at the Park Department office, Pine Bank, Jamaica Park. Application blanks may be obtained from the greenkeeper or at the above office.

A person not familiar with the game, before applying for a regular permit, must obtain a learner's permit, which will entitle him to receive instruction from the greenkeeper, who is authorized to give lessons for usual fees. Persons holding learner's permits must not obstruct regular players in the use of the grounds, and the greenkeeper is authorized to exclude from the grounds any holder of a permit who is not sufficiently familiar with the game to play without incommoding or endangering other players.

The greenkeeper may allow strangers to play if experienced in the game and accompanied by a person holding a regular permit.

The greenkeeper is authorized to charge a fee of twenty-five cents for two rounds of the links.

The greenkeeper will be responsible for the conduct of all caddies, and will keep a record of their names and numbers of their badges.

No caddie will be allowed to solicit employment without his badge, and he must not solicit employment beyond the first tee.

All complaints must be made to the greenkeeper, and if well founded he shall suspend the offending caddie from employment for a certain number of days, commensurate with the gravity of the offence, taking away his badge for the period he is suspended.

The pay of a caddie shall be fifteen cents for one round of links or nine holes, and twenty-five cents for two rounds of the links or eighteen holes.

GROUND RULES.

Players must not loiter after the first tee, but play off in turn of their arrival as rapidly as possible to make way for those following.

No player shall play from the tee until the parties in front have played their second stroke or are out of range.

No player should play to the putting green until the parties in front have holed out and moved away, and players who have holed out should not try their putt over again or stay on the green, but move away at once.

Players looking for a lost ball must allow any other match coming up to pass them.

A party playing three or more balls must allow a two-ball match to pass them.

Turf cut and displaced by a stroke must be at once replaced by the player making the stroke.

The greenkeeper shall have full charge of the course and the conduct of the games, and complaints of violations of the rules governing the course or games by any player may be made to him.

Messages from the Mayor.**TO THE BOARD OF ALDERMEN.**

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., Monday, April 25, 1898, Chairman Conry presiding, and all the members present.

Appointments by the Mayor.

Communications were received from His Honor the Mayor, making the following appointments, subject to confirmation by the Board:

(1.) Conrad J. Rueter, to be a member of the Board of Trustees of the City Hospital for the term of five years, beginning with the first day of May, 1898.

(2.) Frederick E. Atteaux, to be a member of the Board of Trustees of the Cemetery Department for the term of five years, beginning with the first day of May, 1898.

(3.) Charles E. Folsom, to be a member of the Board of Assessors for the term ending April 30, 1900, to fill a vacancy.

(4.) Frank L. Bowker, to be Surveyor of Marble, Freestone and Soapstone for the term ending April 30, 1899, in place of William B. Bayley, deceased.

(5.) Ebenezer Barrett, to be a Measurer of Grain for the term of one year, beginning with the first day of May, 1898.

(6.) John F. Clark, a constable of the City of Boston, in connection with his duties in the Building Department, for the term of one year, beginning with the first day of May, 1898.

(7.) Joseph P. Carmody, to be Inspector of Pressed or Banded Hay and Straw for the term of one year, beginning with the first day of May, 1898.

Severally laid over, under the law.

The following messages were received:

OFFICE OF THE MAYOR,

City Hall, April 25, 1898.

TO THE BOARD OF ALDERMEN:

You are hereby notified that I have this day appointed Mr. Walter Hunnewell a member of the Board of Trustees for the Pauper Institutions Department for the term of five years, beginning with the first day of May, 1898.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

Number of Constables Limited.**OFFICE OF THE MAYOR,**

City Hall, April 25, 1898.

TO THE BOARD OF ALDERMEN:

I think it proper to notify you that, in view of the excessive number of applications for appointment as constables, and in view of the fact that the number has been gradually

increasing and is now larger than legitimate necessity seems to require, I have decided to limit the number of appointments to 100.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

Instruction in Swimming.**OFFICE OF THE MAYOR,**

City Hall, April 25, 1898.

TO THE CITY COUNCIL:

I have called the attention of the newly established Bath Department to the desirability of providing instruction in swimming, particularly for the benefit of school children, and the Board is heartily in favor of the idea and is making plans to carry it out. While this instruction in swimming will be given chiefly during the vacation season, when the School Committee does not exercise control over the children in the public schools, it seems to me very desirable that some co-operation should be secured from the School Committee—at any rate, to the extent of endorsing the proposed instruction in swimming and recommending the scholars in the public schools to avail themselves of it during the summer. The Chairman of the School Committee has intimated that a request from the City Council would doubtless be influential in inducing the School Committee to take action upon a matter which might otherwise be considered outside of its ordinary province, and I therefore desire to suggest the passage of the accompanying order for such purpose.

In some foreign cities instruction in swimming is given systematically under the direction of the school authorities, and it seems to me that the expensive bathing facilities already in the possession of the city should be utilized to the greatest possible extent, and that a great amount of good could be done at a very small additional expenditure by affording proper facilities for instruction in swimming to the 75,000 school children of this city.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the City Council approves the proposal of the Bath Department to furnish, so far as possible, instruction in swimming to the scholars in the public schools during the summer vacation, and hereby request the School Committee to give its endorsement to such proposal, and to co-operate, so far as it can properly do so, in the carrying out of such plan.

The message was sent down, and the order was passed and sent down for concurrence.

Street Railway Tracks at Union Station.**OFFICE OF THE MAYOR,**

City Hall, April 25, 1898.

TO THE BOARD OF ALDERMEN:

Referring to the petition of the West End

Street Railway Company, addressed to your Board, under date of April 22, asking leave to establish and maintain the electric system of motive power on certain tracks of said company on Summer street extended and on Dorchester avenue extended, and also asking authority to erect and maintain the poles for carrying the wires therefor, I think it proper to urge speedy action thereon on the part of your Board, as it is very necessary for the work of construction upon these streets to proceed at once. The new locations of the tracks of this company in the streets named, in substitution for the locations in Federal street, of which it has been deprived, have already been fixed by me, under legislative authority, in accordance with a plan showing the same, which I transmit herewith, to be placed on file in the office of the City Clerk.

After mature consideration it has been decided, in order to allow ample room in Dorchester avenue for teams receiving baggage from the Union Station, to place the two street railway tracks immediately next to the sidewalk on the easterly side of this avenue; in order to avoid undue obstruction of the movement of street cars over this important route, it has been thought best to raise the level of the tracks about two inches above the level of the street, as shown in profile, so that teams will not ordinarily drive along the tracks, as such use of the tracks, owing to the fact that teams could only turn out on one side, would tend to delay passenger travel.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, April 25, 1898.

By virtue of Section 16, Chapter 516, of the Acts of the General Court of 1896, the West End Street Railway Company is hereby requested to remove and relocate its existing tracks between Summer street and Federal-street bridge, and for that purpose is hereby authorized to construct, maintain and use a double track, with all necessary turn-outs and connections, on Dorchester avenue as extended, and on Summer street as extended, from said bridge over Fort Point Channel to Atlantic avenue, with curves and connections connecting at either end with the existing tracks of said company—all substantially as shown by red lines on plan of A. L. Plimpton, dated April 20, 1898, and filed in the office of the City Clerk; and location of such new tracks in accordance with such plan is hereby approved.

JOSIAH QUINCY, Mayor.

(Accompanying the above was the plan referred to.)

Referred to the Committee on Railroads.

TO THE BOARD OF ALDERMEN.

A special meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 1 o'clock P.M., on Friday, April 22, 1898, Alderman Dyar presiding, in the absence of Alderman Conry.

The call for the meeting was read, as follows:

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE BOARD OF ALDERMEN:

You are hereby requested to assemble in the Aldermanic Chamber, City Hall, on Friday next, April 22, at 1 o'clock P.M., for the purpose of taking action on an order authorizing the transfer of certain ferry-boats to the United States Government, and to transact such other business as shall come before you.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, April 21, 1898, President Connolly in the chair.

The following messages were received:

Eulogy of Governor Greenhalge — Veto.

OFFICE OF THE MAYOR,

City Hall, April 16, 1898.

TO THE CITY COUNCIL:

I return herewith, without my signature, the order passed by your body providing for a eulogy in honor of the late Governor Greenhalge. I vetoed an order for the same purpose a year ago, upon the ground that, when the Commonwealth had held a public memorial service at the appropriate time in memory of a Governor who died in office, it seemed to me not only unnecessary, but undesirable, that further exercises of the same character should be held by authority of the City Government. The memorial services held under the direction of the Commonwealth, at which the eulogy was pronounced by Senator Lodge, seemed entirely sufficient, and additional exercises a year later, under the auspices of the City Government of Boston would, I think, be entirely out of place, particularly in view of the fact that Governor Greenhalge was not in any way associated with this city.

I desire to add that I have approved a similar order providing for a eulogy upon ex-Governor Russell, only upon the ground that no similar memorial exercises had been held under the direction of the Commonwealth, and that, while not a resident of

Boston, he had been for many years intimately associated with this city in practising his profession here.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The order was indefinitely postponed.

Street Paving.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, in reply to orders requesting estimates of the cost of asphaltting Weston street and paving Western avenue.

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT,

City Hall, April 21, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with requests contained in enclosed orders of the Common Council, I beg to submit the following estimates of cost of construction:

Weston street, Ward 18, Tremont to Cabot street, paving with asphalt and regulating	\$4,500
* Western avenue, Ward 25, Barry's corner to Cambridge, paving with granite blocks and regulating	46,200

*This does not include the space occupied by the street-car tracks, the cost of paving which would be paid by the Boston Elevated Railway Company.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

City Hospital Employees.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter addressed to me, under date of April 6, by the Trustees of the City Hospital, in response to the order passed by the Common Council on March 31.

Respectfully,

JOSIAH QUINCY, Mayor.

BOSTON CITY HOSPITAL,

Boston, April 6, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In behalf of the Trustees of the Boston City Hospital, I have the honor to submit through you, to the Common Council, the following report:

On Friday, April 1, the President of the Trustees received from the Clerk of the Common Council the following order:

"Ordered, That the Trustees of the City Hospital be requested to report to the Common Council, at its next meeting, whether or not there are any employees in the Hospital Department who are not citizens of the United States, giving the name and resi-

dence in each case, and whether or not, in their opinion, the work of the City Hospital would be seriously injured if none but citizens of the United States were employed."

This is the first and only request that has been made upon any one connected with the Hospital Department for any facts or statistics bearing upon this order, and in accordance with the request received, under instructions from the Trustees, I make immediate reply.

On April 1 there were upon the time books of the hospital the following male employees: In the hospital proper, 134; at the South Department, 30; total, 164. Number of employees in the hospital proper not engaged in professional capacity, and who were not citizens of the United States, 11; ditto in the South Department, 2; total, 13. The following is a list of the names and residences of each of these employees, and the departments in which they are employed:

Jessie Shaw, jobber, 39 Worcester square.
Edmund Soley (colored), porter, 80 Poplar street, Chelsea.

Albert Evans, telephone operator, 57 Worcester street.

Joseph Bennett, centre orderly, hospital.
Charles Shaw, steward's department, 79 Rutland street.

John Miller, window boy, hospital.
Charles Lunstedt, window boy, hospital.

Harry Gavel, window boy, hospital.

Andrew Morris, kitchen man, hospital.

John Lewis, temporary fireman, 2 Girard street, Roxbury.

John W. Lister, Pathological Department, hospital.

Department for Contagious Diseases:
Thomas R. Anderson, window boy, hospital.

James Thompson, laundry man, hospital.

The thirteen persons who are not citizens have all been interviewed; several have already taken out their "first papers," and the remaining number declare their intention of doing so.

Some of the number who are not citizens were employed before they were 21 years of age, in subordinate capacities at the hospital, and have since acquired age without becoming citizens, and have, by excellence of service, been promoted to higher positions than those they first occupied.

The Trustees are asked if, in their opinion, the work of the City Hospital would be seriously injured if none but citizens of the United States were employed. The ordinary employees, such as mechanics, porters, choremen, firemen, etc., could, doubtless, be secured from those who are citizens or residents of the United States.

Respectfully submitted,

CONRAD J. RUETER,

Secretary of the Trustees.

Ordered printed and assigned to the next meeting.

War Leave for Employees.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

In view of the actual opening of hostilities between this country and Spain, it seems to me that the City of Boston should

encourage by any means within its power a prompt response on the part of our citizens to the call for the enlistment of volunteers which may be expected at once. I think that the city may well set an example in patriotic liberality to all employees by granting leave of absence to any of its employees who may desire to enlist and filling their places only temporarily so that they can be restored to them on the expiration of their military or naval service. I therefore recommend the prompt passage of the accompanying order authorizing such action to be taken.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That His Honor the Mayor be authorized to grant leave of absence to any employees of the city who are members of militia organizations called into the service of the United States, or who may enlist as volunteers in the military or naval service of the United States, such leave of absence to continue until the termination of hostilities between this country and Spain, and the places of such employees to be supplied only temporarily during their absence so that they may be restored to the same.

The message was sent up. The order was passed and sent up.

Ferry-boats for Coast Defence.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter addressed by Lieutenant-Commander Colby, of the United States Navy, to the Superintendent of Streets, asking whether the city will turn over to the United States Government, if they are wanted, two propeller ferry-boats and one side-wheel ferry-boat, to be used as gun-vessels for the defence of the coast. I have to-day had a personal interview with Lieutenant-Commander Colby in regard to the matter, and, while no definite arrangement is offered at the present moment, I am advised by him that the government would either expect to purchase these boats at a price to be agreed upon with the city, if the city was willing to sell, or would return them to the city at the close of hostilities. I believe that in the present crisis it is a patriotic duty incumbent upon the city to furnish every assistance in its power to the government, and I have no doubt that the general sentiment of our citizens will fully support the immediate transfer of these ferry-boats to the government, without any charge for their use if they are to be returned, and at a price representing their actual value if they are to be purchased. I need not urge the necessity of immediate action, and I recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE LIGHTHOUSE INSPECTOR,
SECOND DISTRICT,

Boston, April 4, 1898.

MR. BENJ. W. WELLS, Superintendent of Streets, Boston.

SIR: I have the honor to ask that in case the United States Government wanted the two propeller ferry-boats and one side-wheeler for the defence of the coast, would the City of Boston consent to turn them over to be used as gun vessels.

Respectfully,

H. G. O. COLBY,

Lieutenant-Commander, U. S. N.

Ordered, That His Honor the Mayor be authorized to turn over to the United States Government any ferry-boats of the city, for the defence of the coast, without charge for the use of the same, if they are to be returned in their present condition, and at such price if the government desires to purchase them, as he may approve.

The message was sent up. The order was passed and sent up.

Removal of Engine 21.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

The widening of Columbia road has made it necessary that Engine House No. 21 should be removed at once from its present location. A parcel of land immediately in the rear of the present site can now be purchased upon reasonable terms, and in order to enable such purchase to be made, and the removal of the engine house to be perfected. I recommend the passage of the accompanying orders.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Fire Commissioner be and is authorized in the name and behalf of the city, and on such terms as he deems best, subject to the approval of the Mayor, to purchase a parcel of land on Allbright court, so-called, in the rear of the engine-house lot on Columbia road, formerly Boston street, and containing 6,751 square feet, and to use the same as a part of the engine house lot; and that the same be paid for from the appropriation for the Fire Department.

Ordered, That the amount that may be awarded for the land taken from said engine-house lot, and for damage to the buildings thereon, by the laying out of said Columbia road, be added to the appropriation for the Fire Department.

The message was sent up. The order was passed and sent up.

Entertainment of Guests.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

The American Association for the Advancement of Science, which is the recog-

nized scientific body of this country, is to hold its fiftieth anniversary meeting in Boston on August 22 to 27 next. The occasion is of special interest on account of the fact that this association was originally organized in Boston, and that it now returns to the place of its birth to celebrate its semi-centennial. A large and distinguished committee, under the honorary presidency of the Governor of the Commonwealth, has been formed for the purpose of making the proper arrangements for this meeting and assisting in the entertainment of the members of the association and of their guests from abroad.

As this occasion will be one of special interest and note, and as it will bring several thousand persons to Boston, it seems to me particularly desirable that the city should contribute liberally to assist in defraying the necessary expenses, and shall extend all proper hospitalities to those who are coming to Boston upon this occasion. Other cities have provided liberally for similar meetings of the association, and it is particularly appropriate that Boston, as the birthplace of the association, should do her full part toward the celebration of its fiftieth anniversary. The Committee on Arrangements proposes to raise the sum of \$10,000, and it has been suggested that the city should contribute one-fourth of this amount. I heartily recommend the passage of the accompanying order making such appropriation.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That His Honor the Mayor be authorized to expend not exceeding the sum of twenty-five hundred (2,500) dollars toward the expense of entertaining the members and guests of the American Association for the Advancement of Science on the occasion of the meeting of said association in this city on August 22 to 27 next; the expense to be charged to the appropriation for City Council, Incidental Expenses.

The message was sent up. The order was passed and sent up.

Police Captains' Salaries.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

I transmit herewith for your information, in connection with the order increasing the salaries of captains of police passed by your body, a communication which I have this day sent to the Board of Police stating my attitude upon this matter.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE BOARD OF POLICE:

GENTLEMEN: I desire to notify your Board that I have approved, with a good deal

of doubt and hesitation as to the propriety of doing so, at any rate at the present time, the order passed by the City Council providing that the salary paid to captains of police shall be fixed at \$2,500 per annum, and to state the grounds upon which I have so acted.

The act establishing the Board of Police, while it otherwise gives to the Board practically unrestricted authority over the Police Department, provides that "the pay of the police shall not be increased or diminished except by the concurrent action" of the city and of the Board. According to the letter of the law, your Board has full control of the finances of the Police Department, as the city is required, upon its requisition, to pay all expenses incurred, regardless of the amount appropriated for the Police Department, although during the present administration your Board has shown a disposition, which seems to me proper and commendable, not to stretch its financial authority unduly and to keep as nearly as possible within the limits of the appropriation made by the City Council. The comprehensive character and duties of your Board doubtless led the City Council to invite an expression of your views before acting upon the proposal to increase certain salaries in the Police Department, and your official expression, in your communication of April 14, addressed to the City Council, of the opinion that the salary of police captains should be \$2,500, doubtless influenced strongly the action of the Common Council in passing the order (which had already unanimously passed the Board of Aldermen) by the overwhelming vote of 61 yeas to 3 nays.

When the order reached me I did not feel disposed to question the judgment of your Board, in the exercise of its official responsibility, that the salary of police captains should be \$2,500, but I hesitated to approve the order, first, because of the fear that, whatever might be the merits of this particular increase of salary it would lead to demands for other increases, not only in the Police Department, but in others; and, second, because of the statement in your communication that only a portion of such increases in salaries could be paid this year within the appropriation already made for the Police Department. While I have not felt warranted upon the whole, in view of the action of your Board and of the overwhelming vote by which the order was passed in both branches of the City Council, — indicating that any executive objection would be easily overridden, — in withholding my approval from the order, I do feel warranted in expressing to your Board as strongly as possible my feeling that the concurrent action necessary to give effect to

this increase should not be taken by you until you have either satisfied yourselves that such increase can be provided for within the limits of the appropriation already made, or until a further appropriation to cover such increase is made by the City Council. While I recognize the legal right of your Board to make a requisition upon the city treasury to provide for the payment of such increased salaries outside of the appropriation already made for your Department I feel fully warranted, in view of the general financial situation of the city, and the impossibility at the present time of seeing any means of providing for expenditures in excess of appropriations already made, in asking your Board to postpone concurrent action upon any increases of salary until these can be provided for within your appropriation.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Sent up.

Care of Gymnasia.

OFFICE OF THE MAYOR,

City Hall, April 21, 1898.

TO THE CITY COUNCIL:

An order has already been passed by the City Council providing for the transfer of the care and control of certain bath-houses and gymnasia from the Park Department to the Bath Department, but it seems desirable to provide specifically by ordinance for the transfer of the indoor gymnasium on Paris street, East Boston, as this was originally placed by ordinance under the charge of the Park Commissioners. I therefore recommend the passage of the accompanying order for that purpose.

In view of the desirability of placing the administration of any other indoor gymnasium which the city may acquire under the Bath Department, as it will be desirable in every case to have baths in connection with indoor gymnasia, I further recommend the passage of the accompanying ordinance making an amendment for this purpose in the ordinance establishing the Department of Baths.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the care and control of the gymnasium on Paris street, East Boston, be transferred from the Park Department to the Bath Department.

An ordinance to amend Chapter 1 of the Ordinances of 1898, entitled "An Ordinance to Establish a Department of Baths."

Be it ordained, etc., as follows:

Section 2 of Chapter 1 of the Ordinances of 1896 is hereby amended by striking out the last sentence, and inserting in place thereof the following:

"Said Board shall establish and maintain bath-houses and gymnasia, and shall have

the care and custody of all bath-houses, whether for all-the-year-round use, or floating bath-houses in salt water for summer use, and of all gymnasia other than those situated on parks or playgrounds and placed by statute under the control of the Park Department now or hereafter established by the city, and shall have the care and custody of all urinals or public convenience stations now or hereafter established by the city, and shall have and exercise over such baths and urinals all the powers now vested in the Board of Health."

The message was sent up. The order was passed and sent up.

Consideration of the passage of the ordinance was assigned to next week.

Award of Contracts.

Penal Institutions Department.

Proposals for supplying the Penal Institutions Department with coal for the ensuing year were opened at the office of the Penal Institutions Commissioner, Wednesday, April 20, 1898, at 11 o'clock, as follows:

E. C. MARSHALL, Commissioner.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following were approved April 18, 1898:

Ordered, That the Superintendent of Public Buildings be requested to grant the Dorchester High School Regiment the use of the Ward 17 ward-room, temporarily, for drill purposes, their regular drill hall being too small to enable them to execute certain movements.

Ordered, That the City Auditor be hereby authorized to transfer the unexpended balance of the appropriation for Endicott street, Thacher to Causeway street, paving, to a special appropriation for Hull street, Salem to Snowhill street, paving.

Ordered, That the Board of Police be and it hereby is authorized and directed to allow and pay to Josephine Muldoon, widow of the late Patrolman Thomas F. Muldoon, deceased, October 31, 1896, an annuity of \$300 per annum, commencing on the first day of November, 1896, as provided by Section 2 of Chapter 178 of the Acts of 1887.

Ordered, That in place of the item for Mayor, Public Celebrations, Patriots' Day, April 19—\$1,400—contained in the appropriation and tax orders for 1898-99, which was vetoed by the Mayor, the following item be substituted, viz.: Mayor, Public Celebrations, Patriots' Day, April 19—\$1,000—and said appropriation is hereby made, subject to the provisions contained in said appropriation and tax orders.

Ordered, That all streets or portions of streets lying within the territory in the central portion of the city, bounded by a red line on a plan marked "Plan of Street Watering, Benjamin W. Wells, Superintendent of Streets, March 23, 1898," and filed in the office of said Superintendent, be watered in whole at the expense of the abutters, and that all streets and portions of streets in the remainder of the city, lying outside of said red line on said plan, be watered in whole at the expense of the city.

Ordered, That the Superintendent of Public Buildings be authorized to grant the use of Curtis Hall, waiving the fee, on the evening of April 26 and morning of April 27, to Jamaica Plain Council, Knights of Columbus.

Ordered, That the Superintendent of Public Buildings be authorized to grant the use of Curtis Hall, waiving the fee, on the evening of May 5 and morning of May 6, 1898, to Quinobequin Lodge, Independent Order of Odd Fellows.

The following were approved April 20, 1898:

Ordered, That the City Treasurer pay to the Treasurer of the Woman's Education Association the sum of \$150, the same amount to be charged to the City Council, Incidental Expenses. Said sum to be used by the Woman's Education Association to label the trees on the Common and Public Garden.

Ordered, That the salary paid to each captain of police on the police force of the city from and after May 1, 1898, shall be \$2,500 per annum.

The following were approved April 22, 1898:

Ordered, That His Honor the Mayor be authorized to turn over to the United States Government any ferry-boats of the city, for use for the defence of the coast, without charge for the use of the same, if they are to be returned in their present condition, and at such price, if the government desires to purchase them, as he may approve.

Ordered, That the care and control of the gymnasium on Paris street, East Boston, be transferred from the Park Department to the Bath Department.

Ordered, That the City Treasurer be authorized to pay to Catherine M. Manning the sum of \$87.84, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Canterbury street for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2,501, fol. 66.

The following were approved April 23, 1898:

Ordered, That the Board of Park Commissioners, with the approval of the Mayor, be and they are hereby authorized, in the name and behalf of the city, and for a nominal consideration, to release the land on Prince street, Jamaica Plain, owned by the heirs or devisees of Francis V. Balch, deceased, from the restrictions imposed thereon by an instrument executed by said Balch, dated December 31, 1896, and recorded with Suffolk Deeds, lib. 2,430, page 153.

Ordered, That there be appropriated the sum of one million (1,000,000) dollars for the construction of sewerage works, under authority of Chapter 426 of the Acts of 1897, and acts in amendment or addition thereto.

Ordered, That the Building Commissioner be authorized to issue a permit to the Fitchburg Railroad Company to build, outside the building limits, a wooden building on Water street, Piers 6 and 7, Ward 5, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinance, and in accordance with an application on file in the Building Department; said building to be occupied as a freight shed.

Ordered, That the Building Commissioner be authorized to issue a permit to Jesse Tirrell to build, outside the building limits, a wooden building on Bay State Iron Company's wharf, Ward 14, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied for manufacturing purposes.

An ordinance to amend the Revised Ordinances of 1892 by providing for a Department of Public Music:

Be it ordained by the City Council of Boston, as follows:

A Department of Public Music is hereby established, to be in charge of a Board of five members, who shall be appointed by the Mayor, and shall serve without pay. The members of said Board may be appointed by the Mayor at any time after the date of the passage of this ordinance, subject to confirmation by the Board of Aldermen, to serve until the first day of May next. On or before said first day of May, 1898, the Mayor

shall appoint, subject to confirmation by the Board of Aldermen, one member to serve for the term of five years, one for the term of four years, one for the term of three years, one for the term of two years, and one for the term of one year, each term beginning with the first day of May; and annually after the current year one such member shall be appointed as aforesaid for the term of five years, beginning with the first day of May in the year of his appointment. Said Board shall have the charge and control of the selection of public music to be given either indoors or in the open air for parades, concerts, public celebrations and other purposes, under authority of the City Council, except entertainments for children on the Fourth of July; shall determine the parties to furnish the same, and shall make all contracts, and expend all moneys to be paid from the city treasury for such music.

By the Board of Aldermen.

The following were approved April 20, 1898:

Permits for the use of Fanueil Hall, as follows:

To Globe Newspaper Company, on May 2, 1898; to Ancient and Honorable Artillery Company, on April 18, 1898.

Petroleum licenses, as follows:

To Thomas Mayo, at rear of 149 Green street, Jamaica Plain; to Standard Oil Company, at 61 Broad street, at the works formerly occupied by the Beacon Oil Company and others, on Chelsea street, East Boston; and at the works formerly occupied by the Maverick Oil Company on Chelsea street, East Boston.

Permits to project signs, etc., as follows:

Ward 12 Republican Club, V-shaped transparency, at 99 West Brookline street, Ward 12.

Harry Cohen, three barber poles, at 24 Lowell street, Ward 8.

W. Benner, two barber poles, at 56 Howard street, Ward 6.

Nichols Broome, sign, at 26 Porter street, Ward 2.

Charles Jacobson, illuminated sign, at 11 Compton street, Ward 9.

Murphy & Co., illuminated sign, at 65 Elm street, Ward 6.

John T. Manning, two umbrella signs, 22 Winter street, Ward 7.

Perry & Co., sign, at 3 Corbett street, Ward 24.

Permits to project bay windows, etc., as follows:

H. Dickhaut, one, 82 Minden street, Ward 22.

Wm. L. Henry, two, and a cornice, Main street, corner Furbush court, Ward 4.

Charles M. Titus, one, and a cornice, Clifton street, corner Burrell street, Ward 17, both to project over Burrell street (two feet over sidewalk).

Bernstein & Channin, two, 89 North Marginal street, Ward 6 (eighteen inches over sidewalk).

The following were approved April 20, 1898:

Ordered, That the Superintendent of Streets be authorized to issue a permit to George R. Sneaden, to construct, maintain and use a coal-hole opening not exceeding eighteen inches in diameter, with an iron

cover of rough upper surface, under and in the sidewalk in front of estate No. 52 Warren avenue, Ward 10; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Lewis W. Wolfson, to construct, maintain and use a bulkhead opening three feet by three feet six inches, with a wooden cover, under and in the sidewalk in front of estate No. 251 Marion street, Ward 2; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley to move a wooden building, mansard roof, forty-five feet in length, by thirty-six feet in width, by thirty feet in height, from Brandon street, near South street, across Brandon street and private land to lot on Linden street, a private street, Ward 23, on the terms and conditions expressed in the ordinance of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley to move a wooden building, hip-roof, fifty feet in length, by forty feet in width, by thirty-five feet in height, from Columbia road, near Blue Hill avenue, through said road and avenue and Glenway street to the corner of Glenway and Erie streets, Ward 20, on the terms and conditions expressed in the ordinance of the city relating thereto.

Orders directing the Superintendent of Streets to make sidewalks along certain streets; said sidewalks to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built as specified, the owner to furnish the material, viz.:

Frank E. Greene, Harrison avenue, near Zeigler street, Ward 17; brick.

Richard J. Gookin, 934 Dorchester avenue, Ward 16; brick.

James A. Gookin, 272-286 East Cottage street, Ward 16; brick.

James J. Graham, 57 Mount Vernon street, Ward 16; brick.

D. Milton, 273-279 Blue Hill avenue, Ward 21; brick.

William Wood, 2269 Dorchester avenue, Ward 24; brick.

Frederick J. Rockwell, Park street, corner Kilton street, Ward 20; artificial stone.

Henry H. Fay, 418 Beacon street, Ward 11; artificial stone.

C. F. Barton, corner Norfolk and Edson streets, Ward 24; artificial stone.

John L. Gebhard et al., 34-36 Wyman street, Ward 22; artificial stone.

Bedford E. Fulmore, 20-22 Boynton street, Ward 23; artificial stone.

William S. Locke et als., southerly side Third street, Ward 14; brick.

Ordered, That the Superintendent of Streets make a sidewalk along Falmouth street at the north-easterly corner of Norway street, Ward 10, in front of the estate of Henry G. Nichols; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of brick, and report to the Board a schedule of the cost thereof.

Ordered, That the Superintendent of Streets make a sidewalk along Vernon street, both sides, between Cabot and Tremont streets, Ward 18, in front of estates abutting thereon; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of brick, the owners of the several estates to provide said material.

Ordered, That the Superintendent of Streets make a sidewalk along Winter street, Ward 20, in front of the Lyceum Hall Primary School-house; said sidewalk to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of gravel, with granite edgestone, the edgestone to be furnished by the Superintendent of Public Buildings.

The following were approved April 22, 1898:

Constables' bonds of John B. Cadigan, James H. Cruft, Charles P. Harrington.

Permits to project bay windows, as follows:

To Edward H. Bangs, three windows, from building on Massachusetts avenue, corner of Norway street, ward 11; to A. F. McDermott, one window, from building 186-200 Hampden street, ward 17.

Permit to Timothy W. Coakley for the use of Faneuil Hall on the evening of April 25.

Permit to F. R. Brown & Co., to run two passenger barges between Forest Hills Station and Calvary Cemetery on Memorial Day.

ORDERS PASSED—NOT REQUIRING MAYOR'S APPROVAL.

By the City Council.

Ordered, That His Honor the Mayor be authorized to grant leave of absence to any employees of the city who are members of militia organizations called into the service of the United States, or who may enlist as volunteers in the military or naval service of the United States, such leave of absence to continue until the termination of hostilities between this country and Spain, and the places of such employees to be supplied only temporarily during their absence, so that they may be restored to the same.

Whereas, a bill (House Bill 363), limiting the number of licenses in the City of Boston has passed the House of Representatives, and believing that said bill is to the detriment of the City of Boston and its citizens; therefore, be it

Resolved, That we, the members of the City Council, do hereby protest against the passage of this bill and urge the Boston senators to use their voice and vote against it.

Ordered, That a copy of this preamble and resolve be transmitted to the Honorable Senate of Massachusetts.

Ordered, That His Honor the Mayor be hereby requested to instruct the Superintendent of Streets to allow employees of the Street Cleaning and Sanitary Divisions, whose services can be dispensed with, a holiday, without loss of pay, in part compensation for their services, on a day to be later agreed upon by the members of the Knights of Labor and the American Federation of Labor, to participate in the annual picnic.

By the Board of Aldermen.

Ordered, That the Park Commissioners be requested, through His Honor the Mayor, to locate and maintain electric lights on the North End Park and Terraces.

Ordered, That the Park Commissioners be requested, through His Honor the Mayor, to put the North End Park in suitable condition for public use as soon as possible.

Ordered, That the Park Commissioners be requested, through His Honor the Mayor, to remove the band stand from the North End Park, and to locate a suitable number of seats on the northerly pier of said park.

ENACTED WITHOUT APPROVAL OF THE MAYOR.

The following orders were presented to the Mayor, April 12, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be authorized to issue a permit to David J. Mahoney to erect, maintain and use three wooden hitching-posts on the Bennington street side of estate on the easterly corner of said street and Neptune road, Ward 1; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree standing in front of estate 347 Fourth street, South Boston, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Lamps be requested to locate and maintain an electric light at the corner of Clifton and Batchelder streets, the expense of the same to be charged to the appropriation of Lamp Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree standing in front of 130 Eustis street, Roxbury, the expense of the same to be charged to the appropriation for Public Grounds Department.

PROPOSALS FOR SCHOOL BUILDINGS.

The School Committee, through the Committee on School-houses, invites proposals for erecting and completing a two-room school building in the yard of the Noble School, Princeton street, East Boston; and for erecting and completing a two-room school building in the yard of the Frothingham school, Prospect street, Charlestown District. The office copy of the contract and plans for the work may be seen at the Public Buildings Department, Old Court House, at which office forms of proposal can be obtained. The proposals will be publicly opened and read at the office of the Secretary of the School Committee, Mason street, at 12 M., April 30, 1898.

COLLECTION OF TAXES.

The following table shows the percentage of each year's tax which had been collected at the end of the fiscal year in which it was levied, and the percentage collected at the end of each succeeding fiscal year to January 31, 1898.

Abbreviations: R.E., tax on real estate; P.E., tax on personal estate; P., tax on polls; T., total tax levy.

Amount Collected at end of	TAX OF 1892.				TAX OF 1893.				TAX OF 1894.				TAX OF 1895.				TAX OF 1896.				TAX OF 1897.

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on May 20, 1898, an examination may be taken at any city in the United States where the Commission has a

competent Board of Examiners, to establish a register from which a selection may be made, to fill a vacancy in the position of Superintendent of Public Documents, in the office of the Public Printer, the salary of which is \$9.58 per diem.

Persons desiring to enter this examination should at once write to the Board of Civil Service Examiners at the Post Office Building, this city, for application blanks, Forms 304 and 375, which should be properly executed and promptly forwarded to the Commission at Washington, D. C.

Commonwealth of Massachusetts

LEGISLATIVE BILLS.

The following list contains the titles of bills concerning the City of Boston, adversely reported upon by the various committees and sustained by the Legislature, together with the number of page of THE CITY RECORD on which the bills were previously noted or printed; also such bills as have been approved by the Governor.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

April 16, 1898.

The undersigned request permission to project from building No. 30 Cooper street, corner North Margin street, Ward 6, one bay-window of the following description: To project from second and third stories over corner Cooper and North Margin streets. Dimensions: Twenty-three feet high, 14 feet wide and 3 feet over line of street.

BORIS ROSENSTEIN,
LOUIS SISKIND,
3312 Washington street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 18, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the second day of May, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon, in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk: said publication and service to be made seven days at least before said hearing.

Passed.

CITY OF BOSTON.

NOTICE TO HOUSEKEEPERS AND TENANTS.

City Hall, April 21, 1898.

Housekeepers and other occupants of dwellings are requested to place their house and cellar dirt and sweepings in the streets opposite their premises between the hours of sunrise and 2 o'clock P.M., of the following days: Monday, May 2; Tuesday, May 3; Wednesday, May 4; Thursday, May 5; Friday, May 6, when they will be removed by the city carts. After which time no person will be allowed to place any dirt, ashes, filth or rubbish of any kind whatever, in any of the ways, streets or places of the city, without a permit from the Superintendent of Streets. Dirt of any kind not to be placed in the streets on Saturday.

BENJ. W. WELLS, Superintendent of Streets.

SPECIAL NOTICE.

On and after the above-named days, ashes, etc., in order to be removed by city carts, must be placed in receptacles not larger than an ordinary flour barrel, and in a position on a level with the grade of the adjoining sidewalk.

Vault filth, offal, bricks and mortar, gravel and earth, garden rakings and shrubbery, are not included in the above, and will not be removed by the city if placed in the streets.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, Mass., April 20, 1898.

GENTLEMEN: The West End Street Railway Company respectfully petitions for leave to construct an additional curve track at the corner of East Broadway and K street, South Boston, and also additional curves at the junction of L street and East Fourth street, South Boston, all substantially as shown by red lines on plan of A. L. Plimpton, dated April 14, 1898, and filed herewith as part of this petition.

A petition from certain South Boston citizens in aid of the same is filed herewith.

West End Street Railway Company,

By Boston Elevated Railway Company, its Attorney.

By WILLIAM A. BANCROFT, Vice-President.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 22, 1898.

Upon the foregoing petition it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will on Monday, the ninth day of May, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Post, South Boston News and THE CITY RECORD.

Passed.

STREET DEPARTMENT.

REMOVAL OF HOUSE OFFAL.

READVERTISEMENT.

Boston, April 22, 1898.

Sealed proposals for the collection and removal of house offal from the Brighton District will be received at the office of the Superintendent of Streets until 12 o'clock M. of Monday, May 2, 1898, at which time and place they will be publicly opened and read. Proposals must state the terms for collection and removal per year, it being understood that the offal is to be removed to some point without the city limits, and in no event will offal be allowed transportation across the ferries or through any streets of the city proper. The contractor must provide his own market for the sale or disposal of all offal collected.

The city will furnish the offal carts, and the contractor the necessary horses and men. Form of contract and the official map of the district may be seen at the office of the Superintendent of Streets, 47 City Hall. The contract is to cover a term of three (3) years, beginning June 1, 1898, dependent on the proper appropriations from time to time by the city, or unless a different method of disposing of said offal is adopted by the Superintendent of Streets. Proposals must be accompanied by a properly certified check for \$100, and a bond will be required for the faithful performance of the contract. The Superintendent of Streets reserves the right to reject any and all proposals, should he deem it for the interest of the city so to do.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

STREET DEPARTMENT.—FERRY DIVISION.

PROPOSALS FOR COAL.

Boston, April 22, 1898.

Sealed proposals will be received at the office of the Superintendent of Streets, Room 47, City Hall, Boston, until Saturday, April 30, 1898, at 12 o'clock noon, at which time and place they will be publicly opened and read, for furnishing and delivering in the sheds on the ferry wharves of the City of Boston, 7,000 tons, more or less, of Georges Creek Cumberland coal, or its equivalent, 1,000 tons to be delivered on or before May 14, 1898, the balance as ordered on or before January 31, 1899. Proposals will state the particular kind and price per ton of 2,240 pounds, delivered as above, including all cost and expenses of weighing by a weigher appointed by the City of Boston, and stevedoring the same to the satisfaction of the Superintendent of Streets. Said proposals must be accompanied by a properly certified check for \$500, made payable to the City of Boston, said check to be forfeited to the city in case of failure to appear and sign the contract within five days from date of award; a bond, with sureties or a deposit of money or other security satisfactory to the Superintendent of Streets, will be required for the faithful performance of the contract; the Superintendent of Streets reserves the right to reject any and all proposals, should he deem it for the best interests of the city so to do.

BENJAMIN W. WELLS, Superintendent of Streets.

NOTICE.

TO THE HONORABLE THE BOARD OF ALDERMEN:

April 23, 1898.

The undersigned respectfully petition for permission to project from building 40 and 42 North street, Ward 6, a permanent awning to project over the sidewalk. Said awning to be built of galvanized iron—to cover a frontage of about forty feet and to project the width of the sidewalk.

W. H. RUDD, SON & CO.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 25, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the ninth day of May, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy. JOHN T. PRIEST, Assistant City Clerk.

Attest: JOHN T. PRIEST, Assistant City Clerk.

NOTICE.

Boston, April 11, 1898.

The New England Telephone and Telegraph Company of Massachusetts respectfully petitions the Mayor and Board of Aldermen of the City of Boston, Massachusetts, for a location for its poles and wires thereon, in the following-named streets and highways of said city, locations to be as shown on the map or plan filed.

Said company agrees to reserve space at the top of all the above poles for telephone, fire-alarm and police signal wires owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

O street, between Seventh and Eighth streets, Ward 14; Blue Hill avenue, at Neponset bridge, Ward 24 (one pole).

The New England Telephone and Telegraph Company of Massachusetts.

By JASPER N. KELLER, General Manager.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 22, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested, that this Board will, on Monday, the second day of May, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in THE CITY RECORD.

Passed.

A true copy. JOHN T. PRIEST, Assistant City Clerk.

Attest: JOHN T. PRIEST, Assistant City Clerk.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

April 20, 1898.

The undersigned request permission to project from building No. 3 School street, Ward 6, one bay-window of the following description: To project from second story over School street. Dimensions: Six feet high, 3 feet wide and 1 foot over line of street.

DAMRELL & UPHAM.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

April 20, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the ninth day of May, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

April 21, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Spencer street, at Dorchester, from Wheatland avenue to Talbot avenue, be laid out as a highway, and constructed by grading and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the sixth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF

THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, MAY 5, 1898.

Number 18.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENTS CONFIRMED.

The Board of Aldermen on May 2, 1898, confirmed the following appointments made by His Honor the Mayor (see THE CITY RECORD, page 275):

Conrad J. Rueter, to be a Trustee of the City Hospital for five years, beginning May 1, 1898.

Frederick E. Atteaux, to be a Trustee of the Cemetery Department for five years, beginning with the first day of May, 1898.

John F. Clark, to be a constable for one year, beginning May 1, 1898.

Frank L. Bowker, to be a Surveyor of Marble, Freestone and Soapstone for one year, beginning May 1, 1898.

Ebenezer Barrett, to be a Measurer of Grain for one year, beginning May 1, 1898.

Joseph P. Carmody, to be an Inspector of Pressed or Bundled Hay and Straw for one year, beginning May 1, 1898.

NEW ROOMS FOR EAST BOSTON COURT.

The Board of Aldermen, acting as County Commissioners for the County of Suffolk, on May 2 passed an order assigning as the place for holding the sessions of the East Boston District Court, the rooms in the city building on Paris street, recently occupied by the

Austin School, the same to be occupied by said court from and after May 9, 1898.

SCHOOL COMMITTEE.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason street, on Tuesday, April 26, at 7.30, President Huggan in the chair, and all the members present except Mrs. Ames.

The Chair read the following communications:

(1.) IN COMMON COUNCIL.

April 21, 1898.

Ordered, That the School-house Committee of the School Committee be requested, through His Honor the Mayor, to erect a two-room portable building in the school yard of the Morton-street School, to be used for primary classes.

IN COMMON COUNCIL.

April 21, 1898.

Referred to His Honor the Mayor.

TIMOTHY L. CONNOLLY, President.

OFFICE OF THE MAYOR.

April 22, 1898.

Respectfully referred to the School Committee, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on School-houses.

(2.) IN COMMON COUNCIL.

April 21, 1898.

Ordered, That the School Committee be requested, through His Honor the Mayor, to erect a flagstaff in the yard of the Florence-street School, Ward 23.

IN COMMON COUNCIL.

April 21, 1898.

Referred to His Honor the Mayor.

TIMOTHY L. CONNOLLY, President.

OFFICE OF THE MAYOR.

April 22, 1898.

Respectfully referred to the School Committee, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on School-houses.

(3.) IN COMMON COUNCIL.

April 14, 1898.

Ordered, That His Honor the Mayor be, and he hereby is, requested to ask the School Committee to allow the land adjoining the Plummer School to be used by the children of the First Section, East Boston, as a playground.

IN COMMON COUNCIL.

April 14, 1898.

Referred to His Honor the Mayor.

JOSEPH O'KANE,
Clerk of the Common Council.

(4.) OFFICE OF THE MAYOR,

April 16, 1898.

Respectfully referred to the School Committee, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on School-houses.

(5.) OFFICE OF CITY CLERK,

City Hall, April 15, 1898.

THORNTON D. APOLLONIO, Esq., Secretary
School Committee.

MY DEAR SIR: I would respectfully call your attention to Chapter 174 of the Acts of the Legislature of this year, entitled "An Act Relative to the Taking of Land for School Purposes in the City of Boston."

Respectfully,

J. M. GALVIN, City Clerk.

Placed on file.

(6.) OFFICE OF THE CITY CLERK,

City Hall, April 15, 1898.

THORNTON D. APOLLONIO, Esq., Secretary
School Committee.

MY DEAR SIR: I would respectfully call your attention to Chapter 228 of the Acts of the Legislature this year, entitled "An Act Relative to the Construction of School-houses in the City of Boston."

Respectfully,

J. M. GALVIN, City Clerk.

Placed on file.

(7.) IN COMMON COUNCIL.

April 14, 1898.

Ordered, That the report of the Board of Health, in regard to the sanitary improvements needed in the Dudley School-house, be referred to the School Committee, with a

request that said committee take immediate action towards providing said improvements.

Passed. Sent up for concurrence. In Board of Aldermen, April 18, concurred.

A true copy.

Attest: JOHN T. PRIEST,
Assistant City Clerk.

HEALTH DEPARTMENT,

Old Court House, April 13, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: In answer to the order of the Common Council, bearing date of 7th inst., concerning the sanitary condition of the Dudley School-house, the Board of Health begs to state that, on examination of this school-house in December last and again on the 12th inst., we find no traps to sinks. The water-closets and urinals situated in the basement are inadequately flushed, and some of them are out of order. The basement is unventilated, and offensive odors from the closets and urinals reach the school rooms. The ventilating apparatus for the school rooms appears to be ineffective, and complaints are made of strong down drafts through the exhaust ducts, making the school rooms at times very uncomfortable.

To remedy this faulty condition the Board would respectfully recommend that the ventilating shafts be extended through the roof, and provided with sufficient power by fan or heat to secure an adequate and constant upward current of air. That the urinals and closets in the basement be repaired, and provided with better means of flushing and ventilation.

Very respectfully,

The Board of Health,

SAMUEL H. DURGIN, Chairman.

Referred to the Committee on School-houses.

On the recommendation of the Committee on Nominations, the resignations of three teachers were accepted; the nominations of two special assistants and four temporary teachers were confirmed; the nominations of four teachers on probation were confirmed; the nomination of one permanent teacher was confirmed; the transfer of three teachers was confirmed; and nine teachers were granted leave of absence.

On the recommendation of the Committee on Truant Officers, it was

Ordered, That John H. Westfall, truant officer, be granted leave of absence for the purpose of serving in the navy during the present war, and that his salary be continued until September 1, 1898, with the understanding that he shall be immediately reinstated in his present position upon his return.

On the recommendation of the Committee on School-houses, it was ordered:

(1.) That the \$35,812 appropriated January 4, 1897, out of the amount granted the School Committee, under Chapter 408 of the Acts of 1895, for Elm street, Charlestown, primary school-house site, be transferred to new primary school-house, Charlestown, site.

(2.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: New primary school-house, Baker street, \$30,000.

(3.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: New primary school-house, Warren District, \$50,000.

(4.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: New primary school-house, Webster avenue, \$50,000.

(5.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: New primary school-house, Thomas N. Hart District, \$50,000.

(6.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriations be made:

Quincy-street School-house, addition	\$72,000
New primary school-house, Munroe street	50,000
Temporary wooden building in yard of Morton-street School-house	2,700
Temporary wooden building in yard of old Gibson School-house	2,700

(7.) That the Committee on School-houses be directed to advertise for proposals for selling to the city a lot of land in Roxbury, containing about twenty-five thousand (25,000) square feet, for a site for a new grammar school-house, within the territory bounded approximately by South Huntington avenue, Evergreen street, Day street and Hutchins avenue, in accordance with the provisions of Chapter 202 of the Acts of 1897; and said committee are hereby authorized to give a hearing, as provided for by said act, and make a report thereon to this Board.

(8.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: New primary school-house, Forest Hills, \$30,000.

(9.) That of the amount granted to the School Committee, under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: Old Gibson School-house lot, enlargement, \$5,510.08.

(10.) That the sum of twenty-six thousand three hundred and twelve (26,312) dollars, voted by this Board January 4, 1897, as payment for premises situated and numbered two and three on Howard place, premises situated and numbered seventeen on Elm street, in that part of Boston formerly Charlestown, be transferred to the appropriation for primary schools.

(11.) That the sum of nine thousand five hundred (9,500) dollars, voted by this Board January 4, 1897, as payment for premises situated and numbered twenty-three on Elm street, in that part of Boston formerly Charlestown, be transferred to appropriation for primary schools.

Mr. Strange, for the same committee, to whom was referred, February 8, a communication from the City Council, through His Honor the Mayor, that the School Committee be requested to select a site and establish a new grammar school in Ward 23, in the vicinity of Hyde Park avenue and Walk Hill street, reported that the City Council be re-

spectfully informed, through His Honor the Mayor, that a site containing 30,000 square feet has already been acquired in that locality, on which it is proposed to build a new primary school-house this year, which your committee believe will provide for the present needs of that district.

Accepted, and ordered to be sent to His Honor the Mayor.

Mr. Strange, for the same committee, to whom was referred, February 8, a communication from the City Council that the School Committee be requested to take such steps as may be necessary to secure the erection of a new grammar school building near the primary school-house on Morton street, reported that in making up the list of new school-houses to be erected during the present year, they gave the situation in Dorchester very thorough consideration. They are well aware of the rapid growth of that section of the city, and are fully impressed with the necessity of providing it with adequate school accommodations. They must, however, give an equal consideration to the needs of other sections of the city and as the Board cannot build this year all the school-houses that have been asked for, they are obliged to make such recommendations as they believe will meet the more urgent necessities. Your committee have endeavored to recommend all the additional school accommodations for Dorchester that a due regard for the conditions existing elsewhere would permit, and propose to erect a two-room temporary building in the yard of the Morton-street School-house to relieve the crowded condition of that building. They must, therefore, reluctantly report that it is inexpedient to erect a new grammar school-house as suggested in the communication referred.

Accepted, and ordered to be sent to the City Council.

Mr. Strange, for the same committee, to whom was referred, April 12, a petition signed by Frederick Charles Alpin and thirteen others, that the use of the school-house lot on Paul Gore street, Jamaica Plain, as a playground, be not granted this year, reported that they do not intend to recommend that such use of the lot be authorized this year, and recommend that no further action by the Board is necessary.

Accepted, and the recommendation of the committee adopted.

Mr. Strange, for the same committee, to whom were referred, February 8, a communication from the City Council, through His Honor the Mayor, requesting the School Committee to appropriate the sum of \$60,000 for the construction of a new eight-room primary school-house on Leon street, Ward 19, and, February 23, an order, requesting them to report the name of an architect for a new building on this site, and, March 22, a petition, signed by M. H. Cleary and 133 others, urging the construction of such a building, reported that they have given the matter careful consideration, and had hoped to be able to make a favorable report thereon, but the demand for additional school accommodations in other sections of the city is so urgent, and the necessities elsewhere so great, that they are obliged to report that the sum to be expended this year for new accommodations is insufficient to warrant this work being undertaken in connection with that already planned.

Accepted, and ordered to be sent to His Honor the Mayor.

On the recommendation of the Committee on High Schools, it was

Ordered, That the annual parade of the School Regiment take place on Friday, May 13, 1898, and that the annual prize drills take place on May 31, June 1, 2 and 3, 1898.

Mr. Davison, for the Committee on Supplies, to whom was referred, April 12, 1898, an order concerning the printing of the Outlines of Lessons in Drawing for 1898-99, reported the following order:

Ordered, That the Outlines of Lessons in Drawing for 1898-99 be issued as a school document, with illustrations, and that 2,000 copies of said document be printed.

The Board adjourned at 11.03 P.M., to May 10, at 7.30 P.M.

INSTRUCTION IN SWIMMING FOR LONDON SCHOOL CHILDREN.

The London School Board has done a great deal to encourage the children under its care to learn to swim. Tickets signed by the head teacher, and stamped with the name of the school, are issued to those who can afford it at one penny (two cents) each, but to those who are too poor a special voucher is given freely, the Board redeeming them when a sufficient number has been presented. Many youngsters are not satisfied with getting a free ticket, which they can only have once a week, but manage to pay for a bath at the 1d. rate in addition. The time spent in learning swimming counts as part of the regular school hours.

Swimming instruction is given at most of the baths by competent instructors. The charge of 6d. per lesson, or 5s. per course of twelve (12 cents and \$1.25 respectively), as at Edinburgh, is a very usual one, children paying half-price. In 1895 the London Schools' Swimming Association taught over 10,000 boys and girls to swim—many of the class who would not otherwise have seen the inside of a swimming bath. The association is worked entirely by School Board teachers, who not only give their services voluntarily, but are often out of pocket in defraying the many expenses entailed. Nearly 300 schools are affiliated to the Central Council at the low fee of 1s. per annum. These schools are situated all over the London postal district, and are grouped into suitable branches, of which there are now twenty-two, each school communicating with the Central Council through the Branch Secretary. Each branch sends one representative to the Central Council for every six schools affiliated. Hoxton has eleven schools, which pay 2s. 6d. affiliation fee to the branch, which pays their affiliation fee to the Central Council. A very pretty first class certificate, designed by Walter Crane, is awarded to every boy swimming a hundred yards, and to every girl swimming fifty

yards, an examination fee of 3d. being charged.

The "Daily Chronicle" Challenge Shield is held for one year by the boys' school having the largest number of these certificates, compared with the number above the age of ten years on the roll of the school. The "Fabian" Challenge Shield is held by the girls' school fulfilling the same conditions. The event of the year is the central championship competition, and leaders in the swimming world agree that it is the best all-around show ever given by children, the diving and the competition of four boys' teams and four girls' teams for the Life-saving Society's medals and certificates being especially commended.

Teachers are encouraged to learn to swim by the granting of certificates to all who can dive (optional for ladies), swim one hundred yards (ladies fifty yards), part to be done on the back, and satisfy the judges of their power to teach swimming and life-saving. Candidates are expected to answer questions on the theory and method of teaching, and to criticize faulty swimming, as well as to be able to effectively rescue by any two of the four methods and to know thoroughly the resuscitation drill on the Sylvester method. Examiners are appointed by the Southern Counties Amateur Swimming Association, and the Life-saving Society and the London Schools' Swimming Association.

In 1895 the London Schools' Swimming Association expended £86 2s., while its income was only £59 9s. 6d. Subscriptions amounted to £20 9s. 6d., the remainder of the receipts coming from affiliation fees, sale of tickets and programmes at the annual competition, etc. The association provided medals for the branch championship at a cost of £22 19s. 8d. in 1895, but all the trophies are given by interested friends.—[From Report on Public Baths and Public Comfort Stations, by the Mayor's Committee of New York City, 1897.]

CITY CLERK DEPARTMENT.

The Report of the City Clerk Department for the fiscal year ending January 31, 1898, constituting Document 7, is summarized in the following table:

NUMBER OF PAPERS RECORDED.	
Mortgages, bills of sale, etc.	8,790
Assignments of wages	1,836
Married women's certificates	539
Liens on vessels	127
Fence viewers' certificates	8
Descriptions of devices and utensils used in trade	9
LICENSES ISSUED.	
Amusements	202
Minors' licenses (newsboys and boot-blacks)	1,935

MISCELLANEOUS.

Petitions and orders acted upon by Board of Aldermen (1897)	3,748
Number of liquor license bonds filed	1,261
Trustee writs and suits against city	1,023
Assignments for benefit of creditors filed	340
Number of laborers' liens filed	52
Petitions for assessment of damages by jury filed	70
Number of constables' bonds approved and on file	134
Accident notices filed	399
Permits to erect buildings for stables (issued)	27
Permits for bay-windows (issued)	108
Number of jurors drawn by Board of Aldermen (1897)	1,447

Of the 399 accident notices filed with the Department during the year, 164 were filed as a result of the explosion at the corner of Boylston and Tremont streets, March 4, 1897, for personal injuries and damages to property.

Fifty meetings were held by the Board of Aldermen, including special meetings.

The returns of election expenditures are as follows:

STATE ELECTION.

Number of reports filed	31
Amount expended (total)	\$30,265 70

CITY ELECTION.

Number of reports filed	31
Amount expended	\$27,885 95

HARBOR RULES.

The full text of the regulations governing navigation in Boston Harbor during the present crisis, as issued by Lieutenant Sewell of the United States Engineers Corps, is:

Submarine mines having been placed in position in connection with the defences of Boston harbor, the following regulations for the safe navigation of the channels by friendly vessels and for the protection of the defences are hereby established by authority of the Secretary of War.

1. No vessel will be allowed to enter or leave the harbor between the hours of 8 P.M. and 4 A.M. During this interval vessels must not come inside of Boston Light, nor pass below Spectacle Island.

2. Patrol boats will be stationed above and below the defences. These boats are authorized to stop vessels to inquire into their character or to instruct them how to pass through the mine fields. The orders of the patrol boats must be strictly obeyed.

3. Sailing vessels, and all small vessels drawing three feet or less, can pass safely through any part of the channels during the daytime.

4. For steam vessels drawing over three feet, the entrance to Nantasket Roads by George's Island, and the entrance from Broad Sound into President Roads, will be dangerous at all times, and must not be attempted.

5. Steamers must pass in and out by the main ship channel only, and, so far as possible, at high tide. Between Long Island and Deer Island a special channel will be buoyed, and must be followed by all steamers.

6. The safe anchorage grounds in Nantasket Roads are now much restricted; vessels desiring to anchor there can obtain

special instruction from the patrol boats; the same is true of President Roads. The custom, common among sailing vessels, of entering these anchorage grounds with anchors trailing, must be totally discontinued.

7. All vessels are warned that disregard of the foregoing instructions will subject them to serious risk of destruction by submarine mines, and may draw upon them the fire of the batteries on shore.

REGULATIONS RELATING TO GUNPOWDER.

The following revised regulations relating to the handling and sale of gunpowder have been promulgated by the Fire Commissioner:

Section 1. No person, except on military duty in the service of the United States, or of this Commonwealth, or as authorized in the license issued therefor by the Fire Commissioner, and in accordance with these regulations, shall sell gunpowder within the city, or bring into, or carry or convey or keep in, the city more than one pound of gunpowder.

Sect. 2. Any person licensed to bring gunpowder into the city may bring into the harbor of said city, and there keep in a vessel approved by said Commissioner and in such place on the waters adjoining South Boston as he shall approve, gunpowder in such quantities as shall be authorized by the Board of Aldermen and specified in his license, and in such manner as shall be approved by said Commissioner; but no such vessel shall at any time be brought within 600 feet of any wharf or any part of the mainland.

Sect. 3. Any person licensed to convey gunpowder in a boat may convey, in a boat which has been approved by said Commissioner, and which displays at the bow and stern a red flag so long as it has any gunpowder on board, and which has the powder covered with canvas or other suitable covering, gunpowder not exceeding six quarter-casks each of twenty-five pounds and each cask tight, and enclosed in a strong leather bag closely tied and legibly marked with the word "gunpowder;" and may deliver the same on board of any vessel lying at any wharf or at anchor in the harbor, or may deliver to any person licensed to receive the same at any wharf designated in the license, not exceeding four of said quarter-casks, and shall deliver to the person in charge of the vessel or wharf a copy of the following section of these regulations at the time the powder is so delivered.

Sect. 4. No person in charge of a vessel on which more than one pound of gunpowder has been placed shall allow such vessel with gunpowder on board, to remain for more than three hours within 600 feet of any wharf or mainland of said city, and no person in charge of any wharf shall allow more than one pound of gunpowder to remain on the wharf for a longer time than is necessary for its removal.

Sect. 5. Any person licensed to convey gunpowder in a vehicle may, in a vehicle

approved by said Commissioner, convey within the city gunpowder not exceeding four quarter-casks of twenty-five pounds each, each cask tight, and enclosed in a strong leather bag closely tied and legibly marked with the word "gunpowder;" and such person shall keep such bags tied as aforesaid and deliver them only to a person licensed to keep gunpowder, and at a place designated for such keeping.

Sect. 6. Any person licensed to sell gunpowder at wholesale or retail may keep gunpowder not exceeding three quarter-casks of twenty-five pounds each, to sell in casks only, each cask tight, and enclosed in a strong leather bag closely tied and legibly marked with the word "gunpowder," and may keep in addition, for retailing, thirty pounds of gunpowder in tin or copper canisters, with tin or copper coverings thereon, said casks and canisters deposited in a copper chest with a copper handle at each end, and a tight copper cover furnished with copper hinges and locked with a copper padlock, and, unless otherwise specified in his license, placed on the lower floor within six feet of the door over which the sign provided for in Section 9 is placed; and no person, except a person so licensed, shall open said chest, and then only for as short a time as is consistent with proper care in placing or removing said casks tied as aforesaid, or said canisters unopened.

Sect. 7. Any person licensed to keep gunpowder for use or to sell at wholesale may keep on hand not exceeding four quarter-casks of twenty-five pounds each, to sell in casks only, each cask tight, and enclosed in a strong leather bag closely tied and legibly marked with the word "gunpowder," and deposited in a copper chest with a copper handle at each end, and a tight copper cover furnished with copper hinges and locked with a copper padlock, and, unless otherwise specified in his license, placed on the lower floor within six feet of the door over which the sign provided for in Section 9 is placed; and no person, except a person so licensed, shall open said chest, and then only for as short a time as is consistent with proper care in placing or removing said casks in bags closely tied as aforesaid.

Sect. 8. Any person licensed to sell gunpowder at retail may keep gunpowder not exceeding thirty pounds thereof in tin or copper canisters with a tin or copper cover thereto, and in a tin, copper, or zinc chest approved by said Commissioner, which shall, unless otherwise specified in his license, be kept within six feet of the door over which the sign provided for in Section 9 is placed; and no person, except a person licensed thereto, shall open said chest, and then only for as short a time as is consistent with proper care in placing or removing said canisters unopened.

Sect. 9. Every person licensed to keep and sell gunpowder shall have and keep in a prominent place upon the vessel, or over the outside of the principal entrance from the street, of the building in which such powder is kept, a sign, on which shall be painted in capitals the words "Licensed to keep and sell gunpowder."

Sect. 10. No person shall sell to any child under the age of sixteen years, without the written consent of a parent or guardian of such child, any cartridge or fixed ammunition of which any fulminate is a part.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending April 30, 1898, are as follows:

Death rate for the week	19.4
Death rate for corresponding week, 1897	26.2
Number of deaths:	
Males	112
Females	86
Total	198
Total deaths in corresponding week, 1897	261
Decrease	63

Of the 198 decedents, 188 were white and 10 colored; 124 were born in the United States, 71 in foreign countries, and the birthplace of 3 unknown; 48 were of American parentage, 125 of foreign parentage, and 25 were of unknown parentage.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	24	5
Scarlatina	19	1
Typhoid fever	7	3
Measles	44	0

Total	776

Messages from the Mayor.**TO THE BOARD OF ALDERMEN.**

A regular meeting of the Board of Aldermen was held Monday, May 2, 1898, in the Aldermanic Chamber, City Hall, at 3 P.M., Chairman Conry presiding, and all the members present.

The following messages were received:

Appointments.

Communications were received from His Honor the Mayor, making the following appointments, subject to confirmation on the part of the Board:

(1.) Samuel Hichborn, Edward B. Daily, John H. Donovan, to be members of the Board of Assessors, for the term ending April 30, 1901.

(2.) Charles F. Folsom, to be a member of the Board in charge of the Department of Municipal Statistics, for the term ending April 30, 1903.

(3.) Alton F. Dow, Measurer of Grain, for the term ending April 30, 1899.

(4.) Thomas F. Brennan, A. D. Clark and Thomas Colbert, Weighers of Coal, for the term ending April 30, 1899.

Severally laid over, under the law.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

You are hereby notified that I have this day appointed Joseph J. Corbett a member of the Board of Election Commissioners for the term ending April 30, 1902.

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

You are hereby notified that I have this day appointed Henry S. Russell Fire Commissioner for the term ending April 30, 1901.

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

You are hereby notified that I have this day appointed Ernest C. Marshall Penal Institutions Commissioner for the term ending April 30, 1901.

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

You are hereby notified that I have this

day appointed John R. Murphy Water Commissioner for the term ending April 30, 1901.

Respectfully,

JOSIAH QUINCY, Mayor.

Severally sent down.

Bathing in Public.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

Section 59 of Chapter 43 of the Revised Ordinances of 1892 provides that "No person shall swim or bathe in any of the waters surrounding or within the city so as to be visible from any dwelling-house, wharf or street." This ordinance was passed before the establishment of bath-houses for beach bathing at the Marine Park, South Boston, and at the North End Park, as well as at other points, and is not applicable to present conditions. As large numbers of people are guilty of a technical violation of the ordinance in its present form, I desire to recommend that it be amended in accordance with a draft submitted herewith, so as to permit bathing at bathing establishments or bath-houses maintained by or under the authority of the city.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

An ordinance to amend Chapter 43 of the Revised Ordinances of 1892 relative to bathing.

Section 59 of Chapter 43 of the Revised Ordinances of 1898 is hereby amended by adding the following at the end thereof:

"Provided, however, that swimming or bathing from any bathing establishment or bath-house conducted by or under the authority of any department of the city government shall be allowed under such rules and regulations as may be established by the officer or officers in charge of said department, with the approval of the Mayor."

Referred to the Committee on Ordinances.

Acts Relating to Boston.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

Last year the City Council authorized the printing as a city document of the special acts relating to the City of Boston passed by the Legislature of 1897. These acts were printed in a uniform style with the volume of "Special Statutes Relating to the City," compiled by the City Solicitor by authority of the City Council, the last edition of which included the laws passed in 1896. It seems very desirable to have the special laws affecting the city published annually as a city document, serving also as a supplement to the above-mentioned compilation, so that it may be kept con-

stantly up to date. Instead of recommending the passage of an order providing merely for the publication as a city document of the special acts of the present year, I desire to recommend the passage of the accompanying amendment to the ordinance, so that such publication may be permanently provided for.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

City of Boston, in the Year One Thousand Eight Hundred and Ninety-eight. An Ordinance to amend Chapter 28 of the Revised Ordinances of 1892 relative to the Printing Department.

Be it ordained by the City Council of the City of Boston, as follows:

Section 2 of Chapter 28 is hereby amended by inserting in the twenty-second line thereof, after the words "list of the documents therein," the following:

"Said Superintendent shall annually print, in a style uniform with, and as a supplement to, the 'Statutes Relating to the City of Boston,' an edition of one thousand copies of the laws passed by the Legislature of Massachusetts each year relating to the City of Boston; shall, from said copies, deliver, as soon as printed, 300 copies thereof to the Mayor, and shall deliver the remainder thereof to the City Messenger for distribution."

Referred to the Committee on Ordinances.

Bicycle Path Across Common.

OFFICE OF THE MAYOR,

City Hall, May 2, 1898.

TO THE CITY COUNCIL:

Various petitions have been presented to the City Government in the past asking for the laying out of a pathway for the use of bicyclists across the Common, from about the corner of Charles and Boylston streets to the corner of Park and Tremont streets. I believe, after looking into the matter with some care, that such a path, in connection with a place on the Common at the latter corner next the Subway station at which bicycles could be checked, would prove a great accommodation to a large number of persons who use, or would like to use, bicycles as a means for going to and fro daily from their business, and that the laying out of such a path, if its use were governed by proper regulations, would not materially interfere with the use of the Common by pedestrians, or endanger their safety. In order to bring the subject before the City Council for its consideration, I desire to recommend the passage of the accompanying order for this purpose, and I trust that it may be favorably acted upon at an early date.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Public Grounds be authorized, after a plan for the same has been made by the City Engineer and approved by the Mayor, to construct a new path, or to set aside in part or in whole any existing paths, across the Common from the corner of Charles and Boylston streets to the corner of Park and Tremont streets, for the use of bicyclists exclusively, and that such use thereof be authorized under such rules and regulations, which shall, among other things, restrict riders to a speed not exceeding seven miles per hour, as may be established by said Superintendent, with the approval of the Mayor.

The communication and order were referred to the Committee on Ordinances.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, April 28, 1898, Mr. Bigelow of Ward 25, senior member, presiding in the absence of President Connolly.

The following messages from His Honor the Mayor were received:

Public Landing—Strandway.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order requesting the Board to prepare an estimate for the construction and maintenance of a public landing outside the Strandway, for the accommodation of yachts and small craft.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS.

March 16, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In regard to the order of the Common Council, requesting this Board to prepare an estimate for the construction and maintenance of a public landing outside the Strandway for the accommodation of yachts and small craft, we beg to report that the wall will probably be completed at Q street, the site of the proposed landing, in about six weeks. A ground plan for wharf, buildings, gangways, etc., has been prepared by the Engineer of this Department, the estimate of cost for which is approximated at \$19,000. The cost of maintenance and the cost of floats will be borne by the Park Boat Service, under our contract with Mr. Sheldon, excepting wear and tear of the structures, which will be borne by the Department.

The plan provides landings for two steamboats and one for steam launches and sufficient accommodation for 200 row-boats or yacht tenders. It is thought that this landing can be completed by about July 1, and that, in view of the fact that Mr. Sheldon's temporary landing will be available to the

public, further temporary accommodations are unnecessary.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Ordered printed and assigned to the next meeting.

Ball Playing—Charlestown Playground.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order, referred to me, requesting the said Board to permit ball playing at the Mystic Playground, Charlestown.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS.

April 27, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: With regard to the order of the Common Council, requesting this Board to permit base ball playing at the Mystic Playground, we beg to report that, at the earnest representations of abutters, whose property was being damaged by ball games by the big boys, we have voted to limit the sport to boys under twelve years of age.

We have already pointed out that any use which would curtail the usefulness of the playground for small boys and girls would be a pity, as it is located in a district lacking in open spaces for children. The larger boys can find accommodation at Charlestown Playground, which has sufficient area to permit of its being used for a ball ground.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Placed on file.

New School, Ward 23.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the School Committee, in reply to your order, referred to me, requesting the School Committee to select a site and establish a new grammar school in Ward 23, in the vicinity of Hyde Park avenue and Walk Hill street.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

April 26, 1898.

The Committee on School-houses, to whom was referred, February 8, a communication from the City Council, through His Honor the Mayor, that the School Committee be requested to select a site and establish a new grammar school in Ward 23, in the vicinity of Hyde Park avenue and Walk Hill street, report that the City Council be respectfully informed, through His Honor the Mayor, that a site containing 30,000 square feet has already been acquired in that locality, on which it is proposed to build a

new primary school-house this year, which your committee believe will provide for the present needs of that district.

For the Committee,

THOMAS F. STRANGE, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

THORNTON S. APOLLONIO, Secretary.

Sent up.

Bicycle Track—Marine Park.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order requesting the Board to submit an estimate of the cost of placing a bicycle track in Marine Park.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS,

Jamaica Park, March 16, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In regard to the order of the Common Council, requesting this Board to send to the Council an estimate of the cost of placing a bicycle track on Marine Park, our Superintendent reports that after looking over the ground closely he is unable to find any space on which a bicycle track could be constructed. The want of space of itself, apart from other considerations of importance, will not permit of it.

The cost of a cinder bicycle track of medium width, say twenty feet, including a reasonable amount of grading, would be about \$1.10 per lineal foot; if of macadam, the cost would be about \$1.30 per lineal foot.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Placed on file.

New School—Leon Street.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the School Committee, in reply to orders of the City Council, requesting them to appropriate the sum of \$60,000 for the construction of a new eight-room primary school-house on Leon street, Ward 19, and to report the name of an architect for a building on this site.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

April 26, 1898.

The Committee on School-houses, to whom were referred, February 8, a communication from the City Council, through His Honor the Mayor, requesting the School Committee to appropriate the sum of \$60,000 for the construction of a new eight-room primary school-house on Leon street, Ward 19, and February 23, an order requesting them to report the name of an architect for a new

building on this site, and, March 22, a petition signed by M. H. Cleary and 133 others, urging the construction of such a building, report that they have given the matter careful consideration, and had hoped to be able to make a favorable report thereon, but the demand for additional school accommodations in other sections of the city is so urgent, and the necessities elsewhere so great, that they are obliged to report that the sum to be expended this year for new accommodations is insufficient to warrant this work being undertaken in connection with that already planned.

For the Committee,

THOMAS F. STRANGE, Chairman.

Accepted.

A true copy. Attest:

THORNTON D. APOLLONIO.

Sent up.

Sale of City Property.

OFFICE OF THE MAYOR,

City Hall, April 28, 1898.

TO THE CITY COUNCIL:

I desire to recommend the passage of the accompanying order, authorizing the Superintendent of Streets, with the approval of the Mayor, to sell the property owned by the city in East Boston, now used for a paving and sewer yard, and appropriating the proceeds received from such sale for the construction of buildings on the wharf property in East Boston, acquired by the Street Department last year, to be occupied by the Paving, Sewer, Street-Cleaning and Sanitary Divisions of the Street Department.

The new site was purchased last year on account of the greater convenience of having these yards located upon the water front, and it is desirable that buildings to make the new location available should be provided as soon as possible; and the only way to secure the amount required to erect these buildings during the present year seems to be by applying the proceeds from the sale of the present yard to their construction.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Streets be authorized, with the approval of the Mayor, to sell the estate owned by the city on Paris, Marion and Chelsea streets, East Boston, now used as a yard for the Paving and Sewer Divisions of the Street Department.

Ordered, That the proceeds received from such sale be appropriated for the construction of buildings upon the estate purchased last year for the use of the Street Department on Chelsea street, East Boston, the same to be used for the Paving, Sewer, Street-Cleaning and Sanitary Divisions of the Street Department.

The orders were passed and the message and orders sent up.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following were approved April 27, 1898:

Ordered, That His Honor the Mayor be authorized to expend not exceeding the sum of \$2,500 toward the expense of entertaining the members and guests of the American Association of Science on the occasion of the meeting of said association in this city on August 22 and 27 next. The expense to be charged to the appropriation for City Council, Incidental Expenses.

By the Board of Aldermen.

The following were approved April 25, 1898:

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets made by C. A. Perkins; said poles to be located, as follows:

Lamartine street, Ward 22, seven poles, forty-five feet by sixteen inches, width of sidewalk eight feet, plan dated November, 1889.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to remove seven poles from Lamartine street, said poles being shown by red dots marked "removed," on a plan made by C. A. Perkins, dated November, 1889, and deposited in the office of the Superintendent of Streets.

The following were approved April 27, 1898:

Permits to project signs, etc., as follows:

John W. Broome, two barber poles, at 6 Blossom street, Ward 8; G. O. Goldsmith, a sign, at 47 Pitts street, Ward 8.

Orders authorizing permits to move wooden buildings, as follows:

John Cavanagh & Son Building Moving Company, from one location to another on Quincy street, Ward 16.

H. S. Angus, from Rockland street to Mount Vernon street, Ward 25.

H. S. Angus, from one location to another on Mount Vernon street, Ward 25.

H. S. Angus, from No. 17 to No. 16 North Harvard street, Ward 25.

J. J. & P. M. Ahern, from 301 Boston street to Clapp street, corner Massachusetts avenue, Ward 16.

J. J. & P. M. Ahern, from 153 Columbia road to 305 Quincy street, Ward 20.

John Soley, from corner Columbia road and Stanwood street to north side of Devon street.

John Soley, from 36 Columbia road, Ward 20, to Baker place, Ward 16.

John Soley, from Boston street, corner Edward Everett square, to Massachusetts avenue, near Clapp street, Ward 16.

John Soley, from 245 Princeton street, Ward 1, to 431 Chelsea street, Ward 1.

T. J. Billings, from Columbia road and Hancock street to Boston street, Ward 16.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built from the materials specified, with granite edgestones, viz.:

Charles E. Barnes, 43 Virginia street, Ward 16; artificial stone.

J. McAnirlin, 225 Blue Hill avenue, Ward 21; artificial stone.

W. W. Morse, 446 Talbot avenue, Ward 24; artificial stone.

Wood, Pollard & Co., 617-631 Atlantic avenue and 197-199 Summer street, Ward 7; artificial stone.

Wm. J. Carlin, 1508-1518 Tremont street, Ward 19; artificial stone.

Joseph I. Stewart, Geneva avenue, corner Bloomfield street, Ward 20; artificial stone.

John L. Manson, 5-11 Edson street, Ward 24; artificial stone.

S. E. Paige, on Jay street, Ward 14; brick.

Charles M. Titus, Clifton and Burrill streets, Ward 17; brick.

B. F. Nay, 221-223 London street, Ward 2; brick.

Ordered, That permission be hereby granted to the New England Telephone and Telegraph Company of Massachusetts to lay and maintain underground conduits for electric wires and cables, provided with suitable manholes, in A street, Ward 13; Broadway, Wards 14 and 15; L street, Ward 14; Fourth street, Ward 14; Fifth street, Ward 14; Dorchester street, Wards 14, 15 and 16; Dorchester-avenue extension, Ward 7; F street, Ward 15; Eighth street, Ward 15.

The surface of said streets shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and manholes in the aforesaid streets.

All the work of laying said conduits to be done under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of Chapter 36, Section 14, of the Revised Ordinances of 1892.

The bonds of the following-named constables:

Herbert W. Stebbins, Peter P. Fee, Joseph Guttentag, Robert Reid, Cornelius A. Dugan, Edward L. Hopkins, Abraham T. Silberstein, Parker N. Jenkins, Joseph I. McLaughlin, William A. Mason, Benj. F. S. Bullard, Alvin I. Phillips, John J. Rogers, George G. Drew, George W. Crawford, Alvah H. Peters, Morris F. Lewinberg, Morris Silverstein, John Mundy, Michael McEleney, Wm. H. Chick, Charles A. Saverly.

Ordered, That leave be granted to the Water Department to close the roadway on Geneva avenue, between the railroad bridge and Olney street, to public travel during the time necessary for the laying of main pipes on said avenue.

Ordered, That the Superintendent of Streets be authorized, under the provisions of Chapter 419 of the Acts of 1897, to determine the amount of the assessments for street watering to be laid upon the estates abutting upon the streets included within the part of the city designated to be watered by assessment, by the order approved April 18, 1898.

The following was approved April 29, 1898:

Ordered, That the Superintendent of Streets be authorized to issue a permit to William H. Henry, to construct, maintain and use two bulkhead openings, four feet by four feet each, with wooden covers, under and in the sidewalk in front of estate on Main street, corner of Furbush court, Ward 4; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

ORDERS PASSED—NOT REQUIRING MAYOR'S APPROVAL.

By the Board of Aldermen.

Ordered, That the Superintendent of Streets be requested to make a cross-walk on Chandler street, between Columbus avenue and Clarendon street, and one on Boylston street, from Bothnia street.

Ordered, That the Superintendent of Streets be requested to renumber the buildings on Burrell street, Ward 17, formerly Hudson and Pontine streets.

ENACTED WITHOUT APPROVAL OF THE MAYOR.

The following were presented to the Mayor April 20, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Public Grounds be requested to remove two trees on the north side of Centre street, at the junction of Aldworth street, and one tree on the east side of Centre street, in front of Boylston terrace; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim a tree in front of estate 353 West Third street, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a dead tree in front of 27 Mercer street, South Boston; the expense of the same to be charged to the appropriation for Public Grounds Department.

CITY GOVERNMENT ORGANIZATION.

The annual manual, showing the organization of the City Government of Boston, has recently been issued for the year 1898. In it are included a directory of the departments, committees of the Board of Aldermen and Common Council, together with the rules and orders of both branches. The manual gives, also, a list of the numbers and locations of boxes of the Boston Fire-Alarm Telegraph.

Canvass of Bids.

School Department.

Proposals for erecting two-room temporary school buildings were received by the Committee on School-houses at the office of the Secretary of the School Committee on April 30, 1898, as follows:

TWO-ROOM BUILDING, FROTHINGHAM DISTRICT.

Chute & Pratt	\$4,984 00
Timothy Sullivan	4,347 25
Gerry & Northup	4,221 00
John McNamara & Sons	4,172 00
John J. Flynn	3,900 00
Alexander L. McLaren	3,899 00
Gifford & Lawrence (plumbing not included)	3,767 00
Edward Lynch & Co.	3,260 00

TWO-ROOM BUILDING, EMERSON DISTRICT.

Chute & Pratt	\$4,984 00
Timothy Sullivan	4,347 25
Gerry & Northup	4,167 00
John McNamara & Sons	4,073 00
John J. Flynn	4,000 00
Alexander L. McLaren	3,984 00
Gifford & Lawrence (plumbing not included)	3,617 00
Edward Lynch & Co.	3,150 00

The bids were taken under advisement.

THORNTON D. APOLLONIO, Secretary.

Street Department.

Bids for furnishing 500,000 gutter blocks on wharves were opened April 28, as follows:

Bidder.	Bid per 1,000.
Rockport Granite Company	\$43 90
Quincy Quarry Company	42 50
James Grant & Co. (for 250,000)	39 50
James Grant & Co. (for balance)	42 50

The bids were taken under advisement.

Proposals for furnishing 7,000 tons of George's Creek Cumberland coal, or its equivalent, at the ferry wharves, were opened April 30, as follows:

Bidder.	Bid per ton, 2,240 lbs.
Garfield and Proctor Coal Company (Ocean Mine)	\$3 14
John Morrison	3 15
G. M. Winslow & Co. (George's Creek)	3 18
L. G. Burnham & Co. (George's Creek)	3 24
Loyal Hanna Coal and Coke Company (Loyal Hanna, Sonman Shaft)	3 25
J. A. Bradford & Co. (George's Creek)	3 48

The bids were rejected.

Proposals for collecting and removing offal in the Brighton District were opened May 2, 1898, at 12 M., as follows:

Bidder.	Bid per year.
Geo. T. Barnes	\$3,000
Daniel McKinnon	3,500
D. B. Morrill	3,500
John McShane	4,300
Allen Clark	4,500

The bids were taken under advisement.

BENJ. W. WELLS,
Superintendent of Streets.

The United States Civil Service Commission announces that it is desired to establish eligible registers, from which selections may be made, to fill vacancies in the position of surfmen in the life-saving service along the entire coast of the United States, except in the second, fourth and sixth districts.

No person shall be examined who has not had at least three years' experience as a surfman, sailor or boatman. The compensation for these positions is \$60 or \$65 per month during the active season.

Persons desiring to become eligible for these positions should at once apply to the keeper of their nearest station for application blanks, which should be properly executed and promptly filed with the keeper.

Commonwealth of Massachusetts

STATE MILITIA.

The Governor's orders regarding the State militia are as follows:

COMMONWEALTH OF MASSACHUSETTS, EXECUTIVE DEPARTMENT,

Boston, April 28, 1898.

The definite orders which have been awaited from Washington were received by me at 5 o'clock in the afternoon of the 27th instant. They are embodied in a letter from the honorable Secretary of War, in which, under Act of Congress, "to provide for temporarily increasing the military establishment of the United States in time of war and for other purposes," approved April 22, 1898, and calling for 125,000 volunteers, the Secretary, under direction of the President, request me to provide from the Commonwealth the quota of volunteers, as follows:

Four regiments of infantry and three heavy batteries, to serve in the arms of service designated, for the period of two years, unless sooner discharged, the mustering officer to be instructed to receive no man under the rank of commissioned officer who is in years over forty-five or under eighteen, or who is not in physical strength and vigor.

The Secretary expresses the desire that as far as practicable the National Guard be given preference. The act above referred to provides that when the members of any company, troop, battery, battalion or regiment of the organized militia of any State shall enlist in the volunteer army in a body, the officers in service with such militia organization thus enlisting may be appointed by the Governors of the States, and shall when so appointed be officers of corresponding grades in the same organization when it shall have been received into the service of the United States as a part of the volunteer army.

This communication of the Secretary and the Act of Congress therein referred to make plain the desire of the National Government that the present call for volunteers shall be met, so far as practicable, by the prompt enlistment of men constituting the organized militia of the Commonwealth.

Massachusetts will respond promptly and with enthusiastic loyalty to this call or to any future call for volunteers in a war waged not for conquest or revenge, but for justice and humanity.

The desire to volunteer is universal in the militia, but it is also true that with some, especially those on whom others are solely dependent, there may be reasons which would render it their duty rather to remain in the service of the Commonwealth.

To meet this summons to arms in the service of the United States, I hereby designate as the four infantry regiments to be offered the privilege of volunteering under this call the:

Second Regiment Infantry, Massachusetts Volunteer Militia, Col. Embury P. Clark commanding.

Ninth Regiment Infantry, Massachusetts Volunteer Militia, Col. Frederick B. Bogan commanding.

Eighth Regiment Infantry, Massachusetts Volunteer Militia, Col. William A. Pew commanding.

Sixth Regiment Infantry, Massachusetts Volunteer Militia, Col. Charles F. Woodward commanding.

The designation of the three heavy batteries will be made in later orders.

The commanding officers of these regiments are required forthwith, but without assembling any portion of their commands, to cause an individual canvass to be made of the subordinate officers and enlisted men, to ascertain and make careful record of those desiring to volunteer. These shall be held subject to future orders, and at the earliest possible day will be mustered into the service of the United States, and may thereupon be honorably discharged from that of the Commonwealth.

It is my present purpose to ask the General Court to consider whether it is wise and practicable to provide by suitable legislation for the restoration to their former positions in the militia of those so volunteering when honorably discharged from the service of the United States.

To fill the regimental complement required by United States statutes, additional volunteers to the number so prescribed shall be recruited preferably from those who have already had military training in the same organization or in other militia organizations not included in the above designation or from the great body of patriotic citizens outside the militia of the State. All those who for any reason shall not so elect to volunteer will remain in the service of the Commonwealth, and may be permitted to retain the present designation of their several organizations therein, the volunteer regiments formed as above to receive later such designations as may be ordered or permitted by the United States Government. The organizations thus retained in the service of the Commonwealth may be promptly recruited to their full strength, in order to be ready at all times for coast defence and such other service as may be legally required of them, or to respond in like manner as above to further calls for volunteers by the National Government.

I enjoin upon all officers or enlisted men the paramount duty of securing and maintaining in the volunteer force and in the State militia the highest military efficiency and the best citizenship. To this end all other considerations should be rigidly subordinated.

In both services alike there will be abundant opportunity for the display of that finer type of patriotism which not only dares and endures, but subordinates selfish interests and ambitions in a great cause.

May God save and bless the Commonwealth of Massachusetts and the greater nation of which it is a part.

(Signed) ROGER WOLCOTT,
Governor and Commander-in-Chief.

COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT,
Boston, April 29, 1898.

Supplementing my order of April 28, designating the four infantry regiments to be offered the privilege of volunteering in the service of the United States, under the request of the Secretary of War, to provide the quota from the Commonwealth of four regiments of infantry and three heavy batteries, I hereby designate the First Regiment Heavy Artillery, M. V. M., Col. Charles Pfaff commanding, to be offered the privilege of volunteering, as at present organized and to the number now enrolled, to fill the quota of heavy batteries specified in said call, as modified by later instructions received from the Secretary of War, the method of conducting the volunteering and all other provisions relating thereto, to be as set forth in my order of April 28, above referred to, which, for this purpose, is made a part thereof.

ROGER WOLCOTT.

LIQUOR LICENSES.

The following is the text of a communication from the Governor to Police Commissioner Clark regarding the issuing of liquor licenses in the City of Boston:

COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT.

ROBERT F. CLARK, ESQ., Boston, Mass.

DEAR SIR: I write to inform you that it is my present intention to reappoint you as a member of the Boston Board of Police. I do this with absolute confidence in your personal integrity and honesty of purpose. I deem it, however, my duty to state frankly my disagreement with certain features of the policy of your Board, as understood by me, in relation to the issuing of liquor licenses. I have understood it to be the policy of your Board to issue the maximum number of licenses permitted by law, and to interpret the statute as indicating such to be the intent of the Legislature. My interpretation is absolutely different. I regard the intent of the Legislature as strictly prohibitive of a greater number than one to 500 of the population, rather than as indicating a desire that the number should reach the limit. I think that my view is sustained by the action of the Legislature upon bills now pending, which, if finally enacted, would reduce very largely the number permitted. I have never understood how any proper conception of the public welfare makes necessary or should permit the great number of licenses that have been issued in certain streets and localities, including certain sparsely settled districts on the border of other municipalities.

I should ask some action by your Board that would firmly take the ground that in many parts of the city the public needs do not require so many licenses as now exist,

and that in other parts of the city an aroused and respectable influence opposes the granting of more licenses than now exist. If it be said, as has been said, that the pressure upon your Board is great to issue the maximum number of licenses permitted by the law, the reply to me seems an easy one, that it is the duty of your Board and of other public officers to resist improper pressure. If it be urged that the profits of a smaller number of licenses would be excessive, I should welcome the exercise on the part of the Board of the authority it already possesses to increase the license fee.

I recognize fully the difficulty surrounding this entire question of regulating the liquor traffic in a great city, but, so far as I have any authority or influence, I desire to insist that all action taken by the Board shall be taken solely with a view of "promoting the welfare and morality of the entire community."

It gives me pleasure to say that except so far as what I have written may be regarded in the light of criticism, I have little but favorable comment to make upon the administration in other departments of the police force, which I regard as good in personnel and excellent in discipline.

Very truly yours,
ROGER WOLCOTT.

CIVIL SERVICE COMMISSION.

The following communication, embodying the draft of a bill allowing the restoration to public service of persons leaving it for military service, has been transmitted to the Legislature by the Civil Service Commissioners:

TO THE HONORABLE THE SENATE AND
HOUSE OF REPRESENTATIVES IN
GENERAL COURT ASSEMBLED:

Pursuant to the authority conferred upon the Civil Service Commissioners by Section 2 of Chapter 320 of the Acts of the Legislature for 1884 (the Civil Service Act), that "they shall from time to time suggest to the General Court such legislation as may seem to them to be desirable for the efficient carrying out of the principles of this act," the Commissioners respectfully recommend the early passage of an act, in substance as follows:

An Act to Allow the Restoration to the Public Service of Persons Leaving it for Military Service in Time of War:

Be it enacted, etc., as follows:

Any person appointed to or employed in the public service of the Commonwealth, or of any city thereof, classified under the civil service rules, as provided by Chapter 320 of the Acts of the Legislature for the year 1884, and acts in amendment thereof, who may resign or leave such service for the purpose of enlisting and serving in the army or navy of the United States, or in the militia of the Commonwealth in time of war, may at any time within one year after his honorable discharge from such military or naval service be appointed to his former position or employment in the public service, or to a similar position, without application or examination under the civil service rules.

The object and effect of the proposed act are to prevent the permanent loss of any present position or employment in the public service classification to any present occupant or employee who may enlist for military service in the present emergency, under the call of the President or Governor. Under present law, the voluntary resignation from such office or employment would oblige the person so resigning to compete for reappointment with all other applicants. The proposed law will prevent this effect, and allow the occupant to retain all rights now belonging to him under the civil service rules. There are between 4,000 and 5,000 men in the public service of the Commonwealth and cities, employed as clerks, prison officers, inspectors, police and fire officers, and in similar positions under civil service rules, and 2,000 or 3,000 men employed as public laborers in cities, under the classification. It may be presumed that many of these men are in our militia. The Commissioners feel that the proposed act is patriotic and proper, and can be enacted without detriment to the public service. It will remove any possible reluctance to enlist on account of unwillingness to leave present public employment and forfeit the tenure of office secured under the civil service rules, by providing that the right to return to such office shall not be prevented or prejudiced by the fact that the incumbent has volunteered for the military service of his country.

It might be possible to provide for this right by an amendment of the civil service rules, but, under the present law, such amendment, after submission to, and approval by, the Governor and Council, would require publication for two months before it could take effect.

The Commissioners feel that, under existing circumstances, the Legislature will agree with them that the suggested right of return to vacated positions and employment in the public service should be provided by law as early as possible, and that this can best be secured by legislative enactment.

For the Commissioners,

CHAS. THEO. RUSSELL, Chairman.

PUBLIC LIBRARY BUILDING.

The bill (H. B. 1224) accompanying the petition of the Mayor of the City of Boston, relative to authorizing the city to incur indebtedness outside the debt limit to complete its new Public Library building, and referred to the Committee on Cities, reads as follows:

Be it enacted, etc., as follows:

Section 1. To provide for the completion of the central library building on Copley square, in the City of Boston, the Trustees of the Public Library of said city may incur indebtedness to an amount not exceeding \$100,000; and for the purpose of meeting the same the City Treasurer of said city shall, from time to time, on request of the Mayor upon application by the said Trustees, issue bonds or certificates of indebtedness to an amount not exceeding \$100,000 outside of the limit of indebtedness fixed by law for said city. Such bonds shall bear interest at a rate not exceeding 4 per centum per annum, to be fixed as provided by law.

Sect. 2. Said Treasurer shall sell such bonds or certificates, or any part thereof, from time to time, and retain the proceeds thereof in the treasury of said city, and pay therefrom the expenses incurred by said Trustees for the purposes aforesaid.

Sect. 3. Except as hereinbefore otherwise provided, the provisions of Chapter 29 of the Public Statutes, and of Chapter 129 of the Acts of the year 1884, shall apply to the issue of such bonds, and to the establishment of a sinking fund for the payment thereof at maturity.

Sect. 4. This Act shall take effect upon its passage.

LEGISLATIVE BILLS.

The following list contains the titles of bills concerning the City of Boston, adversely reported upon by the various committees and sustained by the Legislature, together with the number of page of THE CITY RECORD on which the bills were previously noted or printed; also such bills as have been approved by the Governor.

Approved by Governor.

- S. B. 34, to Authorize the Sale of Certain Land taken for Public Park Purposes in the City of Boston, p. 120.

400 tons soft coal	3 16

D. Doherty, for Marcella-street Home:

500 tons broken coal	\$5 57
60 tons range coal	6 02

For Parental School:

60 tons range coal	\$6 62
25 tons egg coal	6 47
12 tons nut coal	6 62
12 tons broken coal	6 15

CHARLES P. PUTNAM, Secretary.

Street Department.

Bids for furnishing 6,500 cubic yards filling on St. Stephens street were opened April 26, 1898, as follows:

Bidder.	Bid per cubic yard. Cents.
J. T. Gilligan	20
J. C. Coleman & Son	50
P. O'Hara & Co.	60
J. Doherty	63
Neill McBride	87

The contract was awarded to J. T. Gilligan.

Bids for laying engine-house floor at the Pumping Station, Cow Pasture, Dorchester, Mass., were opened April 30, 1898, at 12 M., as follows:

Bidder.	Bid.
New Jersey Steel and Iron Company	\$6,484
Builders' Iron Foundry	8,775
New England Structural Company	10,709
Coffin Valve Company	11,500
I. P. Morris Company	13,950
Geo. T. McLauthlin Company	14,220
Lake Erie Engineering Works	16,650
Lockwood Manufacturing Company	21,500

The contract was awarded to the New Jersey Steel and Iron Company.

Water Department.

City Hall, May 2, 1898.

The Water Commissioner, under authority of the Mayor, has contracted, without advertising, with the Warren Foundry and Machine Company for 870 tons of 12-inch B pipe, at \$17 per net ton delivered, this pipe being purchased for a new line from Dorchester to Moon Island, to reinforce the harbor supply.

W. E. SWAN, Secretary.

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that an examination will be held by its Board of Examiners at the Post Office, Boston, Mass., on June 4, 1898, commencing at 9 o'clock, for the position of fireman in the custodian service. Only citizens of the United States can be examined.

Persons desiring to enter this examination should apply to the Secretary of the Board of Examiners at the Post Office, in the city above-named, for the Manual, and for application blanks (Forms 304 and 394), which should be properly executed and at once forwarded directly to the Commission at Washington.

POLICE DEPARTMENT.

The following order was promulgated by the Board of Police on May 2:

OFFICE OF THE BOARD OF POLICE.

May 2, 1898.

General Order No. 508.

I. The Board of Civil Service Commissioners, having certified that Patrick J. Gaddis is eligible for promotion to the rank of Inspector in the Police Department, it is therefore ordered that the said Patrolman Gaddis be, and he hereby is, appointed an Inspector in the police force of the City of Boston. He will be obeyed and respected accordingly.

II. The Board of Civil Service Commissioners, having certified that John H. Harris is eligible for promotion to the rank of Inspector in the Police Department, it is therefore ordered that the said Patrolman Harris be, and he hereby is, appointed an Inspector in the police force of the City of Boston. He will be obeyed and respected accordingly.

This order will take effect at roll-call at 5.45 o'clock to-day.

Board Meetings.

Baths Department.

Old Court House, April 12, 1898.

At the regular meeting of the Board the following business was transacted. It was:

Voted, That the city be divided into districts under one or more of the Commissioners, as follows: Dr. Duff to have charge of the Charlestown District; Mr. Lane, East Boston; Mrs. Logan and Mr. Tracy in South Boston; Mrs. Hecht in the North End; Mr. Ahl in the West End and Mr. Woods in the South End.

Voted, That all bath-houses be repainted in new colors before being sent to the summer locations, and to have all work done by the Repair Division.

Voted, That as far as possible all houses be kept open at the top to admit light and air.

Voted, That the wharf at East Boston be leased for the year ending April 30, 1899, at the usual rent of \$600 per year from the owner, Mrs. E. K. Kenrick, of East Boston.

Voted, To condemn, as being old and unsafe for use this year, houses Nos. 6 and 8.

Voted, That the new house be called No. 8 and be placed where the old one was located last year at Malden Bridge, Charlestown.

Voted, To place bath-house No. 10 at East Boston dock in Border street, in place of No. 6, condemned. No. 10 was formerly at Mount Washington avenue, which location was discontinued this year because of Union Depot.

Voted, To ask the Finance Committee for the following amounts of money for improvements: \$65,000 for East Boston Gymnasium, \$10,000 for South Boston Gymnasium, \$30,000 for three convenience stations, \$4,000 to finish Dover-street bath-house, \$4,000 to build a new floating house next winter.

Voted, To prepare estimates for fresh water shower baths in all places used for swimming for this year; all arranged for temporary use.

April 21, 1898.

At a regular meeting, held in room 19, City Hall, it was

Voted, That all places where swimming was to be had, under the control of the Board, be kept open every day of the season, Sundays and holidays included, from 5 A.M. to 9 P.M., subject to tides, and that an extra day's pay for Sundays and holidays would be allowed all attendants.

April 26, 1898.

At a regular meeting, held in room 57, City Hall, it was

Voted, That the Board take charge of all towels and suits to be used at all places under its control and have same washed and ironed in the new laundry of the Dover-street bath-house, when same opens June 1.

Voted, To purchase all towels or suits in good condition from employees who had such goods last year at the bath-houses.

Voted, To hire a man and team to collect and distribute towels at all places for the season.

Voted, Subject to the approval of the Mayor, to appoint Mr. Hartvig Nissen, at

a salary of \$400 for the season, as special instructor in swimming at the various beaches during the summer vacation.

Voted, To give free instruction to all children between eight and ten years of age, male and female, at all places where swimming is held for this season.

Voted, To have three instructors to assist Mr. Nissen at the different houses.

Voted, To invite Dr. Hartwell to attend all meetings of the Board in the capacity of consulting advisor in all matters in reference to baths, urinals, and gymnasia.

Voted, That the Chairman or Chairman pro tempore be given full power to approve all bills, pay-rolls and requisitions for supplies for the Department of Baths.

A communication was received from His Honor the Mayor notifying the Board of the action of the City Council in transferring the East Boston Gymnasium from the Park to the Bath Department.

DANIEL D. KEARNS, Secretary.

Insane Hospital Department.

The Insane Hospital Trustees met at 32 Tremont street on April 14, 1898, Dr. Baldwin in the chair.

Present: Mrs. Howard, Mrs. Marion, Messrs. Sanderson and Connelly, Drs. Baldwin and Knapp.

It was voted that the Chairman be authorized to sign a draft for the monthly bills of \$5,653.37 at Austin Farm and \$2,516.11 at Pierce Farm, and the pay-rolls of \$2,184.48 at Austin Farm and \$1,408.39 at Pierce Farm. The bills for the board of insane in other hospitals, amounting to \$37,277.82, were referred to the Committee on Insane in Other Hospitals for their approval, and the Chairman was authorized to sign a draft for the amount.

A request from the State Board of Lunacy and Charity for pauper statistics was referred to the Acting Institutions Registrar.

A letter was read from the Water Board, stating that it would cost the institution at Austin Farm \$2,000 to make the necessary changes in the water supply. The Chairman reported that an appropriation for that amount had been asked from the Board of Aldermen.

It was voted that a consulting staff be appointed for the Hospital.

PHILIP COOMBS KNAPP, Secretary.

Library Department.

Friday, April 22, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, De Normandie, Lincoln and Prince and the Librarian.

Communications received: From the Mayor, Circular No. 40; from the City Clerk; from the Board of Health; from the Trustees under the will of Francis B. Hayes; from Prof. S. H. Woodbridge; the Librarian's weekly report; the Librarian's annual report.

Bills authorized: For books, amounting to \$1,466.80; for the removal of steam engine ashes, amounting to \$238.58.

The President was authorized to draw a draft upon the City Treasurer in the sum of \$1,500, to be used for meeting current petty expenses, under the order of the City Council, approved March 31, 1898.

Services dispensed with of William Kil-murry, of the janitor department, from and after April 23.

Resignation received of Arthur E. T. Smith, of the special libraries, to take effect May 30.

Salaries increased, under the rules: Fernald Hutchins, Grade D, \$5.50 to \$6 per week, beginning January 17; Letitia M. Kiernan, issue department, Grade D, \$5.50 to \$6 per week, beginning January 3.

Transfer of Langdon L. Ward, custodian of Station "P.," to serve in the Branch Division at the Central Library, and the Librarian was authorized to employ for the present, service for Station "P.," at not exceeding thirty-five cents per hour, to an amount not exceeding \$10 per week.

It was voted that the Central Library building be closed at 9 P.M., beginning May 1, until further instruction.

Purchases authorized: Books chargeable to city moneys to the amount of \$494.93; to trust funds, \$554.34; to Station "P.," \$61.24; to Fellows Athenaeum, \$6.74; miscellaneous articles, \$1,407.88; photographs, \$227.70.

It was voted that the Librarian be authorized to assent to the arrangements proposed in the communication from the trustees under the will of Francis B. Hayes, with reference to the sales of the Hayes library and the disposition of the proceeds.

Certain suggestions were received, read and referred to the Librarian for such action as may be feasible.

Various applications for special privilege cards were received, considered and disposed of.

Tuesday, April 12, 1898.

A special meeting of the Corporation, called by order of the President, was held in the Trustees' room at 4.30 P.M.

Present: Messrs. Benton, Bowditch, De Normandie, Prince and the Librarian.

Bills allowed: Chargeable to the general appropriation, amounting to \$8,566.44; to trust funds, amounting to \$1,879.49; to special appropriation, "Branch Library, Broadway Extension Improvement," amounting to \$48.05.

Various applications for special cards were received, considered and disposed of.

The question of an appropriation for permanent improvements at the Central Library building, and incidentally the question of improvements of a permanent character in outlying departments of the library system, was then considered, and it was

Voted, That the Mayor be earnestly requested to take such action as may be in his judgment expedient to procure at least

\$100,000 to be used in making necessary improvements for the more convenient administration of the Central Library building.

Voted, That the President be authorized to transmit to the Mayor for his fuller information with respect to the above application and with respect to the condition of the library system as a whole, the communication of which a draft was submitted by him to-day.

HERBERT PUTNAM, Clerk.

Overseering of the Poor Department.

Boston, May 3, 1898.

The Board of Overseers of the Poor, at its meeting held May 2, 1898, organized by the unanimous re-election of the following officers:

Chairman, William P. Fowler; Treasurer, Frederic W. Lincoln; Secretary, Benjamin Pettee; Committees for the ensuing year were also appointed.

BENJAMIN PETTEE, Secretary.

Park Department,

Jamaica Park, April 25, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held April 25, 1898:

A communication from Mayor Quincy, transmitting an order of the City Council relating to the transfer of the East Boston Gymnasium on Paris street to the Bath Department, was received, and it was

Voted, That the Superintendent make arrangements for the transfer of the property and employees to the Bath Department, to date from and after April 23, in accordance with the Mayor's request.

A communication from the Electrical Construction Division, stating that the work of installing electric lights at the men's bath-house and pier, North End Beach, can be completed in about six weeks, was received, and it was

Voted, To order the work to be undertaken at once and pushed to completion as rapidly as possible.

Voted, That the playing of baseball games at Mystic Playground, excepting by children under twelve years of age, be prohibited.

Voted, That Messrs. Spillane and Muldoon be authorized to enter an unnamed road into the Riverway, as shown on a plan of the Board of Survey, on file in the City Engineer's office, provided that they construct said road at its junction with the Riverway with gutters, curbstones and catch-basins, in accordance with a plan of the same, dated April 23, 1898, on file at the office of this Board, and on the further condition that the said work, including the surfacing of the road at its junction with the Riverway, be done in accordance with the directions and to the satisfaction of the Superintendent of Parks.

Jamaica Park, April 18, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held April 18, 1898:

The Superintendent was authorized to erect backstops, provide water and put the Christopher Gibson playground into con-

dition for use, as requested in the order of the Common Council.

Voted, To request the Superintendent of Streets to deposit filling on the playground as opportunity offers.

Voted, That the Superintendent be authorized to expend not exceeding \$1,500 for trees and shrubs.

Voted, That the Superintendent erect an iron fence along the top of the quarry at Franklin Park, at an estimated cost of \$749.

Voted, That the Superintendent be directed to build walls and plant the borders of Franklin Park to the Morton and Canterbury street lines, and to lay foundations for walls wherever the economical disposition of loose stone will permit.

The Superintendent reported on the request of C. U. Cotting that the Board maintain a strip of shrubbery on land belonging to the City of Boston, between Longwood avenue and Bernier street; that the planting of such a strip would be beneficial, and it was

Voted, That the Superintendent be authorized to plant the strip as recommended by him.

Voted, To notify the Superintendent of Streets that the Board will continue to care for the planted strips, including the trees, on Seaver street.

The Superintendent submitted a communication from the Superintendent of Streets, agreeing to pay the cost of planting the trees on Commonwealth avenue, adjacent to the Reservoir grounds, and the Superintendent was authorized to do the work and arrange with the Street Department for payment.

Voted, That the playing of baseball games in the glade at Franklin Park, excepting by children under 12 years of age, be prohibited, in view of the improvement of said grounds for picnic purposes, and that all such games in the future be played at Franklin Field.

Mr. Wheelwright submitted drafts of proposed leases to the South Boston and Mosquito Fleet Yacht Clubs of sites on the Strandway, which had been prepared by him in consultation with the club officers and counsel. The leases were approved, and it was

Voted, That the site on the Strandway, shown on a plan dated April 8, 1898, and entitled South Boston Yacht Club location, be leased to said club on the terms and conditions set forth in the indenture of lease approved this day; and that upon the acceptance of the site by said South Boston Yacht Club the lease be executed and submitted to the Mayor for approval.

Voted, That the site on the Strandway, shown on a plan dated April 15, 1898, and entitled Mosquito Fleet Yacht Club location, be leased to said club on the terms and conditions set forth in the indenture of lease approved this day, and that upon the acceptance of the site by said Mosquito Fleet Yacht Club, the lease be executed and submitted to the Mayor for approval.

GEORGE F. CLARK, Secretary.

Street Laying-Out Department.

The following abstracts are taken from the records of the meetings of the Board of Street Commissioners:

Monday, April 18.

Petitions were received for sewers, as follows: From E. F. Porter, for one in Melbourne street; F. H. Colpitts, in Malvern street; C. H. Greenwood, in Kilton street; J. H. Brennan, in Barry street.

An order was received from the Common Council, requesting an estimate of the cost of laying out Church place, from Cabot street to Haskins street; and an order from the School Committee, requesting the Commissioners to take a piece of land on Munroe street for an addition to the primary school-house lot.

Thursday, April 21.

Public hearings were given in the matter of relocating Boston street, at Dorchester, between Mt. Vernon street and Columbia road; in the matter of relocating Francis street, at Roxbury, from Huntington avenue to Brookline avenue; in the matter of the laying out of an outlet for the sewer in West Selden street and for the surface drain in West Selden street.

An order was passed for the construction of outlets for sewer and surface drain in West Selden street, and for a sewer in Summer-street extension. An order of notice was issued of the Board's intention to lay out Spencer street, at Dorchester, from Wheatland avenue to Talbot avenue; returnable for a hearing at this office, May 13, at 11 o'clock.

Friday, April 22.

Public hearings were given in the matter of laying out Jersey street, from Brookline avenue to Audubon road; in the matter of locating anew North Harvard street, at Brighton, between Western avenue and Charles river; in the matter of the construction of a surface drain in Spalding street, at West Roxbury.

An order was passed to construct a surface drain in Spalding street, and one to lay out Spring lane, at West Roxbury, as Hubbard street.

Monday, April 25.

Petition was received from J. J. Costello that Melbourne street, at Dorchester, may be laid out.

Petition of J. C. Cook and others for a sewer in Rockville Park, Roxbury.

It was voted to pay the Franklin Park Land and Improvement Company and Arthur Wainwright the sum of \$17,000 for all land taken from and all damages occasioned to their estate by the laying out of Columbia road, an agreement to that effect having been approved by the Mayor.

Tuesday, April 26.

A public hearing was given in the matter of locating anew Tenean Creek, from King street to Centre street. An order locating the same anew was passed.

It was voted to pay the Water Commissioner of the City of Boston the sum of \$8,016 for the portion of the reservoir estate on Thomas Park, at South Boston, taken for school purposes.

Thursday, April 28.

The Board passed the following orders: Sewer in Notre Dame street; surface sewer in Keyes street; sewer in Dorchester avenue; catch-basin in Tonawanda street.

Petitions were received from W. T. Maguire for a catch-basin in Hano street; from E. A. Rowell for a sewer in Meyer street; and from Frank Vesce for a catch-basin in Saratoga street.

Voted, To appoint, subject to the approval of the Mayor, for employment as rodman in the Surveying Division of the Street Laying-out Department, with the pay of \$1.50 a day, George G. Blackmer, of 40 Parkman street, Ward 24. The same was approved by the Mayor.

Friday, April 29.

Public hearings were given in the following matters:

The laying out of Stanley street, at Dorchester, from Quincy street to Bellevue street, and constructing the same; relocating Washington street, at Dorchester, between Ashmont and Fairmont streets, and constructing the same; the location of a new channel for the Canterbury branch of Stony Brook; and in the widening of Ruth street, at East Boston.

Orders were passed relocating Canterbury Branch of Stony Brook; laying out Merlin street; and a sewer in Kilsyth road.

Orders of notice were issued of the Board's intention to lay out Spencer street, Millet street and Spalding street, all returnable for hearings May 13, at 11 o'clock.

The following awards were made for damages occasioned by the laying out of Columbia road, agreements to accept the same having been approved by the Mayor: John A. Fowle, \$144; Valentine M. Soyard, \$153.

On the advice of the Law Department, it was voted to settle the damages occasioned the estate of Louis Schworer by the widening of Whitney street, at the sum of \$1,000.

Saturday, April 30.

It was voted to pay the Wilder estate \$39,000 for land taken from and damages occasioned to its property by the laying out of Columbia road, an agreement to accept the same having been approved by the Mayor.

An order was received from the Common Council, requesting the Board to lay out as a public thoroughfare Tileston avenue and Mattapan street.

CITY OF BOSTON.

STREET DEPARTMENT,

Boston, May 4, 1898.

The Street Department of the City of Boston invites proposals for building the sewer in Astor street, Roxbury, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond of \$1,800 for faithfully doing the work, and leave at said office, on or before 12 M., of Tuesday, May 10, 1898, with his bid and a certified check for \$500, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

DEPARTMENT OF PARKS.

May 4, 1898.

Sealed proposals for building a wooden wharf at the Strandway, for the Department of Parks, in accordance with form of contract and specifications to be furnished by the Park Commissioners, will be received at the office of the Park Commissioners, Pine Bank, Jamaica Park, until 2.30 P.M., of Monday, May 16, 1898, at which time and place they will be publicly opened and read.

Each bid is to be accompanied by a certified check for five hundred (\$500) dollars, payable to the City of Boston; said check to be returned to the bidder, unless he fails to execute the contract, should it be awarded to him.

Specifications may be obtained and plans may be seen at the office of the Park Commissioners, Pine Bank, Jamaica Plain.

DEPARTMENT OF PARKS.

NOTICE TO OWNERS OF BOATS AND YACHTS.

Boston, May 2, 1898.

The Board of Park Commissioners are considering the erection of a public landing at Q street, South Boston, to be maintained by the Department in connection with the Park Boat Service, and in order that the Board may be guided in the preparation of plans for this landing it is desirable to know the probable demand for locker accommodations; the Board will, therefore, receive applications for locker and landing privileges from all persons desiring to make use of these facilities. Applicants will please state the number of boats to be accommodated and the size of the locker room needed.

NOTICE.

TO THE HONORABLE THE MAYOR AND ALDERMEN OF THE CITY OF BOSTON:

April 25, 1898.

For fifteen years we have maintained a direct wire from the extreme top of our hotel across to the East Street Engine-house. Last year the Commissioner of Wires, in carrying out his instructions for the removal of all wires, caused it to be taken down. At the same time the fire-alarm box was removed from our neighborhood, so that with a large amount of property, and sometimes 400 or 500 guests, we are left entirely without any direct or immediate fire-alarm service.

In the interest of this large property and a number of our guests, we desire that the wire may be restored and that connection may be made with the East Street Engine-house as soon as may be convenient, and that the Commissioner of Wires be instructed to carry out this order.

Very respectfully,
(Signed) TILLY HAYNES,
For the United States Hotel Company.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 2, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested, that this Board will, on Monday, May 9, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard; said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Journal, Boston Post and THE CITY RECORD.

Passed.
(Signed) J. M. GALVIN, City Clerk.
A true copy. Attest: J. M. GALVIN, City Clerk.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, Mass., April 28, 1898.

The West End Street Railway Company respectfully petitions for leave to construct, maintain and use underground conduits for carrying its feed wires on Tremont, Montgomery, Clarendon, Chandler and Dartmouth streets, between Milford and Boylston streets, with all necessary manholes and appliances and connections connecting with the overhead system of said company, all substantially as shown on plan of A. L. Plimpton, dated April 20, 1898, and filed herewith, the aforesaid plan and method of construction having been approved by the Commissioner of Wires.

West End Street Railway Company,
By Boston Elevated Railway Company, its Attorney.
By WILLIAM A. GASTON, President.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 2, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested, that this Board will, on Monday, May 9, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard; said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Globe, Boston Post and THE CITY RECORD.

Passed.
A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

CITY OF BOSTON.

STREET DEPARTMENT,

Boston, May 2, 1898.

The Street Department of the City of Boston invites proposals for building about 493 linear feet of sewer work in Carlos street, between Chapman and Lauriat avenues, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Tuesday, May 10, 1898, with his bid and a certified check for \$150, which is to be the property of the city if the contractor fails to carry out his proposal.

CITY OF BOSTON.

ORDINANCES OF 1898—CHAPTER 5—CONCERNING THE
ESTABLISHMENT OF A DEPARTMENT OF
MUSIC.

In the Year One Thousand Eight Hundred and Ninety-eight.

AN ORDINANCE PROVIDING FOR A DEPARTMENT OF
PUBLIC MUSIC.

Be it ordained by the City Council of Boston, as follows:

A Department of Public Music is hereby established, to be in charge of a Board of five members, who shall be appointed by the Mayor, and shall serve without pay. The members of said Board may be appointed by the Mayor at any time after the date of the passage of this ordinance, subject to confirmation by the Board of Aldermen, to serve until the first day of May next. On or before said first day of May, 1898, the Mayor shall appoint, subject to confirmation by the Board of Aldermen, one member to serve for the term of five years, one for the term of four years, one for the term of three years, one for the term of two years, and one for the term of one year, each term beginning with the first day of May; and annually after the current year one such member shall be appointed as aforesaid for the term of five years, beginning with the first day of May in the year of his appointment. Said Board shall have the charge and control of the selection of public music to be given either indoors or in the open air for parades, concerts, public celebrations and other purposes, under authority of the City Council, except entertainments for children on the Fourth of July; shall determine the parties to furnish the same, and shall make all contracts and expend all moneys to be paid from the city treasury for such music.

IN BOARD OF ALDERMEN, April 18, 1898.

Passed. Sent down for concurrence.

PERLIE A. DYAR, Chairman pro tem.

IN COMMON COUNCIL, April 21, 1898.

Concurred.

TIMOTHY L. CONNOLLY, President.

Approved April 23, 1898.

JOSIAH QUINCY, Mayor.

JOHN T. PRIEST, Assistant City Clerk.

CITY OF BOSTON.

BOSTON TRANSIT COMMISSION.

DRAW SPAN AND STEEL SUPERSTRUCTURE—
CHARLESTOWN BRIDGE.

Sealed bids for building a draw span and two spans of steel superstructure for Charlestown Bridge will be received by the Boston Transit Commission, at its office 20 Beacon street, Boston, Mass., until 12 o'clock M. of Thursday, May 12, 1898, and at that time and place will be publicly opened and read. No bid will be received or deposited unless accompanied by a properly certified check for the sum of \$5,000, payable to the order of the Treasurer of the City of Boston, which check will be returned to the bidder unless he fails to execute the contract should it be awarded to him. The Commission will not agree to send blue prints of plans to bidders, but they may be seen on application at the office of the Chief Engineer, 50 City Hall, Boston, and notice to contractors, bid, contract, specifications and bond, can be obtained at said office, on and after Monday, May 2, 1898. The Commission reserves the right to reject any and all bids, and reserves the right to award the contract as it deems for the best interest of the City of Boston. GEORGE G. CROCKER, Chairman; CHARLES H. DALTON, THOMAS J. GARGAN, GEORGE F. SWAIN, HORACE G. ALLEN, Boston Transit Commission. B. LEIGHTON BEAL, Secretary.

NOTICE.

STREET DEPARTMENT.

April 29, 1898.

The Street Department of the City of Boston invites proposals for furnishing bank gravel and sand from May 16, 1898, to February 1, 1899, according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent in the sum of \$2,000 for faithfully doing the work, and leave at said office on or before 12 M., of Friday, May 6, 1898, his bid and a certified check for \$500, which is to be the property of the city if the Contractor fails to carry out his proposal.

NOTICE.

OFFICE OF COMMISSIONERS,

50 City Hall, Boston, April 27, 1898.

The cities of Boston and Cambridge invite proposals for rebuilding sidewalk and fence on Canal Bridge, between Boston and Cambridge, according to the office copy of the contract and plans, which may be seen at the office of the City Engineer, 50 City Hall, Boston, Mass. The bidder must use the form to be obtained at said office, furnish a bond satisfactory to the Commissioners on Boston and Cambridge Bridges, in the sum of \$1,000 for faithfully doing the work, and leave at said office on or before 11 A.M. of Saturday, May 7, 1898, his bid and a certified check for \$500, which is to be the property of said cities if the bidder fails to carry out his proposal.

BENJAMIN W. WELLS,

WILLIAM J. MARVIN,

Commissioners on Boston and Cambridge Bridges.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY
OF BOSTON:

April 29, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Millett street, at Dorchester, be laid out as a highway from Park street to Athelwold street, and constructed by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the thirteenth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY
OF BOSTON:

April 29, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Spalding street, at West Roxbury, be laid out as a highway from South street, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the thirteenth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY
OF BOSTON:

April 29, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Spencer street, at Dorchester, be laid out as a highway from Park street to Athelwold street, and constructed by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the thirteenth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

CITY OF BOSTON.

OFFICE OF THE SEALER OF WEIGHTS AND MEASURES.

ATTENTION.

Basement of Court House, May 2, 1898.

In compliance with the provisions of Section 12 of Chapter 65 of the Public Statutes of Massachusetts, I hereby give notice to all inhabitants or persons having a usual place of business in the City of Boston who use scales, weights or measures, milk and oyster cans, or coal and charcoal baskets, for the purpose of buying or selling any goods, wares, merchandise or other commodities, or for public weighing, to bring them to this office to be adjusted and sealed. For any services performed under the provisions of the above section no fees shall be charged. At any time after this notice the Sealer of Weights and Measures shall go to the houses, stores and shops of persons mentioned in the foregoing section who have neglected to comply with the notice given thereunder, and having entered the same with the assent of the occupants thereof, shall adjust and seal their scales, weights and measures, and shall be entitled to receive for said services the compensation set forth in Section 22 of Chapter 65 of the Public Statutes. The said Sealer of Weights and Measures shall go once a year, and oftener, if necessary, to every hay and coal scale, dormant or other platform balance, in the City of Boston, that cannot be easily or conveniently removed, and test the accuracy of and adjust and seal the same, and shall receive therefor the compensation set forth in said Section 22. All persons who neglect to comply with the above notice will be liable to the penalties provided by law.

DANIEL P. SULLIVAN,

Sealer of Weights and Measures.

NOTICE.

TO THE HONORABLE THE BOARD OF ALDERMEN:

Boston, May 2, 1898.

The undersigned respectfully petition for permission to project from building No. 61 Clinton street, Ward 6, a permanent awning to project over the sidewalk. Said awning to be built of galvanized iron, to cover a frontage of about thirty feet, and to project the width of the sidewalk.

BYRAM, FISHER & CO.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 2, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, May 16, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy.

J. M. GALVIN, City Clerk.

Attest:

J. M. GALVIN, City Clerk.

CITY OF BOSTON.

CLERK OF COMMITTEES' DEPARTMENT,

City Hall, May 2, 1898.

The Committee on Railroads will give a public hearing in the Aldermen's room on Friday, May 6, 1898, at two o'clock P.M., to all parties interested in the petition of the West End Street Railway Company for a location for tracks on Walnut and Humboldt avenues and Seaver street.

MILTON C. PAIGE, Chairman.

TO TAXPAYERS.

ASSESSORS' OFFICE,

City Hall, May 1, 1898.

Your attention is called to our circular (now being distributed throughout the city) relative to making returns on property subject to taxation as early as possible, before June 15, at two o'clock P.M.

Per order of the Board of Assessors,

FRANK A. DREW, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, MAY 12, 1898.

Number 19.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

MAYOR'S CIRCULAR.

The following circular to heads of departments was issued by His Honor the Mayor on May 7:

Circular No. 41.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: In view of the action of the City Council, requesting me to "direct the heads of the several departments to allow a half-holiday, without loss of pay, on Saturdays between the first day of May and the first day of November to all city employees whose services can be dispensed with," you are hereby directed to take such action. Employees whose services cannot be dispensed with on Saturday afternoons are not, however, to be allowed extra pay.

Yours respectfully,

JOSIAH QUINCY, Mayor.

May 7, 1898.

ASSISTANT CLERK OF COMMITTEES.

Wilfred J. Doyle was on May 1 appointed by the Clerk of Committees, John F. Dever, to be Assistant Clerk of Committees, to fill the vacancy caused by the death of John P. Brawley.

APPOINTMENTS CONFIRMED.

The following appointments, made by His Honor the Mayor, were confirmed by the Board of Aldermen on May 9, 1898:

Charles F. Folsom, to be a member of the Board in charge of the Department of Municipal Statistics, for the term ending April 30, 1903.

Thomas F. Brennan, A. D. Clark and Thomas Colbert, to be Weighers of Coal, for the term ending April 30, 1899.

Frank A. Drew and John M. Maguire, to be Assessors, for the term ending April 30, 1900.

PAUPER INSTITUTIONS DEPARTMENT.

The first Annual Report of the Pauper Institutions Department for the fiscal year ending January 31, 1898, constituting Document 25, has recently been issued. An abstract of the report is given below:

The Pauper Institutions Department was created by Act of the Legislature of 1897, Chapter 451, which took effect in June of that year. Previous to this time the Pauper Institutions of Boston formed part of a general "Institutions Department," in charge of the Institutions Commissioner.

The Trustees decided, soon after organization, that one of the most important improvements would be the total discontinuance of all prison labor at Long Island; and in August the system which had long prevailed of sending daily to Long Island a detail of prisoners from Deer Island to work on the farm or in the buildings was abolished, and such work is now carried on by the able-bodied inmates. The change has elevated the standard of the institution and no longer permits the mingling of those sentenced to an institution and those voluntarily seeking the aid of the city.

In the employment of inmates the Trustees have demanded that the able-bodied shall labor, while the sick and infirm shall be properly cared for. As a result of a strict discipline in the performance of work done at the institutions, the almshouse at Long Island is perceptibly cleaner than formerly, while the Charlestown Almshouse leaves little to be desired.

Another change instituted by the Trustees is the making of bread for both institutions in the institutions themselves, resulting in a marked improvement in the quality.

The Farm Department is being gradually developed, and the Trustees hope soon to see its usefulness expanded to the fullest extent. By another summer it is expected that enough milk will be provided by the increased herd of cows to supply all the needs of the island.

A portion of the island was set apart for the use of the children who took advantage of the excursions given during the summer months under the Randidge bequest. It is recommended that permanent structures be provided for shelter to replace the temporary tents. These excursions are to be continued during the summer of 1898, and the Trustees have granted a portion of Long Island for the use and benefit of the children.

After reciting the changes which have already been made in the conduct of the institutions, the Trustees make the following recommendations:

1. Additional kitchen and laundry accommodations.
2. Increase of electric plant.
3. Ventilation of men's building.
4. Better wharf accommodations.
5. A new piggery.
6. Employment of more paid officers.
7. Extension of training-school for nurses.
8. New male ward in hospital.
9. An isolated ward for contagious diseases.
10. Erection of new mortuary.
11. The almshouse at Charlestown to be for women only.
12. Adequate means for fire protection.

The report includes a financial statement showing the expenditures for the almshouses and hospital at Long Island and Charlestown, together with a comparison of expenditures of the institutions for the fiscal years of 1897 and 1898, which shows a substantial decrease in the cost of carrying on the same in the latter year.

With the report of the Trustees are submitted: The report of the Superintendent of Long Island, embodying statistics with regard to population, ages and occupations

of persons admitted to the island; a list of articles manufactured, and the amount of the various products raised on the farm; the report of the visiting staff of Long Island; rules for admission to the hospital; the report of the Superintendent of the Charlestown Almshouse, and statistics relating thereto; and the report of the visiting physician of the Charlestown Almshouse.

These detailed reports cover specifically the work carried on during the year at both institutions, the changes made and the recommendations suggested.

The expenditures of the Department for the year were as follows:

Almshouse and hospital, Long Island	\$84,097 74
Almshouse, Charlestown	14,165 06
Pauper expense, i.e., support of paupers outside city; office fittings, printing, etc.	2,370 71
Total	\$100,633 51

IMMIGRATION DURING APRIL.

The report of George B. Billings, United States Immigration Commissioner, makes the following showing in respect to alien immigrants arriving at the Port of Boston, from transatlantic ports, for the month ending April 30, 1898:

BUILDING DEPARTMENT.

The Annual Report of the Building Department for the fiscal year ending January 31, 1898, has recently been issued, and constitutes Document 4. The report contains sixty-nine pages, and is summarized briefly, as follows:

The number of permits granted for first and second class buildings was 643; for third class buildings, 2,070; for alterations, 2,399; for setting of steam boilers, engines, etc., 1,416; for plumbing, 5,293; for gasfitting (since October 1, 1897), 4,680, making a total of 16,501 permits granted during the year.

The number of examinations made upon buildings in process of construction, 30,648; of alterations, 10,181; of boilers, engines, etc., 1,581; plumbing work, 1,639; gasfitting work (since October 1, 1897), 5,219; of elevators, 2,704; egress, 1,804; plans, 6,541;

specials, 476; fires and accidents, 1,775, making a total of 76,941 examinations during the year. These examinations occasioned the making of 9,725 reports.

A total of 3,930 notices for violation of statutes regarding unsafe buildings, walls, etc., were issued by the Department during the year. Of the 6,514 plans submitted, 4,918 were approved and 1,596 were disapproved. Seven appeals referred to the Board of Appeal were sustained and one was not sustained.

The number of first and second class buildings completed during the year was 318, at an estimated cost above the land of \$7,614,250. The number of third class buildings completed was 1,539, at an estimated cost of \$6,691,126. The number of alterations completed during the year was 1,925, at an estimated cost of \$2,386,992. The plumbing jobs completed numbered 2,254, at an estimated cost of \$555,167; boilers, engines, etc., set, 1,116; estimated cost, \$610,736.

An estimated increase of \$17,758,271 in tax valuation, by construction and improvements, was thus made during the year.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending May 7, 1898, are as follows:

Death rate for the week	20.4
Death rate for corresponding week, 1897	20.2
Number of deaths:	
Males	110
Females	98
Total	208
Total deaths in corresponding week, 1897	201

Increase 7

Of the 208 decedents, 198 were white and 10 colored; 119 were born in the United States, 87 in foreign countries, and the birthplace of 2 unknown; 41 were of American parentage, 146 of foreign parentage, and 21 were of unknown parentage.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A regular meeting of the Board of Aldermen was held on Monday, May 9, 1898, in the Aldermanic Chamber, City Hall, at 3 P.M.

Alderman Dyar, in the temporary absence of Chairman Conry, took the chair.

Appointments by the Mayor.

Communications were received from His Honor the Mayor making the following appointments, subject to confirmation on the part of the Board, viz.:

(1.) The following-named persons to be members of the Board in charge of the Department of Public Music, viz.:

Carl Zerrahn, for the term ending April 30, 1903.

John A. O'Shea, jr., for the term ending April 30, 1902.

J. Thomas Baldwin, for the term ending April 30, 1901.

James M. McLoughlin, for the term ending April 30, 1900.

Alfred De Voto, for the term ending April 30, 1899.

(2.) John F. Bowen, Walter A. Goddard, Philip O'Brien, Benjamin F. Powell and Henry W. Shepard, to be constables of the City of Boston, for the term ending April 30, 1899.

(3.) William Gleason, to be a Measurer of Grain, for the term ending April 30, 1899.

Severally laid over, under the law.

The following messages were received:

Constables Removed.

OFFICE OF THE MAYOR,

City Hall, May 9, 1898.

TO THE BOARD OF ALDERMEN:

You are hereby notified that Walden Banks, Arthur W. Bemis, Paul C. Brooks, Joseph Conneton, George C. Dyer, Herbert J. Emerson, William A. Fort, Elijah D. Foss, Richard A. Friel, Henry I. Hall, James Needham, Charles P. O'Brien, John Shea, Alvah L. Stimson and Charles J. Whitney have this day been removed from the position of constable of the City of Boston, they not having filed their bonds, as required by law.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

License to Sell Newspapers — Veto.

OFFICE OF THE MAYOR,

City Hall, May 9, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith without my signature a vote passed at your last meeting granting a license to John H. Seisler "to sell newspa-

pers at the corner of Washington and Court streets," for the reason that, under the provisions of Section 1 of Chapter 68 of the Public Statutes, it is not necessary for a person over twenty-one years of age to have a license to sell newspapers.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The veto was sustained.

Condition of North End Beach.

OFFICE OF THE MAYOR,

City Hall, May 3, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the Board of Park Commissioners in regard to orders passed by your body relating to the placing of the North End Beach in condition for public use as soon as possible.

Respectfully,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS.

Jamaica Park, April 26, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: We have received from you two orders of the Board of Aldermen relating to the placing of North End Beach in condition for public use as soon as possible.

With regard to this matter we beg to say that we have adopted a plan with this object in view, and have commenced the work of grading and surfacing the grounds. We have also notified the Electrical Construction Division to install, without delay, the electric lamps and wires needed to light the men's bath-house and the promenade piers.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Placed on file.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, May 5, 1898, President Connolly in the chair.

The following messages were received:

Heating Apparatus, North Grove-Street Fire-House.

OFFICE OF THE MAYOR,

City Hall, May 5, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Fire Commissioner, in reply to your order requesting an estimate of the cost of new heating apparatus for Chemical No. 11, on North Grove street.

Yours respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE FIRE COMMISSIONER.

May 4, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Referring to the request of the Honorable Common Council, the cost of

new heating apparatus for Chemical 11, on North Grove street, would be about \$300; but at present I cannot recommend the expenditure, inasmuch as in the near future that territory ought, in my opinion, to be protected by a larger piece of apparatus, requiring extensive changes and enlargement of the present quarters.

Your obedient servant,

H. S. RUSSELL, Commissioner.

Placed on file.

Edwin Street—Macadamizing.

OFFICE OF THE MAYOR,

City Hall, May 5, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, in reply to your order requesting an estimate of the cost of macadamizing Edwin street, Ward 24.

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT,

City Hall, May 5, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with the request contained in the enclosed order of the Common Council, I beg to report that the estimated cost of macadamizing and regulating Edwin street, Ward 24, is \$12,100.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Fourth of July Sailing Regatta.

OFFICE OF THE MAYOR,

City Hall, May 5, 1898.

TO THE CITY COUNCIL:

I transmit herewith a petition of the Yacht Racing Association of Massachusetts, handed to me some time since, asking that a portion of the appropriation for the celebration of July Fourth be set apart for a sailing regatta.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(Accompanying was the petition referred to and a copy of the resolutions passed by the Association, as follows):

HIS HONOR THE MAYOR AND THE CITY COUNCIL:

Whereas, The Yacht Racing Association of Massachusetts, representing the Massachusetts, Dorchester, Nahant, Jefferies, Chelsea, Boston, Quincy, South Boston, Winthrop, Revere, Savin Hill, Old Colony, Cohasset, Atlantic, Wellfleet, Squantum, Mosquito Fleet, Hull, American, Lynn, Manchester, Burgess, Bunker Hill, Columbia, East Gloucester, Squam, Wollaston, Duxbury, Kingston, Cape Cod, Plymouth Yacht Clubs, embracing among their memberships several thousand voters and taxpayers in the City of Boston, has noticed with deep regret the systematic cutting down from year to year of the annual appropri-

tions, for the City of Boston's Fourth of July sailing regattas, and

Whereas, The City of Boston's Fourth of July regatta has been for a number of years the principal yachting event of each season and has interested thousands of people, and the cutting down of this appropriation is a serious blow to the interest of this, the grandest of sports, and

Whereas, The City Government has for the past two years placed the management of this event in the hands of our association at a great saving of expense and trouble to the city, and to the benefit and satisfaction of the yachting public; therefore, be it

Resolved, Believing yachting to be America's favorite sport, and that the City of Boston is the head centre of yacht racing of this country, we believe that the money appropriated for this regatta is well spent and consistent for a Fourth of July celebration; and we pray your honorable body to provide for the usual regatta on that day, with as large an appropriation as is possible, and to place the management of the same with this Association.

A. T. BLISS, Secretary,
111 Milk street, Boston.

Adopted at Young's Hotel, Boston, March 17, 1898.

Referred to the Committee on Fourth of July.

Artificial Swimming Pools.

OFFICE OF THE MAYOR,
City Hall, May 4, 1898.

TO THE CITY COUNCIL:

The advisability of constructing artificial swimming pools at a number of suitable points, to be supplied with water from the regular water service of the city, has recently been considered by the Bath Commission, and at my suggestion this Board has passed a vote approving of the proposal to construct the first of such swimming pools in Orchard Park, Ward 17. This seems to me one of the best places in the city to try the experiment, if it may be regarded as one, of opening such swimming pool, for use during the summer months. The fact that sanitary conditions do not permit of public bathing in the South Bay seems to me to render this location a particularly suitable one for the purpose, and I have little doubt that a swimming pool at this point would be considerably used, at least by boys, and I think it also might prove useful in connection with the instruction in swimming which it is proposed to give to school children during the coming summer.

The City Engineer estimates that a pool, seventy-five feet long by forty feet wide and four feet deep, containing an area of 3,000 square feet, with a concrete bottom and sides, could be constructed for about \$2,000, and this expense seems a small one in view of the probable benefits. One of the voting booths could be fitted up at small expense to serve as a bath-house, at any rate for the present season. I therefore desire to recommend the passage of the accompanying

order, authorizing such use of Orchard Park. If the loan order reported by the Finance Committee is passed in its present form, the expense will be provided for.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

The message was sent up, and the President, in connection with the same, offered the following:

Ordered, That the Superintendent of Public Grounds is hereby authorized to construct, with the approval of the Mayor, a swimming pool and bath-house in Orchard Park, Ward 17, and to place the care and control of such pool and bath-house in the hands of the Bath Department; and the Bath Department is hereby authorized to allow the public use of such pool and bath-house, under such regulations as they shall deem proper and the Mayor shall approve.

Passed.

Street Watering by Cars.

OFFICE OF THE MAYOR,
City Hall, May 5, 1898.

TO THE CITY COUNCIL:

I desire to recommend the passage of the accompanying order for the purpose of enabling the Superintendent of Streets to enter into arrangements at once for the use upon electric street railways within the city of the system of street watering by means of sprinkling cars, which has been in successful operation in a number of the cities of this State. As this method of street watering is cheaper than any other, if it can be applied under the conditions existing in our streets, it is particularly desirable that it should be put into operation with the adoption of the assessment plan of providing for street watering.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Streets be authorized to make contracts with any street railway company or companies operating street railway cars in the city for the use of sprinkling cars or similar apparatus on their tracks, and in connection with such contracts, to enter into such obligations or bonds for the proper protection of the parties thereto as the Mayor may approve.

The message was sent up and the order was passed.

Veto of Order for Picture.

OFFICE OF THE MAYOR,
City Hall, April 30, 1898.

TO THE CITY COUNCIL:

I return herewith without my approval the order authorizing a portrait of the late Assistant Clerk of Committees to be procured at an expense not exceeding \$100 to be hung in the office of the Clerk of Committees. I am informed that action of this character has only been

taken heretofore in the case of heads of departments; and while I regret to feel obliged to withhold my assent from any proper memorial of the late Assistant Clerk of Committees, it seems to me that the precedent of allowing such an expenditure would be a bad one, and that I ought not to approve the order on that account.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

The Council refused to pass the order over the Mayor's veto.

Veto of Transfer Orders.

OFFICE OF THE MAYOR,
City Hall, May 2, 1898.

TO THE CITY COUNCIL:

I return herewith without my approval two orders passed by your body, one authorizing the transfer of the sum of \$1,400 from the appropriation for Cabot street, Linden Park to Vernon, asphaltting, to an appropriation for Hammett street, Ward 18, macadamizing, and the other authorizing a transfer of the sum of \$2,400 from the same appropriation to a special appropriation for Burk street, Ward 18, macadamizing.

I withhold my approval from these orders because I am advised by the Superintendent of Streets that it would be far better to transfer this unexpended balance to the regular appropriation for street improvements for Ward 18, so that it would be available for use wherever most needed in the ward. He also advises me that it is doubtful whether it would cost as much as \$1,400 to put Hammett street, which is a comparatively unimportant street, into fair condition.

If the transfer is made to the regular street improvement appropriation for the ward, these particular objects will receive due consideration, but it does not seem to me desirable for the City Council to specifically order such small street improvements as are covered by these orders.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

The question came on the passage of the two orders, notwithstanding the Mayor's objections.

A motion that the order be indefinitely postponed was carried.

Fence — Worcester Square.

OFFICE OF THE MAYOR,
City Hall, May 5, 1898.

TO THE CITY COUNCIL:

I transmit herewith a memorial in reference to the need of a fence around Worcester square.

Respectfully,
JOSIAH QUINCY, Mayor.

The petition in question of Alonzo Boothby and many others, asking for the construction of a fence around Worcester square, was referred to the Committee on Public Grounds Department.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING MAYOR'S APPROVAL.

By the City Council.

The following were approved May 2, 1898:

Ordered, That the City Treasurer be hereby authorized to pay to Edgar G. Fisher, attorney, the sum of \$56.03, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Chapman avenue, Dorchester, for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,408, fol. 82.

Ordered, That the City Treasurer be hereby authorized to pay to Lizzie McKenney the sum of \$32.03, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate, 310 West Third street, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds.

Ordered, That the Joint Standing Committee on Building Department be hereby authorized to give public hearings on the question of extending the present building limits of the City of Boston, to send for persons and papers, employ a stenographer and report their findings in print; the expense thus incurred to be charged to the appropriation for City Council, Incidental Expenses.

Ordered, That the sum of seventy-five thousand (75,000) dollars be appropriated for watering the streets of the city, designated to be watered at the expense of the abutters in the order of the City Council, approved by the Mayor, April 18, 1898, the same to be met with the assessment for watering the streets to be laid upon the several estates within the part of the city designated to be so watered as aforesaid.

The following were approved May 3, 1898:

Ordered, That the Fire Commissioner be and is authorized in the name and behalf of the city, and on such terms as he deems best, subject to the approval of the Mayor, to purchase a parcel of land on Allbright court, so-called, in the rear of the engine-house lot on Columbia road, formerly Boston street, and containing 6,751 square feet, and to use the same as a part of the engine-house lot; and that the same be paid for from the appropriation for the Fire Department.

Ordered, That the amount that may be awarded for the land taken from said engine-house lot, and for damage to the buildings thereon, by the laying out of said Columbia road, be added to the appropriation for the Fire Department.

Ordered, That the old small-pox hospital lot on Swett street, excepting the 42,000 square feet now occupied by the Board of Health, be transferred from the charge of the Board of Street Commissioners to the charge of the Fire Commissioner.

Order authorizing the issue of a permit to a Mr. Glancy to build a wooden building on St. Mark street, corner of Perry street, Ward 23, in excess of range allowed, etc., to be used as a stable.

The following were approved May 4, 1898:

Ordered, That the Superintendent of Streets be authorized, with the approval of the Mayor, to sell the estate owned by the city on Paris, Marion and Chelsea streets, East Boston, now used as a yard for the Paving and Sewer Divisions of the Street Department.

Ordered, That the proceeds received from such sale be appropriated for the construction of buildings upon the estate purchased last year for the use of the Street Department on Chelsea street, East Boston, the same to be used for the Paving, Sewer, Street Cleaning and Sanitary Divisions of the Street Department.

The following were approved May 5, 1898:

Ordered, That the Building Commissioner be authorized to issue a permit to the Fitchburg Railroad Company to build, outside the building limits, a temporary elevator on Water street, Ward 5, in excess of range and height allowed, and without the intervention or construction of a brick wall, as required by the ordinances, and in accordance with an application on file in the Building Department.

Ordered, That the Building Commissioner be authorized to issue a permit to William E. Harvey and others to build, outside the building limits, a wooden building on Jones avenue, corner of White Terrace, Ward 24, in excess of range allowed and without the intervention or construction of a brick wall, as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied as a club-house.

Ordered, That the Building Commissioner be authorized to issue a permit to W. B. Hasty to build, outside the building limits, a wooden addition to building on Park street, corner of Adams street, Ward 24, in excess of size allowed and without the construction of a brick wall, as required by the ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied for office purposes, main building occupied for stable purposes.

By the Board of Aldermen.

The following were approved May 2, 1898:

Ordered, That this Board establish the revised grade of Eastman street, Dorchester, between Columbia road and the bend in said street, as shown by red lines on a plan and profile of said street marked "City of Boston, Eastman street, Dorchester, April 22, 1898, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade on the way at Dorchester, known as Old road, between Elmo street and Columbia road, as shown by dotted red lines on the plan and profile of said Old road, signed by Thomas W. Davis, City Surveyor, dated July 31, 1889, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Michigan avenue, Dorchester, at Columbia road, as shown by dotted red lines on the plan and profile of said avenue, signed by Thomas W. Davis, City Surveyor, dated January 11, 1875, and deposited in the office of the City Engineer.

Ordered, That this Board establish a re-

vised grade of Seaver street, Dorchester, between Blue Hill avenue and Columbia road, as shown by dotted red lines on the plan and profile of said Seaver street, signed by Thomas W. Davis, City Surveyor, dated December 10, 1881, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Seaver street, Dorchester, at southeasterly side of Columbia road, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated January 12, 1878, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Sayward street, Dorchester, at Columbia road, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated June 10, 1883, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of East Cottage street, Dorchester, at Edward Everett square, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated May 1, 1873, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Old Harbor street, South Boston, from Dunham street, to Columbia road, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated December 4, 1883, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Stanwood street, Dorchester, at Columbia road, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated March 20, 1884, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Bodwell street, Dorchester, at Columbia road, as shown by dotted red lines on the plan and profile of said street, signed by Thomas W. Davis, City Surveyor, dated May 31, 1884, and deposited in the office of the City Engineer.

Ordered, That this Board establish the revised grade of Wolcott street, Dorchester, at Columbia road, as shown by dotted red lines on a plan and profile of said street, signed William Jackson, City Engineer, dated January 3, 1896, and deposited in the office of the City Engineer.

Ordered, That this Board establish the grade of Bellevue street, Dorchester, between Columbia road and Stanley street, as shown by red lines on a plan and profile of said Bellevue street, marked "City of Boston, Bellevue street, Dorchester, April 22, 1898, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That this Board establish and revise the grade of Quincy street, Dorchester, between Mount Everett street and the New England Railroad, as shown by red lines on a plan and profile of said Quincy street, marked "City of Boston, Quincy street, Dorchester, April 25, 1898, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That this Board establish and revise the grade of Glendale street, Dorchester, between Bird street and Glen street, as

shown by red lines on a plan and profile of said Glendale street, marked "City of Boston, Glendale street, Dorchester, April 22, 1898, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That this Board establish and revise the grade of Geneva avenue, Dorchester, between Wilder street and Vaughan avenue, as shown by red lines on a plan and profile of said Geneva avenue, marked "City of Boston, Geneva avenue, Dorchester, April 22, 1898, William Jackson, City Engineer," and deposited in the office of the City Engineer.

The following were approved May 3, 1898:

Ordered, That the consent of the Board of Aldermen be hereby granted to the West End Street Railway Company to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so-called, on Summer street as extended, and Dorchester avenue as extended, from Fort Point Channel to Atlantic avenue.

And permission is hereby granted to the said West End Street Railway Company, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, dated April 20, 1898, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise, it shall be null and void.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use a double track on Tremont street, from Columbus avenue to Huntington avenue, with necessary cross-overs, switches and connections, and curves connecting with the car-house of said company at Roxbury Crossing; said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated March 22, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company

shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use additional curved tracks at the corner of Washington street and Columbus avenue, and at the corner of Warren street and Dudley street; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated March 1, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use curved tracks at the junction of Shawmut avenue and Dover street; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated March 28, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use curved tracks at the intersection of Park street and Dorchester avenue, connecting with existing tracks and car-house of said company; said tracks being shown by red lines on a plan made by A. L. Plimpton,

dated March 23, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use a track, with necessary curves, on Norfolk street, near Nelson street, in place of existing track; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated October 1, 1897, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the Norfolk Suburban Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down a single track on Hyde Park avenue, near and northerly of Ashland street, for the purpose of constructing a turn-out, with necessary switches and connections; said track and turn-outs being shown by red lines on a plan made by Hodges & Harrington, dated February 19, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said Norfolk Suburban Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise, it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Woodbury & Leighton to erect, maintain and use guy-posts, with the necessary ropes attached, as follows: One on the roadway on Court street, at or near No. 65, and on the northerly side of Pemberton square, about fifteen feet north from Tremont street, Ward 6, for use in building the new Subway station in Scollay square, the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

The following were approved May 3, 1898: Permits to project signs, etc., viz.:

E. S. Converse, two lanterns, at 101 Milk street, Ward 6.

M. Tishler, drum sign, at 22 Milk street, Ward 6.

Harry A. Long, clock sign, at 123½ Eliot street, Ward 7.

Morris Salis, pole, at 261 North street, Ward 6.

C. A. Brooks, sign, at corner of Chauncy and Essex streets, Ward 7.

Antonio Cirillo, illuminated sign, at 130 Causeway street, Ward 8.

Clarence E. Drew, illuminated sign, 24½ North street, Ward 6.

Permits to project bay-windows, etc., viz.:

Hugh Giblin, three, at 835 Dorchester avenue, Ward 16; W. B. Thomas, two, at southeast corner of Massachusetts avenue and Beacon street, Ward 11.

Permit to F. R. Brown & Co. to run passenger barges between Forest Hills Station and Calvary Cemetery, on Sunday, May 29.

Constables' bonds of ninety-five persons (see appointments, THE CITY RECORD, page 236).

The following were approved May 4, 1898:

Ordered, That there be paid to Susan J. Pierce the sum of \$222.75, in full compensation for all damages occasioned by the taking of her land for sewer purposes, Dorchester intercepting sewer, in accordance with an order of the Board of Aldermen, passed and approved August 19, 1891, as shown on plan dated July 28, 1891, on file in the office of the City Engineer, upon her proving her title to said land to the satisfaction of the Law Department and upon her giving to the city an acquittance and discharge for all damages, costs and expenses to herself and those holding leases under her, on account of the taking of said land as aforesaid; the said sum to be charged to the sinking fund.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:

Chelsea bridge, twenty-seven poles, fifty feet in height by fifteen inches in diameter, width of sidewalk, eight feet; date of plan, April 26, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of passage of this order.

Ordered, That the time allowed the New England Telephone and Telegraph Company of Massachusetts in which to erect poles on Columbus avenue, under the orders passed by this Board, September 28, 1896, and November 24, 1897, and on Chelsea street, Ward 3, under the order passed December 28, 1897, be and the same is hereby extended to June 30, 1898.

Ordered, That permission be granted to the Suburban Light and Power Company to project two arc electric lights, six (6) feet from building, at 1142 Columbus avenue, for illuminating purposes.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the materials specified, with granite edgestones, the owners to furnish the said materials, viz.:

S. S. Pierce Company, 208 Dartmouth street, Ward 10; artificial stone.

Mrs. F. H. Eaves, 5 Wabeno street, Ward 21; artificial stone.

Alonzo Boothby, 1061 Commonwealth avenue, Ward 11; artificial stone.

Gesnir Corbett, 27 Boylston street, Ward 22; gravel.

J. Wallace Bragdon, 507 East Fifth street; brick.

Permits to use Faneuil Hall, in accordance with the following petitions:

Ancient and Honorable Artillery Company, for the use of Faneuil Hall on the evenings of April 18, May 9, 16, 23 and 31; also for the evenings of May 6, 13, 20, 27, and June 3.

Ancient and Honorable Artillery Company, for the use of Faneuil Hall, on June 4, 5 and 6.

William Quinton, Captain Seventh Infantry, U.S.A., for the use of Faneuil Hall for recruiting purposes for three weeks.

John Grainey, for the use of Faneuil Hall for recruiting purposes, on Friday evening, April 29.

ENACTED WITHOUT APPROVAL OF THE MAYOR.

By the City Council.

The following order was presented to the Mayor April 20, 1898, and was not returned by him within ten days thereafter:

Ordered, That the Clerk of Committees, with the approval of His Honor the Mayor, be authorized to make all necessary arrangements for the celebration of Patriots' Day, according to the programme submitted by the special committee appointed for the purpose, and to expend on that account the sum of \$1,000 appropriated for the purpose.

Celebration, North End	\$650
Sailing regatta, Dorchester Bay	200
Incidentals	150

Total \$1,000

The following order was presented to the Mayor April 22, 1898, and was not returned by him within ten days thereafter:

Ordered, That the salary of the Superintendent, Deputy Superintendents and Chief

Inspector of Police, of the Police Department of the City of Boston, be established as follows, to take effect on May 1, 1898, viz.: Superintendent, \$4,000 per annum; Deputy Superintendents, each, \$3,000 per annum; Chief Inspector, \$2,800 per annum.

Ordered, That the Board of Police be hereby requested to establish the pay of reserve men at \$2 a day for the first year, and \$2.50 a day thereafter until appointed as a regular patrolmen.

By the Board of Aldermen.

The following orders were passed to the Mayor April 20, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be authorized to issue a permit to Caleb B. Symmes to construct, maintain and use a bulkhead opening, two by four feet, with a wooden cover, under and in the sidewalk in front of estate No. 107 Main street, Ward 5; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John C. Ropes et al., trustees, to construct, maintain and use a bulkhead opening, five feet by six feet, with a wooden cover, under and in the sidewalk in front of estate No. 15-17 Lagrange street, Ward 7; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

The following was presented to the Mayor April 22, 1898, and was not returned by him within ten days thereafter:

Permit to the New England Telephone and Telegraph Company of Massachusetts to attach its wires to five trees on Rutland street, between No. 48 on said street and Tremont street.

The following order was presented to the Mayor April 26, 1898, and was not returned by him within ten days thereafter:

Ordered, That the Superintendent of Public Grounds be requested to remove three trees on Kenilworth street, in front of the Dudley Associates' club-house; the expense of the same to be charged to the appropriation for Public Grounds Department.

SCHOOL-HOUSE SITE.

Sealed proposals for selling to the city a lot of land in Roxbury, containing about 25,000 square feet, for a site for a new grammar school-house, within the territory bounded by South Huntington avenue, Evergreen street, Day street and Hutchins avenue, will be received at the office of the Secretary of the School Committee until 12 M., on May 21, when they will be publicly opened and read.

On June 2, at 4.30 P.M., at the office of the Secretary, the Committee on School-houses will hold a public hearing to consider such proposals as may have been received, and the suitability of the lands offered.

Special Notices.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on June 7, 1898, examination may be taken at any city in the United States, where the Commission has a competent Board of Examiners, to establish an eligible register for the grade of expert computer and geodesist. There is at present a vacancy in the United States Coast and Geodetic Survey, Treasury Department, at a salary of \$2,400 per annum, which it is desired to fill.

The Department states that it is desirable that applicants should not be over thirty-five years of age.

The Commission also announces that on June 7, 1898, examination may be taken in any city of the United States, where the Commission has a competent Board of Examiners, to establish an eligible register for the grade of nautical expert. There is at present a vacancy in the United States Coast and Geodetic Survey, Treasury Department, at a salary of \$1,800 per annum, which it is desired to fill.

Persons desiring to apply for these examinations should at once write to the Board of Civil Service Examiners, Post Office Building, this city, for application blanks, Forms 304 and 375, which should be properly executed and promptly forwarded to the Commission at Washington, D.C.

POLICE DEPARTMENT.

The following orders have been promulgated by the Board of Police:

OFFICE OF THE BOARD OF POLICE.

May 2, 1898.

General Order No. 509.

Robert F. Clark, having been duly appointed, confirmed and qualified a member of the Board of Police for the City of Boston for the term of five years ending the first Monday in May in the year 1903, has assumed the duties of the office, and will be obeyed and respected accordingly.

May 6, 1898.

General Order No. 510.

I. In the matter of the complaint made against Patrolman Charles Hill, of Division 15, for violation of Rule 26 of the Police Manual, to wit, neglect of duty, the Board orders the complaint to be dismissed.

II. The following transfers in the Department are hereby ordered to take effect at roll-call at 5.45 o'clock P.M., 9th inst., viz.:

Reserve Officer David B. Deady, from Division 2 to Division 16; Patrolman George H. Guard, from Division 10 to Division 16; Patrolman Bartholomew A. O'Brien, from Division 11 to Division 12; Patrolman George F. Finn, from Division 11 to Division 12; Reserve Officer Charles M. Tighe, from Division 16 to Division 2.

Commonwealth of Massachusetts

LEGISLATIVE BILLS.

The following list contains the titles of bills concerning the City of Boston, adversely reported upon by the various committees and sustained by the Legislature, together with the number of page of THE CITY RECORD on which the bills were previously noted or printed; also such bills as have been approved by the Governor.

Approved by Governor.

Board Meetings.

Insane Hospital Department.

32 Tremont Street, May 9, 1898.

The Insane Hospital Trustees met at Austin Farm on April 28, 1898.

Present: Mrs. Howard, Messrs. Connelly and Sanderson, Drs. Baldwin and Knapp.

On motion of Mr. Connelly, it was voted to grant the request of Mrs. Myers for the transfer of her son from Westboro' to Pierce Farm.

A letter was read from the Pauper Institutions Trustees, asking what accommodations could be furnished for paupers at Austin and Pierce Farms in case of emergency. On motion of Mr. Connelly, the Secretary was instructed to state that there was at present no available room for such persons.

On motion of Mr. Sanderson, the Superintendent was instructed to return to the Municipal Printing Department the requisition books.

The question of certain changes in the management of the hospitals was discussed, but no action was taken.

Dr. Lane was granted two weeks' leave of absence to attend the meeting of the American Medical Psychological Association and inspect the methods of caring for the insane in Wisconsin.

A letter from His Honor the Mayor, asking for the transfer of Mrs. Annie McHugh from Medfield to Austin Farm, was referred to the Committee on Insane in Other Hospitals, with full power.

Visiting committees were appointed as follows: May, Mr. Connelly and Mrs. Marion; June, Mrs. Marion and Dr. Knapp; July, Dr. Knapp and Mrs. Howard; August, Mrs. Howard and Dr. Baldwin.

PHILIP COOMBS KNAPP, Secretary.

Library Department.

Friday, April 29, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, Bowditch, De Normandie, Lincoln, Prince and the Librarian.

Received: Order of the City Government, dated March 31; the Librarian's report.

Resignation received and accepted of Edna L. Bourne, of Grade B, Branch Division, to take effect June 18.

Appointment of Charles D. Campbell, on probation, in Grade E, of the Issue Department, at a salary of \$3.50 per week, beginning May 2.

Grade increases in salary authorized: Shelf Department, W. G. T. Roffe, \$21.50 to \$22.50; John F. Lucid, \$5.50 to \$6; Eliza F. A. Caiger, \$5.50 to \$6, each beginning May 2. Issue Department, Gertrude E. Sheffield, \$15.50 to \$17.50, beginning May 4; Lillian E. Ethier, \$6 to \$7, beginning May 2; Joanna Zaugg, \$6 to \$7, beginning May 2; Nina M. Stetson, \$5 to \$5.50, beginning May 3; Nellie Connolly, Joseph Lucid, Alphild Olson, Bertha Olson and Grace Williams, each \$5.50 to \$6, beginning May 2. Registration Department, Emily Fillebrown, \$6 to \$7, beginning May 2.

Unexpended balances of vacation of the year 1897 were authorized to form part of the vacation for 1898.

Voted, That Article VI., Sections 1 and 2 of the Rules and Regulations, relating to fines on books over detained, be amended as to the period during which such fines shall run by the substitution of the words "four weeks" in place of the words "three months" wherever they occur.

Purchases authorized: Books, chargeable to city moneys to the amount of \$1,049.32; to trust funds, \$204.92; to Fellowes Athenæum, \$75.54; to Station "P," \$64.99; miscellaneous expense, \$524.95.

An application for position as Inspector of Branches was received and referred to the Librarian.

The offer as a gift by Miss Lilian Whiting, of manuscripts, autograph letters, etc., from the estate of Miss Kate Field, was accepted. Applications for special privilege cards were received, considered and disposed of.

A draft of the Trustees' annual report for the year ending January 31, 1898, was adopted.

HERBERT PUTNAM, Clerk.

Overseeing of the Poor Department.

The annual meeting of the Board of Overseers of the Poor was held at its rooms in Charity Building, Monday, May 2, 1898, at 3 P.M.

Present: Mr. Fowler (Chairman), Dr. Campbell, Mr. Mullen, Miss Rogers, Mr. Sproules, Dr. Stuart, Mr. Humphreys, Mr. Kerrigan, Miss O'Brien, Mr. Day and Mrs. Wolcott.

The following certificate was read:

OFFICE OF CITY CLERK,

City Hall, April 28, 1898.

BENJ. PETTEE, Secretary, Overseers of the Poor.

DEAR SIR: I respectfully inform you that appointments as Overseers of the Poor, duly made by the Mayor, were confirmed by the Board of Aldermen on the 25th instant, as follows:

Michael A. Kerrigan, for the term ending April 30, 1899, vice Charles Logue, resigned.

Louise G. O'Brien, for the term ending April 30, 1899, vice Henry V. Cunningham, resigned.

William P. Fowler, Edith P. Wolcott and Frederick W. Day, each for the term of three years, beginning with the first day of May, 1898.

Very respectfully,

JOHN T. PRIEST, Assistant City Clerk.

Mr. Kerrigan, Miss O'Brien, Mr. Fowler, Mrs. Wolcott and Mr. Day were sworn to their duties.

The Board then organized by the unanimous choice of the following officers, by ballot:

Chairman, William P. Fowler; Secretary, Benjamin Pettee, who was duly sworn; Treasurer, Frederic W. Lincoln.

The following committees were nominated by the Chairman and confirmed by the Board:

Investigation and Relief—Mr. Fowler, Mr. Sproules, Miss Rogers, Mrs. Wolcott, Mr. Humphreys, Mrs. Thorndike and Mr. Mullen.

Finance and Accounts—Messrs. Stuart, Mullen and Day.

Employments and Settlements—Mrs. Thorndike, Mr. Day and Miss O'Brien.

Supplies—Messrs. Fowler, Sproules and Kerrigan.

Temporary Home—Miss Rogers, Mrs. Wolcott and Mr. Sproules.

Lodge for Wayfarers and the Woodyard—Messrs. Humphreys and Fowler and Miss Rogers.

Building—Mr. Sproules, Miss Rogers and Dr. Campbell.

Real Estate—Messrs. Mullen and Campbell and Miss O'Brien.

Medical—Dr. Campbell, Mrs. Thorndike and Dr. Stuart.

Burials—Dr. Stuart, Miss O'Brien and Mr. Kerrigan.

Boylston Education Fund Beneficiaries—Mrs. Wolcott, Mr. Humphreys and Mrs. Thorndike.

Holton Funds—Messrs. Mullen and Day.

Voted, To print the usual number of cards containing lists of committees and other information for the use of the Board.

Voted, To draw on the city treasury for \$2,000.

Voted, To approve the monthly bills and pay-rolls.

A copy of the records of the regular quarterly meeting of the Public Institutions Conference, held March 30, 1898, was received, and the Chairman read such portions as were likely to be of interest to the Board.

Voted, That the Secretary express to Mrs. Thorndike the sympathy of the Board in her severe illness.

Dr. Stuart, for the Committee on Finance, reported that the accounts for the month of April had been examined and found correct.

Miss Rogers read the monthly report of the Temporary Home.

Voted, That in case it becomes necessary to remove the pauper inmates from Long Island to the mainland temporarily, that the Committees on the Home and the Lodge be requested to co-operate with the Pauper Institution Trustees in making provision for them.

Dr. Stuart, for the Burial Committee, presented its annual report of number and cost of burials.

A communication was received from the Superintendent of Printing, giving the information that a new form of requisitions for stationery and printing has been adopted, and that \$4 will be charged for each requisition book.

BENJ. PETTEE, Secretary.

Park Department.

Jamaica Park, May 2, 1898.

The following is an abstract of the records of the meeting of the Board of Park Com-

missioners, held May 2, 1898:

Voted, That the loam space at the Fenway, opposite residences between Boylston street and Westland avenue, be increased to ten feet in width.

Voted, That the property sidewalks between Centre street and Pond street, on the Arborway, be surfaced with cinders, at an estimated cost of \$610.

A request of the Boston School Committee, for the use of the Franklin Park Playstead for the annual parade of the school cadets on May 13, was received, and it was

Voted, That as Franklin Field has been provided for parades, and because of the liability of injury to the planted ground near the Overlook, the School Committee be notified that the Board would permit the use of the playstead only in case Franklin Field is, in the opinion of the Superintendent, too wet for use.

The Board authorized the Bath Department to take the care and control of the baths and piers at the North End Beach, from May 1 to November 1, 1898.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, May 5, 1898.

A regular meeting of the Pauper Institutions Trustees was held at their office, April 18, 1898, the full Board being present.

A recommendation from the Superintendent that Mr. Thomas J. Condon be appointed Deputy Superintendent was referred with power to the Committee on Rules and Service.

The Superintendent reported that more rooms are needed for the use of officers, and recommended that one of the larger rooms in the men's building be sub-divided and fitted up for their accommodation.

The Superintendent recommended that in the event of war, making the removal of inmates necessary, certain cases belonging to other towns should be returned to the places in which they have settlement.

It was voted that an Emergency Committee be appointed to prepare and have ready for immediate use, in case of necessity, plans for the removal of inmates from Long Island. This committee was afterwards appointed, and consists of Mr. Rutan (Chairman), Mrs. Lincoln and Dr. Grainger.

It was voted that nurses in the Long Island Hospital shall be regarded as entitled to the usual vacation of two weeks (with pay) granted to other city employees.

The Superintendent of the Charlestown Almshouse recommended that arrangements be made for an increase in the hot-water supply of that institution.

The Committee on Rules and Service reported that it was desirable to place a mailbox on the dock of the "J. Putnam Bradlee," for the convenience of the institutions on Long Island.

The following appointments were confirmed:

Dr. Albert A. Taft, Deputy Medical Superintendent, at a salary of \$1,000 per year, to succeed Dr. Hutchinson, resigned.

Julia Glenning, laundress, \$16 per month; Emma Grandstadt, house-maid, \$15 per month; Thomas H. Killion, painter, \$40 per

month; Bessie Staples, laundress, \$16 per month; Maggie Riley, assistant cook, hospital, \$15 per month; Carrie J. Foss, probationer, \$10 per month.

Totals	335	365	700

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following abstracts are taken from the records of the meetings of the Board of Street Commissioners:

Monday, May 2, 1898.

It was ordered that sewers be built in Hemenway street and in Carruth and Shenadoah streets.

The Board voted to pay Jeremiah O'Brien \$1,900 for land taken from, and all damages occasioned to, his estate on Columbia street by the laying out of Columbia road; same having been approved by the Mayor.

Tuesday, May 3, 1898.

It was voted to give hearings Friday, May 13, at 3 o'clock, in Room 25 of the Old Court House, in regard to the locations, etc., of streets in the Board of Survey Plats 2, 6, 3 and 5.

Petitions were received from W. A. Macauley and others, for a sewer in Selden street, at Dorchester; and from G. M. Stearns, for a sewer in Washington street, at Dorchester.

An award of \$105,000 was made to F. B. Greene and others, trustees of the estate of C. Allen Brown, for damages occasioned by the widening of Clinton street; settlement made in accordance with advice received from the Law Department.

Friday, May 6, 1898.

An order of notice was issued of the Board's intention to relocate Stony Brook, between Colonial avenue and Franklin Field, returnable for a hearing at this office at 11 o'clock, May 20, 1898.

Catch-basins were ordered in the following ways: Algonquin, Washington, East First and P, Beacham, Tyler and Topliff streets, and in Howard and Atlantic avenues.

An order of notice was issued of the Board's intention to take land for a surface drain in Sydney street, returnable for a hearing in this office at 11 o'clock, May 20.

Petition was received from L. T. Plunkett and others, that Fowler street may be laid out, at Dochester.

Petitions were received for sewers in Dit-

son street, Walnut avenue, Washington street, Allston street and in Temple and Perham streets.

A public hearing was given in the matter of laying out an extension of Spencer street, at Dorchester, from Wheatland avenue to Talbot avenue.

As advertised April 29, 1898, a hearing was given in the change of locations, etc., of streets shown on Board of Survey plans in Dorchester.

J. H. JENKINS, Secretary.

Special Communications.

REBUILDING OF MALDEN BRIDGE.

The following communication relative to the bill which provides for the rebuilding of Malden bridge has been addressed by His Honor the Mayor to each of the representatives from Boston in the Legislature:

OFFICE OF THE MAYOR.

May 9, 1898.

DEAR SIR: In view of the fact that the provisions of Senate Bill No. 243, relative to the rebuilding of Malden bridge, are clearly opposed to the interests of the City of Boston, I feel warranted in appealing to you, as one of the Representatives from Boston in the Legislature, to be present at the session of the House, Tuesday afternoon, May 10, and to vote against the motion to reconsider the vote whereby the House refused to order this bill to a third reading. In view of the fact that the whole of this bridge lies within the limits of the City of Boston, and that it is proposed that this city shall bear the whole expense of the reconstruction, only some extraordinary neglect on the part of the city would seem to call for legislative interference.

I respectfully protest against the passage of this bill, first, because it proposes, unnecessarily, in my opinion, to increase the debt outside of the debt limit; secondly, because in the opinion of our City Engineer a fifty-foot bridge, which is the width of the Chelsea bridge from Charlestown to Chelsea, would be ample for the next twenty-five years at least; and, thirdly, because the city recognizes the need of reconstructing the bridge, and will, in all probability, under the Board of Apportionment bill which has now passed, make early provision for it.

The City Engineer estimates the cost of a bridge fifty feet wide at \$130,000—about half the cost of the bridge provided for by the Senate bill. I believe that the passage of this bill would inflict a great injustice upon this city, and that if the motion to reconsider is voted down, the matter will be satisfactorily dealt with by the city without legislation.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Department Communications.

Building Department.

Old Court House, May 2, 1898.

Number of assignments of mortgages	9
Number of assignments for the benefit of creditors	9
Number of assignments of wages	49
Number of married women's certificates	11
Number of ship liens	4

The following persons have filed petitions for assessments of damages by a jury for land taken by the city for various purposes:

Willard P. Whittemore, Josephine V. Spencer et al., H. W. Suter, trustee, Emily E. Shepard et al., Herman Esslinger and Jacob Wezansky.

On April 30, John F. Crosby and Michael Gorman entered suits against the city, damages being placed at \$4,000 each.

City Hall, April 25, 1898.

The following is a list of the principal matters filed in the City Clerk's office for the week ending April 23, 1898:

Number of chattel mortgages	115
Number of discharges of mortgages	19
Number of assignments of wages	22
Number of married women's certificates	16
Number of bills of sale	2
Number of assignments of mortgages	8
Number of notices of foreclosure of mortgages	4
Number of attachments	1

J. M. GALVIN, City Clerk.

Engineering Department,

ARCHITECTURAL DIVISION,

70 City Hall, April 25, 1898.

Work has been performed by the Architectural Division, as follows:

In accordance with a request made by the Chairman of the Trustees of the Pauper Institutions, an examination of the heating and ventilating plant of the buildings located on Long Island, Boston Harbor, has been made, and a report setting forth the present condition of the plant and the changes desirable to be made, has been furnished said Trustees.

In accordance with a request made by the Chairman of the Trustees for Children, an examination of the hot-water boiler and certain steam piping at the Marcella-street Home has been made, and a report furnished said Trustees. After the receipt of the report, the Trustees instructed this office to

receive bids for the work, which was stated to be necessary at this time. The bids were as follows:

Huey Brothers	\$732
I. Coffin & Co.	745
Boston Furnace Company	850

The work was awarded to Huey Brothers. Preliminary sketches and estimates have been furnished the Mayor on the following proposed constructions: Athletic house, South Boston; gymnasium and bath-house, East Boston; branch library, East Boston.

Preliminary sketches for an underground public convenience station to be located on Boston Common, near the corner of Park and Tremont streets, have been furnished to the Bath Commission.

Plans and specifications for the heating of the laundry building, Boston City Hospital, have been prepared and turned over to the Chief of the Repair Division of the Public Buildings Department. The work is now under way, supervised by this office.

Plans and specifications are now being prepared for the alteration of the prisoners' waiting room, Municipal Court-room, New Court-house, and will be turned over to the Repair Division this week.

Plans are being made for the extension of the boiler house for Boston City Hospital.

On account of the alteration work which has lately been completed at the building on Wareham street, now used by the City of Boston as a repair shop, the following bills for work which has been completed and accepted have been sent to the Public Buildings Department for payment:

Eastern Expanded Metal Company	\$550 00
Manhattan Concrete Company	331 96
E. Hodge Company	1,049 22

F. W. CHANDLER, Consulting Architect.

Fire Department.

Bristol street, April 30, 1898.

Official action was taken by the Fire Commissioner during the two weeks ending April 30, as follows:

Four horses have been purchased of Welch & Hall for \$130 each, and one for \$150.

Captain C. O. Poland, of Hose Company 3, has been honorably discharged, and his name placed on the pension list at the rate of \$800 per annum.

F. T. Boutlier of the Fire Alarm Branch has been fined three days' pay on account of charges preferred against him by Superintendent Flanders.

John J. Short has been approved as special fireman at the Bowdoin Square Theatre.

Special drafts have been drawn on the City Auditor in favor of S. F. Hayward & Co. for one combination truck, one combination wagon and remodelling and repairs of Ladder Truck 15, at a cost of \$3,905.

Six pieces of hose have been condemned. John F. Hines, hoseman, of Engine 11, has been promoted to the position of lieutenant of Combination Company 7.

Fire Alarm Box 212 has been established in the Boston Base Ball Grounds.

The following transfers have been made to take effect at 10 A.M., April 29:

F. W. Robinson, Combination Company 3 to Ladder Company 8; George H. Feeney, Ladder 8 to Combination Company 3; E. J. Ryan, Engine 22 to Engine 11; William Hall,

Engine 15 to Engine 38-9; C. W. Miller, Engine 38-9 to Ladder 14; J. E. Brown, Ladder 14 to Ladder 2.

Ordered, That John Galway, dynamo man in the Fire Alarm Branch, be granted an indefinite leave of absence during active service with the First Massachusetts Regiment, Heavy Artillery, with loss of pay, to take effect at 8 A.M., April 26.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, May 9, 1898.

NOTICE.

Boston, April 30, 1898.

The New England Telephone and Telegraph Company of Massachusetts respectfully petitions the Mayor and Board of Aldermen of the City of Boston, Massachusetts, for a location for its poles and wires thereon, in the following-named streets and highways of said city, locations to be as shown on the map or plan filed.

Said company agrees to reserve space at the top of all the above poles for telephone, fire-alarm and police signal wires owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

Rockland street, between Washington street and a point just beyond Mt. Vernon street, Ward 25, thirteen poles; Washington street, at Montebello road, Ward 22, one pole; Tremlett street, between Washington and Waldeck streets, Ward 20, nine poles. Also to remove poles from Rockland street, between Washington and Mt. Vernon streets; Washington street, at Montebello road.

The New England Telephone and Telegraph Company of Massachusetts.

By JASPER N. KELLER, General Manager.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 9, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested, that this Board will, on Monday, the sixteenth day of May, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Globe and THE CITY RECORD.

Passed.

NOTICE.

ENGINEERING DEPARTMENT.

Boston, May 7, 1898.

Contractors are invited by the City Engineer of the City of Boston to furnish proposals for building a sea wall on the northerly line of Congress street, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the City Engineer, City Hall, Boston, Mass. A bond satisfactory to the City Engineer in the sum of four thousand (\$4,000) dollars for faithfully doing the work will be required. The bidder must use the form of proposal to be obtained at said office, sign the proposal and leave it at said office before 12 M., of May 20, 1898, with a certified check for five hundred (\$500) dollars, payable to the City of Boston. This check is to be the property of the city if the Contractor fails to carry out his proposal.

WILLIAM JACKSON,
City Engineer of the City of Boston.

NOTICE.

STREET DEPARTMENT.

Boston, May 6, 1898.

The Street Department of the City of Boston invites proposals for building about 395 linear feet of sewer work in Norfolk street, between Ballou avenue and Mascot street, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office on or before 12 M., of Friday, May 13, 1898, his bid and a certified check for \$100, which is to be the property of the city if the Contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, May 6, 1898.

The Street Department of the City of Boston invites proposals for building about 1,425 linear feet of sewer work in Woodlawn street, between Hyde Park avenue and Forest Hills Cemetery, West Roxbury, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Friday, May 13, 1898, with his bid and a certified check for \$500, which is to be the property of the city if the Contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

May 6, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a new channel for the Oakland Garden Branch of Stony Brook be located at Dorchester, between Colonial avenue and Franklin Field, and to Wheatland avenue, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required, under the provisions of Chapter 426 of the Acts of the year 1897, and—that they appoint 11 o'clock A.M., the twentieth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

May 6, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a surface drain be constructed in private lands, at Dorchester, from Sydney street eastwardly across the New York, New Haven and Hartford Railroad, and thence northwardly, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M. of the twentieth day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

DEPARTMENT OF PARKS.

NOTICE TO OWNERS OF BOATS AND YACHTS.

Boston, May 2, 1898.

The Board of Park Commissioners are considering the erection of a public landing at Q street, South Boston, to be maintained by the Department in connection with the Park Boat Service, and in order that the Board may be guided in the preparation of plans for this landing it is desirable to know the probable demand for locker accommodations; the Board will, therefore, receive applications for locker and landing privileges from all persons desiring to make use of these facilities. Applicants will please state the number of boats to be accommodated and the size of the locker room needed.

CHARLES E. STRATTON,
LABAN PRATT,
JOHN T. WHEELWRIGHT,
Board of Park Commissioners.

CITY OF BOSTON.

DEPARTMENT OF PARKS.

May 4, 1898.

Sealed proposals for building a wooden wharf at the Strandway, for the Department of Parks, in accordance with form of contract and specifications to be furnished by the Park Commissioners, will be received at the office of the Park Commissioners, Pine Bank, Jamaica Park, until 2.30 P.M., of Monday, May 16, 1898, at which time and place they will be publicly opened and read.

Each bid is to be accompanied by a certified check for five hundred (500) dollars, payable to the City of Boston; said check to be returned to the bidder, unless he fails to execute the contract, should it be awarded to him.

Specifications may be obtained and plans may be seen at the office of the Park Commissioners, Pine Bank, Jamaica Plain.

CHARLES E. STRATTON,
LABAN PRATT,
JOHN T. WHEELWRIGHT,
Board of Park Commissioners.

TO TAXPAYERS.

ASSESSORS' OFFICE,

City Hall, May 1, 1898.

Your attention is called to our circular (now being distributed throughout the city) relative to making returns on property subject to taxation as early as possible, before June 15, at two o'clock P.M.

Per order of the Board of Assessors,
FRANK A. DREW, Secretary.

CITY OF BOSTON.

POLICE DEPARTMENT.

NOTICE RELATING TO PUBLIC CARRIAGES AND OTHER VEHICLES.

Notice is hereby given that the second section of the Rules and Regulations relating to hackney carriages, heretofore passed by the Board of Police for the City of Boston, has been amended by the said Board so as to read as follows:

"2. The Board of Police may assign to any person or corporation licensed to set up and use a hackney carriage a place as a special stand for such licensed carriage, and the owner or lessee of more than one licensed carriage may keep any one of his licensed carriages on said stand, when not occupied by another licensed carriage owned or leased by him.

"The Board will, from time to time, designate certain places which shall be used as public stands, and may be occupied by any licensed hackney carriage or by so many of said carriages as shall be allowed to stand thereon.

"Every person having charge of a hackney carriage occupying a public stand shall carry passengers at cab rates. There shall be posted on every hackney carriage, except a cab, when occupying a public stand, a placard with the words, 'Public carriage at cab rates,' inscribed thereon in letters not less than two inches long.

"Applications for licenses under this rule shall be filed with the Board of Police prior to the first day of July, and shall be examined and reported on by the Inspector of Carriages. Such licenses and permits shall continue in force until July 1 next succeeding their date.

"The Board of Police reserves to itself the right to take away, change, modify or reassign any and all privileges in and to both special and public stands at its discretion."

Notice is hereby given that the Rules and Regulations relating to trucks, wagons, etc., heretofore passed by the Board of Police for the City of Boston, have been amended by the said Board so as to read as follows:

RULE 59.

OF TRUCKS, WAGONS, ETC.

1. No person shall set up and use any truck, wagon, dray, cart, sleigh, sled, or hand-sled, or any other vehicle, except a street car, which shall be used for hire within the City of Boston, for the conveyance from place to place within the said city, of wood, coal, lumber, stone, brick, sand, gravel, goods, wares, furniture, merchandise, or building materials, unless he is licensed thereto by the Board of Police, nor unless it is marked upon the outside and upon each side of the same with the name of the owner and the number of the license in plain, legible words and figures, of not less than one and one-half inches in size, and so that the same may be distinctly seen.

2. The Board of Police will, from time to time, grant licenses to such persons, and upon such terms as it may deem expedient, to set up and use any such vehicle as aforesaid within the City of Boston; and it reserves the right to revoke such licenses at its discretion. If any person other than the owner or lessee shall take out a license for any such vehicle, he shall be liable to have his license revoked; and if any licensee shall cease to be an owner or lessee, he shall immediately surrender his license to the Board of Police. For every license so granted there shall be paid the sum of \$1 for the use of the city.

Applications for licenses under this rule shall be filed with the Board of Police prior to the first day of July, and shall be examined and reported on by the captains of the divisions where the applicant makes application to stand.

Such licenses shall continue in force until July 1 next succeeding their date.

No license of any vehicle shall be sold, assigned or transferred without the consent of the Board of Police.

3. The person in whose name a license is taken out for any such vehicle shall, for all the purposes of this rule, be considered as the owner of the same, and liable to all the forfeitures and penalties herein contained, unless, upon the sale of any such vehicle, notice thereof be given to the Board of Police and the license returned to them.

4. No owner, driver, or other person having the care or ordering of any licensed truck, cart, wagon, hand-cart, sleigh, sled, hand-sled or other vehicle shall suffer the same to stop in any street, square, lane or alley of this city more than five minutes without some proper person to take care of the same, or more than twenty minutes in any case; and any person so offending shall be liable to a fine not exceeding \$20 for each offence.

Every driver of any licensed truck, wagon or other vehicle shall remain near to such vehicle while it is un-employed, or standing in the streets or squares of the city unless he shall be necessarily absent therefrom in the course of his duty and business, and shall so keep his horse or horses, and his carriage or other vehicle, that they shall not obstruct the said streets or squares or other public passages in any other manner than is allowed by law, or the ordinances of the City Council, or orders of the Board of Aldermen.

5. Any person violating any provision of the foregoing sections of Rule 59 shall be liable to a penalty of \$20 for each offence.

Attest: THOMAS RYAN, Clerk.

BOARD OF POLICE.

NOTICE TO OWNERS AND KEEPERS OF DOGS.

37 Pemberton Square, April 30, 1898.

Owners and keepers of dogs in the City of Boston are hereby notified that dog licenses expire annually on the thirtieth day of April, and that unless they are immediately renewed, prosecutions may be made as provided in the Public Statutes.

Applications must be made and licenses obtained at the several Police Stations throughout the city.

THOMAS RYAN, Clerk.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

MAY 19 1898

Volume I.

BOSTON, THURSDAY, MAY 19, 1898.

Number 20.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

DEATH OF JOSHUA S. DUNCKLEE.

Joshua S. Duncklee, Chairman of the Board of Assessors of the City of Boston, died on Monday morning, May 16, 1898.

The deceased was born in Brighton in 1840, and his life was largely devoted to the public service. He was Chairman of the Board of Assessors of Brighton in 1872-73. Brighton became a part of Boston in 1874, and in 1877 Mr. Duncklee became Principal Assessor. He was Secretary of the Board from 1888 until 1893, when he was chosen its Chairman, which position he continued to hold up to the time of his death.

APPOINTMENTS CONFIRMED.

The Board of Aldermen, at its meeting on Monday, May 16, voted to confirm the following appointments made by His Honor the Mayor:

The following-named persons to be members of the Board in charge of the Department of Public Music: Carl Zerrahn, for the term ending April 30, 1903; John A. O'Shea, Jr., for the term ending April 30, 1902; J. Thomas Baldwin, for the term ending April 30, 1901; James M. McLaughlin,

for the term ending April 30, 1900; Alfred De Voto, for the term ending April 30, 1899.

To be constables for the term ending April 30, 1899: John F. Bowen, Walter A. Goddard, Philip O'Brien, Benjamin F. Powell and Henry W. Shepard.

William Gleason, to be a Measurer of Grain, for the term ending April 30, 1899.

Samuel Hichborn and Edward B. Daily, to be Assessors for the term ending April 30, 1901.

SCHOOL COMMITTEE.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason street, at 7.30, May 10, President Huggan in the chair, and all members present except Mrs. Ames.

The Chair read the following:

(1.) STREET COMMISSIONERS' OFFICE.

City Hall, April 27, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

The Board of Street Commissioners have to inform you that they have agreed with the Water Commissioner of the City of Boston upon the sum of \$8,016, as payment for the portion of the reservoir lot on Thomas Park, at South Boston, taken for School purposes by the City of Boston, April 4, 1898 (taking recorded April 5, 1898).

Respectfully,

J. H. JENKINS, Secretary.

Placed on file.

(2.) STREET COMMISSIONERS' OFFICE.

City Hall, May 10, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

On March 31, the Street Commissioners wrote informing you that they had authorized the City Solicitor to settle the case of Bartlett P. Luce, for his estate taken for a school-house site on South and Hewlett streets, at West Roxbury, for the sum of \$3,101.35 and interest to March 25, 1898, amounting to \$273.95; owing to a mistake made by Mr. Luce's counsel in computing interest, that vote had to be rescinded, and a new vote passed making a settlement for the same amount (\$3,101.35) and interest to March 25, 1898, amounting to \$460.03.

Respectfully,

J. H. JENKINS, Secretary.

Placed on file.

(3.) TWENTIETH CENTURY CLUB, EDUCATION DEPARTMENT.

14 Ashburton Place, May 2, 1898.

TO THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

The Education Department of the Twentieth Century Club has just held its closing meeting of the season, when reports of the winter's work were presented in detail, particularly that of the Committee on Free Lectures for the People.

By vote of this meeting, formal expression was made of the gratitude felt by the Education Department for the generous action of your committee in granting the use of the several school halls and the privilege of distributing tickets by the school children of these districts.

This vote has been placed upon the records of the meeting, and it is my pleasant duty to inform you of the same.

The co-operation of your Board has rendered possible a new work, which we believe to be of distinct value, and we desire to share with you the many and spontaneous expressions of grateful appreciation which these lectures have elicited. I am,

Very truly yours,

CHARLOTTE BARRELL WARE, Secretary.

Placed on file.

(4.) OFFICE OF THE MAYOR.

City Hall, May 10, 1898.

TO THE SCHOOL COMMITTEE:

I transmit herewith a certified copy of Chapter 400 of the Acts of 1898, entitled "An Act Relative to the Support of the Public Schools of the City of Boston," which has now become a law, and I invite your careful attention to its provisions. In view of the time which has already elapsed since the beginning of the financial year, I desire to urge the importance of the speedy passage by your Committee of the school budget as provided by this act.

The necessity of keeping school expenses for the future strictly within the limits which have now been fixed by the Legislature is obvious, and I need not urge upon your Committee that its appropriation order should not only be framed so as to come within the limit for the present year, but on such a basis as to keep the school expenditures of next year and of subsequent years, with

their necessary increases, within the limits provided by this act.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Accounts.

On the recommendation of the Committee on Nominations the resignations of two teachers were accepted; the appointments of ten temporary teachers were confirmed; four teachers were nominated on probation; the appointment of four permanent teachers was confirmed; and seven teachers were granted leave of absence.

On motion of Mr. Strange, for the Committee on School-houses, it was

Ordered: (1.) That there be paid to the City of Boston, for land in charge of the Water Department of said city, being part of the reservoir lot on Thomas Park and G street, South Boston, taken for school purposes, the sum of eight thousand sixteen (8,016) dollars.

(2.) That the order passed by this Board, January 4, 1897, that the Board of Street Commissioners be requested to take, by purchase or otherwise, a certain lot or parcel of land belonging to Hannah T. Bliss, situated in the Dorchester District of Boston, adjoining and lying on the northerly side of the Robinson-street School, northerly side of Field's Corner, and bounded and described as follows: Beginning at the southwesterly corner of said premises and running northerly along the easterly line of land, now or formerly of Charles M. Carter and Edward N. Capen, about 94 and 73-100 feet; then turning and running easterly along the southerly line of land of Jesse and Flora A. Moulton, about 194 and 89-100 feet; then turning and running southerly about 104 and 48-100 feet to the northerly line of said school-house lot; then turning and running westerly along the northerly line of said school-house lot about 195 and 44-100 feet to the point of beginning, and containing 19,433 square feet of land, more or less, be, and the same hereby is, rescinded.

(3.) That the order passed by this Board, January 4, 1897, that there be paid to William H. Hayes, the sum of twenty-six thousand three hundred and twelve (26,312) dollars, as payment for premises situated and numbered two and three on Howard place, premises situated and numbered seventeen on Elm street, nineteen on Elm street, and twenty-one on Elm street, in that part of Boston formerly Charlestown, purchased for school purposes, upon the said Hayes giving to the City of Boston a deed for said estates satisfactory to the Law Department, be, and the same hereby is, rescinded.

(4.) That the order passed by this Board, January 4, 1897, that there be paid to Thomas F. McManus the sum of nine thousand five hundred (9,500) dollars, as payment for premises situated and numbered twenty-three on Elm street, in that part of Boston formerly Charlestown, purchased for school purposes, upon the said McManus giving to the City of Boston a deed for said estate satisfactory to the Law Department, be, and the same hereby is, rescinded.

That Frederick B. Bogan be granted leave of absence during such time as he may be called upon for military service during the present war.

That the plans and specifications for a high school-house, East Boston, prepared by John Lyman Faxon, architect, having been approved by the Superintendent of Schools be accepted, and the same are hereby approved by this Board; and the said John Lyman Faxon is hereby selected and employed to supervise the construction and erection of said school-house in accordance with said plans and specifications; and the Committee on School-houses is hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications; provided the sum shall not exceed \$200,000; and to make on behalf of this Board the necessary contracts for such work, subject to the approval of the Mayor.

That the Board of Street Commissioners be requested to make, under the authority conferred upon them by Chapter 210 of the Acts of the Legislature of 1898, such changes in the locations, dimensions, widths and grades of the highways shown on Section X 24 of the Board of Survey plans held by the Board of Survey in the City Surveyor's office in City Hall, January 3, 1894, as will maintain the lines of the old Gibson School lot upon School street, at the corner of Athelwold street, in their present position.

That the following-named architects be selected to prepare plans for the new school-houses set against their names:

Bacon & Hill, new primary school-house, Baker street.

Whitman & Hood, new primary school-house, Webster avenue.

William H. Besarick, new primary school-house, Thomas N. Hart District.

James Mulcahy, new primary school-house, Munroe street.

Perkins & Betton, new primary school-house, Forest Hills.

The following orders were also passed:

That an additional ungraded class be allowed in the Lyman District, making two in all.

That a session of the Mechanic Arts High School be held on Saturday, May 21, as a special public day, and that the school be closed on the following Friday, May 27.

That the principals of schools provided with flags be directed to have them displayed each school day, weather permitting, until further notice.

That the annual school festival be held on Saturday, July 2, 1898.

Adjournment was taken at 9.17 to 7.30 P.M., Tuesday, May 24.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on June 7, 1898, examination may be taken at Boston and other cities in the United States where the Commission has a competent Board of Examiners for lighthouse service. From the registers established as the result of this examination selections will be made for permanent appointments to the following-named positions: Engineer, assistant engineer, third assistant engineer, pilot, mate, second mate.

Attention is invited to the fact that persons certified to these positions must hold United States licenses for the districts to which they will be certified for appointment.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., on Monday, May 16, 1898, Chairman Conry in the chair, and all the members present.

The following messages were received:

Removal of East Boston Court—Veto.

OFFICE OF THE MAYOR,

City Hall, May 12, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith without my signature an order passed by your Board, acting as County Commissioners, removing the East Boston District Court, from and after May 9, from its present location to rooms in the old Austin School Building.

It does not seem to me proper to require the summary removal of this court, without consultation with its Judge, and without allowing any time for the proper preparation of the new rooms. I do not desire to pass finally upon the desirability of the proposed removal at the present time, as I have been unable to examine into the matter personally, but if the removal is desirable, sufficient time should clearly be allowed for the suitable preparation of the new rooms.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

Electric Wire Poles, Deer Island—Veto.

OFFICE OF THE MAYOR,

City Hall, May 12, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith without my signature the order passed by your Board granting a location to the New England Telephone and Telegraph Company of Massachusetts for the erection of poles upon Deer Island, for the reason that an arrangement has been made between said company and the Penal Institutions Commissioner by which their wires on Deer Island are to be placed underground, instead of on poles. Pole locations are therefore unnecessary.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The Board refused to pass the order over the Mayor's veto.

Appointments by the Mayor.

Communications were received from His Honor the Mayor, making the following appointments, subject to confirmation on the part of the Board:

(1.) Reuben Peterson, to be Soldiers' Relief Commissioner, for the term ending April 30, 1899.

(2.) Charles E. Folsom, to be a member of the Board of Assessors, for the term ending April 30, 1900, to fill a vacancy.

(3.) Paul C. Brooks, Elijah D. Foss, James Needham, David Schapero, and John J. Walsh, to be Constables of the City of Boston, for the term ending April 30, 1899.

(4.) Timothy Dunn, to be Superintendent of the South Hay Scales, for the term ending April 30, 1899, in place of Levi Chadbourne, resigned.

(5.) Frederick A. Worden, to be a Weigher of Coal, for the term ending April 30, 1899.

Severally laid over, under the rule.

Sale of Marcella-Street Home.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

I have already recommended that authority be given by the City Council for the sale of the Marcella-street Home property when it is no longer needed for the Board of Trustees for Children, and I have also called attention to the urgent need of additional buildings at the Parental School, under the charge of this same Board. I now recommend the passage of the accompanying order authorizing such sale and making the proceeds thereof available for the purchase of land and the erection of buildings, either for the purpose of providing for children now sent to the Marcella-street Home or for those sent to the Parental School.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That the Board of Trustees for Children be authorized, subject to the approval of the Mayor, to sell the estate on Marcella and Ritchie streets, now used for the Marcella-street Home, and that the proceeds of such sale be appropriated, to be expended by said Board subject to the approval of the Mayor, for the purchase of other land and the erection of buildings, to be used for receiving the children now committed to said Home, and also for the purpose of purchasing additional land and erecting additional buildings for the Parental School.

The message was referred to the Committee on Public Improvements.

Acceptance of "Alley" Act.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

I transmit herewith a copy of Chapter 298 of the Acts of the current year, entitled "An Act Relative to Alleys in the City of Boston," and I recommend the speedy accept-

ance of this act, as it is important, in order to take full advantage of the coming summer season, that work under it should be started at once.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(Chapter 298, Acts of 1898), An Act Relative to Alleys in the City of Boston.

Be it enacted, etc., as follows:

Section 1. The Board of Street Commissioners of the City of Boston may, under the provisions of Chapter 323 of the Acts of the year 1891 and acts in amendment thereof or in addition thereto, lay out and construct any alley or passageway in the City of Boston not exceeding twenty-five feet in width as a public alley, and the provisions of said chapter shall, so far as applicable, apply to the laying-out and construction of public alleys and the paying of the assessable cost thereof, as if they were laid out as highways, and any moneys applicable to the laying out and construction of highways under said act may be used for paying the expenses of laying out and constructing public alleys.

Sect. 2. Said city shall not be liable for any defect or want of repair in any public alley, nor be required to keep the same free from snow, but shall be required to keep the same free from any substance which is liable to cause sickness or a nuisance.

Sect. 3. Whoever drops or places and suffers to remain in any public alley, any snow or ice, or any rubbish or obstruction of any kind, shall be fined not exceeding \$50 for each offence.

Sect. 4. This act shall take effect upon its acceptance by the City Council of the City of Boston. (Approved, April 8, 1898.)

IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That Chapter 298 of the Acts of 1898, entitled "An Act Relative to Alleys in the City of Boston," be and hereby is accepted.

Referred to the Committee on Public Improvements.

Sale of "William E. Russell" to United States Government.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

Pursuant to authority voted by the City Council, the ferry-boat "William E. Russell" has been sold to the United States Government. A new boat to take her place should be provided for as soon as possible, and for that purpose I recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That the Superintendent of Streets be authorized to expend the sum of \$71,000 for a new ferry-boat for the East Boston ferry, to take the place of the "William E. Russell," and that the sum to be received from the United States Government

for the above named vessel (\$71,000) be appropriated for the said purpose.

Referred to the Committee on Public Improvements.

Appropriation for Public Schools.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

I transmit herewith, for your information, a copy of Chapter 400 of the Acts of the present year, entitled "An Act Relative to the Support of the Public Schools of the City of Boston," and in view of the provisions of this act I recommend the passage of the accompanying order rescinding the appropriations already made, as this appears to be the proper course to follow.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Chapter 400, An Act Relative to the Support of the Public Schools of the City of Boston.

Be it enacted, etc., as follows:

Section 1. The School Committee of the City of Boston shall forthwith after the passage of this act, and on or before the first day of March in each year thereafter, by vote of two-thirds of all its members, taken by yeas and nays, make appropriations for the support of the public schools of said city for the financial year, including repairs and alterations on school buildings. Such appropriations shall be made by items specifying the purposes for which the money is to be expended. Such appropriations which shall be included within the tax limit of said city for municipal purposes as now established by law, shall not exceed in the aggregate, upon each \$1,000 of the average valuation of the taxable property in said city as ascertained under the provisions of law limiting the rate of taxation in said city, the following sums for the periods specified, to wit: For the financial year ending on the thirty-first day of January in the year 1899, \$2.80; for the financial year ending on the thirty-first day of January in the year 1900, \$2.85; and for the financial year ending on the thirty-first day of January in the year 1901, and for each financial year thereafter, \$2.90; and any vote or appropriation requiring a larger assessment than as above specified shall be void; and said School Committee shall have no authority to incur any liability or make any expenditure in excess of such appropriations, anything in any statute to the contrary notwithstanding. Of the total amount authorized to be appropriated as aforesaid, an appropriation of which the several items shall amount to not less than twenty-five cents upon each \$1,000 of said average valuation, shall be expended only for such repairs and alterations upon school buildings as said School Committee shall order.

Sect. 2. The votes of said School Committee making such appropriations shall have the same force and effect as orders or votes of the City Council appropriating money, and shall be subject to the same provisions of law in respect to approval by the Mayor, except that a vote of three-fourths

of all the members of said School Committee, taken by yeas and nays, shall be necessary to pass any such appropriation over the veto of the Mayor.

Sect. 3. After an order or vote of said School Committee making an appropriation shall have gone into effect the aggregate amount so appropriated shall be certified by the School Committee to the Board of Assessors, and shall be included by said assessors in the amount to be raised by taxation in said city for such year.

Sect. 4. Any balance of an appropriation so made by said School Committee remaining unexpended at the close of any financial year, and not needed to carry out the requirements of any statute, gift, trust or special appropriation, and any amount within the limit above defined for such year not appropriated by said committee, shall be added to the amount which said committee may appropriate, as herein authorized, for the financial year next ensuing.

Sect. 5. The proceeds of any sale of any school lands or buildings shall be held in the city treasury of said city and used only for the purchase of land or the construction of buildings for school purposes, but shall not be used without the approval of the Mayor in writing in each specific case. Such proceeds shall be expended in accordance with the provisions of Chapter 408 of the Acts of the year 1895, and acts in amendment thereof and in addition thereto.

Sect. 6. This act shall take effect upon its passage. (Approved May 7, 1898.)

IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That the items in the annual appropriation order appropriating money for the support of the public schools, namely:

School Committee:

Alteration and repairs on school-building, to be expended by the Public Buildings Department, and temporary accommodations for school purposes	\$170,00
Other current expenses	2,300,000
	\$2,470,000

be, and the same hereby is, rescinded.

Passed—Yeas, 11; nays, 0. Sent down.

Swimming-Pool on Common.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

I have recently been considering with the Bath Commission the feasibility and propriety of deepening the Frog Pond upon the Common, and converting it during the summer season into a swimming pool. It appears from the estimates which have been prepared that this pond could be deepened to a uniform depth of four feet, which would be suitable for the purpose proposed, at an expense of about \$3,500, and the necessary bath-house accommodation could be provided, by the temporary use of two polling-booths, for about \$1,000. The plan contemplates a bath-house projecting over the pond, so that bathers would enter and leave the water only under its shelter. It is

not proposed to allow them to enter or leave the water from any other point. The pool is intended to be used only by boys of school age during the daytime, though possibly by adults as well during the evening, and, of course, suitable bathing dresses would be required.

If it were thought necessary or advisable, a fence or screen could be provided extending entirely around the pond. According to estimates which have been prepared, a suitable canvas screen twelve feet in height, supported on ornamental iron posts, could be provided for \$1,800, and the cost of an ornamental, portable shingled fence, built in sections, of the same height, would be about the same. If there seemed to be a demand for it, as I think would be the case, instruction in swimming might be provided at this point during the summer season. As everything could be movable, the pond would be restored to its present condition early in the autumn.

The Bath Commission has by vote given its endorsement to this proposal to try the experiment of putting the Frog Pond to this new use, and after giving the matter considerable thought, I am fully prepared to recommend to the City Council that the requisite authority for trying this experiment be given. If such use of this pond proved in any way to be undesirable, it need not be continued; and in order to place the project strictly upon an experimental basis, it might be as well to confine the authority to the coming season.

The area of the Frog Pond is about 38,500 square feet, or about six-sevenths of an acre, and an opportunity for bathing and swimming for a large number of persons would, therefore, be afforded. The location is of course a very central one, and a very large population resides within an easy distance of it. The City Engineer estimates that it would cost over \$15,000 to build a new swimming pool of this area, and the cost of purchasing such an amount of land in any central location would doubtless be considered prohibitory.

If it is admitted that a large number of boys, and perhaps of adults, would gladly avail themselves of the privilege of bathing in this pond if it were afforded to them, as I believe would prove to be the case, it seems to me that the only question is whether the greatest good of the greatest number would be promoted by making this new use of property already owned by the city. Of course the success of the experiment would depend upon the manner in which the bathing was regulated and upon the maintenance of proper order, but I believe myself that this would be satisfactorily managed.

It may be suggested that the portion of the Common now used for a playground

would be a more suitable location for such a swimming pool, but aside from the very much greater expense of construction, I find that a pool of the same size could not be constructed there without occupying altogether too large a portion of the available space and unduly restricting the important use of this area for playground purposes. I, therefore, recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Public Grounds be authorized to deepen the Frog Pond upon the Common for the purpose of making the same available for a swimming pool; and that the Department of Baths be authorized to allow bathing in such swimming pool between June 20 and September 20 of the current year, under such rules and regulations as they shall prescribe with the approval of the Mayor, such rules to provide, among other things, that only boys shall be allowed to bathe in the pond during the daytime, that bathers shall enter and leave the water only under the shelter of a bath-house projecting over the pond, and that proper bathing dresses be worn; and for such purposes said Department is hereby authorized to erect any temporary structures, to be approved by the Mayor, adjacent to said pond, the same to be entirely removed by October 1 next (such structure to include a screen at least twelve feet high enclosing the pond).

Assigned to the next meeting.

Retaining Wall on Freeport Street.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE CITY COUNCIL:

Last year the sum of \$7,000 was appropriated for building a retaining wall along Freeport street, in the Dorchester District. The estimated expense of building the wall for the distance required to complete the work was \$17,000, and it has, therefore, only been possible within the amount appropriated to do a portion of the work. This portion is now about completed, and the remainder of the wall can be built more economically at the present time. The work is an important one, as it effects some widening of the street, which is an important thoroughfare. I, therefore, recommend the passage at the present time of the accompanying order appropriating the additional amount required for the completion of this work, so that it may continue without interruption.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That the Superintendent of Streets be authorized to expend the sum of ten thousand (10,000) dollars in completing the retaining wall on Freeport street, Ward 24; and that to meet said appropriation the City Treasurer issue, at his discretion, and sell, either coupon bonds or registered certificates of the City of Boston for the sum of ten thousand dollars; said bonds or registered certificates of indebtedness to be payable at the office of the City Treasurer of Boston twenty years from their date, and to bear interest at the rate of $3\frac{1}{2}$ per centum per annum, payable semi-annually at such times as said Treasurer shall determine.

Ordered, That the premium obtained by the said City Treasurer in the negotiation or sale of said bonds or certificates shall be paid to the Board of Commissioners of Sinking Funds for the redemption of the debt hereby created.

The message was sent down.

The rule was suspended and the order was read a second time and passed, yeas 11, nays 0.

Sent down.

Message Concerning J. Thomas Baldwin.

OFFICE OF THE MAYOR,

City Hall, May 16, 1898.

TO THE BOARD OF ALDERMEN:

In connection with the appointment of Mr. J. Thomas Baldwin as a member of the Musical Commission, I think it proper in view of his prominent business connection in the past with a band which has furnished music to the city, to inform you, as appears by the communication transmitted herewith, that Mr. Baldwin has no further financial interest in, or connection with, the band with which he has formerly been associated. Of course, I should not have selected any person as a member of the Musical Commission who had had any financial interest which might be considered as tending to bias his official action.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Boston, May 7, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: Referring to our conversation a few days ago, as to whether I was in any way connected with the Boston Cadet Band, formerly Baldwin's Cadet Band, I would say that I have sold and conveyed all my right, title and interest in said band to George H. Rowell and Frank E. Partridge, and that I have no financial interest in said association. I would, however, say that there are a few engagements, ending June 29, taken by myself before selling out, that are yet to take place, where I promised to be present and conduct, which I must do, as agreed at the time of making such engagements; otherwise my connection with the band has entirely ceased.

Yours very respectfully,

J. THOMAS BALDWIN.

Placed on file.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following was approved May 9, 1898:

Ordered, That the City Council approves the proposal of the Bath Department to furnish, so far as possible, instruction in swimming to the scholars in the public schools during the summer vacation, and hereby requests the School Committee to give its endorsement to such proposal, and to co-operate, so far as it can properly do so, in the carrying out of such plan.

The following were approved May 10, 1898:

Ordered, That the Building Commissioner be authorized to issue a permit to the New England Railroad Company to build, outside the building limits, a wooden building on Congress street, near A street, Ward 13, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied as a freight-house.

Ordered, That the Building Commissioner be authorized to issue a permit to the New England Railroad Company to build, outside the building limits, a wooden building on south-east side of Congress street, between A and B streets, Ward 13, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied as a freight-house.

The following were approved May 11, 1898:

Ordered, That the Superintendent of Public Grounds is hereby authorized to construct, with the approval of the Mayor, a swimming-pool and bath-house in Orchard Park, Ward 17, and to place the care and control of such pool and bath-house in the hands of the Bath Department; and the Bath Department is hereby authorized to allow the public use of such pool and bath-house, under such regulations as they shall deem proper and the Mayor shall approve.

Ordered, That the Superintendent of Streets be authorized to make contracts with any street railway company or companies operating street railway cars in the city, for the use of sprinkling cars or similar apparatus on their tracks, and in connection with such contracts to enter into such obligations or bonds for the proper protection of the parties thereto as the Mayor may approve.

The following were approved May 12, 1898:

Ordered, That the Building Commissioner be authorized to issue a permit to M. H. Cobe to build, outside the building limits, a wooden building on Lotus place, Ward 23, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with the application on file in the

Building Department; said building to be occupied as an ice-house.

Ordered, That the Building Commissioner be authorized to issue a permit to S. & D. W. Farquhar to build, outside the building limits, a wooden addition to building on Mount Washington avenue, Ward 13, in excess of size allowed and without the construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied for stable purposes; main building occupied for storage purposes.

Ordered, That the Building Commissioner be authorized to issue a permit to the Boylston Art Club to build, outside the building limits, a wooden addition to building at 46 Boylston avenue, Ward 22, in excess of size allowed and without the construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied as a club room; main building for same purpose.

By the Board of Aldermen.

The following was approved May 9, 1898:

Permit to Samuel W. Johnson to project two bay-windows from building 129-131 G street, corner Eighth street, Ward 15.

The following were approved May 11, 1898:

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Blue Hill avenue, from a point where existing tracks end on said street, to the dividing line between Boston and Milton, with necessary curves, sidings, cross-overs, switches and connections as far as Walk Hill street, said tracks being shown by red lines on a plan made by A. L. Plimpton, dated January 28, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The work of laying the said tracks as far as Walk Hill street to be completed within six months from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be hereby granted to the West End Street Railway Company, to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so-called, on Blue Hill avenue, from a point where existing system ends on said street to the dividing line between Boston and Milton.

And permission is hereby granted to the said West End Street Railway Company, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise it shall be null and void.

The following were approved May 12, 1898:

Permit to Mary C. Kewer to project one bay-window from building 541 East Seventh street, Ward 15.

Permits to project signs, etc., viz.:

Hewes-Mayo Company, sign, at 637 Washington street, Ward 7.

William Doy, illuminated sign, at 32 Harrison avenue, Ward 7.

J. Perelmuto, V-shaped sign, at 65 Poplar street, Ward 8.

S. L. Lung Company, sign, at 28-30 Harrison avenue, Ward 7.

Spencer R. Riley, three barber poles, at 11 Camden street, Ward 12.

Small, Nesmith & Co., sign, at 96½ Summer street, Ward 7.

Joseph A. Turnbull, transparency, at 599 Main street, Ward 4.

S. Simons, sign, at 46 Charles street, Ward 11.

G. A. Deland, sign, 707 Dudley street, Ward 16.

License to the Jenney Manufacturing Company, to manufacture, refine, mix, store and keep for sale oils or fluids composed wholly or in part of the products of petroleum at the works of said company on First street, South Boston,—and to store and keep for sale such oils or fluids, at 2 Central wharf.

Constables' bonds of the following-named persons: John F. Clark, John F. Harrigan, William H. Kenney and Forrest E. Starr.

Permit to George F. Campbell to use Fan-euil Hall on the evening of May 7, for a medical inspection and muster.

The following were approved May 12, 1898:

Ordered, That the Superintendent of Streets make sidewalks, to be from three to ten inches above the gutter adjoining, and to be from five to twelve feet in width, owners to furnish material, in front of the following estates:

Thomas Welch, 322 West Third street, Ward 14, of brick.

Theo. F. Goodwin, 28-34 Wyman street, Ward 22, of brick.

Twenty-one Associates, 9-37 Poplar street, Ward 23, of brick.

Sarah W. Porter, 74 Centre street, Ward 20, of artificial stone.

Kate K. Amidon, 90-94 Centre street, Ward 20, of artificial stone.

Louis F. Abbott, 17 Westville street, Ward 20, of artificial stone.

Felix Smith, Wabeno street, Ward 21, of artificial stone.

Mary S. Anderson, 173-175 Hancock street, Ward 20, of gravel.

G. M. Glover, 102 Centre street, Ward 20, of gravel.

Robert McLeod, 5 Adelaide street, Ward 22, of gravel.

Robert McLeod, 20 Boylston street, Ward 22, of gravel.

John G. Hooper, 22 Boylston street, Ward 22, of gravel.

Mary S. Anderson, 114 Alban street, corner Welles avenue, Ward 24, of gravel.

Ordered, That the Superintendent of Streets be authorized to issue permits, the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:

Hortons & Hemenway, to erect, maintain and use guy-posts, with the necessary ropes attached thereto, in and over the following streets:

Seven on the southerly side of Buckingham street, about seventy-five feet apart.

Three posts on the westerly side of Dartmouth street, about sixty feet apart, for use in construction of the new Back Bay Station, Ward 10.

Fitchburg Railroad Company, to erect, maintain and use guy-posts, with the necessary ropes attached thereto, in and over the following streets, viz.:

One post on Water street, opposite store-house.

One post at the junction of Water and Foss streets, Ward 5, for use in constructing a new grain elevator.

John J. Coon & Co., to erect, maintain and use two guy-posts, with the necessary ropes attached thereto, one at or near No. 943 Parker street, and one on Parker street, near New Heath street, and to stretch four guy-ropes from guy-posts on private lands over and across Bickford, Parker, Old Heath and New Heath streets, Wards 19 and 22.

Ordered, That the Superintendent of Streets be authorized to issue on the terms and conditions expressed in the ordinance relating thereto, permits to move wooden buildings, as follows:

The John Cavanagh Building Moving Company, one pitch roof, seventy-five feet in length, by thirty-two feet in width, by thirty-four feet in height, from Crescent avenue, corner of Carson street, along said avenue 600 feet, to land of Michael Fryer, Ward 16.

The John Cavanagh Building Moving Company, one pitch roof, thirty-five feet in length, by fifteen feet in width, by eighteen feet in height, from location on Congress street, along said street about 1,000 feet, to a lot near B street, Ward 13.

T. J. Billings, one hip'roof, fifteen feet in length, by twelve feet in width, by twelve feet in height, from Dorchester avenue, near the corner of Park street, along about 400 feet to land on the east side of said avenue, Ward 24.

Ordered, That the West End Street Railway Company be hereby directed to remove their tracks from Lincoln street, from Beach street to Summer street, as said tracks are unused and are an obstruction to travel on said street.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

The following were presented to the Mayor May 3, 1898, and were not returned by him within ten days thereafter:

Permit to Morris Salis, to project a pole on which to hang clothing, at 261 North street, Ward 6.

Ordered, That until otherwise ordered by this Board no license shall be required for the sale of newspapers by minors, and the provisions of Chapter 2 of the Revised Regulations of 1892 are hereby suspended, so far as the same relate to the selling of newspapers.

Ordered, That the Superintendent of Public Grounds be requested to trim a tree located on Centre street, Ward 20, opposite Samoset street, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree located in front of the premises of Thomas Wilson, No. 69 Old Harbor street, the expense of the same to be charged to the appropriation for Public Grounds Department.

MORTALITY STATISTICS FOR THE MONTH OF APRIL, 1898.

Board Meetings.

Cemetery Department.

City Hall, May 14, 1898.

A meeting of the Board of Trustees of the Cemetery Department was held at Mt. Hope Cemetery, Thursday, May 12, 1898, at 3 o'clock.

There were present: Messrs. Brackett, Atteaux, Morse and Hersey.

Mr. J. Albert Brackett was unanimously re-elected Chairman of the Board of Trustees.

Bills to the amount of \$1,432.15 were approved.

Mr. Frederick E. Atteaux presented his credentials of appointment as a member of the Board of Trustees of the Cemetery Department for a term of five years, commencing May 1, 1898, and the Chairman declared Mr. Atteaux a duly appointed member of the Board.

It was voted that, in accordance with the request of His Honor the Mayor, for setting aside an additional lot in Mt. Hope Cemetery for the House of the Good Samaritan, that the request be granted, and that the Superintendent prepare a suitable additional lot, containing 1,200 square feet, for that purpose.

Voted, That the communication from the Boston Transit Commission, in regard to the drain in the Granary Burial Ground, be referred to Mr. Fallon, with full power to act thereon.

Voted, That authority be given the Superintendent of the Department to open the Longley tomb in the Granary Burial Ground; to give the Sons of the Revolution an opportunity to search for the remains of James Otis.

Voted, To increase the salary of A. M. Lydston, Custodian of Bunker Hill and Phipps-street Burial Grounds, to \$400 per annum.

Voted, That authority be given Mr. Lydston to have the iron fence at the Bunker Hill Burial Ground painted at an expense not exceeding \$25.

Voted, That the question of re-roofing and painting the house used by the Custodian in Copp's Hill Burial Ground be referred to Mr. Fallon, with full authority to act thereon.

A communication was received from E. W. Wilcox, Secretary of the British Charitable Society, asking for a concession from the regular price for putting the British Charitable lot, situated in Mt. Hope Cemetery, in perpetual care.

It was voted that the sense of the meeting was against the reduction of the established price for perpetual care, and the matter was referred to Mr. Atteaux, to report upon later.

Voted, That the Superintendent have authority to expend a sum not exceeding \$150, for the purpose of renovating the house and office furniture at Mt. Hope Cemetery.

Voted, That a sum not exceeding \$200 be appropriated for putting in a proper sanitary condition the ladies' waiting-room situated on the grounds at Mt. Hope Cemetery.

Voted, That the Superintendent be authorized to purchase a second-hand watering-cart, at a price not exceeding \$100, for use in Mt. Hope Cemetery.

NELLIE V. NORTON, Secretary.

Insane Hospital Department.

The Insane Hospital Trustees met at 32 Tremont street on May 12, 1898. All the members were present, Dr. Baldwin in the chair. The records of the previous meeting were read and approved. Dr. Baldwin was elected Chairman for the ensuing year, and Dr. Knapp Secretary.

The monthly bills, amounting to \$2,762.73 for Austin Farm, and \$2,223.82 for Pierce Farm; the pay-rolls, amounting to \$2,189.40 for Austin Farm, and \$1,500 for Pierce Farm, were referred to the Committees on Supplies and Service, and the Chairman was authorized to sign drafts for the amounts. Bills for the insane in other hospitals, amounting to \$6,398.81, were presented, and the Chairman was authorized to sign a draft for the amount.

Timothy J. McCarthy was promoted to be engineer at Pierce Farm.

The Committee on Supplies and the Committee on Service were directed to investigate and report at the next meeting a system for purchase and issuance of supplies.

The Committee on Rules were directed to prepare a plan by which the two institutions can be carried on under one responsible head.

Patients in hospital May 11, 1898:

AUSTIN FARM.

Total	177		

PHILIP COOMBS KNAPP, Secretary.

Library Department.

Friday, May 6, 1898.

The adjourned annual meeting of the Corporation was held in the Trustees' room at 4 P.M.

Present: Messrs. Benton, Bowditch, De Normandie, Lincoln, Prince and the Clerk of the Corporation.

The Corporation proceeded to the election of officers by ballot, and the Hon. F. O. Prince was elected President; Solomon Lincoln, Vice-President, and Herbert Putnam, Clerk, for the ensuing year.

Upon motion, the meeting was dissolved.

The regular weekly meeting was then held, all the Trustees being present.

The following communications were received: From the Mayor, relating to sanitary affairs at the Brighton Branch Library; from Patrick J. McCarthy, dated April 26; from William C. Curtis; the Auditor's monthly exhibit.

Purchases authorized: Books, chargeable to city moneys to the amount of \$352.25; to trust funds, \$266.80; to Fellowes Athenæum, \$14.28; to Station "P," \$4.16; miscellaneous expense, \$146.10.

The President was authorized to execute a power of attorney in behalf of the Corporation for the entry of all goods, wares and merchandise which may be imported by the Corporation.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, May 9, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners held May 9, 1898:

The Board accepted an agreement from Willie Campbell to keep the golfing court, including the putting greens, teeing grounds and the meadow enclosed by the course in good order and neat and orderly condition, in consideration of the revenue derived from the sale of golf tickets and for the privilege of teaching the game at current rates for such service, for the season of 1898.

Voted, That the Law Department be authorized to settle the case of Margaret J. McLaney for land taken for North End Playground for the sum of \$3,800 without interest, upon her giving a deed or release of the same, together with an acquittance and discharge of all damages, costs and expenses arising or in any way growing out of said taking, satisfactory to the Law Department.

Voted, That the Law Department be authorized to settle the case of David Flynn for land taken for North End Playground, for the sum of \$8,000 without interest, upon his giving a deed or release of the same, together with an acquittance and discharge of all damages, costs and expenses arising or in any way growing out of said taking, satisfactory to the Law Department.

GEORGE F. CLARKE, Secretary.

Street Laying-Out Department.

The following abstracts are taken from the records of the meetings of the Board of Street Commissioners:

Monday, May 9, 1898.

Sewers were ordered built in Norfolk and Allston streets, and a catch-basin in Centre street.

It was voted to agree with William F. Macy, upon the sum of \$9,500, and the taxes for the year 1897, as payment for his estate taken for the purposes of the City Hospital; his agreement to accept same having been approved by the Mayor.

A petition was received from M. H. Stone, that catch-basins may be built in Harold and Hollander streets.

Tuesday, May 10.

It was voted to give a hearing in the matter of changing directions, locations, widths and grades of streets shown on plans W 21, 20, 22, 24 of the Board of Survey Plat 5, in Room 25, Old Court House, Friday, May 20, at 3 o'clock.

Friday, May 13.

Public hearings were given in the matter of laying out and constructing Spencer street, at Dorchester, between Park and Athelwold streets; in the matter of laying-out and constructing an extension of Millet street, at Dorchester, from Park to Athelwold street; and in the matter of laying-out Spencer street, at West Roxbury, from South street.

Orders of notice were issued of the Board's intention to lay out and construct Ogen (Orange) street, West Roxbury, from Beech street to Belgrade avenue; hearings May 27, at 11 o'clock; and of its intention to take land for a sewer and a surface drain from Adams street; hearings May 29, at 11 o'clock.

Two catch-basins were ordered built in Perkins street and one in Pond street.

A petition was received from H. Nissen and others, that Newburg street may be laid out at West Roxbury.

Petitions were received for sewers in Malvern, Blackwell and Bullard streets and in Homes avenue.

It was voted to pay Hezekiah G. Chase, executor, \$166 for all land taken from, and for all damages occasioned to his estate on Boston street by the laying-out of Columbia road; his agreement to accept the same having been approved by the Mayor.

Public hearings were given in the matter of the changes of lines, etc., of streets shown on Plans X 17, Board of Survey Plat 5; Plans X 99, 100, Board of Survey Plats 3 and 6; Plans 21, 22, Board of Survey Plat 2.

J. H. JENKINS, Secretary.

Awards of Contracts.

JOHN S. DAMRELL,
Building Commissioner.

City Clerk Department.

City Hall, May 16, 1898.

The following is a list of the principal matters recorded in the City Clerk's office for the week ending May 14, 1898:

Number of chattel mortgages	142
Number of discharges of mortgages	26
Number of assignments of mortgages	6
Number of assignments of wages	37
Number of married women's certificates	9
Number of bills of sale	4
Number of ship liens	4
Number of assignments for the benefit of creditors	9
Number of notices of foreclosure of mortgages	5

An accident notice was filed May 10, 1898, by Ida M. Ringold, for personal injuries received from an alleged defect in Washington street, near Nos. 1146-1148, on April 17, 1898.

J. M. GALVIN, City Clerk.

Street Department.

Proposals for furnishing the Street Department with bank gravel and sand from May 16, 1898, to February 1, 1899, were opened at the office of the Superintendent of Streets on Friday, May 6, and the following awards have been made:

South Boston, F. J. Hannon; East Boston, L. F. Leary; Charlestown, P. O'Riordan; Dorchester, Frank McGovern; Roxbury, H. P. Nawn; city proper, District No. 8, William Gilligan; city proper, District No. 9, William Gilligan; city proper, District No. 10, P. O'Riordan; West Roxbury, John A. Whittemore's Sons; Brighton, Neill McBride.

BENJ. W. WELLS,
Superintendent of Streets.

Wire Department.

Old Court House, May 9, 1898.

The following is a summary of the work done by this Department for the month ending April 30, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	2,813
Defects reported	309
Defects found corrected during month	320
Notices of new work received	529
Dead wire removed (feet)	78,300
Fixtures removed	25

Inspections have been made of the temporary wiring at the various theatres, and certain changes were requested to be made in the interests of safety.

Six second-alarm and one third-alarm fires have been responded to.

Certain fires, due to electrical causes, have been investigated, and the causes of same investigated.

UNDERGROUND DIVISION.

Electrical approvals of permits for street openings have been granted, as follows:

Conduit construction	23
Building connections	84
Lamp connections	14
Pole connections	7
Repairs	7

Inspections by this Division have been made, as follows:

Conduit construction	75
Building connections	68
Lamp connections	18
Repairs	26
Cable drawings	76
Installations of underground transformers,	4
Negatives of overhead construction taken,	4

Pole locations of the Boston Electric Light Company, New England Telephone and Telegraph Company and Brookline Gas Light Company have been examined.

Progress of work—5,120 feet of conduit completed, 18,854 feet of duct laid, 16 man-holes built, 37 service connections made, 14,000 feet of cable drawn in.

THOS. W. FLOOD, Commissioner.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending May 14, 1898, are as follows:

Death rate for the week	19.6
Death rate for corresponding week, 1897	26.9
Number of deaths:	
Males	97
Females	103
Total	200
Total deaths in corresponding week, 1897	268
Decrease	68

Of the 200 decedents, 195 were white and 5 colored; 125 were born in the United States, 71 in foreign countries, and the birthplace of 4 unknown; 43 were of American parentage, 135 of foreign parentage, and 22 were of unknown parentage.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	32	5
Scarlatina	22	0
Typhoid fever	8	1
Measles	99	1
Totals	161	7

PRINCIPAL CAUSES OF DEATH.

Consumption	23
Pneumonia	23
Whooping cough	1
Heart disease	18
Bronchitis	11
Marasmus	6
Violent causes	15

Total from principal causes	97
Total from infectious diseases	7
Total from other causes	96
Total from all causes	200

NOTICE.

TO THE HONORABLE THE BOARD OF ALDERMEN:

Boston, May 12, 1898.

The undersigned respectfully petitions your Honorable Board to give us permission to erect four poles on East First street, between Congress street extension and our factory, corner of O street, for the purpose of supporting our private telephone line running between our Oliver street store, storehouse on Congress street, and our factory on East First street.

This is made necessary on account of changes being made on the old Harrison Loring property.

If this petition is granted we shall erect proper hard pine poles to conform to those along Congress street, and to be located according to plan which we send here-with.

Yours very respectfully,
Walworth Manufacturing Company,
Per G. H. GRAVES, Treasurer.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 16, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all parties interested that this Board will, on Monday, the twenty-third day of May, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties, who object thereto, may appear and be heard. Said notice to be given by publication of a copy of said petition and this order thereon in the South Boston News, Boston Journal, and THE CITY RECORD.

Passed.
A true copy. J. M. GALVIN, City Clerk.

NOTICE.

ENGINEERING DEPARTMENT.

Boston, May 13, 1898.

Contractors are invited by the City Engineer of the City of Boston to furnish proposals for building abutments at A street, South Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the City Engineer, City Hall, Boston, Mass. A bond satisfactory to the City Engineer in the sum of five thousand (5,000) dollars for faithfully doing the work will be required. The bidder must use the form of proposal to be obtained at said office, sign the proposal and leave it at said office before 12 M., of May 25, 1898, with a certified check for five hundred (500) dollars, payable to the City of Boston. This check is to be the property of the city if the Contractor fails to carry out his proposal.

WILLIAM JACKSON,
City Engineer of the City of Boston.

NOTICE.

TO THE HONORABLE THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Your petitioners respectfully represent that they are the Directors of the Boston and Winthrop Street Railway Company, which has complied with the provisions of Chapter 113 of the Public Statutes of Massachusetts, preliminary to the establishment of a corporation, and that they have caused a copy of the articles of association to be published as required by Section 6 of said chapter, and as such Directors they pray for the following locations in the City of Boston, namely: Beginning at the point in Saratoga street, in said City of Boston, on the south-easterly side of the tracks of the Boston, Revere Beach and Lynn Railroad Company, and thence running on Saratoga street to the bridge running from Saratoga street to Main street in the town of Winthrop, and thence running on said bridge to the division line between the said City of Boston and the town of Winthrop; and they pray the said company may locate, lay and maintain its tracks, with such turn-outs, switches and connections as may be needed upon said location, and may erect and maintain the necessary poles, wires and other fixtures along said location, for the purpose of operating a street railway so located, to be operated by electricity by the single overhead trolley system, so-called; the desired location of said tracks, turn-outs, switches, poles, etc., are shown on the plan filed herewith.

Respectfully submitted,

ZEBULON G. WOOD,
FRANK S. CLAWSON,
B. FRANKLIN WOOD,
SIMON J. DONOVAN,
PETER MORRISON,
SIDNEY CUSHING,
CHARLES R. MORSE.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 2, 1898.

Upon the foregoing petition it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested, that this Board will, on Monday, the twenty-third day of May, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto, may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Journal, THE CITY RECORD and Boston Record.

Passed.

A true copy. J. M. GALVIN, City Clerk.

STREET DEPARTMENT.

Boston, May 12, 1898.

The Street Department of the City of Boston invites proposals for building about 642 linear feet of sewer work in Belvidere street, between Dalton and West Newton streets, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office on or before 12 M., of Thursday, May 19, 1898, his bid and a certified check for \$300, which is to be the property of the city if the Contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, May 13, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 3 o'clock P.M., on Friday, May 20, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered X 20, 21, 22, 24, made by the Board of Survey, and filed January 3, 1894, in the office of the City Surveyor in City Hall; said territory is in that part of Boston formerly Dorchester, and is bounded, approximately, by Geneva avenue, Bournside street, Melville and Wheatland avenues, New England Railroad and Harvard street.

JOHN P. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Street Commissioners.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

May 13, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the private way at West Roxbury called Orange street, from Beech street to Cornell street, be laid out as a highway with the name of Ogden street, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-seventh day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

May 13, 1898.

Ordered, That due notice be given—that this Board are of the opinion that public necessity and convenience require that a sewer and a surface drain be constructed in private lands, at Dorchester, between Adams street and the Milton branch of the Old Colony Railroad, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required, under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M. of the twenty-seventh day of May, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

CLERK OF COMMITTEES' DEPARTMENT.

City Hall, May 16, 1898.

The Committee on Ordinances will give a hearing in the Aldermen's room, City Hall, on Friday, May 20, 1898, at 4.30 o'clock P.M., to all persons interested in the question of providing a path for bicycle riders across Boston Common, from the corner of Charles and Boylston streets to the corner of Park and Tremont streets.

SALEM D. CHARLES, Chairman.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, MAY 26, 1898.

Number 21.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENTS CONFIRMED.

The Board of Aldermen, at their meeting on Monday, May 23, confirmed the following appointments made by His Honor the Mayor:

Reuben Peterson, to be Soldiers' Relief Commissioner, for the term ending April 30, 1899.

Timothy Dunn, to be Superintendent of the South Scales, for the term ending April 30, 1899, in place of Levi Chadbourne, resigned.

Paul C. Brooks, Elijah D. Foss, James Needham, David Schapero and John J. Walsh, to be constables, for the term ending April 30, 1899.

Frederick A. Worden, to be a Weigher of Coal, for the term ending April 30, 1899.

ORGANIZATION OF THE MUSICAL COMMISSION.

The Musical Commission organized on Saturday, May 21, 1898, by the choice of Carl Zerrahn as Chairman, John A. O'Shea, jr., Vice-Chairman, and J. Thomas Baldwin, Secretary. Mr. E. N. Catlin was chosen to be the leader of the municipal band, which is to give the summer concerts during the

coming season. Offices have been assigned to the Commission in the building No. 64 Pemberton square, which has been leased by the city. The Commission will proceed at once to choose members to play in the band to be formed for the purpose of giving the summer concerts.

PENAL INSTITUTIONS DEPARTMENT.

The Annual Report of the Penal Institutions Commissioner for the year ending January 31, 1898, constituting "Document 26," has recently been issued. With regard to the Commissioner's report upon the institutions under the charge of the Department, the following is a summary:

HOUSE OF CORRECTION, DEER ISLAND.

This institution is in a very satisfactory condition, and, compared with similar institutions, is a model of neatness and order. Several long-existing features have been abolished, and new ones introduced, among which has been the appointment of a regular visiting day of friends of prisoners, instead of the old custom of daily visits. The electric-lighting service has been extended, and still further extension is contemplated.

With but little expense to the city a large and serviceable library, for the benefit of inmates, has been established, made needful by the restrictions with regard to the employment of inmates. In connection with the library a reading and assembly room for officers and matrons has been provided.

The prison hospital is regarded as superior to any of its class. Several changes are to be made as a result of an investigation of the fire which destroyed one of the wards in December last, and negotiations have been reopened with the Metropolitan Sewerage Commission looking towards the building of a reservoir on the high land of the island.

The discipline of the institution has been excellent. The number of inmates punished during the year for breaches of discipline was 606, against 969 in 1895 and 634 in 1896. The number of days spent in solitary confinement was 1,786, against 2,907 in 1895 and 1,851 in 1896. This reduction in punishments has occurred with an increase of population. Not a single machine in either House of Correction has been purposely broken by an inmate during the year.

The Commissioner recommends that an appropriation be made for the repair of the institution wharves at Deer Island.

HOUSE OF CORRECTION, SOUTH BOSTON.

This institution, erected some sixty years ago, is ill-adapted to the purposes for which it is used. The buildings are unsanitary, and not in accordance with the modern ideas of the treatment of criminals.

No changes, other than those which resulted in better care of the convicts, have been made in accommodations owing to the probability of the discontinuance of the use of the buildings for a prison.

A school for illiterates, with excellent results, has been established, and last summer, with the co-operation of Colonel Woodruff, Commander of the Garrison at Fort Warren, physical training was introduced. On all sides approval of this has been received, and the exercise will be continued. As in the Deer Island house, the discipline has been excellent throughout the year. New rules for both houses have been adopted, and are assisting in the discipline very materially.

LABOR IN PRISON.

Arrangements are now in progress to accomplish the changes made necessary by the new laws relating to prison labor.

Efforts are now being directed by the Department to make the character of the work of such a kind as would be serviceable to the men in making them useful to themselves and to the community when they leave the institutions. Of 11,736 commitments to both institutions, 1,607 could neither read nor write. To abolish this illiteracy is the first step in prison reform.

Of the inmates of the prisons, about 60 per cent. have no occupation except that of an unskilled laborer. It is the desire of the Department to take from this class the ones that are likely to be benefited, and give them instruction in some of the mechanical trades.

DRUNKENNESS.

Of the 10,954 persons committed to the Deer Island institution, 8,437 were sentenced for drunkenness. By many confinement at Deer Island is looked upon, not as a punishment, but as a diversion and rest from toil. This class gladly exchange liberty to be free from the care of self-maintenance. In many instances the culprit has a family dependent upon him, and, deprived of the one who should support them, they apply in many cases, to the Overseers of the Poor for relief. An investigation of the treatment of drunkenness by other States and countries, has shown, that, with slight modifications, the punishment by fine and imprisonment is universally applied throughout the world.

The penalty does not prove deterrent always, and the treatment of these offenders

might be regulated by the number of admissions. If the serving of one sentence was not sufficient to deter one from being again committed, let him feel the rigor of succeeding commitments, until the hardship of imprisonment is sufficient to overcome the willingness to undergo confinement.

AID FOR DISCHARGED PRISONERS.

One of the important duties of the Department is in the aid of those released from the institutions. It seems wise to foster this work, as the expense is saved to the city many times over. Since the institution of the system there have been assisted 2,793 persons, at a cost of \$480.66.

The number of prisoners released on probation by permit of the Commissioner during the year has been 2,700.

The boats connecting with the islands of the harbor are in good condition generally, and have performed excellent service in connection with the various excursions of sick children during the summer months.

TECHNICAL EDUCATION IN LONDON.

The London County Council began seriously to deal with the question of the supply of technical instruction in 1892, under the Technical Instruction Acts of 1889 and 1891.

By subsequent action, all the powers conferred by the above-mentioned Acts were delegated to a committee called the Technical Education Board of the London County Council, consisting of thirty-five members, of whom twenty were members of the Council, the other fifteen representing various educational organizations of the city, including the London School Board. Mr. Sidney Webb, of the County Council, who is well known in Boston, has been the chairman of the London Technical Education Board from the beginning of its existence.

Under the Technical Instruction Acts, power was granted the London County Council to supply or aid the supply of technical or manual instruction in schools and other institutions which are within its district or in outside districts accessible to London students. No aid is given to any school that is conducted for private profit, and every institution receiving aid must be open to all shades of religious opinion.

The total amount available for the Board's work during the present year is £150,000, and the Board is regarded as approaching the full development of its work.

From the commencement, the policy of the Board has been that of maintaining and developing the work of existing institutions in London, rather than that of creating new institutions. The most important of all the educational institutions which provide technical education are the polytechnics. To the development of this work the Board has devoted much time and has provided the greatest possible facilities.

In all there are eleven Polytechnic Institutions in London, with several others contemplated. The cost of maintenance is estimated at £120,000, part of which is contributed by the Technical Education Board and part by various societies and commissions. The number of students who attend these institutions is about 45,000. These students are provided with instruction in all the ordinary branches of science and art, and in the engineering, building and chemical trades.

In addition to the educational classes, most of the polytechnics provide social and recreative facilities for students and members.

Provision is made for the various trades, and practical instruction is given in brick-laying and brick-cutting, carpentry and joinery, plumbing, painters' and decorators' work, electrical engineering, furniture and carriage building, metal work, book-binding and wood-engraving. In some of the polytechnics special classes are organized in leather manufacture, and at the Northampton Institute particular attention is given to cycle construction.

The special needs of the different districts are thus met by these institutions, and much of the work is not only of a practical, but also of a highly advanced and delicate type.

The educational work of the polytechnics is further supplemented by special technical schools, which are devoted entirely to the teaching of one special branch of industry. These schools are maintained by the Board.

During the past year the Board has taken an important step by opening a Central School of Arts and Crafts, directly under its control. No teaching is given in this school which does not bear directly upon the actual work of the student, and admission is confined to those who are engaged in some specific industry. Special provision is made for goldsmiths and silversmiths. The school was opened in November, 1896, and in March, 1897, there were 177 students in attendance.

In addition to the above School of Arts and Crafts, each of the eleven polytechnics has an Art School where special attention is given to the technical side of art. The Board also renders aid to eleven other schools in the City of London where instruction in art is provided both day and evening.

Provision has been made by the Board for instruction in domestic economy. To meet the requirements of young women and girls at work during the day, the Board appointed a staff of lecturers in the various branches of domestic economy, whose services were offered to any local committee willing to organize a class and undertake the local arrangements. During the winter of 1896-97, courses of instruction were given by these teachers in 105 centres in various parts

of London. The subjects of instruction included practical cookery, dressmaking, laundry-work, domestic hygiene, sick nursing, etc. The Board has also established a training-school for teachers of domestic economy.

The scholarship system of the Board is a very important feature of its work, and consists of three grades, as follows:

1. Junior county scholarship, commencing with children leaving the elementary schools after passing a certain standard. There are awarded 600 of these scholarships every year, which includes free education at secondary schools, together with money payments in lieu of the wages which might otherwise be earned by the scholars. The total number of candidates last year was 3,725 boys and girls, of which 1,801 passed and 600 scholarships were awarded.

2. Intermediate county scholarships, which are open to boys and girls under sixteen years of age, who come from any secondary school. In 1896, 872 candidates entered for examination, and the Board awarded seventy scholarships, thirty of which were obtained in open competition by junior county scholars.

3. Senior county scholarships, which give free tuition at a college or institute. The Board last year awarded five of these scholarships.

In addition to the above, 405 scholarships were awarded in 1896, enabling girls to take a five months' course in cookery, dress-making and laundry-work.

A feature of the Board's work during the year has been the courses of lectures upon commercial subjects, provided by the London Chamber of Commerce and other public bodies, for the benefit of bank and railway clerks and municipal officers.

CONVENTION OF LEAGUE OF AMERICAN MUNICIPALITIES.

The Convention of the League of American Municipalities will be held in the City of Detroit, August 1-4, inclusive.

The Executive Committee has formulated the programme for the Convention, in which are included, besides addresses of welcome by the Governor of Michigan and the Mayor of Detroit and the reports of the officers of the League, general discussions on seven of the most important subjects involved in municipal government. They are as follows:

1. Garbage Disposal.
2. The Civil Service.
3. Boards, single-headed Commissions or Council Committees.
4. Regulation of Saloons.
5. Remuneration to Cities for Franchise Rights in, over and under Public Streets and Alleys.
6. Municipal Ownership of Public Service Industries.
7. Public Water Supplies.

DIFFERENTIAL RATES.

The Interstate Commerce Commission has recently rendered its decision in the case of the New York Produce Exchange versus the Joint Traffic Association, representing the various railroad companies engaged in the interstate transportation of freight to New York and other points upon the Atlantic seaboard.

The complaint made by the Produce Exchange, on behalf of New York City, alleged that differentials allowed by the defendant carriers on grain, flour and provisions from Chicago and other Western points, of two cents to Philadelphia and three cents to Baltimore below the rates to New York were unlawful under the Act to Regulate Commerce.

As Boston is allowed the same differential rates on freight destined for export as New York, the effect upon the commercial interests at this port would at once be manifest if the lower differential granted to Philadelphia and Baltimore were allowed New York. Boston's interests were represented at the hearing before the Commission by the Boston Chamber of Commerce, through its committee and counsel.

In the decision of the Commission it is held "that the differentials are legitimately based upon the competitive relations of the carriers; that it does not appear upon the present record that the carriers have exceeded the limit within which they are free to determine for themselves, and, accordingly, that the differentials complained of do not result in unlawful preference or advantage to Philadelphia or Baltimore over the City of New York."

While the controversy was really between the cities of New York, Philadelphia and Baltimore, the commercial interests of Boston would have been seriously affected to the detriment of the export business of the port, had the decision of the Interstate Commerce Commission been favorable to the complainants.

Although New York did not ask to be allowed a differential upon export traffic as against Boston, were the same rate to Philadelphia or Baltimore granted to New York, the result would be to divert a considerable portion of the export traffic of the Port of Boston to the Port of New York.

DEATH OF JAMES M. ELLIS.

James M. Ellis, a foreman in the Street Cleaning Division of the Street Department, was killed by an Italian in an alley adjoining Pitts street, on Monday, May 23, 1898, while protesting against the littering of the street with refuse.

Special Notices.**POLICE DEPARTMENT.**

The following orders were promulgated by the Board of Police on May 19 and May 20, respectively:

General Order No. 513.

I. The following-named reserve men are hereby appointed patrolmen, and assigned to the several divisions where now on duty:

Thomas H. Galligan, Division 4; Arthur H. Barker, Division 15; Daniel W. McCarthy, Division 16; William J. Flynn, Division 7; Thomas G. Hooper, Division 9; Wilson Cordiner, Division 2.

They will report at headquarters at 9.30 o'clock A.M., Friday, 20th instant, to be sworn.

II. The pay of reserve men, commencing Friday, May 20, current, shall be as follows:

For the first year, at the rate of \$2 per day; for the second year, at the rate of \$2.25 per day; and for the third year and after, at the rate of \$2.50 per day.

General Order No. 514.

The following-named persons are hereby appointed reserve police officers of the City of Boston, under the provisions of Chapter 177 of the Acts of 1887, and temporarily assigned for duty as follows:

John M. F. Little, Division 1; James A. Morgan, Division 1; John F. Peers, Division 3; Michael J. Trainor, Division 3; Michael J. Hartnett, Division 4; John Lane, Division 4.

The Superintendent of Police has issued the following notice:

To the occupants of houses or suites who intend to leave them unoccupied for any portion of the coming summer season:

NOTICE.

Back doors should be bolted and barred. The bars should be fastened with screws or bolts to the bar support.

Windows, particularly those which can be easily reached and which are not in sight from the street, should be covered with shutters or fastened with screws to the woodwork or through both frames.

Gates should be securely fastened. Where the height of the fence prevents the back door and yard being seen from the street, a hole should be cut in the back gate to allow the patrolman to inspect the premises.

Skylights both on ells and main roofs should be secured with bars or bolts or both.

Such defences take time to overcome and are generally sufficient to discourage thieves.

Do not leave silverware, jewelry, valuable clothing, pictures and small articles of value.

Occupants of hotel and apartment house suites should never hang a card on their door or on the speaking tube directing where mail should be forwarded, or in any other way advertise the fact that the occupant is away from home either temporarily or permanently. Apartment house thieves rarely attempt to enter apartments unless thus advised by the occupants that the suite is vacant.

Notify any police officer, or the police station near your house, or police headquarters by telephone, "207 Haymarket," of your intention of leaving your house unoccupied, and your intended address.

BENJAMIN P. ELDRIDGE,

Superintendent of Police.

Boston, May 20.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on June 7, 1898, examinations may be taken at any city in the United States, including Boston, where the Commission has a competent Board of Examiners, for the following-named positions: Grade of acting assistant surgeon in the Marine Hospital service, Treasury Department. There is at present a vacancy in this grade at Chicago, Ill., at a salary of \$100 per month, which it is desired to fill. In filling this vacancy preference will be given to eligibles who are legal residents of Chicago or vicinity. From this register future vacancies will be filled by selections from eligibles who are legal residents of the cities or vicinity where vacancies occur.

Applicants for this position must be at least twenty years of age, and must be competent physicians and surgeons and graduates of reputable medical colleges.

For grade of assistant curator, Division of Mammals, United States National Museum, Smithsonian Institution. There is at present a vacancy in this grade, at a salary of \$1,500 per annum, which it is desired to fill.

For grade of sloyd teacher in the Indian service. There is at present a vacancy in this position at the Haskell Institute, Lawrence, Kan., which it is desired to fill.

For grade of square letter engraver. There is a vacancy in this grade, in the Bureau of Engraving and Printing, Treasury Department, at a salary of \$2,000 per annum, which it is desired to fill.

No educational test will be given applicants, but ratings will be determined by the character and degree of excellence of the samples of engraving submitted. Special forms for statements and vouchers will be furnished applicants.

On June 15, 1898, for the grade of cadet in the revenue cutter service, Treasury Department. The salary of a cadet is \$500 per annum and one ration per day.

Under the regulations of the Treasury Department applicants must be not less than eighteen years of age nor more than twenty-five, of vigorous constitution, physically sound and well-formed, not less than five feet three inches in height, of good moral character, and unmarried.

Persons desiring to enter these examinations should at once write to the Board of Civil Service Examiners, in the Post Office Building, this city, for application blanks, Forms 304 and special forms, which should be properly executed and promptly forwarded to the Commission at Washington, D.C.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A special meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 1 P.M., on Tuesday, May 24, 1898, Chairman Conry presiding. Absent, Aldermen Dyar, Norton and Paige.

The Clerk read the call, as follows:

OFFICE OF THE MAYOR,

City Hall, May 23, 1898.

TO THE BOARD OF ALDERMEN:

You are hereby requested to assemble in the Aldermanic Chamber, City Hall, on Tuesday, May 24, 1898, at 1 P.M., for the purpose of considering and acting upon a communication relative to the transfer of additional land at Deer Island to the United States Government, for use for military purposes, and of acting upon such other matters as may properly come before your body.

Respectfully,

JOSIAH QUINCY, Mayor.

The following was received:

Site on Deer Island for Batteries.

OFFICE OF THE MAYOR,

City Hall, May 24, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter which I have just received from Lieutenant-Colonel Mansfield, in charge of the United States Corps of Engineers, stationed in Boston. In view of the fact that the city has already conveyed about twenty-three acres on Deer Island to the United States, without compensation, I hardly feel that it can fairly be asked to donate any additional land, and while I believe that the first consideration should be given to the requirements of a proper system of harbor defence, the loss of the additional land requested would be such a serious one in its effect upon the Deer Island House of Industry, that I feel that nothing short of absolute military necessity should induce the city to part with it.

I commend the subject to the earnest and early consideration of the City Council.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

UNITED STATES ENGINEER OFFICE.

Boston, Mass., May 23, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: I am instructed by the War Department, in an endorsement dated May 28, 1898, upon a letter of the Chief of Engineers, United States Army, addressed to the Hon. Secretary of War, May 16, 1898, to communicate with you relative to the acquisition by the United States, either by gift or purchase, of a portion of Deer

Island in Boston Harbor, upon which it is desired to commence works of fortification at an early date.

Accordingly, I have the honor to invite your attention to the following transcript of the substance of said letter, and to ask that early action be taken in the matter:

"Deer Island is owned by the City of Boston and is occupied in part by the city's charitable institutions.

"The City of Boston, by order of its Board of Aldermen and Common Council, approved by the Mayor December 31, 1897, authorized the conveyance to the United States, for a nominal consideration, of three separate parcels of land on Deer Island, containing in the aggregate an area of 23 34-100ths acres, for fortification purposes, which are shown on the accompanying blue print and designated Lots Nos. 1, 2 and 3. Copy of order herewith.

"While the courtesy and patriotic generosity of the City of Boston in gratuitously presenting this land to the United States are fully appreciated, the area offered is entirely inadequate for the accommodation of the batteries projected for Deer Island, without considering the space needed for quarters and barracks of a garrison, or the question of a water supply for both batteries and garrison.

"Again, a single continuous tract, with the greatest practicable extent of water front, is greatly preferable for these purposes to several detached parcels.

"Recognizing the sacrifice being made by the city in giving up its land, the question of modifying the general project with a view of reducing the armament, or of transferring to other localities in the harbor some of the guns designed for Deer Island has been considered, but, after careful study by the engineer officer in local charge, the Board of Engineers, and this office, the conclusion is reached that the great City of Boston demands a defence commensurate with its commercial importance, and that no other locality in the harbor furnished so advantageous sites for these defences as Deer Island; to place them elsewhere would diminish their efficiency.

"Under the direction of this office, the engineer officer in local charge has indicated on the accompanying blue print, bounded by red lines, a continuous tract, containing an area of 103 acres, that will accommodate the defensive works and their accessories, as well as the garrison. This area should be acquired by the United States. The sewer running through it, if kept closed and covered, will not interfere with the Government's use of the land.

"I have the honor to recommend that the matter be presented to the Mayor of the City of Boston, with a view of ascertaining whether the city would be disposed to cede to the United States the area in question. If the city would not feel justified in giving up so large a tract of land free of cost, its purchase at a reasonable figure would be recommended by this office.

"If it cannot be obtained by either donation or purchase, it will probably be neces-

sary to acquire it by condemnation, though that method of procedure against a great municipality is much to be deprecated."

Upon the accompanying blue print is indicated by a red line, the boundary of a continuous tract of land which the United States is desirous of possessing.

Awaiting a reply, I have the honor to be

Very respectfully,

Your obedient servant,

S. M. MANSFIELD,

Lieutenant-Colonel, Corps of Engineers.

Referred to the Committee on Public Improvements.

Adjourned at 1.42 P.M., to meet on Tuesday, June 7, at 3 P.M.

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., on Monday, May 23, 1898, Chairman Conry presiding. Absent, Alderman Charles.

The following messages were received:

Estimated Cost of Street Improvements.

OFFICE OF THE MAYOR,

City Hall, May 23, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication received from the Street Commissioners calling attention to the fact that, under Chapter 210 of the Acts of the current year, all streets must be laid out, altered or widened under the assessment system, and that it is therefore useless for the City Council to pass orders requesting estimates of the cost of making such improvements, inasmuch as it cannot appropriate any money for such purposes.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

STREET COMMISSIONERS' OFFICE,

City Hall, May 10, 1898.

HON. JOSIAH QUINCY, Mayor.

The Board of Street Commissioners desire to suggest that the attention of the City Council be called to the Act of the Legislature of this year (Chapter 210 of the Acts of 1898) concerning the laying out, widening, and otherwise altering of highways. This act provides that after its passage no action shall be taken in laying out, widening, etc., streets except under the provisions of the so-called Board of Survey Act and its amendments, or unless special authority is given for the purpose by the Legislature. As the Board of Survey Act provides loans for the payment of damages and cost of construction of streets laid out by its authority, and that such damages and costs as result from proceedings under the act are to be assessed back, for the refunding of such loans, upon abutting property to the full extent of the city's outlay for such streets, all street improvements hereafter must be charged to these loans.

Therefore it is pointed out that the custom, which is still continued by the City Council, of passing orders requesting the preparation of estimates of the cost of various street improvements, merely burdens their record and gives unnecessary work to the Street Commissioners, whose replies to these orders avail nothing, as no money can be appropriated upon their estimates when the City Council receives them.

By order of the Board of Street Commissioners,

J. H. JENKINS, Secretary.

Referred to the Committee on Public Improvements.

Engine 22—New House Necessary.

OFFICE OF THE MAYOR,

City Hall, May 23, 1898.

TO THE CITY COUNCIL:

I transmit herewith a further communication in reference to the matter of the engine-house on Dartmouth street, which has been taken by the New York, New Haven and Hartford Railroad Company. I have several times previously called the attention of the City Council to the necessity of immediate action upon the matter of authorizing the purchase of another location. The city will be obliged to vacate the present engine-house very shortly, as appears by this communication, and the responsibility for depriving the citizens of that district of proper fire protection will rest upon the City Council, and not upon the Executive.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

NEW YORK, NEW HAVEN AND HARTFORD
RAILROAD COMPANY.

Boston, Mass., May 19, 1898.

HON. JOSIAH QUINCY, Mayor.

MY DEAR SIR: Referring to our recent conversation concerning the building of the new station on Dartmouth street, we have already commenced work on the station, and our Chief Engineer says we ought to have immediate possession of the city engine-house property for the reason that any material delay would affect the prosecution and completion of the work.

May I ask you to take the necessary steps to ensure the speedy removal of the fire engine equipment to another locality? The engine-house property was taken in December last.

Your kind attention to the matter will greatly oblige

Yours very truly,

C. M. INGERSOLL, JR.,

Assistant to the President.

Referred to the Committee on Public Improvements.

Weigher of Coal.

OFFICE OF THE MAYOR,

City Hall, May 23, 1898.

TO THE BOARD OF ALDERMEN:

Subject to your approval and confirmation, I hereby appoint Daniel F. Flynn a

Weigher of Coal, for the term ending April 30, 1899.

JOSIAH QUINCY, Mayor.

Laid over to the next meeting, under the law.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, on Thursday, May 19, 1898, at 7.45 P.M., President Connolly in the chair.

The following messages were received:

Water Department Office, Charlestown.

OFFICE OF THE MAYOR,

City Hall, May 18, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Water Commissioner in reply to your order requesting the establishment of a Charlestown branch of the Water Department office, where orders to shut off and let on water could be given.

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE WATER COMMISSIONER,

City Hall, May 12, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: In reference to the order dated April 14, referred to me for consideration, I would report that if an office were established in the Charlestown District such as the order calls for, it would be necessary to establish a similar office in various sections of the city. The financial condition of the Department is such that it would not admit of any such action being taken.

Yours very truly,

JOHN R. MURPHY,

Water Commissioner.

Placed on file.

Morton-Street School.

OFFICE OF THE MAYOR,

City Hall, May 12, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee in reply to your order requesting them to erect a two-room portable building in the school-yard of the Morton-street School.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

May 10, 1898.

The Committee on School-houses, to whom was referred (April 26) a communication from the Common Council, through His Honor the Mayor, with reference to the erection of a two-room portable building in the school-yard of the Morton-street School to be used for primary classes, report that an

appropriation for the purpose has already been made, and the necessary plans and specifications are now in course of preparation. They recommend that the Common Council be respectfully informed, through His Honor the Mayor, that the construction of the building will be undertaken at the earliest possible date.

For the Committee,

THOMAS F. STRANGE, Chairman.

Accepted and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

THORNTON D. APOLLONIO, Secretary.

Placed on file.

Bathing Beach, Charlestown.

OFFICE OF THE MAYOR,

City Hall, May 18, 1898.

TO THE CITY COUNCIL:

After conference with, and at the suggestion of, the Councilmen from Ward 4, relative to the best disposition to make by way of transfer, of the sum of \$5,000, which was appropriated last year for a new street from Beacham to Dorrance street, which expenditure cannot now be made, owing to the passage of a law forbidding the laying out of streets except under the Assessment Act, I desire to recommend the passage of the accompanying order, transferring this money to an appropriation for the building of a bath-house at the beach owned by the city opposite the Charlestown Heights Park. This beach is capable of being made into an excellent and very useful bathing beach for the Charlestown section of the city, and the Park Commissioners have already provided for the expenditure for putting a portion of it in condition for use during the present season. The Bath Commission believes that bathing at this point could be made very popular, and with the permission of the Park Commission, which can be obtained, it proposes to erect a suitable bath-house upon this beach if the requisite appropriation is provided.

I trust that this proposed expenditure will commend itself to the City Council, and that the transfer may be authorized at once, in order that bathing accommodations may be provided for use during the coming summer season.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the City Auditor be authorized to transfer five thousand (5,000) dollars from the appropriation for laying out and construction of a new street from Beacham street to Dorrance street, Charlestown, to an appropriation for the Bath Department, to be expended for the erection of a bath-house, etc., and the improvement of the beach opposite the Charlestown playground.

The message was sent up. The order was read a second time and was passed.

Bicycle Path Across Common.

OFFICE OF THE MAYOR,

City Hall, May 19, 1898.

TO THE CITY COUNCIL:

I transmit herewith, for your information, a plan of the proposed bicycle path across the Common, and recommend that it be referred to the committee which now has that matter under consideration.

Yours respectfully,

JOSIAH QUINCY, Mayor.

(Accompanying the message was the plan referred to.)

Referred to the Committee on Ordinances.

Canvass of Bids.**Street Department.**

Proposals for building the following-named sewers and drains have been opened by the Superintendent of Streets, viz.:

May 23 — Sherwood street, West Roxbury:

Bidder.	Total.
D. M. Dwyer	\$729 30
P. O'Hara & Co.	939 00
P. H. Connolly	1,067 50
D. E. Lynch	1,106 95
P. & F. E. McCarthy	1,140 85
J. P. O'Connell	1,251 50

May 23 — Waterlow street and outlet, Dorchester:

Bidder.	Total.
A. E. Stewart	\$1,055 60
D. M. Dwyer	1,127 82
P. O'Hara & Co.	1,172 62
J. McGraw & Co.	1,198 10
P. H. Connolly	1,234 40
Flynn & Brophy	1,245 62
P. & F. E. McCarthy	1,263 17
D. E. Lynch	1,273 62
J. P. O'Connell	1,281 30

May 19 — Belvidere street, city:

Bidder.	Total.
P. O'Hara & Co.	\$645 28
P. & F. E. McCarthy	729 11
J. P. O'Connell	752 15
D. M. Dwyer	763 64
D. E. Lynch	775 92

May 19 — Chiswick road and outlet:

Bidder.	Total.
P. & F. E. McCarthy	\$5,687 04
J. P. O'Connell	6,038 65
P. O'Hara & Co.	6,494 30
D. M. Dwyer	6,746 59
P. J. Young & Co.	6,828 60
D. E. Lynch	7,655 42
A. McMurtry	7,739 85
James McGraw & Co.	8,493 40
A. E. Weaving & Co.	9,235 90
Bruno & Salomo	10,795 70

The contracts on the above have not been awarded.

BENJ. W. WELLS,

Superintendent of Streets.

City Government Orders.**ORDERS PASSED AND PERMITS GRANTED — REQUIRING THE APPROVAL OF THE MAYOR.****By the City Council.**

The following were approved May 18, 1898:

Ordered, That Chapter 275 of the Acts of the year 1898, being an act entitled "An Act to Provide for the Widening of Rutherford avenue and Devens and Bow streets in the City of Boston," be, and hereby is, accepted.

Ordered, That a joint special committee be appointed to consider and report upon the expediency of the city manufacturing and distributing gas and electricity, according to Chapter 370 of the Acts of 1891, and that the committee hold public hearings upon the same.

By the Board of Aldermen.

The following was approved May 16, 1898:

Permit to William P. Hickey to discharge fireworks at 598 Broadway, on the evening of May 16, 1898.

The following were approved May 17, 1898:

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks, beginning at the junction of Park and Adams streets, there connecting with existing track on Park street, thence through Adams street and Neponset avenue to the company's car-house, with necessary curves, cross-overs, switches and connections and curves connecting with company's track on Walnut street, said tracks and turn-outs being shown by red lines on a plan by A. L. Plimpton, dated March 31, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying said tracks to be completed within nine months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain

and use additional curved tracks at the corner of East Broadway and K street and at the junction of L street and East Fourth street, said tracks being shown by red lines on a plan made by A. L. Plimpton, dated April 14, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That permission be granted to the West End Street Railway Company to lay and maintain underground conduits for electric wires and cables, provided with suitable manholes in Tremont, Montgomery, Clarendon, Chandler and Dartmouth streets, between Milford and Boylston streets.

The surface of said streets shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and manholes in the aforesaid streets.

All the work of laying said conduits to be under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of Chapter 36, section 14, of the Revised Ordinances of 1892.

Ordered, That Chauncy street, between Bedford street and Rowe place, be closed to public travel, between the hours of 12 M. and 1.30 P.M. on Thursday, May 19, 1898, for a flag-raising, and if postponement is necessary on account of the weather, this order shall apply to Friday, May 20, 1898.

The following were approved May 18, 1898:

Orders directing the Superintendent of Streets to make sidewalks along certain streets in front of estates, as specified hereafter; said sidewalks to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built as hereafter specified, the owners to furnish the material, viz.:

Ellen Crosby, Carolina avenue, corner Call street, Ward 22, of gravel.

Keening & Strout Brothers, 251-255 Atlantic avenue, Ward 7, of brick and edge-stone.

J. D. McLellan et als., Chamblet street and 34-38 Hartford street, Ward 16, of artificial stone.

E. C. Stimson, 347 Blue Hill avenue, Ward 21, of artificial stone.

D. Milton, corner Blue Hill avenue and Quincy street, Ward 21, of artificial stone.

Carl S. Nielson, 8-22 Stanwood street, Ward 20, of artificial stone.

Rudnick Brothers, 114-122 Mt. Pleasant avenue, Ward 17, of artificial stone.

George Wheatland, Bay State road, between Granby and Sherborn street, Ward 11, of artificial stone.

Ordered, That the Superintendent of Streets be and hereby is authorized to issue a permit to the Boston and Providence Railroad to close the roadway on Way street, between Harrison avenue and Albany street, to all public travel, except as it may be necessary to accommodate storekeepers and householders to gain access to their premises; the said closing to continue not later than October 1, 1898, unless further authorized by this Board.

Ordered, That the Board of Police be authorized to close to public travel Kemble street, Roxbury, between the hours of 10 A.M. and 12 M., on Memorial Day, May 30, 1898, for the play-out of the Roxbury Veteran Firemen's Association.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Cavanagh & Son Building Moving Company to move a wooden building, pitch-roof, 24 feet in length by 14 feet in width, by 17 feet in height, from location in rear of Commonwealth avenue, across said avenue to Buck Piers on land of Arthur Timmins, Ward 25, on the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the time allowed to John Soley to move a building through Columbia road and Blue Hill avenue to the corner of Glenway and Erie streets, under the order passed by this Board April 20, 1898, be and the same is hereby extended to June 1, 1898.

Order allowing the payment of State Aid to Soldiers and Sailors and their families for the month of May.

Permits to project signs, viz.:

Wing Lee, one, at 455 Blue Hill avenue, Ward 21; Hung Wah, one, at 1576 Tremont street, Ward 19; John P. Adams, one, at 198 Washington street, Ward 6.

Permit to Mary Slattery to project a bay-window at 71-73 North Margin street, Ward 6.

Permits for the use of Faneuil Hall, viz.:

George H. Lincoln, on the evening of May 14; New England Veteran Firemen's Home Association, for the week beginning June 20, 1898.

Permit to the Pond Electric Company to store oils or fluids composed wholly or in part of the products of petroleum, in an underground tank in rear of 198 Green street, Jamaica Plain.

Permits to remove or trim trees, viz.:

George P. Sanborn, to trim a tree at 81 Elm street, Ward 3.

Thomas Galvin, to trim a tree at 353 Third street, South Boston.

Mark Lewis, to remove tree at 10 Mt. Pleasant avenue, Roxbury.

Hyman Parker, to remove a tree at 80 Vernon street, Ward 18.

Jacob Sheffreen, to remove two trees at 326-8 Blue Hill avenue, and one on the corner of said avenue and Lawrence avenue.

John Gilchrist, to remove one tree and trim others, at 45 Elm Hill avenue, Ward 21.

Mark King, to trim a tree at the corner of Yeoman and Adams streets, Ward 17.

Constables' bonds of the following-named persons: Horace A. Jordan, James P. Keliher, and Jeremiah S. Sullivan.

The following was approved May 20, 1898:

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Lyons to place, maintain and use two coal-hole openings, not exceeding eighteen inches in diameter, with iron covers of rough upper surface under and in the sidewalk in front of estate 41 Savin Hill avenue, Ward 20; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

ORDERS PASSED—NOT REQUIRING THE APPROVAL OF THE MAYOR.

By the City Council.

Ordered, That the Water Commissioner be requested, through His Honor the Mayor, to replace the watering trough in Hanley square, at the junction of Columbus avenue, Tremont and Roxbury streets.

Ordered, That the Board of Park Commissioners be hereby requested to construct a fence at the playground on East Second street, between M and N streets.

By the Board of Aldermen.

Ordered, That His Honor the Mayor be invited to join with the Committee on Public Improvements of the Board of Aldermen, to consider what means, if any, should be taken to provide additional comforts for Boston soldiers and sailors now in the service of the United States; also to receive and distribute such donations as may be subscribed by public-spirited citizens for the benefit of such soldiers and sailors, or for their families.

Ordered, That the Superintendent of Streets be requested to resurface and regulate Ashmont street, Ward 24, between Neponset avenue and Adams street, the expense of the same to be charged to the appropriation for Street Improvements, Ward 24.

Ordered, That His Honor the Mayor be requested to instruct the Superintendent of Streets to allow the night men employed in the Street Cleaning Division of the Street Department one hour for supper, without loss of pay.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

By the City Council.

The following order was presented to the Mayor May 7, 1898, and was not returned by him within ten days thereafter:

Ordered, That the following amounts be appropriated for Mayor, Public Celebrations:

June Seventeenth	\$5,100
Farragut Day	1,000
July Fourth	12,000
Labor's Holiday	1,500

\$19,600

and for the Reserved Fund 2,000

\$21,600

and said appropriations are hereby made subject to the provisions contained in the appropriation and tax orders for 1898-99, City Document No. 61.

The following order was presented to the Mayor May 10, 1898, and was not returned by him within ten days thereafter:

Resolved, That the City Council hereby calls upon all our citizens to display the "Stars and Stripes" upon their dwellings and places of business as an evidence of the patriotism which has always been characteristic of Boston, but never more so than now.

By the Board of Aldermen.

The two following orders were presented to the Mayor May 10, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be hereby requested to have the edgestones turned on Pleasant street, near Stoughton street, Ward 20, to permit the access of vehicles to land of Samuel C. Harris and Anna S. Smith, substantially in accordance with a plan on file in the Street Laying-out Department, and also to make the necessary arrangements for the relocation of a pole standing in front of said land and which would interfere with such access of vehicles.

Ordered, That the Superintendent of Lamps be requested to locate and maintain an electric light on East Second street, between M and N streets, the expense of the same to be charged to the appropriation for Lamp Department.

Board Meetings.

Baths Department.

64 Pemberton Square, May 3, 1898.

At a regular meeting of the Board, held May 3, 1898, the following business was transacted:

Voted, That all boys over fifteen years of age and all men, women and girls must wear bathing suits of proper kind in all places where bathing is to be allowed, except L-street beach, and that suits will be provided to all not having same, and to all wishing towels a charge of one cent would be made for the use of same, and suits for men, women and children would be kept on sale at all places at cost price.

Voted, That the Board assume charge of the proposed swimming-pool at or near Orchard Park, in Roxbury, when same has been built and turned over to its care.

Voted, That temporary swimming arrangements be made at Wood Island Park and Charlestown playground when the beaches at these places are placed in proper order; the Bath Commissioners to confer with the Park Commissioners as to plans.

May 10, 1898.

The regular meeting of the Board was held May 10, at which the following business was transacted:

The Chairman, Mr. Lane, reported for the Committee on Badges that licenses will be granted by the Board of Police to all assistants in the Bathing Department as special officers in and around the location where the various men are to be employed, and the Secretary would prepare a list of such assistants and send same to His Honor for approval and reference to the Board of Police.

Voted, To appoint Mr. Ahl and Dr. Duff, of the Board, to confer with the Chairman of the Park Department and arrange for the transfer of the care of the bathing privileges at the North End Park.

Voted, That all employees in the Department of Baths have a suitable uniform of dark blue, with brass buttons, straw hat, and a badge, when the license as special officer is granted to the Department.

Voted, To install a system of automatic bicycle locks at the various beaches under control of the Board.

Voted, That for the season of 1898 all houses and beaches be opened to the public on all days, Sundays and holidays included, from 6 A.M. to 9 P.M., subject to tide regulations.

Voted, That whenever houses and beaches must be opened to the public on two tides on Sundays or holidays, that all attendants would receive double wages for such service.

Voted, That all urinals be overhauled and repainted, and put in as good working order as possible for the year.

Voted, To recommend to His Honor the Mayor, for reference to the City Council, the urgent need of new and approved urinals and convenience-stations in many parts of the city for men and women.

Voted, That the management of the North End Beach be placed under the direct management of Mr. Lane, of the Board, for the season.

Voted, That the sum of \$1,600 be spent to erect suitable buildings at Wood Island and Charlestown Park for men, women and children, for use for bathing purposes when the beaches are placed in order.

Voted, To appoint, subject to the approval of the Mayor, Patrick J. Carroll as book-keeper for the Department, at a salary of \$1,200 per annum.

Voted, That no charge be made for use of suits for men, women and children at North End Park, but that a charge of one cent be made for use of a towel.

Voted, That Mr. Ahl and Mr. Tracy be a standing committee to whom full charge of the proposed South Boston Gymnasium, for the Board, be given.

May 20, 1898.

At a meeting of the Board, held to-day, the following business was transacted:

It was voted to purchase 100 dozen women's bathing suits, 100 dozen girls' bathing suits, 100 dozen men's two-part suits, 100 dozen men's trunks, 100 dozen boys' trunks and 6,000 crash towels.

Mr. Ahl reported for the Committee on Office that the new rooms at 64 Pemberton square would be ready for the next meeting of the Board.

Voted, To make a contract with Messrs. Spitz Bros. & Mork of Boston for the new uniforms for all the men in the Department of Baths at the rate of \$9.50 for each suit, all men to be measured and all suits to be equal in every way to sample furnished.

Voted, To request the Park Department to permit the Bath Department to use a portion of the South Boston beach, near the foot of K street, as a bathing place for women and girls.

DANIEL D. KEARNS, Secretary.

Children's Institutions Department.

32 Tremont Street, May 23, 1898.

The following scheme for a merit system at the House of Reformation was adopted at a meeting of the Trustees, held April 26:

Each boy on entering the institution shall be informed that he has to earn five thousand (5,000) merits in order to get into the honor grade, and be entitled to be released on probation.

For each day a boy "goes perfect" he is credited with ten (10) merits.

For each consecutive thirty days a boy "goes perfect," he receives as a premium an additional 100 merits.

For each consecutive three months a boy "goes perfect," he receives as a premium an additional 300 merits.

If a boy "goes perfect" for any four successive months, he is at once placed in the honor grade, and is entitled to be released on probation.

Boys will be deprived of their merits or charged with demerits for various offences. Officers are to make all charges of offences to the Superintendent daily, and the Superintendent will thereupon, after questioning the boy, adjudge and charge all demerits incurred.

The following abstracts are taken from the records of the meetings of the Trustees, held on the several dates, viz.:

May 2.

It was voted that the Chairman, Mrs. Dewey and Mrs. Quinn be an Emergency Committee to arrange with a committee of the Pauper Board for the removal of paupers to the Marcella-street Home in case of necessity.

May 6.

It was voted to approve the expenditure of \$50 on the roof, and \$50 on the ventilators, and not more than \$50 on painting such as cannot be done by the boys at the House of Reformation.

It was voted that the Chairman, Mrs. Quinn, Mrs. Dewey and Mr. O'Hare be a committee to report on the necessary repairs at the House of Reformation at an early date.

May 16.

It was voted that boys sentenced for short terms, thirty and sixty days, be not put into the ordinary schools at the House of Reformation, but be kept at work during school-hours and receive special teaching at other hours.

It was voted that the Committee on Schools be authorized to provide badges for the boys in the "honor grade."

It was voted that the Chairman and Secretary be a committee to consult with the Justices of the Municipal Courts of the city, with a view to the separation of the younger boys from the older ones.

The census of inmates on May 23 was as follows:

	Girls.	Boys.	Total.
House of Reformation	—	147	147
Parental School	1	172	173
Marcella-street Home	25	69	94
Placing-out Department:			
At board	143	224	367
In free homes	174	396	570
In their own homes	—	94	94
Totals	343	1,102	1,445

CHARLES P. PUTNAM, Secretary.

Hospital Department.

Boston, April 6, 1898.

A special meeting of the Trustees was held on April 6, 1898, at 12.30 o'clock, at the office of Mr. A. Shuman.

There were present Messrs. Shuman, Sprague, Burnham, Keany and Rueter.

The President reported that he had received from the Clerk of the Common Council the following order:

"Ordered, That the Trustees of the City Hospital be requested to report to the Common Council at its next meeting, whether or not there are any employees in the Hospital Department who are not citizens of the United States, giving the name and residence in each case, and whether or not, in their opinion, the work of the City Hospital would be seriously injured if none but citizens of the United States were employed."

That he had conferred with the Service Committee regarding the same.

The Committee on Service reported on the matter, and it was voted that the report be approved, and that the Secretary be ordered to send the same to His Honor Mayor Quincy.

A communication was received from James H. Dodge, City Auditor, notifying the Trustees that on March 28 an execution of court, amounting to \$9,581.95, of which \$9,578.95 was for damages and \$3 for costs, was paid to Catherine M. Hearn on account of "damages for land and building taken for Nurses' Home, City Hospital," and charged to Nurses' Home site, furnishing, etc. The same was ordered to be placed on file.

It was voted that the sum of \$6.75, the wages due Asa C. Chapin, an orderly, who died on April 1, 1898, be paid to his sister, Mary B. Chapin, his only near relative.

It was voted that the sum of \$2.33, the wages due Maggie M. Fraser, a nurse, who died December 19, 1897, be paid to her father, Rev. Mungo Fraser.

It was voted that the sum of \$4.67, the wages due Rose Deery, a laundress, who died July 28, 1897, be paid to her sister.

Boston, April 13, 1898.

A meeting of the Trustees was held on April 13, 1898, at the Hospital, at 4 o'clock. There were present Messrs. Shuman, Sprague, Burnham, Keany and Rueter.

The regular monthly bills, amounting to \$18,948.33, were submitted and approved.

It was voted that the regular monthly draft on account of new laundry building, amounting to \$121.38, be approved.

It was voted that there be allowed and paid to John S. Jacobs & Son the sum of \$10,589.30, as first payment, in conformity with their contract of November 23, 1897, for the erection of the Ann White Vose Building at the City Hospital.

It was voted that there be allowed and paid to Wheelwright & Haven the sum of \$264.73, for professional services rendered, the same being 2½ per cent. commission on \$10,589.30, being the amount of first payment to John S. Jacobs & Son, in conformity with their contract of November 23, 1897, for the erection of the Ann White Vose Building at the City Hospital.

It was voted that there be allowed and paid to Kerrens Driscoll the sum of \$1,012.50, the same being the fourth payment on account of his contract of August 14, 1897, for the erection of laundry building.

It was voted that in accordance with communications from the Street Commissioners of the City of Boston, dated March 31, 1898, and under the advice of the Law Department of the City of Boston, there be paid to Andreas Blume, attorney for Jerome Kingsbury, the sum of \$9,579.05 for his estate 728 Massachusetts avenue, taken for the purposes of the City Hospital by the City of Boston, June 21, 1897, upon there being given to the City of Boston a deed for said estate satisfactory to the Law Department of the City of Boston.

Communications from the Superintendent were received and placed on file, as follows:

First. Respecting changes in the Service and Training School.

Second. Respecting receipts from paying patients.

Third. Respecting orders for additions to contracts, as follows:

No. 162, Gerry & Northup, \$15.02, for cutting for plumber; No. 166, Kerrens Driscoll, \$5.50, for making a recess in the third story of new laundry building, plus 10 per cent.; No. 171, John S. Jacobs & Son, \$75, for additional piling foundations and one bluestone step, necessitated by change of avenue grade at front entrance, Ann White Vose Building.

It was voted that the three foregoing orders for additions to contracts be approved, and that they be added to the contracts of the several concerns.

It was voted that the Superintendent be authorized to receive and give receipts for all money due and payable to the Hospital on account of paying patients.

A communication was received from Dr. Folsom, regarding excess over appropriation for medical and surgical report expenses.

It was voted that the amount of said excess expense, being \$73.16, be allowed and ordered to be paid.

Boston, April 20, 1898.

A special meeting of the Trustees was held on April 20, 1898, at 12 o'clock, at the office of Mr. Shuman.

There were present Messrs. Shuman, Sprague, Burnham, Keany and Rueter.

In response to the further inquiry of the Common Council of the City of Boston, concerning citizenship of employees, the Secretary was instructed again to communicate with His Honor the Mayor on the matter.

Mr. Sprague, in behalf of the Committee on Rules, submitted a new draft of the rules of the Hospital, together with statutes and ordinances governing the same. Said redraft was approved, and it was voted unanimously that the redraft of the rules, as submitted by the Committee on Rules, be substituted for the old rules.

The Medical Committee submitted a list of Staff nominations for the ensuing year, as follows:

MEDICAL AND SURGICAL STAFF.

Consulting Physicians and Surgeons—A. D. Sinclair, M.D., William Ingalls, M.D.

Visiting Physicians—A. L. Mason, M.D., G. B. Shattuck, M.D., Charles F. Folsom, M.D., E. M. Buckingham, M.D., Francis H. Williams, M.D., Charles F. Withington, M.D.

Assistant Visiting Physicians—Vincent Y. Bowditch, M.D., Henry Jackson, M.D., George G. Sears, M.D.

Physicians to Out-Patients—John L. Morse, M.D., John L. Ames, M.D., Benjamin Tenney, M.D., H. D. Arnold, M.D.

Senior Surgeon—D. W. Cheever, M.D.

Senior Visiting Surgeons—George W. Gay, M.D., William P. Bolles, M.D., Abner Post, M.D.

Junior Visiting Surgeons—M. F. Gavin, M.D., H. L. Burrell, M.D., Francis S. Watson, M.D.

First Assistant Visiting Surgeons—H. W. Cushing, M.D., George H. Monks, M.D., R. W. Lovett, M.D.

Second Assistant Visiting Surgeons—John C. Munro, M.D., Paul Thorndike, M.D., Edwin W. Dwight, M.D.

Third Assistant Visiting Surgeons—J. Baptist Blake, M.D., Fred. B. Lund, M.D., Edward H. Nichols, M.D.

Senior Visiting Physician for Diseases of Women—John G. Blake, M.D.

Junior Visiting Physician for Diseases of Women—C. M. Green, M.D.

First Assistant Visiting Physician for Diseases of Women—George Haven, M.D.

Second Assistant Visiting Physician for Diseases of Women—Edward Reynolds, M.D.

Third Assistant Visiting Physician for Diseases of Women—Frank A. Higgins, M.D.

Visiting Ophthalmic Surgeon—O. F. Wadsworth, M.D.

Ophthalmic Surgeons—Edwin E. Jack, M.D., Walter B. Lancaster, M.D., John C. Bossidy, M.D.

Assistants to the Ophthalmic Surgeons—William J. Daly, M.D., Charles F. Moulton, M.D.

Visiting Aural Surgeon—J. Orne Green, M.D.

Aural Surgeons—George A. Leland, M.D., Ernest E. Doble, M.D.

Assistant to the Aural Surgeons—Edgar M. Holmes, M.D.

Physicians for Diseases of the Throat—Thomas Amory De Blois, M.D., J. W. Farlow, M.D.

Assistants to the Physicians for Diseases of the Throat—George A. Leland, M.D., Rockwell A. Coffin, M.D.

Physicians for Diseases of the Nervous System—Morton Prince, M.D., Philip Coombs Knapp, M.D., W. N. Bullard, M.D.

Assistants to the Physicians for Diseases of the Nervous System—John J. Thomas, M.D., Joseph W. Courtney, M.D.

Physicians for Diseases of the Skin—James S. Howe, M.D., George F. Harding, M.D.

Assistant to the Physicians for Diseases of the Skin—Harvey P. Towle, M.D.

Visiting Pathologist—W. T. Councilman, M.D.

Assistant Visiting Pathologist—F. B. Mallory, M.D.

First Assistant in Pathology—R. M. Pearce, M.D.

Second Assistant in Pathology—Lawrence W. Strong, M.D.

Assistant in Clinical Pathology—J. Bergen Ogden, M.D.

Medico-legal Pathologist—F. W. Draper, M.D.

Medical Registrar—A. S. Knight, M.D.
Surgical Registrar—C. M. Whitney, M.D.

Physicians to the Convalescent Home—C. Ellery Stedman, M.D., Daniel D. Gilbert, M.D., Edward T. Twitchell, M.D.

It was voted that the gentlemen named upon the foregoing list be elected to their respective positions for the term of one year from May 1, 1898.

A communication was received from His Honor Mayor Quincy respecting the transfer of a small piece of land from the Convalescent Home to the Park Department. It was voted that the Secretary be instructed to inform both His Honor the Mayor and the Park Department that the Trustees are not conscious of having made any agreement respecting said transfer, and requesting the Commissioners to submit a plan showing the piece of land asked for by the Park Department, and all the buildings in situ.

A communication was received from the Superintendent, respecting the condition of return steam pipes in conduits. The same was referred to the Committee on Buildings and Grounds, with full powers.

Circulars No. 38 and 39 from His Honor Mayor Quincy were submitted, and ordered to be placed on file.

Boston, May 2, 1898.

A meeting of the Trustees was held on Monday, May 2, at 12 M., at City Hall.

There were present Messrs. Shuman, Sprague, Keany and Rueter.

Upon a ballot for the choice of President of the Trustees for the ensuing year, Mr. A. Shuman was declared to be duly elected to that position.

Upon a ballot for the choice of Secretary of the Trustees for the ensuing year, Mr. Conrad J. Rueter was declared to be duly elected to that position.

A communication was received from the Superintendent, enclosing an order of addition to the contract of Kerrens Driscoll, new laundry building, for the sum of \$28. It was voted that the order be approved.

A communication was received from the Street Commissioners of the City of Boston, as follows:

OFFICE OF THE STREET COMMISSIONERS.

April 28, 1898.

TO THE TRUSTEES OF CITY HOSPITAL:

GENTLEMEN: The Board of Street Commissioners have to inform you that they have this day voted to agree with Jacob and Mary Uriot upon the sum of \$9,500 and the taxes for the year 1897, as payment to them for their estate, 722 Massachusetts avenue, taken for the purposes of the City Hospital, by the City of Boston, June 21, 1897, upon there being given to the city a deed for said estate satisfactory to the Law Department.

Respectfully,
J. H. JENKINS, Secretary.

It was voted that the settlement for the taking of the property for \$9,500 and taxes for the year 1897, as made by the Street Commissioners of the City of Boston, be approved.

A communication was received from the Chairman of the Trustees of the Pauper Institutions, asking for accommodation of patients from Long Island in case of emergency. It was voted that the President be instructed to confer with the Chairman of the Pauper Institutions respecting the subject matter of this communication.

A petition was received from the resident-graduate nurses, asking that their salaries be increased, and also that they may be allowed the privilege of sharing in the studies and advantages offered the nurses in the third-year course. The petition was referred to the Medical Committee.

A communication was received from Mr. A. Shuman, through the Superintendent, offering the gift of a flag to the hospital. It was voted that the offer of Mr. A. Shuman be accepted, and that the thanks of the Trustees be tendered to him for his timely gift.

CONRAD J. RUETER, Secretary.

Library Department.

Friday, May 13, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, Bowditch, De Normandie, Lincoln, Prince and the Librarian.

Communications received: From the Mayor, dated May 11; also Circular No. 41.

Bills authorized: Chargeable to the general appropriation, amounting to \$4,891.71; chargeable to trust funds, \$1,812.05; chargeable to the special appropriation for Station "P," \$133.33.

Claim of A. B. & E. L. Shaw, in the sum of \$242.77, allowed and ordered paid.

Purchases authorized: Books chargeable to city moneys to the amount of \$220.19; to trust funds, \$269.15; to Station "P," \$1.54; to Fellowes Athenæum, \$2.03; to the photograph fund, \$5; miscellaneous articles, \$207.90.

Various applications for special privilege cards were received, considered and disposed of.

The new draft of the Trustees' report for the year 1897-8 was considered and adopted.

The report of the Examining Committee for 1897 was taken up and its recommendations considered seriatim.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, May 16, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held on May 16, 1898:

Bids were received for building a wooden wharf on the Strandway at Q street, and for furnishing loam on the borders of the ponds at Marine Park, and contracts on the same were duly awarded (see THE CITY RECORD, p. 335).

The Superintendent stated that the Engineer estimated that the construction of the site for the Mosquito Fleet Yacht Club, on the Strandway, will require the shifting of about 14,000 cubic yards of filling, and that Mr. Farrell will do the work under his contract at fifty cents per cubic yard.

Voted, That the offer be accepted, and that the Superintendent prepare the necessary papers to carry the arrangement into effect.

Voted, That the Chairman approve the sixteenth approximate estimate of work done and material furnished under the contract with Hugh Farrell, without deduction on account of the right reserved to the city in said contract to retain 15 per cent. of the amount due under said approximate estimate; provided that the bondsmen assent to the said payment, and subject also to the approval of the Mayor.

A petition of the West End Street Railway Company to erect and maintain poles on Charlestown Playground was received.

Voted, That the locations for poles for carrying the wires of the electric system of the West End Street Railway Company on Alford street, from Main street to Malden bridge, as shown by red dots on plan of A. L. Plimpton, civil engineer, dated April 28, 1898, be approved, and that said company be authorized to erect poles in accordance with said plan, provided that the work be done under the conditions prescribed in the usual form of permit to be issued therefor and to be satisfactory to the Superintendent, and that said poles be removed upon notice from this Board.

Voted, That all employees of the Department whose services can be dispensed with be given a holiday without loss of pay, in part compensation for their services, on any day they may select, for the purpose of holding a picnic.

Voted, That Antonio Gregori be permitted to sell refreshments on the Castle Island bridge at Marine Park, so long as Castle Island remains closed to the public during the present season, and under the direction of the Superintendent.

The plan for a boat landing at the end of the westerly pier at North End Beach, presented by Mr. Sheldon at the last meeting, was approved, and the Boston Parks Boat

Service Company was authorized to confer with Mr. R. Clipston Sturgis, architect, with reference to plans for the construction of the landing, including arrangements for the sale of light refreshments.

May 17, 1898.

A special meeting of the Board of Park Commissioners was held May 17, 1898, at which the following business was transacted:

Voted, That the Superintendent provide benches on the piers and a swimming raft at the North End Beach.

Voted, That the Superintendent arrange for the construction of a temporary bathing beach at Charlestown Heights, at an estimated cost of \$2,400.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, May 18, 1898.

A regular meeting of the Trustees was held at 28 Court square, on Monday, May 2, at 10 A.M., the full Board being present.

The temporary appointment of Dr. Gallagher as assistant physician at Long Island, to fill the vacancy caused by the promotion of Dr. A. A. Taft, was confirmed.

The Emergency Committee reported that it had held three meetings—one with the Visiting Medical Staff, on April 28, one for the purpose of conference with the Mayor and the Trustees for Children, on April 30, and a third at the Marcella-street Home, on May 7, together with some of the Children's Trustees.

Through the co-operation and courtesy of the Trustees for Children, the use of the Marcella-street Home is authorized, in case any immediate removal of the Hospital patients now at Long Island is made necessary by the war. The accommodations at the Home are ample, and its arrangements are convenient, but by the advice of the Mayor the transfer will not actually take place unless some emergency necessitates the removal of the sick from Long Island.

Further provision for the inmates of the Pauper Institutions can probably be made by the State, in case of need; the State Board of Lunacy and Charity having expressed, by their Chairman, in conference with the Chairman of the Emergency Committee, their willingness to co-operate with the Pauper Institutions Trustees.

The Chairman of the Board, Professor Sedgwick, for the Committee on Rules and Service, reported the appointment of Thomas J. Condon to be Deputy Superintendent at Long Island, as authorized by the Civil Service Commission.

The Superintendents of Long Island and Charlestown reported that they have on hand an ample supply of flour to provide for the present needs of the Institutions under their charge.

The Chairman of the Committee on Buildings and Grounds was authorized to divide one of the larger rooms at Long Island in such a manner as to furnish additional accommodations for officers.

The Superintendent of Long Island reported the purchase of a pair of horses and a tip-cart, for use on the farm.

The rooms for the priest and for the Deputy Superintendent at Long Island have been refinished and refurnished.

The Chairman of the Board reported that he had held a conference with the Mayor concerning the urgent need of a further water-supply at Long Island as a protection against fire. The entire loan appropriation proposed for needed improvements in the Pauper Department is \$3,500, in which this additional water-supply is not included.

CENSUS FOR CHARLESTOWN ALMSHOUSE.

Number of inmates on April 30, 1898:

Men	43
Women	69
Total	112

CENSUS FOR LONG ISLAND.

Number of inmates on April 30:

ALICE N. LINCOLN, Secretary.

Statistical Department.

71 City Hall, May 21, 1898.

The twenty-sixth meeting of the Department of Municipal Statistics was held at its office on April 18, 1898, at 3.45 P.M., Messrs. Dewey, Pearmain and Weld being present. Mr. Weld was chosen to take the chair in the absence of Mr. Minot.

Voted, That Mr. Weld serve as Chairman of the Board during Mr. Minot's absence and perform all the duties pertaining to the office.

The Board considered the following joint resolution, providing for the publication of official statistics of cities, which was introduced into the United States Senate January 19, 1898, and the House of Representatives January 26, 1898, at the request of the Committee on Municipal Administration of the Reform Club of the city of New York:

"Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled, that the Commissioner of Labor be, and he is hereby authorized, to compile and publish annually as a part of the Bulletin of the Department of Labor, an abstract of the main features of the official statistics of the cities of the United States having over 30,000 population."

Voted, That it is the sense of this Board that the above resolution should be enacted, and that the members of the Senate Committee on Education and Labor, and the House Committee on Labor, should be so informed as well as the members of the House of Representatives from the Boston districts and the senators from the State of Massachusetts.

Voted, That request be made of His Honor the Mayor that additional room be furnished for storing publications and exchanges of this Department.

EDWARD M. HARTWELL, Secretary.

Street Laying-Out Department.

The following abstracts are taken from the records of the meetings of the Board of Street Commissioners:

Monday, May 16.

Authority was given to open Iroquois street, at Roxbury, leading for a distance of about 1,075 feet north-westwardly from Calumet street.

Petitions were received from C. Lavezola and others that a sewer may be laid in Hull street; from M. Kaiser and others that the water-course in and crossing Calder street, at West Roxbury, may be improved; and from the Superintendent of the Paving Division of the Street Department for catch-basins in Norfolk street.

A catch-basin was ordered built in Hull street.

Newburg street was ordered laid out.

Orders of notice were issued of the Board's intention to lay out as public streets, and construct the same, Bragdon, Thane and Amory streets; hearings at Commissioners' office, at 11 o'clock, May 31.

It was voted that all persons employed in the different divisions of the Street Laying-out Department desiring to enlist in the military or naval service of the United States during the present war be granted, upon so doing, leave of absence for an indefinite time without pay.

Tuesday, May 17.

A petition was received from J. B. Ramsay, jr., and others, that Van Winkle street may be laid out, at Dorchester.

Orders of notice were passed of the Board's intention to lay out and construct Van Winkle, Leeds and Aldworth streets; hearings at Commissioners' office, at 11 o'clock, June 1.

Thursday, May 19.

It was voted to take for school purposes land on Munroe street, at Roxbury.

Orders of notice were issued of the Board's intention to lay out Bayswater street, at East Boston; Marbury Terrace, at Roxbury; and Edison Green, at Dorchester; and also to construct Marbury Terrace and Edison Green. Hearings at Commissioners' office, at 11 o'clock, June 3.

Petitions were received for sewers from O. W. Moore and others, Harrison street; G. E. Frost and others, Frost avenue; Cape Cod Five Cents Savings Bank, Wentworth street.

Petitions for catch-basins were received from the Paving Division of the Street Department, in Sandford and Temple streets, Dorchester, and in Bunker Hill street, at Charlestown; from B. Moritz, Round Hill street; P. B. Corbett and others, Edison Green and Pond street.

A petition of J. T. Morse, jr., that Sears street may be laid out, from India street to Central Wharf, was received.

A petition from A. E. Wells, for repayment of a sewer assessment, referred to this Board by the Board of Aldermen, was returned to the Board of Aldermen with the information that this Board has no power to act in the matter.

J. H. JENKINS, Secretary.

JOHN S. DAMRELL,

Building Commissioner.

City Clerk Department.

City Hall, May 23, 1898.

The following is a list of the principal matters recorded in the City Clerk's office for the week ending May 21, 1898:

Number of chattel mortgages	129
Number of discharges of mortgages	24
Number of assignments of mortgages	5
Number of notices of foreclosure of mortgages	2
Number of assignments for the benefit of creditors	9
Number of assignments of wages	37
Number of married women's certificates	13
Number of ship liens	3
Number of bills of sale	9

Accident notices were filed as follows:

May 18—Harry C. Holmes, personal injuries caused by alleged defect in a brick gutter on Brighton street. Wilamina Eckhardt, personal injuries caused by alleged defect in highway at 92 Beacon street.

May 19—Louisa Dana, personal injuries caused by alleged defect in sidewalk on St. James avenue. James Kelley, personal injuries caused by alleged defect in sidewalk on Fellows street.

May 20—George F. Richardson, personal injuries caused by falling glass on South Market street, near Faneuil Hall Market. Edward J. McCormack, personal injuries caused by alleged defect in sidewalk on Eliot street.

May 21—Simon Feder, personal injuries and damage to bicycle caused by paving stones piled in street on Charles street.

J. M. GALVIN, City Clerk.

Fire Department.

Official action has been taken by the Fire Commissioner during the two weeks ending May 14, as follows:

William G. C. Lutz, A. J. Robinson and A. T. Cellarius have been appointed call substitutes, with call man's pay, and assigned to Engine Company 45.

The resignation of William B. Morey, call substitute, with call man's pay, attached to Engine Company 29, has been accepted.

The following transfers have been made: Michael Boyle, Engine Company 7 to Engine Company 3; Thomas E. Conroy, Engine Company 7 to Engine Company 26; J. E. F. Griffin, Ladder Company 9 to Combination Company 5; C. R. Delano, Combination Company 5 to Ladder Company 9.

There have been purchased of Messrs. Welch & Hall, two horses at \$130 each, and of A. W. Davis, one horse at \$125.

An order has been drawn on Charles Waugh & Co., to repair hose wagon of Engine Company 30 at \$187.25.

Fire-alarm Box 97 has been established at the corner of Marlboro and Gloucester streets.

Four pieces of suction and thirty-one pieces of leading hose have been condemned.

Special drafts have been drawn as follows: L. K. Marston, \$1,500, on account of construction of engine-house at Grove Hall, and \$1,000 for Engine-house 30 on Centre street, West Roxbury.

Charles T. Harris, \$825, for tiling roof of new engine-house at Grove Hall.

John G. Allbright, \$8,750, for additional land for Engine-house 21 on Columbia road, Dorchester.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, May 23, 1898.

The Board of Health has transacted the following business during the week ending May 21, 1898:

A petition was received from John F. Hemihan for the occupancy of a stable at 3532 Washington street, Ward 23, for one additional horse; hearing called for May 26, at 11 o'clock.

The following petitions for the occupancy of stables have been granted:

Boston Protective Department, 159 and 161 Roxbury street, Ward 18, six horses; Louis F. Foote, Addison street, Ward 1, two horses; Charles E. Russell, 23 Hawthorne street, Ward 21, four horses.

The following shows the work of inspection done at the Abattoir for week ending May 21:

Steers	313
New England cows	6
Sheep	33
Calves	381
Total	733

The following articles of food were condemned by the Inspector of Provisions during the week ending Saturday, May 21, 1898: Immature veal, 304 pounds; tainted beef, 473 pounds; tainted lobsters, fifty pounds; greens, five barrels; potatoes, two barrels.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, May 21, 1898.

The West End Street Railway Company respectfully petitions for leave to construct, maintain and use curved tracks and connections on Dorchester avenue near Adams street, connecting with the company's tracks on said Dorchester avenue; and extending to a car house of the company there situate, all as shown by red lines on plan of A. L. Plimpton, dated May 17, 1898, and filed herewith as part of this petition.

West End Street Railway Company,
By Boston Elevated Railway Company, its Attorney.
By WILLIAM A. GASTON, President.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

May 23, 1898.

Upon the foregoing petition it is hereby
Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will, on Monday, the thirteenth day of June, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties, who object thereto, may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Post, Dorchester Beacon, and THE CITY RECORD.

Passed.

A true copy.

J. M. GALVIN, City Clerk.

Attest: J. M. GALVIN, City Clerk.

THE CITY RECORD.

OFFICIAL GAZETTE OF

THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JUNE 2, 1898.

Number 22.

EDITED UNDER DIRECTION OF THE BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company — Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,

611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

PUBLIC BUILDINGS DEPARTMENT.

The Annual Report of the Public Buildings Department for the year ending January 31, 1898, constituting Document 28, has recently been issued, and is summarized as follows:

The public buildings in charge of the Department, belonging to the City of Boston, number 125, together with two leased buildings and thirty-five rooms in different buildings, variously occupied for city purposes. The Department also has charge of the City Hall (Charlestown District), Faneuil Hall, and Faneuil Hall Market-house, Charity Bureau, Old State House, and stables of the Department of Sanitary Police.

The amount expended during the year for rents and taxes for outside property has been \$19,255.16. The public buildings occupy 1,342,929 square feet of land.

The Fire Department requires for its service the use of sixty-three buildings and the Police Department twenty. The school-houses owned by the city number 199, occupying 3,969,438 square feet of land, in addition to which thirty-eight buildings, containing sixty-eight school-rooms, were leased for school purposes.

The total expenditure of the Department for the repair, alteration, improvement, heating, furnishing, care and cleaning of the buildings and rooms under its charge was \$1,018,390.20.

Submitted with the report of the Department are the reports of the Architectural and Electrical Construction Divisions, the work of each being shown in detail.

Most of the architectural work performed during the year by the former Division has been in the nature of alterations, at a saving to the city in architectural commissions of approximately \$10,000. Plans and specifications have been furnished the various city departments for the erection and alteration of public buildings, for the installation of proper heating and ventilating systems, and for other minor architectural matters. Valuable drawings have been completed of Faneuil Hall and for putting the building in proper repair.

The report of the Electrical Construction Division contains a detailed statement of expenditures and receipts. The city owns and operates fifteen electric-light plants, representing a valuation of \$181,200. In addition to these, there is the electrical equipment supplied with current from the various illuminating and power companies, and also the private telephone and bell equipments, which would bring the estimated total up to \$300,000, not including the fire-alarm and police-signal systems.

It is recommended, in view of public attention being centred on the advisability of municipal lighting plants, that records be kept of the cost of operating isolated plants. Reports should be made by the various departments operating electric apparatus showing what defects exist and with what efficiency their plants are being operated.

A description is also given of the principal plants designed and installed by the Division since its organization in May, 1896.

The Public Buildings Department supplies fuel for all departments of the city and county not otherwise provided for. For the year ending February 1, 1898, 19,842 tons of coal and 156 cords of wood were furnished the several Departments at a total cost of \$94,792.45.

The income of the Department during the past year from rents of buildings and from other sources, amounted to \$167,565.90. Of this, \$84,977.80 was received from rent of Faneuil Hall Building, market, stalls and cellars, and \$10,350 from rent of Old State House.

The report concludes with a list showing the number and location of buildings belonging to and built by the city under the charge of the Public Buildings Department.

MARKET DEPARTMENT.

The Annual Report of the Market Department for the year ending January 31, 1898, constituting Document 22, has recently been issued. An abstract of the report is given below:

For the market building better drainage has been provided, and a new sewer in South Market street has been completed. A renewal of the paving in the streets surrounding the market is recommended, as is also the placing of snow-guards upon the Faneuil Hall Market building.

During the year 2,313 pounds poultry, 217 pounds ducks, 580 pounds beef, 120 pounds lamb, 180 pounds veal, besides large quantities of fruit and vegetables, have been condemned as being unfit for food.

The police detailed for duty at the market made sixty-two arrests for various offences, and convictions were secured in all cases.

The income and expenditures of the Department for the year were as follows:

Rent of stalls and cellars in Faneuil Hall Market	\$65,347 00
Rent of stalls and cellars in new Faneuil Hall Market	18,223 80
Rent of outside stands	1,407 00
Weighing fees at city scales	611 55
Total	\$85,589 35
Salary of Superintendent of Markets	\$3,000 00
Salary of Deputy Superintendent and Weigher at scales	1,433 32
Salary of one watchman	1,000 00
Salary of one messenger	900 00
Amount paid for extra police for vacations and holidays	149 26
Amount paid for gas and electric light	719 50
Amount paid for miscellaneous supplies	1,412 99
Total appropriation	\$8,615 07

SCHOOL COMMITTEE.

A regular meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building, at 7.30, May 24, President Huggan in the chair; all the members being present except Mrs. Ames and Mr. Fleischer.

The Chair read the following:

(1.) LAW DEPARTMENT.

May 23, 1898.

TO THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

The Supreme Court has decided that the City is bound by its agreement with Thomas F. McManus to purchase his property for \$9,500. The purchase will have to be made, and I should recommend that the Committee make an appropriation to pay therefor.

Yours respectfully,

THOMAS M. BABSON, City Solicitor.

Referred to the Committee on School-houses.

(2.) STREET COMMISSIONERS' OFFICE.

City Hall, May 19, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

In compliance with the request contained in your order of April 12, 1898, the Board of Street Commissioners have this day taken, for school purposes, for an addition to the site of the Munroe-street School at Roxbury, about 5,868 square feet of land on Munroe street, and their decree of such taking has been this day recorded in the Registry of Deeds.

Respectfully,

J. H. JENKINS, Secretary.

Placed on file.

(3.) IN BOARD OF ALDERMEN.

April 25, 1898.

Ordered, That the City Council approve the proposal of the Baths Department to furnish, so far as possible, instruction in swimming to the scholars in the public schools during the summer vacation, and hereby requests the School Committee to give its endorsement to such proposal, and to co-operate, so far as it may properly do so, in the carrying out of such plan.

Passed. Sent down for concurrence. May 5 came up concurred.

Approved by the Mayor May 9, 1898.

A true copy. Attest:

JOHN T. PRIEST,

Assistant City Clerk.

Referred to the Committee on Hygiene and Physical Training.

(4.) SUPERINTENDENT'S OFFICE.

May 24, 1898.

TO THE SCHOOL COMMITTEE:

In obedience to an order of the School Committee, passed March 22, 1898, I have made careful investigation in order to ascertain whether the requirements as to

the vaccination of children admitted to the public schools are strictly observed, especially as to pupils entering the kindergarten. I have found that in a few instances children have been admitted to the kindergarten without the proper vaccination certificate. The attention of the principals of the districts in which such admissions had been made has been called to the importance of a strict observance of the regulations in this matter, and I recommend that no further action of the School Committee is necessary at this time.

Respectfully submitted,

EDWIN P. SEAVER,

Superintendent of Public Schools.

Placed on file.

(5.) Department of School Administration of the National Educational Association for School Boards:

Milwaukee, Wis., May 15, 1898.

TO THE BOARD OF EDUCATION, BOSTON, MASS.:

GENTLEMEN: The members of your honorable body, or such delegates as you may elect, are cordially invited to attend the meeting of the School Administration Department of the National Educational Association (Third Annual Convention of School Boards of the United States), to be held at Washington, D. C., July 8 and 9. The most important topics affecting the management of practical school affairs will be treated, and a general discussion between representatives from all parts of the country will be held.

Reduced hotel rates at Washington have been arranged for. The railroads have granted a rate of one fare for the round trip from all parts of the United States. Delegates will be assigned to quarters upon arrival in Washington.

Where Boards of Education or School Committees cannot attend in a body, it is desirable to send as many delegates as possible.

It is hoped that your Board will take favorable action at an early date. Kindly instruct your secretary to advise us of your action in this matter.

Yours respectfully,

JOHN E. BRANDEGEE, President.

WILLIAM GEORGE BRUCE, Secretary.

Convention will be held at Washington, D. C., July 8 and 9, 1898.

Placed on file.

(6.) SUPERINTENDENT'S OFFICE.

May 17, 1898.

TO THE SCHOOL COMMITTEE, BOSTON, MASS.:

I desire to lay before you two communications, as follows:

First. The request of the National Maine Monument Committee for the signatures of all the pupils in the public schools of this city, these signatures to be placed in a special vault underneath the monument. This communication says that should the children desire to make contribution to the fund, the amount of any individual contribution must be limited to ten cents.

Second. The request of W. Rankin Good and others of Cincinnati, Ohio, constituting a committee, that contributions be solicited in the public schools of this city for the purpose of raising a fund with which to build a battleship to replace the ill-fated "Maine," the new battleship to be called "The American Boy."

I suggest that these communications be referred to the Committee on Rules and Regulations for consideration and report.

Respectfully submitted,

EDWIN P. SEAVER,

Superintendent of Public Schools.

Referred to the Committee on Rules and Regulations.

On the recommendation of the Committee on Nominations, the Board voted to accept the resignation of one teacher; to confirm the nominations of four special assistants, twenty-two temporary teachers, two teachers on probation and four teachers in kindergartens; to confirm the permanent appointment of two teachers; and to grant leave of absence to three teachers.

On the recommendation of the Committee on School-houses it was ordered:

(1.) That the Board of Street Commissioners be requested to take, by purchase or otherwise, for the enlargement of the old Gibson School-house lot, School street, Dorchester, a parcel of land supposed to belong to Robert A. Moore, and bounded and described as follows: Northeast, by land of the City of Boston, about 186 and 75-100 feet; southeast by Athelwold street, 30 and 32-100 feet; southwest by an extension of Whitfield street, as located by the Board of Survey, 185 and 87-100 feet; containing 2,818 square feet, more or less.

(2.) That the Board of Street Commissioners be requested to take, by purchase or otherwise, for school purposes, a parcel of land supposed to belong to the heirs of S. Rowland Hart, bounded northwest by Cedar street, about 30 feet; northeast by land of the City of Boston, about 105 feet; and southeast by Monument square, about 32 feet; and southwest by land supposed to belong to F. J. Staten, about 105 feet, containing 3,300 square feet, more or less.

(3.) That Edmund M. Wheelwright be selected as architect to supervise the completion of the Mechanic Arts High School-house, substantially in accordance with the original plans therefor, as prepared by him.

(4.) That the plans and specifications prepared by the Acting Superintendent of Public Buildings, for the erection of a two-room wooden building in the yard of the Morton-street School-house, Dorchester, having been approved by this Board, and the Committee on School-houses are hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications; and to make on behalf of this Board, the necessary contract for such work, subject to the approval of the Mayor.

(5.) That the plans and specifications prepared by the Acting Superintendent of Public Buildings, for the erection of a two-room wooden building in the yard of the old Gibson School-house, Dorchester, having been approved by the Superintendent of

Schools, be accepted, and they are hereby approved by this Board, and the Committee on School-houses are hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications, and to make on behalf of this Board, the necessary contracts for such work, subject to the approval of the Mayor.

On the recommendation of the Committee on Text Books, it was ordered to substitute "Stepping Stones to Literature," Nos. 1 and 2, for Nos. 2 and 3 of the same series.

On motion of Mr. McDonald, it was

Ordered, That the thanks of the Board be extended to the Sons of the Revolution for their very generous act in directing that certain schools be furnished with a portrait of Washington in continuance of their gifts of similar portraits three years ago.

Upon the recommendation of the Committee on Accounts, it was ordered:

(1.) That to meet the current expenses of the School Committee payable during the financial year beginning February 1, 1898, and ending January 31, 1899, the following sums are hereby appropriated:

RECAPITULATION.

Salaries of instructors	\$1,971,000
Salaries of officers	71,000
Salaries of janitors	148,000
Fuel, gas and water	107,000
Supplies and incidentals	153,589
Alterations, repairs, etc.	250,000

Total amount appropriated . . . \$2,700,589

(2.) That the Board of Assessors be notified that the School Committee has appropriated, under Chapter 400 of the Acts of 1898, the sum of \$2,700,589 for the support of the public schools for the present financial year. Of this amount \$2,664,589 should be included by their Board in the total amount to be raised by taxation, and the balance, \$36,000, has been appropriated from the estimated income to be received during the year.

(3.) That the orders passed February 12, 1895, and April 28, 1896, whereby the Austin School-house on Paris street, East Boston, and the Webb School-house on Porter street, East Boston, were turned over to the city to be sold, be rescinded.

On the recommendation of the Committee on Normal School, it was

Ordered, That the graduating exercises in the Normal School be held on Saturday, June 25, 1898.

It was ordered that, in addition to the examination which is to take place on the Tuesday and Wednesday following the first Monday in September next, of applicants for admission to the High Schools, an examination of such applicants be held on Friday and Saturday, June 24 and June 25, 1898.

On the motion of Mr. Calderwood, for the Committee on Seventh Division, it was

Ordered, That the Dillaway School be closed for the summer vacation on Thursday, June 23, 1898, and that its graduating exercises be held on Friday, June 24, 1898.

On motion of Mr. Hubbard, for the Committee on Annual School Festival, it was

Ordered, That the graduates of the Normal, Latin and High Schools be excused from attending the annual school festival this year.

Mr. Davison offered the following:

"Whereas, At a regular meeting of the

Board on April 26, 1898, Charles Fleischer, a member thereof, publicly characterized the administration of their trust by the Evening School Committee of the year 1897 as 'rotten,' and stated his ability and purpose to produce proof of gross official misconduct, on the part of one member of said committee, but at that time and place in no way indicated in what acts or omissions said misconduct and rottenness consisted—

"Now, therefore, be it resolved, that this Board hereby expresses its full confidence in the said Evening School Committee for the year 1897, and in each and every member thereof, and asserts that the administration of the evening schools of this city by this Board through said committee was conducted efficiently, economically, and with an eye single to the public interest, and was in all particulars entitled to the confidence and respect to the Board and of the city.

"And it is resolved, that this Board expresses hereby its strong condemnation of the gross disregard of sound ethics and good manners shown by the said Fleischer in making against the committee or member of this Board a groundless and false charge which the said Fleischer neither seeks to have investigated, nor yet withdraws and apologizes for."

Mr. Paul said he did not think the resolutions should be discussed in the absence of the member whom they affected. Upon his motion, they were laid on the table.

Mr. Anderson, for the Committee on Rules and Regulations, to whom were recommitted, May 10, the revised Rules and Regulations, reported that they have considered the matter, and recommend the passage of the rules as presented.

The more important changes are:

CHAPTER III.

Section 2. Two standing committees added, viz.: On New Buildings, and on Evening Schools.

Section 34. The Committee on Rules and Regulations:

1. Shall take into careful consideration every proposition to establish, to repeal, or to amend any rule or regulation, and shall report in writing, stating their reasons for or against such rule, regulation, or proposed alteration; and no such proposition shall be adopted by the Board until after it has been referred to this committee, reported upon, and afterward read at two different meetings of the Board.

2. Shall report all changes in the Rules and Regulations so as to give in full the wording of the section or paragraph as amended.

3. Shall see that the Rules and Regulations are properly and consistently enforced, and report to the Board such cases of violation as they may deem necessary.

New sections drafted covering duties of Committee on New Buildings, and Committee on School-houses, as follows:

Section 36. The Committee on New Buildings:

1. Shall as herein provided have general supervision over the construction of all new school buildings, and of additions to old buildings.

2. Shall consider the fitness of locations for school-houses, and, after consultation with the Superintendent and the proper

principal, submit to the Board such reports and recommendations relating thereto, as they shall deem proper.

3. Shall advertise for school-house sites, receive proposals, and give public hearings with reference to the selection thereof, and perform the other duties prescribed in Section 1 of Chapter 202 of the Acts of 1897.

4. Shall nominate to the Board an architect, or architects, to design plans and supervise the construction of buildings to be erected, or upon which additions are to be made; but the services of the School-house Agent shall, so far as practicable, be availed of in such work.

5. Shall prepare plans for the erection of new school buildings, or for additions to old school buildings, and after such plans shall have been approved in writing by the Superintendent and the School-house Agent, shall submit the same to the Board for its approval, together with careful estimates of the cost of the proposed new buildings and the additions to old buildings.

6. Shall consider and report upon temporary accommodations for school purposes, and shall have authority in cases of immediate and pressing necessity, after consultation with the Superintendent and the appropriate master and visitor, to provide such accommodations; all such contracts to be reported to the Board at its first meeting, after the making of the same.

7. Except in case of pressing necessity for temporary accommodations, the committee shall not make or authorize a contract of any kind until it has been approved by the Board.

Section 40. Paragraph 1 amended to read:

"Shall have the general supervision of the subjects of hygiene, physical training, and military drill in all the schools."

Mr. Anderson presented a minority report in his own behalf. Its main feature was an argument against changing the method of appointing teachers and against investing autocratic powers in the Superintendent of Schools.

Mr. Anderson moved the substitution and acceptance of the minority report under a suspension of the rules; which was refused by a vote of 12 to 10. Upon his own motion the whole question, including a second minority report by Mr. Gallivan, was laid over until the next meeting, being especially assigned to 8 P.M.

On motion of Mrs. Keller, for the Committee on the Eighth Division, it was

Ordered, That the gift of Mrs. Charles C. Smith to the Lucretia Crocker School, consisting of a frieze and of a picture, be accepted and that the thanks of this Board be extended to Mrs. Smith for her most generous donation, and also for the substantial interest she has previously shown in this school.

On motion of Mr. Courtney, the report of the Committee on Normal Schools was taken from the table.

Mr. Anderson offered the following:

Ordered, That on and after the first day of September, 1899, the Boston Normal School be discontinued.

The substitute order was passed after a lengthy debate.

Adjourned at 10.40, to June 7, at 7.30 P.M.

Messages from the Mayor.**TO THE COMMON COUNCIL.**

A regular meeting of the Common Council was held in the Council Chamber, City Hall, on Thursday, May 26, 1898, at 7.45 P.M., President Connolly in the chair.

The following messages were received:

Flag on Gilbert Stuart School.

OFFICE OF THE MAYOR,

City Hall, May 26, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee, stating that a flag has been furnished the Gilbert Stuart School, as requested in your order of January 27.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

May 24, 1898.

The Committee on Supplies, to whom was referred — February 8 — a communication from the City Council, to the effect that a flag be furnished the Gilbert Stuart School, report that the school named has been supplied with a flag, and that no further action is necessary.

For the Committee,

A. T. DAVISON, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

THORNTON D. APPOLLONIO, Secretary.

Placed on file.

Vernon and Ruggles Streets — Asphalting.

OFFICE OF THE MAYOR,

City Hall, May 26, 1898.

TO THE COMMON COUNCIL:

I transmit a communication from the Superintendent of Streets in reply to your order requesting estimates of the cost of asphaltting the streets in front of the Vernon-street Catholic and the Ruggles-street Baptist churches.

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, May 26, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with the request contained in the enclosed order of the Common Council, I beg to submit the following estimates:

Vernon street, Ward 18, Cabot to Haskins, in front of St. Francis de Sales Catholic Church, asphaltting and regulating \$3,300

Ruggles street, Ward 18, Cabot, 250 feet toward Tremont, in front of the Ruggles-street Baptist Church, asphaltting and regulating \$4,300

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Remonstrances Against Bathing on the Common.

OFFICE OF THE MAYOR,

City Hall, May 26, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Board of Governors of the Puritan Club remonstrating against the use of the Frog Pond for bathing purposes.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(Accompanying the message was the communication referred to.)

Sent up.

Remonstrances were also received from Eben D. Jordan, E. Rollins Morse, President of the Somerset Club and representing the members of the same, protesting against the proposed use of the Frog Pond on Boston Common for bathing purposes.

Sent up.

Loans for Various Improvements.

OFFICE OF THE MAYOR,

City Hall, May 26, 1898.

TO THE CITY COUNCIL:

In view of the present position of the general loan orders reported by the Finance Committee and of the several loan orders which have passed the Board of Aldermen, I desire to recommend the passage of the accompanying loan order appropriating \$325,000 for street improvements, \$80,000 for the reconstruction of Faneuil Hall, and \$23,000 for laundry buildings and equipment at the City Hospital. It seems to me that the joining of these three items in a single order should promote speedy and favorable action. These three items have already passed the Board of Aldermen, with the exception that the item for street improvements was placed at the amount of \$300,000, instead of \$325,000, as now recommended; but the item was fixed at the latter amount in the general loan order reported some time since by the Finance Committee, and I now recommend placing it at this amount in order to go as far as possible toward meeting the view, which found expression in the action of the Common Council at its last meeting, that this item should be as large as possible. In view of the small borrowing capacity of the city for the balance of the current year, and of other urgent and admitted necessities which must be met, I cannot approve the appropriation at the present time for street

improvements of any larger sum. I think it proper, also, to state that, in view of the smallness of the amount which can be devoted to street improvements this year, it seems to me absolutely imperative that this appropriation should be made in a lump sum, and should not be divided among the wards, and I could not see my way clear to approve any division of the street improvement appropriation by wards.

I again urgently renew my former recommendation for an appropriation for the reconstruction of Faneuil Hall, and I trust that this much-needed improvement will not longer be delayed. I cannot believe that the City Council will take the responsibility, in view of the full information which has now been furnished as to the present dangerous conditions of Faneuil Hall, of permitting their longer continuance. The work cannot be properly done for any less than that appropriated; any appropriation of less than this sum would be entirely useless, and I could not give my approval to it.

The necessities of the City Hospital are so well known that I need not again explain them. The item of \$23,000 now recommended is only a portion of the money which the hospital absolutely requires during the present year.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the several departments hereinafter named be authorized to expend the sums of money, and for the purposes specified; and that to meet the appropriations aforesaid the City Treasurer issue at his discretion, and sell, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of four hundred and twenty-eight thousand (428,000) dollars, said bonds or registered certificates of indebtedness to be made payable at the office of the City Treasurer, Boston, twenty years from the date of the same, with interest thereon at not exceeding the rate of 4 per cent. per annum, payable semi-annually:

Hospital Department:

Laundry buildings and equipment . . \$23,000

Public Buildings Department:

Faneuil Hall, reconstruction . . . 80,000

Street Department (Paving Division):

Street improvements 325,000

Total \$428,000

Ordered, That any premium obtained by the said City Treasurer in the negotiation or sale of said bonds or certificates shall be paid to the Board of Commissioners of Sinking Funds for the redemption of the debt hereby created.

The communication was sent up, the order was read once, and was ordered to a second reading.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following were approved May 23, 1898:

Ordered, That the items in the annual appropriation order appropriating money for the support of the public schools, namely:

School Committee :

Alteration and repairs on school buildings, to be expended by the Public Buildings Department, and temporary accommodations for school purposes	\$170,000
Other current expenses	2,300,000
	\$2,470,000

be, and the same hereby are rescinded.

The following were approved May 24, 1898:

Ordered, That the Superintendent of Public Buildings be hereby authorized to grant the use of Dorchester Music Hall, waiving the fee, on Tuesday evening, May 17, 1898, to the Dorchester Letter Carriers' Association.

Ordered, That the Superintendent of Public Buildings be hereby authorized to grant the use of Curtis Hall, waiving the fee, on the evening of May 26, 1898, to the Rev. John A. Sheridan, for an entertainment in aid of St. Thomas' Church.

Ordered, That the use of Curtis Hall, Jamaica Plain, be granted to the Jamaica Plain Carnival Association (Randolph V. King) on the evening of June 9, 1898, waiving the fee.

Ordered, That leave be granted to William A. Smith to use the ward-room of Ward 9 (Old Franklin School-house) for enlistment purposes, waiving the usual fee.

Ordered, that the City Messenger be authorized to rope off such streets as the Board of Police may request for military parades during the present year, the expense attending the same to be charged to the appropriation for City Messenger Department.

An ordinance relative to the Annual Reports of the Executive Departments.

Be it ordained, etc., as follows:

Section 2 of Chapter 28 of the Revised Ordinances of 1892 is hereby amended by striking out the words "eight hundred" in the second line of said section, and by inserting the words "nine hundred" in place thereof; and by inserting after the word "year," in the sixteenth line thereof, the words "shall deliver to the Board of Municipal Statistics one hundred sets of said volumes."

Ordered, That the City Treasurer be, and is hereby, authorized to pay to Ella J. Bowker, widow of Frank Bowker, late an engineer in the sewer division of the Street Department, the balance of the salary to which he would have been entitled had he lived and continued to hold his office until the end of the year 1898; said sum to be charged to the Reserved Fund.

Ordered, That the City Auditor be authorized to transfer five thousand (5,000) dollars from the appropriation for laying out and construction of a new street from Beacham

street to Dorrance street, Charlestown, to an appropriation for the Baths Department, to be expended for the erection of a bath-house, etc.; and the improvement of the beach opposite the Charlestown Heights Park.

Ordered, That the City Treasurer be hereby authorized to pay to William C. Craig the sum of \$27.40, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Ward street for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, Lib. 2407, Fol. 357.

Ordered, That the City Treasurer be hereby authorized to pay to John Fitzpatrick the sum of \$31.28, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Jamaica street and Ballard way, for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, Lib. 2406, Fol. 545.

Ordered, That the City Treasurer be hereby authorized to pay to Woodbury L. Lewis the sum of \$20.62, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Rogers street, for unpaid taxes of the year 1894, by deed recorded with Suffolk Deeds, Lib. 2315, Fol. 430.

The following were approved May 27, 1898:

That permission be granted to Francis Washburn Post 92, G. A. R., to use the ward-room of Ward 25, until otherwise ordered, for the purpose of drilling recruits for the United States Volunteers, and that the fee for the use of said ward-room be waived.

Ordered, That leave be granted to Percy A. Bridgman to use Sammet Hall, Ward 22, not exceeding four nights each week during the next two months, waiving the usual fee.

Ordered, That the City Treasurer be hereby authorized to pay to the following-named G. A. R. posts and veteran organizations the sum specified for each respectively, the same to be expended for memorial purposes, in accordance with the provisions of Chapter 76 of the Acts of 1886, and upon condition that the money shall not be expended for other than memorial purposes, and that any balance remaining shall be set aside as a fund for said purposes, and that each organization and G. A. R. post shall submit to the City Council before July 1, 1898, a report containing a statement of the expenditures from the amount received, together with the number of actual members in the organization, and the number and location of the graves decorated; and a receipt from the officers of the said G. A. R. posts and other organizations, stating that they have received the sums, to be expended in accordance with the provisions of said statute, shall be a full discharge to the City Treasurer for such payments; the sums so paid, amounting to \$8,600, to be charged to the appropriation for Mayor, Public Celebrations, Memorial Day, May 30, 1898, viz.:

Organization.	Amount.
Dahlgren Post 2	\$400
Charles Russell Lowell Post 7	400
Abraham Lincoln Post 11	400

Peter Salem Garrison No. 70, R. A. and N. U.	200
Trimountain Garrison No. 98, R. A. and N. U.	250
Total	\$8,600

By the Board of Aldermen.

The following were approved May 24, 1898:

Ordered, That the expense incurred by the Committee on Railroads for the hearing on the petition of the West End Street Railway Company for track locations on Walnut and Humboldt avenues and Seaver street, be and the same is hereby charged to the Contingent Fund, Board of Aldermen.

Ordered, That permission be granted to Buffalo Bill's Wild West Show to hold a parade through the following-named streets on May 30, 1898:

Huntington avenue to Massachusetts avenue, to Washington street, to Broadway extension, to Harrison avenue, to Essex street, to South street, to High street, to Federal street, to Post Office square, to Congress street, to State street, to Court street, to Tremont street, to Boylston street, to Arlington street, to Commonwealth avenue, to Dartmouth street, to Huntington avenue, to lot.

Ordered, That the Superintendent of Streets be authorized to issue a permit to the Boston and Providence Railroad to close the roadway on Ferdinand street, between Tremont street and Columbus avenue, to all public travel, except as it may be necessary to accommodate storekeepers and householders to gain access to the premises; said closing to continue not later than October 1, 1898, unless further authorized by this Board.

Ordered, That the Superintendent of Streets be authorized to issue a permit to the New England Railroad Company to erect, maintain, and use two guy-posts, with the necessary ropes attached, one in and over Congress street, and one in B street, Ward 13,—for use in constructing the new terminal station, etc.; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Jones Brothers to erect, maintain, and use one post, with the necessary ropes attached thereto, in and over Ashburton place, easterly side, corner of Bowdoin street, Ward 6, for use in erecting the Beacon monument,

on the State House grounds; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to C. Emmett Clark & Co. to construct, maintain, and use guy-posts, with the necessary ropes attached thereto, in the following locations, viz.: One on Beach street, in front of No. 121; one on Utica street, in front of No. 33, and one on Utica street, in front of No. 9; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley to remove a wooden building, pitch roof, forty-five feet in length, by seventeen feet in width, by eighteen feet in height, from the junction of Spring street and the railroad, across Summer street and private lands to lot on the east side of Spring street, Ward 23, on the terms and conditions expressed in the ordinance of the city relating thereto.

Permits for the use of Faneuil Hall, viz.:

George H. Lincoln, on the evenings of May 19, 20, and 21; and Ancient and Honorable Artillery Company, on the evening of June 13.

Permits to run passenger barges, viz.:

Joseph Brennan, between Highland and Spring street stations and Mt. Calvary Cemetery and the Caledonian picnic grounds, on Sundays and holidays; and D. F. Whitehouse, within the limits of the city.

Permits to project signs, etc., viz.:

George Vargas, druggist's mortar, 71 Falmouth street, Ward 10.

Morris Salis, pole to hang clothing on, 141 Dorchester avenue, Ward 13.

Frank McDermott, barber-pole, 938 Washington street, Ward 7.

Alexander Greenburg, sign, 16 Florence street, Ward 9.

E. Giesser, sign, 932 Dorchester avenue, Ward 16.

A. Gisker, sign, 137 Chelsea street, Ward 2.

Louis Bassill, sign, 160 Portland street, Ward 6.

Permit to Damrell & Upham to project a bay window from building, 3 School street, Ward 6.

License to J. C. Talbot to store and keep for sale oils or fluids, composed wholly or in part of the products of petroleum, at 1157 Washington street, Ward 24; and license to Augustus W. Wilton, to keep for use such oils or fluids, at 67 Clayton street, Ward 24.

Constables' bonds of Benjamin F. Powell and Walter A. Goddard.

Orders for the Superintendent of Streets to make sidewalks, as follows:

Along Covington street from the steps to East Eighth street, Ward 15, and in front of estates, viz.:

Dingwell Bros., Brooks street, N. W. from Eagle street, Ward 1, of brick.

R. J. Renton, 20-22 Boynton street, Ward 22, of artificial stone.

L. F. Abbott, 72 Westville street, Ward 24, of artificial stone.

Mark Lewis, Mt. Pleasant avenue and Forest street, Ward 17, of brick.

John Mahan, Dewey street and Harvard avenue, Ward 16, of gravel.

M. F. D'Arcy, Blackwood street, Ward 10, of gravel.

Henry S. Fisher, 95 Homestead street, Ward 21, of artificial stone.

The following were approved May 27:

Ordered, That the Superintendent of Streets be authorized to issue a permit to Mark King to construct, maintain and use a bulkhead opening, three feet by five and one-half feet, with wooden cover, under and in the sidewalk in front of estate on the corner of Adams and Yeoman streets, Ward 17; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Samuel Johnson, trustee, to construct, maintain and use a bulkhead opening three feet by three feet, with an iron cover, under and in the sidewalk in front of estate on the Hawes-street side of estate No. 60 Congress street, Ward 6; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Emma G. Campbell, to construct, maintain and use areas, with sidewalk lights and artificial stone coverings, under and in the sidewalk in front of estate 38-42 Clinton street, and on the Fulton-street side of said estate, Ward 6 (dimensions on Fulton street thirty feet by eight feet; on Clinton street, sixty feet by twelve feet); the work to be completed on the terms and conditions expressed in the ordinances of the city relating thereto.

Permit to Max Leibman to project a bay window at corner of Salem street and Bartlett place.

ORDERS NOT REQUIRING THE APPROVAL OF THE MAYOR.

By the City Council.

Ordered, That His Honor the Mayor be hereby requested to instruct the Fire Commissioner to furnish flag-poles and flags for each fire-house in the City of Boston; the expense of the same to be charged to the appropriation for Fire Department.

Ordered, That His Honor the Mayor be requested to instruct the heads of departments to grant to such of their subordinates as are veterans of the late war, and who would ordinarily be employed on Sunday and Monday, May 29 and 30, holidays without loss of pay, as part compensation for their services on said days.

By the Board of Aldermen.

Ordered, That the Superintendent of Streets be requested to resurface Gold street from F street to Dorchester street; the expense of the same to be charged to the appropriation for Street Improvements, Ward 15.

Ordered, That the Superintendent of Streets be requested to lay an asphalt or cement strip on both sides of Main street, Charlestown, and Warren bridge, for the use of bicycle riders, said strip to be four feet in width; the expense of the same to be charged

to the appropriations for Street Improvements, Wards 4 and 5.

Ordered, That the Superintendent of Streets be requested to report to this Board at its next meeting the amount necessary to rebuild or repair, as may be necessary, the bridge on Freeport street, Ward 24.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

By the Board of Aldermen.

The following orders were presented to the Mayor May 17, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be authorized to issue a permit to Michael Campbell to erect, maintain and use two hitching-posts in the sidewalk in front of estate 5 Romsey street, Ward 20; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Lamps be requested to erect an electric light at the corner of Evergreen street and Day street, Ward 22; the expense attending the same to be charged to appropriation for Lamp Department.

Ordered, That the Superintendent of Public Grounds be hereby requested to remove a tree in front of premises 80 Princeton street, East Boston; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim the trees in front of premises 1981 Washington street; the expense of the same to be charged to the appropriation for Public Grounds Department.

LABOR STATISTICS.

The Labor Bulletin for the month of April has recently been issued by the Bureau of Statistics of Labor.

It contains three articles: (1.) Wealth Accumulation through Life Insurance, in which are brought together, data relating to the accumulation of capital through the life insurance companies doing business in Massachusetts during the years 1890 to 1895, inclusive; (2.) The Legislation of 1897 Relating to Hours of Labor, and to the Employment of Women and Children, showing the changes which have taken place during the past year by legislation in the various States relating to hours of labor, and to the employment of women and children; (3.) Quarterly Review of Employment and Earnings.

A hearing will be given by the Commissioners appointed by the Superior Court, on Saturday, June 11, at 89 State street, Room 75, to all parties interested in the petitions of the Mayor and Aldermen of the City of Boston for the abolition of grade-crossings of Blue Hill avenue and Oakland street.

NEW CHARTER OF CITY AND COUNTY OF SAN FRANCISCO.

The special election to vote upon a new charter for the City and County of San Francisco occurred on Thursday, May 26, and resulted in its being approved by the voters by a majority of about 2,000. The charter will take effect, upon its approval by the Legislature, on the first Monday after January 1, 1900.

The new charter received the strong endorsement of the business men of the city, as was shown by the fact that 95 per cent. of the members of the leading trade organization, the Merchants' Association, were in favor of its adoption.

As now organized, the City and County of San Francisco are acting under the provisions of an Act of the Legislature of 1856, which by reason of changes and amendments made by successive Legislatures, has become almost inoperative.

The new charter, when finally adopted, may be amended at intervals of not less than two years by three-fifths of the votes cast at a general or special election and approved by a majority of both houses of the Legislature. It is also provided by the charter that 15 per cent. of the voters of the city may, by petition, have amendments submitted to vote of the people and a majority will be sufficient to secure their adoption.

The following is an analysis of the leading provisions of the new charter:

In the first article are defined the boundaries of the City and County of San Francisco. It also provides that the city shall not be liable for any damage resulting from the defective condition of its streets, but upon the party on whom the law imposes the obligation to repair such defect, together with the officer through whose negligence such defect remains.

The second article deals entirely with the legislative department of the city. Legislative powers are vested in eighteen Supervisors, who are elected by the city and county at large, and who hold office for two years. The Mayor is the presiding officer of the Board, and ex-Mayors are entitled to seats therein. Meetings of the Board must be public.

It is provided that 15 per cent. of the electors may petition for the submission of any ordinance to vote of the people, and if it receives a majority of the votes cast, it becomes a valid ordinance, and can only be repealed by similar vote of the people. Ordinances granting franchises for light or water or for the lease or sale of public utilities or the purchase of land over \$50,000, must first be submitted to and receive a majority of the votes of the people.

All franchises and privileges heretofore

granted, which are not in actual use within six months after the charter takes effect, are declared forfeited. Street railway franchises can be granted by the Supervisors for a term not exceeding twenty-five years. The holder must pay during the first five years of the franchise at least 3 per cent. of the gross receipts at the end of each month, 4 per cent. during the next ten years, and 5 per cent. during the last ten years.

All contracts must be let to the lowest bidder. No article can be made in prison, and eight hours per day will be the maximum hours of labor and \$2 per day the minimum wage that will be permitted in the performance of any city contract.

No contract for gas or electric light for the city shall be for over one year, nor shall it be valid if the price is higher than the lowest price charged to any other consumer.

Article three is devoted to finance and taxation. The annual tax levy shall not exceed \$1 on the \$100 valuation of assessed property, exclusive of the State tax and the tax for interest and sinking-fund, and the tax for improvement and maintenance of public parks, although these limitations of taxation may be temporarily suspended by the unanimous vote of the Supervisors and the approval of the Mayor, in case of great necessity.

The article also provides that no liability shall be incurred in any fiscal year exceeding the revenue for that year, and that no debt shall be contracted during any year that cannot be paid out of the revenues of that year.

Articles four to sixteen, inclusive, define the powers and duties of officials and commissions, both elective and appointive.

The elective officers under the new charter are as follows:

Mayor, eighteen Supervisors, Auditor, Treasurer, Assessor, Tax Collector, Recorder, City Attorney, District Attorney, Public Administrator, County Clerk, Sheriff, Coroner, five Justices of the Peace, four Police Judges and the Superintendent of Schools. Each of the above officers will be elected for two years, except the Police Judges and the Superintendent of Schools, who will be elected for four years.

The following Boards and Commissions will be appointed by the Mayor:

Three Commissioners of Public Works, four Police Commissioners, four Fire Commissioners, four School Directors, five Health Commissioners, five Election Commissioners, five Park Commissioners, and three Civil Service Commissioners. The terms of the Commissioners of Public Works and of Civil Service will be for three years. The terms of each of the other Boards and Commissions will be for four years.

Under the old, or present, charter, the city officials are mainly appointed by the Governor. The new charter transfers the power of appointment to the Mayor.

CEMETERY AT DEER ISLAND.

The Penal Institutions Commissioner has, with the approval of His Honor the Mayor, directed that the plot of land used in connection with the institutions at Deer Island as a burial ground for those who have died during confinement, be laid out in a manner more approved and fitting to the use made of it.

A plan of the proposed cemetery has been made, which shows the land to be triangular in shape, and of an area of about 20,000 square feet.

The approach to the cemetery leads to a circle situated centrally in the grounds, from which diverge two main avenues running to either end. Crossing these at right angles, are some sixteen paths ending at the broad avenues which entirely surround the plot.

The large central circle will be occupied by a mound of flowers or a monument, and the cemetery will be known as "Resthaven."

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on June 15, 1898, examination may be taken for the grade of railway book-keeper, at Boston or any other city in the United States where the Commission has a competent Board of Examiners. There is at present a vacancy in this grade in the office of the Commissioner of Railroads, Department of the Interior, at a salary of \$2,000 per annum, which it is desired to fill.

Applicants will be required to furnish detailed statements, supported by evidence satisfactory to the Commission, showing that they have had five or more years experience in the railway business, and where they have had an opportunity to acquire a knowledge of the methods of keeping accounts, especially with reference to earnings and expenses. Their experience will be rated according to its value as qualifying them for the duties of the position for which this examination is held.

The Commission also announces that on June 15, 1898, examination may be taken for the grade of clerk, qualified in German, French, Spanish, Italian and Russian languages. There is at present a vacancy in this grade, in the War Department, at a salary of \$1,000 per annum, which it is desired to fill.

Persons desiring to enter these examinations should at once apply to the Secretary of the Board of Civil Service Examiners, Post Office Building, this city, for application blanks, Form 304, which should be properly executed and promptly forwarded to the Commission.

Awards of Contracts.

Engineering Department.

Bids for widening Federal-street bridge and deflecting it into new Dorchester avenue, on account of the new South Union Station, were opened Tuesday, May 31, by City Engineer Jackson. The bids were as follows:

W. J. Lawlor	\$10,206
W. H. Ellis & Co.	10,449
W. H. Ryan & Co.	10,977
G. H. Cavanagh	11,000
W. L. & C. A. Miller	11,300
W. H. Keyes & Co.	11,839
J. N. Hayes & Co.	12,000

The contract was awarded to William J. Lawlor.

WILLIAM JACKSON, City Engineer.

Street Department.

Contracts have been awarded for building sewers and drains in the following-named streets:

Sherwood street, West Roxbury, to D. M. Dwyer, at \$729.30.

Chiswick road and outlet, to P. & F. E. McCarthy, at \$5,687.04.

The contracts for building the sewers and drains in Waterlow and Belvidere streets have not yet been awarded.

Proposals for furnishing dimension stones for flushing gate-chambers at Moon Island, have been opened at the office of the Superintendent of Streets, as follows:

Bidder.	Bid.
Cape Ann Granite Company	\$6,390 90
Pigeon Hill Granite Company	7,342 50
Rockport Granite Company	7,518 15

The contract was awarded to the Cape Ann Granite Company.

BENJ. W. WELLS,
Superintendent of Streets.

PARK BOAT SERVICE.

The following agreement relating to boat service in the Parks of the City of Boston has been entered into by the city, through its Board of Park Commissioners, and the Boston Parks Boat Service Company:

Whereas, William E. Sheldon, the licensee named in a certain agreement entered into by the Board of Park Commissioners of the City of Boston with said William E. Sheldon for licensing and establishing a boat service in the waters of the Park System of said city, did, on the second day of February, A.D. 1898, assign said agreement and all his rights and interest therein to the Boston Parks Boat Service Company, a corporation duly established by the laws of the State of Maine, which assignment was approved by this Board; and

Whereas, The said company desires to enlarge and extend the said boat service;

Now, therefore, in consideration of these presents and of the payment to said city of the sums hereinafter specified to be paid by the lessee of the privileges herein granted, and in consideration of the extension of said

boat service by the addition of four new launches to the number of boats required to be furnished under said agreement, the undersigned, the Board of Park Commissioners of said city, by virtue of the authority conferred on said Board by Chapter 365 of the Acts of 1897, hereby extends the said agreement with the said Boston Parks Boat Service Company for a period of three years from and after the thirty-first day of December, 1900.

Provided, That the said company conducts the said boat service to the satisfaction of the Board, in accordance with the terms of said agreement, and that for each year of the said extension the said company shall pay for the rights and privileges herein granted the sum of \$1,000 on the first day of each of said years.

Provided, also, that at the expiration of said extended term the said company may have the option of a further extension of said concession for the period of three years in addition, provided that the service shall be carried on by the said company to the satisfaction of the Board, and provided it agrees to pay for each year of said further extension a sum to be determined by the Board at the beginning of said last extended term.

And provided further, that in consideration of said company's providing attendants, heating and care for all shelters and sanitary buildings erected for skating purposes, the said Boston Parks Boat Service Company shall have the privilege of furnishing light refreshments at all landings or stations where ticket offices are established in connection with its boat service, and at such other places where skating is provided as the said Board may determine, said privilege to be exercised under the direction and to the satisfaction of said Board.

The said company, in consideration of the above extension of said agreement by the said Board of Park Commissioners, hereby agrees to perform all the agreements and acts on its part agreed to be performed as above, and specified and stated in the foregoing conditions.

City of Boston,

By CHARLES E. STRATTON,

LABAN PRATT,

JOHN T. WHEELWRIGHT,

Board of Park Commissioners.

Boston, May 16, 1898.

Approved for form.

JOHN T. WHEELWRIGHT,

Assistant Corporation Counsel.

Boston Parks Boat Service Company,

By WASHINGTON G. BENEDICT,

President.

Approved.

JOSIAH QUINCY, Mayor.

Commonwealth of Massachusetts

The following is a full text of the Aldermanic Bill, which was enacted by both branches of the Legislature, but which was vetoed by the Governor on May 23:

H. B. 1116, an Act to Reorganize the Board of Aldermen and Common Council of the City of Boston.

Be it enacted, etc., as follows:

Section 1. There shall be elected by the registered voters of each of the twenty-five wards of the City of Boston at every annual municipal election under the provisions of law so far as applicable, one Alderman for the term of one year.

Sect. 2. There shall also be elected by the registered voters of each of the twenty-five wards of said city at every annual municipal election under the same provisions of law as those under which members of the Common Council of said city are elected, two members of the Common Council.

Sect. 3. The term of each of said Aldermen and Common Councilmen shall begin with the first Monday of January next following his election; and the Aldermen and Common Councilmen so elected shall meet and be sworn as now provided for members-elect of the City Council of said city.

Sect. 4. Nominations of candidates for the members of the Board of Aldermen and Common Councilmen in said city to be placed on the official election ballot, made by a political party, which at the preceding annual State election polled for Governor at least 3 per centum of the entire vote cast in the Commonwealth for that office, shall be so made only when the registered voters of the party in caucuses make nominations as hereinafter provided.

Sect. 5. Nomination papers for the nomination of Aldermen and Councilmen in any ward to be voted for at a caucus of such party shall contain the signatures of not less than ten registered voters of the ward, who are members of such party. Nominations by nomination papers for Aldermen in any ward, to be placed on the official election ballot, may be so made only by such papers bearing the signatures of at least fifty registered voters residing in the ward in which such candidate or candidates reside.

Sect. 6. Each of the members of the Board of Aldermen shall be paid, in monthly payments, a salary of \$1,000 per year, which shall include all expenses incurred by him in the performance of his official duties; and each of the members of the Common Council shall be paid, in monthly payments, a salary of \$300 per year, which shall include all expenses incurred by him in the performance of his official duties.

Sect. 7. Whenever a vacancy occurs in the office of Aldermen or Councilmen, there shall be a new election in such ward to fill the vacancy, as is now provided by law.

Sect. 8. All rights to use the public streets of said city for the laying of conduits, pipes and wires under or above the surface thereof, all grants of locations of railroads and street railways and the right to lay the rails thereof in public streets, and the right to erect poles and other structures in streets shall be granted only by the vote of Board of Aldermen, subject to the approval of the Mayor, as in the case of other votes passed by the City Council, and thereafter any person or corporation so authorized may open and occupy the public streets for the purposes granted only on the permit of the Superintendent of Streets of said city, subject to such conditions as he shall deem necessary for the protection of the public.

Sect. 9. All acts and parts of acts providing for the election of Aldermen and Councilmen of said city, or inconsistent with this act, are hereby repealed, and all ordinances and parts of ordinances inconsistent with this act are hereby annulled.

Sect. 10. This act shall take effect upon its passage.

TO THE HONORABLE THE SENATE AND
HOUSE OF REPRESENTATIVES:

I return herewith to the House of Representatives, in which it originated, a bill entitled "An Act to Reorganize the Board of Aldermen and Common Council of the City of Boston," with my objections thereto in writing.

This bill, if enacted, will effect a radical change in the constitution of the City Council of the City of Boston. It does not provide for its acceptance either by the voters of the city or by their elected representatives. I do not find that its passage has been petitioned for either by the present City Council or by any large number of citizens interested in the good government of the city, and representing its intelligence and its business, professional and property interests.

The bill provides for a Board of Aldermen to consist of twenty-five members, each elected by the registered voters of one of the twenty-five wards of the city, and for a Common Council of fifty members, of whom the registered voters of each ward shall elect two. Except in the unimportant detail of numbers, the two branches are, therefore, absolutely identical in their constitution. Aldermen and Common Councilmen alike will represent solely a limited, local constituency, and are to continue in office or to be removed therefrom solely according to their success in meeting the desires, reasonable or otherwise, of a single ward. I do not think that this method of election will tend to call into the service of the city, men of large capacity and experience, capable of regarding the interests of the entire municipality as paramount to those of a restricted locality.

The advantages which are claimed for the bi-cameral system of legislative bodies are due chiefly to the fact that the two chambers are either differently elected or represent different constituencies, so that they may be expected to approach the consideration of questions of public interest from different points of view. These advantages disappear in a system which provides for the absolute duplication of the two bodies except only in the number of their members. It is true that for several years the members of the Board of Aldermen were elected by districts and not by vote of the city at large, but it is also true that these districts were at least double the size of those contemplated in the present bill, and that even with this advantage the results were so unsatisfactory that this method was very generally condemned, and was finally abandoned.

Whatever influences have made the City Council of Boston a body of less high purposes and wise efficiency than its citizens believe the Council might become if constituted in a manner different from the present, would in my opinion be intensified rather than abated by the legislation contemplated

in this bill. Instead of raising the standard of membership and making more honorable the service in either branch, the operation of this bill would tend, I believe, to lower the one and degrade the other. In the attempt to correct acknowledged evils it is better to make no change rather than to adopt a change which bears no promise of improvement.

I feel confident that a better method than the one proposed can be devised to effect the improvement in the legislative branch of the government of the City of Boston, which should be the constant effort of her citizens.

For these reasons I am unable to give my official approval to the bill.

ROGER WOLCOTT.

May 23.

LEGISLATIVE BILLS.

The following list contains the titles of bills concerning the City of Boston which have been approved by the Governor, with the number of page of THE CITY RECORD on which they were previously noted or printed:

Approved by Governor.

- S. B. 34, to Authorize the Sale of Certain Land taken for Public Park Purposes in the City of Boston, p. 120.

Board Meetings.

Library Department.

Friday, May 20, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Bowditch, De Normandie, Lincoln, Prince and the Librarian.

Communications received: Librarian's report.

Increases in salary and grade: Shelf Department, Bertha P. Richmond, Grade B, to \$13 per week, beginning June 1; Eliza F. A. Caiger, Grade D, to \$7 per week, beginning October 18; Bates Hall: Albert J. Plunkett, to Grade D, special, June 1, increase to \$8 per week, to begin November 1; Charles A. Hardy, to Grade D, to \$6 per week, beginning June 1; Branch Division: Andrew J. Maier, to Grade D, special, increase to \$8 per week, to begin February 1, 1899.

Substitute service authorized: D. G. Ford, to be paid the sum of \$7 for service in Special Libraries from April 27 to May 3; and Charles Doyle, employed for such service at the rate of \$6 per week, beginning May 4.

Employment of Belle B. Bolcom, on probation as Custodian of Station "S" in place of Emma Bollig, transferred to Central Library.

Leave of absence granted to Charlotte Kelly of Special Libraries, from June 21 to August 16, with loss of pay.

Purchases authorized: Books, chargeable to city moneys to the amount of \$388.40; to trust funds, \$218.32; to Fellowes Athenæum, \$11.72; to Station "P," \$36.26; miscellaneous articles, \$160.66.

Application for special privilege card received, considered and disposed of.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, May 24, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners held May 24, 1898:

It was voted that the Superintendent be authorized to remove the wooden steps at Pond street.

It was voted that the Welsbach burner be adopted for use at Charlesbank, to equip alternate lamps on the promenade, as recommended by the Superintendent.

The Superintendent reported that D. V. Goodwin will give the services of a man three days per week for the exclusive concession to sell refreshments at Wood Island Park for two years, and it was

Voted, That the exclusive privilege be given to D. V. Goodwin to sell refreshments at Wood Island Park, for two years, on the terms reported by the Superintendent.

Voted, That the site on the Strandway shown on a plan dated May 19, 1898, and entitled "Columbia Yacht Club Location," be leased to said club on the terms and conditions set forth in the indenture of lease approved this day, and that upon the acceptance of the aforesaid site by said Columbia Yacht Club, said lease be executed and submitted to the Mayor for approval.

Voted, That the police be authorized to allow persons holding recommendations from the Committee on the Celebration of the Seventeenth of June, to occupy space on Charlestown Playground for the sale of refreshments and similar purposes on June 17, 1898.

The Superintendent submitted the bid of the Bay State Dredging Company for constructing a temporary bathing beach at Charlestown Heights, for the net sum of fifty-four cents per cubic yard for dredging and sixty-five cents per cubic yard for gravel filling, and it was

Voted, To request the consent of the Mayor to the making of a contract for the work without advertising.

GEORGE F. CLARKE, Secretary.

Statistical Department.

The twenty-seventh meeting of the Department of Municipal Statistics was held at its office on May 16, 1898, at 3.30 P.M. Present: Messrs. Dewey, Folsom, Minot, Pearmain, Weld and Jackson. Mr. Minot occupied the chair.

Mr. Minot was unanimously elected Chairman for the ensuing year.

Edward M. Hartwell was chosen Secretary for the ensuing year.

Voted, That Mr. Cook make a descriptive report as to the actual method of keeping the records in the several public institutions.

EDWARD M. HARTWELL, Secretary.

Department Communications.

City Clerk Department.

City Hall, May 31, 1898.

The following is a list of the principal matters filed in the City Clerk's office for the week ending May 28, 1898:

Number of chattel mortgages	123
Number of discharges of mortgages	18
Number of assignments of mortgages	5
Number of assignments for the benefit of creditors	4
Number of assignments of wages	7
Number of married women's certificates	5
Number of ship liens	1
Number of bills of sale	3
Number of notices of foreclosure of mortgages	1

J. M. GALVIN, City Clerk.

Fire Department.

Bristol Street, May 28, 1898.

Official action has been taken by the Fire Commissioner during the two weeks ending May 28, 1898, as follows:

The resignations of George H. Randall, a permanent member of Ladder Company 10, and A. T. Cellarius, a call-substitute, with call-man's pay, of Engine 45, have been accepted.

Andrew P. Callahan has been appointed a call-substitute, with call-man's pay, of Engine Company 29.

Special drafts have been drawn in favor of William Lumb & Co., for plumbing of new engine-house at Grove Hall, \$500, and new Engine-House 30, West Roxbury, \$431.

The following transfers have taken place: John F. Watson, Engine 38-39 to Ladder Company 10; W. P. Kehoe, Engine 23 to Engine 27; J. K. Wheelock, Engine 27 to Engine Company 16; George B. Wilson, Engine 16 to Engine 23.

There have been purchased of the Gutta Percha and Rubber Manufacturing Company, six pieces of suction hose for \$181.

Seven pieces of hose have been condemned.

Orders have been drawn, as follows:

Donovan & Brock, for a copper gutter for stable of Engine 8, \$152.

Charles Waugh & Co., repairs on supply wagon, \$127.45, and repairs on three wagons for fire-alarm branch, \$201.25.

Samuel Kelly, for one roof and two side ventilators for Ladder 5, \$150.

William H. Sawyer, for whitening and patching in department houses, in District 6, \$91.

W. J. O'Connell of Engine 44 has been suspended from 4.15 P.M., May 12, to 10 A.M. May 24, and sentenced to forfeit two weeks' pay in addition, for violation of Rule 9 of the General Rules of the Department.

Ordered, That Captain M. J. Kennedy of Engine 25 be suspended for three days, for allowing his engine to be driven over the hose of another company, while at work.

Ordered, That John F. Hennessey of Engine Company 2 be fined two weeks' pay, for conduct unbecoming a citizen and prejudicial to the reputation of the Fire Department, while on his day off.

Two dozen horse collars have been ordered of Maurice Reardon.

B. F. UNDERHILL, JR., Secretary.

The following communication was addressed, on May 27, to the Chief of Department:

OFFICE OF FIRE COMMISSIONER.

L. P. WEBBER, Chief of Department.

SIR: You will please call the attention of the District Chiefs to Rule 77, and advise them that any member of this Department who, when on leave, conducts himself in a manner unbecoming a citizen, will forfeit his position here. Days off and leaves of absence from active duty do not mean license or freedom from decent restraint.

H. S. RUSSELL, Commissioner.

Health Department.

Old Court House, May 28, 1898.

The following is a report of the work done by the Health Department for the week ending May 28:

Inspections made at the Abattoir:

Steers	204
New England cows	9
Sheep	82
Calves	413

Total 708

The following petitions for the occupancy of stables were granted:

P. J. Brady, St. Mark street, Ward 23, fifteen additional horses; John F. Heniham, 3532 Washington street, Ward 23, one additional horse; Ellen O'Leary, Darling street, Ward 19, one horse; J. A. Caldwell, Kemble place, Ward 17, sixteen horses.

The following applications for the occupancy of stables have been received:

Willard P. Whittemore, 3371 Washington street, Ward 23, five horses; hearing June 2, at 11 o'clock; A. A. Hall, Sweet street, Ward 16, thirty horses; hearing June 9, at 11 o'clock; S. H. Whitwell, 329 Newbury street, Ward 11, ten horses; hearing June 9, at 11 o'clock; Michael Magee, 4 Bragdon street, Ward 23, one additional horse; hearing June 9, at 11 o'clock; John A. Whittemore, Linden street, corner Houston street, Ward 23, twenty horses; hearing June 9, at 11 o'clock.

Dr. Hibbert W. Hill, Director of the Bacteriological Laboratory, makes the following report on diphtheria diagnoses, made during the eleven days ending May 21, 1898:

Cultures.	Primary.	Secondary.	Total.
Positive	21	31	52
Negative	42	35	77
No growth	—	3	3
Total	63	69	132

The diphtheria diagnosis work was transferred from Harvard Medical School on May 10 to this Department.

C. E. DAVIS, JR., Secretary.

The Eighteenth Annual Convention of the American Water Works Association will be held at Buffalo, June 14 to 16, inclusive.

Water works plants, both municipal and private, will be represented at the Convention, besides business houses throughout the country engaged in supplying material to water departments.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending May 28, 1898, are as follows:

Death rate for the week	17.6
Death rate for corresponding week, 1897	20.7
Number of deaths:	
Males	99
Females	81
Total	180
Total deaths in corresponding week, 1897	206
Decrease	26

Of the 180 decedents, 176 were white and 4 colored; 105 were born in the United States, 71 in foreign countries, and the birthplace of 4 unknown; 34 were of American parentage, 127 of foreign parentage, and the parentage of 19 unknown.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	19	3
Scarlatina	15	1
Typhoid fever	9	2
Measles	71	1
Totals	114	7

PRINCIPAL CAUSES OF DEATH.

Consumption	40

CITY OF BOSTON.

ORDINANCES OF 1898—CHAPTER 6—RELATIVE TO THE ANNUAL REPORTS OF THE EXECUTIVE DEPARTMENTS.

In the Year One Thousand Eight Hundred and Ninety-Eight.

AN ORDINANCE AMENDING CHAPTER TWENTY-EIGHT OF THE REVISED ORDINANCES OF 1892.

Be it ordained by the City Council of Boston, as follows:

Section 2 of Chapter 28 of the Revised Ordinances of 1892 is hereby amended by striking out the words "eight hundred" in the second line of said section, and by inserting the words "nine hundred" in place thereof; and by inserting after the word "year" in the sixteenth line thereof, the words "shall deliver to the Board of Municipal Statistics 100 sets of said volumes."

IN BOARD OF ALDERMEN, May 9, 1898.

Passed. Sent down for concurrence.

JOSEPH A. CONEY, Chairman.

IN COMMON COUNCIL, May 19, 1898.

Concurred.

TIMOTHY L. CONNOLLY, President.

Approved, May 24, 1898.

JOSIAH QUINCY, Mayor.

A true copy. Attest: J. M. GALVIN, City Clerk.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, May 27, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 3 o'clock P.M., on Friday, June 3, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered S 24, 23, made by the Board and filed January 21 and October 5, 1897, in the office of the City Engineer, in City Hall; said territory is in that part of Boston, formerly Roxbury, and is bounded, approximately, by Heath, Day, Perkins and Catalpa streets and South Huntington avenue.

JOHN P. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Street Commissioners.

TO TAXPAYERS.

ASSESSORS' OFFICE.

City Hall, May 1, 1898.

Your attention is called to our circular (now being distributed throughout the city) relative to making returns on property subject to taxation as early as possible, before June 15, at two o'clock P.M.

Per order of the Board of Assessors,

FRANK A. DREW, Secretary.

NOTICE.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston, to furnish proposals for making alterations in the West Roxbury High School Building on Elm street, Jamaica Plain, Boston, Mass., and building an addition to said building; also for furnishing and installing the heating and ventilating apparatus for said building; also for furnishing and installing the plumbing system for said building, according to the office copy of the contracts and plans, which may be seen at the office of Andrews, Jaques and Rantoul, 8 Beacon street, Boston, Mass.; a satisfactory bond in the sum of \$30,000 for faithfully doing the work under the first contract, \$10,000 for the second contract, and \$10,000 for the third contract, will be required. The bidder must use the form of proposal for each contract, to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of June 16, 1898, with a certified check accompanying the proposal for \$3,000, under the first contract, \$1,000 under the second contract, and \$1,000 under the third contract, payable to the City of Boston; these checks are to be the property of the city if the Contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept any proposal he deems for the best interest of the city.

THOMAS F. STRANGE,

Chairman of the Committee on School-houses, of the School Committee of the City of Boston.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JUNE 9, 1898.

Number 23.

EDITED UNDER DIRECTION OF THE BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENTS CONFIRMED.

The Board of Aldermen, at its meeting on Tuesday, June 7, 1898, confirmed the following appointments made by His Honor the Mayor:

Daniel F. Flynn, to be a Weigher of Coal, for the year ending April 30, 1899.

Frederic S. Walker, to be a constable.

PUBLIC BUILDINGS DEPARTMENT.

The Superintendent of Public Buildings on May 31 appointed, with the approval of His Honor the Mayor, Mr. John Drohan Deputy Superintendent of the Department. During the absence of Colonel Bogan, who is in command of the Ninth Massachusetts Regiment, encamped at Camp Alger, Va., Mr. Drohan will be Acting Superintendent of Public Buildings.

CHAIRMAN OF BOARD OF ELECTION COMMISSIONERS.

Mr. Linus E. Pearson, a member of the Board of Election Commissioners, was designated by His Honor the Mayor on June 6 to serve as Chairman of the Board for the term ending April 30, 1899.

DEATH OF JONATHAN A. LANE.

Hon. Jonathan A. Lane, one of Boston's most prominent business men, died at his home in this city Sunday morning, June 5, 1898.

Mr. Lane was born in Bedford, May 15, 1822, and during his lifetime had held many positions of public trust and responsibility. Mr. Lane was Chairman of the Mayor's Advisory Committee during 1896-97.

He was for a number of years President of the Boston Merchants' Association.

SEVENTEENTH OF JUNE CELEBRATION.

The customary civic parade will be held in Charlestown under the auspices of the city in the afternoon of the Seventeenth of June. The chief marshal will be Representative Peter F. Tague. The organizations participating will be:

Boston Letter Carriers' Mutual Benefit Association; Charlestown Veteran Firemen; Division 5, A. O. H.; Division 37, A. O. H.; St. Francis de Sales Cadets; Conclave 114, Knights of Sherwood Forest; Knights of Pythias; Knights of the Golden Eagle; Company A, Fifth Regiment; Company H, Fifth Regiment; Charlestown Cycle Club; Abraham Lincoln Camp, Sons of Veterans; High School Cadets.

His Honor the Mayor has decided that this year, instead of the City Treasurer paying to the different organizations the money appropriated by the City Council, the bills for the expenditures shall be submitted to the Clerk of Committees, John F. Dever, after receiving the approval of the authorized officer of the organization, and if approved by Mr. Dever and the Mayor, will be paid by the City Treasurer to the amount of the appropriation.

In the evening there will be a display of fireworks on the Charlestown Playground at 8 o'clock. The contract for this display has been awarded to H. H. Tilton & Co., in the sum of \$250. Music during the day will be furnished by the recently organized Municipal Band.

PLAYGROUNDS IN BOSTON.

The following statement furnished by the Park Department shows the number of acres and the cost of the playgrounds belonging to the city—that are under the charge of the Park Department:

Charlesbank—Charles street, between Cambridge and Leverett streets, taken in 1883 under the Park Act; ten acres (three acres in gymnasium and playground). Cost: land, \$373,916.99; construction, \$305,513.13.

Charlestown Heights—Corner Bunker Hill and St. Martin streets, taken in 1891 under the Park Act; four acres land, six acres flats (one acre in playground). Cost: land, \$50,538.02; construction, \$95,966.76.

Charlestown Playground—Corner Main and Alford streets, taken in 1891 under the Park Act; fourteen acres enclosed by a sea wall (four acres flats, nine acres filled). Cost: land, \$172,923.31; paid on account of construction, \$9,263.17.

Mystic Playground—Chelsea street and Mystic river, Charlestown, taken June 23, 1897, under the Playground Act; two and one-fourth acres. Cost: land, \$50,000.

North End Playground—Prince and North Bennett streets, taken May 25, 1897, under the Playground Act; one-fourth of an acre. Cost: paid on account of land, \$99,228.95.

North End Beach and Copp's Hill Terraces—Commercial street, taken in 1893 under the Park Act; four acres land, three acres flats (about one and one-half acres in playground). Cost: land, \$419,222.63; construction, \$185,587.45.

Wood Island Park—East Boston, taken in 1882 and 1891 under the Park Act; forty-six acres land, 165 acres flats (nine acres in gymnasium and playground.) Cost: land, \$132,800; paid on account of construction, \$216,530.27.

North Brighton Playground—Western avenue, purchased in 1894; fourteen acres marsh (three acres filled). Cost: land, \$21,861.73; paid on account of construction, \$3,095.68.

Fellows-street Playground—Corner Fellows and Hunneman streets, taken August 17, 1897, under the Playground Act; three-fourths of an acre. Cost: land, \$14,503.72; paid on account of construction, \$496.28.

Billings Field—Between Bellevue and Lagrange streets, West Roxbury, taken December 14, 1896, under the Playground Act; eleven acres. Cost: land not paid for; paid on account of construction, \$18.50.

Franklin Field—Blue Hill avenue, Dorchester, taken in 1892 under the Park Act;

seventy-seven acres (forty acres in playground). Cost: land, \$157,341.22; paid on account of construction, \$70,813.53.

City Point Playground—First street, South Boston, transferred from Public Grounds Department March 2, 1897; five acres. Cost: construction, \$9,554.35.

Neponset Playground—Neponset avenue, Dorchester, taken December 14, 1896, under the Playground Act; nineteen acres salt marsh unfilled. Cost: paid on account of land, \$1,698.50; construction, \$963.32.

Christopher Gibson Playground—Dorchester avenue, Park street and Geneva avenue, Dorchester, taken November 1, 1897, under the Playground Act; six acres. Cost: land, \$37,500.

In addition to the above, there are playgrounds, tennis courts and golf links in Franklin Park, aggregating about 125 acres.

The salient facts contained in the above statement may be tabulated as follows:

NAME.	Taken In Year.	Total Acres.	Acres In Playground.	Cost of Land.	Cost of Construction.	Total Cost.
Charlestown Heights.....	1883	10	3	\$373,917	\$305,513	\$679,430
Charlestown Heights.....	1891	10	9	50,338	95,967	146,305
Charlestown Heights.....	1891	14	2	172,923	9,283	182,186
Myrtle Playground.....	1897	2.25	2.25	50,000		50,000
North End Beach and Copp's Hill Terraces.....	1897	2.25	2.25	99,229		99,229
Wood Island Park.....	1897	7	1.50	419,223	185,287	604,510
North Brighton Playground.....	1897	211	3	132,600	216,530	349,330
North Brighton Playground.....	1897	14	9	21,860	3,086	24,938
Bellevue Street Playground.....	1896	11	7.75	14,504	496	15,000
Bellevue Street Playground.....	1896	11	11	Not paid for	19	19
Franklin Field.....	1892	77	40	157,341	70,814	228,155
City Point Playground.....	1897	5	5	Transferred	9,554	9,554
Neponset Playground.....	1896	19	Unfilled.	1,699	983	2,682
Christopher Gibson Playground.....	1897	6	6	37,500		37,500
Totals.....		387.25	91.75	\$1,531,536	\$897,802	\$2,429,338

In Franklin Park about 125 acres are devoted to playground purposes.

BOSTON PUBLIC SCHOOLS.

Two examinations for admission to the High and the Latin schools will be held this year—one in June and the other in September.

The first examination for admission to the High Schools will be held on Friday and Saturday, June 24 and 25, at 9 A.M., in the several high school-houses.

The first examination for admission to the Latin schools will be held on Saturday, June 18, at 9 A.M. Boys will be examined at the Latin School on Warren avenue, and girls at the High and Latin School on West Newton street.

COMMERCE OF PHILADELPHIA.

The Twenty-third Annual Report of the Philadelphia Maritime Exchange, recently issued, contains an interesting review of the commerce of the Port of Philadelphia for the year 1897, and of the work of improvement of its harbors and channels.

In the foreign carrying trade there entered at the port 1,061 vessels of a tonnage of 1,625,817, while there cleared 1,033 vessels of a tonnage of 1,536,751, making a total of 2,094 vessels entered and cleared of an aggregate tonnage of 3,162,568.

In addition to the above, 4,741 vessels arrived at and 4,743 vessels sailed from the Port of Philadelphia engaged in the coast-wise trade, while 1,859 vessels put in at Delaware Breakwater during the year, to await orders to proceed or for the sake of shelter.

The value of exports was \$51,760,616, a gain of 22 per cent. over 1896, and the value of imports was \$43,646,026, a gain of 9 per cent. over the previous year.

The improvement of Delaware River is practically divided into two parts, viz.:

(1.) The improvement of that part of Philadelphia Harbor, which covers the city's water front for a distance of about six miles, was begun during 1891 and completed in December, 1897. This project involved the removal of all islands and shoals which interfered with a channel 2,000 feet in width and of a depth sufficient to meet the requirements of the port. The location of the improved channel permits the widening of Delaware avenue, which fronts directly upon the harbor, to 150 feet, and for this purpose the City Government has appropriated \$2,150,000. Fifteen new wharves, adapted to meet modern steamship requirements, have been extended by private and corporate enterprise to the new harbor lines; five others are in progress of extension, and permits for an additional number are awaiting approval.

(2.) The improvement of the ship channel between the harbor and the bay, a distance of nearly fifty-five miles, was begun in 1885, and involves the formation of a channel 600 feet wide and thirty-two feet deep at high water, or twenty-seven feet deep at low water. The cost of this improvement was estimated at \$2,425,000, with an annual expense of maintenance of \$87,000. It is expected that the entire work will be completed during the present season. Even this channel is considered of insufficient depth to meet the demands of modern steamships, and a plan has been submitted to Congress to secure a thirty-foot low-water depth of channel at an estimated cost of \$5,935,000.

The report also contains an account of the work of constructing a National Harbor of Refuge near the mouth of Delaware Bay, which was begun in 1896, and, it is estimated, will cost \$4,665,000. The anchorage area within the Harbor of Refuge will be about 700 acres, and the work will be completed in 1901.

Since 1890, \$2,475,000 have been appropriated by the City Government towards the improvement of the harbor of the Port of Philadelphia, and of the channels of approach to the sea.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on May 26 and 28, respectively:

General Order No. 515.

In the matter of the complaint made against Sergeant Edward W. Burns, of Division 14, for violation of Rule XXIV. of the Police Manual, to wit: Conduct unbecoming an officer and neglect of duty, the Board finds the said Sergeant Burns guilty and sentences him to be reduced to the rank of patrolman.

General Order No. 516.

I. The Board of Civil Service Commissioners having certified that Patrolman Frank I. Jones, of Division 14, is eligible for promotion to the rank of Sergeant, it is therefore hereby ordered that the said Patrolman Jones be, and he hereby is promoted to the rank of Sergeant in the police force of the City of Boston, and assigned to duty in the same division.

II. Reserve officer John A. McDonald, of Division 2, having been commended for performing meritorious service in rescuing a man from drowning, he is hereby appointed a Patrolman in the police force, and assigned to duty in the same division. He will report at the clerk's office at 9.30 o'clock A.M., the thirty-first instant, to be sworn.

III. Patrolman Michael J. Crowley, of Division 5, having been commended for performing meritorious service in stopping a runaway horse on Washington street, between West Canton and West Brookline streets, on the twentieth of April, current, is hereby commended in General Orders.

IV. Patrolman Dennis Kerrigan, of Division 9, having been commended for performing meritorious service in stopping a pair of runaway horses attached to a furniture team on Hampden street, on the eighteenth instant, is hereby commended in General Orders.

V. Patrolman Charles J. Haskins, of Division 11, having been commended for performing meritorious service in stopping a runaway horse on Dorchester avenue, near King street, on the sixth instant, is hereby commended in General Orders.

VI. Patrolman Cornelius J. Lee, on the Special Street Squad, having been commended for performing meritorious service in rescuing a woman from being run over on Tremont street, near Temple place, on the twenty-first instant, is hereby commended in General Orders.

Messages from the Mayor.**TO THE BOARD OF ALDERMEN.**

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., on Tuesday, June 7, 1898, Chairman Conry presiding, and all members present, with the exception of Alderman Dyar.

The following messages were received:

Building of New Ferry-Boat—Veto.

OFFICE OF THE MAYOR,

City Hall, May 31, 1898.

TO THE CITY COUNCIL:

I return herewith, without my approval, an order passed by your body providing for the building of a new ferry-boat, to replace the "William E. Russell," under the provisions of Chapter 435 of the Acts of 1895, for the reason that I believe, as I have already stated in a communication to the City Council, that the new boat should be built from the money received from the United States Government, and not through the issue of an additional loan.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

Order Box, Corner of Maverick and Chelsea Streets, East Boston—Veto.

OFFICE OF THE MAYOR,

City Hall, June 3, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith, without my signature, an order passed by your body granting permission to Messrs. Park and Harold to place an order-box at the corner of Maverick and Chelsea streets, East Boston, for the reason that the Board cannot legally grant permission for any projection from a building at a less height than seven and one-half feet.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The Board refused to grant permission in opposition to the Mayor's objections.

Stand in Front of Old Court House—Veto.

OFFICE OF THE MAYOR,

City Hall, June 3, 1898.

TO THE BOARD OF ALDERMEN:

I feel obliged to return, without my approval, the vote of your Board granting permission to Simeon J. Gordon to maintain a stand in front of the Old Court House, for the reason that seven similar permits have already been granted this year and are being exercised, and that there is obviously no additional room available at the north end

of the Court House, which is the only place where such stands can be erected.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The Board refused to grant permission in opposition to the Mayor's objections.

Act Relative to Metropolitan Water Supply.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE CITY COUNCIL:

I transmit herewith a copy of Chapter 427 of the acts of the current year, and I recommend its acceptance by the City Council. This act was prepared by the Corporation Counsel to provide for the application of the money received by the city from the State for the taking of its water supply system, and for certain other financial matters which were not definitely fixed by the Metropolitan Water Act of 1895.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(Chapter 427, Acts of 1898), An Act Relative to the Metropolitan Water Supply.

Be it enacted, etc., as follows:

Section 1. The income received each year by the City of Boston from its water works shall be applied prior to the first day of February of the following year, to meet the expenses incurred for maintenance of its water works, including the operation, extension, improvement and renewal of said works, to meet the interest and sinking-fund requirements of the loans issued for said works, and to meet the assessment apportioned to said city under Chapter 488 of the Acts of the year 1895, and the balance of said income remaining at said date and not otherwise provided for shall be paid into the sinking-funds for said loans until such time as in the opinion of the Commissioners of Sinking-Funds of said city such funds with their probable accumulations are sufficient to meet said loans at maturity without further contributions from any source, and thereafter shall be added to the capital of the fund provided for in the following section.

Sect. 2. All sums received since February 1, 1898, or that may hereafter be received by said city for the taking of any part of its water works under the provisions of said chapter shall be paid to said Commissioners of Sinking-Funds; and such sums, together with any payments that may be made of the income from the city's water works, as provided in Section 1 of this act, shall until otherwise authorized by the Legislature, be invested, so far as practicable, in securities issued from time to time by said city, and the balance in other securities, and be held and managed by said Sinking-Fund Commissioners as a separate fund, and the interest from said fund shall, so far as required, be paid to the Treasurer of said city and used to meet the balance, if any, required for the purposes to which the income from the water works of said city may be applied under Section 1 of this act, and if in any year the total income from said fund shall exceed

the amount required to be so used, the excess shall be added to the capital of said fund.

Sect. 3. Said city shall not issue any notes, bonds or scrip for water purposes without further authority from the Legislature.

Sect. 4. This act shall take effect upon its acceptance by the City Council of the City of Boston.

Ordered, That Chapter 427 of the Acts of the year 1898, being "An Act Relative to the Metropolitan Water Supply," be and the same is hereby accepted.

Referred to the Committee on Public Improvements.

Swimming-Pool on Common.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE CITY COUNCIL:

In view of the fact that it would now be too late to adapt the Frog Pond for use as a swimming-pool for this season by the time that action by both branches of the City Council could be had on the proposed order, granting authority for that purpose, I think it proper to suggest that as no practical result can be accomplished by further consideration of the subject at the present time, it may as well be allowed to go over to another year.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

The communication was ordered sent down. The order was indefinitely postponed.

Surplus Revenue from the Water Works.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE CITY COUNCIL:

I transmit herewith a letter from the City Auditor estimating that the sum of \$234,589 will be received during this financial year from surplus revenue from the water works. This sum is the difference between the appropriations heretofore made for the School Committee, including repairs on school buildings, etc., under the Public Buildings Department, and the amount which the School Committee is now authorized to expend during the current financial year, under the provisions of Chapter 400 of the Acts of 1898.

Respectfully,

JOSIAH QUINCY, Mayor.

AUDITING DEPARTMENT,

City Hall, June 6, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I estimate that the surplus revenue from the water works during this financial year will amount to \$234,589.

Yours respectfully,

JAMES H. DODGE, City Auditor.

Sent down.

Appointments to Board of Assessors.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE BOARD OF ALDERMEN:

Subject to your approval and confirmation, I hereby appoint Charles E. Folsom a member of the Board of Assessors, for the term ending April 30, 1901.

JOSIAH QUINCY, Mayor.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE BOARD OF ALDERMEN:

Subject to your approval and confirmation, I hereby appoint John H. Donovan to be a member of the Board of Assessors, for the term ending April 30, 1899, in place of Joshua S. Duncklee, deceased.

JOSIAH QUINCY, Mayor.

Severally laid over, under the law.

Rebuilding or Repairing Bridge on Freeport Street.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the Superintendent of Streets in reply to your order requesting an estimate of the cost "to rebuild or repair, as may be necessary, the bridge on Freeport street, Ward 24."

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 7, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with the request contained in enclosed order of the Board of Aldermen, I beg to report that the estimated cost of putting into proper condition Commercial Point bridge, on Freeport street, is \$3,000.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

North Beacon-Street Bridge—Reconstruction.

OFFICE OF THE MAYOR,

City Hall, June 7, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Superintendent of Streets in reference to the North Beacon-street bridge, which explains itself.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 7, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I beg to enclose copy of report from the City Engineer in regard to North

Beacon-street bridge. The Bridge Division is not in a position financially to do the work as indicated in this report. The bridge is temporarily closed, owing to the breaking through of a heavy team, but I have instructed the Deputy Superintendent to make such repairs as may be necessary to make it temporarily safe. Its condition, however, on examination of the under structure, may lead to the expenditure of a considerable sum.

The facts in relation to this bridge are that the town of Watertown has appropriated one-half, or \$11,000, for its reconstruction, and the United States Government \$25,000 for the dredging of the channel at such time as this bridge is rebuilt. A railroad location has been granted, and cars will be running over the bridge inside of a year.

I call this to your attention as a proper appropriation should be provided for a new and substantial structure, and also to indicate that, in the absence of such an appropriation, the Bridge maintenance will be drawn upon to such an extent as may be necessary to make the bridge safe.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

ENGINEERING DEPARTMENT.

50 City Hall, June 6, 1898.

MR. BENJ. W. WELLS, Superintendent of Streets.

SIR: The draw on the North Beacon-street bridge is in a dangerous condition, and should be closed to team travel until repaired. The header is broken and the deck plank is poor. When the deck plank is removed, the draw arms should be examined, and may need renewal.

Six piles in the bridge need removal, and the sidewalk should be rebuilt.

Yours truly,

(Signed) WILLIAM JACKSON,

City Engineer.

Note.—This bridge should be replaced by a new structure similar to the Western avenue bridge just below it.

(Signed) WILLIAM JACKSON,

City Engineer.

Sent down.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, June 2, 1898, President Connolly in the chair.

The following messages were received:

Police Ambulance in Charlestown.

OFFICE OF THE MAYOR,

City Hall, June 2, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Police in reply to an order passed by your body requesting the Board to cause the police ambulance in the Charlestown District to be located in the patrol-house in the rear of Station 15.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE BOARD OF POLICE.

June 1, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The Board of Police is in receipt of your letter of the 22d instant, referring to them for consideration an order which passed the Common Council, requesting this Board to cause the police ambulance in the Charlestown District to be located in the patrol-house in the rear of Station 15.

In reply I would say that the Board has given careful consideration to this subject and finds that in order to accomplish the purpose it would be necessary to make some alterations in the present patrol-house at an expense of from \$2,500 to \$3,000, and in view of the fact that there has been no complaint of delay in responding to calls for the ambulance, and the fact that our appropriation is limited, we do not feel justified in making this expenditure at the present time.

Very respectfully,

A. P. MARTIN, Chairman.

Placed on file.

Erection of Horticultural Building.

OFFICE OF THE MAYOR,

City Hall, June 2, 1898.

TO THE CITY COUNCIL:

I transmit herewith a memorial signed by many members of the Massachusetts Horticultural Society, and I commend the matter to your careful consideration.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(Accompanying the message was the memorial referred to, asking for the erection of a building on the Public Garden or other city land, to be used for horticultural displays.)

Referred to the Committee on Public Grounds Department.

Portrait of John P. Brawley—Veto.

OFFICE OF THE MAYOR,

City Hall, May 31, 1898.

TO THE CITY COUNCIL:

I return herewith, without my approval, the order authorizing the purchase of a portrait of the late Assistant Clerk of Committees, for the reasons which I have already given in withholding my approval from substantially the same order when it was passed previously.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Assigned to the next meeting.

ALDERMANIC BILL.

The House of Representatives on Tuesday, June 7, refused to suspend the Twelfth Joint Rule allowing the admittance of the new draft of the Aldermanic Bill. The original bill as enacted by the Senate and House was vetoed by the Governor May 23.

City Government Orders.

ORDERS PASSED—REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

The following were approved May 31:

An amendment of ordinance relating to bathing, as follows:

Section 59 of Chapter 43 of the Revised Ordinances of 1892 is hereby amended by adding the following at the end thereof:

"Provided, however, that swimming or bathing from any bathing establishment or bath-house conducted by or under the authority of any Department of the City Government shall be allowed under such rules and regulations as may be established by the officer or officers in charge of said Department, with the approval of the Mayor."

Ordered, That the sewer in Brunswick avenue, so-called, in the Roxbury district, laid out by an order of the Board of Aldermen, approved October 31, 1882, be and the same is hereby discontinued and the location thereof and taking of land therefor vacated and annulled; and that His Honor the Mayor be and hereby is authorized, in the name and behalf of the city and for a nominal consideration, to release to the several owners respectively all the right, title and interest which the city acquired by virtue of said location and taking in and to a strip of land five feet wide extending through said Brunswick avenue, so-called, from Bragdon street to West Walnut park, said old sewer having been abandoned and a new sewer having been constructed through a new location in said West Walnut park, extended to Amory street.

Report of Committee on Printing, on the order relative to the preparation of a digest of the Building Laws, recommending the passage of the same in the following new draft:

Ordered, That the special commission appointed to revise the statutes relating to the City of Boston be authorized to prepare and publish an edition of 1,000 copies of a digest of the Building Laws of the City of Boston; the expense of the same to be charged to the appropriation already made for the expenses of said commission.

ORDER PASSED—NOT REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

Ordered, That His Honor the Mayor be requested to instruct the heads of departments to grant to such of their subordinates as are veterans of the late war, and who would ordinarily be employed on Sunday and Monday, May 29 and 30, holidays without loss of pay, as part compensation for their services on said days.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

By the City Council.

The following orders were presented to the Mayor, May 28, and were not returned by him within ten days thereafter:

Ordered, That the City Messenger be authorized to erect a flag-pole in the Fellows-street playground; the expense of the same not to exceed \$200, to be charged to the appropriation for City Council, Incidental Expenses.

Ordered, That the City Messenger be hereby authorized to erect a flag-pole in Peabody square, Ward 24; the expense of the same not to exceed \$200, to be charged to the appropriation for City Council, Incidental Expenses.

Ordered, That the Bath Commissioners be requested to place and maintain two urinals, one in Thomas park and the other in Independence square, South Boston; and that the expense attending the same be charged to the appropriation for Baths Department.

The following orders were presented to the Mayor May 24, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Trustees of the Public Library, through His Honor the Mayor, be requested to erect a flag-staff and fly a flag therefrom in front of the Central Library building, the expense of the same to be charged to Library appropriation.

Ordered, That the Fire Commissioner, through His Honor the Mayor, be requested to allow the Stars and Stripes to float from all houses that are under the control of the Fire Department.

By the Board of Aldermen.

The following orders were presented to the Mayor May 24, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Public Grounds be requested to trim trees in front of premises 560 Eighth street, South Boston; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim a tree in front of estate No. 60 Cedar street, Ward 24; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim trees in front of estate 23 Grant street; the expense of the same to be charged to the appropriation for Public Grounds Department.

Also the following permit:

To Smith and Kerrissey, to erect a stand for public speaking on Monday, May 23, in front of 16, 18, 20 Hayward place.

NEXT MEETING OF BOARD OF ALDERMEN.

The next regular meeting of the Board of Aldermen will be held in the Aldermanic Chamber, City Hall, on Tuesday, June 14, at 3 P.M.

Governor's Messages.

SOLDIER CITIZENS TO VOTE.

The Governor transmitted to the House of Representatives the following message relative to enacting legislation authorizing registered voters in the service of the United States to vote. The message, which was accompanied by the opinion of the Attorney-General, was referred to the Joint Committee on the Judiciary.

TO THE HONORABLE THE SENATE AND HOUSE OF REPRESENTATIVES:

I deem it my duty to ask your honorable bodies to consider the propriety of enacting legislation which shall authorize registered voters of this Commonwealth, now or hereafter mustered into the service of the United States and absent at their post of duty, to vote at national, state and municipal elections.

I enclose for the information of your honorable bodies an opinion submitted to me by the Attorney-General in response to a letter of inquiry from me upon the subject.

Although present indications encourage the confident hope that war may be speedily brought to an honorable end, it is, in my opinion, an act of justice to those who have volunteered in defence of their country, that they shall not thereby lose their rights of citizenship in case circumstances shall require them to be absent from their homes upon the day of election.

ROGER WOLCOTT, Governor.

TO HIS EXCELLENCY, ROGER WOLCOTT, Governor.

DEAR SIR: Replying to your letter of inquiry of June 2, I am of opinion that the General Court is authorized to enact by legislation that inhabitants of this Commonwealth, engaged in military service of the United States, being otherwise qualified, may cast their votes without the limits of this Commonwealth, or in any town or district within this Commonwealth, for electors for President and Vice-President of the United States, and for Representatives to Congress; also for sheriffs, registers of probate, clerks of courts, district attorneys, and all civil officers whose election is not otherwise provided for by the constitution of the Commonwealth; also for municipal officers.

I am further of opinion that the General Court may not, under the constitution, enact by legislation that inhabitants of this Commonwealth may cast their votes for Governor, Lieutenant-Governor, Councillor, Senator, Representative, Treasurer and Receiver-General, Secretary, Auditor or Attorney-General in any other place, whether within or without this Commonwealth, than in the town, city or district in which, under the provisions of the constitution of the Commonwealth, they are entitled to vote.

Yours very truly,

HOSEA M. KNOWLTON,
Attorney-General.

HOSPITAL SHIP.

The following message relative to the equipment of a vessel for hospital service was transmitted by the Governor to the House, Monday, June 6, together with a communication from the Executive Committee of the Massachusetts Volunteer Aid Association:

TO THE HONORABLE THE SENATE AND HOUSE OF REPRESENTATIVES:

I ask the careful consideration of your honorable bodies for a communication, transmitted herewith, from the Chairman of the Executive Committee of the Massachusetts Volunteer Aid Association regarding the purchase and equipment of a vessel to act as a relief and hospital ship to our soldiers in the service of the United States, and requesting that the Commonwealth purchase a vessel for the above purpose, the cost thereof to be returned wholly or in part to the treasury of the Commonwealth at the close of the war unless circumstances which do not now seem probable intervene to make this impossible.

The plan presented in this communication has received the approval of United States officers, and is, in my opinion, deserving of favorable consideration.

ROGER WOLCOTT.

TO HIS EXCELLENCY, ROGER WOLCOTT, Governor.

DEAR SIR: The Executive Committee of the Massachusetts Volunteer Aid Association has given much time and thought to the best manner of supplying our soldiers and sailors in the service of the United States Government with such supplies as may be necessary to their welfare and comfort during their arduous service in the army and navy.

A great many suggestions have been made to us which we have considered, but one which commends itself most to our judgment has been that we should procure and properly equip a steamer which could carry supplies of all kinds to the men in the field, and also serve in some sense as a hospital ship, and as a transport for invalid men either from the battlefields in Cuba or from Southern or Western Indian ports to hospitals or refuge farther north. Through members of our committee we have examined various ships, and have found most of them that we have looked at to be unsuited for various reasons to this purpose. We have, however, found one ship, 'Bowden' by name, which has been plying to and from the West Indian ports, which, with a reasonable expenditure for alterations, we believe would suit our purposes. The company owning this ship has offered her to us at an extremely low price, viz., \$50,000, and has further agreed to be bidders for her after our use if we will alter her back into substantially the same condition in which we take her. Of course, we should have to pay a substantial sum for a charter price; and the expenses of running her, including crew, coal, etc., would be large. Beyond this we should have to furnish a large amount of supplies to be delivered to our soldiers and sailors. All these expenses will be very considerable.

We were inclined to charter a ship rather than to think of buying one, but under the war conditions existing, the owners refused to charter their ships. It would, therefore, be necessary for this association to pay the amount of the purchase price on taking possession of the ship. This amount, as we said before, is \$50,000, and we can think of no better way that Massachusetts could loan money than by aiding her soldiers and sailors engaged in the war. When I say loan money, I mean that we consider it a loan, because in case the ship is not wrecked or destroyed, the money furnished would be returned to the State after the war is over. The State would, of course, run the risk of losing the money it paid for the ship in case she should be destroyed or captured.

We feel sure, if this money can be furnished to us by the State for the purchase of a ship, that through the voluntary contributions of the patriotic people of Massachusetts we can equip and run her and furnish supplies of all kinds to our men engaged in the war. It might be necessary for us to fly the Red Cross flag to protect us and to give us an opportunity to do much good in the most efficient way. We should, under these circumstances, be debarred from carrying anything except sick men and supplies for the sick, and should of course live strictly up to these requirements.

We have been informed, on what we consider the best authority, that what would do more good than anything else to our sick men in the Southern climates would be the furnishing of good, wholesome, fresh food. One part of the equipment of this ship would be an ice machine and a cold storage room, so that we could carry all sorts of fresh supplies direct to the men in the field. It would be at times impossible for us to ship anything of this kind over the railroad or by express companies, and have it delivered fresh to our soldiers and sailors, but by the aid of this ship we could do this work, and, in addition, rescue the sick and the suffering, and bring them to hospitals near their homes. We believe there is no better method of aiding our volunteers than this, and we further believe that there is no nobler work in which the State of Massachusetts can employ itself than in assisting this enterprise.

We therefore ask of the State the sum of \$50,000 to be used for the purpose stated above.

EBEN S. DRAPER, Chairman.

STREET DEPARTMENT—AWARD OF CONTRACTS.

Proposals for constructing macadam roadway in Leroy and Rosseter streets, Dorchester, were opened at the office of the Superintendent of Streets, May 31, as follows:

Leroy street, Dorchester:

CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on June 27, 1898, examination may be taken for the grade of Nautical Expert, Navy Department, Hydrographic Office, at Boston or any other city in the United States where the Commission has a competent Board of Examiners. There is at present a vacancy in this grade at the Hydrographic Office at Washington, at a salary of \$1,000 per annum, and another at the branch Hydrographic Office, New York City, at a salary of \$1,400, which it is desired to fill.

The Commission also announces that on July 7, 1898, examination may be taken for any grade of engineer, at Boston or any other city in the United States where the Commission has a competent Board of Examiners. There is a vacancy in the Quarantine Station at Port Townsend, Washington, at a salary of \$80 per month, which it is desired to fill.

Persons desiring to compete should at once apply to the Secretary of the Board of Civil Service Examiners at the Post Office Building, this city, for application blanks, Forms 304 and 394, which should be properly executed and promptly forwarded to the Commission. The medical certificate in application blank, Form 304, must be executed by a medical officer of the marine hospital service.

BOARD OF ESTIMATE AND APPORTIONMENT.

The following bill, constituting Chapter 434, of the Acts of 1898, particularly concerns the City of Boston:

Chapter 434, Acts of 1898, an Act Relative to the Finances of the City of Boston.

Be it enacted, etc., as follows:

Section 1. A Board of Estimate and Apportionment is hereby established for the City of Boston, to consist of the Mayor, the Chairman of the Board of Aldermen, the President of the Common Council, who shall serve ex-officiis and without additional pay, and two members, who shall be elected by the voters of the city at large. In the year 1898 two members of said Board shall be elected at the annual municipal election, one to serve for the term of two years, and one for the term of one year, from the first Monday of January next ensuing; and thereafter at each annual municipal election one member of said Board shall be so elected to serve for the term of two years from said day. In case of a vacancy in the elected members of said Board through death or resignation, the Chairman of the Board of Street Commissioners of said city shall fill such vacancy for the remainder of the municipal year; and in case of a second vacancy in such elected members, for like cause, the same shall be filled during the remainder of the municipal year by the Chairman of the Board of Commissioners of Sinking-Funds of said city. Each elected member of said Board shall be paid for his services at the rate of \$10 for each meeting of said Board at which he is present, but not exceeding the sum of \$750 in any one year.

Sect. 2. The Mayor, as early as practicable in the month of January, shall submit to said Board, with his recommendations thereon, the Department estimates furnished as required by Section 8 of Chapter 266 of the Acts of the year 1885; and said Board, by the affirmative vote and signatures of at least four of its members, including the Mayor, shall, prior to the first day of February, prepare and pass a general maintenance appropriation order, containing appropriations to enable the City of Boston to meet the current expenses, payable during the financial year beginning with said day, of performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston or the County of Suffolk, or the Departments or officers thereof.

Sect. 3. The Mayor, as early as practicable in the months of January or February, shall submit to such Board, with any recommendations which he may desire to make thereon, any requests for loan appropriations furnished to him by the several Departments; and said Board, by vote and signatures as aforesaid, shall, prior to the first day of March, prepare and pass a general loan appropriation order, containing such appropriations to be met by loan, and for such purposes as said Board shall deem

the public necessity or convenience may require, not exceeding in the aggregate four-fifths of the estimated amount which can be raised in that municipal year by loans within the debt limit of said city, but such loan appropriation order shall not be passed unless at least four of the members of said Board, including the Mayor, shall in writing certify upon such order that no item therein is to meet a current expense, or that certain specified items therein and no others are to meet current expenses, but that public necessity requires the borrowing of money therefor.

Commonwealth of Massachusetts

LEGISLATIVE BILLS.

The following list contains the titles of bills concerning the City of Boston which have been approved by the Governor, with the number of page of THE CITY RECORD on which they were previously noted or printed:

Approved by Governor.

- S. B. 34, to Authorize the Sale of Certain Land taken for Public Park Purposes in the City of Boston, p. 120.

Board Meetings.

Election Department.

Old Court House, June 6, 1898.

At a meeting of the Board of Election Commissioners, held on June 4, all the Commissioners being present, the following business was transacted:

A motion that the office of Secretary of the Board, as at present constituted, be abolished, was before the Board upon an equally divided vote, the motion having been submitted, as the law requires, to the Chief Justice of the Municipal Court. The following communication was received from His Honor, Judge Parmenter:

Boston, June 2, 1898.

TO THE BOARD OF ELECTION COMMISSIONERS:

GENTLEMEN: There is before me the motion of Mr. Corbett "that the office of Secretary of this Board, as at present constituted, be abolished," on which a vote has been taken which resulted in an equal division, two of the members of the Board having voted in favor of and two members having voted against the adoption of the motion. It devolves upon me, under the provisions of law, to give the casting vote.

I have considered the suggestions of the several members of the Board, as well as the communication of His Honor the Mayor to the Commission. All of these bear upon the importance of keeping the bi-partisan character of the Board in the strictest balance, and of making sure that the deliberations and action of the members shall be confidential and unshared in by others.

Concurring in this view I cast my vote in favor of the motion.

WILLIAM E. PARMENTER,

Chief Justice of the Municipal Court of the City of Boston.

In accordance with the above vote, the office of Secretary of the Board, as at present constituted, is therefore abolished.

Voted, That a Secretary of the Board be elected from among its members, whose duty it shall be to keep the records of the meetings of the Board in executive session.

Voted, That Commissioner McDonough be

elected Secretary of the Board, in accordance with the foregoing vote.

Voted, That Mr. Charles F. Howard be appointed Deputy Commissioner, without increase of salary.

Voted, That Mr. Winsor S. Smith be appointed Assistant Registrar, at a salary of \$1,200 per annum, to take effect from the first day of June, 1898.

TIMOTHY F. McDONOUGH, Secretary.

Library Department.

Friday, May 27, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, Bowditch, De Normandie and Lincoln, and the Librarian. Communications received: The Librarian's report.

Salary increased: Maud M. Morse, Grade C, Special, Branch Division, \$13 to \$13.50 per week, beginning June 1.

Leave of absence with loss of pay granted to Belle S. Hall of the Special Libraries, from July 27 to September 1.

The absence through illness of Frank Ryder, Chief of the Bindery, was excused without loss of pay.

Employment of extra service authorized: Of Cecilia W. Kueffner in the Branch Division, at a salary not exceeding \$11 per week, in the Issue Department, as needed between this date and September 30, at 15 cents per hour, to an amount not exceeding \$4.50 per week.

Purchases authorized: Books, chargeable to city moneys to the amount of \$374.49; to trust funds, \$74.39; to Station "P," \$1.20; to Fellowes Athenæum, \$4.82; miscellaneous articles, \$150.73.

Appointment of Examining Committee for 1898-99, as follows: Dr. J. Bapst Blake, Henry W. Bragg, Patrick A. Collins, Rev. Arthur T. Connolly, Rev. E. Winchester Donald, Dr. William H. Ensworth, C. W. Ernst, Miss Gretchen Field, Alfred Hemenway, Thomas Hills, John H. Lee, A. Lawrence Lowell, Miss E. F. Mason, Mrs. Elizabeth F. Parker, William L. Putnam, James J. Roche, Charles P. Searle, Mrs. Sarah H. Williamson, Frank Wood.

Voted, That the following persons be nominated to the Mayor, under the provisions of Chapter 410 of the Acts of 1898:

Arthur A. Carey, Arthur T. Lyman, Henry P. Bowditch, relating to an Art Commission for the City of Boston.

HERBERT PUTNAM, Clerk.

Overseeing of the Poor Department.

The Board of Overseers of the Poor met at its rooms in Charity Building, Wednesday, June 1, 1898, at 3 o'clock.

Present: Mr. Fowler (Chairman), Dr. Stuart, Mr. Sproules, Mr. Day, Mrs. Wolcott, Mr. Mullen, Miss Rogers, Mr. Kerrigan, Miss O'Brien and Mr. Humphreys. The following votes were taken:

Voted, To draw on the City Treasury for \$2,000.

Voted, To approve the monthly bills and pay-rolls.

Voted, To approve the monthly bills of the Temporary Home and the Lodge for Wayfarers.

Voted, To pay \$4.65 for second hand directories of other cities and towns in the State, for the use of the office.

Circular No. 41, from His Honor the Mayor with regard to Saturday half-holidays, was referred to the Chairman and Secretary to carry out its provisions.

A communication from Mr. Charles U. Cotting suggesting the need of a new fence about the Longwood estate, was referred to the Committee on Real Estate.

A circular received from the Fire and Police Notification Company was referred to the Committee on Building.

Dr. Stuart reported for the Committee on Finance that the accounts for the month of May had been examined and found correct.

The monthly report of the Temporary Home was read by Miss Rogers, which was accepted and placed on file.

Mr. Humphreys read the monthly reports of the Lodge for Wayfarers and the Wood-yard, which were accepted and placed on file.

Mr. Sproules, for the Committee on Building, reported that the fence in front of the Temporary Home is in need of repairs, having been broken by a runaway horse. Voted to refer the same to the Committee on Building with full powers.

The Chairman stated that the flag on this building is in a dilapidated condition, and it was voted that the Committee on Building be authorized to purchase and put up a new one.

Voted, That a committee, to consist of the members of the Burial Committee, with Mr. Mullen and the Secretary, meet Dr. Brooks of the Harvard Medical School, for a conference with regard to bodies for dissection.

On motion of Mrs. Wolcott, it was voted that a special committee of five be appointed to consider the expediency of changing our system of registration. Mrs. Wolcott, Miss Rogers, Dr. Stuart, Miss O'Brien and Mr. Day were appointed as said committee.

BENJAMIN PETTEE, Secretary.

Pauper Institutions Department.

28 Court Square, June 6, 1898.

A regular meeting of the Pauper Institutions Trustees was held on Monday, May 16, at 11 A.M., the full Board being present.

The Superintendent of Long Island reported that 4,857 pounds of milk were produced on the Long Island farm in the preceding week; an increase of 1,000 pounds in the last four weeks.

A mail-box has been placed on the wharf of the steamer "J. P. Bradlee," and by this means better mail facilities for Long Island are afforded.

The Board elected Professor W. T. Sedgwick Chairman, and Mrs. Alice N. Lincoln Secretary, for the ensuing year.

Number of inmates at Long Island, May 14, 1898:

Totals	267	349	616

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following abstracts are taken from the records of the meetings of the Board of Street Commissioners:

Friday, May 20.

Public hearings were given in the matter of locating a new channel from the Oakland Garden branch of Stony Brook, at Dorchester, between Colonial avenue and Franklin Field, and to Wheatland avenue; and in the matter of the construction of a surface drain in private lands, at Dorchester, from Sydney street, eastwardly across the New York, New Haven and Hartford Railroad, and thence northwardly.

Orders were passed for the relocation of the Oakland Garden branch of Stony Brook, between Colonial avenue and Franklin Field and to Wheatland avenue; and for the construction of a surface drain in private lands, at Dorchester, from Sydney street eastwardly across the New York, New Haven and Hartford Railroad, and thence northwardly.

Petitions for sewers were received from K. Bachofner and others, in Roslindale avenue; and from the Baker Farm Associates, in Chase street, at Dorchester.

A hearing was given in the matter of changing directions, locations, widths and grades of streets filed on Board of Survey plans covering territory bounded, approximately, by Geneva avenue, Bourneside street, Melville and Wheatland avenues, New England Railroad, and Harvard street.

Monday, May 23.

A sewer was ordered to be built in Lauriat street.

It was voted to give a hearing in the matter of changes in streets located in Plat 13, in Room 25, Old Court House, Friday, June 3, at 3 o'clock.

An order was received from the School Committee, requesting the Board to take land, for school purposes, adjoining the Robinson-street School estate, near Field's Corner.

A petition was received from W. J. Carlin for a catch-basin in Tremont street, at the corner of Burney street.

Tuesday, May 24.

Orders of notice were issued of the Board's intention to construct a surface drain in private land at West Roxbury, from May street to the Arborway; a sewer in private lands at Dorchester, between Ferndale street and Southern avenue, and in Southern avenue; and to locate a new channel for the stream or water-course at Dorchester, which crosses Freeport street at its junction with Pleasant street, from said Pleasant street to the water front on Dorchester Bay. Hearings at this office, June 8, 1898, at 11 o'clock.

Catch-basins were ordered to be built in Bunker Hill, Temple and Brandon streets.

Petitions were received for sewers in Samoset, Gateley and Raven streets, at Dorchester; and a petition was received from A. T. Connolly and others that Priesing terrace may be laid out at Roxbury.

Friday, May 27.

It was voted to pay Jeremiah C. Spillane \$40,500 for all land taken from and damages occasioned his estate by the laying out of Columbia road; and to pay Arletta M. and Florence A. Taber \$6,000 for all land taken from and damages occasioned their estate by the laying out of Columbia road; agreements to accept these sums having been approved by the Mayor.

Petitions were received for a sewer in Eaton street, at Dorchester; and for a catch-basin in Tremont and Calumet streets.

Sewers were ordered to be built in the following streets: Kilsyth road, Selkirk road, Hano, Haskins, Dexter, Ellery, Kemp, Sonoma, Percy and St. Mark streets; and a catch-basin was ordered to be built in Round Hill street.

Mellen, Spencer and Spalding streets were ordered laid out.

Public hearings were given in the matter of laying out Ogden street, at West Roxbury; and in the matter of the construction of a sewer and surface drain in private lands, at Dorchester, between Adams street and the Milton branch of the Old Colony Railroad, and the taking of lands for said purpose.

An order was passed for the construction of a sewer and surface drain in private lands, at Dorchester, between Adams street and the Milton branch of the Old Colony Railroad.

E. C. MARSHALL, Commissioner.

Public Buildings Department.

The following changes in the organization of the Public Buildings Department, to take effect June 15, were made on Thursday, June 2, 1898:

A. D. Armstrong, George H. Grueby, Otis S. Davenport and Joseph P. Butler, formerly Deputy Superintendents, have been designated as Inspectors.

The office of Deputy Superintendent, held by Joseph W. Hill, whose duties have been entirely in connection with the School Committee, has been abolished.

The offices of Superintendent of Janitors and Superintendent of Painters, held by John H. Crowley and James McMain respectively, have been abolished.

The office of Keeper of the Old Court House has been abolished and the position of Janitor created, to which the former Keeper, Thomas Watson, has been appointed. James Quinn, James Porter, Patrick Callahan and Edward Mulhern have been appointed Assistant Janitors. The position of Janitress of the Department of Sealers of Weights and Measures has been abolished, and its occupant, Mrs. Sarah Shipsey, has been appointed Janitress of the Old Court House. The office of Janitor of the Old Probate Building has been abol-

ished, and the duties in connection with that building will be performed by Robert F. Coursey, Janitor of the Historical Building.

JOHN DROHAN,
Acting Superintendent.

Advertisements.**NOTICE.****STREET DEPARTMENT.**

Boston, June 6, 1898.

The Street Department of the City of Boston invites proposals for building about 2,797 linear feet of sewer work in Hamilton street and outlet in Homes avenue, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass. The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, June 13, 1898, his bid and a certified check for \$500, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

June 6, 1898.

The undersigned requests permission to project from each of his five buildings, Nos. 187, 189, 191, 193, and 195 Massachusetts avenue, Ward 10, a bay window of copper and iron, of the following description: To project from second, third and fourth stories over Massachusetts avenue, also a cornice not to project over 24 inches. Dimensions: Each window 25 feet high, 14 feet wide, and 3 feet over line of street.

FREDERICK AYER,
Ames Building, Boston, Mass.

CITY OF BOSTON.**IN BOARD OF ALDERMEN.**

June 7, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twentieth day of June, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon, in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

Attest: J. M. GALVIN, City Clerk.

CITY OF BOSTON.**OFFICE OF PUBLIC BUILDINGS DEPARTMENT.****PROPOSALS FOR COAL.**

Old Court House, Room 30, June 10, 1898.

Proposals will be received at this office until 12 o'clock M., Wednesday, June 15, at which time and place they will be publicly opened and read, for furnishing, for the three months ending October 1, 1898, whatever best quality hard, white ash broken, egg or stove coal that may be required for the Public Buildings and for the several departments of the City of Boston not otherwise provided for.

The amount required is about 3,000 tons, more or less, broken coal; 2,000 tons, more or less, egg coal; 1,000 tons, more or less, stove coal.

Also, about 1,200 tons, more or less, best quality George's Creek Cumberland Coal for steam and smithing uses.

And 2,000 tons, more or less, Cumberland Coal, for the Police and Fire Boats, for which bids will be received for 1 year ending July 1, 1899.

Information will be furnished by the Fuel Clerk at this office every day from 1 to 2 o'clock.

The right is reserved to reject any and all proposals if for the city's interest so to do.

Bids to be addressed "Proposals for Coal."

JOHN DROHAN,
Acting Superintendent Public Buildings Department.

NOTICE.

Boston, May 27, 1898.

The New England Telephone and Telegraph Company of Massachusetts respectfully petitions the Mayor and Board of Aldermen of the City of Boston, Massachusetts, for a location for its poles and wires thereon, in the following named streets and highways of said city, locations to be as shown on the map or plan filed.

Said company agrees to reserve space at the top of all the above poles for telephone, fire alarm and police signal wires, owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

Charles street, between Cambridge and Leverett streets, Ward 8; Leverett street, near Charles street, Ward 8, one pole. Also to remove poles from Charles street, between Cambridge and Leverett streets, Ward 8.

TO THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOSTON, MASS.:

The New England Telephone and Telegraph Company of Massachusetts respectfully asks leave to lay and maintain underground conduits and man-holes, with the wires and cables to be placed therein, under the surface of the following streets:

Cambridge street, between Sullivan square and Somerville line, Ward 4. Chester street, between Brighton avenue and Ashford street, Ward 25.

The New England Telephone and Telegraph Company of Massachusetts.

By JASPER N. KELLER, General Manager.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

June 7, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested that this Board will, on Tuesday, the fourteenth day of June, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties, who object thereto, may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in THE CITY RECORD.

Passed.

BOARD OF STREET COMMISSIONERS.

Boston, June 3, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 3 o'clock P.M., on Friday, June 10, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered O 77, 78, made by the Board and filed January 6 and October 15, 1896, in the office of the City Engineer, in City Hall; said territory is in that part of Boston, formerly Brighton, and is bounded, approximately, by Beacon street, Sutherland road, Englewood avenue and Strathmore road.

JOHN P. DORE,

JOHN H. DUANE,

GEORGE H. INNIS,

Street Commissioners.

NOTICE.

STREET DEPARTMENT.

Boston, June 4, 1898.

The Street Department of the City of Boston invites proposals for furnishing about 6,000 cubic yards of good clean earth or gravel filling in Columbus avenue, at Roxbury street, Boston, Mass., according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond for \$1,000 satisfactory to said Superintendent for faithfully doing the work, and leave at said office on or before 12 M., of Friday, June 10, 1898, his bid and a certified check for \$300, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, June 3, 1898.

The Street Department of the City of Boston invites proposals for building about 1,175 linear feet of sewer work in Middleton avenue and outlet, Norfolk street to Willowwood street, Ward 24, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Thursday, June 9, 1898, his bid and a certified check for \$200, which is to be the property of the city if the contractor fails to carry out his proposal.

BOSTON TRANSIT COMMISSION.

MASONRY AND STEEL WORK.

Charlestown Bridge.—Sealed bids for building the superstructure for Section Three of the Charlestown approach for Charlestown Bridge, will be received by the Boston Transit Commission, at its office, 20 Beacon street, Boston, Mass., until 12 o'clock M. of Thursday, June 16, 1898, and at that time and place will be publicly opened and read. No bid will be received or deposited unless accompanied by a properly certified check for the sum of \$5,000, payable to the order of the Treasurer of the City of Boston, which check will be returned to the bidder unless he fails to execute the contract should it be awarded to him. Notice to contractors, bid, contract, specifications and bond can be obtained, and plans can be seen at the office of the City Treasurer, 50 City Hall, Boston, on and after Thursday, June 9, 1898. The Commission reserves the right to reject any and all bids, and reserves the right to award the contract as it deems for the best interest of the City of Boston. GEORGE G. CROCKER, Chairman, CHARLES H. DALTON, THOMAS J. GARGAN, GEORGE H. SWAIN, HORACE G. ALLEN, Boston Transit Commission. B. LEIGHTON BEAL, Secretary.

CITY OF BOSTON.

THE BOSTON CITY HOSPITAL.

PROPOSALS FOR COAL.

Boston, June 8, 1898.

The Trustees of the Boston City Hospital will receive sealed proposals for supplying the Hospital Department with a cargo of from 1,200 to 1,500 tons—2,240 lbs. to the ton—of strictly Hard White Ash Broken Coal, to be delivered alongside of the coal pocket at the City Hospital Wharf, Roxbury Canal. Bidders must specify the kind or kinds of coal they propose to furnish, and the name of the mines from which the coal is taken. Delivery must be made previous to June 20, 1898. The relative value of the different kinds of coal offered will be considered in connection with the price. Proposals to be addressed to "The Boston City Hospital, Proposals for Coal," and left at the Superintendent's office at the Hospital, not later than Tuesday, June 14, at 12 o'clock M., at which time and place the proposals will be publicly opened. Each proposal must be accompanied by a properly certified check for five hundred (500) dollars, and a bond will be required for the faithful performance of the contract. The right is reserved by the Trustees to reject any and all bids. Per order of the Trustees.

G. H. M. ROWE, Superintendent.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, June 6, 1898.

The undersigned requests permission to project from building No. 433 Beacon street, corner of Heretford street, Ward 11, one bay window of the following description: To project from second story, over Heretford street. Dimensions: Eleven feet high, 13 feet wide and 3 feet over line of street.

DANIEL A. DWIGHT,

By THOS. M. WATSON, Agent,
30 Pemberton square, Room 12, Boston.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

June 7, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the twentieth day of June, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

THE CITY RECORD.

OFFICIAL GAZETTE OF

THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JUNE 16, 1898.

Number 24.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 28, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENT OF BRIDGE COMMISSIONER.

Under the authority of Chapter 467 of the Acts of 1898, which provides for the construction of a bridge over Charles river to replace the present West Boston bridge, the Mayors of the cities of Boston and Cambridge, on June 14, appointed Mr. E. D. Leavitt, of Cambridge, as the third member of the Cambridge Bridge Commission.

HEALTH DEPARTMENT BACTERIOLOGICAL LABORATORY.

Dr. Hibbert Winslow Hill, Director of the Bacteriological Laboratory of the Health Department, makes the following report on the work under his supervision:

The value of the bacteriological diagnosis of disease is now very clearly established, not only as it aids the physician in his everyday work but also in the wider field of preventive medicine. The early recognition of the development of an infectious disease permits the carrying out of isolation and other sanitary precautions before the infection has an opportunity to become widely spread. Moreover, many such cases, after apparent full recovery, still retain the infectious material in a form capable of transmitting the

disease. Under regulations requiring the isolation of such cases of apparent recovery until bacteriological examination shows that the infectious material has completely disappeared, the prevalence of those infectious diseases which can be so examined is reduced to a remarkable extent.

On the other hand, it sometimes happens that non-infectious cases yield symptoms resembling an infectious disease so closely that a long and tedious isolation would be deemed necessary, but that the bacteriological examination reveals the true nature of the attack, and the patient is saved from wearisome precautions, not really essential.

For these reasons, all of the chief cities and many of the larger towns of the United States have established laboratories where the bacteriological diagnosis and bacteriological supervision of infectious diseases can be carried on. Such laboratories are usually connected with the Health Departments of the various municipalities.

In Boston, the value of this work was recognized by the Board of Health many years ago, at a time when the more general recognition, since accorded, had not yet developed. Three years ago, arrangements were made whereby the Diphtheria Diagnosis was carried on for the Health Department under Professor Ernst at the laboratory of Harvard Medical School, pending the formation of a laboratory devoted exclusively to bacteriological work, under the control of the Health Department. The necessary preliminaries having been at last successfully completed, the Health Department Laboratory was opened on May 10, 1898, at which time the Diphtheria Diagnosis was transferred to it from the Harvard Laboratory. The essentials of central locality, sufficient floor-space, good light, gas, water, steam and electricity, which go to form the ground-work of a thoroughly efficient laboratory, were secured. The necessary fitting was pushed through as fast as might be, compatible with good work. Apparatus, necessarily of the first quality, and sufficient in amount for the work in hand, was secured. Provision was made for the expected development of the science as well as for the natural growth of the needs of the city in the future, while simplicity and absence of all non-essentials was made the ruling principle of the design.

The present article is intended to describe the methods of the Diphtheria Diagnosis only. In a subsequent article, the Typhoid Diagnosis will be treated in a similar manner.

For the prompt and efficient service of the Diphtheria Diagnosis, culture-stations have been established throughout the city. These

stations are simply depots, generally in drug-stores, where the physician may obtain the culture-outfits, supplied to the stations from the laboratory, free of charge. After the physician has used the outfit, as described below, it is returned to the culture-station, from which it is promptly forwarded to the laboratory, where the examination is made and the result reported direct to the physician and to the Board of Health.

It will be seen that on the care and promptness of the druggists in charge of these stations, quick response from the laboratory is largely dependent.

The outfits consist of a small copper box containing two test tubes of thick glass, secured in place by springs. This latter design is now being used for, it is believed, the first time in this country, and has so far proved very satisfactory. A circular of directions, a circular defining the relation of the Board of Health to the laboratory results, and a card, having appropriate blanks for the date, patient's name and address, physician's name and address, and other necessary information, are enclosed with the tubes. One of the tubes contains sterilized blood-serum. The other contains a brass rod, on the end of which a small pellet of cotton, called a swab, is securely fastened. Box, tubes and swab are all sterilized each time before leaving the laboratory. The card and circulars are never used more than once. By these rules the possibility of transferring diphtheria from one case to another through the medium of the outfit itself, small as it would be even without such precautions, is obviated entirely.

In using the outfit, the physician simply obtains, on the swab, from the suspected throat a small quantity of the infectious material and transfers it to the surface of the serum. The card is then filled out, and the subsequent work devolves on the laboratory. There the tubes thus infected are "incubated," i. e., kept in a special receptacle, at the temperature of the human body, for about fourteen hours. The tubes are then examined. In most cases, a considerable growth of different kinds of bacteria is found, including some of those occurring in healthy throats, as well as those responsible for the various kinds of "sore throat" which are not diphtheria. If the patient from whom the culture comes has true diphtheria, there will be found also the special "bacillus of diphtheria."

In order to distinguish these numerous different forms from each other, the microscope is an essential. The growth in the tubes, therefore, is transferred to a glass slide, stained with a special preparation

which makes the bacteria more easily seen and recognized, and examined under a magnification of about one thousand diameters, which causes the bacteria to appear one million times larger than they are in reality. The bacilli of diphtheria then seem to be about as large as one of the pieces of an ordinary match which has been cut into sixths or eighths. Fortunately these bacilli have certain peculiarities which make their recognition quite possible, after some practice and experience, in spite of their extreme minuteness.

After the tubes are examined, all the results obtained are reported to the Board of Health, and each physician is notified of the finding in his own case.

If the bacilli of diphtheria are found, the patient from whom they came is thereby shown to be a source of danger to the public and rigid isolation is enforced until subsequent examination shows that the bacilli have disappeared. In many cases of convalescence from diphtheria, the patient may be apparently or really quite recovered himself, and yet the bacilli remain. It is evident that for the protection of the public, the Board of Health must continue to insist on isolation until the patient is no longer capable of infecting others. Moreover, it has been found that in such cases, single cultures may be taken sometimes which fail to show the presence of the bacilli although they are present, perhaps because they are few in number or at the time are lodged in the recesses of the throat where they cannot be reached. It has been found necessary, therefore, to insist that two consecutive cultures taken at different times should both fail to show the bacilli, before the patient is pronounced "safe" to go at large again.

Every week a summary of the cultures examined for that week is forwarded to the Health Department for publication in THE CITY RECORD. The cultures are classified as Primary, when they are from cases not examined before; Secondary, when from cases already examined one or more times. The results are classified as Positive, when the bacilli of diphtheria are found; Negative, when the bacilli are not found; "No growth," when, as occasionally happens, nothing can be found on the serum after incubation. This latter results either from the serum having been kept too long at the culture-station and having therefore become dry, or from some accident having allowed the admission of bacteria or moulds from the air to the serum. Occasionally, certain germs, transferred from the throat itself spoil the serum; sometimes, perhaps, an antiseptic has been used in washing out the throat just before the culture was taken. Of course, it must be added that very occasionally no growth occurs, because the physician does not follow the directions as closely as he should, but the "diphtheria diagnosis" is now so generally used that this source of trouble must be very small. The percentage of such "no growths" from all causes is, after all, insignificant, and does not interfere to an appreciable extent with the practical utility of the method.

The next regular meeting of the Board of Aldermen will take place on Monday, June 20, at 3 P.M.

MORTALITY STATISTICS FOR THE MONTH OF MAY, 1898.

The following is a statement by the Health Department of deaths for the month of May, 1898, with an enumeration of the principal causes:

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission invites attention to the fact that on account of the Department's desire to change the scope of the examination announced to be held on June 7, 1898, for photographer in the United States Naval Observatory, it became necessary to postpone the examination. The examination will be held at Boston and every other city in the United States where the Commission has a competent Board of Examiners, on June 23, 1898.

The salary attached to the vacancy in the grade for which this examination will be held is \$1,200 per annum.

The practical questions will be designed to show the applicants' knowledge of general and astronomical photography, and also, to some extent, of photo-lithography.

The Commission also announces that on June 20, 1898, examination may be taken for the grade of fourth assistant examiner in the Patent Office.

Persons who desire to compete should at once write to the Secretary of the Board of Examiners, Post Office Building, this city, for application blanks, Forms 304 and 375, which should be properly executed and promptly forwarded to the Commission at Washington.

RE-ELECTION OF SCHOOL OFFICERS.

At the meeting of the School Committee held on Tuesday, June 14, Edwin P. Seaver was re-elected Superintendent of Schools, and Ellis Peterson, Robert C. Metcalf, George H. Conley, George H. Martin, Walter S. Parker, and Sarah L. Arnold were re-elected Supervisors of Schools—all for the term of two years, beginning September 1, 1898.

IMMIGRATION DURING MAY.

The report of George B. Billings, United States Immigration Commissioner, makes the following showing in respect to alien immigrants arriving at the Port of Boston, from transatlantic ports, for the month ending May 31, 1898:

RULES FOR BATHING AT REVERE BEACH.

The following rules for bathers at the Revere Beach Reservation have been promulgated by the Metropolitan Park Commission:

RULES FOR BATHERS.

Valuables can be deposited in valuable room free of charge. No responsibility is assumed for articles stolen from dressing rooms.

Commit no nuisance in dressing rooms. Toilet rooms are provided with closets.

Button suits in front. Attendants will change suits which do not fit. Report any annoyance in the water at once to police officer on shore. After bathing leave bathing suit and towel in dressing room, with

door open, and deliver key to attendant at exit.

Defacing the bath-house or bringing intoxicating liquors therein are offences punishable by law.

A charge of twenty-five cents will be made for a lost key or "valuable" check.

Report any incivility of attendants at the office.

PRICES.

Cents.

For use of bathing suit, towel and dressing room	20
For use of towel and dressing room	15
For use of children's trunks and dressing room	10
For checking bicycle	5

NOTICE.

The duration of a bath for a strong, robust person should not exceed twenty minutes.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on June 8, 13 and 14, respectively:

June 8, 1898.

General Order No. 517.

I. In the matter of the complaint made against Patrolman Thomas R. Clark, of City Prison, for violation of Rule XXVI of the Police Manual, the Board orders the complaint to be dismissed.

II. In the matter of the complaint made against Patrolman Frank B. Erskine, of Division 9, for violation of Rule XXVI of the Police Manual, the Board orders the complaint to be dismissed.

III. The following-named Reserve Officers, temporarily assigned on May 20, 1898, are hereby permanently assigned as follows, to take effect at 5.45 o'clock P.M., the tenth instant:

John M. F. Little, to Division 1; John Lane, to Division 5; Michael J. Hartnett, to Division 10; James A. Morgan, to Division 12; John F. Peers, to Division 16; Michael J. Trainor, to Division 16.

June 13, 1898.

General Order No. 518.

I. In the matter of the complaint made against Patrolman James P. Forde, of Division 6, for violation of Rule XXVI of the Police Manual, to wit, intoxication, the Board finds the said Patrolman Forde guilty and sentences him to be dismissed from the police force of the City of Boston.

II. Patrolman James Herdman, of Division 7, having been commended for performing meritorious service in rescuing five horses from a burning building on May 21 current, is hereby commended in General Orders.

June 14, 1898.

General Order No. 519.

The resignation of Patrolman Henry J. Carter, of Division 6, having been presented, while charges were pending against him, it is hereby accepted to take effect immediately.

In relation to absences mentioned above in connection with truancy, it may be said that parents who are anxious for their children to make a small amount of money actually excuse their absence and therefore it is not technically truancy.

Very respectfully,

GEORGE MURPHY, Chief Truant Officer.

Referred to the Committee on Licenses.

Asphalting Emerson Street.

OFFICE OF THE MAYOR,

City Hall, June 14, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the Superintendent of Streets in reply to your order requesting "an estimate of the cost of asphalting Emerson street, from Broadway to M street."

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 13, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with request contained in enclosed order of the Board of Aldermen, I respectfully submit the following estimate of cost:

Emerson street, Broadway to M:

Paving with asphalt and regulating . \$15,200

NOTE. This does not include the cost of paving the space occupied by the street-car tracks, which would have to be paid by the Boston Elevated Railway Company.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Westerly Sidewalk on Massachusetts Avenue for Bicycles.

OFFICE OF THE MAYOR,

City Hall, June 14, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, and from personal observation of the conditions I have no hesitation in recommending the passage of the accompanying order, in accordance with his suggestion.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 14, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: This Department is in receipt of many letters in regard to the condition of Massachusetts avenue, from Gerard street to Edward Everett square. This street is too rough for bicycles, and riders are forced to the sidewalk. The easterly sidewalk is planked, and I would respectfully ask if it would not be possible for an order to be in-

troduced into the Board of Aldermen giving up the westerly sidewalk for the use of bicycles.

If this would be a proper order, and meets with your approval, I think that by placing proper signs, I can so arrange the walks that the convenience of both pedestrians and bicycle riders will be advanced; and, if you see no objection, I would respectfully request that such an order be submitted to the Board of Aldermen.

Yours very respectfully,

BENJ. W. WELLS,

Superintendent of Streets.

Ordered, That the Superintendent of Streets be and hereby is authorized to reserve such portions of the way on the westerly side of Massachusetts avenue, between Gerard street and Edward Everett square, for use as a bicycle path, for such time and under such conditions and restrictions as he may deem proper for the public convenience.

The message was placed on file and the order was passed.

Amendments in Appropriation and Tax Orders.

OFFICE OF THE MAYOR,

City Hall, June 14, 1898.

TO THE CITY COUNCIL:

Owing to the change made by the new law authorizing the School Committee to make its own appropriations within a certain limit, it becomes necessary to make certain formal amendments in the annual appropriation and tax orders, to make the same conform to the present law, and I therefore recommend the passage of the accompanying orders for such purpose.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the second and fourth orders in the appropriation and tax orders for the financial year 1898-99 be, and hereby are rescinded, viz.:

Ordered, That the appropriations herein-after specified, except those for the Water Department, be met out of the money remaining as a general balance in the treasury at the close of the thirty-first day of January, 1898, not including any money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and out of the income of the current year, other than that from the water works, and out of taxes to the amount of \$13,253,790.

Ordered, That to provide the said amount of taxes, the sum of \$13,253,790 be raised by taxation on the polls and estates taxable in the City of Boston; that all such taxes, and all taxes assessed for meeting the city's proportion of the State tax of the year 1898, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1898; that all such taxes paid after the first day of November, 1898, bear interest from and including said day until paid at the rate of 6 per cent. per annum up to the first day of

January, 1899, and at the rate of 7 per cent. per annum after and including said first day of January, except that taxes assessed upon shares of stock of national banks shall bear interest at the rate of 12 per cent. per annum from and including said first day of November until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

Ordered, That the appropriations herein-after specified, except those for the Water Department, be met out of the money remaining as a general balance in the treasury at the close of the thirty-first day of January, 1898, not including any money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and out of the income of the current year, other than that from the water works, and out of taxes to the amount of \$10,589,201.

Ordered, That to provide the said amount of taxes, the sum of \$10,589,201 be raised by taxation on the polls and estates taxable in the City of Boston; that all such taxes, all taxes for school purposes, and all taxes assessed for meeting the city's proportion of the State tax of the year 1898, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1898; that all such taxes paid after the first day of November, 1898, bear interest from and including said day until paid at the rate of 6 per cent. per annum up to the first day of January, 1899, and at the rate of 7 per cent. per annum after and including said first day of January, except that taxes assessed upon shares of stock of national banks shall bear interest at the rate of 12 per cent. per annum from and including said first day of November until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

The message was sent down and the orders were passed.

City Hospital Improvements.

OFFICE OF THE MAYOR,

City Hall, June 14, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Trustees of the Boston City Hospital which explains itself, and I earnestly recommend the immediate passage of the accompanying loan order making provision for these admitted and pressing necessities. In the face of the statement of the Trustees, I cannot see how the City Council can refuse to provide for the steam-heating, which will be absolutely necessary during the coming winter, and the work of enlarging the boiler-house, for the reasons pointed out, should be started at once.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

BOSTON CITY HOSPITAL.

Boston, June 11, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: The Trustees note, with much satisfaction, that the Common Council on

Thursday evening, voted the special appropriation of \$23,000 for the completion of the laundry building and its equipment. This enables the Trustees to carry on this important work, which has practically been held in abeyance for some weeks.

The Trustees much regret that the City Council did not approve of their request for additional money, in accordance with the communications which the Trustees have addressed to Your Honor under dates of December 31, 1897, and January 13, 1898.

While an additional appropriation for the laundry was needed, additional money was quite as essential for the enlargement of the boiler-house. In my letter of January 13, I stated the conditions as to the inefficiency of our steam-heating plant. There are now six boilers, all worked to their full capacity. The coal-pocket has been completed, and already gives an increased efficiency and economy to the heating plant. The Trustees have consulted various experts and they are unanimous that more steam power is required.

The present boiler-house has no space for additional boilers; therefore the house must be extended, for which plans and specifications have been prepared under the supervision of Mr. William Jackson, City Engineer, and we are ready to call for proposals as soon as the additional appropriation is in hand. The Trustees propose, as previously stated, to burn the smaller grades of coal, which necessitates changing of the grates, forced draught and other changes. The new coal-pocket has already enabled us to reduce the cost of coal from \$5.51 to \$3.97 per ton. As soon as the changes are made, it is expected to reduce the cost of coal from \$3.97 to \$2.25—a further annual saving of several thousand dollars. Under advice of competent authority, the Trustees presented an estimate that the extension of the boiler-house, with four additional boilers, changes in grates, forced ventilation, etc., would cost \$29,800.

It is obvious that such work as this should be done during the summer months, because the changes necessary for the work cannot be made during the cold weather, except by shutting down the heat from the buildings for protracted periods, in which case, the patients must necessarily suffer. Moreover, the boilers should be completed and in position to furnish us with the necessary heat and power for the coming winter. During last winter, our present plant was forced to its utmost, and an accident might so far cripple our heating capacity, as to interfere with the welfare of patients, or even close some of the wards.

The Trustees would further call Your Honor's attention to the additional appropriation of \$8,500, as asked for in my communication of January 13. It is now two years and eight months since the work upon the Surgical Building was begun; and while a part of the building is occupied, the surgical amphitheatre and its auxiliary rooms remain uncompleted, and we are unable to occupy them for want of further appropriation to finish them.

The additional money asked for has been made necessary by the recommendations and requirements of Mr. F. W. Chandler, of the Architectural Division of the Engineering Department, and his predecessors in office.

These additional expenditures are necessary by reason of unforeseen changes; additional heating, plumbing and ventilating apparatus, and other requirements of the Architectural Department.

Without additional money, the buildings must remain for an indefinite period uncompleted and unfit for occupation. I therefore, in behalf of the Trustees, respectfully, but most earnestly, press this matter upon Your Honor's attention, that the means for these items, viz.:

Enlargement of Boiler House and Steam Heating Plant.	\$29,800
Additional Requirements for the completion of the Surgical Department,	8,500
	\$38,300

may be immediately furnished for the Trustees to complete the work already begun, and to which the city is committed. I have the honor to be

Your obedient servant,

A. SHUMAN,

President of the Trustees.

Ordered, That the Trustees of the City Hospital be authorized to expend the sum of thirty thousand (30,000) dollars in enlarging the boiler-house and steam-heating plant, and the sum of eighty-five hundred (8,500) dollars in completing the Surgical Building; and that to meet said appropriations the City Treasurer issue, at his discretion, and sell, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of thirty-eight thousand five hundred (38,500) dollars, said bonds or registered certificates of indebtedness to be made payable at the office of the City Treasurer, Boston, ten years from the date of the same, with interest thereon at the rate of 3½ per cent. per annum, payable semi-annually.

Ordered, That any premium obtained by the City Treasurer in the negotiation or sale of said bonds or certificates of indebtedness, be paid to the Board of Commissioners of Sinking Funds, for the redemption of the debt hereby created.

The communication was sent down and the order was passed. Sent down.

TO THE COMMON COUNCIL.

A regular meeting of the Common Council was held in the Council Chamber, City Hall, on Thursday, June 9, 1898, President Connolly in the chair.

The following messages were received:

Sale of Crushed Stone.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, and in accordance with his request I recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 3, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In the manufacture of cracked stone at the crushers there is an accumulation of a smaller size of stone, which is not available to any large extent for the work of the Department. There is, however, a considerable market for it with the contractors, and I would respectfully request that authorization be given for the sale of such material, the proceeds to be returned, through the City Collector, to the Paving Division Appropriation. The cost of manufacturing this stone is charged to maintenance, and it is, therefore, but fair to return the money to the same appropriation from which it is first taken.

Yours very respectfully,

BENJ. W. WELLS,

Superintendent of Streets.

Ordered, That the Superintendent of Streets be authorized to sell the smaller sizes of crushed stone produced in the manufacture of cracked stone at the crushers, but not needed for the use of the Department, and that the proceeds of such sales be credited to the appropriation for Street Department, Paving Division.

The message was sent up, and the order passed. Sent up.

Twelve-Hour Basis for Firemen.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Fire Commissioner in reply to your order requesting "an estimate of the cost of establishing the Boston Fire Department on a twelve-hour basis."

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE FIRE COMMISSIONER.

Bristol Street, June 2, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Replying to the request of the Honorable Common Council, I beg leave to respectfully report that, in order to place this Department on a twelve-hour basis, with the existing privileges of days off and vacations, additional money to the amount of \$828,000 per annum would be required after the necessary additional men had received regular firemen's pay; and, in my opinion, even such expenditure would in no way compensate for the evil incurred by a division of responsibility which such basis would imply.

Your obedient servant,

H. S. RUSSELL, Commissioner.

Placed on file.

Drinking Fountain, Ward 3.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Water Commissioner stating that, in accordance with the request contained in your order of May 19, he has located a drinking fountain at the Ward 3 playground.

Respectfully,

JOSIAH QUINCY, Mayor.

OFFICE OF THE WATER COMMISSIONER.

City Hall, June 4, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Referring to the order of the Common Council of May 19, 1898, for the location of a drinking fountain at or near the Mystic playground, Ward 3, I have ordered that the fountain be located on Chelsea street, at the playground, the fountain now on Moulton street to be abandoned.

Yours very truly,

JOHN R. MURPHY,

Water Commissioner.

Placed on file.

Asphalting B Street.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Superintendent of Streets, in reply to your order requesting "an estimate of the cost of asphalting B street, between Athens and West Third streets, South Boston."

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, June 7, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with request contained in enclosed order of Common Council, I beg to report that the estimated cost of paving with asphalt and regulating B street, South Boston, Athens to West Third, is \$2,700.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Fence at Square, Ward 3.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the City Engineer, in reply to your order requesting a report on "the reason for the delay in constructing the iron fence around the square at the junction of Bunker Hill, Vine and Moulton streets, Ward 3."

Respectfully submitted,

JOSIAH QUINCY, Mayor.

ENGINEERING DEPARTMENT.

50 City Hall, June 6, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In reply to the order of Common Council, dated June 2, 1898, "That the City Engineer be requested, through His Honor the Mayor, to report to the Common Council, at its next meeting, the reason for the delay in constructing the iron fence around the square at the junction of Bunker Hill, Vine and Moulton streets, Ward 3," I would say the contract was awarded to George T. McLauthlin & Co. on May 7. The contractors say they have been delayed waiting for the stock. They are now drilling the holes in the curb for the posts, and say that the fence will be completed in ten days.

Yours respectfully,

WILLIAM JACKSON, City Engineer.

Placed on file.

Flag on Public Library.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Board of Public Library Trustees in regard to your order requesting them "to erect a flagstaff, and fly a flag therefrom, in front of the Central Library Building," in which they state that a flagstaff has for some time been projecting in front of the library, and that a flag has been displayed thereon consecutively for weeks, and was so displayed at the time the said order was introduced.

Respectfully,

JOSIAH QUINCY, Mayor.

PUBLIC LIBRARY OF THE CITY OF BOSTON.

June 9, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In behalf of the Trustees I beg to acknowledge the receipt of a copy of an order of the City Council, as follows:

Ordered, That the Trustees of the Public Library, through His Honor the Mayor, be requested to erect a flagstaff and fly a flag therefrom, in front of the Central Library Building; the expense of the same to be charged to the Library Appropriation.

With reference to the above I beg to state that there is already and has been for some time past a flagstaff projecting in front of the Library Building; and that a flag has been displayed thereon consecutively for weeks past, and was so displayed at the time the above order was introduced.

Very respectfully,

HERBERT PUTNAM, Librarian.

Placed on file.

New Ferry-Boat.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE CITY COUNCIL:

As the ferry-boat "East Boston" has now been sold to the United States Government for the sum of \$57,500, and as a new boat

should be ordered very shortly to take her place, I recommend the passage of the accompanying order making the purchase price available for expenditure for this purpose.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Streets be authorized to expend the sum of \$71,000 for a new ferry-boat for the East Boston ferry, to take the place of the ferry-boat "East Boston," that the sum of fifty-seven thousand five hundred (57,500) dollars to be received from the United States Government for the above-named vessel be appropriated for said purpose, and that the remaining sum of thirteen thousand five hundred (13,500) dollars be charged to the loan authorized by Chapter 435 of the Acts of 1895.

The communication was sent up. The order was passed. Sent up.

Gymnasium, Commonwealth Park.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE CITY COUNCIL:

As it is proposed very shortly to erect the gymnasium on Commonwealth Park, South Boston, for which the sum of \$15,000 was appropriated three years ago, and as the erection and administration of such a building clearly falls within the province of the Baths Department, which already has charge of the East Boston gymnasium, rather than of the Public Grounds Department, I recommend the passage of the accompanying order transferring such appropriation from the latter Department to the former.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the City Auditor be authorized to transfer the loan appropriation of \$15,000 for Commonwealth Park, Gymnasium, from the Public Grounds Department to the Baths Department.

The order was passed and sent up.

School Yards for Playgrounds.

OFFICE OF THE MAYOR,

City Hall, June 9, 1898.

TO THE CITY COUNCIL:

The subject of providing suitable occupation and wholesome recreation for children during the long summer vacation seems to me worthy of a great deal more attention than it has received in the past in this city. The problem of taking care of their children during the whole day, and seeing that they are kept out of mischief or danger, imposes a serious burden upon many parents, particularly in the crowded districts of the city. After giving a great deal of thought to the matter, I am convinced that it would be wise for the city

to undertake to do everything possible toward providing for the care and healthful recreation of its children during the summer season. In some foreign cities, vacation schools, differing widely in their character from the ordinary schools, have long been established with the best of results, and I believe that we must come to something of this sort in Boston if we are to prevent many children from losing, through being left without sufficient care during the summer, a portion of what they have gained in knowledge and in training during the school term.

There is one simple step which will result in considerable benefit, that it seems to me perfectly possible to take at once, and that is to provide for the opening of all school yards for use as playgrounds during the summer vacation. With the view of securing favorable action on the part of the School Committee, I desire to recommend the passage by the City Council of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the School Committee be requested to make arrangements for keeping all, or as many as possible, of the school yards open during the summer vacation, for use as playgrounds for children.

The message was sent up and the order passed. Sent up.

DAM ACROSS CHARLES RIVER.

The following bill relative to the construction of a dam across Charles River has been enacted by both branches of the Legislature, and was signed by the Governor June 14:

An Act to Authorize the Construction of a Dam across the Charles River between the Cities of Boston and Cambridge.

Be it enacted, etc., as follows:

Section 1. The Board of Metropolitan Park Commissioners, constituted under the authority of Chapter 407 of the Acts of the year 1893, is hereby authorized and directed to construct and maintain a dam with suitable lock or locks across the Charles River from a point at or about the intersection of St. Mary's street extended in the City of Boston with said river and a point in Cambridge nearly opposite St. Mary's street extended, and for this purpose may exercise, in addition to the powers herein conferred, all the powers conferred upon said Board by said Chapter 407 of the Acts of the year 1893 and all acts in addition thereto and amendment thereof. Said Board is authorized to apply for and take all necessary steps to obtain the approval of the Secretary of War or other proper authority of the United States for

carrying out the purposes of this act. Each member of said Board shall be paid his actual travelling expenses and all such other expenses as may be incurred by him in the performance of his duties under this act, and also any such compensation for services when absent from the Commonwealth as shall be allowed by the Governor and Council.

Sect. 2. To meet the expenses incurred under the provisions of this act, the Treasurer and Receiver-General shall, with the approval of the Governor and Council, issue scrip or certificates of debt in the name and behalf of the Commonwealth and under its seal to an amount not exceeding \$500,000 for a term not exceeding forty years, such scrip or certificates of debt to be issued at such times within one year after the approval by the United States Government of the building of said dam, as the Treasurer and Receiver-General shall determine. Said scrip or certificates of debt shall be issued as registered bonds or with interest coupons attached, shall bear interest not exceeding 4 per cent. per annum, payable semi-annually on the first days of January and July in each year, shall be designated on the face as the Charles River Improvement Loan, shall be countersigned by the Governor and shall be deemed a pledge of the good faith and credit of the Commonwealth; and the principal and interest shall be paid at the time specified therein in gold coin of the United States, and said scrip or certificates of debt shall be sold and disposed of at public auction or in such other mode and at such times and prices and in such amounts and at such rates of interest not exceeding the rate above specified as the Governor and Council shall deem best. The Treasurer and Receiver-General shall, on issuing any of said scrip or certificates of debt, establish a sinking-fund and the portion and amount to be paid thereto each year shall be sufficient with its accumulations to extinguish the debt at maturity. Any premium realized on the sale of said scrip or certificates of debt shall be applied to the payment of the interest on said loan as it accrues.

Sect. 3. The Supreme Judicial Court sitting in equity shall on the application of said Board and after notice to the cities of Boston, Cambridge, Newton and the town of Watertown, appoint three Commissioners who shall not be residents of said cities or town, who shall after due notice and hearing, and in such manner as they shall deem best and equitable, determine the proportion in which each of the said cities and town shall annually pay money into the treasury of the Commonwealth for the term of five years next following the year of the first issue of said scrip or certificates of debt to meet the interest and sinking-fund requirements for each of said years as estimated by

the Treasurer of the Commonwealth, and to meet the expenses of maintenance of said dam as estimated by said Board and certified by said Treasurer, and any deficiency in the amount previously paid in as found by said Treasurer and shall return their award into said court, and when said award shall have been accepted by said court the same shall be final and conclusive adjudication of all matters herein referred to said Commissioners and shall be binding on all parties. Before the expiration of said term of five years, and every five years thereafter, three such Commissioners shall again be appointed as aforesaid, with the same duties and powers with reference to the next succeeding term of five years.

Sect. 4. The amount of money required each year from each city and town hereinbefore named to meet the interest and sinking-fund requirements and expenses aforesaid for each year and deficiency, if any, shall be estimated by the Treasurer of the Commonwealth in accordance with the proportion determined as aforesaid, and shall be included in, and made a part of, the sum charged to such city or town and be assessed upon it in the apportionment and assessment of its annual State tax, and said Treasurer shall in each year notify each city and town of the amount of such assessment, and the same shall be paid by the city or town into the treasury of the Commonwealth at the time required for the payment and at a part of its State tax.

Sect. 5. The Supreme Judicial Court shall have jurisdiction in equity to enforce the provisions of this act, and shall fix and determine the compensation of all Commissioners appointed by said court under the provisions hereof.

Sect. 6. No action shall be taken relative to the construction and maintenance of said dam under the provisions of this act until all plans therefor have been duly submitted to the Board of Harbor and Land Commissioners and received the approval of said Board.

Sect. 7. This Act shall take effect upon its passage.

MAYOR'S CIRCULAR.

The following circular to heads of departments was issued by His Honor the Mayor on June 11, 1898:

Circular No. 42.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: I have directed the Chief of the Electrical Construction Division to make periodical inspections of all isolated electric plants operated by the city, with particular reference to determining the efficiency of the apparatus and the cost per unit of producing electricity. Copies of such reports will be furnished to the heads of departments for their information. Please see that proper facilities are afforded for the making of such inspections and tests.

Yours respectfully,

JOSIAH QUINCY, Mayor.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING THE APPROVAL OF THE MAYOR.

By the City Council.

The following were approved June 7, 1898:

Ordered, That His Honor the Mayor be requested to appoint an agent to make all necessary arrangements for the celebration in Charlestown of the anniversary of the Battle of Bunker Hill on the Seventeenth of June next, according to the programme prepared by the special committee appointed for the purpose, and the said agent is hereby authorized to expend on that account the income of the Foss and Babcock funds, and the sum of \$5,100 appropriated for the purpose; said amounts to be charged to the appropriation for Mayor, Public Celebrations, June Seventeenth.

The following were approved June 10, 1898:

Ordered, That there be allowed and paid to Ellen M. Brawley, widow of John P. Brawley, late Assistant Clerk of Committees in the employ of the city, the balance of the salary to which he would have been entitled had he lived and continued to hold his office until the thirty-first day of January, 1899, in accordance with the provisions of Chapter 446 of the Acts of 1898; said sum to be charged to the Reserved Fund.

Ordered, That the Superintendent of Public Buildings, through His Honor the Mayor, be instructed to grant the use of ward-room, Ward 19, to Company D, Hooker Guards, of Post 26, G. A. R., for drilling purposes.

Ordered, That until otherwise ordered, permission be granted to Company K, Hooker Guards, to use the ward-room of Ward 20, on Wednesday and Friday evenings of each week for drilling purposes, and that the fee for the use of said ward-room be waived.

By the Board of Aldermen.

The following were approved June 7, 1898:

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks, with necessary curves, sidings, crossovers, switches and connections on Walnut avenue, between Warren street and Humboldt avenue, on Humboldt avenue from Walnut avenue to Seaver street, and on Seaver street, from Walnut avenue to Blue Hill avenue, said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated February 21, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be hereby granted to the West End Street Railway Company, to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so called, as follows:

On Walnut avenue, between Warren street and Humboldt avenue, on Humboldt avenue, from Walnut avenue to Seaver street and on Seaver street, from Walnut avenue to Blue Hill avenue.

And permission is hereby granted to the said West End Street Railway Company, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red dots on the plans filed in the office of the Superintendent of Streets, dated February 21, 1898, as may be necessary to establish and maintain said overhead system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file acceptance and agreement with the City Clerk within thirty days

from the passage thereof; otherwise it shall be null and void.

The following were approved June 8, 1898:

Constables' bonds of the following-named persons: Henry W. Shepard, Paul C. Brooks, David Schapero, John J. Walsh, Philip O'Brien and James Needham.

License to A. A. White & Co., to store and keep for sale oils or fluids composed wholly or in part of the products of petroleum, at 62 Portland street.

The following permits, viz.:

For the use of Faneuil Hall, as follows: To Gamaliel Bradford and others, on the afternoon of June 15.

To Nunziato F. Mondello, on Thursday evening, June 2, waiving the fee.

To William B. Ladd, to run a passenger barge between Highland Station and Mt. Benedict Cemetery, on Sundays and holidays during the season.

To F. R. Brown & Co., to run four passenger barges between Forest Hills Station and Mt. Calvary Cemetery, on Sundays and holidays.

For the projection of signs, etc., as follows:

To E. A. Power, transparency, at the corner of Quincy and Bowdoin streets, Ward 20.

To E. A. Power, transparency, at the corner of Rill and Hancock streets, Ward 20.

To George G. King, two signs, at 534 Tremont street, Ward 9.

To M. Jenanyan, pole sign, at 1663 Washington street, Ward 12.

To Jerry Visconuti, three barber poles, at 76 West Springfield street, Ward 12.

To H. Levin, sign, at 1281 Washington street, Ward 9.

To I. Finkelstein, sign, at 2805 Washington street, Ward 22.

To Charles E. Blodgett, illuminated sign, at 31½ Howard street, Ward 6.

To George W. Dunlap, barber's pole, at 204 Massachusetts avenue, Ward 10.

To T. H. Mettling, sign, at Milton Block, Hyde Park avenue, Ward 23.

To Boston Fabric and Fibre Company, V-shaped sign, at 116-118 Second street, Ward 13.

To Professor John Angelo, V-shaped sign, at 302 Washington street, Ward 6.

To Edward A. Smith, to project a bay window at 83 Pinckney street, Ward 8.

The following were approved June 8, 1898:

Orders that the Superintendent of Streets be authorized to issue permits to erect, maintain, and use guy-posts, with the necessary ropes attached, the work to be completed on or before November 15, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:

Norcross Brothers, two, over Marlboro street, nearly in rear of estates 409-415 Commonwealth avenue, Ward 11, for use in building construction.

J. K. Ryan, one, on the corner of Buckingham and Dartmouth streets, two on the corner of Berkeley street and the railroad bridge; four in Castle square, at the junction of Ferdinand and other streets, Ward 10, for use in track construction of Boston and Providence Railroad Company.

A. B. Gunter, M.D., to erect, maintain and use a hitching-post in sidewalk in front of estate 2 Dexter row, Ward 5.

Orders that the Superintendent of Streets be authorized to issue permits to move wooden buildings, on the terms and conditions expressed in the ordinances of the city relating thereto, as follows:

The John Cavanagh Building Moving Company, one mansard roof, thirty feet in length, twenty feet in width, twenty-four feet in height, from 31 West Walnut park to Columbus avenue, thence 400 feet along, to lot on Notre Dame street, a private way, Ward 22.

John Cavanagh Building Moving Company, one mansard roof, thirty feet in length, twenty feet in width, twenty-four feet in height, from 27 West Walnut park to Columbus avenue, thence 400 feet along, to lot on Notre Dame street, a private way, Ward 22.

John Soley, one pitch roof, thirty-two feet in length, thirty-one feet in width, thirty feet in height, from 9 Robert street, through said street to South Walter street, private way, Ward 23.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates; said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the materials specified, with granite edgestone, the owners to furnish the said materials, viz.:

J. Shaffreen, corner Blue Hill and Lawrence avenues, Ward 20, of gravel.

O. E. Furber, east side of Humboldt avenue, between Townsend and Fuller streets, Ward 21, of gravel.

Anthony Weber, 16 Boylston street, Ward 22, of gravel.

C. M. Cook, 14 Gardner street, Ward 25, of gravel.

H. E. Weston, Dudley and Roxbury streets, Ward 18, of brick.

Neil McNeil, 196 Freeport street, Ward 20, of brick.

Urban Associates, Putnam street, corner Eagle street, Ward 1, of brick.

J. Goldinger, 216-218 Paris street, Ward 2, of brick.

Howard Brothers, 91-93 Old Harbor street, Ward 15, of brick.

Frederick Bleiler, 81-83 Minden street, Ward 19, of brick.

John M. Keane, 5 Centre avenue, Ward 20, of brick.

Robert A. Moore, Athelwold street, between Gawain and Millet streets, Ward 20, of artificial stone.

Warren K. Blodgett, trustee, 615 Atlantic avenue, Ward 7, of artificial stone.

Albert A. Wiggin et al., 29-31 Bradlee street, Ward 20, of artificial stone.

Gertrude M. Glover, 102 Centre street, Ward 20, of artificial stone.

J. L. Collins, 98 Centre street, Ward 20, of artificial stone.

J. S. Fonner & Co., 378-394 Blue Hill avenue, Ward 20, of artificial stone.

Frank P. Darcy, 69 Humboldt avenue, Ward 21, of artificial stone.

The following were approved June 8, 1898:

Ordered, That leave be granted to George H. Lyman, Collector of the Port of Boston, to occasionally place a platform across the sidewalk at No. 76 Central street and also across the sidewalk at the entrance to Nos. 1 and 2 State-street Block, facing the Cus-

tom House, for use in loading and unloading goods at the United States Appraiser's Store in said building.

Ordered, That the Superintendent of Streets be authorized to issue permits to the Metropolitan Water Board to close the roadway on Morton street, between River and Corbett streets, in such sections and at such times as it may be deemed necessary for the reasonable requirements of the work of laying main pipes under and along said Morton street.

Ordered, That the Boston Parks Boat Service Company be, and hereby is granted a license to keep a ferry between the landings indicated on the plan filed herewith, and the rate of fares or tolls which said licensees are authorized to demand and receive for passengers shall not exceed ten cents, between each landing for each person each way.

The following were approved June 9:

Permits to project bay windows, viz.:

Patrick Quinn, three over Maverick street, three over Sumner street, and one over the corner of said square and street, from building 1-3-5-7 Maverick square and Sumner street, Ward 2; to John Alles, one window and a cornice, at 53 Joy street, Ward 8.

The following were approved June 11, 1898:

Ordered, That the Superintendent of Streets be authorized to issue a permit to David F. Barry to construct, maintain and use an area with a sidewalk-light cover and two coal-hole openings not exceeding eighteen inches in diameter, with iron covers, under and in the sidewalk in front of estate on Milford street, at the corner of No. 2 Bond street, Ward 9. The work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:

O Street, Ward 14; two poles, thirty-five feet in height by twelve inches in diameter; width of sidewalk, eight feet; date of plan, April 9, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within sixty days from the date of the passage of this order.

Ordered, That permission be granted to the American Telephone and Telegraph Company of Massachusetts to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by A. P. Allen; said pole to be located as follows:

Dorchester avenue; one pole, forty-five feet in height by eighteen inches in diameter; width of sidewalk, ten feet; date of plan, June 6, 1898.

The Superintendent of Streets is hereby

authorized to issue permits for opening and occupying streets for placing and maintaining said pole, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said pole to be completed within thirty days from the date of the passage of this order.

ORDERS PASSED—NOT REQUIRING THE MAYOR'S APPROVAL.

By the Board of Aldermen.

Ordered, That due notice be given to the owner or owners of the buildings situated on Athelwold street, on land recently taken by this city for school purposes, that this Board will, on Monday, the thirteenth day of June instant, at 3 o'clock P.M., give a public hearing on the matter of adjudging said buildings to be a nuisance to the neighborhood or dangerous.

Ordered, That the City Auditor be hereby requested to report to this Board at its next meeting a detailed statement of the amounts that have been expended by the city under the authority of Chapter 435 of the Acts of 1895, being an Act Relative to the Establishment of a New Ferry Landing.

Ordered, That the Superintendent of Streets be requested to have the edgestones reset and the gutters repaired on Linden street, from Thomas Park to Fourth street, the expense of the same to be charged to the appropriation for Street Improvements, Ward 15.

Ordered, That the Superintendent of Streets be requested to have the edgestones reset and gutters repaired on M street, from Broadway to Fourth street, the expense of the same to be charged to the appropriation for Street Improvements, Ward 14.

Ordered, That the Superintendent of Streets be requested to submit to this Board at its next meeting an estimate of the cost of asphaltting Emerson street from Broadway to M street.

Ordered, That His Honor the Mayor be and is hereby requested to petition the Legislature for the passage of an act authorizing this city to borrow, outside the limit of indebtedness provided by law, the sum of eighty thousand (80,000) dollars, said sum to be used for the purpose of reconstructing Faneuil Hall Building.

MUNICIPAL BAND.

The Music Commission has arranged the program, so far as it relates to the Municipal Band, which is to be carried out in connection with the celebration of "Bunker Hill Day" at Charlestown on Friday, June 17.

The band, which will consist of thirty-six players, besides its leader, will participate in the morning procession, and in the evening will render a concert of appropriate music at Monument square, Charlestown.

Evening concerts will also be given by the East Boston Cadet Band at Sullivan square and by the Bunker Hill Cadet Band at the junction of Bunker Hill and Vine streets, Charlestown.

Board Meetings.

Insane Hospital Department.

32 Tremont Street, June 13, 1898.
The Insane Hospital Trustees met at 32 Tremont street on June 9, 1898.

Present: Mrs. Howard, Mrs. Marion, Mr. Sanderson, Drs. Baldwin and Knapp.

The bills for the month, amounting to \$3,082.49, at Austin Farm, and \$897.91 at Pierce Farm, were referred to the Committee on Supplies for approval, and the Chairman was authorized to sign a draft for the amount. The pay rolls for the month, amounting to \$2,174.02, at Austin Farm, and \$1,537.33 at Pierce Farm, were referred to the Committee on Service for approval, and the Chairman was authorized to sign a draft for the amount.

It was voted to sell some surplus hay at Austin Farm, to purchase a new mowing machine and eighteen lawn settees at Austin Farm and to enlarge the hennery.

It was voted to ask for the transfer of twenty patients from State Hospitals to Pierce Farm, to purchase additional bedsteads for their accommodation, and to finish off additional rooms in the attics at Pierce Farm for night attendants.

The Superintendent was authorized to renew the insurance upon the boilers at Pierce Farm, and it was voted to buy five more cows.

Lincoln H. Jones was appointed Assistant Supervisor at Pierce Farm.

The Committee on Rules reported certain changes in the published rules, by which the institutions at Austin and Pierce Farms were placed under one Superintendent, to be conducted as a single institution. These changes in the rules were accepted.

The Committees on Service and Supplies recommended that the Superintendent keep a running inventory of all supplies, and that a store-keeper should be appointed who should have the whole management of the store-room, check goods as they arrive, and keep accurate account of their distribution. The recommendations were endorsed.

The Committee on Service recommended that there be one farmer, one engineer and one carpenter at the Boston Insane Hospital. These changes were authorized.

It was voted that the City Collector be requested to send to the Trustees, once in three months, a report of what bills against patients in the State and City Insane Hospitals had been paid and what had not been paid.

The Chairman and Mrs. Marion were appointed to represent the Trustees at the next Public Institutions Conference.

Patients in hospital June 8, 1898:

PHILIP COOMBS KNAPP, Secretary.

Library Department.

Friday, June 3, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, Bowditch, DeNormandie, Lincoln, Prince and the Librarian.

Communications received: The Librarian's report; Auditor's monthly exhibit.

Employed: Benjamin Myers, for service at Station "P," in Grade D, at a salary of \$5 per week, beginning June 3.

Services dispensed with: Alice E. McKirdy, of Grade C, of the West End Branch, from and after July 10.

Discontinued: Station "K," at Bird street, from and after June 30.

Purchases authorized: Books chargeable to city moneys to the amount of \$331.83; to trust funds, \$107.18; to Fellowes Athenæum, \$4.25; miscellaneous articles, \$149.13.

Various applications for special privilege cards were received, considered and disposed of.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, May 31, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners held May 31, 1898:

A communication from Mrs. Kate Gannett Wells requesting the action of the Board on the nomination of Miss H. S. Cutler as Superintendent of the Women's Division, Charlesbank, in place of Miss McMartin, resigned, was received, and it was

Voted, That Miss H. S. Cutler be appointed as Superintendent of the Women's Gymnasium at Charlesbank, at a salary of \$80 per month, to take effect June 20.

Voted, That the Superintendent be authorized to erect iron fences at Charlesbank, on the lines of Cambridge and Leverett streets.

Voted, That the Superintendent be authorized to purchase a driving horse for the use of the Department.

Voted, That whereas by an act of this Board passed June 9, 1897, a parcel of land and flats belonging to Mary E. Moseley et al., containing 32,200 square feet, more or less, situate in that part of Old Harbor which adjoins the location of the Old Colony Railroad, was taken for a public park, there be paid to the said Mary E. Moseley, et al., the sum of \$1,600 upon their proving title thereto and giving a deed or release for the same, subject to taxes for 1897, also an acquittance and discharge of all damages, costs and expenses in consequence of said taking satisfactory to the City Solicitor, and that the Chairman sign a request on the City Auditor for a special draft in favor of said payment; said amount to be charged to the appropriation for Strandway from Marine Park west.

A proposition was received from Hugh Farrell to do the extra work required to complete the work on the Strandway, in accordance with the changes shown on the plan of April 18, 1898, for fifty cents per cubic yard, and it was

Voted, That the proposal be accepted.
An order to do the work in accordance with the modified plan was signed by the Chairman and submitted to the Mayor for approval.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, June 8, 1898.

A regular meeting of the Trustees was held at 28 Court square, on Monday, June 6, at 11 A.M.

Present: Professor Sedgwick, Mr. Rutan, Dr. Grainger, Mrs. Fallon, Miss Morse, Mrs. Lincoln.

The following appointments were confirmed:

Mary Nugent, night matron at the dormitory, at a salary of \$20 per month; Wilbur P. Snow, farm hand at Long Island, at a salary of \$25 per month; L. I. Dell, engineer at Long Island, at a salary of \$75 per month; Levi Lingard, first assistant engineer at Long Island, at a salary of \$40 per month; O. S. Bumpus, second assistant engineer at Long Island, at a salary of \$35 per month.

A suggestion from the visiting staff, in regard to a sun-platform to adjoin the hospital, was referred to the Committee on Hospital.

The question of baking bread at Long Island, for the use of the United States troops stationed at Long Island Head, was referred to the Committee on Finance.

The Secretary reported that on May 31 she found that during the temporary absence of the Superintendent, the two assistant engineers at Long Island had tendered their resignations to the Deputy Superintendent, to take effect at once, as the chief engineer had been discharged for cause, and was leaving on that evening, after two weeks' notice. The deputy declined to accept the resignations, but as the two men refused to work, immediate action had to be taken, and the assistance of the Mayor was asked and obtained. By his orders, a competent engineer was sent from Deer Island to take charge of the Long Island plant immediately, and temporary assistance was provided by the Deputy Superintendent. The engineer thus furnished was subsequently engaged permanently, with the approval and consent of the Penal Institutions Commissioner.

The request for the use of Long Island by the Boston Parks Boat Service Company, outside of the Randidge excursions, was taken up, and such use not being considered desirable, it was refused.

At this meeting there was an informal discussion as to the time at which the Charlestown Almshouse should be made an almshouse for women and aged couples. It was decided to call a special meeting to consider this subject on June 8.

A special meeting of the Trustees was held on June 8, the full Board being present.

The following votes were passed:

Voted, That on and after July 15, 1898, the Charlestown Almshouse be regarded as an almshouse for women and aged couples.

Voted, That the Superintendent of the Charlestown Almshouse be informed that inasmuch as the Trustees have voted that on and after July 15, 1898, the Charlestown Almshouse be regarded as an almshouse for women and aged couples, and inasmuch as it is the intention of the Trustees to employ a woman superintendent, his services will not be required after August 1, 1898.

Voted, That the Superintendent of the Charlestown Almshouse be granted the usual

vacation, with pay, from July 15 to August 1, 1898.

Voted, That in the absence of the Chairman of the Board, Mr. William L. Rutan act as Chairman, with full powers.

Voted, That in the absence of the Chairman of the Board, Mr. William L. Rutan, Acting Chairman, shall have power to approve all bills.

Number of inmates at Long Island on June 4, 1898:

	Male.	Female.	Total.
In Hospital:			
Adults	79	140	219
Children	6	7	13
In Dormitory:			
Adults	—	185	185
Children	—	—	—
In Institution	175	—	175
Total	260	332	592

Number of Inmates June 4, 1897 549

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Tuesday, May 31.

Public hearings were given in the matters of relocating Amory street, at Roxbury, from School street to Bragdon street, and constructing the same; laying out and constructing Bragdon street, at Roxbury, from Columbus avenue to Amory street, and laying out and constructing Thane street, at Dorchester, from Park street to Athelwold street.

A petition was received from W. F. Granger for a catch-basin, corner of Saratoga and Ford streets, East Boston, and also a petition from C. Ripley, attorney, for a sewer in Trescott place, at Dorchester.

Catch-basins were ordered built in Norfolk street and in Tremont street.

It was voted to pay Jennie L. Huebener \$1,567 for land taken from, and damages occasioned to, her estate on Adams street, at Dorchester, by the action of this Board in the improvement of the water-course known as Tenean creek.

It was voted to pay Jennie L. Huebener \$2,762 for all land taken from, and damages occasioned to, her estate on Adams street, at Dorchester, by the widening of said Adams street.

To pay Mary Brophy \$425 for all rights acquired in, and damages occasioned to, her estate on Shelton street, at Dorchester, by the action of this Board in the improvement of the water-course known as Tenean creek.

It was voted to pay Stephen F. Forbush \$7,000 and Albert L. Forbush \$400 for all land taken from, and for all damages occasioned to their estates on Columbia street, by the laying out of Columbia road.

Wednesday, June 1, 1898.

Public hearings were given in the matter of laying out and constructing Aldworth street, at West Roxbury, from Centre street to Vane street; laying out and constructing Van Winkle street, at Dorchester, from Dorchester avenue to the Shawmut Branch railroad; and laying out and constructing Leeds street, at South Boston, from Woodward street to Dorchester avenue.

A sewer was ordered to be built in Chase street.

A petition was received from H. B. Fisher and others for a change in the locations, etc., of streets in sections O 77, 78 Plat 8 of the Board of Survey plans; particularly relating to the lines of Ayer and Orkney roads. It was voted to give a public advertised hearing on the changes requested in the above petition.

A petition was received from Mary Hayes for a sewer in Massachusetts avenue, to drain property running from Massachusetts avenue to Graham street.

Friday, June 3, 1898.

Public hearings were given in the matters of laying out Edison Green, at Dorchester, from Dorchester avenue to Pond street, and constructing the same; of the laying out and constructing of Marbury terrace, at Roxbury, from Amory street to the New York, New Haven and Hartford Railroad; and of the laying out of Bayswater street, at East Boston, from Saratoga street to Austin avenue.

Sewers were ordered built in Adams and Richmond streets, Torrey street and Wentworth street, and catch-basins in Saratoga street and Neponset avenue.

An order of notice to quit was issued to abutters on Barrington (Hamilton) street.

Petitions were received for a sewer in Roland street, a catch-basin in Troy street, and a catch-basin in Bakersfield street.

A petition was received from F. M. Farquhar and others, that Marion street may be laid out, at West Roxbury.

A hearing was given in accordance with the advertisement in the matter of changes in locations, etc., of streets shown on plans S 24, 23, in Plat 13 of the Board of Survey plans.

Tuesday, June 6.

The following petitions were received:

For sewers in Oakridge street, Dorchester; Townsend street, Roxbury; for catch-basins in Cambridge street, Brighton; Bolton street, South Boston; and Clapp street, Dorchester; for a drop inlet in Norfolk street, Dorchester.

An order was passed assessing betterments on Boylston street.

Wednesday, June 8.

Public hearings were given in the matter of locating in a new channel the stream or water-course, at Dorchester, which crosses Freeport street, at its junction with Pleasant street, from said Pleasant street to the water front on Dorchester Bay; in the matter of the construction of a surface drain in private land between May street and the Arborway, at West Roxbury; in the matter of the construction of a sewer in private land, at Dorchester, between Ferndale street and Southern avenue, and in Southern avenue.

Petitions were received for a pipe chimney in Lauriat avenue, at Dorchester; and in Nottingham street, Dorchester.

A sewer was ordered to be built in private land at Dorchester, between Ferndale street and Southern avenue, and in Southern avenue. An order was passed locating in a new channel the stream or water-course, at Dorchester, between Freeport street and the water front on Dorchester bay.

Voted, That there be allowed and paid to William D. Lang, to Henry W. Hubbard, to

Jesse L. Nason, and to L. Foster Morse the sum of \$1,500 each, for services in appraising damages occasioned by the laying out of Columbia road, at Dorchester, and the Chairman sign a request on the City Auditor for four special drafts of \$1,500 each, in favor of such payments; said amounts to be charged to the appropriation for Laying-out and Construction of Highways.

Thursday, June 9.

It was voted, on recommendation of the Law Department, to pay James T. Colt and another, trustees, \$17,558 and interest at 5 per cent. from January 1, 1898, for damages occasioned their estate by the extension of Boylston street.

A catch-basin was ordered to be built in D street, South Boston.

Voted, That the Chairman be authorized to approve the several under-mentioned bills for expert examination and report on damages resulting from the laying out of Columbia road:

John C. Cobb, \$1,500; P. B. Corbett, \$400; Frederick H. Viaux, \$400; S. P. Holbrook, \$400; Joseph W. Homer, \$300.

Orders of notice were issued for the relocation of Geneva avenue, for the laying out of Homes avenue and of Esmond street, all in Dorchester.

A public hearing was given in the matter of the change in locations, etc., of streets shown on plans O 77, 78, Plat 8, of the Board of Survey plans.

J. H. JENKINS, Secretary.

LETTER FROM CAPTAIN WILDES TO MAYOR QUINCY.

The following letter has been received by Mayor Quincy from Captain Wildes, U. S. N., who commanded the United States cruiser Boston, at the battle of Manila:

U. S. S. Boston, at Anchor off Cavite, five Miles S.W. from Manila, May 12, 1898.

SIR: I have the honor to acknowledge the receipt of the telegram, signed "City of Boston," giving congratulations to the cruiser Boston on the battle of May 1, off Manila; and in the name of the officers and crew of this vessel I thank the City of Boston through you for this most courteous and appreciative attention.

The Boston was struck five times and was on fire twice. When action closed we were in all respects ready for another.

Very respectfully your obedient servant,

FRANK WILDES, Captain U. S. N.

P.S.—I ought to add that the Spaniards made a brave defence, but were overwhelmed by the steadiness and accuracy of our fire.

F. W.

At the meeting of the Board of Aldermen, held on Tuesday, June 14, 1898, the following appointments by His Honor the Mayor were specially assigned to the next meeting of the Board:

John H. Donovan, to be an Assessor, for the term ending April 30, 1899, in place of Joshua S. Dunklee, deceased.

Charles E. Folsom, to be an Assessor, for the term ending April 30, 1901.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Homes avenue be laid out as a highway, at Dorchester, from Bowdoin street to Topliß street, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of June, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Esmond street, at Dorchester, be laid out, from Blue Hill avenue, and over a private way known as Sanborn avenue, as a highway with the name of Esmond street, and constructed by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of June, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 13, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the public footway extending from the southeasterly line of the location of the New York, New Haven and Hartford Railroad at South street, West Roxbury, to another part of said South street, at Conway street, be relocated, the portion thereof crossing said location of said railroad passing thereunder as a subway, substantially as shown on a plan of said public footway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 A.M., of the twenty-eighth day of June, 1898, and the office of this Board as the time and place for a public hearing in the matter.

Attest: J. H. JENKINS, Secretary.

NOTICE.

STREET DEPARTMENT.

Boston, June 9, 1898.

The Street Department of the City of Boston invites proposals for building about 1,598 linear feet of sewer work in Richmond and Butler streets, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Thursday, June 16, 1898, his bid and a certified check for \$250, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, June 9, 1898.

The Street Department of the City of Boston invites proposals for building about 1,000 linear feet of sewer work in Scaver street, between Humboldt and Elm Hill avenues, Roxbury, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Thursday, June 16, 1898, his bid and a certified check for \$300, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

TON:

June 1, 1898.

The undersigned requests permission to project from building Nos. 190-192 High street, Ward 7, a cornice of the following description: To project from sixth story, over High street. Dimensions: Three feet high, 36 feet long, and 2 feet 10 inches over line of street.

CHARLES A. MORRIS,

By KENDALL, TAYLOR & STEVENS, Architects,
87 Milk street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

June 7, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twentieth day of June, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon, in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Geneva avenue be relocated as a highway, at Dorchester, between Bowdoin street and Olney street, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of June, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I. BOSTON, THURSDAY, JUNE 23, 1898. Number 25.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENT CONFIRMED.

At its meeting on Monday, June 20, the Board of Aldermen confirmed the appointment by His Honor the Mayor of John H. Donovan, a First Assistant Assessor, to be an Assessor, for the term ending April 30, 1899, in place of Joshua S. Duncklee, deceased.

THE STATE LEGISLATURE.

The latter part of the current week will probably witness the adjournment of the present session of the State Legislature.

During the session, 1,268 petitions, as against 1,198 the year previous, were presented for action. Consideration, however, was really given to 1,342 matters, as in many instances several requests, each requiring separate action, were embodied in one petition.

Of these 1,342 bills and resolves, 653 were acted upon favorably, and the remainder, 689, were acted upon adversely, a large majority of the latter merely reaching the committee stage of consideration.

Of the above aggregate nearly one-tenth, or 150 matters, related to the City of Boston,

of which number, up to the present time, forty-five have been enacted by the Legislature and have received the approval of the Governor.

REPORT OF THE PRINTING DEPARTMENT.

The Annual Report of the Printing Department, for the year ending January 31, 1898, constitutes City Document 27, 1898. The greater part of the report, which numbers forty-nine pages, and contains several illustrative cuts—is devoted to a consideration of the accounts of the Municipal Printing Plant. The analysis of the accounts, which in many respects is quite detailed and minute, covers the whole period of the Plant's operations, namely, eleven months from March 1, 1897, to January 31, 1898, inclusive.

Appended to the report of the Superintendent of Printing, which occupies thirty-seven pages, are (1) the report made to Mayor Quincy, on October 15, 1897, by Messrs. James P. Stearns, George H. Ellis, and John C. Cobb—the committee named by the Merchants' Municipal Committee to ascertain the results of the operation of the Printing Plant for the six months ending September 1, 1897; (2) a detailed report by Mr. William Franklin Hall, the expert accountant employed by the gentlemen named above, to examine the accounts of the Plant for the period covered by their report; and (3) a second report by Mr. Hall on the accounts of the Plant, for the entire period of its operation up to January 31, 1898, namely, eleven months. A general summary of the principal matters set forth in the document is given below.

The statements on which Mr. Whalen lays most stress in the text of his report may be summarized as follows:

The primary agitation for the establishment of the Municipal Printing Plant of Boston must be credited to the membership of Typographical Union, No. 13, of this city. The policy of the present administration in giving recognition to union labor and union principles made it possible for the plans of the union to be carried into practical effect.

The operation of the Plant by the city dates from March 1, 1897. The total payroll for the eleven months amounts to \$62,992.83; the total business done for the eleven months to \$122,265.52; the total operating expenses to \$110,058.12. Allowing for depreciation of the Plant, at the rate of

10 per cent. per annum, this Department is able to report a net gain, during the period covered by the report, of \$8,004.30, as against the old system of contract work.

Union conditions have been rigidly adhered to in the administration of the Plant. A high grade of competency has been insisted upon among the employees, and this has made possible the high grade of work produced.

In the matter of hours and wages the employees have been the beneficiaries of the union policy adopted, and a contented force of workmen is not the least pleasing result of this policy.

When the difficulties attending the inauguration of an enterprise of the nature of the Plant are taken into account, together with the opposition with which it had to contend, it may fairly be claimed that the results of its first year of operation are of such a character as to afford ample satisfaction to those who have stood as its sponsors.

It must be particularly pleasing to the Chief Executive of this city, as it is an assurance to the citizens of Boston that the financial calculations upon which he took the responsibility of recommending the establishment of a Municipal Printing Plant have been fully justified by the results of its operation thus far.

The accounts set forth by the Superintendent may be grouped under general heads, as follows: (A) A financial statement of the appropriation and revenue received from printing, rents, power, heating, etc.; also expenditures, paid up to January 31, 1898; (B) Statement of operation of Printing Plant from March 1, 1897, to February 1, 1898, including revenue uncollected and expenditures not paid; and (C) Tables covering several pages to show the cost of printing, stock, stationery and binding, supplied to the different Departments of the City Government, the courts of the County of Suffolk, and other appropriations enumerated and paid for by the same, outside of the City of Boston Printing Plant.

Under (A) the total credits for the year, amounting to \$162,227.36, are distributed as follows:

Transfer from preceding year . . .	\$40,000 00
Appropriation	28,800 00
Printing done at plant	80,793 41
Stamps, postals and government envelopes for different Departments	4,501 60
Rents from sub-tenants	1,425 00
Heat furnished	1,102 79
Steam power furnished	833 31
Printing and stationery	834 54
Sale of cylinder press	1,500 00
Sale of old material	125 00
Transfer from surplus revenue	2,211 71

Total. \$162,227 36

The amounts charged to the several Departments for "printing done at the plant" — aggregating \$80,793, are set forth in detail. No statement as to the number of employees in the Department is given, but the regular pay-roll for the eleven months, amounting to \$62,573, is analyzed by months and weeks. On the average, the monthly pay-roll was \$5,688. The largest pay-roll for a month was for August, when it amounted to \$9,396. The expenditures for type, cases, etc., binding, ruling, etc., paper stock, electrotyping, fuel, gas, ink, etc., are also itemized by months.

Under (B) the uncollected revenue, amounting to \$14,971 on February 1, 1898, is itemized by Departments; and the amount charged to the printing appropriation, viz., \$16,906, for printing annual reports, documents, etc., is also set forth in detail. The total net cost of the Plant to February 1, 1898, is set at \$42,031; its total operations at \$122,266; its total operating expenses at \$110,058. The gain accruing from the operation of the Plant is then \$12,207, or a net gain of \$8,004, after deducting \$4,203 for depreciation on the entire Plant, at the rate of 10 per cent. per annum.

The finding of Mr. Hall agrees with the statement of Mr. Whalen in respect to the figures, given above, under total credits, total operating expenses and net gain respectively. Mr. Hall's first report is of special interest, as it contains an extended analysis of the facts on which Messrs. Stearns, Ellis and Cobb based their summary report, to the effect that the actual net cost of the Printing Plant to the city on September 1, 1897, amounted to \$37,787, and that the result of the operation of the Plant, up to September 1, was a profit of \$6,360.

Mr. Hall's report on the cost and operation of the Printing Plant for the eleven months ending January 31, 1897, is full and explicit. Lack of space forbids an analysis of it here. His statement as to the assets and liabilities of the Plant on February 1, 1898, is as follows:

Statement of condition, February 1, 1898:

ASSETS.	
Plant	\$42,031 03
Uncollected revenue	14,971 06
Cash in bank	449 04
Stamps in office	5 00
Stock on hand	1,587 74
Unfinished work	3,885 26
Rents accrued	316 66
Heat and power accrued	344 66
Total assets	\$63,590 45
LIABILITIES.	
Unpaid bills	\$7,422 23
Pay-rolls, accrued, Plant,	620 41
Pay-rolls, accrued, City Hall	53 68
Reserve for depreciation,	4,203 10
	12,299 42
Surplus as shown above	\$51,291 03

THE MILK SUPPLY OF BOSTON.

The United States Department of Agriculture has recently published as "Bulletin Number 20," a pamphlet of thirty-seven pages, entitled "The Milk Supply of Boston and Other New England Cities," prepared by George M. Whitaker, M.A., who is

acting executive officer of the Massachusetts State Dairy Association, and the Secretary, for some years past, of the New England Milk Producers' Union. What follows is a condensed summary of the most salient facts set forth in Mr. Whitaker's report, which deals chiefly with the milk supply of the "Greater Boston."

A consideration of the milk supply of New England necessarily involves that of the Greater Boston, which contains 18 per cent. of the population of New England and over one-third of the city population of the section. Moreover, Boston is about the only city in New England whose supply presents interesting and peculiar conditions. Nearly all of the milk supply of the other cities and large towns comes from sources within a dozen miles of the point of consumption, and is largely distributed by producers from their own wagons. Three-fourths of the milk supply of the Greater Boston reaches the city by railroad in milk cars, specially constructed so as to secure refrigeration in summer and warmth in winter. The cars belong to the railroads and are leased by wholesale milk dealers, who furnish the car-men, ice and other supplies. The railroads haul the cars either on passenger trains or in special milk trains. The average number of cars in use is about thirty-five. The longest direct run is 140 miles, while some railroad milk comes only twenty miles. Most of the cars start between 4 and 6 o'clock in the morning and reach Boston between 10 and 11. In a few instances the cars are all night on the road. In some cases the milk is from eighteen to thirty hours old by the time it reaches Boston. The milk is shipped in cans, holding eight and one-half quarts wine measure — 900 cans being generally considered a carload.

Boston seems to have been the pioneer city in the Union as regards the railroad transportation of milk. It is said that the first railroad milk was brought to Boston on April 13, 1838, by Jason Chamberlain, over the Boston and Worcester Railroad. To-day the business of transporting milk to the city by railroad is done by seven concerns. Six of these milk-wholesaling houses have an association for securing uniformity of methods for mutual self-protection. The large wholesalers are known as "contractors," and three-fourths of the milk supply of Greater Boston passes through their hands. All of the contractors have factories for the manufacture of cheese or butter from surplus milk. The milk is bought in the country at a price for milk delivered at the car, at different country railroad stations. Milk is frequently drawn six miles to a railroad station; in some cases as far as ten or fifteen miles.

Members of the Milk Contractors' Association report monthly to each other their receipts and sales.

The following table shows approximately the amount of the business done by the association in the last five years, the figures representing the number of 8½-quart cans:

	Receipts.	Sales.	Surplus.
1893	9,263,487	7,619,722	1,643,765
1894	9,705,447	7,657,421	2,048,026
1895	9,856,500	8,040,732	1,815,768
1896	10,782,108	8,097,379	2,684,730
1897	11,798,231	8,738,572	3,059,619

The prices of milk are usually arranged by mutual agreement between the contractors and the officers of the Milk Producers' Union, the latter being an organization of farmers who sell milk to the contractors. The union has machinery in its constitution for ordering a strike in case of emergency. As milk is shipped from stations at various distances from the city, the following arrangement has been made for determining the price for each station. It has been agreed between the contractors and the Milk Producers' Union that all negotiations should be based upon a theoretical Boston price per can, and that there should be the following discounts from that price:

For stations between 17 and 23 miles from Boston	8 cents
For stations between 23 and 36 miles from Boston	9 cents
For stations between 36 and 56 miles from Boston	10 cents
For stations between 56 and 76 miles from Boston	11 cents
And 1 cent more for each additional 20 miles.	

The prices are adjusted twice a year for the six months beginning April 1 and October 1. The average theoretical Boston price in cents per can of 8½ quarts during the twelve years, 1886-97, was 32½ cents for summer milk and 36½ cents for winter milk.

Milk was sold in Boston by the contractors to pedlars during the summer of 1897 at thirty cents per can, with rumors of cutting prices to twenty-nine and even to twenty-eight cents. Milk is sold by the pedlars at varying prices. Hotels and large restaurants buy close, and allow only two or three cents for the handling; they bought during 1897 at from thirty-two to thirty-five cents per can. Small stores, which retail by the quart the contents of only a few cans, pay thirty-eight to forty cents per can. Consumers of a can daily pay forty-five and fifty cents; and those who have a quart of milk delivered at their houses daily by the milkman pay seven cents per quart. By going to a store for it, consumers frequently buy as low as six or even five cents. In a few cases, milk seems to be selected by grocers and provision dealers as an article to sell at cost, or a little less, as a bid for other business.

One of the peculiarities of the Boston milk business is the contractors' method of "grading the price." For instance, they agree to pay at stations at a certain distance from Boston twenty-four cents a can, from April to October, but they do not pay twenty-four cents for every month; they pay twenty-four cents on the average. During the flush months of May and June the price may be twenty-two cents, and to offset that cut the price will be increased to twenty-six cents during the sultry months of August and September, when milk is sometimes scarce. This tends to discourage exceptionally large shipments during months when the supply would naturally be largest.

The contractors agree to take all the milk that the farmers, from whom they buy at the various shipping stations, may produce. This leads to receipts largely in excess of the demand, such excess sometimes reaching one-fourth of the receipts. The contractors save themselves from loss by an arrangement through which the stipulated price is paid for only such milk as is sold

again, and a small margin in excess equal to about 5 per cent. of the sales. All surplus beyond this is made into butter by the contractors at their creameries, on the farmers' account. As a concession to the farmers, the contractors agree not to extend their routes or enlarge their territory.

On the arrival of the milk cars in Boston, at from 9 to 11 o'clock A.M., they are run on to the railroad sidings of the contractors. The cans are transferred from the cars to the pedlers' wagons, and, except in a few cases, the milk is then carried to the headquarters of the different pedlers, where it is run through large mixers for the purpose of securing uniformity of quality. It is then drawn out into pint and quart cans of tin and placed on ice. At about 2 o'clock the next morning the pedler starts out to deliver his milk to the customer. By this arrangement the milk remains in the city about eighteen hours before reaching the consumer, and may become from thirty-six to forty-eight hours old before it reaches him. According to the Milk Inspector of Boston, the number of persons selling milk from wagons in 1896 was 598, and the number of shopkeepers who sold milk was 1,019.

In addition to the milk brought to the city by the contractors, some milk is brought by pedlers into the city over the railroads. A portion of the milk of Greater Boston is produced within its limits. Several of the municipalities embraced within Greater Boston produce nearly all their local milk supply. Over 7,000 cows are kept in Greater Boston, the largest number (1,212) being in Newton. Waltham is credited with 882 cows, and Boston with 850. The Milk Inspector of Boston reports 5,232 cans sold daily within his jurisdiction, aside from the railroad milk. The milk in other cities and towns in Greater Boston, not brought by rail, must be 5,000 cans more. Although this near-by milk amounts to only about one-fourth of the city's supply, it appears to be increasing in quantity, and its competition with railroad milk is said to have been unusually severe during the last few months of 1897.

The cream trade has increased rapidly in Boston, Providence and other cities during the last few years. The rapid growth of the cream business has been largely due to the systematic enterprise of a few Maine creameries within the last ten or twelve years. The cream is sent in six-gallon cans, packed in ice, by express on fast trains, reaching Boston about six o'clock in the morning. It is there received by agents of the proprietors, put into half-pint, pint and quart glass jars, and delivered at once. Cream is retailed in Boston at sixty cents per quart.

The skim milk problem is of considerable importance in the City of Boston, owing to the great amount of surplus milk made into butter after it reaches the city. There is an unusual supply of skim milk, a great deal of which is allowed to run into the sewers, as there is no market for it. Some is sold and some is returned to the farmers, but the greater part is thrown away. This is a great loss of food material. If the people of the city could realize the food value of skim milk, and could buy it at a reasonable price, much good would result. But as too often sold, a quart of skim milk replaces a quart of

whole milk. Skim milk is also used to adulterate whole milk.

The use of condensed milk is increasing, especially in Boston. New England has six condensed milk factories, and the product from the West and even from abroad is also sold in grocery and provision stores.

The report also contains some account of the milk supply of Providence, Worcester, Lowell and other New England cities.

The price of milk to consumers in Providence is set at from five to seven cents per quart in summer and at six to eight cents in winter. Milk is from twelve to forty-eight hours old when it reaches the consumer in Providence. In Worcester, milk is retailed at six cents per quart, summer and winter. In Lowell, milk retails for the most part at five cents per quart in summer and six cents in winter. At New Bedford, the retail prices are usually six and seven cents. At Taunton, the retail price is six cents, summer and winter. In Burlington, Vermont, the prices range from four to six cents in summer and five to seven cents in winter.

All of the New England States have laws prohibiting the sale of adulterated or watered milk, or milk from which a portion of the cream has been removed; and all of the States, except Connecticut, have a statutory standard for milk. In Massachusetts, cities are required and towns are allowed to appoint milk inspectors. In Boston the present Milk Inspector is a man of ability and energy. He has a respectable salary and sufficient appropriation for collectors of samples, laboratory, etc. Hence the work of milk inspection in that city is very efficiently performed. All of the States have laws relative to the healthfulness of the milk supply. There is, however, no especial sanitary inspection of milk and its sources in any New England town or city, and cases are rarely brought into court for violation of sanitary laws. The milk inspection now in vogue relates almost exclusively to commercial frauds rather than to health matters. On the whole, the milk supply of New England seems reasonably up to the best average practice of the present times.

LEAGUE OF AMERICAN MUNICIPALITIES.

Invitations to be represented at the Second Annual Convention of the League of American Municipalities to be held in Detroit, August 1 to 4, inclusive, have been extended by the Executive Committee to all municipalities throughout the United States and Canada.

The convention promises to be one of the most important gatherings of city officials ever held. From two to three thousand mayors, councilmen and city officials are expected to be present.

NEXT MEETING OF THE BOARD OF ALDERMEN.

At its meeting on June 20, the Board of Aldermen voted to adjourn to Wednesday, July 6, at 3 P.M., and that hearings on all orders of notice assigned for a prior date be postponed accordingly.

NEW ANATOMY ACT.

Chapter 479 of the Acts of 1898 is an Act Relative to the Promotion of Anatomical Science.

Be it enacted, etc., as follows:

Section 1. Upon the written application of the Dean or other officer of any medical school established by law in this Commonwealth, the Overseers of the Poor of a city or town, the Trustees for Children of the City of Boston, the Pauper Institution Trustees of said city, the Insane Hospital Trustees of said city, the Penal Institution Commissioner of said city, the Trustees and Superintendent of the State Almshouse, State Farm or other public institution supported in whole or in part at the public expense, except the Soldiers' Home in Chelsea, shall, in accordance with the provisions of this Act, give such Dean or other officer permission to take the bodies of such persons dying in such town, city, city institution, State Almshouse, State Farm or public institution, as are required to be buried at the public expense, within three days of their death, to be used within the State for the advancement of anatomical science; provided, that such permission shall not be given to take the body of any soldier or sailor, known to be such, who has served in the War of the Rebellion or in the war between the United States and Spain. In giving such permission regard shall be had to preserving, as far as practicable, a fair proportion between the number of students in attendance at such institutions and the number of such bodies delivered to them respectively.

Sect. 2. Such Dean or other officer, before receiving any such dead body, shall give to the Board or officer surrendering the same to him a sufficient bond that such body thus received by him shall be used only for the promotion of anatomical science within this Commonwealth, and in such manner as in no event to outrage the public feeling, and that, after having been so used, the remains shall be decently buried, and further that it shall not be so used until the expiration of fourteen days from the date of the death of such deceased person, and further that such body shall during said fourteen days be kept in such condition and in such a place that it may be viewed by any person, at all reasonable times, for the purpose of identification.

Sect. 3. If the deceased person during his last sickness, of his own accord, requests to be buried or requests that his body be delivered up to any friend, or if within fourteen days after the death of such deceased person any person claiming to be and satisfying the authorities that he is a friend or is of kindred to the deceased, asks to have the body buried or surrendered to himself, or if such deceased person was a stranger or traveller who suddenly died, the body shall not be given up as aforesaid to such Dean or other officer, but shall in conformity with such request be either buried or delivered to such friend or kindred.

Sect. 4. So much of Chapter 81 of the Public Statutes, Chapter 310 of the Acts of the year 1887, and Chapter 185 of the Acts of the year 1891, as is inconsistent with this Act, is hereby repealed.

Approved May 27, 1898.

SCHOOL COMMITTEE.

A regular meeting of the School Committee was held in the School Committee Chamber, Mason-street Building, at 7.30 P.M., Tuesday, June 14, 1898, with President Huggan in the chair, and all members present except Mrs. Ames and Mr. Bassett.

The Chair read the following:

(1.) IN COMMON COUNCIL.

June 9, 1898.

Ordered, That the School Committee, through His Honor the Mayor, be requested to provide a flag for the Adams-street School-house, Ward 24.

IN COMMON COUNCIL.

June 9, 1898.

Referred to His Honor the Mayor.

TIMOTHY L. CONNOLLY, President.

OFFICE OF THE MAYOR.

June 13, 1898.

Respectfully referred to the School Committee, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on Supplies.

(2.) OFFICE OF THE MAYOR.

June 3, 1898.

THORNTON D. APOLLONIO, Esq., Secretary School Committee.

SIR: I refer to you for consideration by the School Committee, a communication addressed to me.

Yours respectfully,

JOSIAH QUINCY, Mayor.

SOCIETY OF ST. VINCENT DE PAUL.

May 6, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: At the monthly meeting of this society, last night, one of the conference presidents spoke of the inadequate accommodations for children of school age in the Bates District, giving his opinion that the children who should be at school by reason of having no school to go to are certainly learning nothing good on the streets, and he felt it a duty to call the attention of the society to it, in the hope that a respectful appeal might be made to the proper authority to furnish sufficient accommodations for the children and remove them from the danger and temptations of the streets.

I asked Mr. Wise to state in writing what he had in mind, and enclose the same herewith for such action as you deem proper in the matter.

Respectfully yours,

THOMAS F. RING, President.

May 6, 1898.

THOMAS F. RING, Esq.

SIR AND DEAR BROTHER: In response to your request of last evening, I give you the name of Annie White, past six years, living with her parents at 13 Norwich street since

last August. Her father informed me this morning that there was no room for her at the Bates School, that being the school of the district where they reside, and further, the father reports that thirty children are waiting for an opportunity to be admitted. It occurred to me that where there are so many in waiting, temporary quarters might be secured by the proper authorities, thus affording a benefit to children so circumstanced.

I would be pleased to confer with you on this matter. Awaiting your pleasure, I am
Very truly yours in St. Vincent de Paul,

JAMES F. WISE.

Referred to the Committee on School-houses.

(3.) IN BOARD OF ALDERMEN.

May 16, 1898.

Ordered, That the items in the annual appropriation order appropriating money for the support of the public schools, namely:

School Committee—

Alteration and repairs on school buildings to be expended by the Public Buildings Department, and temporary accommodations for school purposes	\$170,000
Other current expenses,	2,300,000
	\$2,470,000

be, and the same hereby is, rescinded.

Passed. Sent down for concurrence. May 19 came up concurred. Approved by the Mayor May 23, 1898.

A true copy.

Attest: JOHN T. PRIEST,
Assistant City Clerk.

Placed on file.

(4.) OFFICE OF THE MAYOR.

June 14, 1898.

TO THE SCHOOL COMMITTEE:

I think it proper to state that my reason for allowing the order making the appropriations for the schools for the current financial year, as passed by your body under the provisions of Chapter 400 of the Acts of 1898, to take effect without action on my part, was that it did not seem practicable, so long after the beginning of the financial year, when expenditures had already gone so far, to raise questions as to the propriety of any of the items of your appropriations through disapproving them. It therefore seemed to me best to let your appropriation order take effect at the expiration of ten days without my signature, in order that, on the one hand, expenditures incurred might not at this late day be interfered with, and that, on the other hand, it might not be inferred that I had assented through signing the whole appropriation order to the propriety of each and every item contained in it. This leaves the whole matter of school appropriations open to be dealt with next year.

I need not call attention to the necessity the School Committee is now under of keeping absolutely within the limit of expenditure fixed by the Legislature. There is absolutely no way now of meeting any deficit, or authority to incur one.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Placed on file.

On the recommendation of the Committee on Nominations, Edwin P. Seaver was elected Superintendent of Schools, for the term beginning September 1, 1898, and ending August 31, 1900; and the following-named persons were elected to serve as Supervisors of Schools for the same term: Ellis Peterson, Robert C. Metcalf, George H. Conley, George H. Martin, Walter S. Parker, Sarah L. Arnold.

On the recommendation of the same committee the following-named persons were elected to serve during the pleasure of the School Committee:

Eliot District, Granville S. Webster, master; Rice Training School, Lincoln Owen, master; Thomas N. Hart District, John F. Dwight, master.

For the term ending August 31, 1899:

Brighton High School, John C. Ryder, head master; Mechanic Arts High School, Charles W. Parmenter, head master; Bigelow District, J. Gardner Bassett, master; Charles Sumner District, Loea P. Howard, master; Martin District, Edward P. Sherburne, master; Minot District, F. Morton King, master; Prescott District, William H. Furber, master; Director of Drawing, James Frederick Hopkins. E. M. Weaver, jr., was elected Instructor in Military Drill, for the term ending August 31, 1899.

On the recommendation of the Committee on Nominations, the resignations of four teachers were accepted; the nominations of two assistant and five temporary teachers were confirmed; three teachers were nominated on probation; the appointments of eight teachers were confirmed; and three special teachers of Physical Training, and one armorer, were re-elected.

On the recommendation of the Committee on Nominations, it was ordered:

(1.) Under suspension of the rules, that teachers with higher ranks than the rules allow be authorized for the school year 1898-99 as follows: One sub-master in the Bennett District; one sub-master in the Henry L. Pierce District; one sub-master in the Lewis District; one sub-master in the Mather District; one sub-master in the Quincy District; one sub-master in the Washington Allston District; one first assistant, grammar school, in the Christopher Gibson District; one first assistant, grammar school, in the Emerson District; one first assistant, grammar school, in the Longfellow District; one first assistant, grammar school, in the Robert G. Shaw District; one first assistant, primary school, in the Dwight District; and one first assistant, primary school, in the Rice Training School.

(2.) Under suspension of the rules, that ungraded classes be allowed in the following-named districts, as stated: Agassiz, two; Bigelow, three; Brimmer, two; Comins, two; Dearborn, two; Dudley, two; Eliot,

eleven; Franklin, two; Hancock, eight; Henry L. Pierce, two; John A. Andrew, two; Lawrence, four; Lyman, two; Norcross, three; Phillips, four; Quincy, two; Sherwin, two; Shurtleff, two; Wells, three.

(3.) That the nomination of teachers for re-election, to serve during the pleasure of the School Committee, and for the term ending August 31, 1899, as contained and specified in School Document No. 5, be confirmed.

The Chair read the following:

(1.) CLERK OF COMMITTEES DEPARTMENT.

City Hall, June 8, 1898.

THORNTON D. APOLLONIO, Esq., Secretary
School Committee.

DEAR SIR: The Committee on Children's Entertainments have decided to abandon the use of the Wells, Phillips, Franklin and Rice School-houses, and to substitute the Dudley School-house for the Hyde, and to add the Shurtleff School-house, South Boston, to the list. If you will kindly get the desired permission from the Committee on School-houses, so that we can go ahead with the printing of tickets, you will greatly oblige

Yours very truly,

JOHN F. DEVER,

Clerk of Committees.

Placed on file.

(2.) CLERK OF COMMITTEES DEPARTMENT.

City Hall, May 31, 1898.

THORNTON D. APOLLONIO, Esq., Secretary
School Committee.

DEAR SIR: Will you kindly arrange to give the Committee on the Fourth of July the use of the following-named school-houses for children's entertainments on July 4, 1898, viz.:

Emerson, Blackinton, Frothingham, Hancock, Eliot, Wells, Phillips, Quincy, Franklin, Rice, Lawrence, Lincoln, John A. Andrew, Sherwin, Hyde, Martin, Comins, Lowell, Hugh O'Brien, Roxbury High, Robert G. Shaw, Minot, Harris, Tileston, Henry L. Pierce, and the High School Drill Hall for dancing.

Please arrange to have the necessary instructions given for opening the above school buildings, and oblige

Yours very truly,

JOHN F. DEVER,

Clerk of Committees.

Placed on file.

Boston, May 28, 1898.

(3.) TO THE SCHOOL COMMITTEE, CITY OF BOSTON:

The undersigned, representing the Societies and Chapters of the War of the Revolution and the War of 1812, respectfully petition your honorable body that permission be granted us to adorn the walls of the corridors and class rooms of the Paul Revere School with such pictures and casts as may serve to instil patriotism and love for country in the hearts of the pupils, besides commemorating the deeds of the sterling patriots who secured to their pos-

terity and the world, the blessings of liberty.

ALICE F. ROBINSON, Secretary,
And others.

On the recommendation of the Committee on School-houses, it was ordered:

(1.) That the City Council be granted the use of the following school-houses for children's entertainments, July 4, 1898, provided that the regular janitors of said school-houses be employed at the expense of the City Council to take charge of the buildings on that day: Emerson, Blackinton, Frothingham, Hancock, Eliot, Quincy, Lawrence, Lincoln, John A. Andrew, Sherwin, Dudley, Martin, Comins, Lowell, Hugh O'Brien, Roxbury High, Robert G. Shaw, Minot, Harris, Tileston, Henry L. Pierce, Shurtleff, and the High School Drill Hall for dancing.

(2.) That the plans and specifications for a High School-house, Dorchester, prepared by Hartwell, Richardson & Driver, architects, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board; and the said Hartwell, Richardson & Driver are hereby selected and employed to supervise the construction and erection of said school-house in accordance with the said plans and specifications; and the Committee on School-houses is hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications, and to make on behalf of this Board, the necessary contracts for such work, subject to the approval of the Mayor.

(3.) That the Board of Street Commissioners be requested to take, by purchase or otherwise, for the enlargement of the lot of the Bailey-street School-house, Dorchester, a parcel of land adjoining said lot, belonging to the Mary R. Cleaves estate, and bounded and described as follows, viz.: South-westerly by land now or formerly of James Reid, about 145 feet; north-westerly by Bailey street, about sixty-eight feet; north-easterly by land of the City of Boston, about 147 feet; south-easterly by land now or formerly of Albert T. Sinclair and Michael Walsh, about sixty-eight feet, containing 12,000 square feet, more or less.

(4.) That the Committee on School-houses be directed to advertise for proposals for selling to the city a lot of land in Roxbury containing about 25,000 square feet, for a site for a new grammar school-house within the territory bounded approximately by Warren street, Canton street, Lawrence avenue, Magnolia street, Wayland street, Hartford street, Brookford street and Woodbine street, in accordance with the provisions of Chapter 202 of the Acts of 1897; and said committee are hereby authorized to give a hearing as provided for by said act, and make a report thereon to this Board.

On the recommendation of the Committee on Salaries, it was ordered:

(1.) That Mabel L. Warner, assistant in the Roxbury High School, be placed upon the fifth year of service in her rank, to date from October 5, 1898.

(2.) That Edith A. Parkhurst, assistant in the Roxbury High School, be placed upon the eighth year of service in her rank, to date from September 1, 1898.

(3.) That there be paid to John D. Philbrick the sum of one hundred (100) dollars,

for extra services performed in the evening schools during the term of 1897-98.

Accepted.

Mr. Anderson asked that the report of the Committee on Rules and Regulations, especially assigned to 8 P.M., be taken from the table.

Dr. Fleischer rose to a question of privilege, and proceeded to speak on the resolutions of censure laid on the table at the last meeting of the Board. (See THE CITY RECORD, page 347.) He said that in the heat of debate he had characterized as "rotten" the management of the evening schools. He wished to withdraw the word, for there were reasons why he would not prove his charge.

Mr. Paul, in reply, said Dr. Fleischer's statement was a reflection on the whole Board. He hoped the gentleman would ask for a public inquiry.

Mr. Anderson moved to take up the report of the Committee on Rules and Regulations, which had been especially assigned to 8 P.M. After outlining its dissenting features, Mr. Anderson moved the substitution of the minority report, and called for the yeas and nays.

Substitution of the minority report was refused by a ye and nay vote of 6 to 15.

Mr. Gallivan then moved the substitution of the minority report signed by himself.

This, also, was refused by a vote of 10 to 12.

The debate then turned to the majority report of the Committee on Nominations.

Mr. Allen moved to amend Section 2 (Page 291 of the minutes) by adding to the list of committees named therein, one on high schools. This was passed by a vote of 17 to 4.

On motion by Mr. Allen, the section was further amended to include a Committee on the Normal School, by a vote of 15 yeas to 7 nays.

On motion of Mr. Allen, the same section was further amended by making it include a Committee on the Horace Mann School for the Deaf, by a vote of 14 yeas to 8 nays.

Mr. Calderwood moved further to amend the same section so as to make it include division committees. A ye and nay vote resulted 11 to 11.

Mr. Paul moved further to amend the same section by striking out the words "school-house agent." The motion was lost, 14 to 8.

It was ordered, that Mary H. Shed be appointed temporary assistant in the Girls' High School, at a salary of \$3 for each day of actual service from May 13, 1898, until June 27, 1898.

The resignation of Emily A. Fifield, as member of the Sixth Division Committee, was accepted.

The Chair appointed Mr. Eaton to be Chairman of the Committee on Nominations, vice Mr. Strange, resigned; and also appointed Mr. Nichols to the same committee, and to the Committee on Manual Training.

Mr. Anderson, for the Committee on Rules and Regulations, to whom was referred, May 24, the request of W. Rankin Good, et al., of Cincinnati, Ohio, that contributions be solicited in the public schools of this city for the purpose of raising a fund with which to build a battleship to replace the Maine,

reported that in the opinion of this committee it is unwise to authorize the solicitation of contributions in the public schools for any purpose. They therefore recommend that the request be not granted.

Accepted, and the recommendation of the committee adopted.

Mr. Anderson, for the same committee, to whom was referred, May 24, the request of the National Maine Monument Committee for the signatures of all the pupils in the public schools of this city, these signatures to be placed in a special vault underneath the monument, and that the children be permitted to contribute to the fund for building the monument if they so desire, reported that your committee do not feel that the signatures of school children are an appropriate tribute to the memory of our sailors on the Maine, nor do they feel that contributions should be permitted in the public schools, for any purpose. For these reasons they recommend that it is inexpedient to grant the request contained in the communication referred.

Accepted, and the recommendation of the committee adopted.

On the recommendation of the same committee, the following order was passed to a second reading:

That the rules and regulations be amended as follows:

Insert the following: Section 249. Principals may excuse pupils under seven years of age from attendance during afternoon sessions when so requested in writing by the parents of such children.

Mr. Lowell moved that the resolutions concerning Dr. Fleischer be again laid upon the table. This was defeated by a vote of 5 yeas to 11 nays.

The first resolution was passed by a vote of 12 yeas to 4 nays.

The second resolution was passed by a vote of 11 yeas to 5 nays.

It was ordered:

(1.) That the Master of the Prince School be authorized to permit members of the Boston Normal School of Gymnastics, who may be recommended by the principal of that school and approved by him, to assist in giving instruction in physical training to the pupils in his school during the ensuing year.

(2.) That the Committee on School-houses be requested to furnish at once flag-staffs for the Bunker Hill and Harvard Grammar School-houses.

(3.) That the use of the Tyler-street School-house, and the wood-working room in the Pierpont School-house, Hudson street, be granted to the Denison House Association for vacation schools from July 1, 1898, to August 20, 1898, the same to be without expense to the city.

The Board adjourned at 11.31 P.M. to 7.30 P.M., Thursday, June 30.

VACATION SCHOOLS IN NEW YORK.

The Board of Education of New York City has decided to open ten public schools as vacation schools as soon as the regular session closes. Six of the ten are below Fourteenth street. All of the ten are in crowded neighborhoods. The younger children only will be encouraged to attend.

The object of the schools is to afford amusement and occupation rather than instruction; hence the courses offered will consist chiefly of manual training, music and the like. No "grammar courses" are to be offered. If a demand for higher instruction should arise, it is probable that an effort will be made to meet it.

The Board of Education has resolved also to open to the public a number of school yards as playgrounds. The best method of the use of the school playgrounds is under consideration by a special committee. The cost of maintaining the playgrounds during the present summer vacation is estimated at from \$15,000 to \$20,000.

RANDIDGE EXCURSIONS.

The following circular letter from His Honor the Mayor was mailed on June 16, 1898, to the clergymen of the City of Boston:

OFFICE OF THE MAYOR,

City Hall, June 16, 1898.

REVEREND SIR: If your church contains children who would care to avail themselves of the opportunity for a free excursion down the harbor during the summer, I desire to ask your co-operation in making arrangements for the children's excursions, to be given during the months of July and August from the income of the Randidge Fund, which I hope will this year be increased by a special appropriation from the city treasury. The city has set aside a large and suitable area of land and beach at Long Island for use for this purpose, and the steamer "J. Putnam Bradlee" will take the children there, leaving the city at about 9 A.M. and returning about 6 P.M. Last year over 5,000 children were thus taken down the harbor for a day's outing, which included an opportunity for bathing and a luncheon, and this year, with better facilities at Long Island and the benefit of the experience gained, the city hopes to provide for several times this number, running an excursion of about 200 children every week day during these two months.

Last year the arrangements for distributing the tickets for these excursions and for providing the necessary care for the children were made chiefly through the churches of the city, with highly satisfactory results. Believing that this is the best method of handling the matter on the enlarged scale now proposed, I am addressing this circular letter to the clergyman of every church in the city. If the matter is of any concern to you, I desire to ask you to send me the name and address of some member of your church, either a man or woman, who would be interested in this work, and willing

to act as the representative of your church upon a general committee, to meet for consultation as to all matters relating to these excursions and for deciding definitely upon many questions which arise in regard to them. It is also desired through such member of the general committee to secure the organization in each church which contains children desiring to go on one of these excursions of a committee to accompany them, as the city is unable to provide all the attendance necessary for their safety and enjoyment.

The general committee will meet at the Aldermen's Chamber, City Hall, on Tuesday next, June 21, at 12.15 P.M. Will you, if you are willing to co-operate in this matter, designate some person to serve as a member, send me the name on the enclosed card, and place this circular in the hands of the person selected.

Yours respectfully,

JOSIAH QUINCY, Mayor.

In accordance with the above invitation the following-named persons, representing the various churches of the city, met in the Aldermanic Chamber on Tuesday afternoon, June 21:

Samuel Russell, Ruggles-street Baptist Church.

Benjamin F. Moore, North End Mission.

Christopher R. Eliot, Bulfinch-place Church.

Arthur A. Wordell, Parker Memorial, 11 Appleton street.

Samuel F. Hubbard, North End Union, 20 Parmenter street.

Florence N. Hobart, Every-Day Church, 397 Shawmut avenue.

Rev. Charles H. Washburn, Associate Pastor, Berkeley Temple.

Henry W. Young, 521 Seventh street, Gate of Heaven.

Dennis F. Brennan, 267 D street, St. Vincent's, South Boston.

Isaac Heller, 4 Baldwin place, Hebrew Free School.

James A. Josselyn, 33 Elm street, Charlestown, Monument-square Church.

Nahum A. Doe, 12 Cordis street, First Baptist Church.

Benjamin F. Schofield, 4 Cordis street, Charlestown, Bunker Hill Baptist Church.

Isom P. Wooton, Friends Church, Townsend street.

Charles P. Russell, Deacon of the Ebenezer Baptist Church, West Springfield street; Pastor, Rev. L. J. Montague; 175 children.

C. A. Langston, Barnard Memorial, 10 Warrenton street; seventy-five children.

J. A. L. Wallon, German M.E. Church.

Thomas Shay, St. Joseph's, Roxbury.

Sarah T. Burton, Church of Blessed Sacrament, Jamaica Plain.

Michael W. Hurley, St. James Church, Roman Catholic, Harrison avenue.

Alice Parker, Salvation Army, 13 Indiana street.

Rev. Augustus Prime, St. Margaret's Church, Brighton.

Miss Cara E. Pratt, 2 Trenton street, Charlestown, Missionary for Winthrop Congregational Church.

Mrs. May E. Talbot, St. Paul's Baptist Church, Joy street, Boston, Mass.

Mrs. H. A. Lockwood, 107 Putnam street, East Boston, Central-square Church, East Boston.

Miss S. G. Rowe, 84 Pinckney street, St. Andrew's Episcopal Church, Boston.

Mrs. M. C. Stanwood, 7 Boylston terrace, St. Andrew's M. E. Church, Jamaica Plain.

Mr. S. McNaugher, First Reformed Presbyterian Church, corner Ferdinand and Isabella streets, Boston, Mass.

Mr. A. Nilsson, 20 Emerald street, Boston, Emanuel Church (Swedish), Emerald street.

John S. Richardson, 29 Alaska street, Roxbury, First Universalist Society of Roxbury. (Office address, 1 Beacon street.)

James F. Wise, President of the Immaculate Conception Conference of the Society of St. Vincent de Paul.

Rev. Thomas F. McCarthy, 303 Bunker Hill street, Charlestown, representing St. Francis de Sales Church.

Miss Christine Maccullough, 47 West Cedar street, city, Church of the Advent, Brimmer street, Boston.

Mrs. Mary P. Brown, Charles-street A. M. E. Church, corner Charles and Mt. Vernon streets.

Mrs. A. J. Hopkins, Calvary Baptist Church, corner Ferdinand and Isabella streets, Boston.

Mrs. A. Prime, 434 Washington street, Brighton, delegate from St. Margaret's Church, Brighton.

Mrs. S. A. Bullard, 65 Harvest street, South Boston, delegate from Grace Church, South Boston.

Mrs. H. C. Coates, 36 Hanson street, Boston, First Christian Church, corner Kneeland and Tyler streets.

Mr. Michael W. Collins, St. Catherine's Parish, Charlestown District.

Irving F. Symonds (residence), 14 Greene street, Somerville, the Gospel of Spirit-Return Society, 9½ Appleton street.

Mrs. Lillian G. Carroll, 34 Sussex street, Boston, St. Mark's Congregational Church.

Mrs. Jeannie S. Bosworth, 1 Carlisle street, All Souls (Unitarian), Roxbury.

Mr. James J. Walsh, 669 Saratoga street, Star of the Sea Church, East Boston.

Hannah B. Wing, 7 Corwin street, Dorchester, Central Congregational. Pastor, Rev. P. B. Davis.

James M. Henderson, 93 Camden street, Revere-street M. E. Church.

Mrs. Florence C. Countee, 23 Temple street, Boston, A. M. E. Zion Church.

Rev. Joseph F. Coppinger and Mr. Florence Scannell, St. Joseph's Church, 6 Allen street, West End, Boston.

Miss Irene G. Hersey, 569 Broadway, South Boston, Hawes Unitarian Church, South Boston.

Mrs. Alice E. Jackson, 335 Centre street, Jamaica Plain, Centre-street Baptist, corner Mozart street.

Miss Amelia C. Jager, 7 Parker Hill avenue, Roxbury, Highland Congregational Church.

Mr. Frank Wilkinson, 180 H street, City Point M. E. Church.

Rev. J. C. Young, Pastor, Baker Congregational Church, East Boston.

William C. Parker, 156 Huntington avenue, South Congregational Church.

Matilda Daggett, 15 Hotel Warwick, Roxbury, Messiah's Church, Shawmut avenue, near Williams street, Roxbury.

Ida M. Bryant, 21 Pinckney street, First M. E. Church, Temple street, West End.

D. J. Gorman, 62 Forest street, St. Patrick's, Roxbury.

W. M. Crawford, 409 Sears Building; Bromfield-street Church.

Jesse Wagner, 9 Pratt street, Allston M. E. Church.

C. M. Ackerman, 103 Calumet street, Roxbury.

Florence A. Crosby, Clarendon-street Baptist Church.

Miss Katherine S. Willard, Union Congregational Church.

Miss Annie A. Barnes, 716 Harrison avenue, Shawmut Church.

Miss Phila A. Norris, 1677 Washington street, Mt. Vernon Church.

Miss Nellie A. Miller, 73 Montgomery street, Central Congregational Church.

William C. S. Healey, 193 Webster street, East Boston, St. Vincent de Paul, Assumption Church.

Alton L. Groves, 32 Folsom street, Roxbury, Harvard-street Baptist Church, city.

John O'Hare, St. Stephen's Parish.

John Gilchrist, Roxbury, Presbyterian.

William H. Hoyt, Boston, Lenox-street Congregational Church.

Frank H. Fitts, Brighton Evangelical Congregational Church, Dr. A. A. Berle.

Miss Theodate Wilson, 37 Princeton street, East Boston, Maverick Congregational Church.

Rev. J. C. Young (Pastor), 456 Bennington street, East Boston.

Elmer E. Chain, 28 Reedsdale street, Allston.

William A. Horgan, 218 Washington street, Dorchester, St. Peter's Parish, Dorchester, Mass.

John A. Volk, Roslindale, Bethlehem Chapel.

George O. Thurston, Saratoga-street Church, East Boston.

L. T. Hughson, Lower Mills Baptist Church, 2181 Dorchester avenue.

William J. Sullivan, 3 B street, South Boston, SS. Peter and Paul's Catholic Church.

Edna C. Brown, 693 Massachusetts avenue, Deaconess, Morgan Chapel.

Mary E. French, Morgan Chapel.

John W. Hunter, 35 Ellery street, South Boston, Dorchester-street M. E. Church.

Rev. G. H. Flint, 8 Westland avenue, Assistant Pastor Old South Church, and Pastor Hope Chapel.

John McDevitt, 36 Sheafe street, St. Mary's Church, Endicott street.

Robert T. Hay, 712 Exchange Building, Boston, First Presbyterian Church, East Boston.

E. L. Robinson, Bowdoin-square Baptist Tabernacle.

Philip Morrison, 2 Lawrence street, United Presbyterian Church.

In opening the conference, His Honor Mayor Quincy stated that more elaborate arrangements had been made for the entertainment of the children who participate in the excursions this year. Enlarged accommodations at Long Island have been set aside for their enjoyment, with an opportunity for bathing and athletic games, and a simple lunch would be provided for all.

A larger number of children will be able to take part in this season's excursions than during last year, and an appropriation by the City Government is to be recommended, to be added to the Randidge Fund.

Church committees would be given exclusive charge of the excursions. Ample shelter in case of storm would be provided for the children; open dates would be held at the end of the season to make good postponements on account of bad weather, and if more children were found to take advantage of the excursions than could be accommodated, a special boat, in addition to the city boat, would be chartered. Music will be provided on the trips, and it is hoped that instruction may be given to the children upon subjects suggested by the surroundings.

Arrangements will also be made to avail of the Park Department launches on certain days in each week, for the accommodation of mothers and small children.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

The regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 3 P.M., on Monday, June 20, 1898, Chairman Conry presiding, and all the members present.

Appointments by the Mayor.

Communications were received from His Honor the Mayor making the following appointments, subject to confirmation by the Board:

(1.) George R. Swasey, to be a member of the Board of Appeal, authorized by Section 12 of Chapter 419 of the Acts of 1892, to serve for the term ending April 30, 1901.

(2.) Peter H. Reinstein, to be a Constable of the City of Boston, for the term ending April 30, 1899.

Severally laid over, under the law.

The following messages were received:

Removal of Poles on Elmo Street—Veto.

OFFICE OF THE MAYOR,

City Hall, June 20, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith without my approval the order passed at your last meeting directing the removal of certain poles on Elmo street, for the reasons indicated in a communication from the Fire Commissioner, which is transmitted herewith.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE FIRE COMMISSIONER,

Bristol Street, June 20, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: Referring to the order of June 14 from the Honorable Board of Aldermen, regarding poles on Elmo street, I would respectfully report that these poles have been placed for the accommodation of a fire-alarm box which is one of the series located during the last year in a territory recently built upon to a degree which, in my opinion, necessitates the placing of this and other boxes for the proper protection of the neighborhood. Any poles must necessarily be more or less of a nuisance to some one; but, in behalf of the surrounding country, as well as for the efficiency of this Department, I protest against the removal of these until such times as the wires can be placed underground.

Your obedient servant,

H. S. RUSSELL, Commissioner.

Referred to the Committee on Public Improvements.

Stand on Sidewalk—Veto.

OFFICE OF THE MAYOR,

City Hall, June 20, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith without my signature a

vote passed by your Board at its last meeting granting permission to John C. Treaner & Co., "to place a stand on sidewalk at 1085 Washington street, Ward 9," for the reason that the said vote is illegal.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

Public Landing, Dorchester Bay.

OFFICE OF THE MAYOR,

City Hall, June 20, 1898.

TO THE CITY COUNCIL:

Under the present law, the loan appropriation made last year for extending Granger street to Dorchester avenue cannot be expended, as this street extension will have to be made under the Assessment Act, if at all, and this appropriation of \$10,000 is therefore available for transfer for other purposes. I believe that a public landing on Dorchester Bay would prove very useful, as it has in other parts of the city, and that provision should be made for one, and I therefore recommend the passage of the accompanying order authorizing a transfer from the appropriation above mentioned for such purpose.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the City Auditor be hereby authorized to transfer the sum of one thousand (1,000) dollars from the appropriation for Street Laying-Out Department, Granger street extension to Dorchester avenue, to a special appropriation for Baths Department, Public Landing, Freeport street.

The order was passed.

Present Borrowing Capacity.

OFFICE OF THE MAYOR,

City Hall, June 20, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the City Auditor, in reply to your order requesting a report as to the present borrowing capacity of the city.

Respectfully,

JOSIAH QUINCY, Mayor.

AUDITING DEPARTMENT.

City Hall, June 20, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In answer to the request of the Board of Aldermen of June 14, 1898, I would state that the borrowing capacity within the debt limit established by law, at the present time, is \$549,997.

Yours respectfully,

JAMES H. DODGE, City Auditor.

Placed on file.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following were approved June 14, 1898:

Ordered, That the Superintendent of Streets be authorized to expend the sum of \$71,000 for a new ferry-boat for the East Boston Ferry, to take the place of the "William E. Russell," and that the sum to be received from the United States Government for the above-named vessel (\$71,000) be appropriated for the said purpose.

Ordered, That the Trustees of the City Hospital be authorized to expend the sum of \$23,000 for new buildings, Hospital Department, work on laundry buildings and equipment of same; and that to meet the appropriation aforesaid the City Treasurer issue and sell, as may be required, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of \$23,000; said bonds or certificates to be made payable at the office of the City Treasurer of the City of Boston twenty years from the date of the same, and to bear interest at the rate of $3\frac{1}{2}$ per cent. per annum, payable semi-annually.

Ordered, That any premium obtained in the negotiation or sale of said bonds or certificates be paid to the Board of Commissioners of Sinking-Funds for the redemption of the debt hereby created.

The following were approved June 16, 1898:

Ordered, That the City Auditor be hereby authorized to transfer the unexpended balance of the appropriation for Cabot street asphalt, between Linden Park and Vernon street, to the special appropriation for Street Improvements, Ward 18.

Ordered, That the City Treasurer be hereby authorized to pay to Frederick W. Todd & Co. the sum of \$75.66, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Harrison avenue, corner Newcomb street, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2,499, fol. 358.

Ordered, That the City Treasurer be hereby authorized to pay to Thomas F. Phillips the sum of \$141.58, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Bailey street, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2,420, fol. 76.

Ordered, That the City Treasurer be hereby authorized to pay to Thomas F. Phillips the sum of \$74.15, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Edwin street, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2,501, fol. 65.

Ordered, That the City Treasurer be hereby authorized to repay to David A. Barry & Co., the sum of \$1,400, being the amount paid by them for a liquor license at

1146 Washington street, which the Board of Police voted not to issue.

Ordered, That the City Treasurer be hereby authorized to pay to David Floyd the sum of \$69.15, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Kilton street, Dorchester, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2,500, fol. 86.

Ordered, That His Honor the Mayor be and he hereby is authorized to execute on behalf of the City of Boston, an instrument, satisfactory to the Law Department, releasing the conditions in the deeds given by the City of Boston to Paul D. Wallis, May 10, 1856, recorded Suffolk Deeds, Book 700, page 196; January 16, 1856, recorded same Deeds, Book 692, page 263; February 2, 1856, recorded same Deeds, Book 694, page 35; June 29, 1857, recorded same Deeds, Book 720, page 181, and March 19, 1859, recorded same Deeds, Book 753, page 172, of the estates on the east side of Washington street, between Massachusetts avenue and East Springfield street, now the properties respectively of George H. Bowles, Hannah Murray, Angelo Cunio and William A. Johnson, and at present known as Nos. 1750, 1746, 1742, 1738 and 1734 on said Washington street.

Ordered, That the Superintendent of Public Buildings be hereby authorized to expend the sum of \$80,000 for the purpose of reconstructing Faneuil Hall Building, and to meet said appropriation the City Treasurer is hereby authorized to issue, at his discretion, and sell, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of \$80,000, said bonds or certificates to be made payable at the office of the City Treasurer, Boston, twenty years from the date of the same with interest thereon at not exceeding the rate of 4 per cent. per annum, payable semi-annually.

Ordered, That any premium obtained by the said City Treasurer in the negotiation or sale of said bonds or certificates shall be paid to the Board of Commissioners of Sinking-Funds for the redemption of the debt hereby created.

Ordered, That the Superintendent of Streets be authorized to expend the sum of \$71,000 for a new ferry-boat for the East Boston Ferry, to take the place of the ferry-boat "East Boston," that the sum of \$57,500 to be received from the United States Government for the above-named vessel be appropriated for said purpose, and that the remaining sum of \$13,500 be charged to the loan authorized by Chapter 435 of the Acts of 1895.

Ordered, That the City Auditor be authorized to transfer the loan appropriation of \$15,000 for Commonwealth Park, gymnasium, from the Public Grounds Department to the Baths Department.

Ordered, That the School Committee be requested to make arrangements for keeping all, or as many as possible, of the school-yards open during the summer vacation, for use as playgrounds for children.

Ordered, That the Superintendent of Streets be authorized to sell the smaller sizes of crushed stone produced in the manufacture of cracked stone at the crushers, but not needed for the use of the Department, and that the proceeds of such sales be credited

to the appropriation for Street Department, Paving Division.

Ordered, That the City Treasurer be hereby authorized to repay to Alfred H. Clark & Co. the sum of \$2,000, being the amount paid by them for a liquor license at Boston Tavern, which the Board of Police voted not to issue.

Ordered, That the Superintendent of Streets be authorized to lease a suitable location in the vicinity of Jeffries Point, Ward 2, to be used as a public landing, at an expense not exceeding \$300; the cost to be charged to appropriation, City Council, Incidental Expenses.

Ordered, That the second and fourth orders in the appropriation and tax orders for the financial year 1898-99 be, and hereby are, rescinded, viz.:

Ordered, That the appropriations herein-after specified, except those for the Water Department, be met out of the money remaining as a general balance in the treasury at the close of the thirty-first day of January, 1898, not including any money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and out of the income of the current year, other than that from the water works, and out of the taxes to the amount of \$13,253,790.

Ordered, That to provide the said amount of taxes, the sum of \$13,253,790 be raised by taxation on the polls and estates taxable in the City of Boston; that all such taxes, and all taxes assessed for meeting the city's proportion of the State tax of the year 1898, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1898; that all such taxes paid after the first day of November, 1898, bear interest from and including said day until paid at the rate of 6 per cent. per annum up to the first day of January, 1899, and at the rate of 7 per cent. per annum after and including said first day of January, except that taxes assessed upon shares of stock of national banks shall bear interest at the rate of 12 per cent. per annum from and including said first day of November, until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

Ordered, That the appropriations herein-after specified, except those for the Water Department, be met out of the money remaining as a general balance in the treasury at the close of the thirty-first day of January, 1898, not including any money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, and out of the income of the current year, other than that from the water works, and out of taxes to the amount of \$10,589,201.

Ordered, That to provide the said amount of taxes, the sum of \$10,589,201 be raised by taxation on the polls and estates taxable in the City of Boston; that all such taxes, all taxes for school purposes, and all taxes assessed for meeting the city's proportion of the State tax of the year 1898, or of any other taxes or assessments payable to the Commonwealth, be due and payable on the first day of October, 1898; that all such taxes paid after the first day of November, 1898, bear interest from and including said day until paid at the rate of 6 per cent. per

annum up to the first day of January, 1899, and at the rate of 7 per cent. per annum after and including said first day of January, except that taxes assessed upon shares of stock of national banks shall bear interest at the rate of 12 per cent. per annum from and including said first day of November, until paid; and that all interest which shall have become due on taxes shall be added to and be a part of such taxes.

By the Board of Aldermen.

The following was approved June 14, 1898:

A permit to the Best Baking Company to excavate cellar bottom of bakery on Cottage terrace, Ward 17, below grade 12.

The following were approved June 16, 1898:

Ordered, That in addition to the rights heretofore granted the Quincy and Boston Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain, and use additional tracks on Neponset avenue, from the abutments of Neponset bridge to its present tracks on said Neponset avenue, with necessary switches, turn-outs, cross-overs and connections; said tracks being shown by red lines on a plan made by H. T. Whitman, dated July, 1897, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said Quincy and Boston Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be hereby granted to the Quincy and Boston Street Railway Company to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so called:

On Neponset avenue, from the abutments of Neponset bridge to its present tracks on said Neponset avenue.

And permission is hereby granted to the said Quincy and Boston Street Railway Company, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality or mate-

rial used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise it shall be null and void.

Ordered, That permission be hereby granted to the New England Telephone and Telegraph Company of Massachusetts, to lay and maintain underground conduits for electric wires and cables, provided with suitable man-holes in Cambridge street, between Sullivan square and Somerville line, Ward 4, and Chester street, between Brighton avenue and Ashford street, Ward 25.

The surface of said streets shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and man-holes in the afore-said streets.

All the work of laying said conduits to be done under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of Chapter 36, Section 14, of the Revised Ordinances of 1892.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts, to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said pole to be located as follows:

Blue Hill avenue; one pole, forty feet in height by fourteen inches in diameter; width of sidewalk, seven feet; date of plan, April 11, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said pole, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said pole to be completed within ninety days from the date of the passage of this order.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts, to place and maintain poles for the support of wires at points designated by red and blue dots on plans deposited in the office of the Superintendent of Streets, made by G. H. Dresser and C. A. Perkins; said poles to be located as follows:

Rockland street, Ward 25; thirteen poles, thirty-five feet in height by thirteen inches

in diameter; width of sidewalk, seven feet; date of plan, April 30, 1898.

Washington street, Ward 22; one pole, thirty-five feet in height by twelve inches in diameter; width of sidewalk, ten feet; date of plan, April 23, 1892.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts, to remove five poles from Rockland street, shown by black dots on a plan made by G. H. Dresser, dated April 30, 1898, and one pole from Washington street, shown by red dot on plan made by C. A. Perkins, dated April 23, 1892; said plans being on file in the office of the Superintendent of Streets.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within sixty days from the date of the passage of this order.

Ordered, That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by E. A. Harrington; said poles to be located as follows:

Bowdoin street; eleven poles, forty feet in height by fourteen inches in diameter; width of sidewalk, ten feet.

Washington street; eighty-nine poles, forty feet in height by fourteen inches in diameter; width of sidewalk, eight to ten feet; date of plans, June 7, 1898.

Ordered, That permission be granted to the Boston Electric Light Company, to remove sixty poles from Washington street, Dorchester, said poles being shown by blue dots on a plan made by E. A. Harrington, dated June 7, 1898, and deposited in the office of the Superintendent of Streets.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within four months from the date of the passage of this order.

Ordered, That the Boston and Maine Railroad Company be hereby authorized to sell at public auction on or before November 1, 1898, and after publication of the time and place of the sale according to law, the articles left and remaining unclaimed at the passenger station of said company in the City of Boston.

Ordered, That the time allowed the New England Telephone and Telegraph Company of Massachusetts, in which to construct underground conduits in Washington street, Brighton, and other streets, under the order passed by this Board July 29, 1895, be and the same is hereby extended to December 31, 1898.

Ordered, That the Superintendent of Streets be and is hereby authorized to reserve such portions of the way on the westerly side of Massachusetts avenue, between Gerard street and Edward Everett square, for use as a bicycle path, for such time and under such conditions and restrictions as he may deem proper for the public convenience.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

By the Board of Aldermen.

The following orders were presented to the Mayor June 8, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Streets be authorized to issue a permit to A. B. Gunter, M.D., to erect, maintain and use a hitching-post in the sidewalk in front of estate 2 Dexter row, Ward 5. The work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree standing in front of 160 Ashmont street, and to trim a tree at the corner of Dorchester avenue and Richmond street, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a dead tree standing in front of the estate of G. F. W. Richmond, 9 Whiting street, Ward 21; the expense attending the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree standing in front of estate 354 Harrison avenue, the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to trim the trees on Newbury street, between Fairfield and Exeter streets, the expense of the same to be charged to the appropriation for Public Grounds Department.

Special Notices.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on June 15 and 21 respectively:

General Order No. 520.

Whereas, It appears that Patrolman Christopher Karcher, of Division 11, has performed faithful service in the Police Department for twenty-seven years; that he is an honorably discharged soldier of the War of the Rebellion; and that he has requested to be retired from active service under the provisions of Chapter 172 of the Acts of the year 1898; it is, therefore, hereby

Ordered, That the said Patrolman Christopher Karcher be retired from active service in the Police Department and placed upon the pension roll, and allowed the sum of \$600 per annum, to be paid monthly; said sum being one-half of the amount of compensation received by him at the time of his retirement.

This order will take effect at roll-call, 5.45 o'clock P.M., the sixteenth instant.

General Order No. 521.

In the matter of the complaint made against Reserve Officer Jacob S. Butler, of Division 3, for violation of Rule XXVI of the Police Manual, to wit: Neglect of duty, the Board finds the said Reserve Officer Butler guilty and sentences him to a forfeiture of ten days' pay.

NOTICE.

ENGINEERING DEPARTMENT.

Boston, June 22, 1898.

Contractors are invited by the City Engineer of the City of Boston to furnish proposals for Paving and Regulating Summer-street Extension, near L-street bridge, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the City Engineer, City Hall, Boston, Mass. A bond satisfactory to the City Engineer in the sum of five thousand (\$5,000) dollars for faithfully doing the work will be required.

The bidder must use the form of proposal to be obtained at said office, sign the proposal and leave it at said office before 12 o'clock noon of June 30, 1898, with a certified check for five hundred (\$500) dollars, payable to the City of Boston. This check is to be the property of the city if the Contractor fails to carry out his proposal.

WILLIAM JACKSON, City Engineer.

NOTICE.

STREET DEPARTMENT.

Boston, June 15, 1898.

The Street Department of the City of Boston invites proposals for constructing and regulating about 570 linear feet of macadam roadway in Leedsville street, between Dorchester avenue and Adams street, Boston, Mass., according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond for \$500 satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Friday, June 24, 1898, his bid and a certified check for \$300, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 13, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the public footway extending from the southeasterly line of the location of the New York, New Haven and Hartford Railroad at South street, West Roxbury, to another part of said South street, at Conway street, be relocated, the portion thereof crossing said location of said railroad passing thereunder as a subway, substantially as shown on a plan of said public footway in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-eighth day of June, 1898, and the office of this Board as the time and place for a public hearing in the matter.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

THE BOSTON CITY HOSPITAL.

PROPOSALS FOR ICE.

Boston, June 18, 1898.

The Trustees of the Boston City Hospital will receive proposals for a supply of ice for the Hospital Department for one year beginning July 1, 1898. The quantity to be 800 tons (more or less) of 2,000 pounds to the ton. The ice must be of the best quality, cleaned and stored on delivery, and delivered at such times and in such quantities as the Trustees or Superintendent may direct. The ice supply is to include delivery at the Hospital proper and the South Department, 745 Massachusetts avenue. Each proposal must be accompanied by a properly certified check for one hundred (100) dollars, and a bond will be required for the faithful performance of the contract. Proposals to state the price per ton of 2,000 pounds each, and to be addressed "The Boston City Hospital, Proposals for Ice" and to be left at the Hospital not later than Friday, June 24, at 12 o'clock M., at which time and place proposals will be publicly opened. The right is reserved to reject any and all proposals. By order of the Trustees,

G. H. M. ROWE, Superintendent.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 20, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that there be laid out, at East Boston, as a part of Bennington street, a highway including Bennington street from its junction with Chelsea street to its junction with Walley street, Walley street from its junction with Bennington street to its junction with Leyden street, Leyden street from its junction with Walley street to its junction with Beachmont avenue, and Beachmont avenue from its junction with Leyden street to Belle Isle Inlet, and that said highway be constructed by grading and covering with pavement, gravel, or other material, substantially as shown on a plan of said highway in the office of this Board, that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, including Chapter 319 of the Acts of 1897, and by authority of Chapter 226 of the Acts of 1888, and that they appoint 11 o'clock A.M., of the fifth day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JUNE 30, 1898.

Number 26.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENTS CONFIRMED.

The Board of Aldermen, at its meeting held on Monday, June 27, confirmed the following appointments made by His Honor the Mayor:

George R. Swasey, to be a member of the Board of Appeal, for the term ending April 30, 1901.

Peter H. Reinstein, to be a Constable, for the term ending April 30, 1899.

Russell Musculus, to be a Weigher of Coal, for the term ending April 30, 1899.

Robert J. Desmond and William T. McLaughlin, to be Measurers of Grain and Inspectors of Pressed or Bundled Hay, for the term ending April 30, 1899.

FOURTH OF JULY CELEBRATION.

The one hundred and twenty-second anniversary of the Declaration of Independence will be observed in the City of Boston on Monday, July 4, 1898, in the customary manner.

The total appropriation of \$12,000, made by the city for a proper observance of the day, is in part distributed for the following-named purposes:

Children's Entertainments—At various school-houses throughout the city, and at

the Grand Opera House and Bowdoin-square Theatre, with dancing at the High School Drill Hall, \$3,700.

Fireworks—At Boston Common; Franklin Park; Marine Park; Wood Island Park; Edward Everett Square; Meeting House Hill; Harvard street, corner Glenway; Nevin's Hill; opposite Highland Club; Metropolitan Hill; North End Park, \$2,200.

Sailing Regatta—Off City Point, at 11 A.M., \$500.

Whitehall Rowing Races—Off North End Park, \$175.

Bicycle Races—Franklin Park, 9.30 A.M., \$350.

Veteran Firemen's Play-out—Boston Common, 9.30 A.M., \$325.

Celebration—Wards 1 and 2, \$500.

Celebration—Wards 16, 20 and 24, \$750.

Celebration—Wards 17, 18 and 19, \$500.

Celebration—Wards 21, 22 and 23, \$750.

Celebrations, consisting of concerts and fireworks, will be given also in South Boston and Brighton.

Athletic sports will be held on Boston Common at 9.30 A.M., and at Wood Island Park all day.

During the day and evening, concerts will be rendered at various places, by the Municipal Band and other bands.

The oration of the day will be delivered in Faneuil Hall, at 10 A.M., by Rev. Denis O'Callaghan, and the Declaration of Independence will be read by Master Elmer P. Derby. Rev. John S. Lindsay, D.D., will officiate as chaplain.

LIBRARY DEPARTMENT.

The following is an abstract of the Annual Report of the Library Department, for the year ending January 31, 1898. The report, which constitutes City Document No. 21, embodies the executive reports of the Trustees, Librarian, Supervisor of Branches and Stations, and of the Examining Committee, together with fourteen appendices, in which are included the yearly financial statement of the Library, a list of Trustees, Librarians and Examining Committees for forty-six years, copies of correspondence, names of donors to the Library, and the value of gifts.

In the report of the Trustees, which is principally devoted to a consideration of the use of the Library, acknowledgment is made of donations to the endowment fund received during the year.

The usefulness of the Library has far exceeded the most sanguine anticipations,

and in order that its high educational functions may be properly developed, additional accommodations must be provided. The need of small class-rooms and a lecture hall, in which may be given explanatory lectures in connection with the special exhibitions held from time to time, is most seriously felt, and it is hoped that provision may soon be made for this service.

Money thus expended in the development of the use of the Library must be regarded as a good investment. The influence of the Library in preventing idleness and crime has brought indirectly to the city an increase of wealth. The gifts to the Library since the erection of the present building have equalled in value approximately one-twelfth of its entire cost.

The Trustees call the attention of the City Government to the importance of adopting a definite policy with reference to the treatment of Copley square, that it may be laid out in a manner worthy of its surroundings.

The report of the Librarian covers forty-four pages, and deals with the administrative affairs of the Library.

During the year, the Library system has been augmented by the establishment of one new delivery and deposit station, while the deposit feature has been materially extended. The branch system now comprises fifty-seven outlying agencies, as against forty-three in existence February 1, 1897.

The endowments have been increased during the year by \$57,000, making the total endowment now available \$267,350, of which all, save the sum of \$1,000, is under investment. Certain sums, amounting to \$2,447, have also been received for direct expenditure.

The gross income of the Library during the year from all sources, including balances February 1, 1897, except special appropriations for construction and furnishing of Copley-square building and for improvement of the Broadway-extension delivery station, was \$295,138.08. The expenditure was \$259,096.65. A nominal balance on February 1, 1898, would appear, therefore, as \$36,041.43. This is, however, subject to outstanding obligations and in part to special restrictions. The available balance is but \$25,285.16.

Several improvements in the Central Library building and its equipment have been made during the past year, and various others, for the most important of which plans and estimates have been secured, are in contemplation. These include additions to the system of heating and ventilating; a service elevator; enlarging present space for various uses, and installing a system of intercommunication between the stacks.

According to last year's report, it appears that the number of volumes in the Central Library and branches on January 31, 1897, was 663,763, of which 492,901 were in the Central Library. On January 31, 1898, the number in all departments were 698,888, of which 528,079 were in the Central Library. The net increase is then 35,129.

The total expenditure for books and periodicals during the past year was \$40,351.62, as against \$40,430.23 in 1896. Of this amount, \$25,264.17 was expended for the Central Library.

The accessions of books during the past year, excluding mere transfers from one department to another, have been as follows:

	Volumes.	Volumes.	Total.
Added by purchase, Central Library . . .	18,099	Branches, 6,030	24,129
Added by gift, Central Library . . .	8,792	Branches, 210	9,002
Totals	26,891	6,240	33,131

The number of givers of books has increased from 1,545, in 1896, to 1,776 during the past year. In some cases the gifts comprise the entire libraries of certain Boston societies, organized for study in special directions, while many volumes donated by individuals are of the highest value.

The usefulness of the Graupner collection of photographs, given to the Library last year, suggested that a large service might be effected by a collection more widely representative of the various schools of painting and departments of art and architecture.

An appeal was made to the public of Boston for contributions towards such a purchase. The response was cordial, and resulted in \$1,321 being subscribed. Out of this amount, 6,765 photographs have been purchased and suitably mounted. The entire collection of photographs owned by the Library and in active use, now numbers over 9,000.

The work done by the Library Bindery during the year has been very extensive. Besides the repairing of books, mounting of photographs, folding, stitching and covering library publications, 11,161 volumes, including books, newspapers and pamphlets, were bound.

In addition, 13,929 volumes, under contract work, have been bound during the year, at an expense of \$3,802. The number of volumes and parts of volumes catalogued was 61,573, and the number of titles for same was 36,032.

During the past year, 1,038 pages of printed matter were issued, as against 360 pages during the year preceding. The number of publications distributed free of charge by the Library, was 82,282. The total amount realized from sales was but \$441.30.

The output of the Printing Department continues to include practically all of the printed work of the Library. The equipment of the department has been improved by the addition of one new press and of a second linotype.

The use of the linotype for such work is matter of general concern to the library profession. At the International Conference of Librarians held at London last summer, examples of the work of the machine, and a pamphlet descriptive of our experience with it, awakened decided interest.

The tables in the appendices of the report, classifying the persons holding cards, will be

found interesting and significant. The total number of active cards outstanding on January 31, 1898, was 64,973, as against 45,606 outstanding in 1897, showing a gain of 19,367 card-holders during the year.

The gross number of present active card-holders exceeds, it is believed, the number reported by any public library, except the system known as the New York Free Circulating Libraries.

Statistics of reference use of the Library are no longer attempted, but the general testimony is that the volume of use has perceptibly increased throughout the Central building. This is also true at certain of the branch libraries.

On twelve Sundays of the year an account was taken of the number of persons entering the Central Library building between 2 and 6 o'clock P.M. The smallest number on any one day was 1,541; the largest was 5,309; the total for the twelve Sundays was 42,731. Of this amount, 33,543 were adults and 9,188 children.

A count for the week ending March 5, 1898, was also taken, which resulted in showing that 34,064 persons entered the building. Deductions must be made for mere visitors, but an inference that, on the average, the year around, 30,000 persons a week enter the Central Library building, and that of these a large majority come to use, in some way, the collections in the Library, would not be unjust.

The activities of the Special Libraries' Department have advanced in scope and volume since last year, in visits of classes and clubs for the study of material in the Fine Art collections.

Use of the newspaper room is as large and as nearly continuous as that of almost any other single reference department. The number of readers at one time now exceeds 200, and the attendance is surprisingly large during hours when other departments are comparatively deserted.

The service rendered by the Children's Department is important, and its influence is not to be reckoned in figures. This department needs more space and greater seclusion.

The delivery of books to readers in Bates Hall is not yet as rapid and as effective as it should be. Delays cannot be obviated fully until increased facilities for issue are provided.

The circulation of books for home use in 1897, compared with that for 1896, is as follows:

	1896.	1897.	Gain, 1897.
Central Library (including Central Library books issued through branches and stations)	326,254	388,497	62,243
Branches and stations (direct issue)	678,765	811,169	132,404
Totals	1,005,019	1,199,666	194,647

The work of the Issue Department, involved in the recovery of books over-detained, and in the collection of penalties, is by no means small. The number of mail notices sent out from the Central Library during 1897 was 8,023; the number of messenger notices, 737; the net amount collected (including payments for eighty-two volumes lost) was \$3,001. Only sixty-nine volumes were unrecovered, of 388,489 circulated for home use.

Appended to the report of the Supervisor of Branches and Stations, is a map showing

the location of the various branches and stations. In each ward are entered figures showing the proportion of card-holders to the population. The map is here reproduced.

The proportion of card-holders to the population is largest in the immediate vicinity of the Central Library, and smallest in the districts north and east, which contain a large mixture of foreign elements.

In East Boston and South Boston, particularly, the reading population lies to the northeast and east of the established branches, which would seem to justify their removal to more central locations.

The following table shows the average attendance when the branches were opened in 1896, and from last November to January, 1898:

	1896. March and April. Readers. Adults.		1897-98. Nov. to Jan. Readers. Adults.	
Charlestown	91	21%	213	28%
East Boston	—	—	278	8%
South Boston	101	30%	248	36%

Special efforts have been made by the branches to accommodate teachers and pupils, and, in general, the work seems to be appreciated, although in many cases there is apathy on the part of teachers, which obliges the branches to take the initiative.

Four thousand six hundred and fifty-seven volumes of new books have been purchased for the branches this year, against 14,266 volumes the year before. One hundred and fifty-seven volumes have been received as gifts to the branches, as against ninety-eight during the year previous.

At almost every branch and station an increase in the circulation of books is shown. The gain in the issue through the entire branch system is 21 per cent.

The number of stations in the delivery and deposit system is seventeen. The cost of maintenance of a station, with rooms and attendants devoted solely to its use, may be estimated at \$1,000.

It is recommended that further advance be made in the direction of converting the larger delivery stations into stations devoted to the exclusive use of the Library and administered by its own employees.

At the beginning of the year, there were twenty-seven places to which deposits of books were sent from the Central Library; at the close, forty-two. These include twenty-one engine-houses, besides various public institutions.

An extension of the system to include police stations would doubtless be appreciated, and other institutions would be glad to avail of similar privileges.

The Examining Committee consists of fourteen members, and its report, covering twelve pages, is appended to the general report.

Special attention has been given by the Committee as to how far the book-delivery service has recently been improved, and how far it is capable of further improvement in the near future. In the opinion of the Committee, the utmost promptness will never be attained until the stacks are connected with each other and with the delivery desk in a manner entirely different from that now in use.

No expenditure should be avoided if thereby the time of delivery could be materially shortened; and the Committee expresses its opinion that the administration

FEBRUARY 1, 1898.

THE PERCENTAGE OF CARD-HOLDERS
IN THE POPULATION OF EACH WARD
IS GIVEN UNDER THE WARD NUMBER.

of the Library can never be made to meet the reasonable demands of the public until the suggested changes are made.

With regard to the branches, the Committee makes the following recommendations:

1. That a special appropriation be granted to relocate and properly equip the East Boston Branch.
2. That the South End Branch be removed to Washington street.
3. That a new deposit station be established near Northampton street.
4. And also one at the North End.
5. That the lighting of several branches, now insufficient, be improved.

The principle, now in practice, of avoiding unnecessary duplications in the great libraries of Boston and Cambridge should be, if practicable, extended.

The present collection of maps should be enlarged and the number of books of reference, dictionaries, encyclopædias, in all the principal departments of the Library, should be increased. Closer relations should be established between the Library and the great business interests of the city, which would render additional services to the man of affairs and business.

The report of the Examining Committee concludes as follows:

"We cannot refrain from commending the improvement in the administration of this great public institution from year to year. The standard of excellence is all the time advancing. Repeated visits to the Library and examinations of its various departments by the individual members of the Committee have discovered, as a rule, efficient administration united with commendable courtesy. Our citizens may well be proud of such an institution, 'built by the people, and dedicated to the advancement of learning.'"

ELECTROLYSIS OF WATER MAINS.

The electrolysis of water mains in the City of St. Louis, to which Water Commissioner M. L. Holman called the attention of the Board of Public Improvements two years ago, has assumed a serious form lately. A 48-inch main shows signs of injurious electric corrosion, and in case a break occurs in it, a large number of people will be put to serious inconvenience during the repairs. In some places the pipe has been eaten away for a half inch or so of its thickness, and the surface material can be cut like plumbago. Mr. Holman urges the passage of an ordinance covering this question, as the present general regulations concerning street railways, which have not been revised since the horse car period, do not protect the water pipes adequately. — [Engineers' Record.]

BOSTON BUREAU OF COMMERCE.

The Boston Bureau of Commerce, an organization recently formed to foster and increase the mercantile business of Boston and New England generally, has established its headquarters in the Hancock Building on Devonshire street.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A special meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, Monday, June 27, 1898, at 3 o'clock, Chairman Conry presiding. Absent — Alderman Dyar.

The meeting was held pursuant to the following call, which the Clerk read:

OFFICE OF THE MAYOR,

City Hall, June 24, 1898.

TO THE BOARD OF ALDERMEN:

You are hereby requested to assemble in the Aldermanic Chamber, City Hall, on Monday, June 27, at 3 P.M., to take action upon matters acted upon by the Common Council and requiring the action of the Board, and to transact such other business as may come before you.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

The following messages were received:

Appointment of Weigher.

OFFICE OF THE MAYOR,

City Hall, June 27, 1898.

TO THE BOARD OF ALDERMEN:

Subject to your approval and confirmation, I hereby appoint Henry D. Lynch a Weigher of Boilers and Heavy Machinery, for the term ending April 30, 1899.

JOSIAH QUINCY, Mayor.

Laid over, under the law.

Loan for Various Purposes.

OFFICE OF THE MAYOR,

City Hall, June 27, 1898.

TO THE CITY COUNCIL:

The borrowing capacity of the city at the present time, deducting the full amount of \$349,000 appropriated for street improvements in the different wards, amounts to \$162,497, which would be reduced by the passage of the loan orders which have already passed the Common Council to the sum of \$150,997. There is urgent necessity that a number of additional loan appropriations should be passed before the summer vacation, and I therefore desire to urge the City Council at the present time to take action, either severally or in a single order, upon the items contained in the accompanying order, amounting to the sum of \$78,500.

The item of \$30,000 for new voting booths and furnishings represents an absolutely necessary expenditure, and contracts to this amount have already been entered into by the Election Commissioners, as the refusal

of the School Committee to allow any further use of school rooms for election purposes has made it absolutely necessary to make seasonable provision in advance for an additional number of portable booths.

The expenditure of \$20,000 for reconstruction and equipment of the old Wareham-street Armory, for the use of the Repair and Electrical Construction Divisions of the Public Buildings Department, has already been made, in order to properly equip the divisions for the important work devolving upon them, and at present this stands charged against the appropriation for Public Buildings Department. The important work of this Department will be greatly hampered if this amount is not now provided by loan, as it should be. The Repair Division has proved itself an efficient and useful organization, and with the shop facilities thus afforded it has successfully and economically turned out a large amount of mechanical work. Ten thousand dollars for this purpose was included in the loan order reported in May by the Committee on Finance. The other items now recommended are precisely in the form in which they were incorporated in the order above referred to, and therefore do not need further explanation at the present time. The necessity of each and every one of them is urgent.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the several Departments hereinafter named be authorized to expend the sums of money, and for the purposes herein specified, and that to meet the appropriations aforesaid the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount, viz.:

BATHS DEPARTMENT.

Commonwealth Park Gymnasium, additional	\$5,000
Public Bath-house, Dover street, additional. Laundry, Machinery, Electric Wiring, Furnishing, etc.	6,000
	\$11,000

ELECTION DEPARTMENT.

Additional Portable Booths and Furnishings	30,000
--	--------

FIRE DEPARTMENT.

Completion of Salt Water Pipe System	7,500
--	-------

HEALTH DEPARTMENT.

North Grove-street Morgue, additional	\$3,000
Steamer "Vigilant," new boiler,	5,000
	8,000

INSANE HOSPITAL DEPARTMENT.

Improvement of Water Service	2,000
--	-------

PUBLIC BUILDINGS DEPARTMENT.

Alteration, Equipment and Furnishing of Wareham-street Armory, for use of Repair and Electrical Construction Divisions	20,000
	\$78,500

Passed. Sent down.

TO THE COMMON COUNCIL.

The regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., on Thursday, June 23, 1898, President Connolly in the chair.

The following messages were received:

"Open Square," Lauriat Avenue.

OFFICE OF THE MAYOR,

City Hall, June 21, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order requesting them to "lay out the open space at Lauriat and Milton avenues as a public square."

Respectfully,

JOSIAH QUINCY, Mayor.

DEPARTMENT OF PARKS.

June 20, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In answer to the order of the Common Council of June 18, the Board of Park Commissioners reports that it has no control of the open space at Lauriat and Milton avenues, and that it has no money with which to acquire the same.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Placed on file.

Bath-House, Cabot Street.

OFFICE OF THE MAYOR,

City Hall, June 23, 1898.

TO THE CITY COUNCIL:

The subject of providing bathing facilities at the old Cabot-street bath-house, now used for a ward-room, has lately been carefully considered by the Bath Commission and myself, and I now desire, with the concurrence of this Commission, to recommend the passage of the accompanying order, authorizing a loan of \$2,500 for the purpose of constructing a bathing-pool at this place. The Bath Commission and myself believe that it would be very desirable to erect later upon this site a two-story building, the lower story to be used for bathing purposes and the upper story for a gymnasium and for a ward-room, and I expect to recommend the necessary loan appropriation for this purpose when plans and estimates for such a building have been prepared. The bathing-pool which is suggested for immediate use would be equally suited for the larger scheme, so that no money would be wasted by authorizing its construction at the present time, and arrangements can be made so that this pool will not interfere with the use of the building for ward-room purposes. Bathing facilities at this location would accommodate a large population in several wards, who are

at some distance from the nearest salt water bathing establishment. In view of the liberal provision for salt water bathing which has been made for other sections of the city, it seems to me no more than equitable that this comparatively small amount should be now expended for providing bathing facilities for this district, which, I am confident, will be largely utilized, particularly by children.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Bath Commission be authorized to expend the sum of twenty-five hundred (2,500) dollars for the construction of a bathing-pool and other facilities for bathing at the Cabot-street bath-house, and that, to provide for such expenditure, the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

The communication was sent up, and the order was passed.

Swimming-Pool, Orchard Park.

OFFICE OF THE MAYOR,

City Hall, June 23, 1898.

TO THE CITY COUNCIL:

The swimming-pool in Orchard Park, recently authorized by the City Council, is now completed, and will be ready for use in a few days. As there was no special appropriation, the cost of constructing this pool has been charged temporarily to the appropriation of the Public Grounds Department, but there is no margin to cover such an expenditure of this appropriation, and it has only been made in anticipation of the passage of a special loan for the purpose.

The work has been very satisfactorily executed, and I think there is no doubt of the large usefulness of the pool. I desire to recommend the passage of the accompanying loan order to provide for this expenditure.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Public Grounds be hereby authorized to expend the sum of twenty-five hundred (2,500) dollars for a swimming-pool and bathing accommodations at Orchard Park, and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Passed, under suspension of rules.

Bath-House, Parental School.

OFFICE OF THE MAYOR,

City Hall, June 23, 1898.

TO THE CITY COUNCIL:

The Bath Commission has arranged, at my suggestion, for providing at once a simple and inexpensive bathing establishment on the Charles River, upon the ground of the Parental School, West Roxbury. This

will provide excellent river bathing for a large population, too far from the salt water to enjoy frequent sea bathing. As the appropriation of the Baths Department is insufficient to enable it to meet this expenditure, I desire to recommend the immediate passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Baths Department be hereby authorized to expend the sum of fifteen hundred (1,500) dollars for a bathing establishment on the Charles River, upon the grounds of the Parental School, at West Roxbury, and that the City Treasurer be authorized, from time to time, on request of the Mayor, to issue bonds of the city to said amount.

The message was sent up, and the order was passed.

Children's Excursions.

OFFICE OF THE MAYOR,

City Hall, June 23, 1898.

TO THE CITY COUNCIL:

Last year 3,000 children were given a day's excursion, out of the Randidge Fund, to a portion of Long Island, especially set aside for such use. Owing to the success of these excursions, it is expected that over 10,000 children will desire to participate in them this year, and it becomes necessary to provide a few simple and inexpensive buildings for their convenience. I therefore recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Trustees for Paupers be hereby authorized to expend the sum of twenty-five hundred (2,500) dollars for buildings, etc., on Long Island, for the accommodation of children carried thereto on excursions provided for out of the Randidge Fund, and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Passed, under a suspension of the rule.

Bath-House, Neponset River.

OFFICE OF THE MAYOR,

City Hall, June 23, 1898.

TO THE CITY COUNCIL:

In view of the strong desire which has been expressed to have a floating bath-house located in the Neponset River, the Bath Commission has decided, with my approval, to locate one at this point, and a suitable location has already been selected. Owing to the necessity of condemning one or two very old bath-houses, the Commission is building another bath-house, which will be completed shortly, to supply this want. As the appropriation of the Bath Commission is all needed for maintenance work, and is

insufficient to provide for the building of additional bath-houses, I recommend the passage of the accompanying loan order.

Respectfully submitted,
 JOSIAH QUINCY, Mayor.

Ordered, That the Bath Commission, for the purpose of providing a floating bath-house, to be located in the Neponset River, be authorized to expend the sum of twenty-five hundred (2,500) dollars for the construction of an additional floating bath-house.

The order was passed.

Special Notices.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on June 27 and 28, 1898, respectively:

General Order No. 522.

The resignation of Reserve Officer Howard H. Favour, of Division 9, having been presented, it is hereby accepted, and he is granted an honorable discharge from the police force of the City of Boston, to take effect June 27, 1898.

General Order No. 523.

I. In the matter of the complaint made against Patrolman Alfred Fousha, of Division 5, for violation of Rule XXVI of the Police Manual, the Board orders that judgment be suspended.

II. In the matter of the complaint made against Patrolman William M. Densmore, of Division 13, for violation of Rule XXVI of the Police Manual, the Board finds the said Patrolman Densmore guilty, and sentences him to a forfeiture of ten days' pay.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on July 26, 1898, examination may be taken at Boston or any other city in the United States where the Commission has a competent Board of Examiners, for the position of District Assistant in Forestry, Department of Agriculture, at a salary of \$1,200 per annum; the Commission also announces that on July 21, 1898, examinations may be taken for the position of Assistant Chief, Division of Forestry, Department of Agriculture, at a salary of \$1,800 per annum, and for the position of Assistant Curator, United States National Museum (Division of Mammals), Smithsonian Institution, at a salary of \$1,500 per annum.

Persons desiring to compete should at once write to the United States Civil Service Commission, Washington, D.C., for application blanks, Form 304 and special forms, which should be properly executed and promptly forwarded to the Commission.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following was approved June 24, 1898:

Ordered, That in accordance with Chapter 341 of the Acts of 1898, there be allowed and paid to Catherine Regan, widow of Cornelius F. Regan, late a member of the Police Department of Boston, the balance of the salary to which he would have been entitled had he lived and continued to serve as a police officer until the close of the present fiscal year, the amount to be charged to the Reserved Fund.

The following were approved June 25, 1898:

Ordered, That the Superintendent of Public Grounds be authorized to hire the lot of land heretofore used for temporary playground purposes, in Neponset, Ward 24; the expense of same not to exceed \$200, to be charged to appropriation, Public Grounds Department.

Ordered, That the City Auditor be and hereby is authorized to transfer from the unexpended balance of \$1,503.06 for Sydney street, Ward 20, the sum of \$1,250, to complete the construction of Centre street, Ward 20.

By the Board of Aldermen.

The following were approved June 21, 1898:

Permits to project signs, etc., issued as follows:

To D. Jacobs, two signs, at 355 Warren street, Ward 21.

To Isaac Mandelstam, two signs, at 125 Summer street, Ward 2.

To E. F. Jaynes & Co., illuminated sign, at 877 Washington street, Ward 9.

To Thomas W. Patrick, sign, at 13 Blossom street, Ward 8.

To Thomas W. Patrick, sign, at 18 Blossom street, Ward 8.

To M. & A. Rosenberg, sign, at 99 Northampton street, Ward 12.

To Cobb, Bates & Yerxa Company, four signs, at 274 Friend street, Ward 8.

To M. & A. Rosenberg, sign, at 101 Northampton street, Ward 12.

The constable's bond of John F. Bowen.

Orders granting permission to the New England Telephone and Telegraph Company of Massachusetts to erect poles on Charles and Leverett streets, Ward 8, and to remove poles on said Charles street.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates; said sidewalks to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built of the materials specified, with granite edgestones, the owners of the said estates to furnish the said materials, viz.:

J. H. Burt & Co., River street and Blue Hill avenue, Ward 24, of brick.

Samuel W. Johnson, 412 East Eighth street, Ward 15, of brick.

Thomas Kellough, 294 Bremen street, Ward 2, of brick.

Joseph H. McNeil, Blackwood street, Ward 10.

The following were approved June 21, 1898:

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use curved tracks and connections on Dorchester avenue, near Adams street, connecting with the company's tracks on said avenue and extending to a car-house of the company there situate; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated May 17, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within four months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use tracks on and near Eliot square, connecting with tracks on Dudley street and Roxbury street, thence on and through Centre street to a point near Linwood street, connecting with existing tracks of said company, said tracks being shown by red lines on a plan made by A. L. Plimpton, dated March 22, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That the School Committee be requested to cause the immediate removal of the old and dilapidated buildings now stand-

ing on land of the City of Boston in Athelwold street, Ward 20; the same being a nuisance to the neighborhood.

Ordered, That the Board of Police be authorized to close to public travel on Monday, July 4, 1898, during the formation and progress of the parade of the Jamaica Plain Carnival Association, the following-named streets:

Centre, Green, Washington, Wyman, Lamartine, South, Burroughs, Eliot, Holbrook, Orchard and May streets.

The following was approved June 25, 1898:

Ordered, That the Superintendent of Streets be authorized to issue a permit to M. P. R. Codman et al. to construct, maintain and use an area twenty-six feet long, seven feet wide, with Dale light covers and one coal-hole opening, not exceeding eighteen inches in diameter, with iron cover, under and in the sidewalk in front of estate Nos. 19-21 School street, Ward 6; the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

ORDERS PASSED—NOT REQUIRING MAYOR'S APPROVAL.

By the City Council.

Ordered, That His Honor the Mayor be requested to instruct heads of departments to allow employees, members of the Grand Army of the Republic, leave of absence to attend the National Encampment in September next, without loss of pay, and in part compensation for their services to the city.

By the Board of Aldermen.

Ordered, That the Corporation Counsel, under the direction of the Committee on Ordinances on the part of the Board, make a revision of the Revised Regulations of 1892 of the Board of Aldermen, and of all regulations subsequently passed, with such additions and changes as they may deem necessary, and report the same to this Board.

Ordered, That the Superintendent of Streets be requested to remacadamize East Third street, between M and O streets, the expense of the same to be charged to the appropriation for Street Improvement, Ward 14.

Ordered, That the Superintendent of Streets be requested to report to this Board at its next meeting an estimate of the cost of asphaltting Shawmut avenue, from the south side of Cherry street, to the north side of Cobb street.

Ordered, That the Board of Park Commissioners be requested to locate and maintain three electric lights on the Ward 14 Playground.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

By the City Council.

The following order was presented to the Mayor, June 15, 1898, and was not returned by him within ten days thereafter:

Ordered, That the City Messenger be authorized to place electric fans in the Council Chamber; the expense of the same to be charged to the Electrical Construction Division, Public Buildings Department.

By the Board of Aldermen.

The following order was presented to the Mayor, June 15, 1898, and was not returned by him within ten days thereafter:

Ordered, That the Superintendent of Public Grounds be directed to trim a tree standing in front of the house of S. L. Emery, 603 Tremont street, as the limbs of said tree, in high winds, endanger the house; the expense of the same to be charged to the appropriation for Public Grounds Department.

INSTRUCTIONS TO SWIMMING TEACHERS.

The following instructions to be observed by the teachers of swimming at the public baths have been issued by Director Hartvig Nissen:

1. Any child between nine and sixteen years of age can be admitted to the swimming classes.
2. No child should go in bathing within an hour after meals.
3. A class of ten to twelve children is to be taken every half hour.
4. Half an hour is the limit for any child to stay in the water.
5. No ducking, or other fooling, is permitted. No child should be forced into the water.
6. Always start beginners with the "land drill." The "breast" stroke with flat hands down, and the "side" stroke with the legs, being the regular strokes for all beginners.
7. When a child can swim alone, mark the date in the book, but keep him (or her) in the class and gradually teach more advanced swimming.
8. In the latter part of the season, teach how to rescue others, and also how to restore apparently drowned persons.
9. One side, or part, of the bathing house, or beach, should be devoted to the swimming school.
10. Keep good order and strict attendance.

REGISTRATION OF VOTERS.

At a meeting of the Board of Election Commissioners, held on June 24, 1898, it was voted that until September 1, 1898, the office of the Board shall be open for registration on Saturdays between the hours of 9 A.M. and 12 M.

NEXT MEETING OF BOARD OF ALDERMEN.

The Board of Aldermen, at a meeting held on Monday, June 27, voted to hold its next regular meeting Monday, July 11, at 3 P.M.

Awards of Contracts.

School Department.

Proposals were received by the Committee on School-houses on June 16, 1898, for alteration and addition to West Roxbury High School-house, as follows:

MAIN CONTRACT.

Bidders.	Bid.
Mead, Mason & Co.	\$177,642
John S. Jacobs & Son	174,973
W. S. Sampson & Son	174,780
Norcross Brothers	174,300
Norcross & Cleveland	174,000
James Fagan	163,014
Mack & Moore	157,900

The contract was awarded to Mack & Moore.

HEATING AND VENTILATING.

Ingalls & Kendrick	\$17,841
Smith & Anthony Company	17,720
Lynch & Woodward	16,397
Isaac Coffin & Co.	16,366
Albert B. Franklin	15,585
A. A. Sanborn	15,480
Walworth Construction and Supply Company	14,644
William Lumb & Co.	11,691

The contract was awarded to William Lumb & Co.

PLUMBING.

William Lumb & Co.	\$9,431
William B. Johnson	9,300
Isaac N. Tucker	9,395
William N. McKenna	9,170
Pierce & Pierce	9,083
Using Dalton & Ingersoll's water-closet	8,916
James Tucker & Sons	8,865
Pierce & Cox	7,997
Edward C. Kelly	7,837

The contract was awarded to Edward C. Kelly.

THORNTON D. APOLLONIO, Secretary.

Street Department.

Proposals for constructing macadam road in the following-named streets were opened at the office of the Superintendent of Streets on June 24, viz.:

Leedsville street, Dorchester:

Bidders.	Bid.
Collins & Ham	\$1,200 66
John Connors	1,221 65
D. E. Lynch	1,256 80
James Doherty & Co.	1,282 00
P. O'Hara & Co.	1,427 90

The contract was awarded to Collins & Ham.

Elizabeth street, Dorchester:

Collins & Ham	\$610 06
P. O'Hara & Co.	685 90
D. E. Lynch	777 00
John Connors	799 95
James McGovern	825 30

The contract was awarded to Collins & Ham.

The following were opened on June 27:

Lonsdale street, Dorchester:

Bidders.	Bid.
P. O'Hara & Co.	\$2,505 30
J. A. Whittemore Sons	2,598 90
Collins & Ham	2,600 31
D. E. Lynch	2,688 80
James Doherty & Co.	2,693 80
John Connors	3,005 70
James McGovern	3,041 90
A. A. Libby & Co.	3,363 40

The contract was awarded to P. O'Hara & Co.

Carlos street, Boston:

Bidders.	Bid.
P. O'Hara & Co.	\$586 50
D. E. Lynch	605 80
A. A. Libby & Co.	677 45
J. A. Whittemore Sons	706 50
John Connors	709 85

The contract was awarded to P. O'Hara & Co.

BENJ. W. WELLS,
Superintendent of Streets.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending June 25, 1898, are as follows:

Death rate for the week	16.8
Death rate for corresponding week, 1897	19.8
Number of deaths:	
Males	93
Females	78
Total	171
Total deaths in corresponding week, 1897	197
Decrease	26

Of the 171 decedents, 166 were white and 5 colored; 111 were born in the United States, 58 in foreign countries, and the birth-place of 2 was unknown; 40 were of American parentage, 115 of foreign parentage, and the parentage of 16 was unknown.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	24	1
Scarlatina	5	0
Typhoid fever	6	1
Measles	66	2
Totals	101	4

PRINCIPAL CAUSES OF DEATH.

Consumption	20
Pneumonia	9
Whooping cough	2
Heart disease	15
Bronchitis	6
Marasmus	5
Violent causes	20
Total from principal causes	77
Total from infectious diseases	4
Total from other causes	90
Total from all causes	171
Deaths of children under 1 year	38
Deaths of children under 5 years	49
Deaths of persons over 60 years	30
Deaths in public institutions	42

PUBLIC SCHOOLS.

The following act relative to the support of the public schools of the City of Boston constitutes Chapter 400, Acts of 1898:

Be it enacted, etc., as follows:

Section 1. The School Committee of the City of Boston shall forthwith after the passage of this act, and on or before the first day of March in each year thereafter, by vote of two-thirds of all its members, taken by yeas and nays, make appropriations for the support of the public schools of said city for the financial year, including repairs and alterations on school buildings. Such appropriations shall be made by items specifying the purposes for which the money is to be expended. Such appropriations which shall be included within the tax limit of said city for municipal purposes as now established by law, shall not exceed in the aggregate, upon each \$1,000 of the average valuation of the taxable property in said city as ascertained under the provisions of law limiting the rate of taxation in said city, the following sums for the periods specified, to wit: For the financial year ending on the thirty-first day of January in the year 1899, \$2.80; for the financial year ending on the thirty-first day of January in the year 1900, \$2.85; and for the financial year ending on the thirty-first day of January in the year 1901, and for each financial year thereafter, \$2.90; and any vote or appropriation requiring a larger assessment than as above specified shall be void; and said School Committee shall have no authority to incur any liability or make any expenditure in excess of such appropriations, anything in any statute to the contrary notwithstanding. Of the total amount authorized to be appropriated as aforesaid, an appropriation of which the several items shall amount to not less than twenty-five cents upon each \$1,000 of said average valuation, shall be expended only for such repairs and alterations upon school buildings as said School Committee shall order.

Sect. 2. The votes of said School Committee making such appropriations shall have the same force and effect as orders or votes of the City Council appropriating money, and shall be subject to the same provisions of law in respect to approval by the Mayor, except that a vote of three-fourths of all the members of said School Committee, taken by yeas and nays, shall be necessary to pass any such appropriation over the veto of the Mayor.

Sect. 3. After an order or vote of said School Committee making an appropriation shall have gone into effect the aggregate amount so appropriated shall be certified by the School Committee to the Board of Assessors, and shall be included by said assessors in the amount to be raised by taxation in said city for such year.

Sect. 4. Any balance of an appropriation so made by said School Committee remaining unexpended at the close of any financial year, and not needed to carry out the requirements of any statute, gift, trust or special appropriation, and any amount within the limit above defined for such year not appropriated by said committee, shall be added to the amount which said committee may appropriate, as herein authorized, for the financial year next ensuing.

Sect. 5. The proceeds of any sale of any school lands or buildings shall be held in the city treasury of said city and used only for the purchase of land or the construction of buildings for school purposes, but shall not be used without the approval of the Mayor in writing in each specific case. Such proceeds shall be expended in accordance with the provisions of Chapter 408 of the Acts of the year 1895, and acts in amendment thereof and in addition thereto.

FOURTH OF JULY ORATIONS.

The custom of having an annual oration pronounced on the Fourth of July began in Boston, in 1783, previous to which time, beginning with 1771, the observance of the day in this manner was merged with the oration on the Boston Massacre. James Lovell, A.M., delivered the first oration on April 2, 1771, at the request of the inhabitants of the Town of Boston, and among other later orators was Dr. Joseph Warren. In 1783, the oration was given by Dr. John Warren on July 4.

CLASSES IN SWIMMING.

The Baths Department has adopted a scheme to utilize a certain number of the baths under its control as swimming schools. In developing its scheme of instruction, the Department has had the interests of the pupils of the public schools especially in mind.

The swimming classes will be under the general charge and direction of Mr. Hartvig Nissen, Acting-Director of Physical Training in the Boston Public Schools. The corps of teachers of swimming appointed to aid Mr. Nissen, are as follows: Mr. Peter S. McNally, at the North End Park beach; Mr. W. A. Smith, at L-street beach, South Boston; Mr. A. A. Oye, at Commercial Point beach, in Dorchester; Mr. James E. Crowley, at Malden Bridge float, Chelsea Bridge float, and Park beach, in Charlestown; Mr. George T. Holm, at Wood Island beach, Maverick and Border-street floats, in East Boston; Mr. P. J. N. B.—In reading the schedules it should be remembered that no instruction in swimming will be given after 9 P.M.

Board Meetings.

Children's Institutions Department.

32 Tremont Street, June 27, 1898.

At the stated meetings of the Trustees the following votes were passed:

May 23, 1898.

Voted, That the Chief of the Repair Division be authorized to carry out the repairs at the House of Reformation, agreed upon with the Chairman, at a price not exceeding \$600.

Voted, That Mr. O'Hare be a committee to see that boys from the House of Reformation who have earned their release by merit, be promptly released.

May 31, 1898.

Voted, That in suitable cases children may be placed in homes in the country, without going through the Marcella-street Home, such cases to be adjudged suitable by the officers of the Placing-out Department, in consultation with a member of the Board.

June 7, 1898.

Voted, That the School Committee have full power with regard to the examination of school work.

Voted, To authorize the School Committee to arrange for summer schools and for the closing of the schools and the length of the vacation.

June 14, 1898.

Voted, That the Secretary be authorized to order of the Repair Department a box for cards.

His Honor the Mayor attended the meeting, and at his suggestion it was

Voted, That the Bath Commission be authorized to place a bath-house on the land of the Parental School, at the corner between Spring street and the river.

June 21, 1898.

The School Committee reported that the regular school year at the House of Reformation should close on June 30, and begin September 1.

Voted, That the School Committee have authority to present plans for wooden buildings for school purposes at the Parental School.

Voted, That the Chairman have authority to invite the members of the City Government to visit the Parental School and the Marcella-street Home at an early day.

It having been reported by the Chairman that the only boiler at the House of Reformation had been inspected and found to be in a dangerous condition and liable at any time to break down, it was

Voted, That the Chairman be authorized to arrange for a new boiler at the House of Reformation, in accordance with the estimates of the Architectural Department.

Ten boys have been released on probation, either to their homes or to places in the country, under the provisions of the new merit system.

Census of inmates on June 25, 1898:

Parental School	189
House of Reformation	146
Marcella-street Home	82
Boarding	387
Indentured	344
Home on Probation	49
Other Institutions	103

Total 1,300

Of the 103 in other institutions, thirty-five have board paid for them.

CHARLES P. PUTNAM, Secretary.

Library Department.

Thursday, June 16, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Benton, Bowditch, De Normandie, Lincoln, Prince, and the Librarian.

Communications received: Circular No. 42 from the Mayor; the Librarian's report; petition, signed by Rev. William H. Allbright and others, in regard to Station "K"; from American Statistical Association, offering library of the association as gift; from W. B. Waterman.

Bills allowed: Chargeable to building appropriation, S. H. Woodbridge, \$447.16.

Contract authorized: Smith & Lovett, iron work, \$2,900.

Librarian authorized to order such changes and additions as may be necessary in electric wiring and fixtures incidental to alterations at Central Library building; also to close temporarily from time to time such departments as cannot feasibly be operated during process of such alteration.

Purchases authorized: Miscellaneous articles to the amount of \$113.65.

Certain applications for special privilege cards were received, considered and disposed of.

Friday, June 10, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room at 4.15 P.M.

Present: Messrs. Bowditch, De Normandie, Lincoln and Prince, and the Librarian.

Communications received: Order from City Council, dated May 19.

Bills allowed: Chargeable to general appropriation, amounting to \$5,411.86; chargeable to trust funds, amounting to \$545.11; chargeable to special appropriation "Branch Library, Broadway Extension," amounting to \$32.73.

Purchases authorized: Books, chargeable to city moneys to the amount of \$333.30; to trust funds, \$352.99; to Station "P," \$3.83; to Fellowes Athenæum, \$15.65; miscellaneous articles, \$375.41.

Various applications for special privilege cards were received, considered and disposed of.

Contracts authorized for alterations and apparatus in Central Library Building as follows: With Jenney & Fox; Connery & Wentworth, \$2,160; Smith & Lovett, \$4,530; Lamson Store Service Company, \$2,240 and \$3,500; and Connery & Wentworth, general contract.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, June 23, 1898.

The following is an abstract of the records of a special meeting of the Board of Park Commissioners, held June 23, 1898:

The Board executed a release to William Minot and Charles S. Rackemann, trustees under the will of Francis V. Balch, from the restrictions contained in a deed of said Balch to the city, dated December 31, 1896, and recorded with Suffolk Deeds.

Plans for the extension of the bath-house at Wood Island Park were submitted by the Architect's Division of the Public Buildings Department, and it was

Voted, To expend \$2,000 for the extension of the bath-house, in accordance with said plans.

Voted, That the Superintendent cause the pumping station and machinery, at Ward's pond, to be advertised for sale.

Voted, That the Law Department be authorized to settle the case of Herbert E. Wheat for land taken for North End Playground, for the sum of \$6,750, without interest, upon his giving a deed or release of the same, together with an acquittance and discharge of all damages, costs and expenses in any way growing out of said taking, satisfactory to the Law Department.

Jamaica Park, June 13, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held June 13, 1898:

The Superintendent reported, in response to the petition of Catherine B. Porter and others, that Tuesday and Thursday afternoons of each week be set apart for girls' class work and that the evenings of the same days be given to women at Wood Island Park gymnasium, on condition that the privilege be withdrawn if the attendance is not satisfactory, and it was

Voted, That the Superintendent's recommendation be adopted.

Voted, That the beach adjoining the L-street bath-house, and extending westward about 200 lineal feet, be assigned to the use of the Bath Commission for this season.

Voted, That the Superintendent be authorized to install two additional lights at M-street Playground, for night athletic work.

Voted, That the Franklin Park golf links be closed for golfers on Saturday afternoons and holidays, for the protection of visitors to the park.

Voted, That the Lauriat Avenue Improvement Association be given permission to hold a concert and display of fireworks on Franklin Field, near Lyons street, on the evening of July 4, provided all the arrangements for said events be made satisfactory to the Superintendent of Parks, including a sufficient detail of police to maintain order.

Voted, That the Committee on the Seventeenth of June Celebration be permitted to hold an exhibition of fireworks on Charles-town Playground on the evening of June 17, under the supervision of the police.

Voted, That the Jamaica Plain Carnival Association be authorized to hold a parade on the Parkway, between Perkins street and Forest Hills, on the morning of the Fourth of July, provided a suitable detail of police is provided to protect the property of this Department from injury.

Voted, That the Chairman be authorized to consult Messrs. Hartwell, Richardson & Driver for the preparation of plans for making an outside connection to the men's toilet and a proper screen for the women's lavatory at Franklin Park refectory.

Voted, That the elevations above seventy feet, as shown on the plans for house for William Minot, jr., on Commonwealth avenue, submitted by Peabody & Stearns, be approved, and that the Chairman endorse said approval on the plans.

A proposition from the Bay State Dredging Company, offering to make alterations in gravel filling in construction of beach at Charlestown Heights, for four cents per cubic yard more than the original contract price, was received and accepted.

A petition of Fred H. Annis and William T. Richardson, for the privilege of maintaining a temporary refreshment-stand on land of the Boston Water Power Company, fronting on Audubon road, was received, and the petition rejected.

Voted, That the Law Department be authorized to settle the case of Eliza B. Macquarrie for land taken for North End Playground, for the sum of \$12,300, without interest.

Voted, That \$4,814 of the assessment for betterment upon the estate of Robert Bacon et al., numbered 69 on assessment plan for Jamaica Park and Arborway, be abated, provided that the balance of the assessment be paid within thirty days.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, June 20, 1898.

The thirty-second regular meeting of the Trustees was held on June 20, 1898, at 11 A.M.

The Finance Committee reported the advisability of making four additional rooms for officers in one of the unused wards of the Institution Building on Long Island. The construction of such rooms was approved by the Board.

The Hospital Committee reported the need of an additional male nurse and two pupil nurses in the Long Island Hospital. Their employment was authorized.

The Finance Committee was given power to make the water connections at Long Island, as advised by Water Commissioner Murphy.

The following appointments, with monthly salaries, were confirmed:

Henrietta Willis, head-nurse, \$25; Mary Walsh, head-nurse, \$25; Herbert Brown, assistant cook, \$25; Louise Wright, assistant cook, \$15; Nora Keliher, cook, \$25; Annie Moore, head-nurse, \$25; Benjamin Haydock, nurse, \$20; Elizabeth Sullivan, second-year probationer, \$12.

The following votes were passed:

Voted, That Mr. E. C. Marshall, Acting-Registrar, be and hereby is authorized to sign, as agent for the Pauper Institutions Trustees, notices to the State Board of Lunacy and Charity, required by the provisions of Chapter 86, Section 25, Public Statutes, for such sick State poor as may be in charge of said Pauper Institutions Trustees.

Voted, That Mr. E. C. Marshall, Acting-Registrar, be and hereby is authorized to sign, as agent for the Pauper Institutions Trustees, notices to the Overseers of the Poor of cities and towns in the Commonwealth of Massachusetts, required by the provisions of Chapter 84, Section 28, Pub-

lic Statutes, for such persons in distress and in need of immediate relief, whose lawful settlement is claimed in cities or towns other than the City of Boston.

Voted, That Mr. E. C. Marshall, Acting-Registrar, be requested to furnish the Pauper Institutions Trustees with the names of all persons at present inmates of the almshouses at Long Island and Charlestown, whose Boston settlement is lost by Chapter 425, Acts of 1898.

Number of inmates at Long Island on June 18, 1898:

	Male.	Female.	Total.
In Hospital:			
Adults	75	140	215
Children	3	5	8
In Dormitory:			
Adults	—	197	197
Children	2	2	4
In Institution	193	—	193
Total	273	344	617

Same date in 1897 572

June 21, 1898.

A special meeting, for the appointment of a Superintendent for the Charlestown Almshouse, was held on June 21, 1898, at 10 A.M., and Miss Sarah Greenleaf Weeden was appointed to the position.

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Monday, June 20.

The Board issued an order of notice of its intention to lay out Bennington street and extend it; returnable for a hearing at their office July 5, at 11 o'clock.

A sewer was ordered to be built in Waumbek street.

An order was received from the School Committee requesting the Street Commissioners to take land for an addition to the Charlestown High School lot.

Petitions were received for sewers in Bray street, at Roxbury; Jones and Mendum streets, at West Roxbury; and Rosemary street, at West Roxbury.

Tuesday, June 21.

Orders of notice were issued of the Board's intention to locate a new channel for the Canterbury branch of Stony Brook, at Dorchester and West Roxbury, between Franklin Field and Brook street, hearing July 6, 1898, at 11 o'clock, in their office; to locate a new channel for Mattapan Brook, from West Selden street to Blue Hill avenue, hearing July 7, 1898, at 11 o'clock, at their office; to lay out Fowler street, at Dorchester, from Glenway street to Greenwood street, and construct the same, hearing July 7, 1898, at 11 o'clock, in their office; to extend Albano street, at Roxbury, from Washington street to Amherst street, and construct the same, hearing July 7, 1898, at 11 o'clock, at their office.

A catch-basin was ordered to be built in Cambridge street.

A petition was received for catch-basins in Lanark and Kilsyth roads.

It was voted to pay Emma F. Walsh \$650, for damages occasioned her estate by the

laying out of St. Martin street, at Charlestown, the Mayor having approved her agreement to accept that sum.

Wednesday, June 22.

It was voted, after consultation with the Law Department, to pay Elizabeth M. Fisher and others, the sum of \$10,000, and interest from May 1, 1895, for damages occasioned their estate by the widening of Blue Hill avenue.

A catch-basin was ordered built in Clapp street.

An order of notice was issued of the Board's intention to lay out and construct Ashley avenue, at East Boston, with the name of Ashley street; hearing July 8, at 11 o'clock, in Commissioners' office.

North Harvard street, at Brighton, from Western avenue to the Charles River, was ordered relocated and constructed.

Thursday, June 23.

A petition was received for a sewer in Eaton square, Dorchester.

Sewers were ordered built in Nottingham, Raven and Homes streets, at Dorchester.

Public hearings were given in the matter of relocating Geneva avenue, at Dorchester, between Bowdoin street and Olney street, and constructing the same; in the matter of laying out and constructing Esmond street, at Dorchester, from Blue Hill avenue, and over a private way known as Sanborn avenue; in the matter of laying out Homes avenue, at Dorchester, from Bowdoin street, and constructing the same.

An order of notice was issued of the Board's intention to lay out and construct Middleton avenue, at Dorchester, from Norfolk street; hearing July 8, at 11 o'clock, in the Commissioners' office.

A catch-basin was ordered built in Bakersfield street, and a culvert in Commonwealth avenue, Brighton; sewers were ordered to be built in Spring street (Parental Home), and in a passageway leading from Cumberland street.

A petition was received for a sewer in Vaughn avenue, at Dorchester, between Geneva avenue and Devon street.

It was voted, after consultation with the Law Department, to pay Lucy A. Stockbridge the sum of \$500, without interest, for all damages occasioned to her estate by the relocation of Harold street.

Thursday, June 16.

Petitions were received for sewers in Whitford street, and in Darling street; and for a catch-basin in Howard avenue.

A sewer was ordered built in Barry street.

It was voted to pay John Higgins \$1,100 for all land taken from, and damages occasioned to his estate by the laying out of Columbia road; the Mayor having approved his agreement to accept the same.

A petition was received for laying out Brackett street.

Tuesday, June 14.

Sewers were ordered to be built in Walnut avenue, Beech Glen street, Norfolk and Evelyn streets; and catch-basins in Tremont and Calumet streets and Norfolk street.

Petitions were received for sewers in Westbourne road, and Massasoit avenue; and a catch-basin in Hunneman street.

On recommendation of the Law Department, it was voted to pay E. A. Whitmore \$19,517 and interest from January 1, 1897,

at 5 per cent., for damages occasioned his estate by the extension of Boylston street.

Monday, June 13.

The Board issued an order of notice of their intention to relocate South-street footway, at Roslindale station.

Catch-basins were ordered to be built in Troy street and in Brandon street.

It was voted to pay Charles H. Clark and J. Homer Pierce, trustees, \$2,500 for all land taken from, and all damages occasioned to their estate by the laying out of Columbia road; agreement to accept that sum having been approved by the Mayor.

Petitions were received for catch-basins in Harvard street, Dorchester, and Beech street, West Roxbury.

J. H. JENKINS, Secretary.

HOSPITAL SHIP.

The following statement has been issued by the Massachusetts Volunteer Aid Association:

TO THE PEOPLE OF MASSACHUSETTS:

It is the record of this Commonwealth that in every war in which the nation has engaged, Massachusetts has cared for her sick and wounded soldiers and sailors. The friends at home of the men in the field in this war desire to continue, and, if possible, improve upon the relief work carried so successfully forward in the War of the Rebellion under the Sanitary Commission.

To this end Governor Wolcott caused the formation of the Massachusetts Volunteer Aid Association soon after the declaration of war with Spain. The Executive Committee thereof have since been devising ways and means to organize and carry forward relief work to aid the soldiers and sailors from Massachusetts, who are now serving in the army and navy of the United States.

After consulting the military and medical authorities, National and State, the committee has decided that the most efficient and practical help can be afforded by providing a steamship that shall serve as a floating hospital, supply ship and transport for the sick and wounded. This vessel will be equipped with a plant to manufacture ice (an article much needed for the sick in tropical climates), provided with cold storage to carry fresh food, well stored with medical supplies, and will have on board experienced surgeons and trained nurses ready for any emergency of battle or disease. It will also serve as a transport to bring back sick or wounded soldiers, either from Cuban battlefields or Southern camps, to hospitals or places of refuge nearer their homes in the invigorating climate of Massachusetts.

Such a ship has been secured. Her name will be the "Bay State," and she is admirably adapted for the work of a relief ship.

She will sail under the Red Cross flag, and thus protected from hostile interference, she will carry substantial comforts and the good will of our people to the sick men at the front.

To fit out, man and run this ship is the special work of the Massachusetts Volunteer Aid Association, and to accomplish this good purpose we cordially invite the earnest co-operation of all the patriotic men and women of Massachusetts.

To change and adapt the ship for this special work and properly equip her will cost probably \$35,000. To supply and pay her running expenses will probably require \$5,000 a month, and it is necessary to prepare at the outset for at least a year's service, for, whatever the events of the war may be, we shall certainly have for that period sick and disabled soldiers to care for. Therefore, \$100,000 will be required.

The first appeal of the committee is for money, and it respectfully asks each person to give what he or she can afford for this definite purpose. There will also be needed many supplies of clothing, which can be made by the women of the Commonwealth, patterns and samples of which will be furnished to clubs and societies for this purpose.

The ship is now at the Atlantic Works, being fitted for the service she is to render, and the work of preparation will be vigorously pushed.

Make your donations generous, and send promptly to Colonel Henry L. Higginson, Treasurer of the Massachusetts Volunteer Aid Association, 50 State street, Boston, Mass.

EBEN S. DRAPER,
NATHANIEL THAYER,

Finance Committee.

FIREMEN'S CONTRIBUTION.

The following is a copy of the letter of the Massachusetts Volunteer Aid Association, in acknowledgment of money contributed by the Fire Department for the relief of soldiers at the front:

Boston, June 25, 1898.

COL. HENRY S. RUSSELL, Commissioner
Boston Fire Department.

DEAR SIR: I have your favor of June 24, with \$1,089.05 contributed by the Boston Fire Department to the fund in my hands for the Massachusetts soldiers at the front in the present war, which no doubt means the Massachusetts Volunteer Aid Association, as this association, appointed by the Governor, has the work in hand.

I beg to thank you sincerely for this very generous gift of the Fire Department, and beg that you will say as much to the brave and faithful men under your command.

Very truly yours,

HENRY L. HIGGINSON.

Department Communications.

Number of attachments	2

J. M. GALVIN, City Clerk.

Fire Department.

Bristol Street, June 27, 1898.

The following official action has been taken by the Fire Commissioner during the two weeks ending June 25:

There have been purchased of Welch & Hall two horses for \$130 each, and of A. W. Davis one horse for \$155.

Special drafts have been drawn on the City Auditor, as follows:

Public Buildings Department (Electrical Construction Division), \$6,255.86, for construction and material, mostly on account of severe storm of January 31 and February 1.

L. K. Marston, \$889, balance due on construction of new Engine House 30.

The following fire-alarm boxes have been established:

Box 356, corner Greenbrier and Tona-wanda streets; Box 375, corner Bernard and Kerwin streets; Box 376, corner Erie and Elmo streets; Box 377, corner Waterlow and Elmont streets; Box 85 has been changed from former location to corner of Tremont and Paul streets.

James T. Flavin, Ladder Company 5, has been granted a veteran's certificate for seven successive years' service in this Department.

An order has been drawn for 5,560 feet of cable, for salt-water fire service.

Ordered, That Joseph H. Egan, driver for Chief of District 3, forfeit two weeks' pay for making statements to his officers without qualification, which threw suspicion on his fellow-firemen.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, June 25, 1898.

The following petitions for the occupancy of stables have been filed at this office:

Sarah Cohen, rear 127 Paris street, Ward 2, six horses; hearing July 7, at 11 o'clock.

Margaret F. Murray, wharf, 484 Albany street, Ward 9, eight horses; hearing July 7, at 11 o'clock. Ann McNealy, 63 Marsh-field street, Ward 23, six horses; hearing July 7, at 11 o'clock. James Swan, 243 Bowdoin street, Ward 20, three horses; hearing July 7, at 11 o'clock. James Foley, 102 Shirley street, Ward 17, one horse; hearing July 14, at 11 o'clock.

The petition of James A. Colson, for the occupancy of a stable on wharf, rear of 187 Medford street, Charlestown, for one horse, was granted.

The following shows the work of inspection done at the Abattoir for the week ending June 24:

Steers	195
New England cows	29
New England bulls	1
Sheep	526
Calves	567

Total 1,318

Remarks—470 pounds of tuberculous beef were condemned.

The following articles of food were condemned by the Inspector of Provisions, during the week ending Saturday, June 25, 1898:

Four hundred and eighty-two pounds of poultry; 378 pounds of fish; forty-seven pounds of veal; four baskets of squashes; thirty-two bushels of beans; forty-eight bushels of potatoes; one and one-half barrels of clams.

Dr. Hibbert W. Hill, Director of the Bacteriological Laboratory, makes the following report on diphtheria diagnoses, made during the week ending June 25, 1898:

Cultures.	Primary.	Secondary.	Total.
Positive	6	13	19
Negative	23	7	30
Total	29	20	49

Old Court House, June 18, 1898.

The following applications for the occupancy of stables have been granted:

S. H. Whitwell, 329 Newbury street, Ward 11, ten horses; L. E. H. Jones, 449 Dorchester avenue, Ward 15, two horses; C. W. & F. A. Davis, rear 332 Washington street, Ward 25, four horses; Patrick Cullen, Orange street, Ward 23, two horses; Joseph M. Leonard, 64 Colberg avenue, Ward 23, two horses; Emil W. Keene, Knoll street, Ward 23, one horse.

Building Commissioner.

Wire Department.

Old Court House, June 27, 1898.

The following is a summary of the work
of this Department for the week ending
June 25, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	612
Defects reported	83
Defects found corrected	34
Notices of new work received	114
Dead wire removed (feet)	14,800

Inspections of temporary wiring at the
various theatres have been made.

Electric car fire June 22, 8.30 P.M., cor-
ner L and Fourth streets, has been investi-
gated, and was found to be due to defective
insulation around motor box.

UNDERGROUND DIVISION.

Electrical approvals of permits for open-
ings have been granted, as follows:

Conduit construction	11
Building connections	8
Lamp connections	3
Repairs	3
Ground connections	9

Inspections have been made, as follows:

Building connections	39
Construction	39
Lamp connections	8
Post connections	2
Repairs	3
Cable drawings	31
Installations of underground transformers, .	3

Progress of work:

Conduit completed	9,046
Duct laid	53,303
Manholes built	49
Service connections	57
Feet of cable drawn in	18,238

Old Court House, June 20, 1898.

The following is a summary of the work
performed by this Department for the two
weeks ending June 18, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	928
Defects reported	173
Defects found corrected	146
Notices of new work received	208
Dead wire removed (feet)	22,700

Temporary wiring at the various theatres
has been inspected.

Fire at No. 6 Dorchester avenue, reported
as being probably due to electrical causes,
was found to be due to other causes.

Tree fire reported by Fire Department on
June 8, at the corner of Shawmut avenue
and Briggs place, was found to be due to
contact of high-tension wires with tree
limbs.

The following electric fires have been in-
vestigated and reported on:

June 13, 17-19 Meridian street; June 13,
8 Boylston square; June 14, 71 Highland
street; June 18, Blue Hill avenue and Inter-
vale street.

The Department responded to box No.
628, June 17, 8.10 P.M., fire No. 141 Sum-
ner street.

UNDERGROUND DIVISION.

NOTICE.

Boston, June 16, 1898.

The New England Telephone and Telegraph Company of Massachusetts respectfully petitions the Mayor and Board of Aldermen of the City of Boston, Massachusetts, for a location for its poles and wires thereon, in the following-named streets and highways of said city, locations to be as shown on the map or plan filed.

Said company agrees to reserve space at the top of all the above poles for telephone, fire alarm and police signal wires, owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

King street, between Neponset avenue and Train street, Ward 24.

The New England Telephone and Telegraph Company of Massachusetts,

By JASPER N. KELLER, General Manager.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

June 27, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested that this Board will, on Monday, the eleventh day of July, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties, who object thereto, may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in THE CITY RECORD, Dorchester Beacon, Boston Post.

ORDINANCES OF 1898—CHAPTER 8—CONCERNING
THE DEPARTMENT OF BATHS.

In the Year One Thousand Eight Hundred and Ninety-eight.

AN ORDINANCE TO AMEND CHAPTER ONE OF THE ORDINANCES OF 1898, ENTITLED "AN ORDINANCE TO ESTABLISH A DEPARTMENT OF BATHS."

Be it ordained by the City Council of Boston, as follows:

Section 2 of Chapter 1 of the Ordinances of 1898 is hereby amended by striking out the last sentence and inserting in place thereof the following:

"Said Board shall establish and maintain bath-houses and gymnasia, and shall have the care and custody of all bath-houses, whether for all-the-year-around use, or floating bath-houses in salt water for summer use, and of all gymnasia, other than those situated on parks or playgrounds and placed by statute under the control of the Park Department, now or hereafter established by the city, and shall have the care and custody of all urinals or public convenience stations now or hereafter established by the city, and shall have and exercise over such baths and urinals all the powers now vested in the Board of Health."

IN COMMON COUNCIL, May 26, 1898.

Passed. Sent up for concurrence.

TIMOTHY L. CONNOLLY, President.

IN BOARD OF ALDERMEN, June 14, 1898.

NOTICE.

BATHS DEPARTMENT.

Contractors are invited by the Bath Commission of the City of Boston to furnish proposals for the erection of a Gymnasium Building, Commonwealth Park, South Boston, according to the office copy of the contract and plans, which may be seen at the office of the Architectural Division of the Engineering Department, Room 70, City Hall; a satisfactory bond in the sum of three thousand (\$3,000) dollars for faithfully doing the work will be required. The bidder must use the form of proposal to be obtained at said Architectural Division, Room 70, City Hall, sign the proposal and leave it in a sealed envelope marked "Proposal for the erection of a Gymnasium Building, Commonwealth Park, South Boston," at the office of the Bath Commission, 64 Pemberton Square, Boston, before 12 o'clock M., of Wednesday, July 6, 1898, with a certified check for one thousand (\$1,000) dollars, payable to the City of Boston. This check is to be the property of the City of Boston if the contractor fails to carry out his proposal.

The Bath Commission hereby reserve the right to reject any and all bids or to accept the one deemed best for the city.

THOMAS J. LANE, Chairman Bath Commission.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JULY 7, 1898.

Number 27.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, SECRETARY,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filed in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

REGISTRY DEPARTMENT.

The Annual Report of the Registry Department for the year 1897, constituting City Document No. 30, has recently been issued. The following is an abstract of its principal features:

According to the books of the office there were recorded during the year 16,973 births, including 280 children of parents usually residing out of the city, and 34 born out of town of Boston parents; 6,790 intentions of marriage; 6,062 marriages solemnized in Boston; 846 marriages of citizens married elsewhere in the States, including 115 marriages of citizens married out of the State; 11,170 deaths; 640 still-born children.

The following table compares the above statistics with previous years:

	1893.	1894.	1895.	1896.	1897.
Births	14,602	15,401	15,613	16,484	16,973
Intentions	6,564	6,251	6,799	7,043	6,790
Marriages	5,755	5,464	5,932	6,318	6,062
Deaths	11,713	11,531	11,331	11,650	11,170

The financial statement of the Department for the year ending January 31, 1898, is as follows:

RECEIPTS.	
Cash on hand February 1, 1897 . .	\$265 50
Appropriation for 1897	30,000 00
Received for marriage licenses from February 1, 1897, to January 31, 1898	3,381 50
Total	\$33,647 00

EXPENDITURES.

Salaries regular employees	\$20,612 88
Collecting births of 1895	1,791 49
Binding records in office	1,220 48
Printing and stationery	1,319 88
Sundries	1,053 85
Transfer by Auditor, January, 1898	4,001 42
Paid physicians for 12,905 births, at 25 cents, reported from February 1, 1897, to February 1, 1898	3,226 25
Cash paid City Collector	300 00
	\$33,526 25
Cash balance February 1, 1898 . .	120 75

Chapter 444 of the Acts of 1897, relating to the registry and return of births, marriages and deaths, came into effect on January 1, 1898, and as yet, it is too soon to decide upon its practical working.

Two new acts concerning the Department were passed by the Legislature of 1898. Chapter 389 provides for official seals for the City Registrar of Boston and for the clerks of towns, such seals to be used in attesting copies of records. Chapter 510 inflicts a penalty upon certain officials if they do not use in certain cases the standard ink, approved by the Secretary of the Commonwealth.

Other necessary legislation has failed to receive the approval of the Legislature. Especial regret is felt that no action was taken on a bill providing for a special census in Boston, to record statistics respecting the families of present residents. Every year suffered to pass before the enactment of such a law, destroys a mass of evidence.

In the immediate future it will be necessary to enter upon a large measure of copying our defective records. The ink used in the early seventies is rapidly fading from the pages and copies must be made.

The present law concerning the obtaining of death records is very defective and should be amended.

The following publications of ancient records are in the printer's hands:

Two volumes of the Record Commissioner's Reports; the second volume of marriages (1751-1800); Aspinwall's Note Book; Suffolk Court Records.

In the appendices of the report is given a lengthy list of noteworthy persons who died in Boston during the year 1897.

RANDIDGE EXCURSIONS.

The following is a schedule prepared by the Penal Institutions Commissioner, with regard to the Children's Excursions, provided by the City of Boston from the Randidge Fund:

The list of polls is a most extensive docu-
 ment. It contains 4,800 pages, or approx-
 imately 7,526,400 ems, of printed matter.
 In the preparation of the list at the
 Municipal Printing Plant, sixty persons
 were steadily employed for a period of five
 weeks.

SCHOOL COMMITTEE.

The School Committee held a regular
 meeting in the School Committee Chamber,
 Mason street, Thursday, June 30, 1898, at
 7.30 P.M. Mr. Allen was elected President
 pro tempore.

The Chair read the following:

(1.) IN BOARD OF ALDERMEN.

June 20, 1898.

Ordered, That the School Committee be
 requested to cause the immediate removal
 of the old and dilapidated buildings now
 standing on land of the City of Boston,
 in Athelwold street, Ward 20; the same
 being a menace to the neighborhood.

Passed. Approved by the Mayor, June
 21, 1898.

A true copy. Attest:

JOHN T. PRIEST,
 Assistant City Clerk.

Referred to the Committee on School-
 houses.

(2.) IN BOARD OF ALDERMEN.

June 14, 1898.

Ordered, That the School Committee be
 requested to make arrangements for keeping
 all, or as many as possible, of the school
 yards open during the summer vacation, for
 use as playgrounds for children.

Passed in Common Council, June 9. Came
 up for concurrence. Concurred. Approved
 by the Mayor, June 16, 1898.

A true copy. Attest:

JOHN T. PRIEST,
 Assistant City Clerk.

Referred to the Committee on School-
 houses.

(3.) STREET COMMISSIONERS' OFFICE.

June 28, 1898.

TO THE HONORABLE THE SCHOOL COMMIT-
 TEE OF THE CITY OF BOSTON:

In compliance with the request contained
 in your order of May 24, 1898, the Board of
 Street Commissioners have to-day taken, for
 school purposes, an addition to the Charles-
 town High School lot, 3,255 square feet,
 more or less, of land on Monument square
 and Cedar street, and their decree of taking
 has been this day recorded in the Registry
 of Deeds.

Respectfully,

J. H. JENKINS, Secretary.

Placed on file.

On the recommendation of the Commit-
 tee on Nominations, the Board voted to
 accept the resignations of four teachers; to
 confirm the nominations of three temporary
 teachers, and of six teachers on probation;
 to confirm the nominations of four perma-
 nent teachers; and to grant leave of absence
 to one teacher.

The Board elected the following-named
 persons Principals of Evening Schools, for
 the term 1898-99, their term of service to
 begin September 26, 1898:

Benjamin Tenney, head-master Evening
 High School; John D. Philbrick, Bigelow
 School; John E. Butler, Comins School;
 John S. Richardson, Dearborn School; Wal-
 ter Mooers, Eliot School; Augustine L.
 Rafter, Franklin School; Gustavus F. Guild,
 Lincoln School; Orris L. Beverage, Mather
 School; Alanson H. Mayers, Quincy School;
 John A. Brett, Washington Allston School;
 Charles E. Harris, Wells School. On the
 recommendation of the Board of Super-
 visors—Herbert L. Morse, Lyman School;
 Walter L. Harrington, Warren School. On
 the recommendation of the Committee on
 Evening Schools—Henry H. Folsom, Ly-
 man School; James H. Leary, Warren
 School. Accepted.

On the recommendation of the Committee
 on School-houses, it was ordered:

(1.) That the use of the King-street
 School-house be granted to Carleton Hunne-
 man for a vacation school, during the months
 of July and August, the same to be without
 expense to the city.

(2.) That the plans and specifications
 prepared by Andrews, Jaques & Rantoul,
 architects, for the grading of the playgrounds
 of the West Roxbury High School having
 been approved by the Superintendent of
 Schools, be accepted, and they are hereby
 approved by this Board, and the Committee
 on School-houses is hereby authorized to
 advertise for proposals to grade said play-
 grounds in accordance with said plans and
 specifications, and to make, in behalf of this
 Board, the necessary contracts for such
 work, subject to the approval of the Mayor.

(3.) That the plans prepared by Whit-
 man & Hood, architects, for the erection
 of an eight-room primary school-house on
 Webster avenue, be accepted, and the same
 are hereby approved by this Board; and the
 said Whitman & Hood are hereby selected
 and employed to supervise the construction
 and erection of said school-house in accord-
 ance with said plans, and the Committee on
 School-houses is hereby authorized to adver-
 tise for proposals to construct and erect
 the same in a proper and workmanlike manner
 in accordance with said plans, and to prepare
 and submit to this Board for approval, as
 soon as practicable, necessary and proper
 contracts for that purpose.

(4.) That the plans and specifications for
 a High School-house, South Boston, prepared
 by Herbert D. Hale, architect, having been
 approved by the Superintendent of Schools,
 be accepted, and the same are hereby ap-
 proved by this Board, and the said Herbert
 D. Hale is hereby selected and employed to
 supervise the construction and erection of
 said school-house in accordance with said
 plans and specifications; and the Committee
 on School-houses is hereby authorized to ad-
 vertise for proposals to construct and erect
 the same in accordance with said plans and
 specifications, and to make, on behalf of this
 Board, the necessary contracts for such
 work, subject to the approval of the Mayor.

Mr. Strange, for the same committee, to
 whom was referred, June 30, a communica-
 tion from the City Council, requesting the
 School Committee to make arrangements
 for keeping all, or as many as possible, of
 the school yards open during the summer
 vacation for use as playgrounds for children,
 reported that your committee are heartily in
 favor of providing those children to whom

the public parks and playgrounds are inaccessible, with facilities for out-of-door play other than the streets during the summer months, and appreciate the force of the suggestion that the use of school yards should be allowed for such purposes. Your committee feel, however, that suitable restrictions should be enforced, and that neighboring residents should not be subjected to annoyance by such use of school premises. They therefore recommend that the City Council be respectfully informed that the School Committee do not object to the use of school yards in the more crowded sections of the city as playgrounds during the summer vacation, provided the City Council will assume the responsibility for any damage that may thereby be occasioned to school property, and will take suitable measures to preserve good order, with the distinct understanding that the School Committee expressly reserve the right to terminate at any time, by order of the Committee on School-houses, such use of any or all yards. Your committee also recommend that the City Council be requested to designate the yards which are to be used for the purpose specified.

Accepted, and ordered to be sent to the City Council.

Mr. Strange, for the same committee, to whom was referred, June 14, a communication from His Honor the Mayor, enclosing communications from members of the Society of St. Vincent de Paul with regard to the inadequacy of the school accommodations in the "Bates District," reported that the matter has been investigated, and recommend that His Honor the Mayor be informed that it is the intention of this committee to provide additional accommodations in September, should they be needed.

The new rules as proposed by the Committee on Rules and Regulations being taken up, became the subject of a protracted and animated discussion. Numerous amendments were proposed. In the main, however, the rules reported by the majority were adopted. The most signal instance of action contrary to the recommendations of the committee was the restoration of division committees.

On motion of Mr. Anderson, it was

Ordered, That the President forthwith appoint standing committees, in accordance with the provisions of Sections 2 and 4 of the new rules, for the remainder of the current municipal year, and that upon such appointments all the existing committee appointments be vacated. But committees discontinued under the provisions of the new rules, whose duties are not conferred upon some new committee, may report upon matters hitherto referred to them by the Board, but shall continue in existence for no other purpose.

Mr. Bassett presented a report from the Committee on Salaries. The report was accepted. The principal changes in the schedule of salaries proposed by the committee are as follows:

High Schools—Head-masters of schools having an average membership of 500 pupils or less, except the Mechanic Arts High School, reduced from \$3,780 to \$3,348.

Minimum of junior-masters reduced from \$1,476 to \$1,332; maximum from \$3,060 to \$2,916.

Grammar Schools—Minimum of masters

reduced from \$2,580 to \$2,460; maximum from \$3,180 to \$3,000.

Minimum of sub-masters reduced from \$1,500 to \$1,380; maximum from \$2,340 to \$2,220.

Special Instructors of Music—Reduced from \$2,640 to \$2,508.

Director of Drawing—Reduced from \$3,000 to \$2,880.

Assistant to Director of Drawing—Reduced from \$2,508 to \$2,388.

Traut Officers—Reduced from \$1,300 to \$1,200.

Training Teachers—In 1897 it was voted to pay training teachers fifty cents per day of actual service, in addition to the regular salary of their rank. It is not recommended that compensation for such services be continued.

Teachers of Sewing—The scale of salaries for these instructors has again been rearranged to correspond with the maximum salary to be paid assistants in the grammar and primary schools during the ensuing year, the salary of a teacher in charge of twelve divisions being fixed at the rate of \$888, and the others in proportion. This action is in conformity with the policy adopted in 1896 and continued in 1897 with regard to these instructors, and is to go into effect January 1, 1899.

Since January 1, 1897, there has been an assistant principal in the Roxbury High School at a salary of \$1,620 per annum, which is the maximum paid high school assistants. There is but one other assistant principal in the service, viz., in the Girls' High School, whose salary is \$2,040 per annum. It is evident that an instructor of this rank should be paid more than an assistant, and as the rules provide for a four-year scale for assistant principals in mixed high schools, your committee recommend the following schedule for that position in the Roxbury High School: Minimum, \$1,620; annual increase, \$72; maximum, \$1,836; and that the present incumbent be placed upon the second year of the new schedule, \$1,692 per annum, on September 1, 1898, and advanced to the third year, \$1,764, on January 1, 1899.

Appended to the report are certain orders intended to give effect to the proposed changes mentioned above. On the motion of Mr. Paul, the orders referred to were laid upon the table.

On the motion of Mr. McDonald, the orders appended to the report of the Committee on Text-books were taken from the table.

The orders, forty-nine in all, were adopted without essential amendment, excepting No. 2, to wit:

Ordered, That H. E. Holt's New and Improved Normal Course in Music be authorized for use as additional text-books in music in the grammar and primary schools, which was referred to the Board of Supervisors.

On the motion of Mr. McDonald, for the Committee on Drawing, to whom was referred June 14 a petition signed by Hon. F. Robinson, Secretary, representing the societies and chapters of the War of the Revolution and the War of 1812, that they be granted permission to adorn the walls of the corridors and class rooms of the Paul Revere School with such pictures and casts as may serve to instil patriotism and love for country in the hearts of the pupils, besides commem-

orating the deeds of the sterling patriots who secured for their posterity and the world the blessings of liberty, report that they have considered the matter and recommend that the petitioners be allowed to place such pictures and casts in the Paul Revere School-house as may be approved by the Committee on Drawing, and that the thanks of the Board be extended to them for their generous offer.

On the motion of Mr. McDonald, for the Committee on Text-books, it was

Ordered, That the list of authorized text, reference and supplementary reading books for the school year 1898-99 be printed.

On motion of Mr. Bassett, for the Committee on Salaries, it was

Ordered, That the following-named principals of kindergartens be placed on the second year of service in their rank from the several dates specified: Sarah T. Whitmarsh, from October 17, 1897; Ellen M. Murphy, from April 1, 1898; Mabel M. Winslow, from April 25, 1898.

The report of Mr. Bassett, from the same committee, that Martha C. Kincaide be paid the sum of \$142 for extra services as teacher of typesetting and printing in the Horace Mann School since January 4, 1898, was accepted and laid over to the next meeting.

The report of Mr. Bassett, for the same committee, that Caroline D. Aborn, principal of the training school kindergarten, be paid the sum of \$240 for extra services performed during the year in the Normal School, was accepted and went over, under the rule.

Mr. Calderwood, for the Committee on Hygiene and Physical Training, to whom was referred, May 24, a communication from the City Council, through His Honor the Mayor, with regard to instruction in swimming to pupils in the public schools during the summer vacation, reported that they have considered the matter, and recommend that the City Council be respectfully informed, through His Honor the Mayor, that the School Committee cordially approves of the proposal of the Baths Department to furnish such instruction to school children, and will cooperate in the carrying-out of such plan as it may lie in their power to do. Report accepted and returned to the Mayor.

Adjourned at 3.27 A.M. to July 19.

REAL ESTATE TRANSFERS.

The following is a summary statement showing the number of transfers of real estate, and the number and amount of mortgages executed in Boston during the month of June, 1898, as compiled by the Real Estate Exchange and Auction Board:

Total number of transfers, 801; total number of mortgages, 733; total amount of mortgages, \$3,434,326.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A special meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 1 P.M., on Thursday, June 30, 1898, Chairman Conry presiding. Absent—Aldermen Charles and Dyar.

The meeting was held pursuant to the following call:

OFFICE OF THE MAYOR,

City Hall, June 28, 1898.

TO THE MEMBERS OF THE BOARD OF ALDERMEN:

You are hereby requested to assemble in the Aldermanic Chamber, City Hall, on Thursday, June 30, 1898, at 1 o'clock P.M., to act upon the amendment to the Revised Ordinances now before your body, and to transact such other business as may come before you.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

TO THE COMMON COUNCIL.

The regular meeting of the Common Council was held in the Council Chamber, City Hall, at 7.45 P.M., Thursday, June 30, 1898, a quorum being present.

In the absence of President Connolly, Mr. Bigelow of Ward 25 was chosen President pro tempore.

The following messages were received:

Fire Protection—Pauper Institutions.

OFFICE OF THE MAYOR,

City Hall, June 30, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Board of Trustees for Paupers, which explains itself. The matter referred to is an important one, and I earnestly recommend the appropriation requested.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

PAUPER INSTITUTIONS TRUSTEES.

28 Court Square, June 27, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The Trustees much regret that the City Council did not approve their request for appropriations for improvements at the almshouse and hospital at Long Island, in accordance with the communication which the Trustees have addressed to Your Honor under date of April 9, 1898. All these improvements are absolutely necessary to the safe and economical administration of the almshouse and hospital. We would, however, bring to your notice at the present time our request for alterations and additions in the water-supply system necessary

to install a salt water fire-system, it being imperative that the appropriation for which we asked to enable us to install this system, should be granted immediately.

Since the Trustees have had charge of the almshouse and hospital at Long Island, they have given careful consideration to the question of protection against fire, and have found the existing means for putting out fires totally inadequate, and have decided that a separate salt water fire-system is the only satisfactory solution of the problem.

We have called attention to the inadequacy of our present facilities for dealing with fire in our annual report, dated January 31, 1898.

Water Commissioner Mr. John R. Murphy notified the Trustees under date of February 10, 1898, as follows:

"I deem it sufficiently important at this time to draw your attention to the fact that the domestic water-supply system at Long Island cannot be relied upon as a protection against a serious fire, and a separate salt water fire-system only will furnish an adequate fire-service."

On April 9, 1898, the Water Commissioner sent to the Trustees, in reply to their request of March 25, an estimate made by City Engineer Mr. William Jackson, of the cost of making alterations in water supply pipe, and installing a salt water fire-system to cost \$11,050. In making this estimate, the City Engineer recommended that the work be done "in order to give a sufficient protection for fire."

Fire Commissioner Mr. H. S. Russell wrote Your Honor May 12, 1898, as follows:

"Replying to your favor of May 9, it seems to me a clear case, from the firemen's point of view, that the Pauper Institutions at Long Island should be supplied with a pump far enough away from the buildings to prevent any nervousness to the engineer or danger to the machinery. In addition to hose for outside service, the buildings should be provided with standpipes adapted for outside connection with the pump, and supplied with outlets of hose on each floor."

The force of these recommendations must be appreciated when the present conditions are considered.

We have a population ranging from 700 to 950 in these buildings on Long Island, from 250 to 300 of this number being in the hospital. The floors and roofs of these buildings are entirely of wood and very dry, the interior finish and the entire floor surface being made of yellow pine and finished with varnish and oil, all of these materials being of a very combustible nature.

We have a very imperfect and partial system of standpipes and hose, so that our main reliance at the present time is on hand fire extinguishers, which Your Honor can readily see would be of little value under certain contingencies.

Several hundred thousand dollars worth of property is to a large degree unprotected from fire, and several hundred lives are continually exposed to the same danger. The ordinary danger of fire getting started is certainly greatly increased by the mental and moral condition of a large number of the inmates.

The Trustees feel that they would not be doing their duty if they did not bring this matter forcibly to your attention, believing

the danger to be so great that it should be provided against without further delay.

We trust that Your Honor will recommend that the necessary appropriation be made.

Very truly yours,

WILLIAM L. RUTAN, Acting-Chairman.

Sent up.

Rent of Old Public Library.

OFFICE OF THE MAYOR,

City Hall, June 30, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Law Department, in reply to your order requesting a report as to what steps it has taken to recover the amount due the City of Boston for rent of the Old Public Library Building on Boylston street.

Respectfully,

JOSIAH QUINCY, Mayor.

LAW DEPARTMENT.

June 23, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The following order was referred to the Law Department by you under date of June 20, 1898:

Ordered, That the officers of the Law Department, through His Honor the Mayor, be requested to report to this Council, at its next meeting, what steps they have or may take to recover the sum of \$14,350, being money due the City of Boston for rent of the Old Public Library Building on Boylston street, which was occupied by the so-called "Zoo" up to the twenty-fourth day of April, 1898, and if any of the said sum has been collected, and if so how much.

The Law Department was unaware until to-day the amount of rent due from Charles H. Atkinson, for rent of the building on Boylston street, formerly occupied by the Public Library, and as no bill has ever been put into its hands by the Trustees of the Public Library for collection, it cannot state what steps it may take to recover the same, although as at present advised, it would probably return the same to the Trustees of the Public Library as absolutely uncollectible.

The facts as known to the Law Department are these:

On or about December 10, 1897, the City Solicitor received from the Board of Trustees, through the Librarian, a letter informing him that Mr. Atkinson was behindhand on his rent, and that he owed at that time \$4,701.28. The Librarian asked the Trustees what had better be done with regard to the matter.

A letter was written to Mr. Atkinson, informing him that unless immediate payment was made of the whole or a large part of the balance due, he would be ejected from the building and steps taken to recover the rents due. Mr. Atkinson called in consequence of the letter, and stated that he was insolvent and losing money, and was unable to pay. Inquiry showed that the animals did not belong to him, but were hired from parties in New York and elsewhere; that he owed \$1,400 on them; that he had no property which could be attached, and that he was insolvent and very much in debt.

The City Solicitor wrote to the Trustees under date of December 14, 1897, and January 18, 1898, informing them of these facts; that it was practically impossible to eject the animals from the building, as the lions and tigers could not be put out on the street and no storage warehouse would receive them; that if the doors were closed and possession taken of the building, we should have to heat it for the protection of the animals and provide keepers and food for them; that under the circumstances it would be better to let Mr. Atkinson stay and make what payments he could and have arrangements made to have the owners remove the animals and the place fixed up so as to be rentable to another tenant. Mr. Atkinson made payments on account—\$300 on December 31, and other amounts in January, February, and the early part of March, said payments aggregating \$1,250. Meanwhile the animals were removed by the owners, the building was put in good condition at Mr. Atkinson's expense, and on the twenty-second of March, 1898, the building was closed.

We are informed to-day by the Librarian that if Mr. Atkinson had not closed the building, there would have been due on the fourth of March, \$11,910, and on the twenty-fourth of April, \$14,350, but probably on account of being informed that Mr. Atkinson was insolvent, and that no considerable sum of money could be collected of him, no bill has been placed in the hands of the Law Department by the Trustees, and nothing further has been done by the Law Department since it informed the Trustees that Mr. Atkinson had failed and that the building was vacated.

Respectfully, for the Law Department,
THOMAS M. BABSON, City Solicitor.
The communication was placed on file.

Entertainment Norcross School—Veto.

OFFICE OF THE MAYOR,

City Hall, June 30, 1898.

TO THE CITY COUNCIL:

I feel obliged to withhold my approval from the order passed by the City Council appropriating the sum of \$90 for a children's entertainment in the Norcross School, in South Boston, as I believe that all children's entertainments should be provided for out of the regular appropriation available for the Fourth of July, and that it is an objectionable practice to add any single school or schools after the regular list has been made up, and to charge the additional expense to any other fund.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

The message was placed on file, and the order was indefinitely postponed.

Appointment of Trustees.

OFFICE OF THE MAYOR,

City Hall, June 28, 1898.

TO THE CITY COUNCIL:

You are hereby notified that I have this day reappointed Mr. John O'Hare a member

of the Board of Trustees for the Children's Institutions Department, for the term ending April 30, 1903, and that I have also appointed Miss Helen Cheever a member of the said Board, for the term ending April 30, 1899, in place of Miss Emily G. Balch, resigned.

Respectfully,
Sent up. JOSIAH QUINCY, Mayor.

Public Landing, Mystic Playground.

OFFICE OF THE MAYOR,

City Hall, June 30, 1898

TO THE CITY COUNCIL:

At the suggestion of a Councilman from the ward in which the Mystic Playground is situated in Charlestown, I recommend a transfer of \$500 from the balance of the loan appropriation for Street Improvements, Ward 3, to the Baths Department, for a public landing at Mystic Playground. I believe that such a public landing would be a decided convenience, and that there is a suitable location for it at this playground.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

In connection with the above, Mr. Horri-gan of Ward 3 offered the following:

Ordered, That the City Auditor be authorized to transfer \$500 from the balance of the loan appropriation for Street Improvements, Ward 3, to the Baths Department, for a public landing at Mystic Playground.

The order was passed and sent up.

Veto of Loan Items.

OFFICE OF THE MAYOR,

City Hall, June 30, 1898.

TO THE CITY COUNCIL:

I return herewith the order appropriating the sum of \$349,000 for street improvements in the various wards, having approved the items for Wards 6, 7, 8, 9, 12, 16, 17, 18, 19, 20, 22, 23 and 24. I hereby disapprove the other items contained in the order for the reason that, as I advised the City Council prior to the passage of this order, I believe it to be an indefensible practice to appropriate exactly the same amount of money for street improvements in each of the wards of the city in spite of the admitted differences in their current necessities.

I have approved the items for certain wards only because it seemed to me clear that these particular wards clearly require at least a pro rata share of the total amount of the appropriation.

I regret that the City Council has compelled me to act upon the street improvement appropriation in this unsatisfactory manner, but I cannot assent to the equal division, particularly in view of the small

amount to be distributed this year, nor, on the other hand, does it seem necessary or practicable to disapprove of all the ward items, and I am therefore obliged to divide the ward items into two classes, and approve some and disapprove others, according to the best general classification which I can make, based on the pressing necessities of the wards. Of course I realize that money should be expended for street improvements in the other wards, and I merely take the position that their situation is not such as to make it clearly advisable to expend the full pro rata amount in each one of them.

I trust that the City Council will pass an unrestricted appropriation for street improvements to the amount of the items now disapproved, in order that some proper provision may be made for pressing needs in various departments.

Respectfully submitted,
JOSIAH QUINCY, Mayor.
Assigned to the next meeting.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on June 30 and July 2, respectively:

General Order No. 524.

In the matter of the complaint made against Patrolman William E. Wiseman, of Division 2, for violation of Rule XXVI of the Police Manual, to wit: Leaving his route without permission while on duty, the Board finds the said Patrolman Wiseman guilty, and sentences him to a forfeiture of ten days' pay.

General Order No. 525.

I. In the matter of the complaint made against Sergeant James P. Keelan, of Division 14, for violation of Rule XXVI of the Police Manual, to wit: Neglect of duty and intoxication, the Board finds and adjudges the said Sergeant Keelan guilty, and sentences him to be dismissed from the police force.

II. Sergeant William B. Murphy, of Division 12, is hereby transferred to Division 14 for duty, to take effect at 7.45 A.M., Tuesday, the sixth instant.

JULY PAYMENTS.

The City Treasurer made payments for the City of Boston on July 1, 1898, as follows:

Mayor's general draft	\$357,341 37
Interest on all classes of debt	652,732 00
County of Suffolk monthly draft,	85,630 60

Total \$1,095,703 97

There has been remitted to London £20,000, to pay interest falling due there on the Consolidated Street Improvement Sterling Loan.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following were approved June 27, 1898:

Ordered, That the Trustees of the City Hospital be authorized to expend the sum of \$30,000 in enlarging the boiler-house and steam-heating plant, and the sum of \$8,500 in completing the surgical building; and that to meet said appropriations the City Treasurer issue, at his discretion, and sell, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of \$38,500, said bonds or registered certificates of indebtedness to be made payable at the office of the City Treasurer, Boston, ten years from the date of the same, with interest thereon at the rate of $3\frac{1}{2}$ per cent. per annum, payable semi-annually.

Ordered, That any premium obtained by the City Treasurer in the negotiation or sale of said bonds or certificates of indebtedness be paid to the Board of Commissioners of Sinking-Funds for the redemption of the debt hereby created.

Ordered, That the City Auditor be hereby authorized to transfer from the Reserved Fund the sum of \$200, said sum to constitute a special appropriation for a fireworks display in the North End, on July 4, 1898.

Ordered, That there be allowed and paid to Francis J. McCauley the sum of \$15, being the expense incurred in defence of a suit brought against him on account of his acts as a police officer of the City of Boston, said sum to be charged to the appropriation for Police Department.

Ordered, That Chapter 298 of the Acts of 1898, entitled "An Act Relative to Alleys in the City of Boston," be and hereby is accepted.

Ordered, That His Honor the Mayor be, and he is hereby authorized in the name and behalf of the city, and for a nominal consideration, to release to Annie De Wolf Brigham all the right, title and interest which the city acquired by virtue of a taking by the Board of Aldermen by a resolve and order, passed March 26, 1872, for the Old Dorchester Brook sewer, in and to a strip of land ten feet wide, extending through the parcel of land now owned by said Brigham on the westerly side of Norfolk avenue, between Shirley and Pontine streets, said old sewer having been abandoned, and a new sewer having been constructed through a new location in said land of said Brigham.

Ordered, That His Honor the Mayor be, and hereby is, authorized in the name and behalf of the City of Boston, and for a nominal consideration, to release to Robert A. Moore, his heirs and assigns, all the right, title and interest which the said City of Boston acquired in land of said Robert A. Moore by virtue of a taking for sewerage or surface drainage purposes by the Board of Street Commissioners, by a resolve and order of said Board passed January 26, 1898, for the Oakland Garden fork of the Canterbury Branch of Stony Brook, in and

to certain parcels of land on and near Gawn, Millet, Athelwold and Kilton streets, in the Dorchester District, owned by said Moore; the said taking, so far as said land of Moore is concerned, having been abandoned by the city, and the lands and rights in lands seized by said taking never having been used, and a different arrangement for said sewerage or drainage purposes having been made by the authorities of said City of Boston.

The following were approved June 28, 1898:

Ordered, That the Bath Commission, for the purpose of providing a floating bath-house, to be located in the Neponset River, be authorized to expend the sum of \$2,500 for the construction of an additional floating bath-house, and that, to provide for such expenditure, the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the Baths Department be hereby authorized to expend the sum of \$1,500 for a bathing establishment on the Charles River, upon the grounds of the Parental School at West Roxbury, and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the Bath Commission be authorized to expend the sum of \$2,500 for the construction of a bathing-pool and other facilities for bathing, at the Cabot-street bath-house, and that, to provide for such expenditure, the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the Superintendent of Public Grounds be hereby authorized to expend the sum of \$2,500 for a swimming-pool and bathing accommodations at Orchard Park, and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the Trustees for Paupers be hereby authorized to expend the sum of \$2,500 for buildings, etc., on Long Island, for the accommodation of children carried thereto on excursions provided for out of the Randidge Fund, and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the City Auditor be hereby authorized to transfer from the Reserved Fund the sum of \$400; said sum to constitute a special appropriation for athletic sports on Boston Common, July 4, 1898.

Ordered, That there be allowed and paid to John Lyons the sum of \$300, being the amount paid for a liquor license of the Fourth Class A issued to him by mistake and afterwards surrendered.

Ordered, That the City Treasurer be hereby authorized to pay to E. O. Shepard the sum of \$16.32, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on corner La Grange and Weld streets, for unpaid taxes of the year 1894, by deed recorded with Suffolk Deeds, lib. 2,314, fol. 564.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$10.86, being the amount held by

the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Madison avenue (lot 42), for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 393.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$10.86, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Madison avenue (lot 43) for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 394.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$10.96, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Harvest street (lot 48), for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 387.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$10.86, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Harvest street (lot 49), for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 385.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$9.48, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Harvest street (lot 50), for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 386.

Ordered, That the City Treasurer be hereby authorized to pay to Francis L. Willard the sum of \$9.48, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Willowood street (lot 44), for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2,409, fol. 396.

Ordered, That during the annual recess of the Common Council, the joint standing committee on Building Department be authorized to allow the erection of wooden buildings and wooden additions, upon such terms and conditions as said committee may deem expedient.

The following were approved June 29, 1898:

Ordered, That the Inspector of Buildings be authorized to issue a permit to the J. O. Whitten Company to build, outside the building limits, a wooden building on Western avenue, rear Upton court, Ward 25, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Department for the Inspection of Buildings; said building to be occupied as a wash-house.

Ordered, That the Inspector of Buildings be authorized to issue a permit to the J. O. Whitten Company to build, outside the building limits, a wooden addition to building on Western avenue, rear Upton court, Ward 25, in excess of size allowed, and without the construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Department for the Inspection of Buildings; said addition to be occupied for packing purposes; main building occupied for same purpose.

By the Board of Aldermen.

The following were approved June 28, 1898:

Permits to project bay windows, etc., viz.:

Daniel A. Dwight, one over Hereford street, from building 433 Beacon street, corner Hereford street, Ward 11.

Frederick Ayer, five windows and cornice, from buildings 187-195 Massachusetts avenue, Ward 10.

Permits to project signs, etc., viz.:

M. Maynes & Co., lantern, at the Jefferson House, 16 North street, Ward 6.

Quong Wah, sign, at 660 Main street, Ward 4.

Solomon Ernst, sign, at 1219 Tremont street, Ward 18.

Benjamin F. Goodman, sign, at 35 Broadway extension, Ward 9.

Frank S. Hickey, clock sign, at 108 Court street, Ward 6.

E. W. Farnham, sign, at 1622 Tremont street, Ward 19.

T. E. Masterson, sign, at 2241 Washington street.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the material specified, the owners to furnish the said materials, viz.:

Mary T. Davis, 305 East Eagle street, Ward 1, of brick.

John Mahan, Dewey street, near Howard avenue, Ward 16, of artificial stone.

M. Kaiser, 1-3 Marshfield street, Ward 17, of artificial stone.

Benjamin E. Bates, 1191-1195 Tremont street, Ward 18, of artificial stone.

Phebe J. Peterson, 41 Waumbek street, Ward 21, of artificial stone.

Fred L. Hodges, 293 Adams street, Ward 24, of artificial stone.

Whidden & Co., 116-118 Water street, Ward 6, of artificial stone.

Katherine F. Rolland, corner Dorchester avenue and Roseclaire street, Ward 16, of gravel.

Frank Finn, 33 Porter street, corner London street, Ward 2, of brick.

R. M. Sharaf, 382-388 Blue Hill avenue, Ward 20, of brick.

L. M. Quinn, 122 Harvard street, corner Standish street, Ward 20, of brick.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Norcross Brothers to erect, maintain and use guy-posts, with the necessary ropes attached, in the following locations: Two on the southerly side of Dorchester avenue, north of Mt. Washington avenue; four on the easterly side of Dorchester avenue, between Mt. Washington avenue and Federal street, Ward 7; the work to be completed on or before November 15, 1898, according to the terms and conditions in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Ross & Fowler to erect, maintain, and use six guy-posts, with the necessary ropes attached thereto, in and over A street, near Congress street, for use in building abutments; the work to be completed on or

before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the right granted to the West Roxbury and Roslindale Street Railway Company to lay tracks beginning at a point on Centre street, at Spring street, thence through said Centre street, to the Dedham line, under an order passed by the Board of Aldermen October 11, 1897, and approved by the Mayor October 15, 1897, being the seventh location, so-called, be and the same is hereby extended for twelve months from this date.

Ordered, That the right granted to the West Roxbury and Roslindale Street Railway Company to lay tracks beginning at a point on Spring street, at its intersection with Baker street, and running along said Baker street to Centre street to a point on the present location of the company's tracks on Centre street, under the order passed by the Board of Aldermen on December 28, 1897, and approved by the Mayor January 1, 1898, being the eighth location, so-called, be and the same is hereby extended for twelve months from this date.

ORDERS PASSED—NOT REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

Ordered, That His Honor the Mayor be requested to instruct the heads of departments to allow all employees who reside in South Boston, and whose services can be dispensed with, a holiday without loss of pay in part compensation for their services, on Farragut Day, June 28, 1898.

Ordered, That the Board of Street Commissioners, in exercising the powers conferred by Chapter 298 of the Acts of 1898, relative to alleys in this city, be requested to give their attention to the thickly populated tenement districts, before commencing improvements in better-favored localities.

By the Board of Aldermen.

Ordered, That the Board of Park Commissioners be requested, through His Honor the Mayor, to locate two drinking-fountains on North End Park; the expense of the same to be charged to the appropriation for Park Department.

Ordered, That the Commissioner of Wires be, and is hereby, requested to report to this Board at his earliest convenience, by what right the firm of Mixer Brothers is running wires and cables through the streets of this city, for the purpose of doing a telephone business or any other business.

Ordered, That the Superintendent of Streets be requested to macadamize the roadway on Paris street, from Gove street to Marion street, the expense attending the same to be charged to the appropriation for Street Improvements, Wards 1 and 2.

Ordered, That His Honor the Mayor be hereby requested to ask the Board of Police to permit the firing of rockets, squibs, crackers, torpedoes and similar fireworks in the public streets, commons and squares, on Monday, the fourth day of July next, between the hours of 4 o'clock A.M. and 12 o'clock midnight.

ENACTED WITHOUT APPROVAL OF MAYOR.

By the Board of Aldermen.

The three following orders were presented to the Mayor June 21, 1898, and were not returned by him within ten days thereafter:

Ordered, That the Superintendent of Public Grounds be requested to trim the trees where necessary on Green street, Lamartine street and Wyman street, West Roxbury; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be directed to trim a tree at 6 Parker street, Charlestown; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a tree standing on Geneva avenue, near the corner of Bowdoin street, and one on Bowdoin street, near the corner of Geneva avenue, the expense of the same to be charged to the appropriation for Public Grounds Department.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on July 14, 1898, examination may be taken at Boston or any other city in the United States where the Commission has a Board of Examiners, to fill two vacancies in the grade of assistant, United States Coast and Geodetic Survey, Treasury Department, the salary of which is \$1,200 per annum each; that on July 21 and 22, examination may be taken for the position of Chief of Division of Library and Archives, United States Coast and Geodetic Survey, Treasury Department. The salary of this position is \$1,800 per annum.

The Commission also announces that it is desired to establish an eligible register from which a selection may be made to fill the grade of assistant, Division of Entomology, Department of Agriculture, at a salary of \$1,000 per annum. No applications will be executed after July 21.

Persons who desire to compete should at once write to the United States Civil Service Commission, Washington, D.C., for application blanks, which should be properly executed and promptly forwarded to the Commission at Washington.

APPOINTMENTS.

Thomas A. Mullen, Private Secretary to the Mayor, has been appointed Assistant City Solicitor, to succeed Frederick E. Hurd, who has been appointed Assistant Attorney-General of the Commonwealth. The appointment of Mr. Mullen will take effect on October 1, 1898. Nathaniel G. Robinson, the present Assistant Secretary, has been appointed Private Secretary, and will assume the duties of the position on the above-mentioned date. The office of Corresponding Secretary has also been created, which will be filled by James A. McKibben.

GROWTH OF MANUFACTURES.

The following table has been compiled in order to present in compact form the more important results of the State Census of 1895, with regard to the manufacturing interests of the Commonwealth, so far as they relate to the leading manufacturing cities. Only those cities have been included which had a total invested capital of \$5,000,000 or more. No town in the State had sufficient invested capital to entitle it to a place in the table. Six cities in the Commonwealth have a capital invested in manufacturing enterprises of over \$2,500,000, but less than \$5,000,000. These cities are, in the order of their rank as regards capital invested, as follows: Salem, \$4,834,330; Haverhill, \$4,601,200; Malden, \$4,139,619; Pittsfield, \$3,916,993; Northampton, \$3,047,371; and Newton, \$2,818,369. Five towns have a capital invested of over \$2,500,000, but less than \$5,000,000, as follows: Clinton, \$4,396,401; Brookline, \$3,921,437; Adams, \$3,245,415; Southbridge, \$2,743,723; Attleborough, \$2,658,966.

The figures representing absolute amounts have been taken in all cases from the Census of 1885 and the Census of 1895. The percentages of increase have been computed by us, except those relating to the increase of population and to the increase in the total value of goods made, which were taken from the Census of 1895. The figures indicating the rank of the cities, relate only to those included in the table. If all the cities and towns were considered, slight changes would undoubtedly have to be made in the ranking, except so far as relates to capital invested, which is here taken as the standard. Some of the cities and towns mentioned above as having a capital invested of over \$2,500,000, but less than \$5,000,000, may surpass in other respects those having a greater invested capital. The proportion of fixed capital to materials used, or to final product, varies with the nature of the goods manufactured.

Any comparison of the total amount of capital invested as given in the Census of 1885 and that of 1895, would be very misleading, because of the different methods employed by the Census Bureau in making up these totals. (See Census of 1895, Volume V, page 223.) Consequently, no calculations of percentage of increase have been made with respect to this item. The figures relating to Cambridge and Somerville must be used with great care, because certain food manufacturing establishments situated on the boundary between the two cities "were erroneously credited entirely to Somerville in 1885, but not thus credited in 1895." (Census of 1895, Volume V, page 230.)

Following is a table showing the growth of manufactures in the cities of the Commonwealth, having capital invested in manufacturing to the amount of \$5,000,000 or over:

CITIES.	Population.			Capital Invested.			Number of Establishments.			Value of Stock Used.			Total Value of Goods Made and Work Done.				
	1885.	Percentage of Increase, 1885-1895. (Census.)	Rank according to increase.	Amount, 1885.	Rank.	1885.	1895.	Percentage of Increase, 1885-1895. Awards of Contracts.

Hospital Department.

Boston, July 1, 1898.

The contract for supplying the Hospital Department with ice for the year beginning July 1, 1898, proposals for which were opened on June 24, has been awarded to the Boston Ice Company, at \$2.50 per ton of 2,000 pounds, they being the only bidder.

The proposals for supplying the Hospital Department with milk for the year beginning July 1, 1898, were opened as follows:

Edgar K. Ray, pure dairy milk, at twenty-nine cents per can; milk from tuberculin tested milk, thirty-one cents per can; C. Brigham Company, pure dairy milk, thirty cents per can; David Whiting & Sons, milk of standard quality, thirty cents per can.

The contract was awarded to Edgar K. Ray, at twenty-nine cents per can of eight and one-half quarts, with the proviso that the Trustees may at any time change the terms of the contract so that they may obtain milk from cows that are certified by the Massachusetts State Board of Cattle Commissioners as free from tuberculosis by the tuberculin test.

The proposals for supplying the Hospital Department with a cargo of from 1,200 to 1,500 tons of strictly hard white ash broken coal were opened as follows:

	Per ton.
J. A. Bradford & Co.	\$4 10
W. H. & S. L. Emery	4 06
Hanson & Parker, Ltd.	4 04

The contract was awarded to Hanson & Parker, Ltd.

G. H. M. ROWE, Superintendent.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending July 2, 1898, are as follows:

Death rate for the week	17.8
Death rate for corresponding week, 1897	13.7
Number of deaths:	
Males	97
Females	85
Total	182
Total deaths in corresponding week, 1897	136
Increase	46

Of the 182 decedents, 176 were white and 6 colored; 132 were born in the United States and 50 in foreign countries; 44 were of American parentage, 128 of foreign parentage, and the parentage of 10 unknown.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	15	1
Scarlatina	9	0
Typhoid fever	8	5
Measles	51	0
Totals	83	6

PRINCIPAL CAUSES OF DEATH.

Consumption	27
Pneumonia	9
Whooping cough	3
Heart disease	19
Bronchitis	2
Marasmus	8
Violent causes	11
Total from principal causes	79
Total from infectious diseases	6
Total from other causes	97
Total from all causes	182

NOTICE.

TO THE HONORABLE THE MAYOR AND BOARD OF ALDERMEN:

Your petitioners, the Directors of the Forest Hills and Quincy Street Railway Company, having complied with all provisions of law thereto enabling, pray that the following location of the tracks of the railway of said company may be granted, and that said railway may locate, lay and maintain its tracks, with such turnouts, switches and connections with its car barn as may be needed, and erect and maintain the necessary poles and wires and other fixtures along the ways hereinafter named for the purpose of operating by electricity or other motive power, except steam, a street railway on, over and through the following streets of the City of Boston, viz.: Commencing on Washington street, opposite the north-bound station of the New York, New Haven and Hartford Railroad Company at Forest Hills, through Washington, Morton, Sanford, Washington, Codman, Adams and Marsh streets, to a point on Neponset avenue near the tracks of the New York, New Haven and Hartford Railroad Company at Neponset; the location of said tracks, turnouts, switches and poles being shown on a plan made by Messrs. Hodges & Harrington, Engineers, dated April 17, 1897, and filed herewith.

Your petitioners respectfully request that they may be allowed to make, at their own expense, such changes in the tracks and overhead system of the West End Street Railway Company on Dorchester avenue, Blue Hill avenue and Adams street, as may be necessary.

ARTHUR BURNHAM,
JOHN R. GRAHAM,
THOMAS T. ROBINSON,
BENJAMIN L. M. TOWER,
JOHN S. BLEAKIE,
WILLIAM H. GALLISON,
WILLIAM C. LORING.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

June 30, 1898.

Upon the foregoing petition, it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will, on Monday, the eighteenth day of July, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon, in the *Dorchester Beacon*, *Boston Journal* and *THE CITY RECORD*.

Passed.

A true copy.

Attest:

J. M. GALVIN, City Clerk.

J. M. GALVIN, City Clerk.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 29, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Morton street, at Dorchester, be relocated as a highway between West Selden street and the New England Railroad, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the fourteenth day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 6, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Devon street, at Roxbury and Dorchester, be laid out as a highway, from Blue Hill avenue to Columbia road, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-first day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

June 30, 1898.

Ordered, That due notice be given—that this Board are of the opinion that public necessity and convenience require that a new channel be located for the stream or water-course, at Brighton, known as Shepard Brook, between the Wool Pond, near Goodenough street and Union street, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston,—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the fifteenth day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 5, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Elgin street, at West Roxbury, be laid out as a highway from Centre street to the New York, New Haven and Hartford Railroad, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twentieth day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

STREET DEPARTMENT.

Boston, July 1, 1898.

The Board of Street Commissioners, in accordance with Chapter 323 of the Acts of 1891, and amendments thereto, having passed orders for the laying out and construction of the following highways:

BRIGHTON.

Malvern street.
North Harvard street.

DORCHESTER.

Burt street.
Elizabeth street.
Mellen street.
Merlin street.
Newburg street.
Peterborough street.
Peverell street.
Spencer street, Wheatland avenue to Talbot avenue.
Waterlow street.
Woodlawn street.

Notice is hereby given that the Street Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Monday, July 25, 1898, as after that time no permits for openings will be granted until two years after said highways are completed.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, July 1, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 11.30 o'clock, A.M., on Friday, July 8, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered 0 96, 95, 87, 88, 89, 92, 93, 94, made by the Board of Survey and filed January 7, 1895, in the office of the City Surveyor, in City Hall, and on plans numbered 0 84, 85, made by said Board of Survey and filed June 27, 1895, in the office of said City Surveyor, in City Hall; said territory is in that part of Boston formerly Brighton, and is bounded, approximately, by Chestnut Hill avenue, the town of Brookline, the city of Newton and the Chestnut Hill Reservoir.

JOHN P. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Street Commissioners.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JULY 14, 1898.

Number 28.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, Secretary,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company — Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENT CONFIRMED.

The Board of Aldermen, at its meeting held on Monday, July 11, confirmed the following appointment made by His Honor the Mayor:

Henry D. Lynch, to be a Weigher of Boilers and Heavy Machinery.

SALT WATER FOR STREET- SPRINKLING.

The Merchants' Association of San Francisco has recently conducted a practical investigation as to the advisability of utilizing salt water in sprinkling the streets and flushing the sewers of the city.

After having a portion of one of the streets sprinkled with salt water, while the remainder was sprinkled with fresh water, during an entire month, the following conclusions were reached with regard to the advantages of the former method:

1. It binds the dirt together between the paving stones, so that when dry there is no loose dust to be raised by the wind.

2. It does not dry so quickly as fresh water, and it is claimed in those cities which

use salt water, that one load of salt water is equal to three of fresh water.

3. The salt water, which is deposited on the street, absorbs moisture from the air during the night, so that during the early morning the street is thoroughly moist and has the appearance of having been freshly sprinkled. This effectually prevents dust being raised by the wind or street sweepers before the regular sprinkling carts can get over the ground during the morning, and thus overcomes one of the great nuisances.

Nearly every seaside city and town in Europe, that sprinkles the streets at all, uses salt water. The town of Great Yarmouth, in England, began the use of salt water for street-sprinkling and sewer-flushing in 1886, and reports that whereas the town had in previous years used 7,000,000 gallons per annum of fresh water, at a cost of twenty-four cents per 1,000 gallons, it now uses only 5,000,000 gallons of salt water, with a greater area to cover, at a cost of but five cents per 1,000 gallons.

No city of the United States does street-watering to the extent of that done by the City of Boston.

At the present time the Street-Watering Division waters about 421.81 miles of streets, with all kinds of pavement, and employs to do this work, 198 carts. It is estimated that 2,613,000 gallons of water are used daily for street-watering purposes, aggregating 339,768,000 gallons for the entire season.

WATER-WORKS OF ST. LOUIS.

The following amendment to the charter of the City of St. Louis, with regard to its water-works, was submitted to popular vote on July 12:

"The water-works of the city, as now constituted or as hereafter constructed, shall never be sold, leased, alienated, rented or farmed out, except pursuant to an ordinance recommended by the unanimous vote of the Board of Public Improvements, and passed by the Municipal Assembly by a vote of all the members thereof, and approved by the Mayor, submitting the question of the sale, lease, alienation, rental or farming out thereof to a vote of the qualified voters of the City of St. Louis, and adopted by such voters by a five-sixths vote of all the votes cast at a special election held for that specific purpose, and at which no other question shall be submitted to such voters."

COUNTY AND MUNICIPAL EXPENDITURES.

The following bill, relating to the Investigation of County and Municipal Expenditures, constitutes Chapter 432 of the Acts of 1898:

An Act to Provide for the Summary Investigation of County and Municipal Expenditures.

Be it enacted, etc., as follows:

Section 1. If twenty-five owners of real estate in any town having a population of less than 5,000, or fifty owners of real estate in any town having a population of more than 5,000, or twenty-five owners of real estate in each ward of a city, or 500 owners of real estate in any county in the Commonwealth, shall present to any Justice of the Superior Court within and for the county in which such real estate is situated, a petition sworn to and subscribed by themselves, setting forth that they are owners of real estate situated in such town, city or county, that they have paid taxes thereon within one year prior to the date of the petition, that they believe and have reason to believe that the moneys of such town, city or county are being or have been unlawfully or corruptly expended, and that they desire an investigation to be made in relation to such alleged unlawful or corrupt expenditures, it shall be the duty of such Justice, if after a hearing it shall appear that there is reasonable cause to believe that said moneys are being or have been unlawfully or corruptly expended as aforesaid, upon ten days' notice to the Treasurer of such town, city or county, and to the Selectmen of a town, the Mayor of a city, or the Board of County Commissioners, as the case may be, to make a summary investigation into the affairs of such town, city or county; and in his discretion such Justice may appoint experts to examine the books and accounts of the officials under investigation and to prosecute such investigation, and may cause the results thereof to be published in such manner as he may deem proper, but no proceedings under the provisions of this act shall be begun within the thirty days next preceding the holding of a municipal election in such town or city, or the holding of a State election.

Sect. 2. It shall be the duty of the Treasurer and of any other municipal or county officers to obey any orders of such Justice for facilitating said investigation, and any refusal or wilful failure to obey such orders may be punished by such Justice as for contempt.

Sect. 3. The costs incurred under this act shall be taxed by said Justice and shall be paid, upon his order, by the Treasurer of the county or municipality whose expenditures have been investigated, out of the treasury of said county or municipality.

PORT OF BOSTON.

The passenger and freight service between this port and Europe has been considerably augmented by the addition to the Dominion Line of steamships, running to Liverpool, of the new steamer "New England," which arrived here on Sunday morning, July 10, on her first trip.

The steamer was built by Messrs. Harland & Wolff, Ltd., Belfast, Ireland, being commenced in March, 1897, and launched in April, 1898. Her gross tonnage is 11,600, with a net tonnage of 7,716, and, when loaded, draws 29.9 feet of water. Accommodations are provided for 250 saloon, 250 second-cabin and 500 steerage passengers, and 14,000 tons of cargo can be carried in her hold.

Since the year 1890, the value of the foreign commerce of the Port of Boston, which amounted at that time to \$134,078,610, has increased more than any other port in the United States during the same period. For the fiscal year 1897, the value of imports and exports of Boston amounted to \$191,035,700.

The number of vessels belonging to each line plying between this port and European ports, engaged in the passenger and freight service, is as follows:

Warren Line, to Liverpool, seven; Cunard Line, to Liverpool, five; Leyland Line to Liverpool, five; Dominion Line, to Liverpool, two; Dominion Line, to Bristol, three; Hamburg-American Line, to Hamburg, three; Johnston Line, to London, five; Allan Line, to Glasgow, two per month; Wilson Line, to Hull, two per month.

TRADE OF BOSTON.

The Boston Bureau of Commerce and Industries, which was organized last May, for the purpose of protecting and fostering the business interests of Boston, and of New England generally, and charged with the special duty of attracting to this market the trade which naturally belongs to it, has established headquarters in the John Hancock Building, and active measures are being taken to secure for the organization in its work, the support and co-operation of the merchants and manufacturers of the city.

During the month of June, the association through its Board of Directors, appealed to over 5,000 business-houses for a membership of 2,000, as a basis upon which to establish its permanency. Commercial bodies

throughout the city have been requested to use their influence in securing members for the new organization, and a personal canvass among business men is now contemplated, in order to more fully obtain the united assistance of representatives of all branches of commercial activity.

The Bureau is adding to its membership daily through these means, and hopes to have its arrangements completed, to be able to participate in the coming fall trade.

Awards of Contracts.

Engineering Department.

Proposals for paving and regulating Summer-street extension, near L-street bridge, were opened at the office of the City Engineer on June 30, 1898, as follows:

	Item 1.	Item 2.	Item 3.	Item 4.	Total.
	1,161 linear feet Edgestones, per linear foot.	4,940 square yards Granite Block Paving, per square yard.	33 square yards Flagging Crosswalks, per square yard.	1,516 square yards Crushed Stone Sidewalks, per square yard.

WILLIAM JACKSON, City Engineer.

Street Department.

Proposals for constructing and regulating macadam roadway in the following-named streets were opened at the office of the Superintendent of Streets on June 30, viz.:

Oakley street:

Bidders.	Bid.
John Connors	\$1,263 40
J. A. Whittemore Sons	1,301 00
D. E. Lynch	1,310 30
P. O'Hara & Co.	1,325 30
Collins & Ham	1,336 00
Philip Doherty	1,391 00

The contract was awarded to John Connors.

Malvern street:

James Doherty & Co.	\$1,373 30
D. E. Lynch	1,421 90
J. A. Whittemore Sons	1,488 50
M. Kiernan	1,688 00
George H. Wentworth	2,024 00

The contract was awarded to James Doherty & Co.

Proposals for building sewers and drains in the following-named streets were opened at the office of the Superintendent of Streets (the first two on July 1, and the latter on June 30), viz.:

Ipswich street, Roxbury:

Bidders.	Bid.
A. E. Weaving & Co.	\$2,314 52
R. J. Malone	2,854 40
J. P. O'Connell	3,003 54
D. E. Lynch	3,271 15
John Donovan	3,285 76
Collins & Ham	3,658 02

The contract was awarded to A. E. Weaving & Co.

Mascot street, Dorchester:

Flynn & Brophy	\$339 00
T. H. Connolly	341 00
J. P. O'Connell	480 00
McDowell & Son	463 50
James Dolan	473 50
D. E. Lynch	480 00

The contract was awarded to Flynn & Brophy.

Evelyn street, Dorchester:

McDowell & Son	\$2,169 20
Flynn & Brophy	2,220 40
George Tucker	2,305 80
John Donovan	2,599 40
T. H. Connolly	2,693 00
R. J. Malone	2,818 60
J. P. O'Connell	2,868 00
D. E. Lynch	2,968 36
A. E. Stewart	3,387 80
M. Russo	3,902 60

The contract was awarded to Flynn & Brophy.

Proposals for building sewers in the following-named streets were opened at the office of the Superintendent of Streets on July 7 and 11, respectively:

Raven street, Dorchester:

George Tucker	\$225 00
John Donovan	228 10
D. E. Lynch	244 50
Quimby & Ferguson	254 00
J. P. O'Connell	284 00
Collins & Ham	292 50
James Dolan	299 00
Bowers Brothers	434 50
James McGraw & Co.	475 00

The contract was awarded to George Tucker.

Spencer street, Talbot to Wheatland avenues, Dorchester:

James Dolan	\$521 00

D. E. Lynch	531 44
George Tucker	541 80
A. E. Stewart	572 85
James McGraw & Co.	609 32
D. M. Dwyer	615 49
D. A. Dorey	628 95

The contract was awarded to James Dolan.

BENJ. W. WELLS, Supt. of Streets.

PILOT COMMISSIONER.

The name of Captain J. A. Bailey of Kingston, Mass., to be Pilot Commissioner, has been sent to the Governor and Council, by the Boston Marine Society, for confirmation.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, Monday, July 11, 1898, at 3 P.M., Chairman Conry presiding.

Appointments by the Mayor.

Communications were received from His Honor the Mayor, making the following appointments, subject to confirmation by the Board:

(1.) Charles E. Folsom, to be a member of the Board of Assessors, for the term ending April 30, 1900, to fill a vacancy.

(2.) John L. Russell, to be a Constable of the City of Boston, for the term ending April 30, 1899.

Severally laid over, under the law.

The following messages were received:

Cost of Asphaltting Shawmut Avenue.

OFFICE OF THE MAYOR,

City Hall, July 11, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the Superintendent of Streets, in reply to your order requesting an estimate of the cost of asphaltting Shawmut avenue, between Cherry and Cobb streets.

Respectfully,

JOSIAH QUINCY, Mayor.

STREET DEPARTMENT.

City Hall, July 9, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with the request contained in enclosed order of the Board of Aldermen, I beg to report that the estimated cost of paving with asphalt Shawmut avenue, from the south side of Cherry street to the north side of Cobb street, is \$3,800. This does not include the cost of asphaltting the space occupied by the street railway tracks, which should be paid by the Boston Elevated Railway Company.

Respectfully submitted,

BENJ. W. WELLS,

Superintendent of Streets.

Referred to the Committee on Finance.

Long Island Camp for Boys.

OFFICE OF THE MAYOR,

City Hall, July 11, 1898.

TO THE CITY COUNCIL:

It occurred to me some time since, in connection with the work of conducting children's excursions under the Randidge bequest, that the attractive portion of Long Island used for these excursions might also be made available for a summer camp for

boys, and a majority of the Finance Committee have now approved, at my request, a transfer of \$2,500 from the Reserved Fund to the appropriation for Mayor's office, to enable the experiment of conducting such a camp to be tried this summer. Through its ownership of the steamer which provides transportation to Long Island, and of a considerable area at the southern end of the island, with a fine beach, unused for any other purpose, it seemed to me that the city was in a position to provide an opportunity of this character at a smaller expense and under conditions fully as favorable as any of the private individuals or organizations who have been enlisted in similar work. After the equipment is once paid for, it is estimated that the whole expense of conducting the camp for 100 boys at a time should not exceed \$2 a week for each boy, including the furnishing of sufficient and wholesome food and of proper direction and supervision, the work connected with the camp being, of course, performed by the boys themselves.

The basis of the plan, and the main justification for the expenditure by the city to carry it out, rests in my opinion on making it of value from the standpoint of education and training, mental and physical, as well as from that of mere healthful recreation, important as I believe the latter object alone to be. It is proposed to keep each boy for one week. During a part of each day the camp will be conducted as near an approach to actual militia practice as possible, and the boys will be put through certain regular drill; swimming, boating, games and various forms of recreation will be provided, under proper supervision, during other parts of the day.

While a week is rather a short time within which to produce much of an effect upon a boy, I still believe that it will be possible, as the work develops, to exert an appreciable influence by way of training, and one well worth the expenditure, upon the characters of the boys. The age limits of the boys received will be for the present fixed at twelve and sixteen years. Any boy who shows himself unwilling to conform to the rules will have to leave at once. If the plan can be successfully carried out and is continued another year, it may be desirable to provide for the payment of the estimated cost of \$2 a week by each boy whose parents can afford it, or who can save or earn this amount himself; but in such case it seems to me it would be important to avoid establishing any distinction between the boys who paid and those who did not. For the present season, it has seemed to me that all of the accommodations which could be furnished would be required for boys who are not in a position to make any payment, and who, without this opportunity, would

have no means of obtaining any vacation outside of the city; while I therefore propose to have the camp conducted this year for those who need its advantages the most, and at the same time are the least able to pay for them, it does not seem to me desirable to set up any formal poverty test for admission to it, or to place the boys received to it in any way upon a dependent or pauper basis. I think that the camp should rather be placed upon the basis of an agency provided by the city—though necessarily at present confined to a comparatively small number—to supplement the educational work of our public schools, particularly on the side of physical development and training, which, indeed, is now recognized as coming within their regular curriculum.

Indeed, the plan is connected in my mind with the broad subject of providing at the public expense vacation instruction, of a radically different character from that furnished in the school-room during the term, for all school-children who care to avail themselves of it. I believe that a policy of this character must before long be adopted by every enlightened municipality, as it already has been in a limited way by some; and we have just taken an important step in this direction in Boston by providing opportunities for instruction in swimming for all our school-children.

Every effort will be made to maintain a proper moral tone in the camp, and no boy will be admitted to it who has been an inmate of any correctional institution, or who should properly be classed as a bad boy; it is rather intended to make the opportunity afforded by the camp in the nature of a special advantage or reward for thoroughly deserving boys, who would profit the most by it. I propose to appoint at once an advisory committee of seven persons, of whom several will be women, to undertake the general supervision and direction of this camp, as well as of the children's day excursions to Long Island, which are already going on.

It is expected that the camp will be ready to open by Monday, July 18, and I shall be glad to receive from members of the City Government, and from citizens generally, any suggestions as to the best methods of selecting the boys to be offered this advantage, and as to individual boys to be received. Until the advisory committee is organized, applications may be sent in writing directly to the Mayor's office, and I shall at once issue a circular to the various churches in the city, explaining the plan and offering them an opportunity to present applicants.

I should also be especially glad to have any school-teachers suggest the names of any of their pupils, between the ages named,

whom they consider particularly deserving of being admitted to the camp.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered printed, and assigned to the next meeting.

Funds for Street Improvements.

OFFICE OF THE MAYOR,

City Hall, July 11, 1898.

TO THE CITY COUNCIL:

Assuming that my veto of the ward improvement items for twelve of the wards in the city will be sustained, I desire to recommend the passage of the accompanying loan order providing the sum of \$100,000 for street improvements without restriction, and I trust that it may be immediately passed, in order that provision may be made for doing the most pressing work in the wards not now provided for, and also for doing some work of general importance and great urgency.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Superintendent of Streets be hereby authorized to expend the sum of \$100,000 for street improvements; and that the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

The Board refused to pass the order (an affirmative vote of eight being necessary to pass it).

The vote was reconsidered, and reconsideration was assigned to the next meeting of the Board.

TO THE COMMON COUNCIL.

The regular meeting of the Common Council was held in the Council Chamber, City Hall, Thursday, July 7, 1898, at 7.45 o'clock P.M., President Connolly in the chair.

The following messages were received:

Soldiers' Relief.

OFFICE OF THE MAYOR,

City Hall, July 7, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Soldiers' Relief Commissioner, enclosing a copy of Chapter 561 of the Acts of the present year. As it is uncertain at the present time how much will be required for the purpose recommended, I suggest the passage of the accompanying order providing the sum of \$1,000 for the present year.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF SOLDIERS' RELIEF.

Boston, July 2, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I desire to call your attention to the enclosed bill passed by the Massachusetts Legislature (Chapter 561 of the Acts of 1898). There is no appropriation for payments under this law. Section 3 reads: Any city or town may raise money by taxation or otherwise, etc.

I am satisfied that the dependents of soldiers will need assistance and that some provisions should be made for them under this act.

Respectfully,

REUBEN PETERSON,

Commissioner of Soldiers' Relief.

(Accompanying the message was a copy of the act referred to.)

Ordered, That the sum of \$1,000 be transferred from the Reserved Fund to the appropriation for Soldiers' Relief, to be expended under the provisions of Section 3 of Chapter 561 of the Acts of 1898, for the aid of the wife, widow, children under sixteen years of age, parents, brothers and sisters actually dependent upon any inhabitant of the City of Boston, having a residence and actually residing in the city, who has enlisted, or hereafter shall, during the present war prior to the declaration of peace, be duly enlisted and mustered as a non-commissioned officer or soldier, into the military service of the United States, as a part of the quota of this Commonwealth, or who has enlisted and been mustered into the regular army of the United States, or as a sailor or marine into the naval service of the United States.

The message was sent up, and the order was passed.

Appropriation for Music Department.

OFFICE OF THE MAYOR,

City Hall, July 6, 1898.

TO THE CITY COUNCIL:

Prior to the establishment of the Department of Public Music an appropriation was made of \$7,000 for "free concerts." While the passage of the ordinance establishing the Department of Public Music placed the expenditure of this appropriation solely under this Department, the wording of the item in the appropriation order restricts the purpose for which the money can be spent by this Department, and this hampers its work. I therefore recommend the passage of the accompanying order making this appropriation available for the general purposes of the Department of Public Music, under its powers as defined by ordinance.

It is not intended in any way to reduce the number of free concerts, as arranged for and announced.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the City Auditor be authorized to transfer the sum of \$7,000 from

the appropriation for "City Messenger Department, Free Concerts," to an appropriation for the Department of Public Music.

The message was sent up, and the order was rejected. Later in the session a motion to reconsider was made, consideration of which was assigned to the next meeting.

Instruction in Swimming.

OFFICE OF THE MAYOR,

City Hall, July 6, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the School Committee, stating that they cordially approve of the proposal of the Baths Department to furnish instruction in swimming to school-children, and that they will gladly co-operate in carrying out the plan.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

June 30, 1898.

The Committee on Hygiene and Physical Training, to whom was referred, May 24, a communication from the City Council, through His Honor the Mayor, with regard to instruction in swimming to pupils in the public schools during the summer vacation, report that they have considered the matter, and recommend that the City Council be respectfully informed, through His Honor the Mayor, that the School Committee cordially approve of the proposal of the Baths Department to furnish such instruction to school-children, and will co-operate in the carrying out of such plan so far as it may lie in their power to do so.

For the Committee,

SAMUEL H. CALDERWOOD, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

THORNTON D. APOLLONIO, Secretary.

Sent up.

Interest and Sinking-Fund Charges for Sewerage Bonds.

OFFICE OF THE MAYOR,

City Hall, June 6, 1898.

TO THE CITY COUNCIL:

Chapter 257 of the Acts of the present year provides that "the City Council of the City of Boston shall appropriate . . . such sums as the City Treasurer of said city shall each year determine to be the amount to be used for the interest on the bonds issued for sewerage works, and also the amount to be used for sinking-funds for bonds issued for sewerage works," such appropriation to be met by the annual charges provided for in the said act. I enclose herewith a communication from the City Treasurer, setting forth the amount of interest and sinking-fund requirements for the year 1898, and I

recommend the passage by the City Council of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

TREASURY DEPARTMENT.

April 21, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In accordance with Chapter 257 of the Acts of the Massachusetts Legislature of 1898, providing that the City Treasurer shall determine the amount to be used for interest on bonds issued for sewerage works and also the amount to be used for the sinking-funds for bonds issued for sewerage works, I beg leave to report the following:

Amount required for interest on bonds, for the year 1898, \$43,750.

Amount required for the sinking-funds, \$41,094.50.

Respectfully submitted,

ALFRED T. TURNER, City Treasurer.

Ordered, That under the provisions of Chapter 257 of the Acts of the year 1898, the amount of \$43,750 be appropriated for interest, and the amount of \$41,094.50 for sinking-funds, for the year 1898, on bonds issued for sewerage works.

The communication was sent up, and the order passed.

BROADWAY BRIDGE.

The following letter, in regard to the safety of Broadway bridge, has been received by His Honor the Mayor from the Engineering Department:

HON. JOSIAH QUINCY, Mayor.

SIR: In the fall of 1893, the Broadway bridge over Fort Point Channel was straightened and repaired, to provide for its safe use by electric cars and street traffic during the most of the time Dover-street bridge was being rebuilt, and till such time as a new bridge should be built to replace it. Since that date the bridge has been subjected to electric car and considerable heavy traffic, and is now in a condition to safely carry the same. In connection with the probable increase in the amount of travel over this bridge, due to the closing of a portion of Federal street, it should be stated that the construction of the bridge is such that its safety is not materially affected by the number of cars or amount of street or foot travel upon it at any one time. An ample roadway has been provided for heavy and other teams over Dorchester-avenue extension, from Federal-street bridge to Summer street.

Yours respectfully,

JOHN C. CHENEY, Acting City Engineer.

NEXT MEETING OF COMMON COUNCIL.

At its meeting held Thursday evening, July 7, the Common Council voted to adjourn to meet on Thursday, September 22, at 7.45 P.M.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following was approved July 1, 1898:

Ordered, That the City Auditor be authorized to transfer the unexpended balance of the appropriation for Carleton street, Ward 10, construction, to the special appropriation for Street Improvements, Ward 10.

The following were approved July 5, 1898:

Ordered, That the Superintendent of Streets be authorized to place a drinking-fountain around the flagstaff to be located in Andrew square, and to remove the fountain now standing in said square to Edward Everett square; the expense attending the same to be charged to the appropriation for Street Improvements, Ward 16.

Ordered, That the Board of Park Commissioners be requested, through His Honor the Mayor, to locate two drinking-fountains on North End Park; the expense of the same to be charged to the appropriation for Park Department.

Ordered, That the Board of Park Commissioners be requested, through His Honor the Mayor, to fly two new flags from the North End Park; the expense of the same to be charged to the appropriation for Park Department.

Ordered, That the expense incurred by the Committee on Ordinances, for hearing relative to the proposed bicycle path across the Common, be charged to the appropriation for City Council, Incidental Expenses.

Ordered, That the Superintendent of Printing be authorized to publish 2,500 copies of the Revised Ordinances of 1898, when adopted; the expense of the same to be charged to the appropriation for City Council, Incidental Expenses.

By the Board of Aldermen.

The following were approved July 5, 1898:

Permits to project signs, etc., viz.:

Dailey Brothers, sign, 10 Bennet street, Ward 7.

J. M. Gordon, sign, and pole on which to hang clothing, 112 Northampton street, Ward 12.

George Sparrow, three signs, 930 Washington street, Ward 9.

Achille Carbone, lantern, 251 Cambridge street, Ward 8.

Navin & Kelly, sign, 745 Washington street, Ward 7.

Orders directing the Superintendent of Streets to make sidewalks along the following-named streets in front of the following-named estates; said sidewalks to be from three to ten inches above the gutter adjoining, to be from five to twelve feet in width, and to be built as specified, the owners to furnish the materials, viz.:

James Chisholm, guardian, 44 Hartford street, Ward 16, of brick (no edgestone).

G. L. Davidson, 39-43 Kenwood street, Ward 20, of artificial stone (no edgestone).
C. M. Cook, 14 Gardner street, Ward 25, of artificial stone.

Ordered, That the Superintendent of Streets be authorized to issue a permit to George R. Cavanagh to move a wooden building, shingle roof, forty-four feet in length, by twenty-two feet in width, by twenty-four feet in height, from Hamilton street, near Bowdoin street, along said Hamilton street to Homes avenue, Ward 20, on the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to A. M. Richards to move a wooden building, flat roof, 100 feet in length, by fifty feet in width, by thirty-four feet in height, from Congress street, near the engine-house, along and across said street to pile foundations, Ward 13, on the terms and conditions expressed in the ordinance of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to T. J. Billings to move a wooden building, pitch roof, thirty-two feet in length, by eighteen feet in width, by twenty-four feet in height, from present location on Athelwold street, near School street, along said street to Kilton street, a private way, to land of C. A. Ufford, Ward 20, on the terms and conditions expressed in the ordinance of the city relating thereto.

The following were approved July 5, 1898:

Ordered, That permission be granted to the Walworth Manufacturing Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by J. H. Derby; said poles to be located as follows:

East First street; four poles, thirty-five feet in height by eight inches in diameter; width of sidewalk, six feet; date of plan, May 12, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within sixty days from the date of the passage of this order.

Ordered, That the Superintendent of Police be authorized to close to travel by vehicles, except police and United States mail wagons and fire apparatus, the following-named streets between the hours of 7 and 9 o'clock P. M., for a parade of societies of the Catholic Total Abstinence Union of America, viz.:

Newbury street, Commonwealth avenue and Newbury street, from Berkeley street to Arlington street; Arlington and Boylston streets, Copley square, Dartmouth street, Columbus avenue, Newton, Washington, Union Park, Tremont, School and Washington streets and Adams square.

Ordered, That the Superintendent of Streets be authorized to issue the necessary permits to the Metropolitan Water Board to close the roadway on Morton street, between Norfolk and Canterbury streets, in such

sections, and during such times, as it may be deemed necessary for the work of laying a main pipe under and along said street.

Ordered, That the Superintendent of Streets be authorized to issue a permit to James McGraw & Co. to close the roadway on Butler street, Ward 24, to public travel during the time necessary for constructing a sewer in said street; the work to be completed on or before September 30, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Ross & Fowler to erect, maintain and use two guy-posts, with the necessary ropes attached thereto, in and over Lehigh street, at or near the round-house of the Boston and Albany Railroad Company, on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to C. B. Maguire to erect, maintain and use guy-posts, with the necessary ropes attached thereto, in the following locations, viz.:

One at the junction of Blackstone and Clinton streets; one at or near the corner of Clinton and Commercial streets; also to stretch five guy-ropes across Blackstone, Clinton, Commercial and Fulton streets, Ward 6, on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Register of Deeds be authorized to allow the clerks in his office two weeks' vacation during the current year, without loss of pay, in part compensation for their services.

CONGRESS-STREET FIRE.

The following letters have been received regarding the work of the Fire Department during the fire on Congress street, on the night of July 2:

L. P. WEBBER, Chief of Department.

SIR: In transmitting this gratifying letter of Captain Weeks of the Minnesota, I wish to express to yourself and to the Department my whole approval of the excellent work done at the fire on Congress street last Saturday night, under conditions most trying to every man engaged in the hard fight and the successful battle.

H. S. RUSSELL, Commissioner.

To H. S. RUSSELL, Fire Commissioner.

MY DEAR SIR: It gives me much pleasure to acknowledge the prompt and effective work performed by the officers and members of the Boston Fire Department during the fire of Saturday night, July 2, which was communicated to the ship (the Minnesota) from the Atlas stores. Without their assistance it would have been impossible to have saved the ship.

JOHN W. WEEKS,
Massachusetts Naval Brigade.

NEXT MEETING OF BOARD OF ALDERMEN.

At its meeting held on Monday, July 11, the Board of Aldermen voted to hold its next regular meeting on Saturday, July 16, at 11 A.M.

IMMIGRATION DURING JUNE.

The report of George B. Billings, United States Immigration Commissioner, makes the following showing in respect to alien immigrants arriving at the Port of Boston, from transatlantic ports, during the month ending June 30, 1898:

NOMINATION OF ALDERMEN.

The following bill, relative to the nomination of aldermen in the City of Boston, constitutes Chapter 554 of the Acts of 1898:

AN ACT RELATIVE TO NOMINATIONS FOR ALDERMEN IN THE CITY OF BOSTON.

Be it enacted, etc., as follows:

Section 1. Every political party hereafter making nominations for aldermen in the City of Boston shall nominate twelve candidates; and in case any political party shall hereafter nominate less than twelve candidates for aldermen in the City of Boston, the names of such candidates shall not be printed on the official ballot.

Sect. 2. This Act shall take effect upon its passage.

Board Meetings.

Park Department.

Jamaica Park, June 27, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held June 27, 1898:

Voted, That the Superintendent be empowered, at his discretion, to designate resting places for bicyclists along the parkways and in the parks, changing the same as may be found expedient.

Voted, That the rules adopted for the use and government of the Arnold Arboretum and Bussey Park be amended, by inserting in Rule 1, after the word "city," the words "or Harvard College."

Voted, That the Superintendent be authorized to substitute engineering graduates for laborers, for engineering field work.

A communication was received from the Mayor, enclosing a letter addressed to him by the Superintendent of Streets containing the terms of the agreement under which temporary permission is asked by that Department, to throw the surface water from the Francis-street district into Muddy River. The Mayor suggested that the duration of the permit might be limited to one year from date. It was thereupon

Voted, That the Board accept the proposition set forth in a communication of the Superintendent of Streets to the Mayor, dated June 27, 1898, and recommended by the Mayor in his letter of even date, as a settlement of the matter of the temporary disposition of the surface drainage into Muddy River from the district bounded by Huntington avenue, Francis street and the Parkway, referred to in the letter of the Superintendent of Streets, and that upon the presentation of plans, satisfactory to the Board, for said temporary drainage by the Street Department, this Board will issue a permit therefor with authority to maintain the same for one year from the date of said permit.

Voted, That the vote of this Board of June 13, 1898, to abate \$4,814 of the assessment for betterment upon the estate of Robert Bacon et al., be rescinded.

Voted, That in the betterment suit of Robert Bacon et al., vs. Boston, the Law Department be authorized to consent to a judgment of \$4,314, without costs or interest.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, July 12, 1898.

The thirty-third regular meeting of the Trustees was held at 28 Court square, on July 5.

It was voted that, on the recommendation of the Superintendent of Long Island, Mr. Wilbur P. Snow, now employed at Long Island, be engaged as an engineer's helper, at \$30 per month.

A communication from the Assistant City Clerk was received, relative to the sum of \$2,500, to be expended for the erection of buildings, etc., for the accommodation of children carried to Long Island under the terms of the Randidge bequest. As the Trustees are not expected to have charge of the buildings, either during their construction or occupancy, the question arose as to the approval of the bills for the same, and the matter was referred to the Finance Committee.

Mr. Clayton H. Parmelee was appointed to the position of farmer, and Mrs. Therese H. Parmelee to the position of matron, at the Charlestown Almshouse.

Number of inmates at Long Island, July 2, 1898:

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Monday, June 27, 1898.

Petitions were received for a sewer in Falcon street, at East Boston, and for catch-basins in Leonard and Duncan streets, at Dorchester.

Orders of notice were passed of the Board's intention to relocate Tenean creek, between Gorham street and Dorchester avenue; to relocate Tenean creek, from Brent street to Kenwood street; and to construct an outlet for the Idaho-street sewer.

A catch-basin was ordered to be built in Warren street, Brighton.

It was voted to give a hearing in regard to changes in the locations, etc., of streets in Plat 8 of the Board of Survey plans.

It was voted to pay Ada L. Hodges \$1,383, for damages occasioned her estate by the widening of Adams street—her agreement to accept the same having been approved by the Mayor.

Tuesday, June 28.

It was voted to pay the trustees of the Dana lands \$30,000, for all damages occasioned their estate by the laying out of Ipswich street—their agreement to accept the same having been approved by the Mayor.

Petitions were received for sewers in Claymont terrace, at Dorchester; Cherokee street, at Roxbury; and Corey street, at West Roxbury.

Sewers were ordered to be built in Congreve and Fletcher streets, at West Roxbury.

An order was passed relocating Spring street, at West Roxbury, from Centre street to Gardner street.

An order was passed assessing the betterment occasioned estates by the widening of Brighton avenue.

In accordance with a request from the School Committee, the Board took land on Monument square for an addition to the site of the Charlestown High School.

A public hearing was given in regard to the relocation of a footway at South street, under the tracks of the New York, New Haven and Hartford Railroad, at West Roxbury.

A petition was received from the Citizens' Association of South Boston, that action may be taken in regard to the laying out of an extension of Cove street by a bridge over the tracks of the Terminal Company and over Fort Point Channel to Dorchester avenue, at West First street, in South Boston.

Wednesday, June 29.

A sewer was ordered laid out in Sedgwick street.

An order of notice was issued of the Board's intention to relocate Morton street, at Dorchester, between West Selden street and the New England Railroad.

Petitions were received for catch-basins in Walley and Blackinton streets, and in Bennington street, at East Boston.

It was voted to pay Annie G. Murray and Kate A. Kaler \$6,000, for all damages occasioned their estate by the laying out of Columbia road—the Mayor having approved their agreement to accept the same.

Thursday, June 30.

Sewers were ordered to be built in Westbourne street, Blackwell and Bowman streets and in South and Farquhar streets, and in Strathmore road.

An order of notice was issued of the Board's intention to relocate Shepard Brook, between the Wool pond, near Goodenough street, and Union street.

Petitions were received for catch-basins in Walley street, East Boston, and in Boylston street, at West Roxbury.

Friday, July 1.

It was voted to pay Augusta D. Estes \$1,200, for all damages occasioned her estate by the laying out of Columbia road—her agreement to accept that sum having been approved by the Mayor.

On recommendation of the Law Department, it was voted to award Agnes T. McGrath \$2,000, without interest, for all damages occasioned her estate by the widening of Whitney street.

A petition was received that Granger street may be extended, at Dorchester, to Dorchester avenue at a point north of Fenno court.

Tuesday, July 5.

A public hearing was given in the matter of laying out a highway, at East Boston, as a part of Bennington street, including Bennington street, from Chelsea street to Walley street, Walley street from Bennington street to Leyden street, Leyden street from Walley street to Beachmont avenue, and Beachmont avenue from Leyden street to Belle Isle Inlet, and constructing the same.

Orders of notice were issued of the Board's intention to lay out and construct Elgin street and Lorette street, both running from Centre street to the New York, New Haven and Hartford Railroad.

A petition was received for a catch-basin in Harvard street, at Dorchester; and for a sewer in Peters street, at South Boston.

Wednesday, July 6.

A public hearing was given in the matter of the location of a new channel for the Canterbury branch of Stony Brook, at Dorchester and West Roxbury.

It was voted to give a hearing on plans numbered M 81, 82, L 90, 91, M 98, 99, 100, T 1, U 10, U 9 of the Board of Survey, Plat 7.

Petitions were received for a sewer in Torrey street, and in Bowdoin street.

An order of notice was passed of the Board's intention to lay out Devon street, at Dorchester, from Blue Hill avenue to Columbia road, and to construct same.

Thursday, July 7.

Public hearings were given in the matter of the location of a new channel for the Mattapan Brook, at Dorchester; in the matter of laying out and constructing Fowler street, at Dorchester, from Glenway street to Greenwood street; and in the matter of the extension of Albano street, at West Roxbury, from Washington street to Amherst street.

Petitions were received requesting that Thacher road, at Dorchester, may be laid out as a highway; that sewers may be built in a passageway leading from Ipswich street, and in Fairweather street; and that a catch-basin may be built in Dromey street.

Friday, July 8.

Public hearings were given in the matter of laying out and constructing Ashley avenue, at East Boston, with the name of Ashley street, from Breed street to Walley street, and in the matter of laying out and constructing Middleton street, from Norfolk street.

It was voted: That there be awarded and paid to Ralph Butler, the sum of \$3,250, for all land taken from, and for all damages occasioned to his estate on Columbia street, at the corner of Sayward street, by the laying out of Columbia road, under the order of this Board of August 31, 1897.

A petition was received for a sewer in Roach street.

A public hearing was given in the matter of changes in the locations, directions, widths and grades for the highways in the territory bounded, approximately, by Chestnut Hill avenue, the Town of Brookline, the City of Newton, and Chestnut Hill Reservoir.

J. H. JENKINS, Secretary.

POLICE DEPARTMENT.

The following order was promulgated by the Board of Police on July 6:

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 13, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Canal street be relocated as a highway and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-eighth day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, July 8, 1898.

The West End Street Railway Company respectfully petitions for leave to relocate its tracks in Scollay square, with connections connecting with existing tracks in Court, Hanover and Brattle streets and Cornhill, all substantially as shown by red lines on plan of A. L. Plimpton, dated July 5, 1898, and filed herewith as part of this petition.

West End Street Railway Company,
By Boston Elevated Railway Company, its Attorney,
By WILLIAM A. GASTON, President.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 11, 1898.

Upon the foregoing petition it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will, on Monday, the first day of August, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties, who object thereto, may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Post, Boston Globe, and THE CITY RECORD.

Passed.
A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

July 5, 1898.

The undersigned requests permission to project from building No. 2 Bond street, Ward 9, one bay-window of the following description: To project from second and third stories, over Milford street. Dimensions: Twenty feet high, 12 feet wide, and 3 feet over line of street.

DAVID F. BARRY,
5 Taylor street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 11, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twenty-fifth day of July, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto, may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

NOTICE.

BOARD OF POLICE.

Licenses for hackney carriages, cabs, coupes, job wagons and other licensed vehicles expire on the thirtieth of June, and neglect to make applications to have them renewed may cause the licensees to forfeit locations now occupied by them.

Applications for carriage licenses can be made at 29 Pemberton square.

Applications for wagon licenses can be made at the station houses in the several police divisions where the applicants desire to do business.

Licenses will not be granted for wagons to stand in: Adams square, Avon street, Brattle street, Cornhill street, Court street (east of Scollay square), Devonshire street (north of Franklin street), Milk street (west of Post Office square), Summer street (west of Devonshire street), Temple place, Tremont street (north of Pleasant street), Washington street (north of Dover street), West street, nor in any public street or square where, in the judgment of the Board, the granting of such licenses would impede public travel.

For the Board,
THOMAS RYAN, Clerk.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, July 8, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 11.30 o'clock, A.M., on Friday, July 15, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered M 81, 82, L 90, 91, made by the Board of Survey and filed January 7, 1895, in the office of the City Surveyor, in City Hall; M 98, 99, 100, made by said Board of Survey and filed June 27, 1895, in said City Surveyor's office; T 1, U 10, made by the Board of Street Commissioners and filed January 31, 1896, in the office of the City Engineer, in City Hall, and U 9, made by said Board of Street Commissioners and filed July 3, 1896, in said City Engineer's office; said territory is Swett street and its vicinity, between Dorchester and Massachusetts avenues.

JOHN P. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Street Commissioners.

CITY OF BOSTON.

STREET DEPARTMENT, PAVING DIVISION.

STREET IMPROVEMENTS.

Boston, July 5, 1898.

To the owners of property abutting on public streets that are to be improved:

All owners of abutting property or people having rights in the public streets are hereby notified, in accordance with Section 7 of Chapter 36 of the Revised Ordinances of 1892, that the Street Department of the City of Boston intends to improve the following streets, and all persons or parties having any rights in the said streets are requested to make all necessary repairs to their sewers or water connections, or any other pipes or structures, within two weeks from date, as after that time no permits will be granted on these streets until one year after their completion:

ROXBURY.

Vernon street.

CITY PROPER.

Fayette street.

Howard street.

Shawmut avenue, Lucas street to Castle street.

Tremont street, Boylston to Eliot street.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 12, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Shirley street, at Dorchester, over and including the private way called Bartlett court, be laid out as a highway, with the name of Shirley street, from Norfolk avenue to Massachusetts avenue, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-seventh day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

July 11, 1898.

The undersigned requests permission to project from building No. 144-148-140-146 Warren street, and No. 1 Moreland street, Ward 21, five bay-windows, of iron and copper, of the following description: To project from second and third stories, three bay-windows over Warren street, one at the corner, and one over Moreland street; one cornice, both streets, full frontage, twelve inches projection, twelve feet above sidewalk; one cornice, twenty inches projection at eaves, full frontage, both streets. Dimensions: Twenty-four feet high, 12 feet wide, and 3 feet over line of street.

FRANCIS W. KITTREDGE,
23 Court street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 11, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twenty-fifth day of July, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon, in the Roxbury Gazette and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.
A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

NOTICE.

STREET DEPARTMENT.

Boston, July 12, 1898.

The Street Department of the City of Boston invites proposals for building about 660 linear feet of sewer work in Blackwell and Bowman streets, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass. The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, July 18, 1898, his bid and a certified check for \$100, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, July 11, 1898.

The Street Department of the City of Boston invites proposals for building about 434 linear feet of sewer work in Beech Glen street, Roxbury District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Friday, July 15, 1898, his bid and a certified check for \$200, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, July 9, 1898.

The Street Department of the City of Boston invites proposals for building about 333 linear feet of sewer work in Lauriat street, Ward 24, Dorchester, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Thursday, July 14, 1898, his bid and a certified check for \$100, which is to be the property of the city if the contractor fails to carry out his proposal.

CITY OF BOSTON.

ORDINANCES OF 1898—CHAPTER 8—CONCERNING THE DEPARTMENT OF BATHS.

In the Year One Thousand Eight Hundred and Ninety-eight.

AN ORDINANCE TO AMEND CHAPTER ONE OF THE ORDINANCES OF 1898, ENTITLED "AN ORDINANCE TO ESTABLISH A DEPARTMENT OF BATHS."

Be it ordained by the City Council of Boston, as follows:

Section 2 of Chapter 1 of the Ordinances of 1898 is hereby amended by striking out the last sentence and inserting in place thereof the following:

"Said Board shall establish and maintain bath-houses and gymnasias, and shall have the care and custody of all bath-houses, whether for all-the-year-around use, or floating bath-houses in salt water for summer use, and of all gymnasias, other than those situated on parks or playgrounds and placed by statute under the control of the Park Department, now or hereafter established by the city, and shall have the care and custody of all urinals or public convenience stations now or hereafter established by the city, and shall have and exercise over such baths and urinals all the powers now vested in the Board of Health."

IN COMMON COUNCIL, May 26, 1898.

Passed. Sent up for concurrence.

TIMOTHY L. CONNOLLY, President.

IN BOARD OF ALDERMEN, June 14, 1898.

Concurred.

JOSEPH A. CONRY, Chairman.

Approved June 21, 1898.

JOSIAH QUINCY, Mayor.

A true copy. Attest: J. M. GALVIN, City Clerk.

NOTICE.

STREET DEPARTMENT.

Boston, July 11, 1898.

The Street Department of the City of Boston invites proposals for building about 4,991 linear feet of sewer work in West Selden street, and outlet, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, July 18, 1898, his bid and a certified check for \$1,000, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 12, 1898.

Ordered, That due notice be given—that this Board are of the opinion that public necessity and convenience require that a sewer be constructed in private lands, at West Roxbury, between Dent street and Mt. Vernon street, and between Keith street and Lasell street, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 436 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twenty-seventh day of July, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

FOR SALE.

PARK DEPARTMENT.

One Worthington, horizontal, compound, tank, pumping engine; size 14½ inches by 30 inches, by 11 inches by 18½ inches, in good condition.

Two Worthington, horizontal, high pressure, duplex, pumping engines; sizes 16 inches by 14 inches, by 10 inches and 12 inches, by 10½ inches by 10 inches.

Also one 48-inch horizontal boiler, 12 feet long, with fittings and feed pump, in good condition.

Can be seen at corner of Perkins and Chestnut streets, Jamaica Park, Jamaica Plain, Mass.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JULY 21, 1898.

Number 29.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, Secretary,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

PUBLIC GROUNDS DEPARTMENT.

The Public Grounds Department has recently issued its Annual Report, for the year ending January 31, 1898, constituting City Document No. 29.

The report is principally devoted to a review, in detail, of the expenses of the Department for the year, showing the amounts expended on the various parks and squares throughout the city under its supervision.

Appended to the report is a list of the seventy parks and squares under charge of the Department of Public Grounds, showing the locality and superficial area of each of them.

WIRE DEPARTMENT.

The following is an abstract of the Fourth Annual Report of the Wire Department, which covers the expenses incurred and the work accomplished by it from February 1, 1897, to February 1, 1898. The report constitutes City Document No. 38:

Protest is again made by the Commissioner, against the present method of granting pole rights to the various companies and individuals seeking them from the Board of Aldermen.

Upon the completion of the underground system within the district prescribed by the Commissioner of Wires in any calendar year, he can cause the removal of the poles and wires in the streets, but has no power to have the wires and fixtures on the roofs of buildings removed. While permitted to remain, they become a menace to the public, and especially to the Fire Department in the discharge of its duties, and it is suggested that an ordinance be passed authorizing this Department to remove all abandoned fixtures that are not removed by the owners when notified to do so.

The work of placing the overhead wires within the prescribed district underground requires time, and causes what may seem to the public unnecessary delay, but is now practically finished nearly two years before the time set by law.

With the close of the year 1899 the Wire Department would cease to exist, according to the terms of the act creating it. The Legislature at its last session, however, so amended the law of 1894, that, beginning in January, 1900, the Commissioner of Wires shall cause to be removed from two miles of streets, each year for ten years, poles and overhead wires, and place the latter underground, in such portions of the city as he may deem best, making a total of twenty miles of streets to be cleared by the close of 1910.

The removal of the overhead wires and the placing of them underground is not by any means the most important part of the duties of the Wire Department, and its life should be prolonged for the good it has done and is now doing, regardless of the underground wires.

The duty of the Fire Department is to extinguish fires when once ignited, but the duty of the Wire Department is to prevent them. An important work of the Department is to keep electrical energy, in its generation and transmission, within proper bounds.

The storm of January 31 and February 1, of the current year, brought to the mind of the public the necessity for gradually removing overhead wires and maintaining the best form of construction possible.

This snow-storm brought whole lines of fixtures down into the streets, and in many cases rendered the same impassable. No fatal accident occurred by reason of contact with fallen wires, owing to the fact that most of the high potential currents were cut off at an early hour.

The number of fires caused by the crossing of electric wires during this storm was twenty-one, fourteen of which originated on the outside of buildings, and seven on the

inside. The loss was from a few dollars to several thousands.

This storm proved beyond doubt the unreliability of overhead electric circuits, the possible dangers attending the same, and the great cost to their owners of maintaining them. No one can be found in Boston today who can or will say that the proper place for them is not underground.

With the close of the year 1897, the work of laying the necessary conduits in which to place the overhead wires within the district prescribed by the Act of 1894 was practically ended, and during the early months of 1898 the work of drawing in and connecting up the cables will be completed, and the poles and wires removed from the streets.

The interior wiring of buildings is constantly on the increase and the small force employed in this division scarcely keeps up with it. In addition to the regular duties of inspection of the interior division, the men respond to all second alarms of fires. This division should be given everything necessary to continue the good work already done.

The competition in the electric business is very fierce, and the temptation to use cheap material great. The Department acts as a restraint in this field.

The crying need of the Department at the present time is a well equipped electrical laboratory, where all material could be submitted to test, and where the men could receive much valuable instruction. Unless this is soon provided, it cannot be said in the future, as in the past, that "no fires or accidents due to imperfect wires or appliances have occurred in buildings inspected and approved by this Department."

With the completion of the work in the underground district, the number of overhead wires in the city will be greatly reduced and the duties of the overhead division correspondingly so.

Gas is still found in the manholes in dangerous quantities in different sections of the city. It is the duty of the gas-light companies to keep this dangerous product within their mains and pipes. All companies owning manholes are required to open them frequently, and report to this office any leaks which are stopped.

There was much less wire and a smaller number of poles and fixtures in the 1897 district than in the districts of former years, and for this reason the overhead division of the Department has been able to give very much more attention to overhead construction outside the underground district than formerly.

The condition of nearly all overhead construction, shows a marked improvement. The method of running wire and supporting

it is under the control of the Department, but the location of poles and fixtures is not.

The number of transformers that have been placed on fixtures on roofs and on the walls of buildings has been materially reduced, as they are now being placed in the manholes.

That part of the law compelling owners of low-tension wires to insert fuses, or some other equally good device, is now generally complied with. Nearly all wires remaining overhead are now suitably tagged with the owner's name, so that the work of fixing the responsibility for unsafe wires has been reduced.

Especial attention has been given to the manner in which wires are attached to buildings, so as to prevent them from impeding the firemen in raising ladders, etc. Great improvement has been made in this respect throughout the city.

Reports of fires due to overhead electric wires have all been investigated, and such action taken by the Department for the protection of the public as was necessary. All fires for which second alarms have been given have been responded to by the overhead division, which gave such assistance in removing wires as was deemed necessary.

During the past year, the Board of Aldermen have granted various companies permission to set 1,300 poles in different parts of the city, and about two-thirds of that number have been located and inspected by the Department. It is estimated that there are 15,000 poles, not including the iron poles of the Boston Elevated Railway Company and the iron arc-light poles of the City of Boston, standing in the streets to-day.

The following shows the work attended to by the overhead division during the year:

Number of fixtures in 1897 district . . .	728
Number of poles in 1897 district . . .	134
Wires on fixtures in 1897 district (feet) . . .	1,070,400
Wires on poles in 1897 district (feet) . . .	267,600
Wires in cables in 1897 district (feet) . . .	106,100
Wires dropping to enter (feet) . . .	129,750
Wires in well-ways, etc. (feet) . . .	750,000
Wires controlled by Boston Elevated Railway Company (feet) . . .	296,000
Amount of dead wire removed during the year (feet) . . .	1,633,650
Amount of dead wire removed from 1897 district (feet) . . .	111,200
Amount of dead wire retained (feet) . . .	57,000
Amount of dead wire in possession of Department (feet) . . .	2,168
Amount of dead wire on hand at beginning of year (feet) . . .	77,168
Amount of dead wire sold and credited to the Department (feet) . . .	132,000
Number of poles in the city, exclusive of the Boston Elevated Railway Company poles (about) . . .	15,000
Unknown fixtures removed . . .	774
Defect notices sent out . . .	1,940
Defects covered by above notices . . .	7,596
Fuse inspections made . . .	3,750
Number of places not fused . . .	449
Lamp inspections . . .	107

There has been an appreciable increase in the work required of the interior division, and it has been impossible, with the limited force, to give the installing of electrical wires and apparatus during the year that supervision which it should receive.

The work of the division has been so systematized, however, that its energies have been utilized to the best advantage.

The work of the interior division, during 1897, has been as follows:

Notices of new work received . . .	4,799
Number of buildings (wiring completely examined) . . .	473
Incandescent lights examined . . .	128,857
Arc lights examined . . .	2,396
Motors examined . . .	1,121
Total horse-power of motors examined, . . .	3,739
Services examined . . .	1,988
Defects reported . . .	2,318
Defects corrected . . .	1,452

Careful inspection has been made of the temporary wiring of the various theatres, public halls, etc.

All fires and accidents caused or supposed to be caused by electricity have been carefully investigated.

The total number due to electrical causes was 113, resulting in three men being killed, thirteen receiving severe shocks, and several slightly injured.

No fires or accidents were caused by wires or appliances that had been inspected and approved by the Wire Department.

The report deals specifically with each fire, giving its date, location and time.

The cause of the fire is also given, the casualties and the amount of damage to property.

The underground division obtains and keeps a record of the amount of trench opened, ducts laid, manholes built and feet of cable drawn in; also the style of ducts and material of which they are made, together with the kind of cables and the insulating material used on the conductors. The especial duty of keeping all electrical conduits of any electrical system clear of gas, water, steam or other pipes laid in the streets is under the direct charge of this division.

The 1897 district covered that portion of the underground territory bounded as follows:

Beginning at the junction of Tremont and Bromfield streets, the boundary line runs through Tremont street to Tremont row, through Tremont row to Hanover street, through Hanover to Washington street, through Washington street to Haymarket square, through Haymarket square to Charlestown street, through Charlestown to Causeway street, through Causeway to Commercial street, through Commercial to Hanover street, through Hanover street to the water front; beginning at this point the line runs along the Harbor Commissioners' line to Cambridge street, thence through Cambridge to Joy street, through Joy to Beacon street, through Beacon to Park street, through Park to Tremont street, through Tremont to Bromfield street, to the point of beginning.

This district contains 10,157,040 square feet, or between one-fourth and one-fifth of the total prescribed district.

The work of building the electrical subways in this district has been completed and cable drawn in to replace the overhead wires. In addition, a large amount of work has been done in other sections of the underground district and in streets of the city outside the same.

The section of the city prescribed for the year 1898 is that portion bounded as follows:

Beginning at the junction of Joy and Beacon streets, the boundary line will run through Joy to Cambridge street, through Cambridge street to the water front; beginning at this point the line will follow the Harbor Commissioners' line to the ex-

tension of the line of Berkeley street, thence through Berkeley to Tremont street, through Tremont street to Castle square, through Castle square to Ferdinand street, through Ferdinand street to Columbus avenue, through Columbus avenue to Park square, through Park square to Charles street, through Charles to Beacon street, and through Beacon street to the point of beginning at Joy street.

This district contains 7,346,300 square feet, and is the only remaining district of the section of the city proper, north of Dover and Berkeley streets, in which wires were to be placed underground by authority of Chapter 454 of the Acts of 1894.

In the underground district, that is, that portion of the city proper, north of Dover and Berkeley streets, underground conduits have been laid in 102 streets. Outside the underground district, conduits have been laid in forty-six streets.

The number of permits and electrical approvals for street openings granted in connection with underground work was 1,851. Before a permit is granted, a plan is required showing everything under ground in the street, and the proposed location of the conduit. The number of such plans filed during the year was 180.

The main conduits laid in 1897 consist of cement-lined, vitrified clay, wrought-iron or wooden duct. The total work for the year in this connection comprised:

One hundred and fifty-four thousand five hundred and eighty feet of subway, 742,392 feet of duct, 1,099 service connections, 782 manholes built, 853,794 feet of cable drawn in.

Tables and statistics are appended, showing the work supervised by the underground division in detail.

The practice of taking photographs of the most interesting portions of the work of the Department, showing the condition of the poles, fixtures and wires in the streets and on the house-tops, together with the conduits, manholes, etc., has been continued, and the report of the Commissioner contains many such illustrations.

The financial statement of the Department, showing the appropriation and expenditures from February 1, 1897, to January 31, 1898, is as follows:

Amount of appropriation . . .	\$50,000 00
Unexpended balance from 1896-97 appropriation . . .	2,029 06
	\$52,029 06
Amount of expenditures:	
Salaries:	
Commissioner . . .	\$5,000 00
Employees . . .	42,692 42
	\$47,692 42
Horse keeping, shoeing, etc. . .	1,189 69
Printing . . .	874 07
Stationery . . .	689 91
Instruments, tools, etc. . .	194 81
Travelling expenses . . .	845 55
Telephone service . . .	383 74
Advertising . . .	98 75
Badges . . .	30 00
Police and Fire Notification . . .	30 00
	\$52,028 94
Unexpended balance . . .	\$0 12

NEXT MEETING OF BOARD OF ALDERMEN.

At its meeting, held on Saturday, the Board of Aldermen adjourned to meet on Monday afternoon, August 1, at 3 o'clock.

THE FLOATING HOSPITAL.

The following directions are given for the reception of patients to the Floating Hospital:

Patients for day trips only can apply at the hospital boat, south side of Commercial wharf, between 8 and 8.45 A.M. on day of trip. Permanent patients can apply at the same place and time, or at 4 P.M. sharp at Commercial wharf on return of boat, or between 5 P.M. and 7 A.M. at the night station of the hospital boat, Pickert's wharf, New street, East Boston, near North Ferry.

The hospital boat leaves south side of Commercial wharf at 9 A.M. every week day, weather permitting. The only requisite for admission is a Boston Floating Hospital admission-card, signed by a regular physician, attesting that the child is sick, is under six years of age, and has no contagious disease. If further information is needed address Rufus B. Tobey, 221 Columbus avenue, telephone Tremont 893, between 8 A.M. and 5 P.M.; Saturdays, 8 A.M. to 12 M.

FRANK W. SAWYER, M.D.,
Superintendent.

THANKS TO NATIONAL REPRESENTATIVES.

The following order was passed by the Board of Aldermen at its meeting held on Saturday, July 16:

That the thanks of the Board of Aldermen of the City of Boston be hereby extended to Senator Lodge, of Massachusetts, Senator Frye, of Maine, Representatives McCall, Weymouth and Lawrence, of Massachusetts, Representative Clarke, of New Hampshire, and Representative Russell, of Connecticut, for their efforts in aid of the establishment of purchasing depot at Boston in the Quartermaster's Department of the Army.

MORTALITY STATISTICS FOR THE MONTH OF JUNE, 1898.

The following is a statement by the Health Department of deaths for the month of June, 1898, with an enumeration of the principal causes:

Population estimated at	528,912
Death rate for the month, per 1,000 inhabitants	16.20
Death rate for corresponding month, 1897	17.78

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on July 28, 1898, examination may be taken at Boston or any other city in the United States where the Commission has a Board of Examiners, for the grade of map printer in the United States Geological Survey, at a salary of \$3.25 per diem.

The Commission also announces that it is desired to establish an eligible register from which a selection may be made to fill a vacancy in the grade of die-sinker in the Bureau of Engraving and Printing, Treasury Department, at a salary of \$1,252 per annum.

No educational test will be given, but applicants will be graded upon their age, experience and intelligence, character as workmen and physical condition.

Persons desiring to compete should at once write to the Secretary of the Board of Civil Service Examiners, Post Office Building, Boston, Mass., for application blanks, Forms 304 and 394, which should be properly executed and promptly forwarded to the Commission at Washington, D.C.

OLD SOUTH LECTURES FOR YOUNG PEOPLE.

The sixteenth course of the Old South Lectures for the Summer of 1898 began Wednesday afternoon, July 13. The course will be upon "The Old World in the New," the several lectures being as follows:

July 13, "What Spain has done for America," Rev. Edward G. Porter; July 20, "What Italy has done for America," Rev. William Elliot Griffis; July 27, "What France has done for America," Prof. Jean Charlemagne Bracq; August 3, "What England has done for America," Miss Katharine Coman; August 10, "What Ireland has done for America," Prof. F. Spencer Baldwin; August 17, "What Holland has done for America," Mr. Edwin D. Mead; August 24, "What Germany has done for America," Miss Anna B. Thompson; August 31, "What Sweden and Norway have done for America," Mr. Joseph P. Warren.

The lectures begin at 3 o'clock. Free tickets for the course are furnished to all young people under twenty, applying in their own handwriting and enclosing stamp. A limited number of tickets will be sold to adults for \$1.50. Admission to single lectures, 25 cents. Free tickets are furnished to teachers.

NEXT MEETING OF THE SCHOOL COMMITTEE.

At its meeting, held Tuesday evening, July 19, the School Committee adjourned to meet on Tuesday, July 26, at 7.30 P.M.

Messsages from the Mayor.

TO THE BOARD OF ALDERMEN.

An adjourned meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, Saturday, July 16, 1898, at 11 A.M., Alderman Prescho, senior member, in the chair. Absent—Aldermen Charles, Conry and Dyar.

The following messages were received:

Veto—Sidewalk Stands.

OFFICE OF THE MAYOR,

City Hall, July 16, 1898.

TO THE BOARD OF ALDERMEN:

I return herewith, without my approval, votes of your Board granting permission to the following-named parties "to place wares occasionally on the sidewalk," viz.:

G. B. Arcadia, at 467 Broadway; G. B. Arcadia, at 653 Broadway; N. J. Bartlett & Co., at 28 Cornhill; Casaoretto & Ratto, at 87 Cornhill; Cassatratto & Ratto, at 69 Sudbury street.

I am informed by the Corporation Counsel that the Mayor and Aldermen have no authority to grant such permission.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

North Beacon-Street Bridge.

OFFICE OF THE MAYOR,

City Hall, July 16, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith a communication from the City Engineer in reply to your order requesting "an estimate of the cost of rebuilding the North Beacon-street bridge."

Respectfully submitted,

JOSIAH QUINCY, Mayor.

ENGINEERING DEPARTMENT.

City Hall, July 16, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The estimated cost of rebuilding the North Beacon-street bridge, in accordance with plans which have been approved by the War Department, is \$26,000.

Yours respectfully,

WILLIAM JACKSON, City Engineer.

Referred to the Committee on Finance.

Gift of Drinking-Fountain.

OFFICE OF THE MAYOR,

City Hall, July 16, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Water Commissioner, with accompanying letter offering the gift of a drinking-fountain to the city; and I recommend the

passage of the accompanying order accepting the gift.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

WATER DEPARTMENT.

City Hall, July 15, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I forward to you plan of drinking-fountain which Francis H. Peabody offers to erect, at his own expense, in Peabody square, Ashmont. I enclose also a copy of the conditions accompanying the gift. As far as the Water Department is concerned, I would recommend that the gift of the fountain be accepted.

Very truly yours,

JOHN R. MURPHY, Water Commissioner.

HON. JOHN R. MURPHY, Water Commissioner.

DEAR SIR: I respectfully offer to erect, at my own expense, a drinking-fountain, like the sketch which I send you herewith, in Peabody square, Ashmont, upon the following conditions:

The fountain to bear upon its front the inscription:

Erected as a memorial of Oliver White Peabody. Born 1834; died 1896.

On the back of the fountain the inscription:

Erected in 1898, by Francis H. Peabody.

The fountain to be located with its back against the curbstone which surrounds the central grass plot in the centre of the square.

The fountain to front Dorchester avenue.

The plumbing upon the fountain itself to be done by me.

The city to pay the expense of connecting the fountain with their own pipes and sewers, and to take care of the fountain after completion.

Very truly yours,

FRANCIS H. PEABODY.

Ordered, That the City Council gratefully accepts the gift to the city of an ornamental drinking-fountain, to be placed at Peabody square, Ashmont, offered by Mr. Francis H. Peabody, upon the conditions named by him, and authorizes the erection of the same, subject to the approval of the Art Department as required by law.

Passed. Sent down.

TO THE COMMON COUNCIL.

A special meeting of the Common Council was held in the Council Chamber, City Hall, Thursday, July 14, 1898, at 7.45 o'clock, P.M., President Connolly in the chair.

The meeting was held pursuant to the following call, which was read by the Clerk:

OFFICE OF THE MAYOR,

City Hall, July 12, 1898.

TO THE MEMBERS OF THE COMMON COUNCIL:

You are hereby requested to assemble in the Council Chamber, City Hall, on Thursday, July 14, at 8 P.M., to act upon the amendment to the Revised Ordinances adopted by the Board of Aldermen at its meeting yesterday, and to transact such other business as may come before you.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

The following messages were received:

Appropriation for Baths.

OFFICE OF THE MAYOR,

City Hall, July 14, 1898.

TO THE CITY COUNCIL:

Owing to the very great increase in the number of bathers this year, through the additional facilities afforded by the present administration of our public baths, and the new bathing places which have been opened, and the consequent necessary increase in the expenditures for attendants and maintenance, I find it necessary to ask the City Council to provide by loan for the expenses incurred by the Baths Department for new construction and additions to plant, in order that the maintenance appropriation may all remain available for meeting current expenses proper.

The policy of the Bath Commission has been to provide for meeting the wants and the convenience of the public in respect to baths in as comprehensive and liberal a manner as possible, and the very greatly increased attendance at our public baths, amounting at a conservative estimate to double that of last year, has demonstrated in a highly gratifying and striking manner the popularity and wisdom of the new policy. At the present time, the Department has in operation five beach bathing establishments used both by men and women, namely: The North End Park beach, Wood Island Park beach, Charlestown Park beach, L-street beach, South Boston, and Commercial Point beach, Dorchester,—the four first-named being owned by the city, and the latter being leased. It also has in operation thirteen floating bath-houses, of which, five are used jointly by men and women at different hours, four exclusively by men, and four exclusively by women; and an additional floating bath-house, of a new plan, will be completed in a couple of weeks. A new bathing establishment in the Charles River at Spring street, West Roxbury, is also just

going into operation, and the swimming-pool at Orchard Park has been open for boys for ten days, and is now open for girls and adults as well. On several days, at least 6,000 persons have bathed at the North End Park, and about the same number at L street, and the daily attendance on very many days has exceeded 25,000.

Last year no suits or towels were provided except through the attendants, who were allowed to receive a small sum for their use; this year the Department has provided good towels at one cent apiece, and full suits for men and women at five cents, while suits for boys and girls have been provided free, and at the North End Park free suits have also been provided for all. Over 80,000 towels have been paid for this year thus far. To provide for meeting the wants of the public under the new policy, the Department has been obliged to purchase 15,000 towels, costing \$1,250; 3,600 trunks for men and boys, costing \$270; 1,200 suits for men, costing \$400; and 4,800 suits for women and girls, costing \$4,900; so that a total expenditure for this purpose of \$6,820 falls upon the maintenance appropriation of the Department for this year, although these suits and towels are expected to last for several years. Another extra expenditure incurred by the Department is that of \$2,750 for swimming instructors for the summer season, which has resulted already in teaching a large number of children to swim, and it is expected that this number will amount to many thousands before the expiration of the season. The Department has incurred bills for carpenter work, etc., performed by the Repair Division in putting the old plant in condition and adding to it, to the amount of about \$8,000, and about \$3,000 will be needed to pay for other necessary construction work during the remainder of the season, in excess of the special loan appropriations for particular baths which have already been provided by the City Council.

The Baths Department is fully able to meet all of its liabilities out of the maintenance appropriation, but, owing to the unexpectedly great increase in the public patronage of all the baths, necessitating a largely increased expenditure for attendants, the Department will be obliged to cut short the use of some baths, and greatly restrict that of others before the expiration of the bathing season, if it is obliged to meet out of its regular maintenance appropriation not only the large expenditure for bathing suits and towels above mentioned, but also the bills for new construction and additions above referred to which might properly be charged to loan. Under these conditions I have no hesitation in asking the City Council to pass a loan appropriation of \$11,000 in order to

provide for these construction expenses, and to enable the Baths Department to continue to provide for the public demands for bathing, out of its regular maintenance appropriation. Believing that the City Council, from the action which it has already taken in providing special appropriations, is willing to support the work of the Baths Department in a proper manner and desires it to continue upon a scale commensurate with the demonstrated demands of the public, I recommend the passage of the accompanying loan order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the Board in charge of the Department of Baths be authorized to expend the additional sum of \$11,000 for additions to, and improvements upon the bath-houses and bathing establishments under its charge; and that to meet the said appropriation the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

The message was ordered to be sent up, and the order was rejected. A motion to reconsider was assigned to the next meeting.

Loan for Various City Purposes.

OFFICE OF THE MAYOR,

City Hall, July 14, 1898.

TO THE CITY COUNCIL:

I desire to renew the recommendation which I have already made for the passage of a general appropriation for street improvements, to enable the Street Department to provide especially for the pressing needs of the twelve wards which have no special appropriation for this purpose. I have heretofore recommended an appropriation of \$100,000 for this purpose, but, in view of the expressions which have reached me in favor of making this sum as large as possible, I am prepared now, after carefully estimating the demands upon the remaining borrowing capacity, to raise my recommendation to \$125,000; but this is the extreme limit of the sum which can safely be applied to this purpose, and I should therefore be unable to give my approval to an appropriation of any larger amount.

I desire, in connection with this recommendation, to renew my former earnest recommendation for the passage of the loan order appropriating \$78,500 for various purposes, which has already passed the Board of Aldermen, and believing that the best course at the present time is to unite together this loan order and the item for street improvements above mentioned, adding also the additional item of \$11,000 for the Baths Department, the need of which I have explained in a special message. The loan order now submitted, carrying an appro-

priation of \$214,500, will still leave available the sum of \$77,000, as the present borrowing capacity of the city amounts to \$291,000.

I transmit such a loan order, and trust that it may be passed at once. I need not point out that nothing can be done this summer in the way of street improvements in twelve of the wards unless the loan order can be passed at once.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That the several departments hereinafter named be authorized to expend the sums of money, and for the purposes herein specified, and that to meet the appropriations aforesaid the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount, viz.:

BATHS DEPARTMENT.

Additions to and improvements upon public baths	\$11,000
Commonwealth Park Gymnasium, additional	5,000
Public Bath House, Dover street, additional laundry, machinery, electric wiring, furnishing, etc.	6,000
	<u>\$22,000</u>

ELECTION DEPARTMENT.

Additional portable booths and furnishings	30,000
--	--------

FIRE DEPARTMENT.

Completion of salt-water pipe system	7,500
--------------------------------------	-------

HEALTH DEPARTMENT.

North Grove-street morgue, additional	3,000
Steamer "Vigilant," new boiler	5,000
	<u>8,000</u>

INSANE HOSPITAL DEPARTMENT.

Improvement of water service,	2,000
-------------------------------	-------

PUBLIC BUILDINGS DEPARTMENT.

Alteration, equipment and furnishing of Wareham-street armory for the use of Repair and Electrical Construction Divisions	20,000
---	--------

STREET DEPARTMENT.

Street improvements	125,000
---------------------	---------

Total \$214,500

The communication was ordered to be sent up. The order was amended by striking out all except the last item relating to the Street Department. The order as amended was rejected, and a motion to reconsider the vote of rejection was assigned to the next meeting.

Release of Land.

OFFICE OF THE MAYOR,

City Hall, July 14, 1898.

TO THE CITY COUNCIL:

The New York, New Haven and Hartford Railroad Company has proposed to the city the exchange of the land under Broadway bridge, subject to an easement providing for the support of said bridge, for a parcel of land immediately adjacent to the engine-

house owned by the city at the corner of said bridge and Dorchester avenue. The respective parcels of land have been valued, and terms of exchange of land of equal value have been arranged, and the acquisition of the piece of land adjacent to the engine-house would, in my opinion, be of much more advantage to the city than the retention of the land under Broadway bridge, of which the city can make no use except for the support of that structure.

I therefore recommend the passage of the accompanying order.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That His Honor the Mayor be hereby authorized and named on behalf of the city to convey to the New York, New Haven and Hartford Railroad Company the land owned by the city under Broadway bridge, with a parcel adjacent thereto, subject to a proper easement providing for the support of the bridge structure, in exchange for a parcel of land to be conveyed by said company to the city, adjacent to the engine-house lot now owned by the city, at the corner of said bridge and Dorchester avenue.

Passed. Sent up.

Transfer for Ward 15 Bath-house.

OFFICE OF THE MAYOR,

City Hall, July 14, 1898.

TO THE CITY COUNCIL:

I recommend that the unexpended appropriation of \$10,000 for the extension of Leeds street to Dorchester avenue, which cannot be expended under the present law requiring all new streets to be laid out under the Assessment Act, be transferred to an appropriation for a swimming-pool and bath in Ward 15, in accordance with the accompanying order. I believe that this sum, together with the sum of \$2,500 already appropriated for this purpose, will purchase the necessary land and provide a suitable bathing establishment for all-the-year-round use, to the great benefit of this ward and of the adjacent district.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

In connection with the above, Mr. Mc-Isaac of Ward 15 offered the following order:

That the sum of \$10,000 be transferred from the appropriation for the Street Laying-out Department, Leeds street to Dorchester avenue, to an appropriation to be expended by the Baths Department, for the construction of a swimming-pool and bathing establishment in Ward 15.

The order was rejected (fifty votes being required), and reconsideration was assigned to the next meeting.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following were approved July 13, 1898.

Ordered, That, under the provisions of Chapter 257 of the Acts of the year 1898, the amount of \$43,750 be appropriated for interest, and the amount of \$41,094.50 for sinking-funds, for the year 1898, on bonds issued for sewerage works.

Ordered, That the City Auditor be authorized to transfer \$500 from the balance of the loan appropriation for Street Improvements, Ward 3, to the Baths Department, for a public landing at Mystic Playground.

Ordered, That the City Messenger be authorized to furnish a typewriter for the reporters' room, City Hall, the expense of the same not to exceed \$150, and to be charged to the appropriation for City Council, Incidental Expenses.

Ordered, That, in accordance with the provisions of Chapter 534 of the Acts of 1898, there be allowed and paid to Annie Ellis, widow of James M. Ellis, late a foreman in the Street Department of this city, who was killed while in the discharge of his duty, the balance of the salary to which he would have been entitled, had he lived and continued to hold his office until January 31, 1899, said sum to be charged to the Reserved Fund; and that, under the provisions of Chapter 569 of the Acts of 1898, the Superintendent of Streets be authorized to pay to the said Annie Ellis an annuity of not exceeding \$300 per annum, said sum to be charged to the appropriation for Street Department.

Ordered, That the Cemetery Trustees be hereby authorized to expend the sum of \$25,000 for the purpose of providing a chapel at Mt. Hope Cemetery, and to meet said appropriation the City Treasurer is hereby authorized to issue, at his discretion, and sell, either coupon bonds or registered certificates of indebtedness of the City of Boston for the sum of \$25,000, said bonds or certificates to be made payable at the office of the City Treasurer, Boston, twenty years from the date of the same, with interest at a rate not exceeding 4 per cent. per annum, payable semi-annually.

Ordered, That any premium obtained by the said City Treasurer in the negotiation or sale of said bonds or certificates shall be paid to the Board of Commissioners of Sinking-Funds for the redemption of the debt hereby created.

Ordered, That the Baths Department be hereby authorized to expend the sum of \$2,500 for a bathing establishment to be located in Ward 15, and the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount for said purpose.

Ordered, That the City Treasurer be hereby authorized to pay to Joseph M. Wade the sum of \$36.39, being the amount held by the city under Chapter 390, Section 40, of

the Acts of 1888, from the sale of an estate on 15 M street, South Boston, for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2406, fol. 444.

Ordered, That the City Treasurer be hereby authorized to pay to Andrew C. Scott the sum of \$36.21, being the amount held by the city under Chapter 390, Section 40, of the Acts of 1888, from the sale of an estate on Auckland street, Dorchester, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 3.

Ordered, That the Building Commissioner be authorized to issue a permit to the Mechanics Iron Foundry Company to build, outside the building limits, a wooden building on 53 and 55 Kemble street, Ward 17, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied as a machine shop.

Resolved, That the thanks of the City Council be hereby tendered to the Rev. Denis O'Callaghan, for the eloquent and interesting oration delivered by him on the Fourth of July, in commemoration of the one hundred and twenty-second anniversary of the Declaration of Independence; and that he be requested to furnish a copy of the said address and his portrait for publication.

Resolved, That the thanks of the City Council be hereby tendered to the Rev. Edward A. Horton, for officiating as chaplain at the services in Faneuil Hall on July 4.

Resolved, That the thanks of the City Council be hereby tendered to Elmer B. Derby, for his services as reader of the Declaration of Independence at Faneuil Hall on July 4.

Ordered, That the City Engineer be authorized to expend the appropriation already made of \$80,000 for the purpose of reconstructing Faneuil Hall.

Ordered, That the Superintendent of Public Buildings be authorized to open such school-yards as he may deem expedient, and as the Committee on School-houses of the School Committee may approve, for use as playgrounds for children during the summer vacation, under such suitable restrictions as the said committee may deem proper, the city to assume and make good any damage that may be occasioned thereby to school property; the expense of the same to be charged to the appropriation for Public Buildings Department.

Ordered, That the sum of \$1,000 be transferred from the Reserved Fund to the appropriation for Soldiers' Relief, to be expended under the provisions of Section 3 of Chapter 561 of the Acts of 1898, for the aid of the wife, widow, children under sixteen years of age, parents, brothers and sisters actually dependent upon any inhabitant of the City of Boston, having a residence and actually residing in the city, who has enlisted, or hereafter shall, during the present war prior to the declaration of peace, be duly enlisted and mustered as a non-commissioned officer or soldier into the military service of the United States, as a part of the quota of this Commonwealth, or who has enlisted and been mustered into the regular army of the United States, or as a sailor or marine into the naval service of the United States.

The following was approved July 16, 1898:

Ordered, That the care of the square at the junction of Harold and Crawford streets be transferred from the Superintendent of Public Grounds.

On June 30, 1898, in the loan order of \$349,000 for street improvements in the several wards, the Mayor approved the items of \$13,960 each, for wards 6, 7, 8, 9, 12, 16, 17, 18, 19, 20, 22, 23 and 24, and he disapproved the other items. The Board of Aldermen sustained the Mayor's veto on July 11.

By the Board of Aldermen.

The following were approved July 13, 1898:

Ordered, That the special committee on State Aid be authorized to determine the amounts to be paid to beneficiaries under the provisions of Section 3 of Chapter 561 of the Acts of 1898; the amount so paid to be charged to the special appropriation made for the purpose.

Ordered, That permission be and hereby is granted to the Boston Elevated Railway Company to convey in its cars over its tracks any snow, ice, stones, gravel, dirt or street sweepings, which have been taken from any street or way over or through which its tracks are located, for the purpose of improving said street or way, and to convey to any point on its line any necessary material for use in the construction, grading, repairing or improving of such street or way.

Ordered, That the Superintendent of Streets be authorized to issue a permit to T. J. Billings to move a wooden building, pitch roof, thirty feet in length, by eighteen feet in width, by twenty-six feet in height, from school-house lot on Athelwold street, through said street to Kilton street, to land of C. A. Ufford, Ward 20, on the terms and conditions expressed in the ordinance of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley to move a wooden building, pitch roof, twenty-seven feet in length, by eighteen feet in width, by twenty-two feet in height, from 35 Bennington street, along to Central square, thence to Porter and Havre streets, to 176 Havre street, Ward 1, on the terms and conditions expressed in the ordinance of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Mack & Moore to erect, maintain and use two guy-posts, with the necessary ropes attached, in and over Newbern street, at or near J. A. Andrew street, for use in building construction, Ward 23; the work to be completed on or before November 15, 1898, and done on the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to George A. Fuller & Co. to erect, maintain and use four guy-posts, with the necessary ropes attached thereto, in and over the roadway on Oxford and Essex streets, south-westerly corner, Ward 7, for use during building construction; the work to be completed on or before November 15, 1898,

according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Board of Police be authorized to close to public travel on Monday, September 5, 1898, during the annual parade of the labor organizations of Boston and vicinity, the following-named streets:

For the formation—Albany and Swett streets and Massachusetts avenue.

For the parade—Massachusetts avenue, to Harrison avenue, to Eustis street, to Washington street, to Roxbury street, to Linden Park street, to Tremont street, to Dedham street, to Washington street, to School street, to Beacon street, to Charles street.

And the City Messenger is hereby requested to cause the necessary roping-off of said streets at the principal points where it may be required, under the direction of the Board of Police; the expense of the same to be charged to the appropriation for City Messenger Department.

Ordered, That the order passed by this Board, March 21, 1898, relative to the closing of streets for the Labor Day parade be and the same is hereby rescinded.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the materials specified, the owners of the estates to furnish said materials, viz.:

James D. McKay, 16 Wolcott street, Ward 20, of artificial stone.

Washington Realty and Investment Association, Washington street, corner Kingsbury street, Ward 21, of artificial stone.

J. Scheffren, 322-328 Blue Hill avenue, of artificial stone.

O. E. Furber, 80-90 Humboldt avenue, Ward 21, of artificial stone.

Walter F. Winslow, 115 Bay State road, Ward 11, of artificial stone.

August Nicklason et al., 19 Vale street, Ward 15, of gravel.

William Bradley, 374 Chestnut avenue, Ward 23, of brick.

Edward Tracey, 11-17 Vale street, Ward 15, of brick.

Shales & May, 7 and 9 Vale street, Ward 15, of brick.

The following were approved July 15, 1898:

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:

Mt. Vernon street; thirty-five poles, thirty-five feet in height by twelve inches in diameter; width of sidewalk, seven and one-half feet; date of plan, July 5, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Massachusetts to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:

King street; six poles, thirty feet in height by twelve inches in diameter; width of sidewalk, seven feet; date of plan, June 15, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within sixty days from the date of the passage of this order.

Ordered, That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:

Talbot avenue; six poles, forty feet in height by fourteen inches in diameter; width of sidewalk, ten feet; date of plan, June 7, 1898.

Pleasant street; three poles, forty feet in height by fourteen inches in diameter; width of sidewalk, eighteen feet; date of plan, June 7, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Ordered, That permission be granted to the West End Street Railway Company to allow the attachment of, and to the American Telephone and Telegraph Company of Massachusetts to attach the wires and fixtures of said telephone company temporarily to two poles of the said street railway company on Federal street, on the northerly side of the bridge.

ORDERS PASSED—NOT REQUIRING THE MAYOR'S APPROVAL.

By the City Council.

Ordered, That His Honor the Mayor be requested to instruct the heads of departments to allow city employees who are members of veteran firemen's organizations, leave of absence, without loss of pay, in part compensation for their services, on August 18, 1898, the day of the Veteran Firemen's muster.

Ordered, That His Honor the Mayor be requested to extend the hospitality of the city to the delegates attending the annual convention of the Catholic Total Abstinence Union of America, to be held in Boston, August 10 to 13.

Ordered, That a special committee of five members of the Common Council, with such as the Board of Aldermen may join, be appointed to confer with His Honor the Mayor and the Law Department relative to

the matter of providing by ordinance that the laboring force of the City of Boston shall be established on a permanent basis, or that the compensation of laborers shall be placed at a uniform rate of not less than \$2.25 per day.

FREE LECTURES FOR THE PEOPLE.

The following is extracted from a report by the Committee on Free Lectures for the People, of the Education Department of the Twentieth Century Club. Through the courtesy of the School Committee, six school rooms were put at the disposal of the committee for six evenings. For the list of schools and the schedule of lectures see THE CITY RECORD, page 137.

Representatives of the club were in attendance each evening, and made a written report to the committee of the size of the audience, the interest manifested, the suitability of the subject and its treatment for such an audience, and other points helpful in arranging future lectures.

The attendance has been good, much more encouraging than in the first years of the work in New York. It has ranged from 100 to nearly 600, the estimated total attendance for the thirty-six lectures being 7,000.

The lectures were intended for adults, and for them alone. No admission fee was charged; tickets were distributed by the school-masters to the school-children and taken home by them for the use of their parents. The large number of tickets presented by the children themselves at the earlier lectures was a source of regret to the committee, but action was taken which materially decreased the attendance of children, and the percentage of adults accordingly increased.

A different method of distribution of tickets would obviate this difficulty in future courses.

The financial cost of the lectures was about \$750; of this the sum of \$250 was given by the Education Department, and the remainder by contributions from individuals within and without the Twentieth Century Club.

The lecturers were each paid \$10.

The work this year has been recognized as an experiment, and the committee believes that the results gained have been distinctly valuable.

The many educational organizations in Boston, and the different conditions which exist here and in New York, affecting the large mass of wage earners, had naturally led at the outset to a careful consideration of the need of this work, that it might not duplicate opportunities already offered.

The audiences reached have been, with individual exceptions, those which are not touched by the work of the Lowell Institute. The lectures have been carried to the people in the remoter parts of the city. The school-house has been made the gathering place for the residents of the neighborhood, and all that tends to make this the community centre for adults as well as children the committee believes to be well worth fostering.

Awards of Contracts.

Street Department.

Proposals for building sewers have been opened at the office of the Superintendent of Streets, as follows:

St. Stephen street, between Jarvis and Bryant streets; bids opened July 11, 1898:

Bidders.	Totals.
D. E. Lynch	\$3,685 92
R. J. Malone	3,960 55
Quimby & Ferguson	4,038 44
T. H. Connolly	4,041 65
J. P. O'Connell	4,111 90
T. H. & G. M. Bryne	4,745 10
M. Russo	5,100 95
J. D. Kelly	5,635 31

The contract was awarded to D. E. Lynch.

Lauriat street; bids opened July 14, 1898:

Flynn & Brophy	\$289 56
George Tucker	298 65
D. M. Dwyer	362 10
T. H. Connolly	364 30
D. A. Dorey	382 76
J. P. O'Connell	421 50
A. E. Stewart	465 10
D. E. Lynch	474 89
James McGraw & Co.	626 95

The contract was awarded to Flynn & Brophy.

Beech Glen street; bids opened July 15, 1898:

George Tucker	\$399 50
T. H. Connolly	583 50
J. P. O'Connell	607 00
D. M. Dwyer	626 20
Quimby & Ferguson	685 40
D. E. Lynch	713 00

The contract was awarded to George Tucker.

Blackwell and Bowman streets; bids opened July 18, 1898:

P. F. Danehy	\$448 00
D. E. Lynch	658 00
J. P. O'Connell	766 50
T. J. Young & Co.	988 00

The contract was awarded to P. F. Danehy.

West Selden street and outlet; bids opened July 18, 1898:

T. J. Young & Co.	\$6,093 30
R. J. Malone	7,005 15
J. D. Gennaro	7,460 59
T. H. Connolly	7,664 10
D. M. Dwyer	7,957 64
Quimby & Ferguson	8,661 14
D. E. Lynch	8,693 00
J. McGraw & Co.	9,643 45
M. Russo	9,781 59
Collins & Ham	9,833 85
T. H. & G. M. Bryne	10,404 55
J. P. O'Connell	10,894 80
M. J. O'Hearn	11,373 07
C. E. Trumbell & Co.	11,668 60

The contract was awarded to T. J. Young & Co.

BENJ. W. WELLS,
Superintendent of Streets.

Park Department.

Proposals for furnishing uniforms for drivers were opened at the office of the Board of Park Commissioners, as follows:

A. Shuman & Co., suit and felt hat . . .	\$5 00

Measles	41	0
Totals	83	3

PRINCIPAL CAUSES OF DEATH.

Consumption	34
Pneumonia	9
Heart disease	14
Bronchitis	7
Marasmus	4
Violent causes	17

Total from principal causes 85

Total from infectious diseases 3

Total from other causes 104

Total from all causes 192

Deaths of children under 1 year . . .	32
Deaths of children under 5 years . . .	42
Deaths of persons over 60 years . . .	55
Deaths in public institutions	51

Board Meetings.

Insane Hospital Department.

32 Tremont Street, July 14, 1898.

The Insane Hospital Trustees met on July 14, 1898.

Present: Mrs. Marion, Mr. Sanderson, Drs. Baldwin and Knapp, Dr. Baldwin in the chair.

The bills for the month for Austin Farm, amounting to \$4,056.99 and for Pierce Farm, amounting to \$2,975.21, were referred to the Committee on Supplies for approval and the Chairman was authorized to sign the draft for these amounts. The pay-roll for Austin Farm, amounting to \$2,172.12, and for Pierce Farm, amounting to \$1,507.12, were referred to the Committee on Service for approval and the Chairman was authorized to sign the draft for these amounts.

The per capita cost of subsistence for the month at Austin Farm averaged \$1.158. The per capita cost at Pierce Farm averaged \$1.412 for the month.

The reports of the Superintendents were accepted and placed on file.

The bills for the insane in other hospitals, amounting to \$37,488.48, were referred to the Committee on Insane in other hospitals for approval, and the Chairman was authorized to sign a draft for that amount.

It was voted that the Secretary be instructed to notify the City Auditor that in consequence of the consolidation of the two institutions, Dr. Lane, as the Superintendent of the Boston Insane Hospital, would sign the bills for both Austin and Pierce Farms. In his absence, they would be signed by Dr. Noyes, the Associate Superintendent.

The question of the employment of additional help at the Institution was referred to the Committee on Service.

It was voted to provide a card catalogue of the Boston insane in other hospitals, and to ask the State Board of Lunacy and Charity for permission to transfer twelve female patients from Austin Farm to the State Hospitals, on account of the crowded condition of the wards at Austin Farm.

The report of the Visiting Committee for the month was read and accepted.

Patients in Hospital July 13, 1898:

AUSTIN FARM.

	Males.	Females.	Total.
In house	108	241	349
On visit	1	7	8
Total	109	248	357

PIERCE FARM.

	Males.
In house	182
On visit	3
Total	185

PHILIP COOMBS KNAPP, Secretary.

Overseeing of Poor Department.

A meeting of the Board of Overseers of the Poor was held July 6, 1898.

Present: Mr. Fowler (Chairman), Miss Rogers, Mr. Sproules, Mrs. Wolcott, Mr. Mullen, Mr. Humphreys, Mr. Day and Mr. Kerrigan.

The following votes were taken:

Voted, To draw on the City Treasurer for \$2,000.

Voted, To approve the monthly bills and pay-rolls.

Voted, To approve the bills of the Temporary Home and the Lodge for Wayfarers, for the month ending June 10, 1898.

Circular No. 42 from His Honor the Mayor with regard to inspection of electric plants operated by the city, was referred to Committee on Building.

A notice from the Public Buildings Department of contract for coal for quarter ending October 1, 1898, was referred to Committee on Building.

The monthly report of the Lodge and Woodyard, read by Mr. Humphreys, was accepted.

The report of the Temporary Home, read by Miss Rogers, was accepted.

Mr. Sproules reported the need of a new boiler in the Home, and presented an estimate of cost.

Voted, That the Committee secure bids.

BENJAMIN PETTEE, Secretary.

Park Department.

Jamaica Park, July 11, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held July 11, 1898:

Voted, That the Superintendent be authorized to procure uniforms for the drivers of the teams and water carts belonging to the Department, from A. Shuman & Co., at their offer of \$5, the cost of the same to be deducted from the pay of the men, at the rate of \$1 a week until paid.

The Superintendent recommended that drinking-fountains be erected as follows: One each at Perkins street, near the old gate-house, at Pond-street boat landing, at Refectory bicycle stand, at Dorchester Park picnic ground, and two at Wood Island Park, and it was

Voted, That the Superintendent be authorized to place drinking-fountains in the locations recommended by him; those at Dorchester Park and Wood Island Park to be self-closing.

A communication was received from Consulting Architect F. W. Chandler, approving the removal of the wooden framework of the pergola at Franklin Park refectory, and it was

Voted, That the Superintendent be authorized to remove the trellis of the pergola, at Franklin Park, at the close of the present season.

Voted, That the Superintendent be authorized to secure proposals for an iron fence to be erected on the boundary between North End Beach and the north paving yard, on the understanding that the Street Department will assume one-half the cost.

A notice from the City Clerk's Department, enclosing an order of the Board of Aldermen concerning the closing of a portion of Commonwealth avenue during the parade of the Catholic Total Abstinence Union was received, and it was

Voted, That the Catholic Total Abstinence Union of America be permitted to parade on Commonwealth avenue, from Berkeley street to Arlington street, between

the hours of 7 and 9 P.M., on August 10, on condition that a suitable detail of police be provided to protect the property of the city from injury and to maintain order.

GEORGE F. CLARKE, Secretary.

Street Laying-out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Tuesday, July 12.

Public hearings were given in the matters of relocating Tenean creek, between Gorham street and Dorchester avenue; Tenean creek, from Brent street to Kenwood street, and the construction of a sewer outlet for Idaho street.

It was ordered that Tenean creek be relocated between Gorham street and Dorchester avenue, and from Brent street to Kenwood street. A sewer outlet was ordered built in Idaho street, and the following orders were passed for sewers: Melbourne street, Roland park, Massasoit avenue, Bowdoin street, Dorchester avenue, Butler street, Warren street, Eaton square, Corey street, passage-way from Boylston street; for catch-basins: Tremont entrance Back Bay Fens, Strathmore road, Leonard street, Bickford street, Duncan street, Boylston street, and Walley street.

Orders of notice were issued of the Board's intention to take private lands for a sewer between Dent and Mt. Vernon streets, and Keith and Lasell streets, West Roxbury, and to extend Shirley street, at Dorchester, over and including Bartlett court, with the name of Shirley street, from Norfolk avenue to Massachusetts avenue.

Petitions were received for sewers and surface drain in Selwyn, Shepard, Whitfield, Gardner and Highland streets.

A petition was received that Dakota street, at Dorchester, when laid out, may be called Thaxter street.

Wednesday, July 13.

It was voted to pay John Y. Gillespie \$9,000 for land taken from, and damages occasioned his estate by the laying out of Columbia road, his agreement to accept that sum having been approved by the Mayor.

Orders were received from the School Committee, requesting the Commissioners to take land adjoining the Bailey-street School-house, for the enlargement of that property; and to take a lot of land on School street, for the enlargement of the old Gibson School estate.

Orders were passed for a sewer in Sutherland road, and laying out and constructing Spencer and Millet streets, and relocating Francis street.

An order of notice was issued of the Board's intention to relocate Canal street.

Petitions were received for sewers in Phipps street, and in Adams street.

Thursday, July 14.

A public hearing was given in the matter of relocating Morton street, between West Selden street and the New England Railroad.

Orders were passed laying out Stanley and Leeds streets, relocating Morton street, and to build a catch-basin in Leslie park.

An order was issued notifying the abutters on North Harvard street, as relocated, to quit.

An order was received from the City Council, requesting a hearing on the matter of the extension of the market limits.

It was voted to appoint, subject to the approval of the Mayor, for temporary employment in the Surveying Division, with the pay of \$30 a month, Edward J. Grainger, of 408 Meridian street, Ward 1.

A public hearing was given in the matter of the location of a new channel for Shepard brook, at Brighton, between the Wool pond, near Goodenough street and Union street.

Voted, That the Chairman be authorized to approve bills for expert examination and report on damages resulting from the laying out of Columbia road; Donovan & Brock, \$1,800; M. F. Sullivan, \$1,800.

A hearing was given in the matter of changes in the locations, directions, widths and grades for the highways in the territory of Swett street, between Dorchester and Massachusetts avenues.

J. H. JENKINS, Secretary.

Department Communications.

Building Department.

JOHN S. DAMRELL,
Building Commissioner.

City Clerk Department.

City Hall, July 18, 1898.

The following is a list of the principal matters recorded in the City Clerk's office, for the week ending July 16, 1898:

Number of chattel mortgages	113
Number of discharges of mortgages	14
Number of bills of sale	4
Number of assignments of mortgages	4
Number of assignments of wages	23
Number of married women's certificates	10
Number of ship liens	1
Number of assignments for the benefit of creditors	5
Number of notices of foreclosure of mortgage	1
Number of attachments	1

An accident notice was filed July 11, 1898, by Mary L. Pike, on account of personal injuries received, caused by removal of cross-walk, corner of Harrison avenue and East Concord street.

J. M. GALVIN, City Clerk.

Fire Department.

Bristol Street, July 16, 1898.

The following official action has been taken by the Fire Commissioner, for the three weeks ending July 16, 1898:

P. P. Leahy, P. F. Toohig and D. M. Cranitch, of Engine 40, and Levi Thing, of Ladder 5, have been granted veteran certificates for seven successive years' service in the Department.

An order has been drawn on W. P. Whittemore, for grain for District 12, for the months of August, September and October, at \$18 per ton.

The following transfers have been made:

J. S. Enos, Combination 4 to Ladder Company 8; C. I. Antonia, Ladder 8 to Combination Company 4; D. W. Towle, Engine 32 to Engine 27, and J. A. McGee, Engine 27 to Engine 32.

Ladderman Benjamin P. Chase, of Ladder Company 2, has been dishonorably discharged for absence without leave.

Hoseman J. F. Coffey, of Engine Company 6, has been fined two weeks' pay for absence without proper leave, in addition to five days' loss of pay while under suspension.

Three sets of double-riveted harness have been ordered of the J. L. Thomson Riveted Harness Company, at \$54 each.

Sixty-four hanging bits have been ordered of William J. Josselyn.

An order has been given to the Eureka Ventilator Company for three ventilators and two registers in Engine-house 12, \$100, and three ventilators for Engine-house 23, \$75.

Four horses have been purchased of Messrs. Welch & Hall, at \$151.25 each.

An order has been drawn on the Manchester Locomotive Works for repairs on Engine 11, for \$1,450.

An order has been drawn on John Cavanaugh & Co., to move Engine-house 21, caused by Columbia-road extension, for \$590.

There have been ordered of the Eureka Fire Hose Company 1,000 feet three-quarter inch chemical hose, at twenty and one-half cents per foot.

A special draft has been drawn on the City Auditor for \$1,500 to L. K. Marston, in part payment for construction of engine-house at Grove Hall.

Ordered, That in compliance with authority received from Mayor Quincy, June 27, the Repair Division be employed to do all necessary piling and masonry for the foundation of new veterinary hospital on Swett street, for \$5,550.

Ordered, That Ladderman Joseph MacDonough, of Ladder Company 17, be granted a day off as soon as expedient, for meritorious conduct in stopping a runaway horse on Harrison avenue, July 12.

Ordered, That two members of the permanent force of the Fire-Alarm Branch be granted leave of absence each week, from the end of work on Saturday to the beginning of work on Monday.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, July 16, 1898.

The following applications for the occupancy of stables have been filed at this office during the week ending July 16:

Enos C. Tufts, 13 Withington street, Ward 24, one horse; hearing called for July 28, at 11 o'clock. S. C. Brown, 104 Walter street, Ward 23, one additional horse; hearing called for July 21, at 11 o'clock.

The following petitions for the occupancy of stables have been granted:

John Hourihan, 7 Walden street, Ward 22, two additional horses; Peter P. Porter, Homes avenue, Ward 24, twelve horses; James Swan, 243 Bowdoin street, Ward 20, three horses.

The following petitions were refused:

D. H. Sullivan, Darling street, Ward 19, and Catherine Brennan, Darling street, Ward 19.

On July 14, it was voted that the Board of Health hereby adjudges that the public health requires, and does hereby order, that the private passageway situated from No. 10 Marshall street to Creek square be paved with stone, brick or asphalt, said pavement to be laid in a manner satisfactory to the Board of Health, on or before the fifteenth day of August, 1898.

The following shows the work of inspection done at the Abattoir for week ending July 15:

Steers	247
New England cows	3
New England bulls	1
Sheep	28
Calves	403
Hogs	6
Total	688

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.	
Inspections made	561
Defects reported	46
Defects found corrected	118
Notices of new work received	123
Dead wire removed (feet)	14,700
Fixtures removed	2

UNDERGROUND DIVISION.

Electrical approvals of permits have been granted, as follows:

Conduit construction	2
Building connections	14
Pole connections	2
Repairs	1

Inspections have been made, as follows:

Conduit construction	28
Building connections	21
Lamp connections	1
Pole connections	6
Repairs	6
Cable drawings	23

Progress of work:

Feet of conduit completed	9,627
Feet of duct laid	72,049
Manholes built	40
Service connections made	59
Feet of cable drawn in	22,148

Inspections have been made of the temporary wiring at the various theatres.

One alleged electric fire investigated and found to be due to the grounding of ceiling fan motor, fed from a 500-volt circuit. No damage except to motor.

Electric-car fire on East Boston side of North Ferry has been investigated.

Old Court House, July 18, 1898.

The following is a summary of the work of this Department, for the week ending July 16, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	477
Defects reported	101
Defects found corrected	90
Notices of new work received	102
Dead wire removed (feet)	12,000
Fixture removed	1

The following investigations were made: Report of three automatic fire-alarms, which in each case was found to be injury to wires caused by mechanics working in the buildings. Accident to J. J. Murphy, by fall from iron lamp-post, corner Lincoln street and Dorchester avenue, July 14, after receiving shock. Injury was slight. Electric trouble on East Boston side of North Ferry, July 10, caused by guard-wire breaking and coming in contact with trolley and rail. Report of electrical fire at No. 58 Eastern avenue, July 15.

Responses have been made to second alarms of fire, as follows: Box 639, July 11, No. 215 London street, East Boston; Box No. 49, July 12, No. 43 Purchase street; Box 131, July 17, H and East Eighth streets, South Boston.

UNDERGROUND DIVISION.

Electrical approvals of permits have been granted, as follows:

Conduit construction	11
Building connections	17
Lamp connections	2
Repairs	2

Inspections have been made, as follows:

Conduit construction	19
Building connections	19
Lamp connections	2
Pole connections	3
Repairs	6
Cable drawings	17

The following bills have been placed in the City Collector's office:

Ten miles old wire, sold to J. B. Rooney, Walpole, Mass., at \$6 per mile . . .	\$60 00
Twenty-five miles old wire, sold to Century Telephone Company, A. W. Worthley, President, 507 Tremont Building, city, at \$5.50 per mile . . .	137 50

THOMAS W. FLOOD, Commissioner.

NOTICE.

SCHOOL DEPARTMENT.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a High School building at Dorchester. A satisfactory bond in the sum of \$30,000 for faithfully doing the work will be required. The office copy of the contract may be seen and a form of proposal obtained at the office of Hartwell, Richardson & Driver, 62 Devonshire street, Boston, Mass. The bidder must fill out and leave the proposal and a certified check for \$3,000 with said School Committee, before 4.30 o'clock P.M., of August 4, 1898; this check is to be the property of the city if the contractor fails to carry out his proposal.

THOMAS F. STRANGE,

Chairman of the Committee on School-houses of the School Committee of said city.

NOTICE.

STREET DEPARTMENT—FERRY DIVISION.

PROPOSALS FOR COAL.

Boston, July 19, 1898.

Sealed proposals will be received at the office of the Superintendent of Streets, Room 47, City Hall, Boston, until Friday, July 29, 1898, at 12 o'clock M., at which time and place they will be publicly opened and read, for furnishing and delivering in the sheds on the ferry wharves of the City of Boston, 7,000 tons, more or less, of Georges Creek Cumberland Coal, or its equivalent; 1,000 tons to be delivered on or before September 1, 1898, the balance as ordered on or before January 31, 1899. Proposals will state the particular kind and price per ton of 2,240 pounds, delivered as above, including all costs and expenses of weighing by a weigher appointed by the City of Boston, and stevedoring the same to the satisfaction of the Superintendent of Streets. Said proposals must be accompanied by a properly certified check for \$500, made payable to the City of Boston, said check to be forfeited to the city in case of failure to appear and sign the contract within five days from date of award. A bond, with sureties, or a deposit of money or other security satisfactory to the Superintendent of Streets, will be required for the faithful performance of the contract. The Superintendent of Streets reserves the right to reject any and all proposals, should he deem it for the interest of the city so to do.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

Boston, July 13, 1898.

The New England Telephone and Telegraph Company of Massachusetts respectfully petitions the Mayor and Board of Aldermen of the City of Boston, Massachusetts, for a location for its poles and wires thereon, in the following-named streets and highways of said city, locations to be as shown on the map or plan filed.

Said company agrees to reserve space at the top of all the above poles for telephone, fire alarm and police signal wires, owned by the city and used for municipal purposes. Said poles to be erected under the supervision of such officers as said city may designate.

Following are the streets and highways above referred to:

Princeton street, between Meridian and Brooks streets, Ward 1; Monadnock street, from Dudley street, Ward 16. Also for permission to relocate poles now standing, located as follows:

Norfolk street, at Walk Hill street, Ward 24; Berkeley street, Ward 10, twelve poles (to be removed); Elm Hill avenue, between Homestead and Seaver streets, Ward 21. Also for permission to relocate poles now standing, located as follows:

Tremont street, at Burney street, Ward 19; Harvard street, near Bernard street, Ward 20; Gleason street, Ward 20 (to be removed).

The New England Telephone and Telegraph Company of Massachusetts,

By JASPER N. KELLER, General Manager.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 16, 1898.

Upon the foregoing petition it is hereby Ordered, That due notice be given by the petitioner to all parties interested that this Board will, on Monday, the first day of August, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the Boston Globe, East Boston Argus-Advocate, Dorchester Beacon and THE CITY RECORD.

Passed.

NOTICE.

STREET DEPARTMENT.

Boston, July 19, 1898.

The Street Department of the City of Boston invites proposals for furnishing North River Flaggling from August 1, 1898, to February 1, 1899, according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent in the sum of \$2,000 for faithfully doing the work, and leave at said office, on or before 12 M., of Tuesday, July 26, 1898, his bid and a certified check for \$500, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

STREET DEPARTMENT.

Boston, July 16, 1898.

The Street Department of the City of Boston invites proposals for building about 400 linear feet of sewer work in Bowdoin street, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Friday, July 22, 1898, his bid and a certified check for \$350, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

NOTICE.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 19, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Belvidere street be laid out across the land and location of the Boston and Albany Railroad Company and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and Chapter 337 of the Acts of the year 1898, and—that they appoint 11 o'clock A.M., of the third day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

July 12, 1898.

The undersigned requests permission to project from building No. 23 Fulton place, Ward 6, one bay-window of the following description: To project from second, third, fourth and fifth stories over Fulton place. Dimensions: Thirty-five feet high, 6 feet wide, and 2 feet 6 inches over line of street.

JOSEPH ABANCIO,
23 Fulton place.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 16, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the first day of August, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Republic and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, JULY 28, 1898.

Number 30.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, Secretary,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

ACTING-SEALER OF WEIGHTS AND MEASURES.

Edwin J. Turner, Deputy Sealer, has been appointed, by His Honor the Mayor, Acting-Sealer of Weights and Measures during the illness of Daniel P. Sullivan, Sealer of Weights and Measures.

REPORT OF AUDITING DEPARTMENT.

The report of the City Auditor, of the receipts and expenditures of the City of Boston and the County of Suffolk for the financial year 1897-98, is now ready for general distribution. The report constitutes City Document No. 3.

The same general plan has been followed as that used in these reports for many years past. The tables which present in summary form information for a series of years, have all been continued and brought down to January 31, 1898. Certain changes in matters of detail are worth noting. In years past, items which were necessary to the system of book-keeping, but which represented no real expenditure by the city,

have been deducted from the gross expenditures in order to show the total amount really expended. This was not done, however, for the income side of the account. As a result, a mere superficial examination of reports of previous years would lead one to think that the income of the city exceeded the expenditure by many millions of dollars. The report for this year has improved upon previous years by making deductions from the city income corresponding to those made from expenditures, so that real income may now be compared readily with the real expenditures, and the danger of a comparison of gross income with net expenditure has been removed. In connection with the tabular presentation of the debt of the city, a new table has been added, giving the number, object and amount of loans authorized during the financial year. This table, if continued from year to year, will make it easy, in connection with the table of loans authorized but not issued, to follow the financial history of any piece of work, and to determine for any financial year how much of the debt then created was due to issues of bonds authorized in previous years.

The total amount of debt created during the financial year was \$8,627,600, of which \$5,537,800 was outside the debt limit, and \$3,089,800 inside the debt limit. Of the \$5,537,800 issued outside the debt limit, about one-half was due to the construction of the Subway and the South Union Station. The following table gives the amount issued on account of various objects:

South Union Station	\$1,575,000
Rapid transit	1,200,000
Laying out and construction of highways	900,000
Parks	500,000
Sewerage works	500,000
Stony Brook improvement	400,000
Ferry landing	112,800
Charlestown Bridge	200,000
Additional supply of water	150,000
Total	\$5,537,800

Of the \$3,089,800 issued inside the debt limit, the chief objects of expenditure were streets, schools, bridges and playgrounds.

Streets:	
Street improvements,	\$625,000
Paving various streets,	147,000
Construction, extending and widening	135,400
Asphalting	43,000
Macadamizing	23,300
Other objects	32,500
	\$1,006,200
Schools	764,000
Bridges:	
Charlestown Bridge	\$600,000
Other bridges	28,000
	628,000
Playgrounds	242,000
Nurses' Home	101,000
Engine-houses	51,000
Wire Department	50,000
Miscellaneous purposes	247,600
Total	\$3,089,800

Although the amount of debt created during the year amounted to \$8,627,600, the increase in the liability of the city on this account was much less. The debt was reduced during the year by the payment of bonds issued in previous years to the amount of \$937,289.81. The means on hand for paying debt, including the assets of the sinking-funds, sums set aside by the City Treasurer to meet bonds matured but not called for, and the credit balance of the betterment account increased during the year from \$26,023,232.37 to \$28,110,742.75, or \$2,087,510.38. The increase in the assets of the sinking-funds amounted to \$2,211,782.84, but at the same time the credit balance of the betterment account decreased \$124,272.46 by reason of betterments collected and paid over to the Sinking-Funds Commissioners. This makes the net increase in means of paying debt, \$2,087,510.38. Deducting from the amount of debt created, the amount of debt paid and the increase in means of paying debt leaves the net increase in liability at \$5,602,799.81.

LAMP DEPARTMENT.

The Annual Report of the Lamp Department for the year 1897 has recently been issued, and constitutes City Document No. 19. The report may be summarized as follows:

It contains a tabulated statement of the expenses of the Department during the year; tables showing the annual cost of burning the number of electric, gas and naphtha lamps located within the city; tables showing the

increase or decrease of the electric, gas and naphtha lamps, and an abstract of the general work performed by the Department during the past year. Also an inventory of property belonging to the Department not in use on the public streets, and other information of public interest.

The appropriation for the financial year ending January 31, 1898, was \$620,000. Of this amount there has been expended \$619,978, leaving a balance of \$22.

The demand for lamps on new streets, as well as for additional lamps on other streets, has been very much on the increase, and although the Department has endeavored to meet this demand, there yet remain many streets to be properly lighted. The electric lamp-posts and hoods, also the gas and naphtha lamp-posts and brackets in all sections of the city, have been thoroughly painted during the year.

There are sixty-five gas-lamps in use for the purpose of indicating the location of fire-alarm signal boxes. The Department assumes the cost of lighting and care of these lamps and furnishes the gas. On January 15, 1898, there were 8,103 gas-lamps in service.

There are also in use 2,646 naphtha-lamps, lighted by the Rising Sun Street Lighting Company, under contract at \$22.81 per lamp per year.

The electric lamps, 2,735 in number, are arc lamps, and are supplied by the Boston Electric Company, the Charlestown Gas and Electric Company, and the Brookline Gas Light Company. There are also in use twenty-eight incandescent lights of 32-candle power.

The comparative cost of maintenance between the electric lamps and the gas and naphtha lamps, is shown as follows:

1896.

Paid for gas and naphtha lamps, lighting and care of same . . .	\$255,826 10
Paid for electric lamps . . .	312,750 46

1897.

Paid for gas and naphtha lamps, lighting and care of same . . .	\$256,005 30
Paid for electric lamps . . .	322,305 11

The total number of new lamps of all kinds set up and replaced during the year was 922. There were discontinued 292 lamps.

The following table shows the total expenditures during the municipal year, 1897:

Gas	\$115,793 02
Lighting and care	81,954 00
Underground work	4,521 08
Repairing lanterns	13,742 19
Wrought-iron work	210 45
Gas-cocks	190 74
Telephone rentals and repairs	291 59
Gas lanterns	1,041 29
Printing and stationery	615 29
Wood-work, ladders, etc.	236 01
Salaries	8,438 34
Horse and carriage	809 05
Inspection of burners, etc.	112 00
Gas tips, burners, etc.	78 54
Plans of streets	36 50
Street signs	250 98
Periodicals	21 60
Ferries to East Boston	10 00
Horses, harness and wagons	282 70
Plans of building for shop	181 10
Torches	44 30
Tools	35 14
Electric light construction	8,601 84
Electric lighting	322,305 11

Naphtha lighting	\$58,258 28
Messengers	1,707 66
Auditing books	210 00

HEALTH DEPARTMENT.

The Annual Report of the Health Department, for the fiscal year ending February 1, 1898, constituting City Document No. 14, has recently been issued. An abstract of the report is given below:

The total number of deaths during the year was 11,154, a decrease from the previous year of 480 deaths. The death-rate for the year, as based on the geometrical rate of increase between the last two census-years, 1885 and 1895, is 21.08 per 1,000 inhabitants, which is less by 1.45 than that of the previous year, and the lowest since 1879.

There were 1,806 deaths from zymotic diseases, a decrease of 179 deaths from the previous year. There were 105 fewer deaths from diphtheria than in 1896. There were 136 deaths from scarlatina, 15 more deaths than in the preceding year, and 170 less than the average of the five previous years. Typhoid fever caused 173 deaths during the year. Seventy-four of the deaths from this cause occurred during the months of August, September and October, and 102 of the whole number of decedents were between the ages of 20 and 40 years. There were 21 deaths from measles during the year. The number of deaths of children under five years of age was 3,708, compared with 4,055 for the previous year. The respiratory cases are still the most fatal, causing fully 26 per cent. of the whole mortality the past year, as against 27 per cent. in 1896.

The following table shows the deaths under one year of age, to each 100 births. The decrease is notable:

YEARS.									
1888	1889	1890	1891	1892	1893	1894	1895	1896	1897
Percentages, 17.8	18.2	17.0	17.5	16.2	17.2	16.5	16.5	16.3	14.7

In 1851, deaths from consumption formed 17.25 per cent. of the total mortality of the city; in 1858 it was 20.35 per cent.; in 1866 it was 19.40 per cent.; in 1871 it was 18.25 per cent., and in 1886 it was 17.20 per cent. From this period it gradually decreased to 11.55 per cent. in 1897.

The following is a summary of reports of Medical Inspectors of Schools for 1897:

Specific infectious diseases	495
Oral and respiratory diseases	3,638
Diseases of the ear	91
Diseases of the eye	489
Diseases of the skin	2,775
Miscellaneous diseases	5,289
Total number of examinations	12,777
Number recommended to be sent home	2,781
Number of consultations with teachers (about pupils returning to school)	927

The growth of cheap lodging-houses in the city has been such as to call for unusual attention from the Department. Their growth, attractiveness and convenience for the most unworthy, unclean and dangerous class who come to the city are as pronounced as is their necessity for the worthy poor.

To check the fostering of immoral and unclean habits of men and their crowding into ill-fitted and dangerous buildings, wholesome regulations have been issued as to the construction, equipment and care of all cheap lodging-houses. (See THE CITY RECORD, page 205.)

The disinfection of buildings has continued, although not carried to so great an extent as during previous years, owing to the smaller number of cases of diphtheria and scarlet fever. The new agent, formaldehyde gas, which was put in use in January, 1896, has proved sufficiently effective to warrant its general use as a surface disinfectant in place of the sulphur dioxide process.

The number of nuisances abated during the past year was 9,721, not including 878 complaints investigated, where action was found to be unnecessary.

The Board is gratified in being able to state that the outlook for the erection of plants by the city, for greatly improved methods of disposal of garbage and other refuse, is good.

Several docks in the Charlestown District and at the North End need dredging; and it may be said that the future of these docks and of the flats off East Boston, require that an immediate connection should be made between such sewers as now discharge into the docks and upon the flats, and an intercepting sewer.

Under the law governing bakeries, 344 of them have been examined and alterations made so as to comply with the law.

During the year, the Board of Examiners had forty-seven meetings and examined 271 candidates for plumbers' licenses.

Under the act relative to the licensing of gasfitters, the Board of Examiners had ninety-three meetings and examined 673 candidates for gasfitters' licenses. Of this number, 410 passed the examination.

There were eighteen bath-houses in operation during the year 1897. The following summary shows the extent to which they were used by the public:

	1896.	1897.
Total men and boys	611,894	536,360
Total women and girls	189,341	120,915
Total of both sexes	801,235	657,275

The number of applications for the occupancy of stables during the year was 257. Of this number 198 were granted, thirty-six refused, eight were withdrawn, and fifteen are awaiting action.

The general report, besides giving the reports of the Medical Inspectors, Port Physician, Inspector of Animals, Inspector of Milk and Vinegar, Inspector of Provisions, Superintendent of Pedlars, Superintendent of City Morgue, contains a convenient list for reference of certain regulations of the Board, and an extended report of Professor Harold C. Ernst on diphtheria anti-toxin and cultural diagnosis.

The following shows the work of inspection of the Quarantine Department:

Steamers	646
Schooners	162
Barks	70
Brigs	26
Ships	13
Total	917

Number of vessels disinfected	3
Number of cases removed from sickness . .	4
Number of cases removed for observa- tion	31
Number of persons vaccinated	19

In addition to the foregoing list of vessels there were seven steamers, eight schooners, three barks and one brig, whose papers showed that they had paid quarantine fees elsewhere. They were inspected and passed and no fees charged.

The revenue of this Department amounted to \$7,099.89.

The number of animals killed at the Brighton Abattoir is shown by the following table:

Cattle	21,020
Calves	16,217
Sheep	55,040
Swine	6,969
Total	99,246

Seventy-nine animals, weighing 32,031 pounds, were condemned.

A summary of samples examined by the Inspector of Milk and Vinegar is as follows:

Number of samples of milk from wag- ons	7,930
Number from shops, restaurants and lunch-carts	4,957
Number brought to the office by the public	317
Number of samples of butter and oleo- margarine	237
Number of samples of vinegar and cider vinegar	1,011
Total	14,452

INSANE HOSPITAL DEPARTMENT.

The First Annual Report of the Trustees, with Fifty-ninth Annual Report of the Superintendents of the Boston Insane Hospital, constituting City Document No. 16, has recently been issued. An abstract of the report follows:

Under an act of the Legislature to establish separate departments of the City of Boston for the care of children, paupers, insane persons and criminals, the Trustees began their work in June, 1897.

While the city has been most generous in establishing a model City Hospital, proper provision for the insane of Boston has never been made. Of late years, the sum appropriated for the insane has been sufficient for the maintenance of the inmates of the hospital and of the insane boarders in the various State institutions. There have been no special appropriations for the proper development and equipment of the hospital and its construction. The institution is below the standard maintained by the State.

For the better classification of patients, Pierce Farm has been made a department for men, and Austin Farm, with the exception of one ward, a department for women.

The primary need of the hospital is more land. Until this is secured no plans can be made for the development of the institu-

tion. An electric plant should also be installed. The Boston Insane Hospital is the only hospital in the State not lighted by electricity. A better water-service is imperatively needed.

The insane of Boston are at present cared for as follows:

In the Boston Insane Hospital	519
In State institutions:	
Danvers Insane Hospital, 43 miles dis- tant	70
Taunton Insane Hospital, 36 miles dis- tant	91
Worcester Insane Hospital, 44 miles distant	96
Worcester Asylum, 44 miles distant . .	153
Westboro Insane Hospital, 32 miles distant	143
Medfield Insane Hospital, 20 miles dis- tant	218
Tewksbury Asylum, 23 miles distant . .	75
Northampton Hospital, 103 miles dis- tant	1
State Almshouse, 23 miles distant . . .	1
Insane boarded in families	34
Total	1,401

In addition to the above are the follow-
ing:

Criminal insane at Bridgewater (not transferable)	29
Inebriates at Foxboro (not transferable), Feeble-minded adults at Waverley	67
Total	136

Thus it appears that the City of Boston cares for about one-third of the insane at home, and sends two-thirds to State institutions.

Insanity is a disease and not a crime. It is no respecter of persons, and the Trustees urge that proper provision be made for the care of insane citizens at home, among their friends.

The movement of the population has been as follows:

	Males.	Females.	Total.
Patients in Hospital, Feb- ruary 1, 1897	216	229	445
Admitted	108	145	253

The report of the Superintendent sets forth in detail the various needs of the hospital.

WATER DEPARTMENT.

The Annual Report of the Water Department, for the fiscal year ending January 31, 1898, has recently been issued, and constitutes City Document No. 37. An abstract of the principal features of the report is given below:

The net income of the Department shows an increase over the previous year, and the net debt a marked decrease.

In addition to the general detail work of the Department, 28.2 miles of main pipe have been laid, seven miles of which were relaid. The many improvements in progress in the city have made the Department work of a very difficult nature.

The original pipes, laid fifty years ago when the Cochituate system was introduced into Boston, in some localities are not large enough to give the proper supply of water, and in others have deteriorated in strength. This necessitates the laying of new pipes in their places, which means heavy expenditures and increased cost of maintenance. In the outlying districts the number of buildings erected has been phenomenal, necessitating the laying of new mains and service-pipes.

The amount of work done by the Department is very much in excess of that accomplished in previous years, and it is absolutely necessary that the wharf facilities of the Distribution Division for storing pipe, etc., be increased.

The practice of setting service-pipes on vacant lands for streets laid out by Chapter 323, Acts of 1891, presents many objectionable features, and it is intended to change the policy of the Department with reference to such pipes.

Work in extending the salt-water mains for the Fire Department is progressing very satisfactorily.

On January 1, 1898, the Metropolitan Water Board made a taking of the sources of supply of the Department outside the limits of Boston. The taking included all property of the Department outside the territorial limits of Boston, except the Fisher Hill Reservoir, the old Brookline Reservoir, their connections, and some mains in the immediate vicinity of the city. Boston no longer supplies Somerville, Chelsea and Everett with water.

The purity of the water has been maintained by constant inspection and attention.

The demands for new work during the coming year will be larger than during the past.

The receipts and disbursements of the Department for 1897 were as follows:

Total receipts of the Water Works, from all sources, for the year ending January 31, 1898:

Income from sales of water	\$2,590,496 89
Income from shutting off and let- ting on water, and fees	6,051 72
Elevator, fire and service pipes, sale of old materials, etc.	60,328 61

Total receipts \$2,656,877 22

Less refunded water-rates \$1,892 18

Net receipts \$2,654,985 04

Total expenditures of the Water Works, from revenue, for the year ending January 31, 1898:

Current expenses	\$623,476 51
Interest on funded debt	887,638 02
Sinking-fund requirement, 1896- 97	193,395 00
Extension of mains, etc.	281,782 32
Amount paid Chelsea, Somer- ville and Everett, under con- tracts	180,222 94
Damages	4,910 75
Balance to general revenue ac- count of city	483,559 50

Total \$2,654,985 04

Submitted with the report of the Commissioner are the reports of the City Engineer and the Superintendent of the Department, which furnish full details of the present condition of the works and of what has been accomplished.

The total length of the distribution system of the City of Boston on January 31, 1898, was 666.2 miles.

	Sudbury and Cochituate.	Mystic.
Daily average consumption in gallons	57,867,300	12,518,900
Daily average consumption in gallons per inhabitant	117.8	87.8
Daily average amount used through meters, gallons	13,459,300	2,264,200

†Mystic Department combined meets Cochituate.

SCHOOL COMMITTEE.

An adjourned meeting of the School Committee was held in the School Committee Chamber, Mason street, Tuesday, July 19, at 7.30 P.M., the President in the chair. Absent: Mrs. Ames, Mr. Bateman, Mr. Davison, Mrs. Fifield, Mr. Fleischer and Mr. Paul. The Chair read the following:

(1.) IN COMMON COUNCIL.

June 30, 1898.

Ordered, That His Honor the Mayor be requested to ask the School Committee to open the yard of the Roger Clap School, Harvest street, as a playground for children, during the present vacation.

IN COMMON COUNCIL.

June 30, 1898.

Referred to His Honor the Mayor.

JOSEPH O'KANE,
Clerk of the Common Council.

OFFICE OF THE MAYOR.

July 5, 1898.

Respectfully referred to the School Committee, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on School-houses.

(2.) IN COMMON COUNCIL.

July 7, 1898.

Ordered, That the Superintendent of Public Buildings be authorized to open such school-yards as he may deem expedient, and as the Committee on School-houses of the School Committee may approve, for use as playgrounds for children during the summer vacation, under such suitable restrictions as the said committee may deem proper, the City to assume and make good any damage that may be occasioned thereby to school property; the expense of the same

to be charged to the appropriation for Public Buildings Department.

Passed. Sent up for concurrence. In Board of Aldermen, July 11, concurred. Approved by the Mayor, July 13, 1898.

A true copy. Attest:

J. M. GALVIN, City Clerk.

Placed on file.

(3.) IN COMMON COUNCIL.

June 30, 1898.

Ordered, That the Committee on School-houses be requested, through His Honor the Mayor, to include in their next appropriation a sum sufficient to place the Phillips School-house, corner Phillips and Anderson streets, Ward 11, in thorough repair, and to make such additions to said school-house as are necessary according to the plans held by the Superintendent of Public Buildings.

IN COMMON COUNCIL.

June 30, 1898.

Referred to His Honor the Mayor.

JOSEPH O'KANE,
Clerk of the Common Council.

OFFICE OF THE MAYOR.

Respectfully referred to the Committee on School-houses, by direction of His Honor the Mayor, for such action as is considered proper.

THOMAS A. MULLEN, Secretary.

Referred to the Committee on School-houses.

Superintendent Seaver presented this report on musical text-books:

The Board of Supervisors, to whom was recommended, on June 30, 1898, the order that "H. E. Holt's New and Improved Normal Course in Music be authorized for use as additional text-books in music in the grammar and primary schools," have listened to a full explanation by Mr. Holt of the general principles and particular features of the system of music embodied in the books and charts of the New and Improved Normal Course, and are of the opinion that they ought to be authorized for use as additional text-books in music for the grammar and primary schools. They therefore recommend that these books and charts be so authorized.

Placed on file.

Mr. Seaver also submitted for approval the appointments of W. A. Edwards and John Haynes, to be junior masters in the Latin School.

Laid over, under the rules.

Mr. Strange presented the following:

That of the amount granted to the School Committee under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made: Bowditch School-house, \$13,000.

Laid over, under the rules.

Upon the motion of Mr. Strange, for the Committee on School-houses, it was ordered:

That the plans and specifications proposed by the Acting-Superintendent of Public Buildings for an addition of two rooms to the Bowditch Grammar School-house,

having been approved by the Superintendent of Schools, be accepted, and they are hereby approved by this Board, and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same in accordance with plans and specifications.

Mr. Strange, for the same committee, reported that the probable expenditure for repairs during July and August would be \$20,250.

Mr. Strange, for the Committee on School-houses, to whom was referred, April 26, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to erect a flagstaff in the yard of the Florence-street School, Ward 23, reported that they have given the matter attention, and recommend that the Common Council be respectfully informed, through His Honor the Mayor, that a flagstaff has been ordered for this school.

Mr. Strange, for the same committee, to whom was referred, April 26, a communication from the City Council, enclosing a report from the Board of Health with regard to the sanitary improvements needed in the Dudley School-house, and requesting the School Committee to take immediate action towards providing said improvements, reported that they have included an item to cover the cost of the suggested improvements in their estimates submitted to and approved by the Board, and recommend that the City Council be respectfully informed that it is proposed to complete the work at an early date.

Mr. Strange, for the same committee, reported that, though the appropriation was insufficient to make all the desired repairs in the Fifth Division, as much as possible would be done before September.

Mr. Strange, for the same committee, to whom was referred, May 24, an order that a master's and teachers' room be provided for the Prescott Grammar School, with suitable furniture therefor, reported that the matter has received their attention, and no further action by the Board is necessary.

Accepted.

Mr. Strange, for the same committee, to whom was referred, June 30, a communication from the Board of Aldermen, requesting the immediate removal of the old and dilapidated buildings then standing on land of the City of Boston in Athelwold street, Ward 20, reported that these buildings have now been removed, and recommended that the Board of Aldermen be so informed.

Accepted, and the recommendation of the Committee adopted.

On motion of Mr. Strange, for the same committee, it was ordered:

(1.) That the Eustis-street Primary School-house be called the Albert Palmer School, in honor of the late ex-Mayor Albert Palmer.

Laid over, under the rules.

(2.) That of the amount granted to the School Committee under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made:

East Boston High School-house, \$200,000.

Passed, under a suspension of the rules.

(3.) That the plans and specifications for a primary school-house, on Munroe street, prepared by James Mulcahy, architect,

having been approved by the Superintendent of Schools, be accepted and the same are hereby approved by this Board, and the said James Mulcahy is hereby selected and employed to supervise the construction and erection of said school-house in accordance with said plans and specifications; and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications.

(4.) That the plans and specifications for a primary school-house on Baker street, prepared by Bacon & Hill, architects, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board, and the said Bacon & Hill are hereby selected and employed to supervise the construction and erection of said school-house in accordance with said plans and specifications; and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications.

(5.) That the plans and specifications for the addition to and alteration of the Mechanic Arts High School Building, prepared by Edmund M. Wheelwright, architect, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board, and the said Edmund M. Wheelwright is hereby selected and employed to supervise the completion of said school-building in accordance with said plans and specifications; and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same in accordance with said plans and specifications.

On motion of Mr. Coolidge, it was

Ordered, That 2,000 copies of the Course of Study, primary schools, School Document No. 26, 1890, be printed.

Passed, under a suspension of the rules.

On motion of Mr. Allen, it was

Ordered, That the restriction upon the cost of the new East Boston High School-house imposed by the Board at the meeting of May 10, 1898, be, and the same hereby is, removed.

On motion of Mr. Anderson the second order on page 375 of the minutes, directing the adoption of Holt's Normal Course in Music, was passed.

Mr. Strange moved that the 1897 schedule of salaries be substituted for that reported by the Committee on Salaries, and asked for a ye and nay vote on the motion.

Substitution was voted, 11 to 7.

The question was then put on the adoption of the substitute order, Mr. Strange again calling for the yeas and nays. The order was adopted by the same vote which permitted its substitution.

Mr. Bassett then said that he wished to offer an amendment whereby the assistant principal in the Roxbury High School would receive \$1,620, with an annual increment of \$72—with a maximum of \$1,836. He also asked that the teachers of sewing be paid according to the committee's schedule.

In order to simplify matters and to permit the desired amendments, Mr. Strange moved a reconsideration of the vote whereby the 1897 schedule was adopted. Reconsidera-

tion was taken, and Mr. Bassett's amendments introduced.

At this point Section 1 of the Committee's report came up for discussion:

Ordered, That the salaries of the instructors in the public schools, with the exception of the assistant principal in the Roxbury High School and the teachers of sewing, be continued until September 1, 1899, in accordance with the present schedule of salaries, subject to the following reduction, viz.: That all instructors in the service of the city during the month of August, 1899, be reduced 20 per cent. from the amount due them under the present schedule of salaries for said month. In computing the proposed reduction, no account is to be taken of any fraction of \$10.

Mr. Gallivan moved to recommit the whole matter, and after a lengthy debate, it was so voted.

On motion of Mr. Coolidge, for the Committee on Supplies, it was

Ordered, That the following order passed at the meeting of the School Board, April 26, 1898, on page 240 of the minutes, be, and hereby is, rescinded: "Ordered, That the Outline of Lessons in Drawing for 1898-99 be issued as a School Document with illustrations, and that 2,000 copies of said document be printed."

In place thereof, the Committee on Supplies offered the following order:

Ordered, That the Outline of Lessons in Drawing for 1898-99 be issued with illustrations, and that 2,000 copies thereof be printed.

Passed.

The Chair announced these standing committees:

Accounts—W. S. Allen, chairman; Messrs. Gallivan, Hubbard, Paul and Nichols.

Annual Report—F. L. Coolidge, chairman; Mrs. Fifield and Mr. Aldrich.

Courses of Study and Text-books—J. A. McDonald, chairman; Mrs. Keller; Messrs. Allen, Anderson and Mrs. Fifield.

Evening Schools—I. F. Paul, chairman; Messrs. Anderson, Fleischer, McDonald and Mrs. Ames.

Horace Mann School—Mrs. Keller, chairman; Messrs. Fleischer, Bateman, Mrs. Fifield and Mr. Nichols.

Hygiene and Physical Training—S. H. Calderwood, chairman; Mrs. Ames, Messrs. Bateman, Burrill and Fleischer.

Legislative Matters—A. L. Lowell, chairman; Messrs. Eaton, Bassett, Strange and Paul.

New Buildings—W. T. Eaton, chairman; Messrs. Huggan, Strange, Bassett and Courtney.

Rules and Regulations—G. W. Anderson, chairman; Messrs. Hubbard, Gallivan, Lowell and Bowdlear.

Salaries—I. A. Bassett, chairman; Mrs. Keller, Messrs. Burrill, Aldrich and Nichols.

School-houses—T. F. Strange, chairman; Messrs. Lowell, Coolidge, Davison and Eaton.

Supplies—A. T. Davison, chairman; Messrs. Huggan, Calderwood, Coolidge and Courtney.

Tenant Officers—S. F. Hubbard, chairman; Messrs. McDonald, Bowdlear, Bateman and Burrill.

Normal School—Mr. Aldrich, Mrs. Ames, Messrs. Bowdlear, Courtney and Huggan.

High Schools—Messrs. Allen, Calderwood, Davison, Mrs. Fifield and Mr. Gallivan.

First Division—Messrs. Allen, Bateman, Huggan, McDonald and Nichols.

Second Division—Messrs. Allen, Bateman, Hubbard, Huggan and McDonald.

Third Division—Mrs. Ames, Messrs. Burrill, Courtney, Hubbard and Paul.

Fourth Division—Messrs. Burrill, Coolidge, Eaton, Lowell and Paul.

Fifth Division—Mrs. Ames, Messrs. Calderwood, Courtney, Fleischer and Gallivan.

Sixth Division—Messrs. Bowdlear, Davison, Eaton, Gallivan and Nichols.

Seventh Division—Messrs. Aldrich, Bassett, Calderwood, Eaton and Strange.

Eighth Division—Messrs. Aldrich, Anderson, Bowdlear, Coolidge and Mrs. Keller.

Ninth Division—Messrs. Bassett, Davison, Mrs. Fifield, Messrs. Fleischer and Strange.

The Committee on School-houses and the Committee on New Buildings were recommended to the Chair.

The Board adjourned at 10.28 P.M. to 7.30 P.M., July 26.

APPOINTMENT OF COMMITTEES OF SCHOOL BOARD.

At the meeting of the School Committee, held Tuesday, July 26, President Huggan announced the appointment of these committees:

New Buildings—William T. Eaton, Chairman; Messrs. Huggan, Aldrich, Bassett and Courtney.

School-houses—Thomas F. Strange, Chairman; Messrs. Lowell, Coolidge, Davison and Hubbard.

EXHIBITIONS BY PUPILS IN THE CITY SWIMMING SCHOOLS.

At a meeting of the swimming instructors of the Boston Public Baths, July 15, it was decided to give a series of local exhibitions by the pupils of the swimming schools, in August, and a final competition for prizes at the North End Park.

A committee was appointed to make all arrangements.

The committee, consisting of Messrs. Nissen, McNally, Smith and Oye, met on July 21, and decided on the following list of contests in the local and final exhibitions:

1—Twenty yards' graceful swimming, breast stroke.

2—Twenty yards' dash, go-as-you-please.

3—Twenty yards' swimming on back, any style.

4—Standing, graceful dive.

5—Running dive.

6—Dive and submarine swim, for distance.

7—Floating.

Suitable prizes will be offered in each event in the local competitions; and prizes for general excellence will be awarded, at the final exhibition, to the two best from each school.

The composition of that part of the programme which shall serve to illustrate the progress made by the pupils will be left to the discretion of the teachers.

At the local exhibitions there will be three judges, namely, the Chief Instructor, Mr. Nissen; the local teacher, and another teacher to be selected by the Chief Instructor.

It was decided to invite the following

gentlemen to attend, viz.: Dr. D. A. Sargent, of Harvard University; Dr. L. A. B. Street, Mr. Fletcher, Superintendent Rich, of the Brookline Baths; Mr. John Graham, Mr. James Shea, Mr. Christian Eberhard, of the Boston Athletic Association; Mr. Roberts, of the Young Men's Christian Association, and Mr. John Bowler, of the Charlesbank Gymnasium.

The dates set for the exhibitions are as follows:

Monday, August 22, at 12 M., the local exhibitions for the North and West Ends are to be held at the North End Park.

Tuesday, August 23, at 2 P.M., for East Boston baths, at Wood Island.

Tuesday, August 23, at 10 A.M., for Roxbury, at Orchard Park.

Wednesday, August 24, at 2 P.M., for Dover street boys, and at 3 P.M., for South Boston boys, at the L-street bath.

Wednesday, August 24, at 4 P.M., for girls of Dover-street bath, and at 5 P.M., for South Boston girls, at K-street bath.

Thursday, August 25, at 3 P.M., for Dorchester, at Commercial Point.

Friday, August 26, at 4 P.M., for Charlesbank, at Medford-street beach.

Saturday, August 27, final exhibition, at North End Park, at 4.30 P.M.

In the event of storm on any of the days appointed, the chief instructor will appoint another date for the exhibition.

CHARLESBANK GYMNASIUM.

An exhibition of gymnastic and athletic exercises will be given at Charlesbank, on Saturday, July 30, at 2.30 P.M., under the direction of Mr. J. W. Bowler.

POLICE DEPARTMENT.

The following order was promulgated by the Board of Police on July 21, 1898:

General Order No. 527.

In the matter of the complaint made by Louis Epenstein against Patrolman Charles H. Woodman, of Division 14, for violation of Rule XXVI of the Police Manual, the Board orders the complaint to be dismissed.

PORT OF BOSTON.

The following summary shows the value of importations and exportations, together with the foreign entrance and clearance of vessels, and the arrival of passengers at the port of Boston during the month of June, 1898, as compared with the corresponding month of 1897:

	Importations.		Exportations.	
June, 1898 . . .	\$3,996,158		\$9,089,466	
June, 1897 . . .	9,967,878		8,779,311	
	Entered.		Cleared.	
Vessels.	No.	Tonnage.	No.	Tonnage.
June, 1898 . . .	166	146,014	190	149,402
June, 1897 . . .	229	193,475	214	152,761
Arrival of passengers, June, 1898 . . .				1,468
Arrival of passengers, June, 1897 . . .				1,634

REGISTRATION OF VOTERS.

The following Act, relative to the Registration of Voters in the City of Boston, constitutes Chapter 401 of the Acts of 1898:

Section 1. Section 1 of Chapter 61 of the Acts of the year 1895 is hereby amended by adding at the end of said section the words — provided, however, that in the City of Boston no person shall be assessed as above-provided later than the first day of October — so as to read as follows:

Section 1. Every male applicant for registration shall present a certificate from the Assessors or a tax bill or notice from the Collector of Taxes, showing that he has been assessed as a resident of the city or town on the preceding first day of May, and the same shall be accepted by the Registrars as prima facie evidence of such residence, or he shall present a certificate from the Assessors that he has been a resident for the six months next preceding the election at which he claims the right to vote, and the same shall be accepted by the Registrars as prima facie evidence of such residence. If a male person was a resident of the city or town on the first day of May, and was not assessed a poll tax by the Assessors of said city or town on the first day of May, such person, in order to establish his right to be assessed, shall appear before the Board of Assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be assessed, and who shall also testify under oath to the truth of the statement of the applicant in regard to his right to be assessed at the place claimed by him as a legal residence on the first day of May; provided, however, that in the City of Boston no person shall be assessed as above-provided later than the first day of October.

Sect. 2. Section 2 of said chapter is hereby amended by adding at the end of said section the words — provided, however, that in the City of Boston no person shall be assessed as above-provided later than the first day of October — so as to read as follows:

Sect. 2. Every male person moving into a city or town subsequently to the first day of May, and claiming the right to vote at an election and desiring to be registered by the Registrars of Voters, shall appear before the Board of Assessors, accompanied by two witnesses who shall testify under oath that they are registered voters of the ward or town in which he desires to be registered, and who shall also testify under oath to the truth of the statement of the applicant in regard to his being a resident of the city or town for the six months next preceding the election at which he claims the right to vote. The Assessors shall give the applicant a certificate stating that he has complied with the provisions of this section; provided, however, that in the City of Boston no person shall be assessed as above-provided later than the first day of October.

Sect. 3. This Act shall take effect upon its passage.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that on August 9, 1898, examinations may be taken at Boston, or any other city in the United States where the Commission has a competent Board of Examiners, for the grade of clerk, with knowledge of the Russian and French languages, in the office of the Auditor for the War Department, at a salary of \$1,200 per annum.

Persons desiring to compete should at once write to the Secretary of the Board of Civil Service Examiners, Post Office Building, Boston, for application blanks, Form 304, which should be properly executed and promptly forwarded to the Commission at Washington, D. C.

The United States Civil Service Commission announces that on August 12, 1898, examination may be taken at Boston, or any other city in the United States, where the Commission has a Board of Examiners, for the position of guard in the United States Penitentiary at Fort Leavenworth, Kansas, at a salary of \$60 per month.

The Department desires men not less than twenty-two nor more than fifty years of age, who are not less than five feet nine inches in height, and who weigh not less than 150 pounds, who are possessed of sound physical health, good moral character and undoubted honesty, great personal courage, a kindly but firm disposition, sound judgment and discretion, an inclination to faithfully carry out the orders of a superior, a personality and characteristics which would command respect and obedience of persons in their custody, and a temperament calculated to gain the confidence and friendship of prisoners in their charge. Those who are not shown, by the evidence presented, to possess these preliminary qualifications, will not be admitted to the written examination.

The written examination will be of a very light character, consisting of spelling, elementary arithmetic, letter writing, penmanship, copying from plain copy.

In determining the general average of the competitors, the educational examination will be given a weight of 70 per cent., and the element of experience or practical fitness a weight of 30 per cent.

This examination is open to all citizens of the United States, who comply with the requirements, without regard to race or to political or religious affiliations. All such citizens are invited to apply. They shall be examined, graded and certified, with entire impartiality, and wholly without regard to any consideration save their ability as shown by the grade they attain in the examination.

Those who possess the preliminary qualifications, and who desire to compete in the examination, should at once write to the United States Civil Service Commission, Washington, D. C., for application blanks, Forms 304 and 1036, which should be properly executed and forwarded to the Commission at Washington.

The medical certificate in Form 304 must be executed.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following was approved July 19, 1898:

Ordered, That His Honor the Mayor be, and he hereby is, authorized to execute, in behalf of the City of Boston, an instrument, satisfactory to the Law Department, releasing the condition in the words following: "3. No dwelling-house or other building, except the necessary out-buildings, shall be erected or placed on the rear of the said lot," from the deed given by the City of Boston to Patrick Cunningham, dated January 7, 1878, and recorded with Suffolk Deeds, Book 1,405, page 178, of his estate on Plympton street, near Albany street.

The following was approved July 21, 1898:

Ordered, That the Inspector of Buildings be authorized to issue a permit to the Boston Elevated Railway Company to build, outside the building limits, a wooden building on Dorchester avenue, near Adams street, Ward 24, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the department for the Inspection of Buildings; said building to be occupied as a car-house.

By the Board of Aldermen.

The following was approved July 18, 1898:

Whereas, the Board of Railroad Commissioners, on the twelfth of July, 1898, authorized certain constructions of the Boston Elevated Railway Company, varying in minor respects with the routes as approved by the Mayor and Aldermen August 19, 1897, which variations were occasioned by the necessity of providing for loops at the termini, connections by elevated inclines with the surface lines, and for incidental construction purposes, and by locating in public ways and places some of the stations shown on said plan, together with approaches thereto; now, therefore,

Ordered, That the Board of Aldermen hereby approves the locations and constructions approved by said Board of Railroad Commissioners as aforesaid.

The following were approved July 20, 1898:

Ordered, That, in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use additional curves at the junction of Tremont, Berkeley and Dover streets, with necessary cross-overs, switches and connections, said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated June 3, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the

whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use additional curves with necessary cross-overs, switches and connections, at the junction of Columbus avenue and Berkeley street, said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated June 3, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order, is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:

East Cottage street; two poles, forty feet in height by fourteen inches in diameter; width of sidewalk, seven feet; date of plan, June 7, 1898.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within sixty days from the date of the passage of this order.

Permits to project signs, etc., viz.:

Navin & Kelley, an illuminated sign, at 745 Washington street, Ward 7.

Mrs. Maria J. Ingersoll, a sign, at 111 High street, Ward 4.

Harry B. Whall, a sign, at 22 Minot street, Ward 24.

S. Goldberg, two signs, at 74 Market street, Ward 25.

Nathan H. Abrams, an illuminated sign, at 362 Harrison avenue, Ward 9.

Myer Kaufman, a sign, at 30 Essex street, Ward 7.

A permit to the Globe Gas Light Company, to store and keep for sale oils or fluids composed wholly or in part of the products of petroleum, at 77-79 Union street.

The constable's bond of Peter H. Reinsteins.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates; said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the materials specified, with granite edgestone, the owners of the said estates to furnish the materials, viz.:

John H. French et al., Waumbeck street, Ward 21, of artificial stone.

A. Gesner Corbett, Boylston and Adelaide streets, Ward 22, of artificial stone.

R. M. Sharaf, 400-406 Blue Hill avenue, Ward 20, of artificial stone.

N. Fritz & Co., Blue Hill avenue, Ward 20, of artificial stone.

J. M. McClusky, 27-29 Webber and 25-25A and 27 Adams street, Ward 17, of artificial stone.

J. J. Johnston, Stanwood street, Ward 20, of gravel.

Ordered, That the Superintendent of Streets be authorized to issue a permit to Ryan & Coughlin to erect, maintain and use fourteen guy-posts, with the necessary ropes attached thereto, in and over the following streets along the line of the new track construction of the Boston and Providence Railroad, viz.: Castle street, Albion street, Emerald street, Village street, Shawmut avenue, Middlesex street, Dartmouth street, Broadway, Albany street. The work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ordered, That the Superintendent of Streets be authorized to issue a permit to John J. Reagan & Co., to close Cazenove street, from Columbus avenue for a distance of seventy feet to all team travel, until August 20, 1898; said closing being necessary in the interest of public safety, during the demolition of buildings at said point.

Canvass of Bids.

Fire Department.

Bids for the construction of the proposed veterinary hospital building on Swett street were opened at the office of the Fire Commissioner, Bristol street, on Tuesday, July 26, as follows:

Bidders.	Bids.
G. G. Baker	\$9,775
J. A. Rooney	10,444
W. A. & H. A. Root	10,535
Burke Brothers	10,634
J. J. Flynn	10,820
W. H. Keyes	11,962
Connery & Wentworth	13,219

The bids were taken under advisement.

HENRY S. RUSSELL,
Fire Commissioner.

Awards of Contracts.

Engineering Department.

Proposals for building abutments at B and C streets, South Boston, were opened at the office of the City Engineer on July 22, as follows:

Bidders.	Bids.
James McGraw & Co., Boston . . .	\$42,878
Ross & Fowler, Boston . . .	46,750
Woodbury & Leighton, Boston . . .	49,500
Ellis & Buswell, Woburn . . .	55,547
William H. Ryan & Co., Boston . . .	56,990
C. E. Trumbull & Co., Boston . . .	59,019
Perrin & Carter, Boston . . .	59,995
Jere. J. McCarthy, Boston . . .	60,270
W. H. Keyes & Co., Boston . . .	60,525
D. F. O'Connell, Boston . . .	62,000
William L. Miller and William H. Ellis, Boston . . .	62,945
Jones & Meehan, Boston . . .	65,690
James F. Cobb . . .	71,575

The contract was awarded to James McGraw & Co.

WILLIAM JACKSON, City Engineer.

Engineering Department — Architectural Division.

The following estimates have been received, and contracts awarded:

For constructing the South Boston Gymnasium:

Bidders.	Bids.
D. J. McKim . . .	\$9,770

F. W. CHANDLER, Consulting Architect.

Street Department.

Proposals for furnishing North River flagging, for cross-walks, from August 1, 1898, to February 1, 1899, were opened at the office of the Superintendent of Streets, on July 26, 1898, as follows:

For flagging, delivered at wharves, per square foot:

Bidders.	Cents.
J. J. Cuddihy . . .	33
A. Ford & Son . . .	33

For flagging, delivered on streets or at yards, per square foot:

J. J. Cuddihy . . .	36½
A. Ford & Son . . .	37

The contract was awarded to J. J. Cuddihy.

BENJ. W. WELLS,
Superintendent of Streets.

Board Meetings.

Hospital Department.

City Hospital, July 13, 1898.

The regular monthly meeting of the Trustees was held at the office of Mr. A. Shuman on Wednesday, July 13, at 12 M., the President in the chair. Messrs. Shuman, Sprague, Burnham and Keany were present.

In the absence of the Secretary, Mr. Sprague was appointed Secretary pro tempore.

The regular monthly bills were approved, and it was voted that the President be authorized to draw upon the City Treasurer for the amount thereof, \$26,824.76.

It was voted that the following regular monthly drafts be approved, and that the President be authorized to draw upon the City Treasurer for the several amounts set forth: (1) On account of furnishing surgical buildings, amounting to \$545.79; (2) on account of new buildings, enlarging boiler-house, amounting to \$77.06; (3) on account of new buildings, new laundry building, amounting to \$814.28.

It was voted to allow and pay to John S. Jacobs & Son the sum of \$6,719.25, on account of their contract of November 23, 1897, for the erection of the Ann White Vose Building at the Boston City Hospital, and that the President sign a request to the City Auditor for a special draft in favor of said payment, the amount to be charged to the appropriation for Ann White Vose Building, Hospital Department.

It was voted to allow and pay to Wheelwright & Haven the sum of \$167.19, the same being 2½ per cent. commission on payment of \$6,719.25 paid to John S. Jacobs & Son on account of their contract of November 23, 1897, for the erection of the Ann White Vose Building at the Boston City Hospital, and that the President sign a request to the City Auditor for a special draft in favor of said payment, the amount to be charged to the appropriation for Ann White Vose Building, Hospital Department.

Communications were received from the Superintendent, as follows:

First, concerning the receipt of \$10,384.10 on account of the board of paying patients for the month of June, 1898. The same was ordered to be placed on file.

Second, requesting that on the recommendation of Mr. F. W. Chandler, Consulting City Architect, a deduction of \$104.47 be made from the contract of O'Rourke & Nelson, for saving in the cost of laying steam mains. The same was accepted and the deduction was voted.

A communication was received from the Committee on Service and Training School, reporting the various changes among the employees and in the Training School for the month, June 10 to July 10.

Ordered to be placed on file.

A communication was received from Dr. Cheever, senior surgeon, and Dr. Rowe, Superintendent, notifying the Trustees of the award of the Herbert L. Burrell Ether Prize Fund to Mr. Arthur S. Hartwell, junior surgical interne, and Mr. George F. McIntire, surgical dresser.

Ordered to be placed on file.

A communication was received from the Assistant City Clerk, notifying the Trustees that the City Council had passed a special appropriation of the sum of \$30,000 for

enlarging the boiler-house and steam-heating plant, and the sum of \$8,500 for completing the Surgical Building.

Ordered to be placed on file.

A circular letter was received from the City Collector, requesting the co-operation of the Trustees in the collection of poll taxes of persons employed in the hospital. It was voted that the Superintendent be requested to furnish the City Collector with a list of the employees assessed for poll taxes, and to ask for a list of those who have not paid the same.

The Medical Committee reported upon the resignation of Dr. C. M. Whitney as surgical registrar, and recommended that the resignation be accepted, and it was so voted.

The Medical Committee reported favorably upon the nomination of Dr. J. A. Mahon as fourth assistant visiting surgeon for the term of six months, in accordance with Rule 43, and he was so appointed.

The Medical Committee reported favorably upon the nomination of Dr. John T. Bottomley as fourth assistant visiting surgeon in the Second Surgical Service, and he was so appointed.

The Medical Committee reported upon the nomination of Dr. Burrows as Assistant Resident Physician at the South Department, and he was so appointed.

The Medical Committee reported that Dr. Guiler, who was nominated for the position of second executive assistant, had withdrawn his application. Thereupon the Superintendent nominated Dr. Charles F. Knight, and said nomination was referred to the Medical Committee.

The Medical Committee reported upon the request of Dr. J. W. Courtney for the first five volumes of the Medical and Surgical Reports, and recommended that the same be allowed, and it was so voted.

Mr. Burnham, Committee on Heating Plant, submitted plans and specifications for the extension of the boiler-house, and after examination of the same they were approved, in accordance with the report of the committee. It was further voted that the specifications and form of contract should be printed, and that the Architectural Division of the City Engineer's Department be requested to advertise the same for proposals.

The Committee on Heating Plant reported that the return steam mains of the low pressure heating system were in such a damaged condition that they would not be able to do the work required of them for the coming winter, and that they recommended that they be at once renewed. In accordance with said recommendation, it was voted that Mr. Howard, of the Architectural Division of the City Engineer's Department, be requested to prepare plans and specifications for the same, and to procure proposals.

The Committee on Heating Plant submitted a report of Messrs. Boyd and Robinson, expert engineers, in regard to various methods of securing forced draft. It was voted that in preparing the specifications, plans and proposals should be submitted for procuring additional draft both by forced and induced methods, and to report to the Trustees at their next meeting in regard to the comparative cost of the same.

HENRY H. SPRAGUE.

Secretary pro tempore.

Library Department.

Friday, June 24, 1898.

The regular weekly meeting of the Corporation was held in the Trustees' room, at 4.15 P.M.

Present: Messrs. Benton, Bowditch, Lincoln and Prince, and the Librarian.

Received: From the Mayor, order of Common Council, dated June 15; Librarian's report; petition signed by Charles E. Eddy and twelve others against the discontinuance of Delivery Station K.

Bills allowed: Payable from funds on deposit in London, amounting to \$1,616.64 (estimated); chargeable to Numismatic Fund, \$4.50 (estimated).

Purchases authorized: Books, chargeable to city moneys, to the amount of \$417.87; to trust funds, \$87.90; Station P, \$2.60; Numismatic Fund, \$20.75; Fellowes Atheneum, \$7.44; miscellaneous articles, \$235.64; flag and staff for West End Branch, not to exceed \$15.

Salaries increased: Catalogue Department, Mary R. Bartlett, Grade B, \$11 to \$12 per week, beginning July 1; Ordering Department, Robert E. St. Louis, Grade D, runner, \$5 to \$5.50 per week, beginning July 4; special libraries, Belle S. Hall, Grade B, \$13 to \$14 per week, beginning August 2; Issue Department, Mary A. Shaughnessy, Grade D, runner, \$5 to \$5.50 per week, beginning July 27; periodical room, James Maguinness, Grade D, runner, \$5 to \$5.50 per week, beginning July 22; Branch Division, Michael J. Conroy, Grade D, runner, \$5 to \$5.50 per week, beginning July 25; Florence McM. Painter, Grade B, \$11 to \$12 per week, beginning August 2; Brighton Branch, M. Florence Dale, Grade D, \$6 to \$7 per week, beginning August 17; Dorchester Branch, Nellie E. Hufton, Grade D, \$6 to \$7 per week, beginning July 1; West End Branch, Mary E. Kiley, Grade D, \$6 to \$7 per week, beginning August 22.

Employed: Worthington C. Ford, Department of Documents, at a salary of \$2,500 per year, beginning July 15; temporarily, Edward A. Warren, for janitor service at the Brighton Branch, at a salary of \$9.75 per week, beginning July 1; Alice E. McKirdy, temporarily, at the South End Branch, whose services at the West End Branch terminate July 10.

Proposals for the electric elevator and book-lift were then taken up, and various communications with reference to the same, including a report from the Electrical Construction Division. The proposal of the Whittier Machine Company, for the elevator, was accepted, at \$2,250; allowance on car to be increased from \$150 to \$350.

Improvements in heating and ventilating system: Consideration of proposals submitted by Professor S. H. Woodbridge.

Voted, That until otherwise ordered, the President and Mr. De Normandie, with the Librarian, be a committee with full power upon the improvements at the Central Library building, including furniture and fittings, and also in the matter of the purchase of books.

Voted, That the President, or Mr. De Normandie, or Dr. Bowditch, as may be convenient, be a committee with power to approve bills entering into the August 1 requisition.

Certain applications for special privilege

cards were received, considered and disposed of.

Voted, That when this meeting adjourn, it adjourn to Monday, July 11, at 4 P.M.

Monday, June 27.

A special meeting of the Corporation, called by order of the President, was held in the Trustees' room, at 4 P.M.

Present: Messrs. Benton, Bowditch, Lincoln and Prince, and the Librarian.

Voted, That until otherwise ordered, the President and any one of the Trustees be a committee with power to make any contracts which in their judgment may be necessary with reference to the improvements at the Central Library building.

Voted, That the City Collector be requested to collect the rentals under the lease of the old Public Library building, approved by the Mayor under date of July 1, 1898.

The Librarian was authorized to employ for a period of not exceeding twelve weeks, two boys at not exceeding \$7 each per week, and an elevator boy, beginning August 1, at \$9 per week.

HERBERT PUTNAM, Clerk.

Park Department.

Jamaica Park, July 18, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held July 18, 1898:

Voted, That the Superintendent be authorized to substitute a planting space for the driveway in grading Wood Island Park.

Voted, That old Walnut street, in Franklin Park, from the driveway to the foot of the hill, past the quarry-hole, be abolished, and that it be loamed and planted, and the walk turned into the wood to the left.

Voted, That the Superintendent confer with the Street Commissioners, with a view to having a grade established at the junction of Fairview and Mendum streets, which will conform best to the grade of the entrance to the Arboretum at that point.

Voted, That the Superintendent be authorized to remove the Valley Gate houses at Franklin Park.

Voted, That the time for the completion of the contract with H. Walker & Co., for building a wharf on the Strandway, be extended to July 25, current.

A communication was received from the Boston Elevated Railway Company submitting a draft for an order approving the location of the West End Street Railway tracks on Ipswich and other streets, in accordance with Chapter 523 of the Acts of 1897. The order was signed by the Board, and the Chairman was authorized to approve the plans referred to therein.

Voted, That Mr. Bowler be authorized to give an athletic exhibition at Charlesbank, July 30, at an expense to the Department not exceeding \$50.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Trustees.

28 Court Square, July 25, 1898.

The thirty-fourth regular meeting of the Pauper Institutions Trustees was held on Monday, July 18.

The recommendations of the Superintendent of Long Island, in regard to better protection against fire, were accepted and adopted.

The recommendation of the Superintendent of Long Island, that two of the officers there should serve as special police, was acted upon favorably by the Board.

The Superintendent of Charlestown, Miss S. G. Weeden, recommended the appointment of a night-watch for the Charlestown Almshouse.

The recommendation of the Committee on Rules and Service, that one of the unoccupied rooms in the men's building at Long Island should be used as a reading-room for quiet and orderly inmates, was adopted.

The following appointments were confirmed:

O. S. Bumpus, first assistant engineer, at \$40 a month; Herbert Brown, cook in men's building, at \$40 per month; Wilbur P. Snow, engineer's helper, at \$30 per month.

Census for Long Island, July 16, 1898:

	Males.	Females.	Total.
In Hospital:			
Adults	80	139	219
Children	4	6	10
Dormitory:			
Adults	0	201	201
Children	1	1	2
Institution	205	0	205
Total	290	347	637
Census last year, at same date			618

ALICE N. LINCOLN, Secretary.

Street Laying-Out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Monday, July 18, 1898.

It was voted to pay Elida R. Fowle \$500 for all land taken from, and for all damages occasioned to, her estate on Boston street, by the laying out of Columbia road.

It was voted to give a public hearing in the matter of changes in locations, etc., of streets in Plat 2, at 11.30 A.M., Friday, July 29.

A petition was received from W. D. Park and others, that La Grange street may be widened, from Centre street to the railroad.

A petition was received from C. H. Danforth for a catch-basin in Summer street.

Tuesday, July 19.

The Board ordered a catch-basin to be built in Hunneman street, and issued an order of notice of its intention to lay out and construct an extension of Belvidere street, across the land and location of the Boston and Albany Railroad.

Petitions were received for a catch-basin in Shelton street; for the widening of Broad street, near India square, or a discontinuance from said street at No. 116; and for the laying out of Coventry street, at Roxbury.

It was voted to pay James H. Upham \$2,079 for all land taken from, and for all damages occasioned to, his estate on Boston street, occasioned by the laying out of Columbia road.

Public hearings were given in the matter of laying out and constructing Elgin and Lorette streets, at West Roxbury, from Centre street to the New York, New Haven and Hartford Railroad.

Sewers were ordered to be built in Cypress street, Frost avenue, Falcon street, Kneeland street, South street, Dorchester avenue and Summer-street extension.

An order of notice was issued of the Board's intention to relocate Stony Brook, between Blue Hill avenue and Morton street.

Thursday, July 21.

A public hearing was given in the matter of laying out and constructing Devon street, at Roxbury and Dorchester, from Blue Hill avenue to Columbia road.

Catch-basins were ordered to be built in Dromey and Harvard streets.

A petition was received for a sewer in Park street, West Roxbury.

Friday, July 22.

A petition was received for a catch-basin in Sheafe street.

It was voted to pay William H. Sayward \$12,300 for all land taken from, and for all damages occasioned to, his estates on Columbia street, by the laying out of Columbia road; and, also, to pay the heirs of Nathaniel Hall \$4,200 for all land taken from, and for all damages occasioned to, their estate on Columbia street, by the laying out of Columbia road.

J. H. JENKINS, Secretary.

Department Communications.

City Clerk Department.

City Hall, July 25, 1898.

The following is a list of the principal matters filed in the City Clerk's office, for the week ending July 23, 1898:

Number of chattel mortgages	130
Number of discharges of mortgages	27
Number of bills of sale	1
Number of assignments of mortgages	1
Number of assignments of wages	32
Number of married women's certificates	7
Number of assignments for the benefit of creditors	5
Number of notices of foreclosure of mortgage	5

J. M. GALVIN, City Clerk.

Health Department.

Old Court House, July 23, 1898.

The following applications for stable permits have been received at this office:

John D. Campbell, 215 Condor street, Ward 1, two additional horses; hearing July 28, at 11 o'clock. Francis Packard, Payne street, Ward 24, two horses; hearing August 4, at 11 o'clock. Alice M. Sandberg, 43 Beech street, Ward 23, one horse; hearing August 4, at 11 o'clock. Walter

Curley, 37 Cranston street, Ward 22, one additional horse; hearing August 4, at 11 o'clock.

The following petitions for the occupancy of stables have been granted:

Thomas Howard, Greenbrier street, Ward 24, one horse; James Foley, 102 Shirley street, Ward 17, one horse; S. C. Brown, 104 Walter street, Ward 23, one additional horse.

A license as undertaker has been granted to Roswell Roles, doing business at 730 Shawmut avenue.

The following shows the work of inspection done at the Abattoir for the week ending July 23:

Steers	300
New England cows	5
New England bulls	1
Sheep	304
Calves	359
	969

The following articles of food were condemned by the Inspector of Provisions during the week ending Saturday, July 23, 1898:

Two hundred and forty crates and eleven barrels of melons, thirty-one barrels of cucumbers, ten barrels of potatoes, four barrels of squashes, two baskets of peaches, two bushels of beans, 186 pounds of poultry, 233 pounds of veal, 138 pounds of fish.

Dr. Hibbert W. Hill, Director of the Bacteriological Laboratory, makes the following report on diphtheria diagnoses made during the week ending Saturday, July 23:

Cultures.	Primary.	Secondary.	Totals.
Positive	7	9	16
Negative	6	11	17
No growth	0	4	4
	13	24	37

There were two examinations for typhoid diagnosis, both negative.

C. E. DAVIS, JR., Secretary.

Institutions Registration Department.

28 Court Square, July 25, 1898.

Statistics for the week ending July 23, 1898:

Cases pending	1
Number of applications	86
	87
Number of admissions:	
To State Almshouse	35
Long Island Almshouse	25
Observation Hospital, Deer Island	6
Boston Insane Hospital	3
Foxboro' Asylum	3
Danvers Lunatic Hospital	4
	76
Number of applications refused	1
Number of applications withdrawn	8
Cases pending	2
	87
Legal settlements investigated	106

E. C. MARSHALL, Acting-Registrar.

Penal Institutions Department.

32 Tremont Street, July 25, 1898.

Statistics for the week ending July 23, 1898:

	Deer Island House of Correction.	South Boston House of Correction.
Commitments:		
Males	141	12
Females	19	2
Totals	160	14
Offences:		
Against the person	5	2
Against property	9	11
Against public order and decency	146	1
Totals	160	14
Discharges:		
Males	151	11
Females	25	5
Totals	176	16
How discharged:		
Expiration of sentence	114	13
Permit of Commissioner	33	1
Payment of fine	28	0
Pardoned by Governor	0	1
Transferred to Deer Island	0	1
Transferred to South Boston	1	0
Totals	176	16
Population:		
July 18, 1898	1,540	564
Committed since July 18, 1898	160	14
Totals	1,700	578
Discharged since July 18, 1898	176	16
July 23, 1898	1,524	562

The following appointment has been made: Rev. Robert J. Johnson, to position of chaplain of Catholic service at House of Correction, South Boston.

Henry Hodgkins, watchman at the House of Correction, Deer Island, was fined one week's pay for language and conduct prejudicial to good discipline.

E. C. MARSHALL, Commissioner.

Wire Department.

Old Court House, July 25, 1898.

The following is a summary of the work performed by this Department for the week ending July 23, 1898:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.	
Inspections made	565
Defects reported	120
Defects found corrected	88
Notices of new work received	84
Dead wire removed (feet)	17,700
Fixtures removed	8

The Department responded to second-alarm fire from Box No. 453, July 19, at 10.10 P.M., building No. 562-572 Main street, Charlestown.

UNDERGROUND DIVISION.

Electrical approvals of permits have been granted, as follows:

Conduit construction	2
Building connections	4
Repairs	1

Inspections have been made, as follows:

Conduit construction	22
Building connections	11
Lamp connections	2
Repairs	9
Cable drawings	22
Installations of underground transformers,	2

Progress of work:

Feet of conduit completed	6,102
Feet of duct laid	41,008
Manholes built	19
Service connections made	37
Feet of cable drawn in	15,972

THOMAS W. FLOOD, Commissioner.

PLAYGROUNDS.

The following Act, relative to a comprehensive system of playgrounds for the City of Boston, constitutes Chapter 412 of the Acts of 1898:

Section 1. The Board of Park Commissioners of the City of Boston, for the purpose of establishing a comprehensive system of playgrounds to meet the wants of the different sections of said city, is hereby authorized to purchase, with the approval of the Mayor of said city, land for playgrounds in such different locations, not exceeding twenty in number, as they may deem best adapted for such purpose; provided, however, that not more than \$200,000 shall be expended in any one year for said purposes.

Section 2. To meet the expenses incurred under this Act the City Treasurer of said city shall from time to time, at the request of the Mayor, issue, to the total amount of \$500,000, notes, bonds or scrip of said city, payable at such time, not exceeding thirty years from their date, and bearing interest at such rates not exceeding 4 per cent. per annum, and such interest being payable at such times, as shall be fixed by said Treasurer; and such notes, bonds or scrip shall be within the limit of indebtedness of said city.

Section 3. This Act shall take effect upon its acceptance by the City Council of the City of Boston.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending July 23, are as follows:

Death rate for the week	15.2
Death rate for corresponding week, 1897,	20.7
Number of deaths:	
Males	82
Females	73
Total	155
Total deaths in corresponding week, 1897	206
Decrease	51

Of the 155 decedents, 151 were white and 4 colored; 92 were born in the United States, 62 in foreign countries, and the birthplace of one was unknown; 30 were of American parentage, 106 of foreign parentage, and the parentage of 19 unknown.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	23	4
Scarlatina	10	0
Typhoid fever	4	4
Measles	44	1
Totals	81	9

PRINCIPAL CAUSES OF DEATH.

Consumption	16
Pneumonia	18
Heart disease	22
Bronchitis	2
Marasmus	2
Violent causes	10

Total from principal causes	70
Total from infectious diseases	9
Total from other causes	76

Total from all causes	155
Deaths of children under 1 year	31
Deaths of children under 5 years	46
Deaths of persons over 60 years	34
Deaths in public institutions	43

NOTICE.

BOSTON TRANSIT COMMISSION.

Boston, July 26, 1898.

A public hearing will be given on the question of the routes for a tunnel or tunnels to East Boston, at 11 A.M. on Tuesday, August 23, in the rooms of this Commission, 20 Beacon street.

By order of the Commission,

B. LEIGHTON BEAL, Secretary.

CITY OF BOSTON.

ENGINEERING DEPARTMENT.

Boston, July 27, 1898.

Contractors are invited by the City Engineer of the City of Boston to submit proposals to him, at his office, City Hall, Boston, before 12 o'clock M., of Thursday, August 4, 1898, for excavating, by dredging, a channel to a depth of sixteen feet below city base, between Congress-street and Mount Washington avenue bridges, in Fort Point channel, Boston.

Plans and specifications for the work may be seen at the office of the City Engineer, City Hall, Boston.

Proposals are required to be in a gross sum for the whole work, and must be accompanied by a certified check for one hundred (100) dollars, payable to the City of Boston. This check to be the property of the city if the contractor fails to carry out his proposal.

WILLIAM JACKSON, City Engineer.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

July 2, 1898.

The undersigned requests permission to project from building on Washington and Burnett streets, Ward 23, three bay windows, of copper, of the following description: To project from second and third story, over Washington street. Dimensions: Twenty-one feet 6 inches high, 13 feet wide, and 3 feet over line of street.

THEO. J. KRAFT,

22 West Walnut Park, Roxbury.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

July 11, 1898.

Upon the foregoing petition it is hereby

Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twenty-fifth day of July, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Jamaica Plain News and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy.

COMMONWEALTH OF MASSACHUSETTS.

METROPOLITAN WATER BOARD.

EARTH EXCAVATION.

Boston, July 25, 1898.

Sealed proposals will be received at the office of the Metropolitan Water Board, 3 Mt. Vernon street, Boston, Mass., until 2.30 o'clock P.M., of Tuesday, August 9, 1898, for making excavations for the North Dike of the Wachusett Reservoir at Clinton, Mass. The quantity of earth excavation is approximately 290,000 cubic yards, and most of it is gravel and sand to be taken from a sloped trench from thirty to sixty feet deep.

Laying Water Pipes—Sealed proposals will also be received at the office of the Board until 2.30 o'clock P.M. of Tuesday, August 9, 1898, for laying 3,060 linear feet of 48-inch cast iron pipes in the Brighton District of the City of Boston. Pamphlets, containing further information for bidders, forms of proposal, contract and specifications, will be mailed to contractors who apply to the Chief Engineer, or may be obtained at his office, 3 Mt. Vernon street. Plans of all the work may be seen at the office of the Chief Engineer, and plans of the work at Clinton may also be seen and pamphlets relating to the same may also be obtained at the office of the Metropolitan Water Board at Clinton, Mass. The printed forms must be used in making proposals. The Board reserves the right to reject any or all proposals, and to accept the proposals deemed best for the Commonwealth. HENRY H. SPRAGUE, Chairman; WILMOT R. EVANS, HENRY P. WALCOTT, Metropolitan Water Board; FREDERIC P. STEARNS, Chief Engineer; WILLIAM N. DAVENPORT, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 20, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a new channel for the Canterbury Branch of Stony Brook be located, at Dorchester and West Roxbury, between Blue Hill avenue and Morton street, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the third day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, July 22, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 11.30 o'clock A.M., on Friday, July 29, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plans numbered 22, 25, made by the Board of Survey, and filed respectively January 4, 1894, and February 20, 1892, in the office of the City Surveyor, in City Hall; said territory is bounded, approximately, by Brookline avenue, Audubon road, and Commonwealth avenue.

JOHN P. DORE,

JOHN H. DUANE,

GEORGE H. INNIS,

Street Commissioners.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 27, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Charlestown street be widened, upon the westerly side, and relocated as a highway, and constructed, by grading, and covering with pavement, gravel, or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891, and acts in amendment or addition thereto, and Chapter 498 of the Acts of 1895, and—that they appoint 11 o'clock A.M., of the eleventh day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

J. H. JENKINS, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, AUGUST 4, 1898.

Number 31.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,
EDWARD M. HARTWELL, Secretary,
Room 71, City Hall,
TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENTS CONFIRMED.

The Board of Aldermen, at its meeting held on Tuesday, August 2, 1898, confirmed the following appointments made by His Honor the Mayor:

Charles E. Folsom, to be a member of the Board of Assessors, for the term ending April 30, 1900.

John L. Russell, to be a constable, for the term ending April 30, 1899.

STREET LAYING-OUT DEPARTMENT.

The recently published Annual Report of the Street Laying-out Department, for the year ending January 31, 1898, constitutes City Document 35, 1898. It includes a list of public and private streets in which sewers have been ordered to be built during the year; a list of the new streets, with their lengths, laid out as public ways during the year, with a statement of the widenings, relocations, extensions and discontinuances of the public streets, by districts—Boston proper, Roxbury, Dorchester, Brighton, etc.; a statement of the estimated expense of the

street improvements ordered in 1897; statements showing the expenditures made by the Street Commissioners, and by the Surveying Division of the Department, during the year; together with a detailed description of the work done by the Surveying Division in certain sections of the city, represented by Plans 5, 6, 8, 10, 11, 12 and 13.

The leading features of the report may be summarized as follows:

Under the orders for laying out, widening and extending streets passed by the Board during the year, land to the amount of about 52,858 square feet was taken for street purposes; the total estimated damages amounted to \$162,219.85. Streets having a total mileage of 11.38 were made public ways. Under authority of the act of the Legislature of 1891, for the assessment upon abutting property of the cost of laying out and constructing streets, there has been assessed, upon five streets, a total of \$47,741.84.

The Board has issued ninety-four orders of notice of intention to lay out, widen, extend and discontinue streets, or parts of streets, calling for public hearings; it has received and considered 101 petitions for street improvements, and for hearings in the matter of payment for damages occasioned by street improvements, thirty-four petitions. Upon petitions in the matter of payment for damages sixteen hearings have been given, and nineteen settlements reached. Six petitions for release of sewer assessments have been received, and six releases made by the Board, under authority of the act empowering them to release parts of estates from assessments for sewers and sidewalks, upon payment of the proportional parts due upon the parcels released.

The length of the new streets laid out as public ways during the year amounted to 60,104.96 feet, or to 11.38 miles. The length in feet of new streets, by districts, was as follows:

Boston, 9,048.09; East Boston, 467; South Boston, 7,000.63; Roxbury, 1,936.74; Dorchester, 28,325; West Roxbury, 1,928.28; Brighton, 11,236.80; Charlestown, 162.42.

Judged by their length, the principal new streets included in the above statement are: The Columbia road, South Boston, from Franklin Park to Marine Park, 6,485 feet; West Selden street, Dorchester, from Morton street, 3,411 feet; Fairmount street, Dorchester, from Washington to Morton street, 2,660.99 feet; Ipswich street, from Boylston road, across Back Bay Fens to Boylston street, 2,361.22 feet; Columbia road, Dorchester, from Franklin Park to Marine Park, 2,150 feet; Dorchester avenue, in Boston

proper, over and including Federal-street bridge, to Summer street extended, 1,970 feet; Tonawanda street, Dorchester, from Geneva avenue to Greenbrier street, 1,917 feet; Queensberry street, in Boston proper, from one part to another of Audubon road, 1,737.74 feet; Lonsdale street, Dorchester, from Dorchester avenue to Adams street, 1,626 feet; and Bloomfield street, Dorchester, from Geneva avenue to Greenbrier street, 1,554 feet.

The estimated expense of the street improvements ordered in 1897, not including construction, was \$162,219.85. The payments and other claims on account of laying out, widening, relocating and extending streets, met from Department appropriation, amounted to \$1,894.67; and the payments from other appropriations to \$673,727.40, including \$57,122 paid for Essex and Lincoln streets, \$137,145 for Clinton street, \$52,115 for Ipswich street, and \$320,955 for Columbus avenue.

The cost of maintenance of the Board of Street Commissioners, including salaries, office expenses, etc., was \$22,442.75; while the expenditures of the Surveying Division, including \$51,859 for salaries and \$2,994 for surveyors' supplies, amounted to \$57,886.34.

OLD CEMETERIES OF BOSTON.

Among the many places of historic interest in the City of Boston are the old burial grounds which, during the summer months, are visited by hundreds of residents and strangers. The following statement is furnished by the Cemetery Department:

Owing to many underground vaults, the masonry of which has become insecure, the Cemetery Department does not deem it safe, at the present time, to allow general entrance to certain of the old cemeteries. By making application, however, to the Department at City Hall, anyone may obtain permission to visit them.

The oldest burial ground in Boston is the King's Chapel, situated on Tremont street, near School street. This cemetery contains 19,200 square feet, and the first burial in it was made in 1630, or at about the time of Boston's settlement. The remains of the following distinguished persons were therein interred:

Governors of Massachusetts: John Winthrop, 1649; John Endicott, 1665; John Leverett, 1679; William Shirley, 1771.

Lieutenant-Governors of Massachusetts: William Phillips, 1827; Thomas Lindall Winthrop, 1841.

Governors of Connecticut: John Winthrop, 1676; Fitz-John Winthrop, 1707 (son

and grandson, respectively, of the Governor of Massachusetts).

In other parts of the enclosure are the tombs of Lady Andros (wife of Governor Andros), and of John and Mary Winslow, the latter being the Mary Chilton who is said to have been the first woman of the Mayflower's company to put foot on the shore of Cape Cod.

There were also buried in this cemetery the remains of John Cotton, John Davenport, John Oxenbridge and Thomas Bridge, four pastors of the First Church of Christ in Boston.

The Granary Burial Ground, situated just below King's Chapel, was established about 1660. It contains 81,900 square feet, and was originally a part of Boston Common. There were buried here the remains of:

Governors of Massachusetts: Richard Bellingham, William Dummer, James Bowdoin, Increase Sumner, James Sullivan, Christopher Gore and John Hancock.

Lieutenant-Governor: Thomas Cushing.

The list includes, also: John Phillips, first Mayor of Boston; Josiah Franklin and wife, parents of Benjamin Franklin; Paul Revere, Peter Faneuil, Judge Samuel Sewall, Samuel Adams, Robert Treat Paine, James Otis and the victims of the Boston Massacre.

King's Chapel and the Granary, and also the Central Burial Ground on Boston Common, are open to admission upon application to the Cemetery Department. An attendant is stationed at the Granary Burial Ground to admit people to these cemeteries, on presentation of an order from the Department.

Copp's Hill Burial Ground was the second place of interment in Boston, and is the largest cemetery in the city proper, containing 88,800 square feet. It is located off Commercial street and is open to the public, without application, during the summer months. There is a keeper in charge.

The date of the first interment is unknown. The oldest inscriptions bear the dates of 1661 and 1678.

Among those buried here were the following:

Rev. Cotton Mather, Rev. Increase Cotton and Rev. Samuel Mather; George Worthy-lake, one of the first keepers of Boston Light; Chief Justice Parker, Major Samuel Shaw, an officer of the Revolution, and afterwards consul to China; Major Thomas Seward, of the Continental Army; Captain Lake, commander of the Ancient and Honorable Artillery Company, 1662-1674; and Edmund Hartt, builder of the old frigate "Constitution," whose shipyard was located nearly opposite the burial ground.

The Eustis-street Burial Ground is situated on Eustis street, corner of Washington street, in the Roxbury district. It is one of the oldest in New England, the first interment dating from 1633; and there are fifty grave-stones standing, erected previous to the year 1700. The grounds were much injured during the siege of Boston.

Among the list of persons buried here are:

Rev. John Elliott, Governor Thomas Dudley, Brigadier-General John Groaton, of the Revolution; Chief Justice Paul Dudley, and the father and mother of General Joseph Warren.

This cemetery is open to visitors every Saturday and Sunday afternoon during the summer season. It is in charge of a custodian.

INSTITUTIONS QUARTERLY CONFERENCE.

Boston, June 29, 1898.

The regular quarterly conference of the Institutions Trustees was held in the Aldermanic Chamber, City Hall, on June 29, at 4 o'clock.

Present: Dr. Baldwin and Mrs. Marion, of the Insane Hospital Trustees; Messrs. William L. Rutan and W. T. Sedgwick, of the Pauper Institutions Trustees; Mrs. Dewey, of the Children's Institutions Trustees; Mr. Sproules and Mr. Fowler, of the Overseers of the Poor; E. C. Marshall, Penal Institutions Commissioner and Institutions-Registrar.

In the absence of His Honor the Mayor, the meeting was called to order by Commissioner Marshall, and it was

Voted, That Dr. Baldwin act as Chairman pro tempore.

Mr. Marshall, for the Penal Institutions Department, reported that everything was running along smoothly, and that he knew of nothing in the way of improvement except what had been outlined at previous meetings.

Mr. Sedgwick, for the Board of Pauper Institutions Trustees, reported as follows:

The Board of Pauper Institutions Trustees reports that since the last meeting it has taken all needful steps to provide for the possible removal of inmates at Long Island, especially the patients in the hospital. This action was made necessary on account of war between the United States and Spain, this being followed almost immediately by a threatened bombardment of the Atlantic coast cities. The Trustees communicated with various towns and cities near Boston, in order to ascertain what accommodations could be secured in similar institutions near Boston, in case removal was found to be necessary. Several of these cities and towns replied, showing a willingness to do all that they possibly could to help us, but we found that nearly all of the institutions with which we corresponded had very little room to spare, most of them being overcrowded. The State Board of Lunacy and Charity agreed to help us to the extent of taking 120 people. The Children's Institutions Trustees very kindly offered the use of a part of the Marcella-street Home, and if necessary, the entire building. This appeared to the Trustees to be the most feasible solution of the problem, and in case removal should become necessary, it was decided to accept the offer of the Children's Trustees. We trust that this danger is now past.

The Trustees have also to report that it has been their purpose to secure for the Pauper Institutions high-grade officers, from the lowest to the most important. They have already made a number of changes which are in this direction, one of the most important being the engagement of Mr. Thomas J. Condon as Deputy Superintendent at Long Island, who was appointed on May 2, 1898. Mr. Condon is a graduate of Boston College, and has been employed for

three years in the Concord Reformatory. He comes with the highest recommendations.

A fundamental change which the Trustees have decided upon, and which will take effect July 15, is that of making the almshouse at Charlestown an almshouse for women and aged couples. It has been the desire of the Trustees to effect a better classification of inmates in the almshouse at Long Island. We have been able to do something in this direction, but the overcrowded condition of the buildings on Long Island, the construction of the buildings and the arrangement of the wards have prevented our accomplishing much that we desired. The plan which we have now adopted of using the almshouse at Charlestown for women and aged couples, enables us to effect a classification which we believe will be of great benefit to the institution and the inmates. It has also been decided to employ for Charlestown Almshouse a woman superintendent, and Miss Sarah G. Weedon has been chosen for that position.

Mrs. Dewey, of the Children's Institutions Trustees, stated that Mr. Dasey, whom she expected to be present later at the meeting, would make a report for the above body.

Mrs. Marion, for the Insane Hospital Trustees, reported as follows:

The census of the Boston Insane Hospital is as follows:

At Austin Farm	347
At Pierce Farm	175

Making total of 522

For administrative purposes the Boston Insane Hospital has now an Executive Superintendent, and an Associate Superintendent. By this means it is possible to run Austin and Pierce Farms with only one farmer, one head gardener, one head engineer, and one store-keeper. The Trustees are prevented from doing the best work for the hospital by the absolute lack of money, except for the cost of maintenance. The primary need of the hospital is land. Until this is secured, no plans can be made for the development of the institution. The tie-up for the herd and the stables are inadequate and in poor condition, and as soon as land is obtained they should be rebuilt in a different place. In the meantime we must expend a certain sum of money, which seems thrown away, in order to keep the tie-up and stables in proper sanitary condition.

Dr. Baldwin said that the reading of the records reminded him of the fact that they had Pierce Farm looked over by a landscape gardener, with a view to improving its appearance, which is now that of an arid waste, but the gardener had given it up as a bad job. There should be two barns in which to keep the cattle. We owe it to the community to have the stables put out of sight, because the situation of the insane asylum is a very desirable one, adjoining Franklin Park and Blue Hill avenue, so that it should be a matter of pride with the city to put its buildings where they would not be unsightly. In explanation of the consolidation mentioned in the report, Dr. Baldwin stated that it seemed impracticable to have two farmers, two teamsters, and the like, so that the Trustees talked the matter over to see what could be done. The Committee on Rules worked on the matter, and finally reported that there

should be an Executive Superintendent and an Associate Superintendent. This does not change the personnel of the farm, but now the work is to be done by one Superintendent, so that there is now only one general farmer, one gardener, etc., and these people go to the executive officer for their instructions.

Mayor Quincy arrived at this point, and took the chair.

Mr. Sedgwick desired to ask, in view of the fact that farmers themselves cannot always run farms successfully, whether the Trustees could do so, and if they thought it was wise to carry on farming.

Dr. Baldwin stated, in reply, that experience had shown that the farm products were of considerable value in themselves, but that the greatest advantage arose from the opportunity which the work afforded for training the insane. It is necessary to train the insane to do certain work, and this matter of farming becomes important in this respect, besides the fact that fresh vegetables, etc., are available.

Mr. Fowler, for the Overseers of the Poor, reported that the committee continued to coöperate with the several departments in receiving men and women. There have also been received quite a number of men from the Soldiers' Relief Department of the city. The Department had some nearly all the time who are being kept without being worked. Also, the number of applicants for out-door aid is larger. The number of orders given out for groceries is slightly in excess of those given out a year ago.

Mr. Marshall inquired of Mr. Fowler if he had had any application from the wives of soldiers.

Mr. Fowler said they did have one, whom they aided temporarily. He thought the Legislature had passed a law providing for the relief of the families of soldiers and sailors.

Mr. Dasey not having arrived, Mrs. Dewey made the following verbal report for the Trustees for Children:

The number of children at the Marcella-street Home is eighty-one, and the Board is more anxious than ever to be allowed to sell Marcella-street Home and use part of the proceeds in buying a smaller place in the country. It has been decided that it is necessary to put up a temporary school during the summer. The Bath Commission has placed a bath-house near the Parental School, and very kindly given the hours from 6 in the morning until 10 every day for the use of the boys at the Parental School, and also has provided a teacher to instruct them in swimming. The lessons in swimming are to be worked into the scheme for the vacation school. Arrangements have been made for a vacation school where the teaching is to be without text-books, and the boys will have out-door lessons; and also drawing and sloyd work, and there has been introduced as far as possible, ship building. Teaching of sewing, mending and cooking have been introduced. The school is to last eight weeks. Inability to find teachers, however, is a serious obstacle in the way of fully developing the vacation school.

Voted, That the next quarterly meeting be held at 3 o'clock instead of 4.

E. C. MARSHALL, Secretary.

SCHOOL COMMITTEE.

An adjourned meeting of the School Committee was held in the School Committee Chamber, Mason street, Tuesday, July 26, at 7.30 P.M., the President in the chair.

Absent: Mrs. Ames, Messrs. Bateman, Bowdlear, Mrs. Fifield and Mr. Fleischer.

On motion of Mr. Strange, for the Committee on School-houses, it was

Ordered, That the plans and specifications for a primary school-house at Forest Hills, prepared by Perkins & Betton, architects, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board, and the said Perkins & Betton are hereby selected and employed to supervise the construction and erection of said school-house in accordance with said plans and specifications; and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same substantially in accordance with said plans and specifications.

On motion of Mr. Strange, for the same committee, it was

Ordered, That the plans and specifications for a primary school-house in the Thomas N. Hart District, prepared by William H. Besarick, architect, having been approved by the Superintendent of Schools, be accepted, and the same are hereby approved by this Board, and the said William H. Besarick is hereby selected and employed to supervise the construction and erection of said school-house in accordance with said plans and specifications; and the Committee on New Buildings are hereby authorized to advertise for proposals to construct and erect the same substantially in accordance with said plans and specifications.

On motion of Mr. Allen, for the Committee on Accounts, it was

Ordered, That the amount paid by Mrs. N. G. Sias, of Chelsea, Mass., for tuition from May 24, 1898, to July 1, 1898, of Bela R. Sias, a non-resident pupil in the Mechanic Arts High School, viz., \$9.85, be abated, said pupil having left the school May 24, 1898.

Mr. Allen, for the same committee, to whom was referred, June 30, an order concerning the employment of a laboratory assistant in the Mechanic Arts High School, reported that they have considered the matter, and are of the opinion that it properly comes under the jurisdiction of the Committee on High Schools.

They therefore recommend that the following order be referred to the Committee on High Schools:

Ordered, That the Board authorize the employment in the Mechanic Arts High School, for the school year 1898-99, of a laboratory assistant, at a salary not exceeding \$300.

Accepted, and the order was referred to the Committee on High Schools.

Mr. Allen, for the same committee, to

whom was referred, June 30, an order concerning the employment of graduates of the Mechanic Arts High School as special assistants, reported that they have considered the matter, and are of the opinion that the following order ought to pass:

Ordered, That the Board authorize the employment for the school year of 1898-99 of not more than four graduates of the Mechanic Arts High School, the salary of each graduate employed not to exceed \$2 per day of actual service, as special assistants in the mechanical department of that school, these special assistants to be in place of one additional instructor, to which said school is entitled, under the rules.

On motion of Mr. Calderwood, the report and order were referred to the Committee on High Schools.

Mr. Allen, for the same committee, to whom was referred, July 19, an order requesting them to present an estimate of the expenses of the public schools for the year beginning September 1, 1898, reported that they have given the matter careful consideration, and present the following, based upon conditions now existing:

SEPTEMBER 1, 1898, TO SEPTEMBER 1, 1899.	
Salaries of instructors	\$2,075,000
Salaries of officers	76,500
Salaries of janitors	154,500
Fuel, gas and water	103,500
Supplies and incidentals	152,500
School-houses, repairs, etc.	255,000
	\$2,817,000

APPROPRIATION	AVAILABLE	TO
MEET EXPENSES:		
Surplus from financial year 1898-99	\$10,000	
Four months' appropriation of 1898-99, one-third of \$2,700,589	900,196	
Estimated valuation 1899-1900, \$975,000,000; two-thirds of \$2.85 on said amount	1,852,500	
Two-thirds of \$36,000, the estimated income	24,000	
		2,786,696
Estimated deficit		\$30,304

Accepted.

Mr. Bassett offered the following:

Ordered, That the Committee on Accounts be requested to submit at the next meeting of the Board a statement showing to what extent the appropriation available for the support of the public schools under Chapter 400 of the Acts of 1898 will be exceeded, should the present schedule of salaries be continued until September 1, 1899; and whether or not any deficit that might thereby be created can be met by a reduction of expenses in any other direction.

Referred to the Committee on Accounts.

Mr. Bassett offered the following:

Ordered, That the school year be changed to commence January 1, to coincide with the payments made during the financial year; and that the Committee on Rules and Regulations be authorized to report to the School Board the necessary amendments in the rules to conform to this change.

Ordered, That the rules be amended so as to provide that the Committee on Salaries shall report to the School Board, in print, at the first meeting in December, the schedule of salaries for the ensuing school year; and that the Committee on Rules and Regu-

lations be authorized to report to the School Board the necessary amendments in the rules to conform to this change.

Referred to the Committee on Rules and Regulations.

After some discussion regarding the matter of salaries, Mr. Strange offered the following:

Ordered, That the Committee on Salaries be ordered to report forthwith on the whole question of salaries referred to them.

The order was passed.

The Board took a recess of ten minutes and reassembled at 8.34 o'clock.

Mr. Bassett, for the Committee on Salaries, who had been ordered to report forthwith on the whole question of salaries, reported progress, and moved that the Committee be granted further time.

The report was accepted and further time granted.

The Chair appointed the following committees:

New Buildings — William T. Eaton, Chairman; Messrs. Huggan, Aldrich, Bassett and Courtney.

School-houses — Thomas F. Strange, Chairman; Messrs. Lowell, Coolidge, Davison and Hubbard.

The appointments were approved.

Mr. Strange offered an order that the Board adjourn to meet August 2, and that the Committee on Salaries report at that time.

Mr. Allen moved to amend by substituting August 23 for August 2. Mr. Lowell moved to amend, so that the Board adjourn subject to the call of the Chair.

The order as amended by Mr. Lowell was passed.

Mr. Anderson offered the following:

Ordered, That the Rules and Regulations be amended as follows:

Section 183. Strike out, in the seventh line of the second paragraph, the words "the visitor, and, in his or her," and substitute in place thereof the words "any member of the committee in charge, and, in their."

On motion of Mr. Anderson, the rules were suspended, the order was read twice, and passed.

CHILDREN'S ENTERTAINMENTS.

The returns made to the Clerk of Committees Department of the estimated attendance at the various children's entertainments given by the City of Boston on July 4, show that a total of 56,586 tickets of admission were taken at the forty halls in which the entertainments were held, as against 56,713 tickets taken on a similar occasion in 1897.

The largest attendance at any one place was at the Grand Opera House, 12,731 children being present.

NEXT MEETING OF THE BOARD OF ALDERMEN.

At the meeting of the Board of Aldermen held on Tuesday, August 2, 1898, it was voted to adjourn till Monday, August 29, 1898, at 3 P.M.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

A regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, on August 1, 1898, at 3 P.M. Absent — Alderman Dyar.

Messages from the Mayor were received, as follows:

Acceptance of Metropolitan Water Act — Veto.

OFFICE OF THE MAYOR,

City Hall, July 19, 1898.

TO THE CITY COUNCIL:

I return herewith, without my approval, the order passed by the City Council accepting Chapter 427 of the Acts of the year 1898, for the reason that further investigation since the act was framed, leads me to believe that it would not be practicable to put into effect its financial provisions during the current financial year.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to the Committee on Public Improvements.

Wooden Figure in Front of Store — Veto.

OFFICE OF THE MAYOR,

City Hall, July 21, 1898.

TO THE BOARD OF ALDERMEN:

I am obliged to return herewith, without my approval, the vote of your Board granting permission to George L. Johnson to continue to maintain a wooden figure in front of his store, for the reason that the Board of Aldermen has no authority, under the present laws, to grant such permission.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Referred to Committee on Public Improvements.

Exchange of Land with the New Haven Railroad.

OFFICE OF THE MAYOR,

City Hall, July 21, 1898.

TO THE BOARD OF ALDERMEN:

As the order, authorizing an exchange between the city and the New York, New Haven and Hartford Railroad Company of certain parcels of land, which was passed by the Common Council, was laid over by your Board without action at its last meeting, I presume that fuller information as to the nature of the transaction, and as to the valuation of the parcels to be exchanged, may be desired by you before action is taken upon the order. I therefore transmit herewith a report made to me by Mr. John C. Cobb, the regular real estate expert of the Mayor's

office, to whom I had referred the matter, and who had verbally reported to me upon it before I recommended the passage of the order giving authority to effect the exchange.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Boston, July 18, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The proposition for exchange of land in South Boston with the New Haven road, as finally arranged for submission to you, is as follows:

The city to deed the railroad the lot on Foundry street, used by the Bridge Department, containing 8,591 square feet, together with the rights in the old roadbed adjoining said lot, being about 8,011 square feet under Broadway bridge, and subject to proper easements for the continuance and maintenance of said bridge. The New Haven road to deed to the city the parcel of land shown in the accompanying plan, having a frontage of fifty-three feet on Dorchester avenue, sixty-seven feet on Broadway, and a passage twelve feet wide to Foundry street. Said parcel, including the passageway, containing 6,608 square feet.

I recommend this exchange as being advantageous to the city from the standpoint of real estate values, as I consider the lot to be received by the city peculiarly valuable on account of its important frontage and access to those streets. In addition to its real estate value, it is of especial value to the city from the fact that it adjoins and enlarges the important corner of Broadway and Dorchester avenue, already owned by the city, and occupied by the Fire Department, making it possible, as future needs require, to increase the area available for that Department, their present lot being now very fully occupied.

The Superintendent of Streets has inspected the lot, and reports it a desirable exchange for the uses of the Bridge Department.

While I have not been guided by the assessed values in making my valuations, I would state for your information that the railroad lot is the most valuable portion of a tract of 23,338 feet, which is assessed at \$1.62 per foot, and a fair apportionment of this lot would bring the assessed value of the 6,608 feet to upwards of \$13,000. The city lot is assessed for \$8,600. I have argued that this difference was largely equalized by the value of the rights in the lot under the bridge, the full value of which I have claimed could not fairly be considered as included in the assessment, as its legal status was such that the assessors had presumably considered it merely as an adjunct to the Foundry-street lot.

In making my valuations, I have not taken the buildings into account, as some of them are owned by tenants with right of removal, and those which are not are of such small value that they are of no importance in the transaction.

Respectfully yours,

JOHN C. COBB.

(Annexed was a plan of the land referred to.)

Referred to Committee on Public Improvements.

Appointment of Constable.

OFFICE OF THE MAYOR,

City Hall, July 29, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, Charles A. Horrigan a Constable of the City of Boston, for the term ending April 30, 1899.

JOSIAH QUINCY, Mayor.

Laid over, under the law.

Portion of Travers Street Discontinued.

OFFICE OF THE MAYOR,

City Hall, July 29, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication received from the Boston Transit Commission giving notice that it has discontinued a portion of Travers street. This action has been taken by the Commission under the provisions of Section 12 of Chapter 500 of the Acts of 1897, and was necessary in order to provide a gradual incline from the northerly portion of the subway to the proposed elevated structure on Causeway street.

Respectfully,

JOSIAH QUINCY, Mayor.

BOSTON TRANSIT COMMISSION.

Boston, July 12, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: The following was passed at a meeting of this Commission held to-day:

Whereas, In order to provide a gradual incline from the northerly portion of the subway to the elevated structure in Causeway street, as set forth in Statutes 1897, Chapter 500, Section 12, it is necessary to discontinue Travers street from the southwesterly line of Haverhill street to a line parallel therewith and distant fifty-two feet southwest therefrom, and

Whereas, The other provisions of said act preliminary to such discontinuance have been complied with, now, therefore, pursuant to the requirements of said act, it is

Voted, That that portion of Travers street between the lines aforesaid be and the same hereby is discontinued.

A true copy. Attest:

B. LEIGHTON BEAL, Secretary.

Sent down.

West End Location Around Back Bay Park.

OFFICE OF THE MAYOR,

Boston, July 29, 1898.

TO THE CITY COUNCIL:

I transmit herewith, in order that it may be placed on file and become a matter of record, an order signed by myself and the Board of Park Commissioners, granting the West End Street Railway Company a location for tracks on Boylston and Ipswich

streets, connecting with the existing tracks of said company on Massachusetts and Brookline avenues. A set of plans showing the locations is also transmitted herewith.

Respectfully,

JOSIAH QUINCY, Mayor.

Boston, July 18, 1898.

In pursuance of the provisions of Section 4, Chapter 523, of the Acts of 1897, and the petition of the West End Street Railway Company thereunder that the location of its tracks on Boylston and Ipswich streets from and connecting with the company's existing tracks on Massachusetts avenue to and connecting with the company's existing tracks on Brookline avenue, be filed and determined, together with the poles, wires and other structures requisite for the operation of its cars on said new tracks, it is hereby

Ordered, That said tracks shall be located and placed substantially as shown on plan of A. L. Plimpton, dated June 30, 1898, filed in the office of the Superintendent of Streets; and that the same shall be constructed of girder rail, and shall be paved with No. 1 granite blocks except upon Ipswich-street bridge, where the paving shall be of asphalt; and said tracks shall be bonded for conveying the return current of the company's electric system, and shall be placed at a grade to be fixed by the Superintendent of Streets.

The poles, wires and other structures of the electric system and the construction thereof shall be substantially in accordance with the poles, wires and other structures and manner of construction used elsewhere for the same purpose by said company in the City of Boston. Said poles shall be kept properly painted, shall be erected in sufficient numbers for the operation of cars, and shall be placed substantially in accordance with plans from time to time filed with and approved by the Superintendent of Streets; and may be placed, in the first instance, substantially in accordance with plan of A. L. Plimpton, dated July 14, 1898, filed in the office of the Superintendent of Streets.

"Ipswich street" named in this order is referred to in the aforesaid Act as "highway."

Approved and determined.

JOSIAH QUINCY,

Mayor of Boston.

CHARLES E. STRATTON,

LABAN PRATT,

Park Commissioners of Boston.

(Accompanying the above, were plans showing the track and pole locations granted.)

Sent down.

BUILDING DEPARTMENT.

Brighton	21
Charlestown	14
Total	508

GARBAGE CREMATION PLANT.

The City of Milwaukee has advertised for proposals for constructing a first-class garbage cremation plant, capable of destroying at least 100 tons of garbage daily.

City Government Orders.

ORDER PASSED—REQUIRING THE APPROVAL OF THE MAYOR.

By the City Council.

The following was approved July 28, 1898:

Ordered, That the Corporation Counsel, under the direction of the Committee on Ordinances and Law Department, prepare an edition of 2,500 copies of a volume containing the Revised Ordinances of 1898, and the Revised Regulations of 1898, with all ordinances and regulations passed between the passage of the Revised Ordinances of 1892 and the passage of the Revised Ordinances of 1898, a table showing the disposition of prior ordinances and regulations, and an index; fifteen copies to be furnished to each member of the City Council; thirty copies to be furnished to the Mayor, and the remainder to be distributed under the direction of the Committee on Ordinances and Law Department; the expense attending the preparation and printing of said volumes to be charged to the appropriation for the Reserved Fund.

ENACTED WITHOUT APPROVAL OF THE MAYOR.

By the Board of Aldermen.

The following was presented to the Mayor July 18, 1898, and was not returned by him within ten days thereafter:

Permit to Anthony Volta to maintain three bootblack stands, as he has hitherto done, directly opposite No. 13 Franklin avenue.

CIRCULARS FROM THE MAYOR.

Circulars 43 and 44 to the Heads of Departments are as follows:

Circular No. 43.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: I have been requested by the Commissioner of Public Records of the State of Massachusetts to call your attention to the following provision of law:

"No person having the care or custody of any book of record or registry in any of the departments or offices of the Commonwealth, or of any county, city or town therein, shall use or allow to be used upon such books any ink excepting such as is furnished by the Secretary of the Commonwealth. Any person violating the provisions of this section shall be punished by fine not exceeding fifty dollars."

Please see that the provisions of this law are complied with by your Department.

Yours respectfully,

JOSIAH QUINCY, Mayor.

July 27, 1898.

Circular No. 44.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: A Civil Service Division of the Auditing Department has recently been established by the City Auditor, at my suggestion, and Mr. John S. Concannon has been appointed Chief of the Division, with an office at Room 7, Old Court House. Telephone No. 4078, Boston. This Division is to be, among other things, a record office for all requisitions made by any department upon the Civil Service Commission, for all certifications of names to departments by this Commission, and for all action taken by heads of departments under such certifications; it will also be a record office of all appointments made by heads of departments to positions not subject to the civil service rules. There will therefore be a record in this office of every appointment not subject to confirmation by the Board of Aldermen. The Division is furthermore to act as an agency to furnish to the departments any information which they may from time to time require as to the operation, effect or construction of the civil service law or rules, or as to the state of the eligible lists—the opinion of the Corporation Counsel upon any question submitted being taken whenever it seems necessary or desirable.

The Division is established on account of the growth of the business between the different departments and the Civil Service Commission, and is intended to serve as a convenient agency to facilitate such business, and also to see that it is properly conducted, and that the civil service laws and rules are strictly observed. The connection of this work with the Auditing Department indicates that its general purpose and scope is broadly that of scrutinizing the pay-rolls of the different departments, to see that no names are added to them, or borne upon them, improperly, or without due observance of the civil service laws and rules. The Civil Service Commission recognized the practical utility and convenience of such an agency in advance of its establishment, and the hearty co-operation of all the departments in its work is fully expected.

In future please address all of your requisitions upon the Civil Service Commission to the Auditing Department, Civil Service Division, Room 7, Old Court House; such requisitions will at once be sent to the Civil Service Commission, and the lists certified by the Commission will be promptly forwarded to the departments, after being made a matter of record in this office. The departments will then notify the Civil Service Commission, through this Division, of any appointments made, and this course

will be followed in the case of all appointments, including laborers and mechanics.

Heads of departments or subordinate officials are not precluded from going directly to the office of the Civil Service Commission to obtain any official information desired, but all official communications with the Commission are to pass through this office, as above stated. A part of the duties of this Division will be to obtain statistical information from time to time as to the employees of the city, for use by the Department of Statistics, and heads of departments are requested to answer as quickly and fully as possible any inquiries which may be made for this purpose.

As the organization of this office is a new departure, I shall be glad to receive any suggestions from heads of departments as to how its work may be carried on with the greatest convenience and utility.

Yours respectfully,

JOSIAH QUINCY, Mayor.

July 26, 1898.

COMMERCE OF NEW YORK.

The following constitutes Chapter 644 of the General Laws of New York, 1898:

An Act to Authorize the Appointment of a Commission to Inquire into the Condition of the Commerce of New York and suggest Legislation thereon.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Within thirty days after this Act takes effect the Governor shall appoint a commission of five persons to examine into the commerce of New York, the cause of its decline and the means of its revival, together with a summary of conclusions to be drawn therefrom, and to suggest such legislation as they deem advisable, relating thereto. Such commission shall have authority to employ stenographers and other necessary assistants and to send for persons and papers and to compel the attendance of any person before them at any place within the State. They shall present their final report to the Legislature on or before January 15, 1899, and shall present therewith such bill or bills as may be necessary to carry into effect the changes deemed advisable by them.

Sect. 2. Each of said commissioners shall be a resident and inhabitant of the State of New York. They shall receive the necessary expenses and disbursements incurred in the performance of the duties herein imposed when the same are properly audited by the Comptroller of the State, and the same, when so audited, shall be paid by the warrant of the Comptroller out of the moneys in the treasury not otherwise appropriated.

Sect. 3. This Act shall take effect immediately.

Awards of Contracts.

Fire Department.

The contract for the construction of a veterinary hospital building on Swett street, proposals for which were opened at the office of the Fire Commissioner on Tuesday, July 26 (see THE CITY RECORD, page 456), has been awarded to G. G. Baker, on his bid of \$9,775.

HENRY S. RUSSELL, Fire Commissioner.

Park Department.

Proposals for making alterations in the toilet room at Franklin Park Refectory were opened by the Board of Park Commissioners on July 25, as follows:

Bidders.	Bids.
A. Hathaway's Sons	\$624
John J. Flynn	681
John Y. Mainland	693
C. H. Dodge	719

The contract was awarded to A. Hathaway's Sons.

GEORGE F. CLARKE, Secretary.

Street Department.

Proposals for furnishing 7,000 tons of coal, Georges Creek or its equivalent, and delivering on the ferry wharves, were opened on July 29, as follows:

Bidders.	Bids.
P. Doherty (bituminous)	\$2 38
Loyal Hanna Coal and Coke Company (Sonman Shaft)	2 39
Metropolitan Coal Company (Georges Creek)	2 49
W. P. Rainey & Company (Big Vein)	2 49
Garfield & Proctor (Ocean Mine)	2 57
John Morrison (Georges Creek)	2 58
E. Russell Norton (Georges Creek)	2 60

The contract was awarded to the Metropolitan Coal Company.

Proposals for building sewers and drains were opened at the office of the Superintendent of Streets, as follows:

Bowdoin street; bids opened July 22:

Bidders.	Bids.
T. H. Connelly	\$1,504
Quimby & Ferguson	1,552
J. P. O'Connell	1,650
A. E. Stewart	1,748
D. E. Lynch	1,888
J. D. Gennaro	1,960
D. M. Dwyer	2,100

The contract was awarded to T. H. Connelly.

Nightingale street; bids opened July 28:

Quimby & Ferguson	\$841 55
D. E. Lynch	848 11
D. M. Dwyer	869 62
J. P. O'Connell	964 35
John J. Falvey	973 85
McDowell & Sons	1,001 96
George Tucker	1,007 60

The contract was awarded to Quimby & Ferguson.

Dorchester avenue; bids opened July 29:

McDowell & Sons	\$890 50
McKeon Brothers	907 50
J. P. O'Connell	1,061 25
J. H. Broderick	1,260 00
D. E. Lynch	1,558 50

The contract was awarded to McDowell & Sons.

BENJ. W. WELLS,
Superintendent of Streets.

School Department.

Proposals were opened for the construction of an addition of two rooms to the Bowditch School-house, Jamaica Plain, July 29, 1898, as follows:

Bidders.	Bids.
John S. Jacobs & Son	\$18,880
Gifford & Lawrence	13,109
Haliwell & Bennett	10,865
Gerry & Northup	10,834
John A. Rooney	10,438
W. H. Keyes & Co.	10,405
George G. Baker	9,900
James Fagan	9,700
Hersee Brothers	9,503
John J. Flynn	9,425

The contract was awarded to John J. Flynn.

THORNTON D. APOLLONIO, Secretary.

PARK CONNECTIONS.

The following bill constitutes Chapter 540 of the Acts of 1898:

An Act relative to Streets and Lands in the Neighborhood of Parks, Parkways and Boulevards in the City of Boston.

Be it enacted, etc., as follows:

Section 1. The Board of Park Commissioners of the City of Boston may authorize connections to be made of public ways with any boundary road of any public park or with any parkway or boulevard now or hereafter placed under the charge of said Board, according to such directions, widths and grades, and with such curb and other surface construction for the parts of such ways situated within the distance of 500 feet from a park, parkway or boulevard as they shall prescribe, whether any such directions, widths and grades are shown on any plan, or whether any such way has been laid out or constructed under the provisions of Chapter 323 of the Acts of the year 1891 and acts in amendment thereof or in addition thereto, or otherwise.

Sect. 2. Said Board of Park Commissioners shall have power to plant trees, place seats, standpipes, drinking-fountains, and works of art on said parts of ways, and may establish reasonable rules and regulations relating to the displaying of advertisements and to the height and the character of fences placed upon said parts of ways, as they shall deem the public interests require.

Sect. 3. Any person violating any such rules or regulations shall for each day that such violation continues forfeit and pay a fine not exceeding \$20.

NEXT MEETING OF THE SCHOOL COMMITTEE.

At its meeting held on Tuesday evening, July 26, it was voted that the next meeting of the School Committee be held on the call of the President.

IMMIGRATION DURING JULY.

POLICE DEPARTMENT.

The following orders were promulgated by the Board of Police on July 28 and 30, respectively:

General Order No. 528.

The resignation of Patrolman William M. Densmore, of Division 13, having been presented while charges were pending against him, it is hereby accepted to take effect this day.

General Order No. 529-530.

Lieutenant Ithamer A. Mereen, Sergeants George H. Adams and Edward A. Pease and Patrolmen Thomas Connor, Gorham H. Everbeck, John W. Jackson, John J. McCarthy, James Nannery, James H. O'Neill, James Russell, Peter K. Smith and Nicholas C. Tallon are hereby appointed Assistant Harbor Masters for the Port of Boston, under the provisions of Section 1 of Chapter 147 of the Acts of 1889.

Board Meetings.

Hospital Department.

Boston, July 27, 1898.

The regular meeting of the Trustees was held at the office of Mr. A. Shuman, at 12 o'clock. There were present Messrs. Shuman, Sprague and Keany; the President in the chair.

In the absence of the Secretary, Mr. Sprague was appointed Secretary pro tempore.

It was voted that there be paid to S. Brennan the sum of \$3,000, on account of his contract of August 3, 1894, for erecting surgical operating building, etc., at the Boston City Hospital.

It was voted that there be paid to Lynch & Woodward the sum of \$963.54, as final payment and in settlement of contract of September 10, 1894, for heating and ventilating apparatus at the hospital.

It was voted that there be paid to Kerrens Driscoll the sum of \$1,125, on account of his contract of August 14, 1897, for erection of laundry building.

It was voted that there be allowed and paid to Wheelwright & Haven the sum of \$28.13, the same being 2½ per cent. commission on \$1,125, paid to Kerrens Driscoll.

It was voted that the vote of the meeting of July 13, whereby Wheelwright & Haven were allowed the sum of \$167.19, be so amended that it shall read \$167.98, on account of clerical error.

It was voted that there be allowed and paid to C. H. Cronin the sum of \$181.58, on account of contract of November 13, 1897, for plumbing in Wards S and H, at the hospital.

Additions and deductions were made to the various contracts, as follows:

No. 2152, Stephen Brennan, deduction of \$125, for supporting cones under surgical operating building, as per proposal of Lynch & Woodward, dated March 21, 1896.

No. 2153, Lynch & Woodward, addition of \$219.97, for work on ducts and for supporting cones under operating-room seats.

No. 229, Murdock Parlor Grate Company, addition of \$8.75, the same being the difference between the cost of tiles and marble slab in the contract for Wards S and H.

No. 231, C. H. Cronin, deduction of \$15 from his contract of November 13, 1897, on account of plumbing in Wards H and S, for test of sanitary agency omitted.

It was voted that in the matter of the return steam-heating mains, the making of necessary repairs be referred to the Committee on Buildings and Grounds, with full powers.

The Medical Committee reported that Dr. Bottomley, who at the last meeting was appointed to the position of fourth assistant visiting surgeon for the second surgical service, had declined the appointment, as he had engaged to go on the hospital ship, "Bay State," as assistant-surgeon.

The Medical Committee reported favorably in regard to the matter of the nomination of John W. Judd for the position of surgical dresser for the second surgical service, and he was accordingly appointed.

The Committee on Service, to whom was referred the matter of permission to lawyers, lawyers' clerks, etc., to visit patients, reported on the same, and in accordance with their recommendation, the following votes were recorded:

Voted, That no attorney, agent of an attorney or claim agent shall be permitted to visit a patient in the hospital, except upon the request of the patient or some near relative of the patient, or unless such attorney or agent has been previously employed professionally by the patient; and that whenever any such attorney or agent requests admission to the hospital for the purpose of visiting a patient, whether upon a pass or at a regular visiting hour, his request or application shall be referred to the Superintendent's office, and the consent of the Superintendent or one of his assistants shall be obtained before his admission.

Voted, That it shall be the duty of the Superintendent's assistants, house officers, nurses and other employees, both at the entrance office and in the wards, vigilantly to assist in enforcing the foregoing regulation and to give immediate information to the Superintendent's office of any attempt to violate the same.

HENRY H. SPRAGUE,

Secretary pro tempore.

Park Department.

Jamaica Park, July 25, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held July 25, 1898:

Bids for making alterations in the toilet room at Franklin Park Refectory were received, and it was

Voted, To accept the bid of A. Hathaway's Sons.

Voted, That the Superintendent be authorized to build a wooden fence along the line of the seawall at Mystic Playground.

Voted, That the Superintendent be authorized to provide two diving floats at Marine Park Bathing Beach.

Voted, That the Superintendent be authorized to relay the wooden floor of Commonwealth-avenue bridge with four courses of patent felt under the flooring, at an estimated expense, for the felt, of \$50.

Voted, That all employees of the Department whose services can be dispensed with, be given a holiday without loss of pay, in part compensation for their services, on July 26, for the purpose of holding their annual picnic.

Voted, That the rules adopted for the use and government of Franklin Park be amended, by striking out in Rule 1 the words "or have possession of any part thereof," and inserting in place thereof the words: "or bring within the park or have possession thereof of any flowers, or any tree, bush or plant, or part thereof," so that said rule shall read as follows: "No person shall cut, break, deface, defile or ill-use any building, fence, tree, bush, plant, turf or other thing belonging to the city, or bring within the park or have possession thereof of any flowers, or any tree, bush or plant, or part thereof."

Voted, That the rules adopted for the use and government of Arnold Arboretum and Bussey Park be amended, by striking out in Rule 1 the words "or have possession of any part thereof," and inserting in place thereof the words "or bring within the park or have possession there of any flowers, or any tree, bush or plant, or part thereof," so that said rule shall read as follows: "No person shall cut, break, deface, defile or ill-use any building, fence, tree, bush, plant, turf or other thing belonging to the city or Harvard College, or bring within the park or have possession there of any flowers, or any tree, bush or plant, or part thereof."

Voted, That the Franklin Park golf links be reopened on Saturday afternoons, beginning September 17.

GEORGE F. CLARKE, Secretary.

Statistical Department.

The twenty-eighth meeting of the Department of Municipal Statistics was held at its office on Tuesday, May 31, at 3.30 P.M., Messrs. Dewey and Minot being present.

Discussion at length was had in regard to:

1. The material gathered in connection with the investigation concerning the records and statistics of the public institutions of Boston.

2. A descriptive report by Mr. Cook upon the methods in use in the Pauper Institutions and Children's Institutions of the City of Boston.

3. The nature of the report to be based upon numbers 1 and 2.

The twenty-ninth meeting of the Department of Municipal Statistics was held at its office on Wednesday, June 8, at 3.30 P.M., Messrs. Dewey, Folsom, Jackson, Minot and Weld being present. Mr. Minot occupied the chair.

The letter of Mr. Minot to the Mayor, with regard to the functions and organization of the Institutions Registration Department; the report of the Secretary upon the investigation into the forms of record used in the various institutions in Massachusetts, and in some other States; together with descriptive reports by Mr. Cook of the forms of registration in use in certain of the public institutions in Boston, were presented.

It was voted that the several reports, together with the Chairman's letter, be submitted to the Mayor.

Mr. Jackson reported that, owing to the cutting-down of the appropriation of his office, work on the preparation of maps had been discontinued.

The thirtieth meeting of the Department of Municipal Statistics was held at its office on June 27, 1898, at 3.40 P.M. Messrs. Dewey, Folsom, Jackson, Minot, Pearmain and Weld were present. Mr. Minot occupied the chair.

It was voted that a report on the revenue of the city be printed and published in the same form as Special Publication No. 1, to constitute Special Publication No. 2.

EDWARD M. HARTWELL, Secretary.

Department Communications.

Building Department.

NOTICE.

BOSTON TRANSIT COMMISSION.

Boston, July 26, 1898.

A public hearing will be given on the question of the routes for a tunnel or tunnels to East Boston, at 11 A.M. on Tuesday, August 23, in the rooms of this Commission, 20 Beacon street.

By order of the Commission,

B. LEIGHTON BEAL, Secretary.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

August 1, 1898.

The undersigned requests permission to project from building on Chadwick street, corner of Yeoman street, Ward 17, three bay-windows of the following description: To project from second and third stories, two over Chadwick street and one over the corner of Chadwick and Yeoman streets. Dimensions: Twenty feet high, two eight feet six inches and one ten feet six inches wide, and three feet over line of street.

MEYER B. GRUZENSKI,
258 Eustis street.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

August 1, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested, that this Board will, on Monday, the twenty-ninth day of August, at 3 o'clock P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard; said notice to be given by the publication of a copy of said petition with this order of notice thereon in the Roxbury Gazette and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.
A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

Benjamin Lancy—House and about 3,910 feet of land, numbered 2 Allerton street \$47 73

WARD EIGHTEEN.

Colby Bartlett—About 2,524 feet of land on the northwesterly side of Warwick street, adjoining an estate of Joseph Comer (No. 69 Warwick street) \$28 38

Owen Nawn—House and about 1,641 feet of land, numbered 7 Adams place 42 57

WARD NINETEEN.

Ann Nawn—House and about 3,000 feet of land, numbered 8 Centre street \$92 88

WARD TWENTY.

Kathryn A. Orr—House and about 5,348 feet of land on the westerly side of Moultrie street, formerly Moultrie avenue, being lot 16, as shown on a plan recorded with Suffolk Deeds, Book 2,041, Page 529 \$74 82

WARD TWENTY-ONE.

Charles J. Pillsbury—House and about 34,390 feet of land, numbered 113 Townsend street \$522 45

Sarah Whittier—House and about 5,939 feet of land, numbered 6 Crestwood park 74 82

WARD TWENTY-TWO.

William B. Blakemore—About 5,243 feet of land in the rear of lots B and C, on the northeasterly side of Boylston terrace, as shown on J. E. Jones's plan, October 25, 1894, recorded with Suffolk Deeds, Book 2,247, Page 387 \$12 90

William McKay and George Aleock—House and about 2,975 feet of land, numbered 8 Notre Dame street 54 18

William McKay—House and about 2,975 feet of land on the southerly side of Notre Dame street, being lot 35, W. A. Garbett's plan, shown on Assessors' Plans, Volume 8, Page 112, on file with Suffolk Deeds 32 25

Owen Nawn—About 4,075 feet of land on the southerly side of Arklow street, adjoining an estate of Henry A. Mitchell, numbered 30 Arklow street 10 32

Also house and about 3,045 feet of land, numbered 26 Arklow street 18 06

Also house and about 2,740 feet of land, numbered 2 Arklow street 19 35

Advertisements.

Also house and about 4,172 feet of land, numbered 18 and 20 Posen street \$70 95

Also building and about 2,374 feet of land on the westerly side of Chestnut avenue, adjoining another estate of said Nawn 16 77

Also about 1,790 feet of land on the westerly side of Chestnut avenue, being part of lot 1, Garbett and Woods's plan, dated October 23, 1889, recorded with Suffolk Deeds, Book 1,905, Page 231 9 03

Also houses and about 11,282 feet of land, numbered 23, 25 and 27 Chestnut avenue 154 80

Also building and about 21,785 feet of land, numbered 300 (and rear) Centre street 206 40

Also house and about 98,679 feet of land, numbered 298 Centre street 486 33

Also about 73,020 feet of land on the southwesterly side of Paul Gore street, adjoining an estate of Mary A. Cashman, numbered 71 Paul Gore street 140 61

Joseph Tondorf—House and about 1,441 feet of land, numbered 194 Thornton street (now numbered 192) 74 82

WARD TWENTY-THREE.

William B. Blakemore, supposed present owner, Mary C. Blakemore—About 5,370 feet of land on the southwesterly side of Clement avenue, being lot 42, J. E. Jones's plan, dated April 10, 1895, Suffolk Deeds, Book 2,329, Page 202 \$6 45

John A. Kiggen, supposed present owner, Myles J. McTernan—About 6,510 feet of land on the easterly side of Wenham street, adjoining an estate of Mary Kiggen, numbered 29 Wenham street 16 77

Benjamin Lancy, supposed present owner, Mary E. Wittekindt—House and about 10,990 feet of land on the southerly side of Ashland street, being the northerly part of lot 1, block 197, Assessors' Plan 3, as shown on Assessors' Plans, Vol. 1, Page 112, on file with Suffolk Deeds 43 86

William S. Mitchell—Buildings and about 61,186 feet of land on the easterly side of Railroad street, being lots 24 to 30 inclusive, N. Smith's plan, dated May, 1888, recorded with Suffolk Deeds, Book 1,831, Page 531 79 98

Apportionment of sewer assessment for 1895 115 40

Also \$195 38

Silas E. Parsons—About 3,509 feet of land on the northwesterly side of Farragut street, being lots 143 and 144, C. D. Elliot's plan, dated August 29, 1894, recorded with Suffolk Deeds at end of Book 2,224 \$1 29

William F. Tufts—About 11,145 feet of land on the northwesterly side of Kittredge street, being lot 16, T. B. Moses's plan, dated November 7, 1871, as shown on Assessors' Plans, Vol. 10, Page 223, on file with Suffolk Deeds 2 58

WARD TWENTY-FOUR.

Joseph C. Blain—About 12,114 feet of land in the rear of the easterly side of Dorchester avenue, extending from Edwin street to Templeton street, being the easterly part of lot 2, E. A. W. Hammett's plan, April, 1892, recorded with Suffolk Deeds, Book 2,064, Page 419 \$36 12

Apportionment of sewer assessment for 1896 61 98

Also \$98 10

Harry B. Brackett, supposed present owner, Elbridge K. Jewett—House and about 4,012 feet of land on the northerly side of Ballou avenue, being the southerly part of lots 228 and 229, W. O. Badger's plan, dated June 1, 1892, recorded with Suffolk Deeds, Book 2,097, Page 35, \$23 22

Herbert S. Carruth—About 2,300 feet of land on the southerly side of Beaumont street, between an estate now or formerly of Annie F. Carruth (No. 5 Beaumont street) and an estate of John L. Curtis (No. 7 Beaumont street) 7 74

Patrick M. Dugan, reassessed from James R. Murphy—House and about 4,740 feet of land on the westerly side of Duncan street, making the northwesterly corner of Duncan place, adjoining an estate of Alexander Glover. Balance of tax 12 90

John Fitzgibbons—House and about 3,390 feet of land, numbered 137 Centre street 23 22

James R. Murphy—About 1,923 feet of land on the northerly side of Duncan place, adjoining an estate of Mary Fleming, numbered 15 Duncan street. Balance of tax 2 58

WARD TWENTY-FIVE.

William N. Goddard and Samuel S. Lawrence, trustees, set off to Thomas W. Carter, supposed present owners, George R. Twitchell and Alfred Yates—Buildings and about 2,699 feet of land on the southerly side of Cambridge street, being lot A, F. L. Fuller's plan, dated April 11, 1895, recorded with Suffolk Deeds, Book 2,276, Page 65 \$189 63

William McKay—House and about 2,962 feet of land, numbered 27 Bayard street 45 15

Also house and about 3,537 feet of land, numbered 23 Bayard street 54 18

Ida P. Millner, supposed present owner, Annie F. Whitmore—House and about 5,000 feet of land on the easterly side of Alston terrace, being lot 11, F. O. Whitney's plan, dated

Advertisements.

Ida P. Millner, supposed present owner, Emily C. Grey—House and about 4,000 feet of land on the easterly side of Hobart street, being lot 3, same plan 54 18

Also house and about 5,000 feet of land on the easterly side of Hobart street, being lot 4, same plan 38 70

Ida P. Millner—About 3,740 feet of land on the southerly side of Hobart street, being lot 6, G. W. Hayward & Co.'s plan, dated September 7, 1895, recorded with Suffolk Deeds, Book 2,312, Page 241 3 87

Ida P. Millner, supposed present owner, Annie F. Whitmore—About 4,790 feet of land on the westerly side of Hobart street, being lot 4, same plan 5 16

Elizabeth S. Mullen, supposed present owner, Willett G. Aylsworth—House and about 1,521 feet of land, numbered 66 and 68 Hano street 29 67

Also house and about 1,521 feet of land numbered 64 and 62 Hano street 29 67

NATHANIEL H. TAYLOR,
Collector of Taxes for the City of Boston.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

July 29, 1896.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a main sewer be constructed in private lands, at Dorchester, between Sydney street and Endleigh street, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twelfth day of August, 1896, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a primary school building in Brighton; also for furnishing and installing a heating and ventilating apparatus in said building; also for furnishing and installing the plumbing system for said building, according to the office copy of the contracts and plans, which may be seen at the office of Whitman & Hood, 62 Devonshire street, Boston, Mass. A satisfactory bond in the sum of \$7,000 for faithfully doing the work under the first contract, \$2,000 for the second contract, and \$1,000 for the third contract, will be required. The bidder must use the form of proposal for each contract, to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 11, 1896, with a certified check accompanying the proposal for \$300 under the first contract, \$300 under the second contract, and \$300 under the third contract, payable to the City of Boston. These checks are to be the property of the city if the contractor fails to carry out his proposal.

The undersigned reserves the right to reject any or all proposals, or to accept any proposal he deems for the best interest of the city.

WILLIAM T. EATON,

Chairman of the Committee on New Buildings of the School Committee of said city.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting and completing the addition and alteration of the Mechanic Arts High School Building on Belvidere and Dalton streets. A satisfactory bond in the sum of \$10,000 for faithfully doing the work will be required. The office copy of the contract may be seen and a proposal obtained at the office of Wheelwright & Haven, 1129 Tremont Building, Boston, Mass. The bidder must fill out and leave the proposal so obtained, and a certified check for \$2,000, at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 11, 1896. This check is to be the property of the city if the contractor fails to carry out his proposal.

The undersigned reserves the right to reject any or all proposals, or to accept the proposal he deems best for the city.

COMMONWEALTH OF MASSACHUSETTS.

METROPOLITAN WATER BOARD.

EARTH EXCAVATION.

Boston, July 25, 1898.

Sealed proposals will be received at the office of the Metropolitan Water Board, 3 Mt. Vernon street, Boston, Mass., until 2.30 o'clock P.M., of Tuesday, August 9, 1898, for making excavations for the North Dike of the Wachusett Reservoir at Clinton, Mass. The quantity of earth excavation is approximately 290,000 cubic yards, and most of it is gravel and sand to be taken from a sloped trench from thirty to sixty feet deep.

Laying Water Pipes—Sealed proposals will also be received at the office of the Board until 2.30 o'clock P.M. of Tuesday, August 9, 1898, for laying 3,060 linear feet of 48-inch cast iron pipes in the Brighton District of the City of Boston. Pamphlets, containing further information for bidders, forms of proposal, contract and specifications, will be mailed to contractors who apply to the Chief Engineer, or may be obtained at his office, 3 Mt. Vernon street. Plans of all the work may be seen at the office of the Chief Engineer, and plans of the work at Clinton may also be seen and pamphlets relating to the same may also be obtained at the office of the Metropolitan Water Board at Clinton, Mass. The printed forms must be used in making proposals. The Board reserves the right to reject any or all proposals, and to accept the proposals deemed best for the Commonwealth. HENRY H. SPRAGUE, Chairman; WILMOT R. EVANS, HENRY P. WALCOTT, Metropolitan Water Board; FREDERIC P. STEARNS, Chief Engineer; WILLIAM N. DAVENPORT, Secretary.

NOTICE.

SCHOOL COMMITTEE.

The City of Boston invites proposals for grading the yard of the West Roxbury High School-house on Elm street, Jamaica Plain, Mass. A satisfactory bond in the sum of \$5,000 for faithfully doing the work will be required. The office copy of the contract and plans for the work may be seen at the office of Andrews, Jaques & Rantoul, 8 Beacon street, Boston, Mass. The bidder must use the form of proposal to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 11, 1898, with a certified check for \$1,000 payable to the City of Boston. This check is to be the property of the city if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept the proposal he deems best for the city.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, AUGUST 11, 1898.

Number 32.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, Secretary,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

DEATH OF COLONEL BOGAN.

Frederick B. Bogan, Superintendent of Public Buildings and Colonel of the Ninth Massachusetts Regiment, died at his home in Charlestown, Tuesday morning, August 9, 1898.

Colonel Bogan, a native of Boston, was born in 1851. He entered the service of the city in the City Architect's office in 1878, from which, in 1885, he was transferred to the Public Buildings Department, of which he was appointed Superintendent in 1894.

His military experience began in 1866, and, steadily rising from the ranks, he became Colonel of the Ninth Massachusetts Regiment in 1893. He served on the staff of Governor Russell as an Inspector-General.

At the breaking out of the present war, Colonel Bogan and his regiment were ordered to Camp Alger, Virginia, and afterwards were present during a portion of the battle before Santiago. Owing to illness, he returned to his home from the latter place but a few days previous to his death.

PARK DEPARTMENT.

The following is an abstract of the Annual Report of the Park Department, for the year ending January 31, 1898, which has recently been issued as City Document No. 24:

The report of the Board of Commissioners, covering five pages of the general report, states the broad principles upon which the work of the Department is based.

To complete such parts of the parks as have been left unfinished, and to put the whole system in such condition as will call for the least annual expense for maintenance, have been the work of the present Board.

Owing to the large amount of road-building carried on in the parks during the past twenty-five years, the planting of trees and the improvement of the natural woods have been much delayed. Special attention, therefore, has been devoted to these branches of park development. There have been purchased 30,000 trees and 100,000 shrubs; new nurseries have been laid out, and preparations made for extensive plantations in all the parks. It is proposed in future park plantations to use largely the trees and shrubs native to Massachusetts. It is believed that more natural and artistic results can thus be obtained, at a comparatively small expense.

The sanitary condition of the Back Bay Fens is a cause for serious anxiety. The deposit of decomposed vegetable matter which, during periods of freshet, is discharged directly into the Fens, has already become offensive and dangerous. This evil can only be remedied by providing a covered channel, either through one of the streets adjacent to the Fens, or directly under the water of the Fens, large enough to carry all the flood-water of Stony Brook into the Charles River, and thus prevent any flow into the basin of the Fens, except the tide-water from the river.

The only lands acquired by the Board during the past year, other than for playgrounds, are the lands and flats between the Old Colony Railroad and the land formerly taken for the Strandway.

As the city has grown, vacant land on which children might have a chance to play, has become more and more scarce. It is a wise policy to provide local playgrounds throughout the city before land becomes too expensive. It has seemed wise to the Board, therefore, to apply to the Legislature for an act providing for a comprehensive system of playgrounds in the city.

The Board suggests to individuals that they have the opportunity to use their money for the lasting benefit of the public, in the

purchase and equipment of playgrounds. From the report of the committee of the Massachusetts Emergency and Hygiene Association, in charge of the women's and children's gymnasium at Charlesbank, which is embodied in the report of the Commissioners, it appears that the total week-day attendance was 218,572, an increase of 27,676 over 1896; and that the total Sunday attendance was 20,715, the Sunday average being 863. The highest attendance on any single day was 4,332, on May 29. Of these numbers, 71,632 took gymnastic exercise, or a daily average of 498. In classes for gymnastic practice 1,267 have been gathered—420 of beginners, 213 of advanced pupils, 175 of large girls and 459 of women. The utility of the baths is not yet widely accepted, and to arrange for a more general use of them is a matter for serious consideration. During the public school vacation, the Kindergarten Department had 3,589 pupils.

The report of the Superintendent of Parks, from which the following extracts are taken, treats separately each park and field under the charge of the Department.

FRANKLIN PARK.

The year began with the thinning in the woods and plantations, in which care was taken to retain and emphasize any natural or pleasing features. On the boundary lines, large areas have been prepared for screen belts of timber trees.

The grading and planting done last spring comprised the planting of the border mound at Blue Hill avenue; the grading and planting of the refectory and horse-shed grounds, and the grading and planting of the grounds on either side of the drive from Forest Hills street to the fork of the road east of the Forest Hills bridge.

Among the improvements planned by the Board for 1898, in Franklin Park, may be mentioned the drainage of Nazindale, and the formation of a long grassy glade, extending from Blue Hill avenue to the Playstead.

FRANKLIN FIELD.

The principal works of improvement during the past year consisted of the erection of two commodious sanitary buildings; the seeding of five or six acres of the field, and the preparation, by loaming, of a part of the Blue Hill avenue boundary line for planting.

This playground is growing in popular favor. No extensive improvements are planned for 1898.

THE ARBORETUM.

Work on the Peters' Hill extension was continued early in the spring, and was nearly completed before the advent of cold weather. This opens to the public a drive from which

charming views of the surrounding country can be had, by reason of its elevation and its commanding position.

Two stone-crushing plants have been kept in operation during the season, crushing stone for the traffic roads of the Arborway.

JAMAICA PARK.

About 4,100 cubic yards of loam have been spread on the slopes, on the Prince and Perkins streets sides, in an endeavor to get the ground in readiness for planting. The foliage line around the pond has been brought nearer to the water, part of the beach at Perkins street has been excavated and loam substituted.

The construction of a road and path to the offices of the Board from the parkway, and the construction of the path to the steps at Perkins street, are the immediate necessities at Pine Bank, second only to doing the necessary planting.

LEVERETT PARK AND THE RIVERWAY.

The low water in Jamaica Pond rendered ineffective the pond and brook arrangement at Ward's Pond. The Board decided to fill two of the ponds.

At the Riverway, considerable work was done last spring in remodelling the plantations. A large number of shrubs have been added.

THE FENS.

A good deal of work has been done during the fall months in re-arranging shrubberies. The removal of the offensive deposit is a necessity, and the work should be completed before the warm weather sets in.

WOOD ISLAND PARK.

To meet a demand for outdoor bathing, the building on the beach was opened to the public, and a large number of women and children availed themselves of the privilege. The gymnasium and ball grounds were flooded during the winter, and were used for skating by many thousands.

MARINE PARK.

The only work of improvement at Marine Park consisted of the purchase of about 500 yards of loam, to increase the soil depth of the old plantation, running parallel with Q street.

The "Natural History Pools," in their present condition, are bare and uninviting, and a detriment to that portion of the park.

CASTLE ISLAND.

This delightful resort is deservedly popular with the public. No work of improvement has been carried on here, nor is much needed beyond the planting of shade trees, and the construction of sanitary buildings, and of a shelter from storms.

CHARLESBANK.

This breathing spot, with its broad promenade, is situated within easy reach of a large population in a congested part of the city, and its importance can hardly be over-estimated.

The gymnasium gives opportunity for physical recreation to the adult population, and the children's playground to small children.

The usefulness of Charlesbank lies in its health-giving opportunities to a crowded population, and every advantage should be taken to improve those opportunities.

NORTH END PARK.

During the season, bathing-houses for men and women were erected, with pier extensions into the bay.

The experience of the past summer suggests that the proper treatment of North End Park would be to transform it into a playground. The necessity for open spaces in this district is very great.

COPP'S HILL TERRACES.

The masonry, retaining walls, etc., were completed last summer and the borders were loamed in readiness for planting. A drinking-fountain has also been erected.

GYMNASIA.

At Charlesbank no expenditures have been incurred on extensions or improvements. A public exhibition was given during the summer and the work of the pupils was very creditable.

The gift of Paris-street Gymnasium, by Mrs. Esther P. Ahl, added to the Department an indoor gymnasium. There can be no question of the benefits to be derived from the institution, and as the building needs extensive repairs, it would seem wise to erect a new building.

The Wood Island Gymnasium has maintained its character as a popular resort for those in search of instruction in physical culture.

The following is a list of the playgrounds acquired by the Department during the past year:

North End Playground, lying between North Bennet and Prince streets, and adjoining Paul Revere School. It contains about one-quarter of an acre.

Fellows-street Playground, at the South End, containing three-quarters of an acre, suitable for children.

Mystic Playground, Charlestown, containing two and one-quarter acres, situated at Chelsea street and Scott's court, and adjoining the Mystic.

First and M-street Playground, at South Boston, containing five acres.

Christopher Gibson Playground, situated at Dorchester avenue and Park street, Dorchester, and containing six acres.

The report of the Department concludes with the report of the City Engineer, in which are given the details of cost and construction of work done under his direction during the year.

The following is a summary of expenditures on account of public park land, construction and betterments from the organization of the Board, October 8, 1875, to January 31, 1898:

Land	\$6,490,679 01
Construction	8,158,757 84
Betterment expenses	13,356 10
Total	\$14,662,792 95

RESOLUTIONS ON THE DEATH OF COLONEL BOGAN.

At a special meeting of the City Council, held on Wednesday, August 10, to take action on the death of Colonel Bogan, the following resolutions were adopted by a unanimous rising vote in each branch:

The City Council of Boston learns with deep sorrow of the death, by disease con-

tracted at the front, in the military service of his country, of Frederick B. Bogan, Colonel of the Ninth Regiment of Massachusetts Volunteer Infantry, and head of the Department of Public Buildings of this city; and it desires to place upon record its sense of the loss sustained by the city and by the public, and its deep appreciation of the patriotic devotion and self-sacrifice which has brought to an end a career of twenty years of faithful service to the municipality and an honorable record in the militia of the Commonwealth.

The bright example of devotion in the face of danger and under the burden of ill-health which has been given by our late associate in the service of the city, will not soon be forgotten, and will be a precious heritage to his family and friends.

Resolved, That we tender our respectful sympathy to the family of the deceased and to the officers and men of the regiment which he commanded, and that a committee, consisting of all the members of the Board of Aldermen, with such as the Common Council may join, be appointed to represent the City Council at the funeral.

Resolved, That an engrossed copy of these resolutions be sent by the City Clerk to the family of the late Colonel Bogan, and that flags on the city buildings remain at half-mast until after his funeral.

ACTION OF CITY COUNCIL.

In connection with the above action taken by the City Council, on August 10, on the death of Colonel Bogan, the following was passed:

Ordered, That City Hall be closed during the time set apart for the funeral of Colonel Frederick B. Bogan.

UNITED STATES CIVIL SERVICE EXAMINATIONS.

The United States Civil Service Commission announces that an examination will be held for the Post Office, Custom House and Internal Revenue Services in this city on some day between October 1 and 15, 1898. All persons who desire to be examined should apply to Edward E. Stebbins, Room 73, Post Office Building, for application blanks and full information relative to the scope of the examination. Applications on Form 101 must be filed in complete form with the Secretary of the Board, prior to the hour of closing business on September 1. Otherwise the applicant cannot be examined. Soon after filing applications, applicants will be notified of the exact date of the examination.

The United States Civil Service Commission announces that on September 8 and 9, 1898, examination may be taken at any city in the United States where the Commission has a competent Board of Examiners, for

the grade of inspector of boilers, in the Steamboat-Inspection Service, Treasury Department.

There is a vacancy in this grade in the Wheeling, West Virginia, district, at a salary of \$1,200 per annum.

Applicants must not be under twenty-five nor over fifty-five years of age, and must be physically sound. They must also be able to enter a boiler through a manhole nine by fifteen (9 x 15) inches.

Persons desiring to compete should at once apply to Edward E. Stebbins, Secretary Board of Civil Service Examiners, Post Office Building, Boston, for application blanks, Forms 304 and 363, which should be properly executed and promptly forwarded to the Commission at Washington, D. C.

POLICE DEPARTMENT.

The following was promulgated by the Board of Police on August 3:

General Order No. 531.

I. The resignation of Reserve Officer Reuben G. Mosman, of Division 6, having been presented while charges were pending against him, it is hereby accepted, to take effect immediately.

II. Whereas, it appears that Patrolman William L. Wallingford, of Division 16, has performed faithful service in the Police Department for seven years; that he is an honorably discharged soldier of the War of the Rebellion; and that he has requested to be retired from active service under the provisions of Chapter 172 of the Acts of the year 1898, it is therefore hereby

Ordered, That the said Patrolman William L. Wallingford be retired from active service in the Police Department and placed upon the pension roll, and allowed the sum of \$600 per annum, to be paid monthly; said sum being one-half of the amount of compensation received by him at the time of his retirement.

III. Section II of this order will take effect at roll call at 5.45 o'clock P. M., Thursday, the fourth instant.

SOLDIERS AND THE CIVIL SERVICE.

Chapter 454, Acts of 1898, An Act to allow the Restoration to the Public Service of Persons Leaving it for Military Service in Time of War.

Be it enacted, etc., as follows:

Any person appointed to or employed in the public service of the Commonwealth or of any city thereof, classified under the civil service rules made under the provisions of Chapter 320 of the Acts of the year 1884 and acts in amendment thereof, who may resign or leave such service for the purpose of enlisting and serving in the army or navy of the United States, or in the militia of the Commonwealth, in time of war, may at any time within one year after his honorable discharge from such military or naval service be appointed to his former position or employment in the public service, or to a similar position, without application or examination under the civil service rules.

TRADE WITH THE PHILIPPINE ISLANDS.

The following table, compiled from official returns at the Custom House, shows the direct trade of the United States, by ports, with the Philippine Islands, for the period of five years ending June 30, 1897:

	1893.		1894.		1895.		1896.		1897.	
	Imports.	Exports.	Imports.	Exports.	Imports.	Exports.	Imports.	Exports.	Imports.	Exports.
Totals.	\$9,155,656	\$154,378	\$7,005,451	\$145,466	\$4,731,230	\$119,255	\$4,982,857	\$162,446	\$4,383,740	\$94,597
Boston . . .	\$3,122,184	—	\$1,539,343	—	\$1,168,388	—	\$1,085,118	—	\$1,583,205	—
New York . . .	3,674,019	\$144,878	2,164,971	\$145,466	2,355,007	\$108,005	2,612,545	\$141,629	2,224,207	\$85,489
Philadelphia . .	1,949,788	—	3,106,640	—	1,063,947	—	1,067,198	—	474,506	—
San Francisco . .	305,880	9,500	118,611	—	113,571	—	205,494	20,817	101,822	6,739
Willamette, Or. .	108,785	—	73,591	—	80,367	—	12,502	—	—	—
Puget Sound . .	—	—	2,295	—	—	—	—	—	—	2,419

The above table shows the direct shipments from the Philippine Islands to the United States, but it does not fully represent, however, the actual trade in products of the Philippine Islands, so far as Atlantic ports are concerned, for the reason that each year a large amount of Manila hemp, which constitutes the bulk of the exports of the islands, reaches the United States in re-shipment by way of British ports.

The following table, compiled from Government statistics, shows for the period of five years ending June 30, 1897, the total amount of Manila hemp which arrived at the various ports of the United States, both by direct and indirect shipment:

	1893.	1894.	1895.	1896.	1897.
Tons.	Tons.	Tons.	Tons.	Tons.	Tons.
Boston . . .	27,045	16,350	18,161	18,854	19,851
New York . . .	23,611	11,367	23,870	15,514	16,133
Philadelphia . .	3,909	5,203	5,836	9,146	8,269
San Francisco . .	3,772	1,540	1,668	2,881	1,358
Willamette, Or. .	1,102	740	743	849	649
Puget Sound . .	—	33	—	—	—
Totals . . .	59,439	35,233	50,278	47,244	46,260

BUILDING DEPARTMENT.

Old Court House, August 1, 1898.

The following shows by wards the number of permits granted, material of buildings and nature of permits, and plans approved and disapproved, for the week ending July 30, 1898:

WARDS.	PLANS.				PERMITS GRANTED.						
	Approved.		Disapproved.		First and Second Class Buildings.	Third Class Buildings.	Alterations and Repairs.	Boilers, etc.	Plumbing.	Gasfitting.

JOHN S. DAMRELL,
Building Commissioner.

ACTION OF HEADS OF DEPARTMENTS.

At a meeting of the heads of departments, held on Tuesday, August 9, to take action on the death of Colonel Bogan, it was voted that the officials attend the funeral in a body. The services will be held at St. Catherine's Church, Charlestown, Friday, August 12, at 10 A.M.

Messages from the Mayor.

TO THE CITY COUNCIL.

In accordance with the following communication from His Honor the Mayor, a special meeting of both branches of the City Council was held on Wednesday, August 10, at 12 M.:

OFFICE OF THE MAYOR,

City Hall, August 9, 1898.

TO THE MEMBERS OF THE CITY COUNCIL:

It becomes my sad duty to announce to you the death, by disease contracted in military service at the front, of Frederick B. Bogan, head of the Department of Public Buildings of this city, and Colonel of the Ninth Regiment, Massachusetts Volunteers. Colonel Bogan has been in the employ of the city for twenty years, and has rendered faithful and zealous service in various capacities.

You are hereby requested to assemble in your respective chambers on Wednesday, August 10, 1898, at 12 M., to take such action as you may deem proper to express your sense of the loss sustained by the city and by the public.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

TO THE COMMON COUNCIL.

A special meeting of the Common Council was held in the Council Chamber, City Hall, at 8 P.M., on Thursday, August 4, 1898, President Connolly in the chair.

The meeting was held in pursuance to the following call:

OFFICE OF THE MAYOR,

City Hall, August 2, 1898.

TO THE COMMON COUNCIL:

You are hereby requested to assemble in the Council Chamber, City Hall, on Thursday, August 4, 1898, at 8 o'clock P. M., to act upon the matter of a special loan appropriation for the Baths Department, and to transact such other business as may properly come before your body.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

The following messages from the Mayor were received:

Flagstaff, Madison Park—Veto.

OFFICE OF THE MAYOR,

City Hall, July 21, 1898.

TO THE CITY COUNCIL:

I return herewith without my approval an order authorizing the erection of a flag-

staff in Madison Park, at an expense of not exceeding \$500, to be charged to the appropriation for City Council, Incidental Expenses, for the reason that I find that the liabilities incurred against this appropriation already will more than exhaust it before the expiration of the year, and that it does not seem to me proper to incur a deficiency in order to provide for the erection of additional flagstaffs.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Indefinitely postponed.

Ringling of Bells, West Roxbury—Veto.

OFFICE OF THE MAYOR,

City Hall, July 22, 1898.

TO THE CITY COUNCIL:

I return herewith without my approval the order providing that in Wards 22 and 23 the bells shall be rung at 7 o'clock A.M., instead of sunrise on holidays. Earlier this year I vetoed an order passed by your body providing for the ringing of bells at sunrise, upon the ground that this practice was a barbarous one and caused much unnecessary annoyance to many persons, but your body saw fit to pass this order, notwithstanding my objection, thus continuing the practice. I should be very glad to approve at any time an order providing for the ringing of bells on holidays at a reasonable hour in the morning, but I see no reason why two wards of the city should be singled out to be thus favored, while the inhabitants of the other wards are still to be subjected to the infliction of sunrise bell-ringing.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Indefinitely postponed.

Park Improvements.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners in reply to orders of your body requesting a report as to the expediency and expense of constructing a substantial shelter at Marine Park, and requesting the said Board "to allow children under the age of six years, accompanied by their parents, to play on the grass at the Charlesbank."

Respectfully,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS.

July 14, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: We herewith submit reports from our Superintendent, on the orders of the

Common Council regarding the advisability of erecting a shelter at Marine Park and the opening of grass plots at Charlesbank to children accompanied by parents.

Very respectfully,

CHARLES E. STRATTON, Chairman.

BOARD OF PARK COMMISSIONERS.

Jamaica Park, July 13, 1898.

CHARLES E. STRATTON, Esq., Chairman.

SIR: Regarding the request of the Mayor for report in response to the Council order of June 30, as to the expedience and expense of constructing a shelter at Marine Park, I beg to say we have now on the pier at the Head-house a shelter 354 feet by thirty feet, which seems to be quite ample for our necessities at that point.

Respectfully submitted,

(Signed)

J. A. PETTIGREW,

Superintendent.

Jamaica Park, July 13, 1898.

CHARLES E. STRATTON, Esq., Chairman.

SIR: Referring to the Council request of June 30, that children under the age of six years be, with their mothers, allowed to use the grass at Charlesbank, I beg to say that a recent experiment of this character proved disastrous to trees and shubbery from wilful destruction by boys. The grounds had to be closed again, pending the result of an application to the Police Board for additional police protection. This has now been furnished, and I have ordered that the mounds shall again be thrown open to women and to children under eight years of age.

Very respectfully,

(Signed)

J. A. PETTIGREW,

Superintendent.

Placed on file.

Fences at Parks.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the Board of Park Commissioners, in reply to orders of your body requesting estimates of the cost of iron fences around the Charlesbank and the playground in Ward 3.

Respectfully,

JOSIAH QUINCY, Mayor.

BOARD OF PARK COMMISSIONERS.

Jamaica Park, July 25, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: In regard to the orders of the Common Council requesting this Board to submit estimates of the cost of an iron fence around Charlesbank and the playground in Ward 3, we beg to report that the Board has voted to authorize the Superintendent to erect iron fences at both ends of Charlesbank. The construction of the new West

Boston bridge will, however, delay the erection of the fence on the Cambridge-street side.

The cost of an iron fence at Mystic Play-ground would be \$1,175, and the cost of a wooden picket fence, \$282. The Board would like to build a fence around this play-ground, but it awaits appropriations for playground construction by the City Council.

Yours respectfully,

CHARLES E. STRATTON, Chairman.

Placed on file.

Flagstaff—Florence-Street School.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee stating that, in accordance with the request contained in an order of your body, a flagstaff has been erected in the yard of the Florence-street School, Ward 23.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

July 19, 1898.

The Committee on School-houses, to whom was referred, April 26, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to erect a flagstaff in the yard of the Florence-street School, Ward 23, report that they have given the matter attention, and recommend that the Common Council be respectfully informed, through His Honor the Mayor, that a flagstaff has been ordered for this school.

For the Committee,

THOMAS F. STRANGE, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

Attest:

THORNTON D. APOLLONIO, Secretary.

Placed on file.

Baths Appropriation.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Baths Department which explains itself, and I earnestly renew the recommendation contained in my message to the City Council of July 14, recommending the passage of a loan order appropriating the sum of \$11,000 for additions to and improvements upon the bath-houses and bathing establishments under the charge of the Baths Department. The closing of any of the baths in the middle of the season at a time when they are all being so largely used by the public, would be most unfortunate.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

BATHS DEPARTMENT.

August 4, 1898.

HON. JOSIAH QUINCY, Mayor.

SIR: I beg leave, on behalf of the Baths Department, to present for your consideration the following brief statement of the finances of the Baths Department for the season of 1898:

February 1, 1898, appropriation . . .	\$35,000 00
March 1, 1898, no draft. . .	
April 1, 1898, no draft. . .	
May 1, 1898, draft.	1,612 11
June 1, 1898, draft	2,909 55
July 1, 1898, draft	13,591 97
August 1, 1898, draft.	14,397 27
Balance	2,489 10
	<u>\$35,000 00</u>

It will be noticed by the above statement that a large amount of money was spent in June and July, and the following exhibit will show the extent of permanent work properly chargeable to loan done on all the different bath-houses:

Bills incurred and paid or due to the Repairs Division for work done on bath-houses and beaches, shower-baths, new locker-rooms, closets, approaches, etc., not provided for by special loan appropriations:

Malden Bridge Bath-house	\$1,391 39
Dover Street Bath-house	712 72
Border Street Bath-house	665 41
Chelsea Bridge Bath-house	410 78
Maverick Street Bath-house	271 08
Commercial Point Bath-house	388 10
Craigie's Bridge Bath-house	135 63
Orchard Park Bath-house	413 44
West Boston Bridge Bath-house	273 49
Warren Bridge Bath-house	258 74
L-Street Beach	1,928 22
Balance of work on the Neponset house over the appropriation of \$2,500	514 53
New rafts for K street, Commercial Point, West Boston Bridge and Harvard Bridge	675 00
New floating bath-house, Harvard Bridge	3,500 00
Total	<u>\$11,538 53</u>

It will be seen by the above exhibit that the Department of Baths has expended the above sum out of its maintenance appropriation for permanent improvements, which will last many years. As this expenditure was incurred in providing for enormously increased patronage at the different bathing-houses this year, we feel justified in asking the City Council for \$11,000, which will be sufficient to carry us through the season.

The following table shows the number of bathing-places now open under the charge of the Baths Department, and the average number of persons bathing in each place daily; the new bathing-places added this year are specified:

FLOATING BATHS.		Men.	Women.
Malden Bridge	1,000	500	
Chelsea Bridge	600	300	
Border Street	1,500	500	
Maverick Point	1,000	*800	
L-Street Bridge	500	300	
Dover-Street Bath	1,500	800	
Warren Bridge	1,500	1,000	
Craigie's Bridge	2,500		
West Boston Bridge	1,500	*1,000	
Neponset Bridge	1,000	†500	
Harvard Bridge. To open next week.			

BEACH BATHS.

	Men.	Women.
Charlestown Park	2,000	†1,500
North End Park	6,000	†3,000
Wood Island Park	2,000	†1,200
K-Street Beach		*2,500
L-Street Beach	3,500	
Commercial Point	1,500	*1,500
Neponset Beach	500	*

RIVER BATHS.

Charles River, West Roxbury	1,500	†200
---------------------------------------	-------	------

SWIMMING-POOLS.

Orchard Park	800	†200
Cabot Street. To open next week.		

*One new. †Two new.

It will be noticed that no less than eighteen new bathing-places have been added since the creation of this Department, this alone causing a great increase in the number of attendants needed to properly care for the convenience and safety of crowds of people at the houses and beaches. If the City Council see fit to grant the \$11,000 asked for, the swimming season can be kept open until into September, otherwise the Bath Commission will be obliged to curtail expenses at once by closing some of the houses and beaches. It is needless to say that this would directly affect the health of a large number of people, as well as their wholesome enjoyment and exercise. The Baths Department therefore trusts that the City Council will favorably consider its needs.

Respectfully submitted,

DANIEL D. KEARNS,

Secretary Baths Department.

Sent up.

Sale of Land—Brighton.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE CITY COUNCIL:

I transmit herewith a communication from the Water Commissioner, and, in accordance with his suggestion, I recommend the passage of the accompanying order authorizing the transfer of the parcel of land referred to, to the Street Commissioners for sale.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

OFFICE OF THE WATER COMMISSIONER.

City Hall, June 24, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: There is a piece of land at the corner of Commonwealth avenue and Chestnut Hill avenue which was not transferred to the Park Department at the time that the land left, after the State's taking at Chestnut Hill Reservoir, was put in their care. It contains 66,762 square feet. I am informed that the Street Commissioners propose widening Chestnut Hill avenue, which would reduce the amount of land to 56,531 square feet. The Water Department has no use for it, and I would recommend that it be sold for the benefit of this Department.

I enclose blue print showing the situation of the land.

Yours very truly,

JOHN R. MURPHY,
Water Commissioner.

Ordered, That the lot of land bounded by Chestnut Hill and Commonwealth avenues, now in the custody of the Water Department, and for which it has no further use, be placed in the hands of the Board of Street Commissioners for sale; the proceeds thereof to be credited to the appropriation for Reserved Fund.

The message was placed on file, and the order was passed. Sent up.

Sanitary—Orchard Park.

OFFICE OF THE MAYOR,

City Hall, August 4, 1898.

TO THE CITY COUNCIL:

My attention has been called to the need of a public convenience station at Orchard Park, Roxbury, especially on account of the large number of persons resorting to this park for the purpose of bathing in the swimming-pool, and I recommend the passage of the accompanying order transferring to the Baths Department a small unexpended balance in order to provide for the expense of constructing such a convenience station.

Respectfully submitted,

JOSEPH QUINCY, Mayor.

Ordered, That the unexpended balance of \$100.82, now remaining to the credit of the appropriation for Health Department, bath-house, South Bay, Roxbury side, be transferred to the Baths Department for the construction of a convenience station at Orchard Park.

The message and order were assigned to the next meeting.

Canvass of Bids.

Metropolitan Water Board.

Proposals for excavations for the easterly portion of the North Dike, Wachusett Reservoir, were opened at the office of the Metropolitan Water Board, on August 9, as follows:

Joseph D. Gennaro, Boston . . .	\$43,812 50
Auguste Saucier, South Framingham . . .	49,975 00
Moulton & O'Mahoney, Boston . . .	53,100 00
H. P. Nawn, Boston . . .	53,100 00

WILLIAM N. DAVENPORT, Secretary.

City Government Orders.

ORDERS PASSED AND PERMITS GRANTED—REQUIRING APPROVAL OF THE MAYOR.

By the City Council.

The following was approved August 5, 1898:

Ordered, That the City Council gratefully accepts the gift to the city of an ornamental drinking-fountain to be placed at Peabody square, Ashmont, offered by Mr. Francis H. Peabody, upon the conditions named by him, and authorizes the erection of the same, subject to the approval of the Art Department, as required by law.

By the Board of Aldermen.

The following were approved August 2, 1898:

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use additional curved tracks at the junction of Beach street and Harrison avenue, with necessary cross-overs, switches and connections; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated June 14, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within ninety days from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted to the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use additional curved tracks at the junction of Kneeland street and Harrison avenue, with necessary cross-overs, switches and connections, said tracks being shown by red lines on a plan made by A. L. Plimpton, dated June 14, 1898, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction

of the Superintendent of Streets, and shall be approved by him. Also, upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within ninety days from the date of the passage of this order.

Ordered, That the Superintendent of Streets be authorized to issue permits to Collins & Ham to close the roadways on Leeds street, Ward 20, and Elizabeth street, Ward 24, to team travel during street construction on said streets.

Ordered, That the Superintendent of Streets be authorized to issue a permit to D. F. O'Connell, contractor, to close Charles River avenue, between City square and Water street, to all public travel.

Orders that the Superintendent of Streets be authorized to issue permits, the work to be completed on or before November 15, 1898, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:

Norcross Brothers, to erect, maintain and use one guy-post on Dorchester - avenue extension, near the corner of Summer street, with the necessary ropes attached thereto.

Woodbury & Leighton, to erect, maintain and use a guy-post, with the necessary ropes attached thereto, in the roadway on Charles River avenue, near Water street.

Fitchburg Railroad, to erect, maintain and use one guy-post on Gray street, near Water street, and one on Foss street, near Water street, with the necessary ropes attached thereto.

Catherine Lavezzolo, to construct, maintain and use one coal-hole opening sixteen by eighteen inches, with sidewalk light cover, under and in the sidewalk in front of estate 48 Hull street, Ward 6.

George R. Dugad, to erect, maintain and use one guy-post, with the necessary ropes in and over Exeter street, in front of No. 33, for use in building construction.

Orders that the Superintendent of Streets be authorized to issue permits to move wooden buildings, on the terms and conditions expressed in the ordinance of the city relating thereto, as follows:

John Soley, one, flat roof, thirty-four feet in length, twenty-one feet in width, fifteen feet in height, from 443 Medford street along said street to 431.

John Soley, one, pitch roof, twenty-five feet in length, twenty-two feet in width, twenty-two feet in height, from 48 and 50 Bennington street, through Bennington, London, Porter and Paris streets, to Paris court, Ward 2.

Permit to John H. Wilson to store and keep for sale, oils or fluids composed wholly or in part of the products of petroleum, at 1820 Dorchester avenue.

Permits to trim or remove trees, at the owners' expense and under the direction of the Superintendent of Public Grounds, in front of estates, as follows:

Mrs. M. E. Wilbur, to trim the trees, at corner Eustis and Orchard streets, Roxbury; Mark King, to remove two trees, at 17

Yeoman street, Ward 17; L. M. Kimball, to remove a dead tree, at 533 Columbus avenue; Martha S. Gillmore, to remove two trees, at 46 Union street, Charlestown; Thomas F. E. Carter, to remove a tree at 11 Armandine street, Ward 24.

Permits to project signs, etc., viz.:

J. Kerroh, five signs, at 20 Pleasant street, Ward 7.

George G. King, sign, at 343 Centre street, Ward 22.

Jacob Zuckerman, sign, at 27 Compton street, Ward 9.

G. Gottlieb, sign, at 25 Porter street, Ward 1.

Thomas W. Byrne, illuminated sign, at 6A Beacon street.

Harris Sampson, lantern, at 15 Leverett street, Ward 8.

Sam Locke, sign, at 7 Causeway street, Ward 8.

J. Bruno & Co., clock sign, at 190 North street, Ward 6.

Antonio Catino, barber-pole, at 2 Appleton street, Ward 10.

David F. Barry, one bay-window from building 2 Bond street, to project over Milford street, Ward 9.

Charles F. Hargrave, one bay-window and a door-cap, at 35 Bennington street, Ward 1.

Charles A. Morss, a cornice, at 190-192 High street, Ward 7.

Orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates; said sidewalks to be from three to ten inches above the gutters adjoining, to be from five to twelve feet in width, and to be built of the materials specified, the owners of the said estates to furnish the materials, viz.:

William Quinn, 366 Bremen street, Ward 1, of brick.

W. H. Hodgkins, 78 West Eagle street, Ward 1, of brick.

Mrs. Harriet S. Tebbetts, 20 Ingleside street, Ward 16, of brick.

John F. McMorro, Dorchester street, corner Vale street, Ward 15, of artificial stone.

Hugh Giblin, 835 Dorchester avenue, Ward 16, of artificial stone.

Katherine F. Holland, Dorchester avenue, corner 91-93 Roseclair street, Ward 16, of artificial stone.

Andrew F. and Simon J. McDermott, 198-202 Hampden street, Ward 17, of artificial stone.

A. A. Westcott et al., Bernard street, Ward 20, of artificial stone.

John Ceconi, 60 Richfield street, Ward 20, of artificial stone.

A. T. Davison, 394 Washington street, Ward 20, of artificial stone.

Mary E. D. DeCordova, 81 South Market street, Ward 6, of artificial stone.

Joseph Green, 27-31 St. Germain street, Ward 10, of artificial stone.

W. H. Doolittle, 772-774 Dudley street, Ward 16, of artificial stone.

James J. Burk, 25 Wales street, Ward 20, of artificial stone.

F. C. Goodspeed, 38 Rosedale street, Ward 20, of artificial stone.

John Kelly, 28-30 Boylston street, Ward 22, of gravel.

Frost Brothers, corner King and Train streets, Ward 24, of artificial stone.

H. M. Bickford, 17 Bellevue street, Ward 20, of gravel.

John Kelly, 28-30 Boylston street, Ward 22, of artificial stone.

The following were approved August 3, 1898:

Ordered, That permission be granted to the American Telephone and Telegraph Company of Massachusetts to place and maintain a pole for the support of wires, at a point designated by a black dot on a plan deposited in the office of the Superintendent of Streets, made by A. P. Allen; said pole to be located as follows:

Park street, corner of Adams street, Ward 24; one pole, fifty feet by eighteen inches; width of sidewalk, ten feet; plan dated August 1, 1898.

Ordered, That permission be granted to the American Telephone and Telegraph Company of Massachusetts to remove one pole from the corner of Park and Adams streets, Ward 24, said pole being shown by a red dot on a plan made by A. P. Allen, dated August 1, 1898, and deposited in the office of the Superintendent of Streets.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said pole, on the conditions specified in Chapter 36, Section 15, of the Revised Ordinances of 1892.

The work of locating and removing said pole to be completed within sixty days from the date of the passage of this order.

ORDER PASSED AND PERMITS GRANTED—NOT REQUIRING APPROVAL OF THE MAYOR.

By the Board of Aldermen.

Ordered, That His Honor the Mayor be hereby requested by this Board to instruct the heads of departments to allow employees who are members of the Odd Fellows organization, leave of absence, without loss of pay, in part compensation for their services, from September 19 to 24, inclusive, for the purpose of attending the convention of the Sovereign Grand Lodge of Odd Fellows to be held in Boston.

NEXT MEETINGS OF CITY COUNCIL.

The next regular meeting of the Board of Aldermen will be held on Monday, August 29, at 3 P. M.

The next regular meeting of the Common Council will be held on Thursday, September 22, at 7.45 P. M.

PUBLIC CONCERTS IN GLASGOW.

The sum of £2,250 has been appropriated by the City of Glasgow, for the purpose of giving band performances in the public parks and squares during the season of 1898.

The season extends from May 19 to August 31, with concerts on nearly every week-day, at one or more of the sixteen parks and squares of the city given over for this purpose. The performances are under the supervision of a sub-committee of the Corporation of Glasgow, on Music in the Public Parks and Open Spaces. In addition to the bands, orchestras, choirs and quartets are also utilized. No concerts are given on Sundays.

The average annual attendance is between 750,000 and 900,000.

Each week during the season 21,000 programs are printed, the expense of which is covered by the advertisements, which are distributed in the various parks.

Besides the summer concerts, there were given between the months of January and April of this year, twenty-two concerts in the People's Palace. The admission was free, and some 2,200 people attended each concert.

The contract was awarded to George Tucker.

BENJ. W. WELLS,
Superintendent of Streets.

Board Meetings.**Cemetery Department.**

City Hall, August 6, 1898.

A meeting of the Board of Trustees of the Cemetery Department was held at Mt. Hope Cemetery, Tuesday, August 2, at 3 o'clock.

Present: Messrs. Brackett, Atteaux, Morse, Fallon and Hersey.

A site was selected, on which the new chapel at Mt. Hope Cemetery is to be erected.

Voted, That in the erection of the chapel all the work possible be performed by the Department.

Voted, That the stone to be used for the chapel be quarried from the premises.

Voted, That plans for the chapel be prepared at once.

NELLIE V. NORTON, Secretary.

Park Department.

Jamaica Park, August 1, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners held August 1, 1898:

The Superintendent submitted a sketch for a granite drinking-fountain, which he recommended to be erected at Perkins street, near the pumping station, and it was

Voted, That the Superintendent be authorized to contract for a granite drinking-fountain, to be placed at the junction of Perkins and Chestnut streets.

Voted, That the Superintendent be authorized to expend \$600 for loam, and to do other work at Neponset Playground, not exceeding the balance of appropriation.

Plans for iron fences on Ipswich street and on the bridge over the Fens waterway were received from the City Engineer and approved, the Chairman endorsing the said approval on the plans.

GEORGE F. CLARKE, Secretary.

Pauper Institutions Department.

28 Court Square, August 10, 1898.

The thirty-fifth regular meeting of the Trustees was held at 28 Court square on August 1.

A letter from Mayor Quincy was read, stating that he will personally approve the bills for the buildings erected for the benefit of the Randidge excursions to Long Island.

A letter from the Clerk of the Police Commissioners was read, authorizing the employment of two officers as special police at Long Island.

The Secretary reported the receipt of a communication from Dr. W. H. Prescott, representing the Massachusetts Volunteer Aid Association, and asking how many sick soldiers could be accommodated at Long Island in case of need. The Trustees expressed their willingness to take ten soldiers at any time, and more if there should be room at the time the application is made.

The Superintendent of the Charlestown Almshouse reported that as the three cows are doing well, it is unnecessary to buy much additional milk.

The Superintendent of Long Island recommended \$5 per month increase in the salary of the baker at Long Island, in view of the fact that he now does extra work in cooking.

Voted, That the salary of the baker be increased to \$55 per month.

The following appointments were confirmed:

Hannah Reedy, substitute nurse, \$25 per month; Mary Lambert, laundress, \$16 per month; J. J. Donovan, farmer, \$25 per month; Christine McIntosh, probationer, \$10 per month.

The visiting staff at Long Island recommended the appointment of Dr. W. J. O'Brien and Dr. B. F. Worthing as house officers, and these appointments were approved by the Trustees.

Miss Morse reported that there are now five couples at the Charlestown Almshouse, and eight men have been transferred from there to Long Island.

Number of inmates at Long Island, July 30, 1898:

	Male.	Female.	Total.
In Hospital:			
Adults	78	142	220
Children	4	5	9
Dormitory:			
Adults	0	205	205
Children	1	2	3
Institution:	219	0	219
Total	302	354	656
Same date last year			636

ALICE N. LINCOLN, Secretary.

Statistical Department.

The thirty-first meeting of the Department of Municipal Statistics was held at its office on July 18, 1898, at 3.40 P. M. All the members were present. Mr. Minot occupied the chair.

Mr. Minot stated that he expected to be absent from the city during the month of August. It was voted that Mr. Weld act as Chairman in Mr. Minot's absence.

The Mayor having recently directed this Department to undertake the compilation and publication of the Municipal Register, the character of the work involved in the undertaking came up for discussion.

It was voted that the Chairman be authorized to secure temporary help required in preparing the Municipal Register for press.

EDWARD M. HARTWELL, Secretary.

Street Laying-Out Department.

The following is an extract of the records of the meetings of the Board of Street Commissioners:

Tuesday, July 26.

A sewer was ordered to be built in Whitfield street, and catch-basins were ordered in Alford and Call streets and Wheatland avenue. Shepard Brook, at Brighton, was

ordered to be relocated, between the Wool Pond, near Goodenough street, and Union street.

A petition was received for a sewer in Albano street, and for catch-basins in Chestnut Hill avenue, Sutherland road and Beacon street.

Wednesday, July 27.

Public hearings were given in the matter of laying out an extension of Shirley street, at Roxbury, over and including a private way called Bartlett court, as a highway, with the name of Shirley street, from Norfolk avenue to Massachusetts avenue; and in the matter of the construction of a sewer in private lands, at West Roxbury, between Dent and Mt. Vernon streets, and Keith and Lasell streets.

Sewers were ordered built in Ashmont street, between Dent and Mt. Vernon streets, and between Keith and Lasell streets; and in Torrey street.

An order of notice was issued of the Board's intention to widen Charlestown street.

It was voted: That the Street Commissioners award, and that there be paid to Augustine Shurtleff, the sum of \$224, for all land taken from, and for all damages occasioned to his estate by the extension of Boylston street—his agreement to accept that sum having been approved by the Mayor.

Petitions were received for a sewer in Caldwell street, and for a catch-basin in Park or Whitfield street.

Thursday, July 28.

A public hearing was given in the matter of relocating Canal street.

Petitions were received for an improvement in the culvert crossing Park street, at Dorchester, for a sewer in Colburn street, and for a catch-basin in Pond street.

A petition was received from the estate of Eben D. Jordan that Stuart street may be laid out, from Dartmouth street to Trinity place.

Orders of notice were issued of the Board's intention to lay out and construct Dresden and Stuart streets.

Friday, July 29.

Petitions were received for a drop inlet in Van Winkle street, a catch-basin in Old Heath street, and a sewer in Corey street.

Catch-basins were ordered to be built in Old Heath, Shelton, Sheafe and Ashmont streets.

An order of notice was issued of the Board's intention to build a sewer in private lands between Sydney and Endleigh streets; orders were passed laying out Middleton and Bragdon streets, and relocating Amory street.

A public hearing was given in the matter of changes in locations, directions, widths and grades for highways in the Board of Survey Plat 2—being the territory bounded, approximately, by Brookline avenue, Audubon road and Commonwealth avenue.

Tuesday, August 2, 1898.

A petition was received for a catch-basin in Hancock street, northwest corner of Howe street.

An order of notice was issued of the Board's intention to lay out and construct Chapman avenue, from Tucker street to

Don street, at Dorchester, with the name of Callendar street.

Orders were passed laying out Ogden, Cornell and Van Winkle streets; and building a sewer in Smith street, Roxbury.

Wednesday, August 3.

Public hearings were given in the matter of laying out an extension of Belvidere street, across the land and location of the Boston and Albany Railroad; and in the matter of the location of a new channel for the Canterbury branch of Stony Brook, at Dorchester and West Roxbury, between Blue Hill avenue and Morton street.

It was voted, That the Street Commissioners award, and that there be paid to Alfred T. Haskell and others, the sum of \$20,900 for all land taken from, and for all damages occasioned to their estate on Columbia street, at the corner of Quincy street, by the laying out of Columbia road under the order of this Board of August, 31, 1897.

Catch-basins were ordered to be built in Stanwood street and Columbus avenue.

Petitions were received for sewers in Lamont street, Roxbury, and in Oakman street, Dorchester; for the laying out of Clifton Park, at Dorchester, and for the laying out of a passageway as a public alley.

Thursday, August 4.

The Board issued an order of notice of its intention to lay out Chester street, at Brighton; and ordered a sewer to be built in Park street, West Roxbury.

Petitions were received for a catch-basin in Neponset avenue, a sewer in Beech Glen street, and for the laying out of an extension of Thane street, and of an extension of Spencer street, at Dorchester.

J. H. JENKINS, Secretary.

Department Communications.

City Clerk Department.

NOTICE.

TO THE HONORABLE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOSTON, MASSACHUSETTS:

Boston, July 30, 1898.

Your petitioners respectfully represent that they are a majority of the Directors of the Dorchester and West Roxbury Street Railway Company in accordance with the provisions of the Public Statutes of Massachusetts, Chapter 113, Sections 2, 3, 4 and 5, and that they have caused a copy of the Articles of Association to be published, as required by Section 6 of said Chapter, and as such Directors they ask that said railway may locate, lay and maintain tracks with such turnouts and switches as may be needed, and to erect and maintain the necessary poles and wires and other fixtures along the streets and ways hereinafter named for the purpose of operating by electricity, or other motive power, except steam, a street railway through the following streets and ways in the said City of Boston, viz.:

Beginning on Blue Hill avenue at the dividing line between the City of Boston and the town of Milton, through said Blue Hill avenue across River street, through Oakland street and Ashland street to Washington street, Ward 23; also beginning at the proposed location of this company's track on Ashland street, crossing said Ashland street through Florence street and Poplar street to said Washington street; all in said City of Boston.

Said Directors also respectfully ask the right to make at its own expense, such changes in the tracks and overhead system of any existing street railway company as may be necessary.

The location of said tracks and poles being shown on plan made by Hodges & Harrington, dated July 20, 1898, filed herewith.

Respectfully,

J. B. L. BARTLETT,

CHARLES H. WISE,

THOMAS F. CAREY,

FRED J. TABER,

Majority of the Directors.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

August 1, 1898.

Upon the foregoing petition it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will, on Monday, the twenty-ninth day of August, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the *Dorchester Beacon*, *Jamaica Plain News* and *THE CITY RECORD*.

Passed.

A true copy. J. M. GALVIN, City Clerk.

Attest: J. M. GALVIN, City Clerk.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

Boston, July 22, 1898.

The West End Street Railway, by the Boston Elevated Railway Company, its Attorney, thereto duly authorized, respectfully petitions for leave to construct, maintain and use a double track on Bunker Hill street, in the Charlestown District, beginning on and connecting with the company's tracks near its car-house on said Bunker Hill street, and thence extending to and connecting with the company's tracks on Main street, with necessary curves, cross-overs and connections, all substantially as shown on plan of A. L. Plimpton, C. E., dated July 15, 1898, and filed herewith as part of this petition.

West End Street Railway Company,

By Boston Elevated Railway Company, its Attorney,

By WILLIAM A. GASTON, President.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

August 1, 1898.

Upon the foregoing petition it is hereby Ordered, That fourteen days' notice be given by the petitioner to all parties interested that this Board will, on Monday, the twenty-ninth day of August, at 3 o'clock P.M., take into consideration the expediency of granting the prayer of the above petition, when any parties who object thereto may appear and be heard. Said notice is to be given by publication of a copy of said petition and this order thereon in the *Charlestown Enterprise*, the *Boston Globe* and *THE CITY RECORD*.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for building an addition to the Norcross School Building on D and Fifth streets, South Boston, and the painting and tinting of Norcross School Building on D and Fifth streets, South Boston, according to the office copy of the contract and plans, which may be seen at Room 30, Old Court House, Boston, Mass. A satisfactory bond in the sum of three hundred (300) dollars for faithfully doing the work under the first contract, and three hundred (300) dollars under the second contract, will be required.

The bidder must use the form of proposal for each contract to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 15, 1898, with a certified check for one hundred (100) dollars accompanying the proposal for the first contract, and a certified check for one hundred (100) dollars accompanying the proposal for the second contract, payable to the City of Boston; these checks to be the property of the City of Boston if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept any proposal he deems for the best interest of the city.

THOMAS F. STRANGE,

Chairman Committee on School-houses of the School Committee of the City of Boston.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for a building for sanitary purposes at the Charles Sumner School, Ashland street, Roslindale, and for doing the plumbing at the Charles Sumner School, Ashland street, Roslindale, according to the office copy of the contracts and plans, which may be seen at Room 30, Old Court House, Boston, Mass. A satisfactory bond in the sum of five hundred (500) dollars for faithfully doing the work under the first contract, and five hundred (500) dollars under the second contract, will be required.

The bidder must use the form of proposal for each contract to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 15, 1898, with a certified check for two hundred (200) dollars accompanying the proposal for the first contract, and a certified check for two hundred (200) dollars accompanying the proposal for the second contract, payable to the City of Boston. These checks to be the property of the City of Boston if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept any proposal he deems for the best interest of the city.

THOMAS F. STRANGE,

Chairman of the Committee on School-houses of the School Committee of the City of Boston.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a high school building at South Boston, for the City of Boston. A satisfactory bond in the sum of \$30,000 for faithfully doing the work will be required. The office copy of the contract may be seen and a proposal obtained at the office of Herbert D. Hale, 13 Exchange street, Boston, Mass. The bidder must fill out and leave the proposal so obtained, and a certified check for \$3,000, at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P. M., of August 22, 1898. This check is to be the property of the city if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept the proposal he deems best for the city.

WILLIAM T. EATON,

Chairman of the Committee on New Buildings of the School Committee of said city.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 6, 1898.

The Street Department of the City of Boston invites proposals for constructing and regulating Telford macadam roadways in Columbia road, Boston, Mass., according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond for \$6,500 satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, August 15, 1898, his bid and a certified check for \$500, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 8, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that a sewer and a storm sewer be constructed in private lands and in a private way known as Ceylon-street extension, at Dorchester, from Quincy street to Columbia road, and that lands be taken for said purposes, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twenty-third day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 4, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that an extension of Chester street, at Brighton, be laid out as a highway from Brighton avenue to Commonwealth avenue, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway deposited in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the eighteenth day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest:

J. H. JENKINS, Secretary.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 6, 1898.

The Street Department of the City of Boston invites proposals for building about 11,400 linear feet of sewer work in Temple and Ferham streets, West Roxbury District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday August 15, 1898, his bid and a certified check for \$1,500, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 10, 1898.

The Street Department of the City of Boston invites proposals for building brick and pipe surface drain in Selden street, passageway and Capen street, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Thursday, August 18, 1898, his bid and a certified check for \$1,500, which is to be the property of the city if the contractor fails to carry out his proposal.

J. L. KELLY, Acting-Superintendent of Streets.

NOTICE.

BOSTON TRANSIT COMMISSION.

Boston, July 26, 1898.

A public hearing will be given on the question of the routes for a tunnel or tunnels to East Boston, at 11 A.M. on Tuesday, August 23, in the rooms of this Commission, 20 Beacon street.

By order of the Commission,

B. LEIGHTON BEAL, Secretary.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, AUGUST 18, 1898.

Number 33.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, Secretary,
Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

MAYOR'S CIRCULAR.

The following circular to heads of departments was issued by His Honor the Mayor, on August 16:

Circular No. 45.

OFFICE OF THE MAYOR.

TO THE HEADS OF DEPARTMENTS:

GENTLEMEN: In accordance with an order passed by the City Council, you are hereby instructed to allow, in part compensation for their services, such of your employees as are members of the Grand Army of the Republic, and desire to attend the National Encampment to be held at Cincinnati, beginning September 5, 1898 (and whose services can be dispensed with), leave of absence, not exceeding one week, without loss of pay, for the purpose of attending said encampment.

Respectfully,

JOSIAH QUINCY, Mayor

DEATH OF JOSEPH D. LANE.

Joseph D. Lane, of Company I, Ninth Massachusetts Regiment, died at Santiago on August 9, 1898, from yellow fever.

Mr. Lane was appointed, October 30, 1893, as messenger for the Boston Water Board, and was transferred to the position of messenger in the Income Division of the Water Department on February 24, 1896. He enlisted in the Ninth Regiment on April 29, 1898. His home was in East Boston.

HARVARD BRIDGE FLOATING BATH.

The new floating bath-house, which is to be located just above Harvard Bridge, is practically completed, and will be towed to its position early next week. In its construction, the Baths Department has provided a floating bath-house which not only combines the good features of the present houses, but should approach more nearly to the conditions of out-door bathing, be somewhat simpler in administration and less gloomy and ponderous in architectural effect.

The accompanying cuts will serve to illustrate the general plan of arrangement and finish of the building.

The house is eighty-eight feet long by thirty-two feet wide, extreme dimensions, of which a space twenty-nine feet long and of its full width is taken up by the landing platform, locker-rooms and Superintendent's offices.

There are two locker-rooms, one on each side of the entrance, intended for men and boys respectively. Each room is twenty feet long by thirteen feet wide, and is fitted with eighty-seven lockers, sixteen inches by sixteen inches by thirty-six inches high, arranged in three horizontal tiers against the walls, the upper tiers being made accessible by the use of portable steps and benches.

This arrangement provides for the greatest possible locker space, and at the same time places every locker and all the floor space within view of the Superintendent as he sits in his office. He has also the same

unobstructed view of the tank-room, which insures safety and order within the building.

The partitions at this end of the building are carried up nine feet above the floor and are left entirely open up into the roof, to insure ample and even ventilation through louvre boards, which are carried around on all sides.

The tank-room is sixty feet long by thirty-one feet wide, with side walls carried up eleven feet to the eaves, and is further screened from view by the narrow strip of shingled roof carried around the three outside walls; but is otherwise left open to the air and sky, to insure better ventilation and direct sunlight.

The tank itself is fifty-two feet long by twenty-three feet wide by four feet nine inches deep, below the floor of the room, giving an actual depth of water of four feet. It is provided with stairs in two corners, as shown, and is further fitted with ropes for the convenience and safety of bathers.

There is a walk four feet wide, around the four sides of the tank, and slat seats against the outside walls; also water-closet accommodations at one end. At the end nearest the lockers, and under the direct control of the Superintendent, are two cold-water showers for washing and rinsing before and after using the tank.

The house is built and finished throughout in cypress, and is floated to the desired level by an arrangement of casks, which prevents unequal settlement when the locker-rooms are crowded.

The exterior is treated to present an old English effect in half-timbered work, which will be greatly improved as the timbering darkens by exposure to the weather.

The house was built complete by the Repairs Division of the Public Buildings Department, according to plans and under the supervision of the Architectural Division of the Engineering Department. With this acquisition to the present bathing facilities of the city, the Baths Department will supply a large and increasing demand for such accommodation in the district in which the bath-house is to be located. The total cost of the house, secured in its position above the Harvard Bridge, will be about \$3,500.

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE.

The Fiftieth Anniversary of the American Association for the Advancement of Science will be celebrated in the City of Boston, August 22 to 27, inclusive. The opening session of the Association will be held at 10 A.M. on Monday, August 22, in Huntington Hall, Rogers Building, Massachusetts Institute of Technology.

Under the honorary presidency of the Governor of the Commonwealth, a large local committee has been formed for the purpose of making proper arrangements for the convention, and the City of Boston has appropriated \$2,500 towards the expense of entertaining the members and guests of the Association.

The general programme for the week follows:

MONDAY, AUGUST 22 — MORNING.

Meeting of the Council at 9 A.M. in the Council Room, 20 Rogers Building.

First General Session of the Association at 10 A.M., in Huntington Hall.

The meeting will be called to order by the retiring President, Professor Wolcott Gibbs of Newport, R. I.

Invocation by Right Reverend William Lawrence, D.D., Bishop of the Diocese of Massachusetts.

Introduction of the President-elect, Professor F. W. Putnam of Cambridge, Mass.

Addresses of welcome by His Excellency Roger Wolcott, Governor of Massachusetts, His Honor Josiah Quincy, Mayor of Boston, and President James M. Crafts of the Massachusetts Institute of Technology.

Reply by President Putnam.

Announcements by the General, Permanent and Local Secretaries.

Agreement on the hours of meeting.

Adjournment of the General Session, followed by the organization of the sections in their respective halls.

MONDAY AFTERNOON.

Addresses of the Vice-Presidents as follows:

At 2.30 o'clock, in Room 22, Walker Building, Vice-President Whitman, before Section of Physics. Subject: "On the Perception of Light and Color."

In Room 11, Rogers Building: Vice-President Cattell, before Section of Anthropology. Subject: "The Advance of Psychology."

In Room 26, Rogers Building: Vice-President Farlow, before Section of Botany. Subject: "The Conception of Species as Affected by Recent Investigations on Fungi."

At 3.30 o'clock, in Room 22, Walker Building:

Vice-President Barnard, before Section of Mathematics and Astronomy. Subject: "Development of Astronomical Photography."

In Huntington Hall: Vice-President Blue, before Section of Social and Economic Science. Subject: "The Historic Method in Economics."

In Room 22, Rogers Building: Vice-President Packard, before Section of Zoology. Subject: "A Half-century of Evolution, with Special Reference to the Effects of Geological Changes on Animal Life."

At 4.30 o'clock, in Room 35, Walker Building:

Vice-President Smith, before Section of Chemistry. Subject: "Use of the Electric Current in Organic Chemistry."

In the Natural History Building: Vice-President Fairchild, before Section of Geology and Geography. Subject: "Glacial Geology in America."

In Room 26, Rogers Building: Vice-President Cooley, before Section of Mechanical Science and Engineering. Subject: (To be announced.)

MONDAY EVENING.

General Session in Huntington Hall, at 8 o'clock.

Address by the retiring President, Professor Wolcott Gibbs of Newport, R.I.

Subject: "On Some Points in Theoretical Chemistry."

Following this address there will be a reception to the members and guests of the Association, at the Museum of Fine Arts.

The citizens of Boston and vicinity are especially invited to attend the General Session in the morning and the several addresses in the afternoon and evening, as well as the meetings on the following days.

Tuesday morning, papers on various subjects will be read, followed by an excursion in the afternoon to the Middlesex Fells, Hotel Langwood, etc. In the evening, Dr. Thomas Dwight will lecture upon "Variations in Human Bones," at the Harvard Medical School.

Wednesday will be Salem Day, and the Association will be the guests of the Essex Institute. Return to Boston will be made late in the afternoon, and illustrated lectures will be given in the evening, in Huntington Hall, on the Boston Park System and the Metropolitan Water Supply and Sewerage System.

On Thursday there will be meetings of the Council and Sections in the morning, followed in the afternoon by a drive through Boston Park System. A meeting of the Nominating Committee will be held in the evening at Copley-Square Hotel.

Friday, the Association will be the guests of Harvard University. There will be an address in the evening by President Eliot in Sanders Theatre.

The closing session of the Association will be held on Saturday at 10 o'clock. In the afternoon excursions will be made to Riverside, Wellesley, Concord and Lexington.

On Monday, August 29, there will be excursions to White Mountains, Cape Cod and Plymouth.

City Government Orders.

ENACTED WITHOUT THE APPROVAL OF THE MAYOR.

The following orders were presented to the Mayor August 2, 1898, and were not returned by him within ten days thereafter:

Ordered, That the open space at the junction of Summer and Federal streets and Atlantic avenue be named and hereafter known as Dewey square.

Ordered, That the open space at the junction of Lauriat avenue and Milton avenue, Ward 24, be named and hereafter known as Hobson square.

RETURN OF TROOPS.

The following communication has been received by His Honor the Mayor from Councilman Watson, of Ward 18, with regard to the return of the troops at the front:

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: Knowing the interest that you feel in our noble boys who have so gallantly defended our flag, both on land and sea, in the late war with Spain, and feeling that your interest is such that you would willingly join in any movement that would mean a fitting welcome upon their return, and as such a movement has been started by the Mayor and City Council of Greater New York, and being of the opinion that our grand city should lead, and not follow, I therefore respectfully suggest that you appoint a committee of the Board of Aldermen and Common Council, to join with a committee of citizens of any number you may deem proper, to make arrangements for a reception and parade in honor of our heroes.

I further suggest that a meeting be called of both branches of the City Council for the appropriating of such money as may be deemed necessary to carry out such reception, etc.

Trusting that my suggestions will meet with your approval, and that you will call upon me if my services are necessary in any capacity, I remain respectfully yours,

JAMES A. WATSON,

Councilman, Ward 18, Roxbury.

Boston, August 14, 1898.

CONVENTION OF FIRE ENGINEERS.

The twenty-sixth annual convention of the International Association of Fire Engineers will be held at St. Louis, Mo., October 18 to 21, inclusive. Among the special papers to be read will be one prepared by Captain William Brophy, Chief Electrician of the Wire Department of Boston.

NOTICE.

BOSTON TRANSIT COMMISSION.

A public hearing will be given on the question of the routes for a tunnel or tunnels to East Boston, at 11 A.M. on Tuesday, August 23, in the rooms of this Commission, 20 Beacon street.

By order of the Commission,

B. LEIGHTON BEAL, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Sears street be laid out as a highway from India street to Central wharf, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

BOARD OF STREET COMMISSIONERS.

Boston, August 12, 1898.

The Board of Street Commissioners hereby give notice that they will give a public hearing in Room 25, in the Old Court House, at 11.30 o'clock A.M., on Friday, August 19, 1898, as to changes in the locations, directions, widths and grades for the highways in the territory shown on plan numbered S 24, made by the Board of Street Commissioners, and filed January 21, 1897, in the office of the City Engineer, in City Hall; said territory is bounded, approximately, by Perkins street, Jamaica-way, Heath and Day streets.

JOHN P. DORE,
JOHN H. DUANE,
GEORGE H. INNIS,
Street Commissioners.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the stream or water-course, at Dorchester, known as Tenean Creek, be located anew from Park street to the main channel of said creek, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the passageways between Huntington avenue and St. Botolph street, from Irvington street to rear of estates on Massachusetts avenue, be laid out as public alleys, designated as Numbers 401, 402, 403, 404 in District No. 5, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on plans of said public alleys in the office of this Board—that they intend to take the action so required, under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and Chapter 298 of the Acts of 1898, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a primary school-building in West Roxbury; also for furnishing and installing a heating and ventilating apparatus in said building; also for furnishing and installing a plumbing system in said building, according to the office copy of the contracts and plans, which may be seen and proposals obtained at the office of Bacon & Hill, 27 School street, Boston, Mass. A satisfactory bond in the sum of \$6,000 for faithfully doing the work under the first contract, \$1,500 for the second contract, and \$1,000 for the third contract will be required. The bidder must use the form of proposal for each contract to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 22, 1898, with a certified check accompanying the proposal for \$600 under the first contract, \$300 under the second contract, and \$250 under the third contract, payable to the City of Boston. These checks are to be the property of the city if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept the proposal he deems for the best interest of the city.

WILLIAM T. EATON,

Chairman of the Committee on New Buildings of the School Committee of said city.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a primary school-building in Roxbury, for the City of Boston. A satisfactory bond in the sum of \$8,000 for faithfully doing the work will be required. The office copy of the contract may be seen and a proposal obtained at the office of James Mulcahy, 60 State street, Boston, Mass. The bidder must fill out and leave the proposal so obtained, and a certified check for \$1,000, at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 22, 1898. This check is to be the property of the city if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any or all proposals, or to accept the proposal he deems best for the city.

WILLIAM T. EATON,

Chairman of the Committee on New Buildings of the School Committee of said city.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 10, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the passageway from Huntington avenue to St. Botolph street, in rear of estates on north-east side of Massachusetts avenue, be laid out as a public alley, designated as No. 405 in District No. 5, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on plan of said public alley in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and Chapter 298 of the Acts of 1898, and—that they appoint 11 o'clock A.M., of the twenty-fourth day of August, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 16, 1898.

The Street Department of the City of Boston invites proposals for building sewer work in Idaho street and outlet, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Tuesday, August 23, 1898, his bid and a certified check for \$500, which is to be the property of the city if the contractor fails to carry out his proposal.

J. L. KELLY, Acting-Superintendent of Streets.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 16, 1898.

The Street Department of the City of Boston invites proposals for building about 7,740 linear feet of sewer work in Columbia road, Section 3, Dorchester District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Tuesday, August 23, 1898, his bid and a certified check for \$1,000, which is to be the property of the city if the contractor fails to carry out his proposal.

J. L. KELLY, Acting-Superintendent of Streets.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 16, 1898.

The Street Department of the City of Boston invites proposals for building about 575 linear feet of sewer work in Harrison street, West Roxbury District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, August 22, 1898, his bid and a certified check for \$300, which is to be the property of the city if the contractor fails to carry out his proposal.

J. L. KELLY, Acting-Superintendent of Streets.

NOTICE.

TO THE BOARD OF ALDERMEN OF THE CITY OF BOSTON:

August 1, 1898.

The undersigned request permission to project from building No. 87 Mercer street, corner East Ninth street, Ward 15, one bay-window of the following description: To project from second and third stories, over the corner of Mercer and East Ninth streets. Dimensions: Twenty feet high, 6 feet wide, and 2 feet 6 inches over line of street.

DALY BROTHERS,
271 East Eighth street,
South Boston.

CITY OF BOSTON.

IN BOARD OF ALDERMEN.

August 1, 1898.

Upon the foregoing petition it is hereby Ordered, That notice be given by the petitioner to all persons interested that this Board will, on Monday, the twenty-ninth day of August, at 3 o'clock, P.M., consider the expediency of granting the prayer of said petition, when any person objecting thereto may appear and be heard. Said notice to be given by the publication of a copy of said petition, with this order of notice thereon, in the South Boston News and THE CITY RECORD, and by causing a copy of the same to be served at the expense of the petitioner upon the owners of the estates adjoining the premises of the petitioner, by a Deputy Sheriff or Constable, who shall make due service thereof, and make return thereof to the City Clerk; said publication and service to be made seven days at least before said hearing.

Passed.

A true copy. J. M. GALVIN, City Clerk.

Attest: J. M. GALVIN, City Clerk.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, AUGUST 25, 1898.

Number 34.

EDITED UNDER DIRECTION OF THE BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company — Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE
BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

COLONEL OF THE NINTH REGIMENT.

On August 18, 1898, the Governor of the Commonwealth appointed Lieutenant-Colonel Lawrence J. Logan as Colonel of the Ninth Massachusetts Regiment, to fill the vacancy caused by the death of Colonel Frederick B. Bogan.

CHILDREN'S INSTITUTIONS DEPARTMENT.

The Board of Trustees for Children has recently issued its Annual Report for the financial year ending January 31, 1898, it being the first year of the Department of Children's Institutions, and the fortieth of the Institutions Department, now divided by Chapter 395 of the Acts of 1897 into four, of which this Department is one. The report constitutes City Document No. 6, and covers more specifically the last seven months during which the present administration has been in charge.

The Department, though independent, is kept in close touch with the related departments of the city, through the office of the Institutions-Registrar, and the quarterly conferences with the Mayor and other institutions departments.

For many years children have been "placed out." These children may be: (1.) Boys from the House of Reformation, who have no homes, or no proper homes. (2.) Children taken from their parents by a court. (3.) Children placed in charge of the Trustees on account of poverty. (4.) Truant boys or girls who have no proper homes, and are placed in a family selected by the Trustees.

For the younger children, and those requiring special care, board is paid. They are, for the most part, in private families in the country. Some children, for various reasons, are placed in other institutions.

Older children are ordinarily placed in homes, without payment for board, and in some cases they receive wages for their services.

The placing-out system is fully appreciated by the Trustees, as is also the importance of securing only good homes, and of carefully watching the children placed in them.

Children are also often placed on probation in their own homes, and are visited regularly. The home of every child committed by a court, or to the House of Reformation, and the home of every child for whom application is made as a pauper, or for whose release application is made, is visited and investigated.

The Marcella-street Home is the institution to which Boston sends the children whose parents are unable to care for them, or who have been sent by a court. Virtually, the place is a prison, with the children under lock and key. The Trustees, upon taking charge of this Institution, have given much attention to its needs.

The schools are now a part of the public school system, and the children, in cleanliness and deportment, now compare favorably with those in other public schools. The Trustees firmly expect in time to have these children taken into the public schools in the neighborhood.

Danger from fire has been a source of anxiety for a long time, but now new fire-escapes have been provided and the old ones repaired.

The food of the children has been improved, and expenses have been reduced in various ways, consistent with the welfare of the children. Better than all this, however, the number of children has been reduced from 321 to 160. This reduction has been effected by sending the children to homes in the country.

The Board is doing all in its power to bring about the sale of the Marcella-street Home, hoping to be enabled to build a fitting home for these children in a better neighborhood.

With an increased number of boys over any previous year, the necessity of a more suitable location than Rainsford Island has strongly impressed itself upon the Trustees. The entire plant is thoroughly unsuited for a modern reformatory system, and the island is so small as to not permit the erection of new buildings of the kind desired, and leave sufficient space for recreation and outdoor occupation.

It is therefore felt that the necessity of transferring the institution to a more favorable site, and to one on the mainland, will be considered with favor by the City Government.

In the schools, the class-rooms are overcrowded. This cannot be remedied, but must continue till a new institution affords better facilities. The sloyd class in manual training has been continued without interruption during the past year, and is productive of good results.

The Trustees are proposing a merit system, to be based on marks given in all the departments of the institution, by which each boy can tell his standing and the probabilities of his obtaining a release.

The Parental School (removed in 1896 from Deer Island to West Roxbury) was established for the purpose of confining and instructing such children under the age of fourteen years as are found to have become habitual truants from school. The school has twenty-seven and three-quarters acres of land, situated on Spring street, with a frontage of 1,000 feet on the Charles River.

The Institution is fitted to properly accommodate some eighty boys, but on account of an excessive number of inmates, the matter of providing for the children has become a serious problem. The consequence is an inevitable pressure to consider questions of release, not with a view single to the boy's own welfare, but with some reference to the need of making room.

The general report contains also the report of the Agent for the Children's Institutions Department, whose duties are the usual work of investigation of applications for release, finding of country homes or places of employment for offenders, besides various other matters in connection with the Department.

The total number of cases investigated during the year was 384. The number of children boarded with families was 540. A total of 420 were placed in permanent homes, located in all of the New England States, besides New York, New Jersey, Canada and the Provinces. Sixty-eight children have been placed in free homes during the year. The whole number of children subject to visitation at the close of the year was 836.

There have been received 3,700 letters and communications during the year from children and the families in which they live. All inquiries have been answered, and the children encouraged to continue the correspondence.

The demand for boys and girls over school age is greater than the supply.

The reports of the Superintendents, physician, medical staff and teachers are included in the report of the Department. In these are given the financial and statistical statements of the work of the institutions.

GENERAL STATISTICS.

The following table shows the total number of children in Marcella-street Home during the year:

On records January 31, 1897	485
Received from January 31, 1897, to January 31, 1898:	
Neglected boys	13
Pauper boys	120
Neglected girls	14
Pauper girls	90
	237
Total	722

The number discharged during the year was 281, leaving 441 children on the records January 31, 1898.

The following statistics relate to the House of Reformation, Rainsford Island:

Number of boys remaining January 31, 1897	127
Committed during the year	93
Total	220
Discharged	61
Remaining January 31, 1898	159

Following is a table with regard to the commitments of boys, etc., at the Parental School:

Remaining January 31, 1897	117
Committed during year	167
Discharged	139
Remaining January 31, 1898	169
Average age, boys committed (years)	12

There were also three girls remaining at the school on January 31, 1898, whose average age was twelve years, two months.

SCHOOL COMMITTEE.

A special meeting of the School Committee of the City of Boston was held in the School Committee Chamber, Mason-street Building, at 4 P.M., Friday, August 19, 1898, the President being in the chair. Fifteen members were present.

It was ordered, that the Eustis-street Primary School-house be called the Albert Palmer School, in honor of the late ex-Mayor Albert Palmer.

On motion of Mr. Lowell, for the Committee on School-houses, the committee was authorized (1) to execute contracts with I. C. Harris & Co. to erect an addition to the Norcross School for \$1,379, and with W. A. Ferguson for painting for \$947; and (2) to contract with G. G. Baker to erect a building for sanitary purposes at the Charles Sumner School for \$4,018, and with W. N. McKenna to do the plumbing for \$937.

Mr. Lowell, for the Committee on School-houses, to whom was referred, July 19, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to include in their next appropriation, a sum sufficient to place the Phillips School-house, corner Phillips and Anderson streets, Ward 11, in thorough repair, and to make such additions to said school-house as are necessary, according to the plans held by the Superintendent of Public Buildings, reported that they have duly considered the matter and propose to recommend an item to cover the cost of the work suggested in the appropriation for school repairs to be made next year.

Accepted.

Mr. Lowell, for the same committee, to whom was referred, May 24, an order that improved heating and sanitary arrangements be provided for the Sherwin School-house, during the summer vacation, reported that they have given the matter attention, but on account of the limited appropriation available for repairs this year they recommend that the work be deferred for the present.

Accepted, and the recommendation of the committee adopted.

Mr. Strange, for the same committee, to whom was referred, May 10, an order that the Edward Everett Primary School-house,

Sumner street, Dorchester, be supplied with new ventilating apparatus, and other necessary repairs made, reported that they have considered the matter, and recommend that action thereon be deferred for the present.

Accepted, and the recommendation of the committee adopted.

Mr. Lowell, for the same committee, to whom was referred, from the files of last year, an order that the Parkman School-house be surrendered to the City Council, reported that your committee have investigated this matter, and are of the opinion that it would be desirable to utilize this building for storage purposes, and they therefore recommend that no action be taken, for the present, on the order referred.

Accepted, and the recommendation of the committee adopted.

Mr. Lowell, for the same committee, to whom was referred, May 24, an order that the Polk-street Primary School-house, Prescott District, be placed in proper sanitary condition, reported that the amount of the appropriation available for repairs on school-houses, and the more serious conditions existing in other school-buildings, will not permit of favorable action on this matter at present.

Accepted.

Mr. Lowell, for the same committee, to whom was referred, May 24, an order that the Medford-street Primary School-house, Prescott District, be repaired and painted, reported that the matter has received attention, and recommended that no further action by the Board is necessary.

Accepted, and the recommendation of the committee adopted.

Mr. Lowell, for the same committee, to whom was referred, July 19, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to open the yard of the Roger Clap School, Harvest street, as a playground for the children, during the present vacation, reported that the matter has received attention, and your committee recommend that the Common Council be respectfully informed, through His Honor the Mayor, that the yard of the Roger Clap School has been opened for use as a playground as suggested in the communication referred.

Accepted, and ordered to be sent to His Honor the Mayor.

The following orders laid over under the rule, at the preceding meeting, were passed:

(1.) Ordered, That there be paid to Hartvig Nissen, assistant to the Director of Physical Training, the sum of \$120 for extra services performed by him during the past year.

(2.) That of the amount granted to the School Committee under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of the Acts of 1897, the following appropriation be made:

Bowditch School-house, addition, \$13,000.

The Chair read the following:

STREET COMMISSIONERS' OFFICE.

City Hall, August 17, 1898.

TO THE HONORABLE THE SCHOOL COMMITTEE OF THE CITY OF BOSTON:

The Board of Street Commissioners have this day voted as follows:

Voted, That the vote of this Board of November 20, 1896, "That the Board agreed with James T. Maher, upon the sum of \$10,570.95, as payment for his estate at the corner of Chambers and Poplar streets, taken, for school purposes, by the City of Boston, May 22, 1896 (recorded same day), upon said Maher giving to the city a deed for said estate satisfactory to the Law Department," be, and the same hereby is rescinded.

Voted, That the Board agreed with the heirs of James T. Maher, upon the sum of \$11,570.95, as payment for his estate at the corner of Chambers and Poplar streets, taken, for school purposes, by the City of Boston, May 22, 1896 (recorded same day), upon said heirs giving to the city a deed for said estate satisfactory to the Law Department.

The accompanying copy of a letter from the Corporation Counsel, approved by the Mayor, is sent in explanation of the foregoing votes. Respectfully,

J. H. JENKINS, Secretary.

LAW DEPARTMENT.

August 16, 1898.

BOARD OF STREET COMMISSIONERS.

GENTLEMEN: On November 24, 1896, your Board passed the following order:

"Ordered, That there be paid to James T. Maher the sum of \$10,570.95, as payment for the estate at the corner of Chambers and Poplar streets, taken by the Board May 22, 1896, the taking being recorded the same date, for school purposes, on said Maher giving to the city a deed for the same which shall be satisfactory to the Law Department. Passed. Approved by the Mayor, May 27, 1896." Soon after the receipt of the above order, this Department was notified of the pendency of a bill in equity brought by other parties against Maher, in which bill these parties claimed to be the owners of the land, and that the deed under which the grantor, Maher, claimed, was obtained by fraud. The amount was so large that we declined to pay, or call the title satisfactory, until this suit was disposed of, which it was a few months ago by the entry of a finding for the defendant. As the result of the litigation showed that Maher had a good title, I suppose the city had no legal reason for not paying the money, and if suit is brought on the order, that interest probably will be awarded. I understand from Judge Corcoran, who is counsel for Mr. Maher, that he has seen your Board, and that your Board is willing to pay interest. So understanding, I have agreed with him that a fair sum to be allowed for interest would be \$1,000, that being a little less than the interest on the award from January 1, 1897, to date, and making no allowance for any further delay. If I am correctly informed as to your willingness to allow interest under these circum-

stances, I would advise that you rescind the former vote, and pass a new vote awarding James T. Maher the sum of \$11,570.95, and informing the School Committee of your action in the same manner as was done in the case of Elmer F. Hudson, executor of the estate of Reuben Smith. The settlement of the Hudson-Smith matter was made in accordance with a letter from this Department, dated October 25, 1897.

(Signed) Yours truly,
THOMAS M. BABSON, City Solicitor.

Approved.

(Signed) JOSIAH QUINCY, Mayor.

Placed on file.

On motion of Mr. Eaton, for the Committee on School-houses, it was ordered:

(1.) That the order passed by this Board, November 24, 1896, that there be paid to James T. Maher the sum of \$10,570.95, as payment for the estate at the corner of Chambers and Poplar streets, taken by the Board May 22, 1896 (and taking recorded same day), for school purposes, upon said Maher giving to the city a deed for the same which shall be satisfactory to the Law Department, be and the same hereby is rescinded.

(2.) That there be paid to the heirs of James T. Maher the sum of \$11,570.95, as payment for the estate at the corner of Chambers and Poplar streets, taken by the Board May 22, 1896 (and taking recorded same day), for school purposes, upon said heirs giving to the city a deed for said estate satisfactory to the Law Department.

On the motion of Mr. Eaton, for the Committee on New Buildings, it was ordered:

(1.) That the Committee on New Buildings be, and they hereby are, authorized to execute a contract with Frank G. Coburn & Co., in the sum of \$217,900, for constructing the new Dorchester High School-house, said Frank G. Coburn & Co. being the lowest bidders.

(2.) That the Committee on New Buildings be, and they hereby are, authorized to execute a contract with James Fagan, in the sum of \$45,000, for erecting and completing the addition to, and alteration of the Mechanic Arts High School Building, said Fagan being the lowest bidder.

(3.) That the Committee on New Buildings be, and they hereby are, authorized to execute a contract with John J. Flynn, in the sum of \$9,425, for the construction of an addition of two rooms to the Bowditch Grammar School-house, said Flynn being the lowest bidder.

(4.) That the Committee on New Buildings be, and they hereby are, authorized to execute contracts with Frank G. Coburn & Co., in the sum of \$34,900, for erecting and completing; and with Pierce & Cox, in the sum of \$2,765, for furnishing a plumbing system for the new Webster-avenue Primary School-house, the said Frank G. Coburn & Co., and Pierce & Cox being the lowest bidders.

(5.) That the Committee on New Buildings be, and hereby are, authorized to execute a contract with W. H. Keyes & Co., in the sum of \$18,437, for grading the yard of the West Roxbury High School, said W. H. Keyes & Co. being the lowest bidders.

(6.) That of the amount granted to the School Committee under Chapter 408 of the Acts of 1895, as amended by Chapter 442 of

the Acts of 1897, the following appropriation be made: South Boston High School-house, \$44,819.73.

(7.) That the Board of Street Commissioners be requested to take, by purchase or otherwise, for school purposes, a parcel of land supposed to belong to H. M. Cunningham on Quincy and Perth streets and Phipps avenue, bounded northeast by Quincy street, about 155 feet; southeast by Perth street, about 250 feet; southwest by Phipps avenue, about 160 feet, and northwest by other land of said Cunningham, about 185 feet; containing 32,388 square feet, more or less.

(8.) That A. Warren Gould, the architect, be selected to prepare plans for a new grammar school-house on Quincy street, Dorchester District.

Mr. Courtney moved the passage of an order providing that the schools open September 12, instead of September 6, and asked a suspension of the rules.

Suspension was refused.

The Board adjourned at 5.06 P. M.

Special Notices.

POLICE DEPARTMENT.

The following order was promulgated by the Board of Police on August 19:

General Order No. 532.

In the matter of the complaint made by Henry Barber against Reserve Officer Patrick J. McDonough, of Division 3, for violation of Rule XXVI of the Police Manual, the Board finds and adjudges the said Reserve Officer McDonough not guilty and orders the complaint to be dismissed.

UNITED STATES CIVIL SERVICE EXAMINATION.

The United States Civil Service Commission invites attention to the fact that an insufficient number of eligibles resulted from the examination held on June 15, 1898, for cadet, revenue cutter service, Treasury Department; and that in view of the needs of the service another examination will be held at any city in the United States where the Commission has a Board of Examiners, on August 25, 26 and 27, 1898.

Applicants who failed in the June 15, 1898, examination will be permitted to enter the examination to be held on August 25, 26 and 27, 1898, upon filing new applications.

Under the regulations of the Treasury Department, applicants must be not less than eighteen years of age, nor more than twenty-five, of vigorous constitution, physically sound and well formed, not less than five feet, three inches in height, of good moral character and unmarried.

Persons desiring to enter this examination should at once write to Edward E. Stebbins, Secretary, Board of Examiners, Post Office Building, Boston, for application blanks. Form 304, which should be properly executed and promptly forwarded to the Commission at Washington, D.C.

NEXT MEETINGS OF CITY COUNCIL.

The next regular meeting of the Board of Aldermen will be held on Monday, August 29, at 3 P.M.

The next regular meeting of the Common Council will be held on Thursday, September 22, at 7.45 P.M.

COMMERCE OF CERTAIN PORTS OF THE UNITED STATES.

The following table presents a comparative statement of the total value of merchandise entered and cleared at eight principal ports of the United States:

IMPORTS.

WATER CONSUMPTION IN JULY.

According to figures compiled by the Metropolitan Water Board, the total amount of water used during July, 1898, in the Metropolitan District was 2,555,490,000 gallons, or an increase of 8.679 per cent. over the amount used in the month of June, 1898. During July, the average number of gallons drawn daily amounted to 82,435,000 for the district. Of this the average amount drawn daily through the Low Service (which supplies water to Boston, Somerville, Chelsea, Everett, Malden and Medford) was 57,473,000 gallons; while the South High Service

(which serves Boston, Watertown, Belmont and Quincy) delivered a daily average of 19,656,000 gallons; and the North High Service furnished 5,305,000 gallons daily to the district made up of Melrose, Revere, Somerville, Chelsea, Malden, Medford, Everett and Breed's Island.

The increased consumption of water during July is attributed largely to the unusually high temperature which prevailed during the month.

REDUCED RATES TO BOSTON.

In connection with the work of the Boston Bureau of Commerce and Industries, the announcement is made of opportunity for anyone to visit Boston, from September 19 to 24, at practically a one-fare rate from any point in the United States.

The Sovereign Grand Lodge of I. O. O. F. has arranged an excursion to Boston, to include a stop in the city from September 19 to 24, at a one-price fare for the round trip in all territory outside of a 125-mile radius; inside of a 125-mile radius the following arrangements have been made:

Two cents per mile for points within twenty-five miles of Boston; \$1 for points within a radius of from twenty-five to thirty-three miles, and one and one-half cents per mile for a radius between thirty-three miles and the 125-mile limit, excepting points east of Portland, where the rate will be one fare to Portland plus \$3 for the round-trip ticket between Portland and Boston.

MORTALITY STATISTICS FOR THE MONTH OF JULY, 1898.

The following is a statement by the Health Department of deaths for the month of July, 1898, with an enumeration of the principal causes:

SWIMMING CONTEST.

On Saturday, August 27, at 4.30 P.M., the final contest in swimming will be given at North End Park by the winners of the local exhibitions which have been held during the present week. The schedule of both local and final exhibitions is shown on page 453 of THE CITY RECORD.

Board Meetings.

Hospital Department.

Boston, August 10, 1898.

A special meeting of the Trustees, called by the President, was held at the office of Mr. A. Shuman, on August 10, at 12.30 P.M., the President in the chair.

There were present Messrs. Shuman, Sprague, Keany and Burnham.

In the absence of the Secretary, Mr. Sprague was appointed Secretary pro tempore.

It was voted that there be paid to John S. Jacobs & Son the sum of \$8,766.90, on account of their contract of November 23, 1897, for erection of the Ann White Vose Building.

It was voted that there be paid to Wheelwright & Haven the sum of \$219.17, the same being 2½ per cent. commission on \$8,766.90 paid to John S. Jacobs & Son.

Communications were received from the Superintendent, in regard to additions to existing contracts on the recommendation of Messrs. Wheelwright & Haven, architects, and, in accordance therewith, it was

Voted, To add to the contract of Gerry & Northup, dated September 22, 1897, for change and laying drain for Ward S plumbing system, order of addition No. 233, the sum of \$11.44, and the same to be charged to Hospital Appropriation, and the President is authorized to sign the same.

Voted, To add to the contract of Kerrens Driscoll, dated August 14, 1897, order of addition No. 238, the sum of \$66, for matched floor boards for third story of laundry building, instead of plain boards, the same to be charged to New Laundry Building, and the President is authorized to sign the same.

Voted, To add to the contract of Kerrens Driscoll, dated August 14, 1897, order of addition No. 242, the sum of \$17.60, for increase in gas service pipe from two inches to three inches, and the same to be charged to the appropriation for New Buildings, New Laundry Building, and the President is authorized to sign the same.

A report was received from Mr. Rueter, to whom was referred the bills of the Electrical Construction Division, that he has examined the bills and conferred with the representative of the Electrical Construction Division, and recommended a settlement of the bills, and the adoption of a satisfactory control system in the work and material supplied by the Electrical Construction Division. In accordance with said recommendation, it was

Voted, That there be paid to Public Buildings Department, Electrical Construction Division, the sum of \$4,843.18, for materials and labor furnished while installing the electric light plant at the Boston City Hospital.

Voted, That there be paid to Public Buildings Department, Electrical Construction Division, the sum of \$2,598.52, for materials and labor furnished the Boston City Hospital.

A communication was received from the Superintendent, stating that proposals were received and publicly opened as advertised,

at the Superintendent's office, Tuesday, August 9, at 12 M., as follows:

For contract for alteration and extension of the boiler-house: (See THE CITY RECORD, page 481.)

In accordance with the recommendation of the Committee on Power Plant, it was voted that the contract be awarded to Kerrens Driscoll, on his bid of \$21,772.

For contract for placing three new boilers in boiler-house: (See THE CITY RECORD, page 481.)

In accordance with the recommendation of the Committee on Boiler Plant, it was voted that the contract be awarded to E. Hodge & Co., on their bid of \$2,124.

For contract for installing mechanical draft in connection with power-house, the proposals were as follows: (See THE CITY RECORD, page 481.)

In accordance with the recommendation of the Committee on Boiler Plant, it was voted that the contract be awarded to B. F. Sturtevant & Co., on their bid of \$1,660.

It was voted, on the recommendation of the Committee on Boiler Plant, to award to James Beggs & Co., in accordance with the terms of their proposal received on date of February 24, 1897, the contract for placing McClave grates under six boilers, for the sum of \$1,676.

The Committee on Service, to whom was referred the application of Miss Mary S. Ewing for increase of wages as apothecary at the South Department, reported favorably as to the same, and, in accordance with the recommendation, it was

Voted, That on and after Friday, August 5, the salary of Miss Mary S. Ewing, apothecary at the South Department, be at the rate of \$650 per year.

A letter was received from Dr. Lawrence W. Strong, second assistant in pathology, resigning his position, to go into effect August 31. This was referred to the Medical Committee, who recommended that the resignation be accepted, and it was so voted.

A communication was received from Dr. W. P. Bolles, in regard to the declination of Dr. John T. Bottomley to the position of fourth assistant visiting surgeon, and the same was ordered to be placed on file.

Boston, August 17, 1898.

The regular meeting of the Trustees was held at the office of Mr. A. Shuman, on August 17, at 12.30 P.M.

There were present Messrs. Shuman, Sprague, Keany and Burnham, the President in the chair.

In the absence of the Secretary, Mr. Sprague was appointed Secretary pro tempore.

The regular monthly bills were submitted and approved, and it was voted that the President be authorized to draw upon the City Treasurer for the amount thereof, \$17,766.76.

It was voted that there be paid to the Public Buildings Department, Repairs Division, the sum of \$2,315.31, for labor and materials furnished for plumbing for the new laundry building.

It was voted that there be paid to the Paine Furniture Company the sum of \$252, on account of furniture.

It was voted that there be paid to John H. Proctor & Co. the sum of \$560 for labor and materials.

A communication was received from the Superintendent showing receipts from paying patients for the month of July. The same was ordered to be placed on file.

The Medical Committee reported favorably upon the nomination of Dr. Charles S. Knight, as second executive assistant, and he was so appointed.

It was voted that the Committee on Power Plant be authorized to prepare plans and specifications for renewing the main heating return and main drainage pipe in conduits under the South Department, and to obtain definite estimates upon the same, with full powers to take action in the matter.

It was voted that the Medical Committee be authorized to make a provisional appointment of a second assistant in pathology, to fill the vacancy caused by the resignation of Dr. Strong.

Circular No. 45 from the office of the Mayor was read, and the same was ordered to be placed on file.

The President reported that application had been made by the Massachusetts Auxiliary Aid Association, through Dr. Edward H. Bradford, asking what accommodations could be afforded to United States volunteer soldiers, provided they were paid for by the United States Government. After consideration, it was voted to afford accommodation to as many as possible, up to the number of 100 patients.

The Medical Committee reported favorably upon the request of Dr. Ernest E. Doble for an extension of absence from the Out-Patient Department, and, in accordance with such recommendation, extension of absence was voted.

HENRY H. SPRAGUE,

Secretary pro tempore.

Overseeing of Poor Department.

A meeting of the Board of Overseers of the Poor was held August 3, 1898, at 3 P.M.

Present: Mr. Fowler (Chairman), Miss Rogers, Mrs. Wolcott, Dr. Stuart, Mr. Kerrigan, Mr. Mullen, Mr. Humphreys, Miss O'Brien, Mr. Sproules and Dr. Campbell.

The following votes were taken:

Voted, To draw on the city treasury for \$2,000.

Voted, To approve the monthly bills and pay-rolls.

Voted, To approve the bills of the Temporary Home and the Lodge for Wayfarers for the month ending July 10, 1898.

Circular No. 43 from His Honor the Mayor, calling attention to the provision of law with regard to the use of standard ink, was read. The Chairman stated that the ink is now used as required by law.

The report of the Quarterly Conference with the Institutions Trustees, held June 29, 1898, was received and placed on file.

Voted, That Mr. E. C. Marshall, Acting-Registrar, be and hereby is authorized to sign as agent for the Overseers of the Poor, notices to the State Board of Lunacy and Charity required by the provisions of Chapter 86, Section 25, Public Statutes, for such sick State poor as may be in charge of the Pauper Institutions Trustees.

Voted, That Mr. E. C. Marshall, Acting-Registrar, be and hereby is authorized to

sign as agent for the Overseers of the Poor, notices to the Overseers of the Poor of cities and towns in the Commonwealth of Massachusetts, required by the provisions of Chapter 84, Section 28, Public Statutes, for such persons in distress and in need of immediate relief, whose lawful settlement is claimed in cities or towns other than the City of Boston.

A communication was received from the Superintendent of the Repairs Division, estimating the cost of repairing the fence in front of the Temporary Home at \$100.

Voted, That the committee in charge investigate the liability of the owner of the runaway horse which broke the fence.

A communication from the Engineer, with regard to needed repairs, was referred to Committee on Building, with full powers.

The Committee on Finance reported that they had examined the accounts for the months of June and July, and found them to be correct.

The monthly report of the Temporary Home was read by Miss Rogers, and was accepted and placed on file.

The monthly report of the Lodge and Woodyard was read by Mr. Humphreys, and was accepted and placed on file.

Dr. Stuart, for the Committee on Burials, spoke of the law of 1898 with regard to the disposition of bodies, and recommended that the act be referred to the committee, with the Chairman of the Board added.

Voted, That the recommendation of the committee be adopted.

On recommendation of the Committee on Charlestown Medical Relief, it was voted: That the office of physician of this Board for the Charlestown District be abolished October 1, 1898; and that Dr. R. W. Sprague be notified that his services as such physician will be dispensed with from and after that date.

It was voted, on recommendation of the same committee: That on and after October 1, 1898, the visitor for the Charlestown District be authorized to employ a physician when sick cases in his charge are unable to go to a hospital or dispensary for treatment, on such terms as may be arranged by the committee; in the employment of physicians, Dr. Sprague to be given the preference.

It was also voted that the Medical Committee make regulations with regard to the employment of physicians by the visitor and overseer.

Voted, That the Committee on Supplies be authorized to contract for delivery of fuel to the poor during the coming winter.

BENJAMIN PETTEE, Secretary.

Department Communications.

Health Department.

Old Court House, August 15, 1898.

At a meeting of the Board of Health, held August 5, it was voted to order the building, 108 Merrimac street, vacated preliminary to its removal.

On August 8, the Board of Health adjudged that the public health requires that the following-named private passageways be paved with stone, brick or asphalt, and it was voted to recommend the pavement of said passageways:

Oliver place, from 83 Essex street; the passageway rear of 627 to 635 Shawmut avenue, and 2 to 102 Sawyer street, and 3 to 109 Kendall street; Oxford place, from 24 Harrison avenue; the passageway from 23 Norman street; the passageway between Oliver street and Batterymarch street; Spear place, from 16 Pleasant street; Warrenton place, from 58 Warrenton street to Pleasant street.

The following applications for the occupancy of stables were granted:

John D. Morton, Brookledge street, three horses; Freedom V. Joy, Orange street, two horses; Charles C. Collins, Hampden street, fifty-eight horses; Cullen Brothers, Stedman street, eight horses.

The following shows the work of inspection done at the Abattoir for week ending August 12:

Steers	205
New England cows	11
New England bulls	1
Western bulls	5
Sheep	119
Calves	378
Total	719

The following articles of food were condemned by the Inspector of Provisions during the week ending August 13, 1898:

Five hundred and three pounds of immature veal; 765 pounds of tainted beef; 548 pounds of tainted poultry; 104 pounds of tainted pork; seventy pounds of tainted ducks; thirty pounds of tainted mutton; twenty-three crates, thirty barrels of melons; one barrel of pears; eight bushels of tomatoes; five bushels of cucumbers; sixty quarts of blackberries.

Dr. Hibbert W. Hill, Director of the Bacteriological Laboratory, makes the following report on diphtheria diagnoses, made during the week ending August 13, 1898:

Cultures.	Primary.	Secondary.	Totals.
Positive	5	9	14
Negative	6	4	10
No growth	1	0	1
Totals	12	13	25

Remarks: Typhoid diagnosis: one case; negative.

C. E. DAVIS, JR., Secretary.

Penal Institutions Department.

32 Tremont Street, August 8, 1898.

E. C. MARSHALL, Commissioner.

Wire Department.

Old Court House, August 8, 1898.

The following is a summary of the work performed by this Department, for the week ending August 7:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.

Inspections made	479
Defects reported	86
Defects corrected	79
Notices of new work received	92
Dead wire removed (feet)	15,200
Fixtures removed	18

Fire, August 3, Box 85, reported to be due to electrical causes, has been investigated, with the result that said fire was found to be due to causes other than those of an electrical nature.

Fire, August 4, Box 53, by electricity, as investigation showed was caused by workmen removing support, for Edison Company cables in Head place while excavating for new Masonic Temple site.

UNDERGROUND DIVISION.

Electrical approvals for street openings have been granted, as follows:

Conduit construction	2
Building connections	15
Pole connections	1

Inspections made:

Conduit construction	10
Building connections	11
Lamp connections	2
Repairs	7
Cable drawings	21
Installation of underground transformers	6

Progress of work:

Feet of conduit completed	3,820
Feet of duct laid	39,022
Feet of cable drawn in	12,647
Service connections	28
Manholes built	23

THOMAS W. FLOOD, Commissioner.

The Board of Estimate and Apportionment of New York City completed the budget for 1898 on August 22. Its amount is \$77,551,222 for the entire city.

The tax rate of the Boroughs of Manhattan and the Bronx, for 1898, as unanimously adopted by the Council and Board of Aldermen on August 23, is \$2.01 on \$100.

AMERICAN STREET RAILWAY ASSOCIATION.

The Seventeenth Annual Convention of the American Street Railway Association will be held in Boston, from September 6 to 9 inclusive. Papers upon various subjects relating to the operation of street railways will be read by members of the Association.

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending August 20, 1898, are as follows:

Death rate for the week	27.7
Death rate for corresponding week, 1897	21.3
Number of deaths:	
Males	158
Females	124
Total	282
Total deaths in corresponding week, 1897	212
Increase	70

Of the 282 decedents, 273 were white and 9 colored; 206 were born in the United States, 74 in foreign countries, and the birthplace of two was unknown; 55 were of American parentage, 203 of foreign parentage, and the parentage of 24 unknown.

INFECTIOUS DISEASES.

	Cases.	Deaths.
Diphtheria	27	2
Scarlatina	10	2
Typhoid fever	20	5
Measles	13	0
Totals	70	9

PRINCIPAL CAUSES OF DEATH.

Consumption	16
Pneumonia	12
Whooping cough	1
Heart disease	18
Bronchitis	7
Maramus	18
Violent causes	13
Total from principal causes	85
Total from infectious diseases	9
Total from other causes	188
Total from all causes	282

Deaths of children under 1 year	128
Deaths of children under 5 years	149
Deaths of persons over 60 years	42
Deaths in public institutions	74

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 22, 1898.

The Street Department of the City of Boston invites proposals for building sewer work in Newburg street, West Roxbury District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

Advertisements.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Monday, August 29, 1898, his bid and a certified check for \$1,000, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

STREET DEPARTMENT.

READVERTISEMENT.

Boston, August 20, 1898.

The Street Department of the City of Boston invites proposals for building about 11,400 linear feet of sewer work in Temple and Perham streets, West Roxbury District, Boston, Mass., according to the office copy of the contract and plans, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Friday, August 26, 1898, his bid and a certified check for \$1,500, which is to be the property of the city if the contractor fails to carry out his proposal. Persons desiring specifications must deposit the sum of \$5, which will be returned to all bidders, otherwise it will be forfeited to the City of Boston.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 18, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Nottingham street, at Dorchester, be laid out as a highway, from Bowdoin avenue, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the first day of September, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 18, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that Brook place and Clifton park, at Dorchester, be laid out, from Dudley street to Clifton street, as a highway, with the name of Rockford street, and constructed, by grading, and covering with pavement, gravel or other material, substantially as shown on a plan of said highway in the office of this Board—that they intend to take the action so required under the provisions of Chapter 323 of the Acts of 1891 and acts in amendment or addition thereto, and—that they appoint 11 o'clock A.M., of the first day of September, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for doing the plumbing and other work in the Dudley Grammar School, Dudley street, Roxbury, for the City of Boston.

A satisfactory bond in the sum of \$500 for faithfully doing the work will be required. The office copy of the contract and plans may be seen and the proposals obtained at the office of the Superintendent of School Buildings, Room 30, Old Court House, Boston, Mass.

The bidder must fill out the amount of his proposal so obtained, sign it and leave it and a certified check for \$100 at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of August 30, 1898.

This check is to be the property of the city if the contractor fails to carry out his proposal. The undersigned reserves the right to reject any and all proposals or to accept the proposal he deems best for the city.

THOMAS F. STRANGE,

Chairman of the Committee on School-houses of the School Committee of said city.

CITY OF BOSTON.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON:

August 23, 1898.

Ordered, That due notice be given—that this Board are of the opinion that the public necessity and convenience require that the stream or water-course, at West Roxbury, known as the Franklin Park Brook, be located anew from Calder street to Blue Hill avenue, and that any parts of the original channel from which said water-course may be diverted between said points be filled up, and that lands be taken for said purpose, substantially as shown on a plan of said lands deposited in the office of the Street Department of the City of Boston—that they intend to take the action so required under the provisions of Chapter 426 of the Acts of the Legislature of 1897, and—that they appoint 11 o'clock A.M., of the seventh day of September, 1898, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed this day.

Attest: J. H. JENKINS, Secretary.

COMMONWEALTH OF MASSACHUSETTS.

METROPOLITAN WATER BOARD—SEWERAGE SYSTEM.

Boston, August 17, 1898.

Sealed proposals will be received at the office of the Metropolitan Water Board, 3 Mt. Vernon street, Boston, Mass., until 2.30 o'clock P.M., of Thursday, September 1, 1898, for constructing Sections 1 and 2 of the Clinton Sewerage System. Section 1 includes filter beds, covering about twenty-three and one-half acres, with carriers, under-drains and other appurtenances; also 1,180 linear feet of twenty-four inch sewer pipe leading to the beds. Section 2 includes about 5,400 feet of intercepting sewer, twenty, twenty-four and thirty inches in diameter, a masonry reservoir having a capacity of 600,000 gallons, the foundations for a pumping-station and an eighteen-inch cast iron force main about 2,290 feet long. Pamphlets containing further information for bidders, forms of proposal, contract and specifications will be mailed to contractors who apply to the Chief Engineer, or may be obtained at his office, 3 Mt. Vernon street, and at the office of the Metropolitan Water Board, at Clinton, Mass. Plans may be seen at both these offices. The Board reserves the right to reject any or all proposals and to accept the proposal deemed best for the Commonwealth. HENRY H. SPRAGUE, Chairman; WILMOT R. EVANS, HENRY P. WALCOTT, Metropolitan Water Board. FREDERICK P. STEARNS, Chief Engineer; WILLIAM N. DAVENPORT, Secretary.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 23, 1898.

The Board of Street Commissioners, in accordance with Chapter 323 of the Acts of 1891, and amendments thereto, having passed orders for the laying-out and construction of the following highways:

SOUTH BOSTON.

Leeds street, Woodward street to Dorchester avenue.

WEST ROXBURY.

Forest Hills street, Washington street to Glen road. Spring street, Centre street to Gardner street.

DORCHESTER.

Homes avenue, Bowdoin street to Topliff street. Middleton street, from Norfolk street. Millet street, Park street to Athelwold street. Spencer street, Park street to Athelwold street. Stanley street, Quincy street to Bellevue street. Thane street, Park street to Athelwold street.

ROXBURY.

Amory street, School street to Bragdon street. Bragdon street, Columbus avenue to Amory street. Devon street, Blue Hill avenue to Columbia road. Francis street, Huntington avenue to Brookline avenue. Shirley street, Norfolk avenue to Massachusetts avenue.

CITY PROPER.

Canal street. Notice is hereby given that the Street Department is about to do the work contemplated in said order, and that all work to be done in said highways by all persons or corporations having rights in the same to lay or repair either sewer, gas, water or other pipes must be done before Wednesday, September 14, 1898, as after that time no permits for openings will be granted until two years after said highways are completed.

BENJ. W. WELLS, Superintendent of Streets.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, SEPTEMBER 1, 1898.

Number 35.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,
611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENT CONFIRMED.

At its meeting held on Tuesday, August 30, the Board of Aldermen confirmed the appointment, by His Honor the Mayor, of Charles A. Horrigan, to be a constable, for the term ending April 30, 1899.

REPORT ON PUBLIC LIGHTING.

Hon. Nathan Matthews, jr., has submitted to the Boston Electric Light Company a report on public electric lighting in the cities of Detroit, Chicago, St. Louis, Cincinnati, Baltimore, Philadelphia and New York, together with a comparison between the conditions and prices obtaining in these cities and those obtaining in the City of Boston. The report has been printed, and constitutes Public Document No. 117. It accompanies the message of His Honor the Mayor to the City Council (see page 505) relative to the proposed extension of the existing contract for public lighting in the city. An abstract of the document follows:

The report shows at the outset the difficulties in the way of a comparison between the prices charged for public lights in one place and those charged in other places, inasmuch as the electric arc lamps, used for public lighting, vary as to the quantity of light emitted, and the hours of lighting are fixed differently in various places. The most practical and accurate method of comparison is to divide the towns and cities into groups, according to the general conditions of candle power and running time, and thus compare the prices paid by one town with the prices paid by other towns for similar service.

The present situation in the City of Boston is given in detail. The territory covered by the six companies doing business in this city, and the nature of the operations of each, are shown in general, and the field covered by the Boston Electric Light Company is more particularly indicated.

Mention is made that while the company enjoys, theoretically, at least, the protection given under Chapter 314 of the Acts of 1885 concerning competition, it derives little practical help from it, because Boston happens to be the only large city in the State where there are two companies, each competing with the other for commercial business and dividing it between them. The Edison Company procured its franchise just prior to the passage of the above-mentioned act, and is now doing two-thirds of the commercial business in the territory in question.

The acts of the Legislature of 1894 and 1898, relative to placing wires underground, impose an added obligation on the company. There has already been expended in compliance with the conditions of the first-named act, \$800,000, and at the end of the ten-year period 70 per cent. of the company's wires shall have been placed underground, at a total cost of from \$1,300,000 to \$1,500,000. In connection with this, it is pointed out that on account of the narrowness and crookedness of the streets the cost of laying underground conduits is greater in this city than anywhere else.

The report gives in much detail a summary of the earnings and expenses of the Boston Electric Light Company, together with the amounts paid for coal, water, insurance and taxes, and concludes by reviewing the service performed for the city as to number of lights furnished, annual cost per light, and area covered.

In a similar manner the conditions obtaining at Detroit, Chicago, St. Louis, Cincinnati, Baltimore, Philadelphia and New York are set forth at length, concluding with the following summary:

City.	Price per light per annum, corrected for conditions existing in Boston.
Boston (average price)	\$127 25
Detroit Municipal Plant (on commercial basis)	134 57
Chicago Municipal Plant (on commercial basis)	154 80
Chicago Company (underground contract)	129 20
Chicago Company (overhead contract),	128 43
St. Louis	103 57
Cincinnati	110 89
Baltimore street lights	154 08
Baltimore park lights	122 66
Philadelphia (average price)	143 33
New York	139 80

After stating certain conclusions, the report says:

That the terms proposed by the Boston Electric Light Company are, taking into account the differences in local conditions that cannot be represented in dollars and cents as well as those which can be thus represented, probably as low as (and perhaps lower than) the price charged by any company in any of the cities named that has taken a contract upon a fair commercial basis, and is rendering a service as good as that of the Boston company.

In view of all the circumstances of the case it is suggested that the company make to the city the following propositions:

1. To renew the contract, and furnish the new poles and lamps, with a proviso that for every increase of 250 in the number of lights the price should be reduced by one-half a cent per night, until the sum of thirty cents per night is reached. The sliding scale thus suggested would be as follows:

Number of lights.	Price per night.	Price per annum.
2,500	\$0.35	\$127 75
2,750	0.34½	125 92
3,000	0.34	124 10
3,250	0.33½	122 27
3,500	0.33	120 45
3,750	0.32½	118 62
4,000	0.32	116 80
4,250	0.31½	114 97
4,500	0.31	113 15
4,750	0.30½	111 32
5,000	0.30	109 50

The park lights to be one cent less per night.

2. To provide that at intervals of three years the city may, if it sees fit, have the price arbitrated through a commission of three persons to be selected—one by each party and the third by the two persons thus selected; the basis of the arbitration to be the cost of production, plus equitable allowances, agreed to in advance, for depreciation and profit.

REPRESENTATION AT BRISTOL, ENGLAND.

The following correspondence has passed between His Honor the Mayor and the local authorities in charge of the meeting of the British Association for the Advancement of Science at Bristol, England:

BRITISH ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE.

Bristol Meeting, September 7-14, 1898.

Bristol, April 1, 1898.

HIS HONOR JOSIAH QUINCY, Mayor of Boston, Mass., U.S.A.

DEAR SIR: We are requested by the Local Executive Committee, and on behalf of the citizens generally, to send you a cordial invitation to attend the meeting of the British Association arranged to be held here in September next, from the seventh to the fourteenth.

In doing so, we need hardly remind you of the close connection which has existed between Bristol and North America ever since Cabot landed on the Western continent.

Last year this city sent representatives in the persons of two ex-mayors to Halifax to take part in the proceedings held under the auspices of the Royal Society of Canada and the inauguration there of the Cabot Memorial; on the same day in Bristol the foundation stone of the Cabot Tower, as a Bristol memorial, was laid here by the Most Honorable the Marquis of Dufferin, K. P., and it has been arranged that this tower, which is now approaching completion, shall be opened on September 6 so as to give those attending the meeting of the British Association an opportunity of being present. Lord Dufferin has kindly consented to perform this ceremony also.

We may add that, entirely apart from this particular function, the local committee above referred to will spare no pains to make the visit of the British Association to our city a successful and pleasant one, and as they particularly wish to draw closer the bonds which unite the citizens of Bristol to the great Republic, we trust that you or some member of your Council will accept this invitation, in which case the local committee will be glad to welcome you as their guest.

Yours faithfully,

ARTHUR LEE,

BERTRAM M. H. ROGERS,

Local Honorary Secretaries.

BRITISH ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE.

Bristol Meeting, September 7-14, 1898.

Bristol, May 9, 1898.

HIS HONOR JOSIAH QUINCY, Mayor of Boston, U.S.A.

DEAR SIR: I am greatly obliged by receipt of your letter of the twenty-ninth, and regret exceedingly that the nature of your official duties, particularly during the time when the United States is at war, may prevent you from accepting our invitation to come to Bristol in September next. I

trust, however, that if you are unable to come yourself, that we may yet hope to have your city represented in some way or other.

When September comes, the war, I sincerely trust, may be of the past, and that then it may be only left to this country and to yours, so closely allied in race, to draw yet closer together in defence of our common interests, of which the greatest of all is an honorable peace. I hope by then it may be clearly seen that the interests of both nations are identical. Neither wish for territorial aggrandizement, but it is of consequence to both, to keep the doors open to the markets of the world.

I am sure that all our citizens will warmly appreciate the courtesy of Boston if your city is represented here next September. The new line of steamers trading between your port and ours is, we trust, but the forerunner of a great passenger traffic which will make Bristol and Boston worthy competitors, in this particular matter, with New York and Liverpool. It is to Boston we look for a great extension of trans-Atlantic trade, and I sincerely trust we may have some representative of your city here when the question of how best to extend that trade is discussed.

Very respectfully yours,

ARTHUR LEE,

Local Honorary Secretary.

In response to the above invitation, His Honor the Mayor has appointed Hon. John W. Candler as the representative of the City of Boston, on the occasion of the dedication of the Cabot Memorial Tower in Bristol.

SCHOOL YARDS FOR PLAYGROUNDS.

The following report in the matter of opening school yards for playgrounds has been made to His Honor the Mayor by the Acting-Superintendent of Public Buildings:

Boston, August 10, 1898.

HON. JOSIAH QUINCY, Mayor.

DEAR SIR: In accordance with your instructions, I herewith report the progress being made in the matter of opening some of the city school yards as playgrounds for children. The necessary permission to open these yards was secured from the Committee on Schools and School-houses of the School Committee on Wednesday, July 27. The next morning, at 10 o'clock, fourteen school yards were thrown open, and several days later other yards were opened, making the total at the present time nineteen.

From the expressions of opinion which come daily to this Department, other yards could be opened; but, as the outdoor summer season is almost at an end, it was thought best to keep the yards open within reasonable limits. In the next summer, it would be feasible to open at least a dozen more yards in various parts of the city. There is a public demand for such action, and, from present evidence, there is no matter in which the mothers and guardians show greater interest. Many of the poor women in the tenement districts who are compelled to work to support their little families, find

the school yards of great convenience. As several of them have written to this Department, they now feel that they can go away certain hours of the day with the knowledge that their children are in good hands.

The age of the children who visit these yards is from twelve months to fourteen years. Occasionally older boys appear in the yard, but the number has greatly decreased of late. The older boys at the start attempted to create trouble, but through orders from the Superintendent of Police to the officers of the route, valuable assistance was given to the matrons. At the present time there is very little friction, the matrons having matters well in hand.

The yards are open from 10 A.M. to 4 P.M., weather permitting. In some localities, notably in the tenement districts, this Department has been able to open the basements of the school in inclement weather. The largest attendance at the school yards is in the North and West Ends and the South Boston Districts. At the Hancock School, North End, on a daily average, more than 300 children are cared for by the matron and her assistant. The average per school is in excess of 101 children per day. From 2,500 to 3,000 children have been cared for per day. Occasionally this figure has grown smaller, and, in a few instances, more than 3,500 children have enjoyed the run of the yards. This Department, in accordance with the instructions of Your Honor, has provided the matrons with sand-buckets, shovels, skipping-ropes, tenpins, base balls, and other games, for the use of the children. These are given to the children in the morning and they give them back to the matrons at closing time. The loss of articles, even in the most thickly populated yards, has been very slight.

Very respectfully yours,

JOHN DROHAN,

Acting-Superintendent of Public Buildings.

LABOR DAY PARADE.

The sum of \$1,500, which has been appropriated by the City of Boston toward the observance of Labor Day, Monday, September 5, will be divided as follows:

\$500 to the New England Amateur Rowing Association.

\$333.33 to the Building Trades.

\$333.33 to the Knights of Labor.

\$333.33 to the Central Labor Union.

By an order passed by the Board of Aldermen, on July 11, the following-named streets will be closed during the annual parade of the labor organizations:

For the formation—Albany and Swett streets and Massachusetts avenue.

For the parade—Massachusetts avenue, to Harrison avenue, to Eustis street, to Washington street, to Roxbury street, to Linden Park street, to Tremont street, to Dedham street, to Washington street, to School street, to Beacon street, to Charles street.

The Municipal Art Society of New York has instituted a competition, with substantial prizes, for the design of a flagstaff to be erected in front of the City Hall.

**RESULT OF FINAL EXHIBITION
IN SWIMMING.**

Following are the names of the successful contestants, to whom prizes were awarded, in the final swimming exhibition which was held at North End Park on Saturday afternoon, August 27. The prizes were of gold, silver and bronze, and were competed for by this year's pupils who had taken first and second prizes in the local exhibitions which had been held during the preceding five days:

GIRLS.**Graceful Swimming:**

Bessie Anderson, South Boston.
Katie Doody, Dorchester.
Carrie Sanders, East Boston.

Twenty-yards Dash:

May Devlin, South Boston.
Wera Allen, West End District.
M. J. Gilmartie, West End District.

Swimming on Back:

Mary Fallon, Dorchester.
Mary MacGourey, North End District.
Mary Brandberg, South Boston.

Standing Dive:

Agnes McElroy, South Boston.
Mary Dwyer, North End District.
C. Mariman, South End District.

Running Dive:

Mary Cook, North End District.
Mary Higgins, North End District.
Agnes McElroy, South Boston.

Swimming under Water:

Sadie O'Brien, South End District.
M. Croak, Roxbury.
Lizzie Doherty, North End District.

Floating:

Rapheallo Rossi, North End District.
Mary Brandberg, West End District.
A. Brady, South Boston.

BOYS.**Graceful Swimming:**

Samuel Hyams, South Boston.
John Sullivan, Warren Bridge District.
James Quinn, North End District.

Twenty-yards Dash:

Richard Foley, Warren Bridge District.
Daniel Hurley, Charlestown.
Frank Roue, Charlestown.

Swimming on Back:

W. J. Toland, Charlestown.
Henry Monks, South Boston.
James Goss, Dorchester.

Standing Dive:

A. May, Dorchester.
Master Wanberg, Dorchester.
L. Dwyer, South Boston.

Running Dive:

J. Morgan, South End District.
James Quinn, North End District.
W. Linton, South Boston.

Swimming under Water:

A. Driscoll, Warren Bridge District.
Frank Amenn, Charlestown.
R. Glynn, Dorchester.

Floating:

J. McIntire, Warren Bridge District.
J. Calahan, Dorchester.
M. Aranson, South End District.

Between 6,000 and 7,000 people witnessed the final exhibition. The swimming schools will conclude their work on Saturday, September 3, 1898,

ACTION OF BOARD OF ALDERMEN.

At a meeting of the Board of Aldermen held on Monday, August 29, to take action on the death of soldiers of the Ninth Massachusetts Regiment, Alderman Charles offered the following resolutions, which were adopted unanimously by a rising vote:

Resolved, That the Board of Aldermen has learned with deep sorrow of the death, by disease contracted in the military service of the country in Cuba, of Major Patrick J. Grady, Major Michael J. O'Connor, Corporal Joseph D. Lane and Private Francis W. Carey, of the Ninth Regiment, Massachusetts Volunteers, citizens of this city;

Resolved, That, as a mark of public respect for our late fellow-citizens, and of appreciation of the heroism which led them to sacrifice their lives in the nation's service, the Board of Aldermen attend in a body the funerals of the deceased, and send a suitable floral piece;

Resolved, That, in view of the fact that the late Corporal Lane was an official of the city, temporarily leaving its service to join the army, this Board expresses its sense of the loss which the city has sustained by his death, and offers its respectful condolences to his family;

Resolved, That engrossed copies of these resolutions be sent to the families of the deceased.

ACTION OF COMMON COUNCIL.

At its meeting held Tuesday evening, August 30, the following resolutions concerning the death of soldiers of the Ninth Massachusetts Regiment, offered by Councilman Hickey, were unanimously passed by a rising vote of the Common Council:

Whereas, Major Patrick J. Grady, Major Michael O'Connor, Corporal Joseph D. Lane and Privates Francis W. Carey and Michael M. Burke have, in accordance with the decree of Almighty God, died in the service of our country; and

Whereas, Their beautiful example of bravery and devotion to the flag of their country shall live forever, and prove an inspiring incentive to those of future generations; be it

Resolved, That the Common Council of Boston, in meeting assembled, still bowing humbly to the workings of the Creator, deeply deplore the sad and untimely ending of these brave men whose loyalty, bravery and heroism made them shining marks for the angel of death; and be it further

Resolved, That the Common Council of Boston hereby tenders its sincerest sympathy to the relatives and friends of the deceased.

CLOSING OF SCHOOL YARDS.

The school yards of the city will be closed on September 1, in order to do the necessary cleaning preparatory to the opening of the public schools September 6.

**RESOLUTIONS OF BOARD OF
ALDERMEN.**

At its meeting held on August 30, the following resolutions regarding returning soldiers and sailors of the United States, offered by Alderman Paige, were passed by the Board of Aldermen under a suspension of the rule:

Whereas, citizens of this city and Commonwealth, who patriotically volunteered to serve the United States Government as soldiers and sailors in the war with Spain, and because of their exceptional efficiency were ordered to and did participate in the campaign for the capture of Santiago de Cuba and Porto Rico, are now returning or about to return to our city with ranks broken by Spanish bullets, or the more deadly tropical diseases, and with health impaired by almost incredible privation and exposure to every hardship, and are reported to be in need of medical attendance, wholesome and nourishing food, and healthful places of rest and recreation, and

Whereas, our said citizen-soldiers and sailors so gallantly conducted themselves in battle, and so bravely and patiently endured the hardship and suffering incidental to a military campaign in midsummer in a climate rank with pestilence, as to achieve for themselves undying glory, and to reflect upon our city and Commonwealth unexcelled credit and honor, and

Whereas, the most that can be done for these brave men by the City of Boston will but slightly express the gratitude and admiration of our citizens; therefore be it

Resolved: First—That the City of Boston extend, and it hereby does extend, its profound thanks to those of its patriotic citizens, who, in the service of the United States, have so faithfully and so fearlessly represented this city and Commonwealth, and so splendidly and completely sustained the high reputation of the soldiers and sailors of Massachusetts.

Second—That His Honor the Mayor be, and he hereby is authorized and empowered to extend to all returning soldiers and sailors, the hospitality and freedom of the city; that he place at their disposal, if they shall be needed, all the hospital facilities of the city, and such of the city buildings as may be useful for places of shelter, or of rest and recreation; to provide comfortable and ample means of transportation from the cars, or other landing places, to their respective destinations, and to, in any emergency that may arise, do for said soldiers and sailors on behalf of the city, whatever may be demanded for their health, comfort and refreshment.

Third—That His Honor the Mayor be, and he hereby is authorized and empowered to extend such courtesies and assistance as in his judgment may seem best, to the soldiers and sailors of other States, and to those of the regular army and navy who are passing through or are detained in our city.

Fourth—That His Honor the Mayor be requested to carry out the foregoing resolutions.

Messages from the Mayor.

TO THE BOARD OF ALDERMEN.

An adjourned regular meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, Tuesday, August 30, 1898, at 3 o'clock, Chairman Conry presiding. Absent, Aldermen Charles and Dyar.

Appointment by the Mayor.

OFFICE OF THE MAYOR,
City Hall, August 30, 1898.

TO THE BOARD OF ALDERMEN:

I hereby appoint, subject to your approval and confirmation, John Drohan, to be Superintendent of Public Buildings, for the term ending April 30, 1899, to fill the vacancy caused by the death of the late Colonel Fred. B. Bogan.

In making this nomination, I think it proper to state that I shall later recommend that the Repairs Division of the Public Buildings Department be made an independent department by itself, and when such change has been made it may be proper to fix the salary of the Superintendent of Public Buildings at a somewhat lower sum than it now stands at.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Laid over, under the law.

The following messages were received:

Provision for Sick and Wounded Soldiers.

OFFICE OF THE MAYOR,
City Hall, August 27, 1898.

TO THE CITY COUNCIL:

I have felt entirely warranted in proceeding, without an express vote of the City Council, which could not very well be obtained in the summer vacation, to authorize the City Hospital and other departments to make the necessary arrangements for caring for such sick and wounded soldiers as might require hospital treatment in this city. The City Hospital has already received sixty-eight cases, and in view of the expected arrival here of the hospital ship "Bay State," and perhaps of other vessels, bringing sick and wounded soldiers, I have authorized the City Hospital Trustees to make certain expenditures which have enlarged the temporary accommodations which could be provided, by about 135 beds. The Trustees for Paupers have arranged to take care of over 100 additional patients at the Long Island Hospital, and a considerable additional number can be accommodated at Deer Island, if necessary.

I now desire to ask the City Council to pass the accompanying order, so that all

expenditures necessary on this account may be specifically authorized. There does not seem to be any proper account to charge these expenses to, as many of the soldiers are not citizens of Boston, except to the incidental expenses of the City Council.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Ordered, That His Honor the Mayor be authorized to incur such expenses as may be necessary to provide for the temporary care of sick and wounded soldiers by the hospitals or departments of the city, and that the expense of the same be charged to City Council, incidental expenses.

The message was sent up, and the order was passed.

Location of Tracks on Atlantic Avenue.

OFFICE OF THE MAYOR,

City Hall, August 30, 1898.

TO THE BOARD OF ALDERMEN:

I transmit herewith, in order that they may be placed on file and become a matter of record, a set of plans showing the location granted by me to the West End Street Railway Company for double tracks and curves of the said company on Atlantic avenue, from north of Summer street to Kneeland street, and on Summer street, from Federal street to east of Atlantic avenue; the said location being granted under authority of Chapter 516 of the Acts of 1896.

Respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

Special Loan Appropriation for Baths Department.

OFFICE OF THE MAYOR,

City Hall, August 27, 1898.

TO THE CITY COUNCIL:

I am obliged again to ask for certain special loan appropriations to reimburse the Baths Department for expenditures made, on construction account, in placing the various bathing establishments in proper condition to meet the wants, and serve the convenience of the public, and for furnishing and equipping the same. While the growth of the work of this new Department has been rapid, necessarily involving considerable expenditures, yet the facilities furnished have been carefully increased, and have constantly been behind the actually demonstrated requirements of the public, rather than in advance of them. The new policy of the city in respect to baths, while it has been a liberal one compared with what has been done in the past, has been adopted cautiously, and it has only been, as a large public patronage of the various baths has been assured, that the expenditures necessary to continue to provide prop-

erly for it have been made. The attendance at every new bath-house which has been opened has fully justified its establishment.

In view of the nearly unanimous approval which was given by the Common Council at its meeting on July 14 to the loan order appropriating \$11,000 additional to the Baths Department, I felt justified, in spite of the fact that the attendance at this meeting was not sufficient to enable the necessary two-thirds vote to be obtained, in directing the Bath Commission to continue its work—a \$5,000 transfer from the reserved fund being later authorized by the Finance Committee to enable it to do so, rather than curtail, in the middle of the season, privileges which were so largely used, and so highly appreciated, by so many people.

I now earnestly recommend the immediate passage of the accompanying loan order for the sum of \$13,700 in place of the order above referred to, which is still pending, to provide for special expenditures which have been made. The first five items specified in the order have not heretofore been provided for by special appropriations, as they should have been; the last three items represent deficiencies necessarily incurred in properly completing the work for which some special appropriation had been made, but which had proved insufficient to meet the public demands.

I further find it necessary to recommend the passage of another order providing the additional sum of \$15,000, to provide for further general expenditures made or incurred in connection with additions to, improvements upon, and the furnishing and equipment of, various bathing establishments. These charges do not properly fall under the head of annual maintenance, though they have been temporarily met out of the regular appropriation, and if the baths are to be kept open any longer, it is necessary that the whole maintenance appropriation of \$35,000 should be available for pay-rolls and other strictly current expenditures, which can only be effected by making this provision for all expenditures of a different nature.

A transfer of \$12,000 from the reserved fund, in addition to the transfer of \$5,000 from the same fund above mentioned, has just been authorized by the Finance Committee, to enable the Baths Department to meet pressing financial demands, so that the sum of \$17,000 in all must be returned to the reserved fund, and it is important that this should be done at once, as the fund is now very low.

It should be remembered that a very large proportion of the expenditure made this year will not be necessary another year, and that the expense of maintaining during the next season the full number of bathing establish-

ments now open can probably be met out of an appropriation no greater than that of this year, namely, \$35,000, if it is not thought best to increase it. If the cost of the baths given is measured by the pay-rolls for attendants it is very low—not more than a cent and a half for each bather. It is estimated that over 2,000,000 baths had been taken up to August 21.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

Ordered, That the Board in charge of the Department of Baths be authorized to expend the additional sum of \$13,700 for additions to, and improvements upon, the bath-houses and bathing establishments under its charge, and for completion of new floating bath-house, according to the following items, namely:

Men's bath-house, L street, South Boston	\$3,400
Women's bath-house, K street, South Boston	2,000
Commercial Point bath-house, Dorchester	1,200
Malden bridge, floating-bath	1,400
Harvard bridge, floating-bath	600
Orchard park swimming-pool, additional	1,700
Spring-street bath, West Roxbury, additional	900
Cabot-street bath-house, additional	1,200
New floating bath-house	1,300
Total	\$13,700

and that to meet the said appropriation the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to said amount.

Ordered, That the Board in charge of the Department of Baths be authorized to expend the additional sum of \$15,000 to meet the expense of additions to, and improvements upon, the bath-houses and bathing establishments under its charge, and of equipment and furnishings for the same, and that to meet the said appropriation the City Treasurer be authorized, from time to time, on the request of the Mayor, to issue bonds of the city to the said amount.

Referred to the Committee on Public Improvements.

Return of Advances to Reserved Fund.

OFFICE OF THE MAYOR,

City Hall, August 27, 1898.

TO THE CITY COUNCIL:

At the suggestion of the Auditor, I recommend the passage of the accompanying order providing for the return to the reserved fund of amounts temporarily advanced from such fund to any department. There is no general provision at present authorizing the return of money to the reserved fund, and specific authority is therefore required in order to enable the Baths Department to return the amount which it has already received from this fund, and as similar cases may arise in future, the authority is asked for in a general form.

Respectfully submitted,
JOSIAH QUINCY, Mayor.

Ordered, That the City Auditor be authorized to re-transfer from the appropriation for any department, to the general treasury, any amount which may have been previously credited from the said treasury within the financial year, and to credit the same to the appropriation for the reserved fund.

The message was sent down and the order was referred to the Committee on Public Improvements.

Public Lighting Contract.

OFFICE OF THE MAYOR,

City Hall, August 29, 1898.

TO THE CITY COUNCIL:

I transmit herewith, for your information, and for the purpose of placing the same upon record (1) a letter addressed to me under date of July 1 of this year by the President of the Boston Electric Light Company; (2) a report on the comparative cost of public lighting in Boston and certain other cities, made to this company by ex-Mayor Matthews, as its special counsel, and furnished to me by the company, and (3) a copy of an agreement for the extension of the existing contract between this company and the city which has been this day executed. In view of the importance of the subject of electric lighting, and the desirability of having the facts collected by Mr. Matthews in an accessible form, I suggest that his report be published as a City Document, together with the new agreement.

While I was reluctant to take up the matter of renewing the contract between the city and the Boston Electric Light Company so many months in advance of its expiration, I recognized the importance of having the equipment of the new electric light station at South Boston designed with reference to the kind of lights to be furnished after the expiration of the present contract. I took up the subject of the electric lighting of our streets and parks and its reasonable cost with an open mind, and with no fixed views as to the relative economy and advantage of having such lights furnished by the city itself, from a municipal plant, or by a private company. My attitude upon the general question of the extension of municipal functions and public ownership is such that I have at least had no prejudice whatever against the proposition, which has been somewhat doubtfully advanced from time to time, that the city should avail itself of the authority given it by law, under certain conditions, to do its own public lighting.

It has seemed to me that the question was purely one of relative economy, quality of service of course being taken into account, and that the city should not, on the one hand, be afraid to undertake its own electric lighting, if there seemed to be a decided

pecuniary advantage in doing so, nor should it, on the other hand, be led to abandon contract arrangements for lighting upon any merely sentimental or theoretical grounds in favor of the direct municipal administration of this important branch of public service. I have not, indeed, felt that there was much likelihood under the present law that two successive City Councils would commit the city to the ownership of its own electric light plant by the required two-thirds vote, and that such action would then be ratified by the people, unless after a very clear demonstration of a decided pecuniary gain—particularly in view of the very large and somewhat uncertain financial liability, amounting to at least eight or ten millions of dollars, which would be incurred by the city in respect to the compulsory purchase of existing electric light plants; but I still desired to secure all pertinent information, and to give all due weight to evidence in favor of the policy of direct municipal lighting, particularly in view of its adoption by one or two large cities. I had also decided that whether there was any available alternative or not, and under the present laws and the decisions of the Board of Gas and Electric Light Commissioners competition by a new company is practically out of the question, I would not take the responsibility of renewing the contract with the Boston Electric Light Company unless satisfied that the rates to be charged were fair and reasonable, as the contract could be allowed to run along without renewal for any definite period.

The collection of comparative information as to the cost of electric light in other cities was undertaken by the Boston Electric Light Company at my suggestion, and ex-Mayor Matthews was selected, with my approval, as a thoroughly competent person to make such investigation; while his work was performed as special counsel for the company, I believe that it has been done carefully and conscientiously, as well as ably, and the facts and figures presented by him in his report speak for themselves.

After carefully considering its contents myself, the City Engineer went through it at my request, and reported to me that from independent investigations of his own he saw no reason to doubt the correctness of the facts stated, or to question the conclusions.

The claim made by the company that it was doing, and was willing to continue to do, the electric lighting of the city upon terms which yielded no more than a reasonable return upon capital actually invested, led me to endeavor to embody in the extension of the contract certain new provisions and conditions, with the view of establishing somewhat novel working relations

between the city and the company. Under the old contract the two parties in interest dealt with each other at arm's length, and there was no relation between them except the ordinary one between the two parties to such a contract,—a defined service to be rendered at a fixed price, regardless of the profits which such price might yield to the contractor; under the new agreement the company accepts the position, so far as its public lighting business goes, of an agency through which the city secures the electric lighting of its streets and parks. While the present price is left as a fair one to start with for the present number of lights, not only is a material reduction in the cost of lights provided for on a sliding scale, as the number increases, but there is a further provision enabling the city to have the price revised by arbitration every two and a half years, so that it shall not yield to the company, after it has met that portion of its operating expenses and depreciation account properly chargeable to its public lighting business, more than the actual return, not exceeding 6 per cent. in any event, which it pays upon the capital invested in its business, whether raised from the sale of capital stock or of bonds; if the company pays a larger dividend than 6 per cent. during the term of this agreement it will therefore have to come entirely from its profits on private lighting.

It seemed to me proper that a contract upon this basis should run for a considerable term, in order that the city might realize the benefits of a definite settlement of policy for a reasonable period of time, and of the fullest improvement in the service to be rendered, which can only be secured upon such a basis. The extension, therefore, is made for the period of ten years, from February 20 next, subject, of course, to the making of the necessary appropriations each year, and subject to the further important condition that the price shall be fixed by arbitration, on the basis above stated, at the end of five years, and that it may be so re-adjusted at the end of two and a half years, and again at the end of seven and a half years. Any City Council has the legal power to annul the contract, if future conditions should seem to call for such a step, by declining to make the necessary appropriation for paying for the electric lighting to be furnished, but I have no apprehension that any grounds will be found during the term for taking such a step. It will be noticed that, while the result of the arbitration may be to reduce the price, it cannot in any event increase the price as last fixed.

The arbitration provided for in this agreement is of a somewhat unusual character, in that the matters to be inquired into are definitely specified, and are capable of being

exactly ascertained, thus making the work of the arbitrators largely that of auditing accounts. The chief difficulty that presented itself in connection with such arbitration was that of fairly apportioning the expenses of the company between its public and private business. This object has been accomplished in the simplest possible manner by providing for the measurement, under the supervision of the City Engineer, of the amount of the electrical output for private and public business respectively; while such measurement is not now made by the company, and is as yet somewhat unusual, it is now perfectly practicable with modern methods to make it with exactness, and this affords not only the simplest, but, on the whole, the fairest method of determining the proportion of capital invested, operating expenses and depreciation which should be charged to the public lighting account.

This basis, to be sure, assumes that the expense of distributing electricity, maintaining lamps, etc., as between public and private lighting, is proportionally the same as for manufacturing it; while this may not be exactly correct, it seems nearly enough so for practical purposes, and it is at least reasonably fair to the city, as the expense of distributing electricity for public lights, owing to the wide territory over which they are extended, must be greater than that of distributing it for commercial and domestic lighting, which is relatively much more concentrated.

In respect to depreciation, the agreement provides for allowing the company to charge off, as against the city, such depreciation as it actually provides for, but not exceeding 7 per cent. on its total investment, exclusive of land. This limit was fixed after careful consideration, and in the opinion of the City Engineer it represents no more than a proper allowance for this purpose. The company has not in fact been able in the past to set aside as large a percentage as this to cover depreciation of its plant, and may not be able to do so in the future; but the principle of providing for the depreciation of a plant which deteriorates or becomes obsolete as rapidly as an electric light plant does is the only proper one, and it seemed to me that sound public policy required the city to provide for a sufficient allowance for depreciation, rather than to ignore this necessary element of cost, as is too often done, with the result of compelling an unnecessary and unwarrantable increase in capitalization, tending to prevent the reductions in price which should naturally occur with the increase of business.

Article 4 of the new agreement contains a provision which seems to me of such importance for the protection of the city that I should have been unwilling to make

the extension without it. It practically compels the company to adopt such improved methods and apparatus as may in future be anywhere put into successful use, as the arbitrators are, in fixing the price, to allow, in favor of the city, for any saving which could be effected by the use of such method or apparatus if it were adopted. The city, therefore, should be able to obtain every two and a half years the benefit of any cheapening which may occur in the cost of electric lighting.

An additional inducement for the making of this agreement with the Boston Electric Light Company, and by no means an unimportant one to the city, is the provision which it contains for the substitution throughout the city of the new enclosed arc lamp for the present open arcs, and for the substitution of properly insulated wooden poles, from which the lamp is suspended by a goose-neck, for the present iron poles having the lamp on top. The decided advantages of the enclosed arc lamp over the open arc have now been fully demonstrated in practice, and are recognized by the highest authorities. The light is distributed to a greater distance and is free from the conditions which cause interruption in the service of open arcs, particularly in severe storms, and which require frequent inspection and renewal of carbons.

The perfecting of this lamp marks a decided advance in the art of electric lighting, and Boston will be the first city to be equipped with it, thus affording our citizens a service which will be superior to any in the world, allowing for the limited number of lights which we maintain. The assumption by the company of the burden of removing the present iron poles and substituting for them wooden ones of modern construction, relieves the city of what has been for some time a serious embarrassment, if not a dangerous liability, arising from its failure to carry out the provisions of Chapter 228 of the Acts of 1895, requiring the use of properly insulated poles. A number of fatal accidents have occurred solely through the use of these iron poles, and the adoption of the new poles will at least very greatly diminish their possibility.

The modern development of outdoor electric lighting has had a great influence upon large cities, and if only from the standpoint of the increased security of life and property and better assurance of public order which it affords, it is now entitled to rank as a very important agency in the progress of municipal civilization. I believe that the citizens of Boston fully appreciate the importance of a first-class electric lighting service, and are willing to pay a reasonable price in order to secure it. I have every confidence that the workings of the present

agreement will be found satisfactory, that the stability which it gives to the relations between the company and the city will prove beneficial to both, and that under it our public electric lighting will be furnished at least as cheaply as it could be through any other arrangement.

The agreement was carefully examined and approved as to form by the City Solicitor before its execution, and he also advised me that I had full power to enter into it on behalf of the city.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

(1.)

BOSTON ELECTRIC LIGHT COMPANY.

Boston, Mass., July 1, 1898.

HON. JOSIAH QUINCY, Mayor of the City of Boston.

DEAR SIR: I beg to call your attention to the following facts in relation to the public electric lighting:

The Boston Electric Light Company is building a new and very much enlarged power station in South Boston, from which it intends to do all of its business, abandoning the present stations, except in East Boston. This new station will be equipped with entirely new machinery of the latest pattern. If the present type of lamps used for public lighting is to be retained for the city lighting, new dynamos, wound for the production of such lights, must at once be ordered. If, on the contrary, the new enclosed arc lamps of the company, such as are now in use on Arlington street are to be used for the city lighting, dynamos of a different type must be ordered immediately. In either event, the time for manufacturing this new machinery, so that it may be put in use when the new station is ready, is very short, and orders for one type or the other ought to be given forthwith.

This company has also perfected and is prepared to furnish new wooden lamp-posts, in place of the iron lamp-posts now in use by the city. The use of iron posts is dangerous and objectionable, and is practically in violation of the existing law upon that subject. If the city desires the substitution of wooden for iron lamp-posts, it will take some time to get them ready, although the new lamps could be used on the old posts, if necessary.

The new lamp has been thoroughly tested, and is far superior to any now in use in illuminating qualities for street purposes, and the general appearance of the new pole and lamp can be observed any evening on Arlington street, where a few of them are now in use.

I, therefore, beg leave to submit the following proposition for your immediate consideration: That this company shall, without expense to the city, replace the present iron electric light poles with new wooden electric light poles, with ornamental iron tops, substantially like those now in use on Arlington street; and replace all of the present 2,365 open arc, nominal 2,000 candle power lights furnished to the city with the company's new enclosed arc lamp, with porcelain-lined

reflectors, substantially like those now in use on Arlington street, in consideration of an extension for a term of years of the existing contract between the company and the city, dated February 20, 1894.

As it will not be economical for the company to continue to use its old stations after the new station is ready, and as new machinery will be ordered for either type of lamp which the city decides to use, you will readily see that the company must have very early notice of the position of the city as to whether it desires to continue the use of the present iron posts and open arc lamps, or desires to substitute therefor the company's new wooden poles and enclosed arc lamps.

It is perhaps unnecessary to add that if it is decided now that the old lamps shall be used until the end of the present contract, the company would not be willing to substitute new machinery necessary for the new lamps, for the new machinery which would already have been ordered and put into use for the old lamps.

Requesting an early reply, I remain

Yours respectfully,

F. A. GILBERT, President.

(2.)

[For a brief abstract of the report of ex-Mayor Matthews, alluded to by Mayor Quincy in the first paragraph of his message, see THE CITY RECORD, page 501.]

(3.)

AGREEMENT FOR THE EXTENSION OF THE EXISTING CONTRACT BETWEEN THE BOSTON ELECTRIC LIGHT COMPANY AND THE CITY OF BOSTON.

It is hereby agreed, in consideration of the mutual covenants herein contained, that the contract now existing between the Boston Electric Light Company and the City of Boston, dated February 20, 1894, shall be and hereby is extended, subject to appropriations from year to year, for the term of ten years from and after February 20, 1899, and thereafter until a new agreement is made or until the expiration of six months after notice in writing by either party of its election to terminate the contract, which notice may be given at any time after nine (9) years and six (6) months from February 20, 1899, upon the following terms and conditions, namely:

First—Said company shall, immediately upon the execution of this instrument, apply to the Board of Aldermen of the City of Boston and the Board of Park Commissioners of said city for the grant to said company of the necessary locations, and, upon receiving such grant, shall forthwith set and connect in the streets and parks of the city, without any charge or expense to the city, two thousand three hundred and sixty-five (2,365) wooden lamp-poles belonging to the company, with ornamental iron tops and porcelain-lined reflectors, substantially of the same size, style, and kind as those now erected and in use on Arlington street, and to be shown on plans and specifications to be signed by the parties hereto and then attached to this instrument. Said new poles shall be set substantially in the same locations in the public streets and parks as those

now occupied by the iron lamp-posts belonging to the city, which latter posts shall, when the new posts are ready for setting, be removed by the company, which shall keep an account of the expense of the removal and handling of said posts, and shall, if practicable, sell the same, at the best price obtainable, accounting to the city for any surplus realized over and above such expense; but said locations may be varied so far as may be necessary to secure a better and more uniform distribution of the light in any given locality. All locations in the public streets shall be approved by the Superintendent of Lamps before application for such locations is made to the Board of Aldermen; and all locations in the public parks shall be approved by the Board of Park Commissioners; but the company shall, from time to time, apply to the Board of Aldermen for such locations (less than all) in the public streets as shall then have been approved by said Superintendent.

The company further agrees to set and connect, without charge or expense to the city, similar wooden lamp-poles with ornamental iron tops and porcelain-lined reflectors for all city arc lamps in addition to the present number of two thousand three hundred and sixty-five (2,365) which may be ordered by the city during the term of this agreement, and to place the same in such locations in the streets, ways, squares and public places in any part of the city as may be required by the Superintendent of Lamps and authorized by the Board of Aldermen, and in such locations in the public parks as may be agreed upon between the company and said Board of Park Commissioners, and in such other places as may be required by the Mayor of said city.

But it is expressly understood and agreed that the foregoing provisions of this agreement as to the substitution of new wooden poles for the present iron lamp-posts shall not be operative unless and until the necessary locations shall be granted by the Board of Aldermen and the Board of Park Commissioners as aforesaid; and, further, that the operation of the remaining provisions of this instrument shall not in any way be affected by the foregoing provisions as to the poles, but said remaining provisions shall become operative upon the signing hereof, whether said new locations are granted by the Board of Aldermen and the Board of Park Commissioners and said poles are substituted for the present poles, or not.

All the poles, lines, and lamps of the company used for the city's business shall be kept and maintained by the company in good order and condition.

Second—The company shall replace all of its present open arc nominal 2,000 candle power city lamps with its new enclosed arc lamps as fast as practicable after the starting up of the company's new station in South Boston, as many new lamps as possible to be put into use before the ground freezes in 1898, and all of said lamps to be put into use before July 1, 1899. Said new enclosed arc lamps shall be of substantially the same kind and style as those now in use on Arlington street, and shall be of a manufacture substantially like that described in United States Letters Patent No. 603,630, dated May 10, 1898, and shall require an electrical energy of not less than five hundred (500) watts on the average, and not less than four hundred

and eighty (80) watts in any case. The price to be charged by said company and paid by said city for said new enclosed arc lamps shall be as follows:

Number of Lights.	Price per Night.	Price per Year.
Not less than 2,365 nor more than 2,749	35 cents	\$127 75
" " 2,750 " " 2,999	34 1/2	125 92
" " 3,000 " " 3,249	34	124 10
" " 3,250 " " 3,499	33 1/2	122 27
" " 3,500 " " 3,749	33	120 45
" " 3,750 " " 3,999	32 1/2	118 62
" " 4,000 " " 4,249	32	116 80
" " 4,250 " " 4,499	31 1/2	114 97
" " 4,500 " " 4,749	31	113 15
" " 4,750 " " 4,999	30 1/2	111 32
" " 5,000	30	109 50

In estimating the number of lights for the purpose of fixing the price, as aforesaid, all arc lights furnished by the company for the city shall be counted.

For all lamps connected to underground wires belonging to the city in the public parks, Common and Public Garden, the price shall be one cent per lamp per night less than the prices hereinbefore provided.

Third—At any time within ninety days prior to the expiration of the periods of two years and six months and seven years and six months, respectively, after February 20, 1899, if the Mayor of said city shall so elect and notify said company in writing, and in any event at the expiration of the period of five years after February 20, 1899, an arbitration shall be had as follows: Said Mayor and said company shall each appoint one arbitrator within thirty days after the notice aforesaid and within thirty days after the expiration of said period of five years, and the two arbitrators so chosen shall appoint a third disinterested arbitrator. If either party fails to appoint an arbitrator within said thirty days, the other party may appoint both arbitrators, and these shall appoint a third disinterested arbitrator. Said arbitrators shall thereupon hear and consider the evidence and arguments of the parties and shall determine the following matters:

(1.) The proportion of the actual output of electricity or electrical energy generated at the station or stations of the company for the public lights provided for in this contract, as compared with the company's entire output, both to be measured in kilowatt hours, it being agreed by the company that it will measure and record its electrical output on behalf of the said public lights, and also, but separately, its electrical output on behalf of its other business, and that such measurements and records shall be subject to the inspection, at all reasonable times, of the City Engineer of said city. Such inspection, however, shall be regarded as confidential, and the results thereof shall not be exhibited or made known to anybody except the Mayor of said city.

(2.) The total investment of the company, computed by taking the total cost of the land, buildings, plant, poles, lines, conduits, cables, meters, machinery, apparatus and other appliances owned and used by the company for the manufacture and distribution of electricity.

(3.) The investment of the company on account of its public business, computed by taking the proportion of the company's total investment, determined as provided in the second clause of this article, that the company's electrical output on behalf of the public lights bears to its total output, measured as provided in the first clause of this article. The foregoing method of computing the in-

vestment of the company on account of its public business is adopted by the parties as the fairest and most equitable method now known to them; but it is agreed that if, at the time of any arbitration, the three arbitrators shall unanimously be of the opinion that some other method of computing the investment of the company on account of its public business would be more fair and equitable, such other method may be used by them.

(4.) The total operating expenses of the company, meaning the annual outlay for fuel, water, supplies, wages, salaries, insurance, accidents, rents, taxes, and all other expenditures incurred in the manufacture and distribution of electricity and the general conduct of the company's business, except expenditures on account of depreciation in excess of ordinary repairs.

(5.) The operating expenses of the company on account of the public lights, computed by taking the proportion of the total operating expenses of the company, determined as provided in the fourth clause of this article, that the company's electrical output on behalf of the public lights bears to its total output measured as provided in the first clause of this article.

(6.) The undivided or surplus earnings of the company, being its gross annual income derived from the sale of electricity, less operating expenses, determined as provided in the fourth clause of this article, and the amounts paid out for interest and dividends; and the percentage which the company's annual surplus thus determined bears to the total investment of the company, determined as provided in the second clause of this article, exclusive of the land.

(7.) An allowance for depreciation in excess of ordinary repairs of the company's investment in plant and property used in its public business, computed by taking the same percentage of the value of the company's investment on account of its public business, determined as provided in the third clause of this article, but excluding the land, as the total amount of the undivided earnings of the company, found as provided in the sixth clause of this article, is of the company's total investment, determined as provided in the second clause of this article, but exclusive of land; but such allowance shall not exceed 7 per cent. of the company's said investment on account of its public business, exclusive of the land.

(8.) An allowance for interest or profits, computed at 6 per cent. per annum on the company's investment on account of its public business, determined as provided in the third clause of this article; but in case the cost of any part of the company's investment shall have been met by the issue of bonds bearing interest at a lower rate than 6 per cent. per annum, and any of such bonds are still outstanding, the amount thereof shall be apportioned between the company's total investment and its investment on account of its public business, in the proportion to electrical output measured as provided in the first clause of this article; and the allowance provided for in this clause shall be computed on so much of the company's investment on account of its public business as is represented by said bonds at the rate actually paid thereon, and on the remainder of its said investment at the rate of 6 per cent. per annum.

If the cost of manufacturing and distributing the public lights furnished by the company, and the allowances for depreciation and profit determined as provided in the fifth, seventh and eighth clauses of this article, amount in the aggregate to a sum less than the price then being paid by the city, the price of said lights shall be reduced, for the remainder of the term of this contract or until again reduced by arbitration as herein provided, to a sum equal to the said cost of manufacturing and distributing said lights, plus said allowances for depreciation and profit as aforesaid.

The decision of a majority of said arbitrators in any of the foregoing matters shall be binding on both parties to this agreement.

Fourth—If, in case of arbitration as aforesaid, the city shall claim and shall give the company not less than sixty days' notice of such claim, that a discovery, invention, or method of producing, distributing or converting electricity for lights has been made and put into successful commercial use, by the adoption and use of which the cost of producing, distributing or converting electricity for street lights, including interest and depreciation, could be substantially reduced below the cost, including interest and depreciation, at the time of such arbitration said city shall, unless said company shall agree to adopt the discovery, invention or method in question as soon as practicable, have a right to submit its said claim to said arbitrators, who shall, after hearing and considering the evidence and arguments of the parties thereon, make a finding upon the claim aforesaid. And if such arbitrators shall sustain such claim, they may make a reduction in the price to be charged and paid for lights hereunder by such an amount as they shall deem to be fair and reasonable in view of the facts so found.

And if the company shall adopt or agree to adopt as soon as practicable the discovery, invention, or method named in said notice given by the city to the company, the arbitrators shall take said fact into consideration in determining the total operating expenses of the company and the operating expenses of the company on account of the public lights, as provided in clauses (4) and (5) of Article 3 of this indenture, and shall be governed in fixing said items of operating expenses by the expense involved in or the saving to come from the future use of the new discovery, invention, or method in question, and not by the expense incident to the past use of the invention or method supplanted.

Fifth—The provisions of the contract of February 20, 1894, requiring that all globes are to be thoroughly brushed inside and outside at least three times a week and that the lamps are to be examined at least three times during each night, are hereby annulled. Said globes shall be brushed and kept clean to the satisfaction of the Superintendent of Lamps.

Sixth—All the terms, conditions and provisions of the contract of February 20, 1894, not affected by this extension and modification thereof, shall remain in full force and effect till the termination of the contract as hereby extended.

In witness whereof, said company by its proper officers, and said city by its Superintendent of Lamps, both thereto duly authorized, have hereunto caused their corporate

seals to be set and their corporate names to be signed on the twenty-ninth day of August, A.D. 1898.

BOSTON ELECTRIC LIGHT COMPANY,
By F. A. GILBERT, President.
Per SAMUEL S. SIAS, Treasurer.

CITY OF BOSTON,
By JAMES DONOVAN,
Superintendent of Lamps.

Approved as to form:

THOMAS W. BABSON,
City Solicitor.

Approved:

JOSIAH QUINCY, MAYOR.

Referred to Committee on Public Improvements.

TO THE BOARD OF ALDERMEN.

A special meeting of the Board of Aldermen was held in the Aldermanic Chamber, City Hall, at 9 A.M., on Monday, August 29, 1898, Chairman Conry in the chair, and a quorum present.

The meeting was held pursuant to the following call:

OFFICE OF THE MAYOR,

City Hall, Boston, August 27, 1898.

TO THE MEMBERS OF THE BOARD OF ALDERMEN:

You are requested to assemble in the Aldermanic Chamber, City Hall, Boston, on Monday, August 29, at 9 o'clock A.M., to take such action as you may deem proper in respect to the representation of the city at the funerals of the late Major Grady, Major O'Connor, Corporal Lane and Private Carey, of the Ninth Regiment, Massachusetts Volunteers, which are to occur on the morning of that day, and to transact such other business as may properly come before your body.

Yours respectfully,

JOSIAH QUINCY, Mayor.

The call was placed on file.

TO THE COMMON COUNCIL.

A special meeting of the Common Council was held in the Council Chamber, City Hall, on Tuesday, August 30, 1898, President Connolly in the chair.

The Clerk read the call for the meeting, as follows:

OFFICE OF THE MAYOR,

City Hall, August 30, 1898.

TO THE MEMBERS OF THE COMMON COUNCIL:

You are hereby requested to assemble in the Council Chamber, City Hall, on Tuesday, August 30, 1898, at 3 o'clock P.M., to act upon the matter of making additional financial provision for the Baths Depart-

ment, and to transact such other business as may properly come before your body.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.

The following messages were received:

Playground, Roger Clap School.

OFFICE OF THE MAYOR,

City Hall, August 30, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee stating that, in accordance with your request, the yard of the Roger Clap School-house, Harvest street, has been opened as a playground for children.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

August 19, 1898.

The Committee on School-houses, to whom was referred, July 19, a communication from the Common Council, through His Honor the Mayor, requesting the School Committee to open the yard of the Roger Clap School, Harvest street, as a playground for the children during the present vacation, report that the matter has received attention, and your committee recommend that the Common Council be respectfully informed, through His Honor the Mayor, that the yard of the Roger Clap School has been opened for use as a playground as suggested in the communication referred to.

For the Committee,

A. L. LOWELL.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

THORNTON D. APOLLONIO, Secretary.

Placed on file.

Repair of Phillips School.

OFFICE OF THE MAYOR,

City Hall, August 30, 1898.

TO THE COMMON COUNCIL:

I transmit herewith a communication from the School Committee in reply to your order, asking them to include in their next appropriation a sum sufficient to place the Phillips School-house in thorough repair, and to make such additions to said school-house as are necessary.

Respectfully,

JOSIAH QUINCY, Mayor.

IN SCHOOL COMMITTEE.

August 19, 1898.

The Committee on School-houses, to whom was referred, July 19, a communication from the Common Council, through

His Honor the Mayor, requesting the School Committee to include in their next appropriation a sum sufficient to place the Phillips School-house, corner Phillips and Anderson streets, Ward 11, in thorough repair, and to make such additions to said school-house as are necessary, according to the plans held by the Superintendent of Public Buildings, report that they have duly considered the matter and propose to recommend an item to cover the cost of the work suggested in the appropriation for school repairs to be made next year.

For the Committee,

A. L. LOWELL.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy.

Attest: THORNTON D. APOLLONIO,

Secretary.

Placed on file.

Norfolk Avenue Paving—Veto.

OFFICE OF THE MAYOR,

City Hall, August 11, 1898.

TO THE CITY COUNCIL:

I regret very much to feel obliged to return without my approval the order appropriating \$25,000 for the paving of Norfolk avenue. The Superintendent of Streets and myself both recognize the merits of this appropriation and the importance of improving this street; but the prior demands upon the borrowing capacity of the city (now amounting only to the sum of \$271,000 for all purposes for the balance of the calendar year) are such that I cannot possibly find room for this appropriation, if the sum of \$125,000 is to be set aside for general street improvements, as heretofore recommended. This sum is urgently required in order to provide for the very pressing necessities of the wards for which no appropriation has yet been made for street improvements; the appropriation for Norfolk avenue, if approved, would have to be deducted from this sum of \$125,000, and I do not feel that this can be done at the present time with any sort of justice to other necessities of the same character, as the appropriation of so large a sum of money for any one street would make a large hole in the total amount available. The Superintendent of Streets informs me, however, that he hopes to be able, out of the above-named appropriation of \$125,000, if made, to make some beginning this season of doing this important work upon Norfolk avenue, the necessity of which is fully recognized, and in any event, the work can certainly be provided for next year.

Respectfully submitted,

JOSIAH QUINCY, Mayor.

Assigned to the next meeting.

ACCOMMODATION FOR SICK SOLDIERS.

The following correspondence concerning returning sick soldiers has passed between the Trustees of the Boston City Hospital and the Massachusetts Volunteer Aid Association:

BOSTON CITY HOSPITAL.

August 25, 1898.

ELIHU B. HAYES, Esq., Secretary Massachusetts Volunteer Aid Association.

DEAR SIR: In reply to your inquiry as to what accommodations the Boston City Hospital may be able to furnish for the sick soldiers now on their way to this city, I beg to say, in behalf of the Trustees, that, in addition to the sixty-five sick soldiers now in the hospital, we have made further arrangements to increase the capacity of the hospital, and on Monday next will be prepared to provide at least 150 more beds for the soldiers who may arrive on the "Bay State."

A camp of tents, with the usual auxiliaries for carrying on a field hospital, is being erected by Dr. Rowe, Superintendent of the Hospital, and these, and additional auxiliary wards, have been temporarily equipped for the benefit of the soldiers.

Arrangements are being made for augmenting the medical staff, both visiting physicians and house doctors, to the extent that we may be able to give them full and complete medical attendance. There will be an increase in the nurses' staff, and the usual assistants, necessary for making as perfect as possible a camp of this sort, will be provided.

For the purpose of still further assisting the government in the care of its sick soldiers who may return to us, we hope to be able to increase our accommodations in addition to the sixty-five already in the hospital and the 150 beds that will be ready at the beginning of next week.

Should it be necessary, the Trustees are willing to divert the Convalescent Home from its usual service for the benefit of the soldiers, and, if required, to establish a small camp hospital on the grounds of the Convalescent Home.

The Trustees recognize the emergency that the citizens of Boston are asked to meet, and, as representing that branch of the city departments who have to care for the sick and needy, the Trustees are not only willing but desire that the sick soldiers may have the fullest benefit of the hospital equipment, just so far as our accommodations will provide, in addition to that which is necessary for the emergency work of our own citizens.

The Trustees appreciate the work that the Massachusetts Volunteer Aid Association is doing, and most cordially desire to co-operate with them in the matter of the care of the returning sick soldiers.

Awaiting further information, as well as the acknowledgment of this letter immediately upon its receipt, so that the Trustees may be guided for future action, I remain,

Very sincerely yours,

A. SHUMAN,
President Board of Trustees.

The reply is as follows:

MASSACHUSETTS VOLUNTEER AID ASSOCIATION.

Boston, August 26, 1898.

MR. A. SHUMAN, President Board of Trustees, Boston City Hospital, Boston.

DEAR SIR: Permit me, in behalf of the Massachusetts Volunteer Aid Association, to thank you, and through you, the Trustees of the Boston City Hospital for their prompt and generous offer to further assist the association in caring for the sick and wounded soldiers who may come to Boston. Be sure that we appreciate what you have done, and what you promise to do.

Your public spirit and co-operation will enable us to carry out the work begun, and to do more effective work in caring for the returning sick soldiers.

Yours respectfully,

ELIHU B. HAYES, Secretary.

LOCATION OF ENGINE-HOUSE 22.

The following correspondence, with regard to the location of Engine-House 22, has passed between the Fire Commissioner and Alderman Dyar:

OFFICE OF FIRE COMMISSIONER.

Bristol Street, August 26, 1898.

ALDERMAN PERLIE A. DYAR, City Hall, Boston.

DEAR SIR: Inasmuch as I have received no reply to my communication of June 7, a copy of which I beg to enclose herewith, I venture again to impress on yourself the importance of favorable action in regard to the site on Yarmouth street selected by myself several months ago and approved by His Honor, Mayor Quincy, for Engine Company 22, now located on Dartmouth street. I feel that the people of that district will justly have cause for serious complaint if they find themselves without the accustomed protection of this Department, which certainly must be the case unless speedy steps are taken to provide the company on which they depend with a house before the present one is demolished.

Yours truly,

H. S. RUSSELL, Commissioner.

OFFICE OF FIRE COMMISSIONER.

Bristol Street, June 7, 1898.

MAJOR PERLIE A. DYAR, Fort Warren, Boston.

MY DEAR SIR: Referring to your favor without date but received during the first week of May, I beg to express as forcibly as I can the importance of having some territory on which to locate Engine Company 22, as I greatly fear that part of our city may be left without proper fire protection, unless steps are soon taken to afford the company other quarters than those now occupied by it. You say you have no site to suggest, but do not think the Yarmouth street a proper one; but while it is none of my business to argue that point with you, I do believe, from a fireman's point of view, it is in a favorable location for covering the territory confided to the care of Engine 22;

and, inasmuch as there are no dwellings between Columbus avenue and the proposed site, I cannot see how our presence will be dangerous to children playing on that street. The Fire Department must necessarily be a nuisance, but it is one of those objections tolerated by our citizens, especially when they need our aid; and in behalf of all concerned, our fellow-citizens as well as the efficiency of this Department, I beg that you will withdraw your objection to the proposed location, or furnish some other equally as good, in order that the locality may be saved from extreme anxiety by the delay which may for some time deprive them of protection.

Yours very truly,

H. S. RUSSELL, Commissioner.

POLICE DEPARTMENT.

The following order concerning certificates for drivers engaged in delivering and distributing intoxicating liquors has been promulgated by the Board of Police:

TO THE HOLDERS OF LIQUOR LICENSES OF THE FOURTH AND FIFTH CLASS:

Notice is hereby given that on and after September 1, 1898, all drivers engaged in delivering and distributing intoxicating liquors are required to procure from the Manufacturers' and Bottlers' Collecting and Distributing Company of Massachusetts a certificate showing that such drivers are regularly employed by you; said company will furnish such certificates to all such drivers free of cost, whether employed by members of said company or not.

Said company is hereby prohibited from issuing such certificates to any and all commission drivers or to men engaged in peddling on their own account intoxicating liquors in violation of law.

The police officers will be instructed to report any person hereafter engaged in delivering and distributing said intoxicating liquors without having said certificate.

The practice in vogue among some bottlers and licensed dealers of farming out privileges under their licenses, and permitting persons to act ostensibly as their agents or servants when they are not so employed, is an improper use of their license, and will be so regarded by the Board of Police.

By order of the Board of Police,

THOMAS RYAN, Clerk.

HOUSES ORDERED VACATED DURING AUGUST.

The following is a list of houses ordered vacated by the Boston Board of Health during August, 1898:

Rear 605 and rear 607 East Second street; Arthur street, first left from Weld street; Mt. Vernon-street extension, third left from La Grange street; 40 Clark street; first rear 118 Dorchester avenue; 7 Norwich street; Spring street, first left from Gardner street; 1359 Washington street; 48 Shawmut avenue; 18 and 20 Rochester street; 19 South Margin street.

Awards of Contracts.

Metropolitan Water Board.

Proposals for building low service pumping station at Chestnut Hill Reservoir were received at the office of the Metropolitan Water Board on August 25, as follows:

Bidders.	Bids.
Norcross Brothers, Boston . . .	\$182,659 50
Woodbury & Leighton, Boston . .	193,050 00
McNeil Brothers, Boston . . .	193,238 00
C. A. Dodge & Co., Boston . . .	195,077 22
Connery & Wentworth, Boston . .	199,191 00
L. P. Soule & Son, Boston . . .	201,644 10
C. Everett Clark & Co., Boston . .	202,911 50
L. D. Willcutt & Son, Boston . . .	207,200 00
Whidden & Co., Boston . . .	232,449 00

NOTE.—The contract called for the following items and quantities: Cubic yards of excavation, 15,000; cubic yards of cement concrete masonry, in foundations, made with natural cement, 1,300; cubic yards of cement concrete masonry, in foundations, made with Portland cement, 2,800; square yards of concrete floor, 1,600; cubic yards of rubble stone masonry, in foundations, 28; cubic yards of brick masonry, in foundations, 30; cubic yards of cut granite stone, in foundations, 150; the superstructure complete with all appurtenances.

The contract was awarded to Norcross Brothers.

Proposals were also opened on August 25, for water valves, as follows:

Camden Iron Works, Camden, N. J. . .	\$2,512
Coffin Valve Company, Neponset . . .	2,724
Atlantic Works, Boston . . .	4,684

NOTE.—The contract called for the following items and quantities: 6 20-inch; 8 16-inch; 8 12-inch.

The contract was awarded to Camden Iron Works.

JOHN N. FERGUSON,
Assistant-Engineer.

Street Department.

Proposals for building sewers in the following-named streets were opened at the office of the Superintendent of Streets, viz.:

Harrison street; bids opened August 22, 1898.

Bidders.	Bids.
McDowell & Son	\$359 25
T. F. Minton	382 75

The contract was awarded to McDowell & Son.

Columbia road, Section 3; bids opened August 23, 1898:

J. C. Coleman & Son	\$12,592 50
J. P. O'Connell	12,685 50
D. E. Lynch	14,285 05
Jones & Meehan	15,927 50
Collins & Ham	16,883 45
T. H. & G. M. Bryne. Informal.	

The contract was awarded to J. C. Coleman & Son.

Idaho street; bids opened August 23, 1898:

D. E. Lynch	\$2,783 15
D. M. Dwyer	3,091 00
McDowell & Son	3,370 50
Collins & Ham	4,099 00

The contract was awarded to D. E. Lynch.

Peterborough street; bids opened August 24, 1898:

Quimby & Ferguson	\$2,250 36
McDowell & Son	2,267 82
J. P. O'Connell	2,484 40
J. J. Falvey	2,592 22
Collins & Ham	2,603 80
J. Dolan	2,640 22
M. J. O'Hearn	3,170 00
D. E. Lynch	3,301 18

The contract was awarded to Quimby & Ferguson.

Temple and Perham streets and outlet; bids opened August 26, 1898:

T. H. & G. M. Bryne	\$14,780 00
Dorchester Construction Company, .	19,085 00
James Dolan	20,433 00
Collins & Ham	20,701 50
J. P. O'Connell	22,135 00
T. F. Minton	23,475 00
D. E. Lynch	29,495 00

The contract was awarded to T. H. & G. M. Bryne.

BENJ. W. WELLS,
Superintendent of Streets.

PORT OF BOSTON.

The following summary shows the value of importations and exportations, together with the foreign entrance and clearance of vessels, and the arrival of passengers at the port of Boston during the month of July, 1898, as compared with the corresponding month of 1897:

	Importations.		Exportations.	
	July, 1898	July, 1897	July, 1898	July, 1897
	\$3,755,978	\$6,424,870	\$7,744,234	\$8,760,459
Vessels.	Entered.		Cleared.	
	No.	Tonnage.	No.	Tonnage.
July, 1898 . . .	182	175,967	245	180,057
July, 1897 . . .	188	155,472	234	167,870
Arrival of passengers, July, 1898 . .			1,520	
Arrival of passengers, July, 1897 . .			1,131	

STREET-CLEANING IN INDIAN-APOLIS.

The Board of Public Works of Indianapolis commends the character of the work performed by the pneumatic street-cleaning machines, which have been in use in that city for several years. Experience has shown that one machine—which requires a driver and an operator—with the aid of one or two two-horse wagons to carry the sweepings away, can clean six miles of forty-foot paved street in ten hours. The machines render efficient service even in cold weather when sprinkling is impracticable.

NEXT MEETING OF BOARD OF ALDERMEN.

The next regular meeting of the Board of Aldermen will be held on Tuesday afternoon, September 6, at 3 o'clock.

Board Meetings.

Children's Institutions Department.

32 Tremont Street, August 29, 1898.

Following are the extracts from the records of the meetings of the Trustees:

July 5, 1898.

Voted, That the Secretary be directed to write to the Superintendent of the Marcella-street Home that it is desirable to allow the children as much freedom as is practicable, that the Trustees are ready to assume all legal responsibility connected with the escape of children, but expect him to show judgment in allowing children to go out who seem likely to return.

July 11, 1898.

Voted, That the Chairman and Mr. O'Hare be a committee on the question of removing the graveyard at Rainsford's Island.

Voted, That the School Committee be authorized to order daily and weekly papers for the House of Reformation, at their discretion.

July 15, 1898.

The Committee on Schools reported that it had selected the following papers and magazines for the House of Reformation: Daily Transcript, Daily Advertiser, Harper's Weekly, McClure's Magazine, The Great Round World, two copies each.

July 21, 1898.

Voted, That Mr. Dasey be authorized to act as Chairman pro tempore in the absence of the Chairman, and that he be authorized to perform all the duties pertaining to that office.

Voted, That the Law Department of the city be consulted with regard to the rights of Florence and Mary Artman.

Voted, That the Secretary be authorized to secure a dentist for the House of Reformation and the Marcella-street Home for this summer.

July 25, 1898.

Voted, That the Superintendent of the House of Reformation be authorized to appoint Mrs. Everett principal of the schools at the institution for the ensuing year.

July 26, 1898.

Voted, That the regular staff of teachers at the House of Reformation shall be a principal and four assistant teachers.

Voted, To authorize the construction of a grease-trap and drain-pipe under the floor of the wash-room at the House of Reformation.

Voted, That the principles of civil service reform be applied to and carried out in the several departments under control of the Board of Trustees for Children.

Voted, That the Superintendent of the House of Reformation shall engage a competent teacher, as teacher and principal of the schools at the institution, and shall require said principal (1) to lay out all courses of study, to grade the classes and have general supervision of all school work; (2) to give written examinations to each school grade three times a year and to present the marked papers to the Superintendent, who

shall forward the same to the Board of Trustees; (3) to report in writing all proposed changes in subjects for study, said changes to be approved by the Committee on Schools before going into effect; (4) to hold weekly teachers' meetings (arranging the same at such hours as to make it convenient for the Trustees, should they desire to be present at such meetings); (5) to take charge of the Circulating Library and to appoint officers for the same from among the boys, using the Boston Public Library card-system, and to report monthly to the Superintendent on the circulation of books; (6) to have charge of all school supplies and to report monthly in writing.

August 8, 1898.

Voted, That the Secretary be authorized to engage a medical officer for the House of Reformation for the ensuing year.

Mr. O'Hare reported a plan of a three-room school-house at the House of Reformation, designed by the Architectural Division.

Voted, To adopt this plan.

August 22, 1898.

Voted, That 650 copies of the annual report be printed.

Voted, That the School Committee have authority to buy books for the House of Reformation, to an amount not exceeding \$200.

Voted, That Mr. O'Hare be a committee to have put up a locker for each boy at the House of Reformation, at about \$2 each.

Voted, That Mr. O'Hare be a committee to have the drains at Rainsford's Island put in order in accordance with the advice of the Board of Health.

CHARLES P. PUTNAM, Secretary.

Insane Hospital Department.

32 Tremont Street, August 11, 1898.

The Insane Hospital Trustees met at 32 Tremont street, August 11, 1898.

Present: Messrs. Connelly and Sanderson, Drs. Baldwin and Knapp.

The records of the Institutions Conference were read.

The bills for the month, amounting to \$2,384.87 for Pierce Farm, and \$2,197.24 for Austin Farm, were referred to the Committee on Supplies for approval, and the Chairman was authorized to sign a draft for the amount. The pay-rolls, amounting to \$2,156.34 at Austin Farm, and \$1,546.56 at Pierce Farm, were referred to the Committee on Service for approval, and the Chairman was authorized to sign a draft for the amount.

The Superintendents presented their reports, which were accepted and placed on file.

The bills for the insane in other hospitals, amounting to \$5,534.43, were referred to the Committee on Insane in other hospitals for approval, and the Chairman was authorized to sign a draft for the amount.

The Superintendent was authorized to employ an extra night attendant.

The question of the purchase of blankets, table furniture and other furniture, was referred to the Committee on Supplies, with full powers.

It was voted that the board bill for the late Jane Flynn be cancelled, and the money left by her be permitted to go to her sister.

It was voted to abate the bill against Helen Moriarty, and to give the Superintendent power to claim the money left by Elizabeth Foy.

The Secretary was instructed to ask the Registration Department for a complete list of Boston patients in other hospitals; also to request the Superintendents of State Hospitals to send notice of any changes among the Boston patients.

The Visiting Committee made their report, which was accepted and placed on file.

Visiting Committees were appointed as follows:

August, Dr. Baldwin and Mr. Sanderson; September, Mr. Sanderson and Mrs. Howard.

Patients in Hospital August 10, 1898:

PHILIP COOMBS KNAPP, Secretary.

Park Department.

Jamaica Park, August 8, 1898.

The following is an abstract of the records of the meeting of the Board of Park Commissioners, held August 8, 1898:

Voted, That the Superintendent be authorized to expend \$50 to drain the stagnant pool in Franklin Field, referred to in the communication of the Board of Health.

Voted, That the Superintendent be authorized to procure uniforms for men employed in maintenance on the roads, paths and lawns, from A. Shuman & Co., at their offer of \$3, the cost of the same to be deducted from the pay of the men, at the rate of \$1 a week, until paid for.

A communication from Albert H. Eichorn, requesting a modification of the specifications of the contract for furnishing loam at Marine Park, was received, and it was

Voted, That the vote of this Board of June 27, 1898, in relation to said contract and specifications, be amended by inserting before the words "the expense," the words "one-half," and by adding at the end thereof the words "and that in lieu of the clause providing payments of 85 per centum of monthly estimates, payments be made for the full value of the work done, less the sum of \$500 first due under said contract, which amount shall be retained as part security for the fulfilment of the contract."

Voted, That a further expenditure of \$1,000 be authorized for the extension of the bath-houses at Wood Island Park, by the Repairs Division of the Public Buildings Department, under the direction of the Superintendent of Parks.

GEORGE F. CLARKE, Secretary.

Street Laying-Out Department.

The following is an abstract of the records of the meetings of the Board of Street Commissioners:

Monday, August 8.

Awards of \$700 and \$900 were made to John C. Clapp and David C. Clapp, respectively, for damages occasioned their estates by the laying out of Peverell street; and of \$200 to Gottlieb Gehring for damages occasioned his estate by the laying out of Belmore terrace, the Mayor having approved the agreements of the owners to accept said sums.

The Board issued an order of notice of its intention to build a sewer in Ceylon-street extension.

A petition was received for changes in locations, etc., of proposed streets in S 24 of the Board of Survey plans, in Plat 13.

Petitions were received for sewers in Gately, Samoset and South streets, and in a proposed private way from Romsey street.

Wednesday, August 10.

It was voted to give a hearing in the matter of changes in locations, etc., of proposed highways in S 24, Plat 13.

Orders of notice were issued of the Board's intention to lay out certain passageways in the Back Bay as public alleys; to lay out Sears street, and to relocate Tenean creek from Park street to the main channel of said stream.

Orders were passed laying out South-street footway, relocating Canal street and Forest Hills street, and building sewers in Faxon and Trescott streets, Oakridge, Bray, Peters and Morton streets, and a catch-basin in Devon street.

Petitions were received for sewers in a private street, from A street to Sleeper street; in Fox avenue, in Linden Park street; for catch-basins in Frankfort street, Harrison avenue, corner of Hunneman street, and in Norfolk avenue, corner of Gerard street; and a petition was also received for the laying out of Nottingham street.

Thursday, August 11.

A public hearing was given in the matter of widening and relocating Charlestown street.

A sewer was ordered to be built in Kenwood road and Vila street.

Wednesday, August 17.

Public hearings were given in the matters of the laying out and construction of Chapman avenue, with the name of Callendar street; of the laying out and constructing Stuart street; of the laying out and constructing Nelson street, with the name of Dresden street; and the construction of a main sewer in private lands, at Dorchester, between Sydney and Endleigh streets.

Petitions were received for sewers in Empire street and Magnolia street; and for catch-basins in Vernon street and in Fayette street.

Orders were passed laying out Homes avenue and Devon street; for the building of a catch-basin in Train street, and a main sewer between Sydney and Endleigh streets.

It was voted to pay the heirs of James T. Maher \$11,570.95 as payment for land taken for a school-house at the corner of Chambers and Poplar streets.

Thursday, August 18.

A public hearing was given in the matter of the laying out of an extension of Chester street, at Brighton.

Orders of notice were issued of the Board's intention to lay out Rockford street and Nottingham street.

An order was passed laying out Shirley-street extension.

Sewers were ordered to be built in Walter street, Newark street, Ditson street and Marginal-street extension.

Petitions were received for sewers in Magnolia square and Claymont terrace; and for catch-basins in Chickatawbut street, Fellows, Thorndike and Hunneman streets.

Friday, August 19.

Petitions were received for a sewer in Knoll street, and for a catch-basin in Walnut avenue.

Orders were passed for sewers to be built in South street, Kinross road, Lanark road, Norfolk and Walk Hill streets, and for catch-basins in Willard, Van Winkle, Park streets, Sutherland road and Chestnut Hill avenue.

A public hearing was given in the matter of changes in the locations, etc., for highways shown on plan S 24, in Plat 13.

Tuesday, August 23.

A public hearing was given in the matter of the construction of a sewer and storm sewer in Ceylon-street extension.

Orders were passed that sewers be constructed in Ceylon-street extension, Malvern street, a passageway from Ipswich street, La Grange, Glenham, Harwood, Lasell, Keith, Alder, Mt. Vernon, Dent, Winslow, Perham, Ivory, and Temple streets; that Atherstone street and Belvidere street be laid out; and an order of notice was issued of the Board's intention to relocate Franklin Park Brook.

It was voted to approve the location, direction, width and grade of the private way, at Roxbury, designated as an extension of Iroquois street, leading from Hillside street; and same was sent to the Mayor for his approval.

Petitions were received for a sewer in Fisher avenue; and for the lowering and acceptance of a sewer in Round Hill street.

Wednesday, August 24.

A public hearing was given in the matter of laying out as public alleys, passageways between Beacon street and Marlboro' street, from Arlington street to Massachusetts avenue; between Huntington avenue and St. Botolph street, from Irvington street to rear of estate on Massachusetts avenue; and from Huntington avenue to St. Botolph street, in rear of estate on northeast side of Massachusetts avenue; in the matter of laying out Sears street, and in the matter of relocating Tenean Creek.

Petitions were received for a sewer in Power street; and for catch-basins in B street, Columbus avenue at its junction with Centre street, and in Scotia and Belvidere streets.

Thursday, August 25.

An order was passed relocating Mattapan Brook, from West Selden street to Blue Hill avenue.

A petition was received from Edmund Russell that a catch-basin may be built in Leyden street.

J. H. JENKINS, Secretary.

Department Communications.

Number of notices of foreclosure of mortgages	1

J. M. GALVIN, City Clerk.

Fire Department.

Bristol Street, August 29, 1898.

Official action was taken by the Fire Commissioner during the three weeks ending August 27, as follows:

H. H. Jones, call man of Ladder Company 11, has been retired from active service, having been a member of this Department for twenty-four years, and his name placed on the pension roll.

L. D. Merrill, assistant-engineer of Engine Company 8, has been promoted to engineer of same company.

George J. Baumeister has been promoted from hoseman of Engine 43 to assistant-engineer, Engine 8.

Four horses have been purchased of Messrs. Welch & Hall, at \$137.50 each.

D. F. O'Brien has been employed as assistant to the veterinary surgeon, in place of Thomas Crowley, discharged.

On account of charges preferred against him, Thomas J. Keenan, of Engine 15, has been sentenced to forfeit two weeks' pay and days off for two months.

J. J. O'Brien, of Engine 36, has been granted a veteran's certificate for seven consecutive years' service in the Department.

Special drafts have been drawn in favor of John A. Fox for \$500 in part payment for services as architect of new veterinary hospital, and for \$300 to Perkins & Betton in part payment for services as architects of new engine-house at Grove Hall.

Orders have been drawn on H. O'Donnell, plumbing of Engine-House 38-39, \$319; T. F. Welch, making driveway at Engine-House 30, \$175, and G. W. Morrison for rebuilding smoking-room of Chemical-House 2, \$470.

Ordered, That Ladderman Joseph T. Smith, of Combination Company 4, be given a day off for his action in stopping a runaway horse August 15.

Ordered, That Ladderman Eugene Rogers, of Ladder Company 1, be commended in General Orders and given a day off for his meritorious conduct in protecting a helpless comrade, and preventing disaster by the runaway horses of his company on August 24, and that his name be placed on the roll of merit.

B. F. UNDERHILL, JR., Secretary.

Health Department.

Old Court House, August 20, 1898.

The following applications for the occupancy of stables have been filed at this office:

Albert E. Leon, 37 Wales street, Ward 20, two horses; hearing September 1, at 11

o'clock. B. Higgins, 136 West Eighth street, Ward 15, one cow; hearing August 25, at 11 o'clock. L. E. H. Jones, rear 449 Dorchester avenue, Ward 15, twenty horses; hearing August 25, at 11 o'clock.

The following petitions for the occupancy of stables have been granted:

Freedom V. Joy, Orange street, Ward 23, two horses; Francis Packard, Payne street, Ward 24, two horses.

The following articles of food were condemned by the Inspector of Provisions during the week ending August 20, 1898:

One hundred and fifty-one pounds of immature veal, one hundred and fifty pounds of tainted pork, one hundred and thirty-two pounds of tainted poultry, forty-one baskets of pears, thirteen crates of melons, twenty-five quarts of blackberries, two barrels of apples.

E. C. MARSHALL, Commissioner.

Wire Department.

Old Court House, August 15, 1898.

The following is a summary of the work performed by this Department for the week ending August 13:

OVERHEAD, DEAD WIRE AND INTERIOR DIVISIONS.	
Inspections made	749
Defects reported	49
Defects found corrected	66
Notices of new work received	134
Dead wire removed (feet)	7,900
Fixtures removed	3

Temporary wiring at the various theatres has been inspected.

Investigations have been made as follows:

August 8, car fire, Adams square, which occurred August 6.

August 9, live wires in way of workmen, No. 19 School street.

August 9, fire at Boston Electric Light Company station, Ferdinand street, due to burn-out in lead cables. Alarm from box 96.

August 10, second-alarm fire at Nos. 24-34 Merchants row. Alarm from box 16.

August 11, second-alarm fire at No. 771 Centre street, West Roxbury. Alarm from box 545.

UNDERGROUND DIVISION.

Electrical approvals have been granted as follows:

Conduit construction	3
Building connections	20
Pole connections	12
Repairs	1

Inspections have been made as follows:

Conduit construction	19
Building connections	16
Repairs	6
Cable drawings	24
Installation of underground transformer	1

Old Court House, August 22, 1898.

The following is a summary of the work performed by this Department for the week ending August 20:

OVERHEAD AND DEAD WIRE DIVISION.	
Inspections made	303
Defects reported	20
Defects found corrected	105
Dead wire removed (feet)	6,800
Pole inspections	221
Notices of new work received	9
Fixtures removed	11

INTERIOR DIVISION.

Inspections made	171
Notices of new work received	110

Two slight fires in building Nos. 54-56 Lincoln street, August 17, were investigated and were found to be due to lightning entering building over incandescent light wires and grounding same at combination ceiling fixtures.

Electrical trouble August 19 at the corner of Dorchester avenue and Division street was due to overheating of arc-lamp rheostat.

Wiring of four buildings has been tested.

UNDERGROUND DIVISION.

Electrical approvals have been granted as follows:

Conduit construction	3
Building connections	13
Pole connections	3
Repairs	6

Inspections have been made as follows:

Conduit construction	14
Lamp connections	3
Building connections	11
Pole connections	5
Repairs	7
Cable drawings	11
Installation of underground transformers,	2

Progress of work:

Feet of conduit completed	3,476
Feet of duct laid	41,953
Manholes built	10
Service connections made	35
Feet of cable drawn in	19,147

THOMAS W. FLOOD, Commissioner.

STEAM AND ELECTRIC RAILROADS.

In the ten years up to and including 1893, the number of passengers carried on the steam railroads in Massachusetts increased at the rate of 5,825,000 a year. The next four years they decreased at the rate of 4,766,000 a year. The decrease in passenger journeys from 1893 to 1897 was more than 19,000,000, or 15.65 per cent. While the number of journeys fell off 15.65 per cent., the passenger-miles fell off only 6.66 per cent., showing that the average journey grew in length nearly 12 per cent. There are six steam railways entering Boston. These lost 12.2 per cent. of their passengers into and out of Boston, from 1893 to 1897. There are five electric street railroads that enter Boston, and these gained in the same four years 31.2 per cent. in the number of passengers carried.—[The Western Electrician.]

MORTALITY STATISTICS.

The mortality and morbidity statistics of the city, as reported by the Board of Health for the week ending August 27, 1898, are as follows:

Death rate for the week	27.5
Death rate for corresponding week, 1897,	24.5
Number of deaths:	
Males	129
Females	149
Total	278
Total deaths in corresponding week, 1897	244
Increase	34

Of the 278 decedents, 273 were white and 5 colored; 207 were born in the United States, 70 in foreign countries, and the birthplace of 1 was unknown; 61 were of American parentage, 191 of foreign parentage, and the parentage of 26 unknown.

CITY OF BOSTON.

STREET DEPARTMENT.

Boston, August 30, 1898.

The Street Department of the City of Boston invites proposals for constructing and regulating a macadam roadway in Merlin street, between Athelwold and Park streets, Boston, Mass., according to the office copy of the contract, which may be seen at the office of the Superintendent of Streets, City Hall, Boston, Mass.

The bidder must use the form to be obtained at said office, furnish a bond for \$700 satisfactory to said Superintendent for faithfully doing the work, and leave at said office, on or before 12 M., of Wednesday, September 7, 1898, his bid and a certified check for \$300, which is to be the property of the city if the contractor fails to carry out his proposal.

BENJ. W. WELLS, Superintendent of Streets.

CITY OF BOSTON.

SCHOOL COMMITTEE.

Contractors are invited by the School Committee of the City of Boston to furnish proposals for erecting a primary school-building in South Boston; also for furnishing and installing a heating and ventilating apparatus in said building; also for furnishing and installing a plumbing system in said building, according to the office copy of the contracts and plans, which may be seen and proposals obtained at the office of William H. Besarick, 13 School street, Boston, Mass. A satisfactory bond in the sum of \$7,000 for faithfully doing the work under the first contract, \$2,000 for the second contract, and \$1,000 for the third contract will be required. The bidder must use the form of proposal for each contract to be obtained at said office, sign the proposal, and leave it at the office of the Secretary of the School Committee, Mason street, in said city, before 4.30 o'clock P.M., of September 6, 1898, with a certified check accompanying the proposal for \$800 under the first contract, \$300 under the second contract, and \$300 under the third contract, payable to the City of Boston. These checks are to be the property of the city if the contractor fails to carry out his proposal. If the contractor desires to furnish a hot-air plant in place of the steam-heating plant described in the specifications, he may make proposals to that effect, furnishing full plans and specifications of the plant.

The undersigned reserves the right to reject any and all proposals, or to accept the proposal he deems for the best interest of the city.

WILLIAM T. EATON,

Chairman of the Committee on New Buildings of the School Committee of said city.

NOTICE.

TO THE HONORABLE BOARD OF ALDERMEN OF THE CITY OF BOSTON, ACTING AS COUNTY COMMISSIONERS FOR THE COUNTY OF SUFFOLK:

Your petitioner respectfully represents that it requires additional land without the limits of the route fixed in said City of Boston for the purpose of making and securing its road and for depot and station purposes, to wit, a certain parcel of land bounded and described as follows: Beginning at the intersection of the dividing line between land of the Boston and Albany Railroad Company and land of the estate of the late Eben D. Jordan, with the dividing line between land of the City of Boston and land belonging to the said estate of said Jordan; thence running southwesterly by land of said City of Boston thirty-seven and seventy-three one-hundredths feet to a point distant three hundred and twenty-three and fifty-nine one-hundredths feet northeasterly from the northeasterly line of Irvington street measured on said dividing line between land of said City of Boston and land of said estate of said Jordan; thence running westerly by a line parallel with and distant eighty-two and ninety-one one-hundredths feet southerly from the base line of the location of the Boston and Albany Railroad two hundred and thirty-two and twenty-one one-hundredths feet; thence turning at a right angle and running northerly twenty-eight feet to land of the said railroad company; thence running easterly by land of said railroad company two hundred and fifty-seven and forty-nine one-hundredths feet to the place of beginning, containing six thousand eight hundred and fifty-six square feet, more or less. Reference is made to the plan entitled "Additional land required for railroad purposes in the City of Boston," dated August, 1898, and signed by William Parker, Division Engineer, filed herewith.

It further represents that it is unable to obtain the same by agreement with the owners, and that said owners are supposed to be the trustees under the will of Eben D. Jordan, late of said Boston.

Wherefore it prays your honorable Board to prescribe the limits within which the same may be taken without the permission of the owners, after due proceedings had in the premises.

The Boston and Albany Railroad Company,
By SAMUEL HOAR, its Attorney.

CITY OF BOSTON.

IN BOARD OF ALDERMEN, ACTING AS COUNTY COMMISSIONERS.

August 30, 1898.

On the foregoing petition it is

Ordered, That the petitioner give notice to the owners of the land herein described to appear at a meeting of said Board, to be held at the City Hall, Boston, on Monday, the twelfth day of September next, at 3 o'clock P. M., by causing an attested copy of said petition and this order thereon to be served upon Eben D. Jordan, Charles H. Taylor, and Henry G. Nichols, trustees under the will of Eben D. Jordan, and also by causing a like copy to be published in the Boston Daily Advertiser and THE CITY RECORD, that all persons interested may then and there appear and show cause why the prayer of said petition should not be granted.

Passed.

A true copy. J. M. GALVIN, City Clerk.
Attest: J. M. GALVIN, City Clerk.

CITY OF BOSTON.

POLICE DEPARTMENT.

Notice is hereby given that the Board of Police for the City of Boston will, upon petition, license suitable persons to make loans secured by mortgage or pledge of household furniture or other personal property exempt from attachment, or by assignment of wages for personal service, for less than \$200, and at a rate of interest greater than 12 per cent., pursuant to Statutes of 1898, Chapter 577.

All applications for such licenses shall be made in the first instance to the chief clerk, 37 Pemberton square, who will furnish applicants with suitable blanks, etc.

Notice of all such applications shall be published at the expense of the applicant, to be paid in advance, by the said Board of Police in two or more daily newspapers published therein, and shall be published at least ten days before the said Board acts thereon.

All persons having any reason to object to the granting of any such license to any such applicant are respectfully requested to file a statement in writing with said Board of Police, setting forth briefly the grounds of their objection, and stating the name and address of the objecting party, within ten days of the publication of such notice.

By order of the Board of Police,
THOMAS RYAN, Clerk.

THE CITY RECORD.

OFFICIAL GAZETTE OF THE CITY OF BOSTON

Volume I.

BOSTON, THURSDAY, SEPTEMBER 8, 1898.

Number 36.

EDITED UNDER DIRECTION OF THE
BOARD OF MUNICIPAL STATISTICS,

EDWARD M. HARTWELL, SECRETARY,

Room 71, City Hall,

TO WHOM ALL MATTER FOR PUBLICATION SHOULD BE
ADDRESSED.

Any copies of THE CITY RECORD in excess of those required for the use of the departments will be on sale at the office of the City Messenger, Room 26, City Hall, at the price of five cents each; and arrangements will be made by which any citizen desiring to have a copy regularly sent to him, out of such extra number, can do so by making payment therefor to the City Messenger, at the rate of two dollars a year, provided that the number of such excess copies is sufficient to supply such subscriptions, which will be filled in the order in which they are received.

THE CITY RECORD is also on sale by the W. B. Clarke Company—Park Street Church stores A and B, Park and Tremont streets.

PUBLISHED WEEKLY BY THE SUPERINTENDENT OF
PRINTING, AT THE

BOSTON MUNICIPAL PRINTING OFFICE,

611 WASHINGTON STREET.

The number of pages of THE CITY RECORD will vary from week to week, according to the amount of matter to be inserted, but it is expected that the average number of pages will be eight.

The rate for advertisements of the departments and other legal notices will be twelve and one-half cents a line.

APPOINTMENT CONFIRMED.

At its meeting held on Tuesday, September 6, the Board of Aldermen confirmed the appointment, by His Honor the Mayor, of John Drohan, to be Superintendent of Public Buildings for the term ending April 30, 1899, to fill the vacancy caused by the death of Colonel Fred. B. Bogan.

PLAYGROUNDS, BATHS AND GYMNASIA.

The following paper was read before the American Social Science Association, at its meeting held at Saratoga, August 31, 1898, by His Honor Mayor Quincy:

The subjects of bathing and of indoor and outdoor exercise are so closely related to each other that they may well be considered together; they both fall within the same lines of municipal policy, both have a special relation to the children and young people of a community, and both have for their object the social elevation of the people through the promotion of cleanliness, physical development and reasonable recreation.

It is but a step from the open-air playground to the indoor gymnasium, and the same considerations which warrant the expenditure of public money for the former, justify it for the latter purpose. There is no stopping place, either legally or logically, between the open piece of ground for the children of a neighborhood to play upon in summer, and the indoor gymnasium for the same children to exercise in during the winter. It is equally impossible to draw any line between the maintenance of an outdoor bathing place in summer and an indoor bath in winter, or between a shower bath and tub bath, serving only the purpose of promoting cleanliness, and the swimming-pool, which answers the further purpose of affording facilities for exercise and recreation.

The City of Boston has maintained during the present summer five beach baths, thirteen floating baths, two river baths and two swimming-pools, which will have furnished before the end of the summer season between two and three million free baths, at an expense for maintenance, including the furnishing of free bathing suits for children, of about \$35,000; this summer work will be followed by the opening of a number of winter baths and swimming-pools, and of at least two or three large public gymnasia.

On account of its combined advantages in promoting at once healthy physical development and wholesome recreation, the all-the-year-round swimming-pool should, in my opinion, rank as one of the most important municipal agencies for the improvement of the condition of the people.

The proposition of the first importance in connection with these subjects is that facilities of this nature should in a large city be furnished through a considerable number of establishments designed for local use, rather than concentrated on a larger scale at one or very few, central points. Each local group of 20,000 or 25,000 people, divided upon lines which are carefully drawn in reference to social conditions and affiliations, should have its own local bathing establishment, gymnasium and playground. This figure is taken with reference to such a distribution of population as exists in most large cities; where the population is abnormally crowded it may of course be possible to make a single establishment serve the wants of a considerably larger number of persons.

The important thing is that the people of a given neighborhood should not have to go too far in order to avail themselves of such facilities. If the bath, gymnasium or playground is within half a mile to a mile of the home it will be readily and extensively used; if it is two or three miles away its use will be very greatly restricted. The difference

between the use of the park and the playground brings out this fact in a striking manner; the great park is indeed of much use and valued, and is worth to the community all it costs; but it no more takes the place of the local playground than the university takes the place of the common school. Indeed, a comparatively small portion of the people of a city can use its parks except very rarely; a much larger proportion, if children are included, as they should be, use local playgrounds where these are afforded. Without in the least deprecating the expenditures for great public parks, I have no hesitation in saying that we should do more to promote the social welfare of the people of great cities—which should certainly be considered by their municipal governments as an object of prime importance—if we expended far more money in providing and equipping local playgrounds, even if we were obliged to economize somewhat upon park expenditures in order to do so.

I am glad to be able to state that the importance of providing playgrounds has now been quite fully recognized by the City of Boston. Within the last three years the city has acquired parcels of land in different sections of the city for playground purposes, and has partially improved them, and by an act passed during the present year our Park Commissioners are authorized to spend not exceeding \$200,000 a year, and not over \$500,000 in all, "for the purpose of establishing a comprehensive system of playgrounds, not exceeding twenty in number, to meet the wants of the different sections of the city." While there is no money available for use under this act during the current year, it will go into effect at the beginning of next year, and within the next two or three years Boston should be very fairly well provided with local playgrounds. The importance of having the sites for playgrounds selected according to a well-considered and comprehensive plan, instead of being picked out at haphazard, can hardly be overestimated, and we are planning to provide for the needs of the future as well as the present by purchasing land in not yet fully built-up districts, while it can be bought at a comparatively low price.

Perhaps the strongest legal and moral ground upon which to place municipal expenditures for these purposes is that of their important connection with the education of the young. Very few Americans object to anything which falls within the scope of public education, though some object to expenditures for the promotion of the well-being of the adult population upon the ground that they are socialistic. While this

objection is hardly to be treated very seriously in the present stage of our civilization, it is always better to move along the lines of least resistance, and therefore we may well bring baths, gymnasia and playgrounds within the limits of a well-rounded system of public education; for the time has gone by when the education of the young can be confined within the narrow limits of the school-room or to the acquisition of knowledge from books. The things which affect the child outside of the school are, as a rule, more potent than the forces which operate only in the class-room. The healthful development of the body is of no less importance than the development of the mind. It is not too much to say, as by far the larger number of persons must earn their livelihood by some form of manual labor, that a sound body is of even greater practical importance to the average individual than a well-instructed mind. The relation of cleanliness not only to physical health, but to moral health as well, is too elementary to need dwelling upon.

If the city provides convenient bathing facilities for children, it can exact cleanliness of every pupil in its public schools, and can educate their respective minds, however poor may be their homes, to the great importance of frequent baths.

The advance of civilization is largely measured by the victories of mankind over its greatest enemy—dirt; one of the chief and most fundamental differences between the savage and the civilized man is that the former is dirty while the latter is relatively clean, and the advance of medical knowledge constantly emphasizes the truth that by far the greater portion of all the disease which affects humanity can be traced back to uncleanness of one sort or another. Cleanliness of the body leads to self-respect and to an appreciation of the importance of cleanliness in the household; and when physical dirt has been banished, a long step has been taken toward the elimination of moral dirt. If, therefore, we take any reasonable and comprehensive view of what the education of the young consists of, we shall insist upon the provision by the municipality, as a part of it, of facilities for cleanliness and exercise.

The swimming-pool seems to me to possess important advantages over any other form of bathing, particularly for the young. When we make something which is useful, also interesting and attractive, we accomplish a great deal. The child who has to be driven into the bathtub or under the shower, goes voluntarily and eagerly to the swimming-pool. When these are provided by the city, every child can readily be required, as a part of the course of public instruction, to learn how to swim. The number who will be saved from drowning by such knowledge may, perhaps, be very small, but the number who will be permanently benefited by becoming accustomed to this most admirable form of exercise, with the bodily cleanliness which is necessarily incidental to it, will be legion. This does not rest upon theory, but upon demonstrable fact; the mere offer of free instruction in swimming at our summer baths in Boston has resulted in between three and four thousand school-children who did not know how to swim presenting themselves for such instruction

during the present summer and learning the art. I do not hesitate to say that if Boston had six or eight indoor swimming-pools for her 525,000 people—and we shall certainly have half this number in operation during the coming winter—there would be no great difficulty in seeing that every one of her 85,000 school-children learned to swim.

No student of social science will fail to recognize the important consequences which would follow from the successful accomplishment of such an undertaking, particularly if it were accompanied by a great increase in the number of indoor gymnasia for use in winter and of outdoor playgrounds for exercise in summer.

Nor need the expense of building and maintaining swimming-pools and gymnasia deter any city from establishing them. Land, of course, is expensive in some places; but we have found in Boston that an excellent concrete swimming pool, eighty feet in length by thirty feet in width, and four to six feet in depth, capable of accommodating between one and two hundred bathers at a time, can be built, exclusive of the building to enclose it, for about \$2,500. Outside of the cost of land, a two-story building, with swimming-pool, shower baths, and gymnasium, sufficient in size for an average city ward, can be built, if necessary, at as low a cost as \$25,000, and can be well administered for a few thousand dollars a year. If this is compared with other municipal expenditures, many of them for purposes of far less consequence, it surely cannot be said that the expense is prohibitory.

Boston now has two such swimming-pools in operation, and in spite of the counter attractions of the salt water baths, each of them has been used during the summer season by an average of over 1,000 bathers a day, a large majority of whom have been school-children. Our experience has demonstrated in a striking manner the local use of such facilities from the fact that, although the swimming-pool last built was only about a mile away from the first one, the attendance of the latter did not appreciably fall off, and the new pool created at once its own local patronage.

We may well, therefore, regard the local bath, gymnasium or playground as a part of the system of public instruction for the young, treating the use of such facilities by adults as incidental, and not as the primary object for which they are established. I have emphasized the argument of mere utility, but we must not lose sight of the advantages of such municipal policy from the standpoint of recreation. Both the child and the adult must recreate his forces and faculties by a change from work to some form of amusement, if he is to do his best work. We are only beginning in this country to recognize the vital importance of wholesome recreation as a factor in social development, and the propriety of furnishing to all, at the public expense, some facilities in this direction; for a large portion of the people must practically be without them unless they are so supplied.

The new policy which the City of Boston is adopting in creating a department of public music, and in arranging not only for an extension of the public band concerts which have been given in summer, but for free

concerts indoors during the winter, affords a striking example of public action for improving social conditions in this direction; and while the swimming-pool and the gymnasium are not intended purely for amusement, the recreation which accompanies their use, and the pleasant occupation which they provide are by no means to be overlooked. The work of providing facilities for their children to play in a manner which shall be safe and free from opportunities of mischief is no easy one for parents; the social importance of a municipal agency which supplies to the children of the community a frequent occupation, under proper supervision, is by no means small.

The great problem of social science is that of securing some general distribution among all the people of the advantages and facilities which the progress of human knowledge and the advance of civilization have developed in such rich measure.

A sound society must be well developed throughout its membership; in my opinion, one of the most important functions of municipal government is that of promoting the feeling of community, to secure in some measure the enjoyment by all, not, indeed, of an impossible equality of social opportunity, but of a certain minimum of elementary social advantages. It is not within the power of that concentration of forces for co-operative purposes which we designate as a municipality, to make all of its citizens well educated or prosperous; but I believe that it can readily secure them sufficient facilities for cleanliness, for exercise and for recreation, to raise materially the average social standard of the community, and to promote in some measure the general well-being and contentment. No one acquainted with the rudiments of social science will, I think, question the advantages of including such objects within the scope of municipal government, and within the purposes for which it is maintained. The bath, gymnasium and playground are no unimportant agencies in promoting the civilization of great cities—a civilization which even now includes too much of barbarism, of squalor, of utter ignorance, for us to contemplate it with equanimity.

These agencies are, to be sure, of the simplest description, but the simple is often the least obvious and the most easily overlooked. Soap and water are, after all, the most potent agencies of civilization. Let us, then, see to their more universal application. It is doubtless true that the great mass of the unwashed will not lead in the movement for the general establishment of public baths; but they will surely follow in the movement if some of those who are already washed will lead in it, and they; and more particularly their children, will flock to the baths as soon as they are opened. If social reforms must generally be started by those who are so well situated that they will not themselves be directly benefited, let us appeal to some of those who have fine bath-rooms in their own homes, and who are able to move to the seashore in summer, with whom personal cleanliness is the most cardinal of virtues, to contribute something of their means and of their efforts toward a crusade for the cleanliness of the whole community, through the provision of public baths for all.

Messages from the Mayor.**TO THE COMMON COUNCIL.**

A special meeting of the Common Council was held in the Council Chamber, City Hall, Thursday, September 1, 1898, at 8 P.M., President Connolly in the chair.

The meeting was held in pursuance to the following call, which was read by the Clerk:

OFFICE OF THE MAYOR,

City Hall, August 30, 1898.

TO THE MEMBERS OF THE COMMON COUNCIL:

You are hereby requested to assemble in the Council Chamber, City Hall, on Thursday, September 1, 1898, at 8 o'clock P.M., to further consider the proposed loan appropriations for the Baths Department, which have passed the Board of Aldermen, and to transact such other business as may properly come before your body.

It will be necessary to close the baths on Friday morning unless the necessary appropriations can be made by the Common Council, and notice to this effect has been given to all employees and to the public.

Yours respectfully,

JOSIAH QUINCY, Mayor.

Placed on file.
